(1) Assumes conversion of all the holder's notes at a conversion rate of 9.09 shares of common stock per \$1,000 principal amount at maturity of the notes. However, this conversion rate will be subject to adjustment as described under "Description of the Notes -- Conversion Rights." As a result, the amount of common stock issuable upon conversion of the notes may increase or decrease in the future.

The preceding table has been prepared based upon information furnished to us by the selling securityholder named in the table. From time to time, additional information concerning ownership of the notes and common stock may be known by certain holders thereof not named in the preceding table, with whom we believe we have no affiliation. Information about the selling securityholder may change over time. Any changed information will be set forth in supplements of amendments to this prospectus.
