Callable Step Up Notes

Due September 28, 2021

The Toronto-Dominion Bank (“TD” or “we”) is offering the Callable Step Up Notes due September 28, 2021 (the “Notes”) described below.

CUSIP / ISIN: 89114QQU5 / US89114QQU57

The Notes will accrue interest at the following fixed rates:

§	September 28, 2018 to but excluding September 28, 2020: 3.00%
§	September 28, 2020 to but excluding March 28, 2021: 3.50%
.	March 28, 2021 to but excluding September 28, 2021: 4.00%

TD will pay interest on the Notes semi-annually on the 28th calendar day of March and September of each year (each an “Interest Payment Date”), commencing on March 28, 2019, and ending on the Maturity Date.

TD may, at its option, elect to redeem the Notes in whole, but not in part, on any Optional Call Date, upon five Business Days’ prior written notice, commencing on March 28, 2019.

Any payments on the Notes are subject to the credit risk of TD. The Notes are unsecured and are not savings accounts or insured deposits of a bank. The Notes are not insured or guaranteed by the Canada Deposit Insurance Corporation (the “CDIC”), the U.S. Federal Deposit Insurance Corporation or any other governmental agency or instrumentality of Canada or the United States.

The Notes are bail-inable notes (as defined in the accompanying prospectus supplement) and subject to conversion in whole or in part – by means of a transaction or series of transactions and in one or more steps – into common shares of the Bank or any of its affiliates under subsection 39.2(2.3) of the Canada Deposit Insurance Corporation Act (the “CDIC Act”) and to variation or extinguishment in consequence, and subject to the application of the laws of the Province of Ontario and the federal laws of Canada applicable therein in respect of the operation of the CDIC Act with respect to the Notes. See “Description of Notes We May Offer Special Provisions Related to Bail-inable Notes” and “Risk Factors—Risks Relating to the Notes in General” in the accompanying prospectus supplement.

The Notes will not be listed or displayed on any securities exchange or any electronic communications network.

Investment in the Notes involves a number of risks. See “Additional Risk Factors” on page P-5 of this pricing supplement, “Risk Factors” beginning on page S-4 of the prospectus supplement dated September 24, 2018 (the “prospectus supplement”) and “Risk Factors” beginning on page 1 of the prospectus dated June 30, 2016 (the “prospectus”).

Neither the Securities and Exchange Commission (the “SEC”) nor any state securities commission has approved or disapproved of these Notes or determined that this pricing supplement, the prospectus supplement or the prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

We will deliver the Notes in book-entry only form through the facilities of The Depository Trust Company on or about September 28, 2018, against payment in immediately available funds.

	Public Offering Price ¹	Underwriting Discount ²	Proceeds to TD
Per Security	\$1,000.00	\$	\$
Total	\$	\$	\$

¹ Certain dealers who purchase the Notes for sale to certain fee-based advisory accounts may forego some or all of their selling concessions, fees or commissions. The public offering price for investors purchasing the Notes in these accounts may be as low as \$990.00 (99.00%) per \$1,000 Principal Amount of the Notes.

² TD Securities (USA) LLC may receive a commission of up to \$12.50 (1.25%) per \$1,000 Principal Amount of the Notes and may use a portion of that commission to allow selling concessions to other dealers in connection with the distribution of the Notes. The other dealers may forgo, in their sole discretion, some or all of their selling concessions. The total “Underwriting Discount” and “Proceeds to TD” to be specified above will reflect the aggregate of the underwriting discount per Note at the time TD established any hedge positions on or prior to the Pricing Date, which may be variable and fluctuate depending on market conditions at such times. See “Supplemental Plan of Distribution (Conflicts of Interest)” on page P-8 of this pricing supplement.

* This amended pricing supplement supersedes in its entirety the related pricing supplement dated August 31, 2018. We refer to this amended pricing supplement as the pricing supplement.

Additional Terms of Your Notes

You should read this pricing supplement together with the prospectus, as supplemented by the prospectus supplement, relating to our Senior Debt Securities, Series D, of which these Notes are a part. Capitalized terms used but not defined in this pricing supplement will have the meanings given to them in the prospectus supplement. In the event of any conflict, this pricing supplement will control. ***The Notes vary from the terms described in the prospectus supplement in several important ways. You should read this pricing supplement carefully.***

This pricing supplement, together with the documents listed below, contains the terms of the Notes and supersedes all prior or contemporaneous oral statements as well as any other written materials including preliminary or indicative pricing terms, correspondence, trade ideas, structures for implementation, sample structures, brochures or other educational materials of ours. You should carefully consider, among other things, the matters set forth in “Additional Risk Factors” on page P-5 of this pricing supplement, “Risk Factors” beginning on page S-4 of the prospectus supplement and “Risk Factors” on page 1 of the prospectus, as the Notes involve risks not associated with conventional debt securities. We urge you to consult your investment, legal, tax, accounting and other advisors before you invest in the Notes. You may access these documents on the SEC website at www.sec.gov as follows (or if that address has changed, by reviewing our filings for the relevant date on the SEC website):

Our Central Index Key, or CIK, on the SEC website is 0000947263. As used in this pricing supplement, the “Bank,” “we,” “us,” or “our” refers to The Toronto-Dominion Bank and its subsidiaries. Alternatively, The Toronto-Dominion Bank, any agent or any dealer participating in this offering will arrange to send you the prospectus supplement and the prospectus if you so request by calling 1-855-303-3234.

We reserve the right to change the terms of, or reject any offer to purchase, the Notes prior to their issuance. In the event of any changes to the terms of the Notes, we will notify you and you will be asked to accept such changes in connection with your purchase. You may also choose to reject such changes, in which case we may reject your offer to purchase.

Additional Risk Factors

The Notes involve risks not associated with an investment in ordinary fixed rate notes. This section describes the most significant risks relating to the terms of the Notes. For additional information as to these risks, please see the prospectus supplement and the prospectus.

You should carefully consider whether the Notes are suited to your particular circumstances before you decide to purchase them. Accordingly, prospective investors should consult their investment, legal, tax, accounting and other advisors as to the risks entailed by an investment in the Notes and the suitability of the Notes in light of their particular circumstances.

Investors Are Subject to Our Credit Risk, and Our Credit Ratings and Credit Spreads May Adversely Affect the Market Value of the Notes.

Investors are dependent on TD's ability to pay all amounts due on the Notes on the Interest Payment Dates and the Maturity Date, and, therefore, investors are subject to the credit risk of TD and to changes in the market's view of TD's creditworthiness. Any decrease in TD's credit ratings or increase in the credit spreads charged by the market for taking TD's credit risk is likely to adversely affect the market value of the Notes. If TD becomes unable to meet its financial obligations as they become due, investors may not receive any amounts due under the terms of the Notes.

The Notes will be Subject to Risks, Including Conversion in Whole or in Part — by Means of a Transaction or Series of Transactions and in One or More Steps — into Common Shares of TD or Any of its Affiliates, Under Canadian Bank Resolution Powers.

Under Canadian bank resolution powers, the CDIC may, in circumstances where TD has ceased, or is about to cease, to be viable, assume temporary control or ownership of TD and may be granted broad powers by one or more orders of the Governor in Council (Canada), including the power to sell or dispose of all or a part of the assets of TD, and the power to carry out or cause TD to carry out a transaction or a series of transactions the purpose of which is to restructure the business of TD. If the CDIC were to take action under the Canadian bank resolution powers with respect to TD, this could result in holders or beneficial owners of the Notes being exposed to losses and conversion of the Notes in whole or in part — by means of a transaction or series of transactions and in one or more steps — into common shares of TD or any of its affiliates.

As a result, you should consider the risk that you may lose all or part of your investment, including the Principal Amount plus any accrued interest, if the CDIC were to take action under the Canadian bank resolution powers, including the bail-in regime, and that any remaining outstanding Notes, or common shares of TD or any of its affiliates into which the Notes are converted, may be of little value at the time of a bail-in conversion and thereafter. See “Description of Notes We May Offer Special Provisions Related to Bail-inable Notes” and “Risk Factors—Risks Relating to the Notes in General” in the accompanying prospectus supplement for a description of provisions and risks applicable to the Notes as a result of Canadian bail-in powers.

The Notes Are Subject to Early Redemption at TD's Option.

TD has the option to redeem the Notes on any Optional Call Dates as set forth above. It is more likely that we will redeem the Notes prior to the Maturity Date to the extent that the interest payable on the Notes is greater than the interest that would be payable on our other instruments of a comparable maturity, terms and credit rating trading in the market. If the Notes are redeemed prior to their stated Maturity Date, you may have to re-invest the proceeds in a lower rate environment.

The Step Up Feature Presents Different Investment Considerations Than Fixed Rate Notes.

The interest rate payable on the Notes during their term will increase from the initial Interest Rate, subject to TD's right to redeem the Notes on any Optional Call Date. You should not expect to earn the higher stated Interest Rates which are applicable only after the first Optional Call Date because the Notes may be redeemed prior to the stated Maturity Date. Should general market interest rates increase beyond the rates provided by the Notes during the term of the Notes, we will likely not redeem the Notes, and investors will be holding Notes that bear interest at below-market rates.

The Agent Discount, Offering Expenses and Certain Hedging Costs Are Likely to Adversely Affect Secondary Market Prices.

Assuming no changes in market conditions or any other relevant factors, the price, if any, at which you may be able to sell the Notes will likely be lower than the public offering price. The public offering price includes, and any price quoted to you is likely to exclude, the underwriting discount paid in connection with the initial distribution, offering expenses as well as the cost of hedging our obligations under the Notes. In addition, any such price is also likely to reflect dealer discounts, mark-ups and other transaction costs, such as a discount to account for costs associated with establishing or unwinding any related hedge transaction.

There May Not Be an Active Trading Market for the Notes — Sales in the Secondary Market May Result in Significant Losses.

There may be little or no secondary market for the Notes. The Notes will not be listed or displayed on any securities exchange or any electronic communications network. TD Securities (USA) LLC and other affiliates of TD may make a market for the Notes; however, they are not required to do so. TD Securities (USA) LLC or any other affiliate of TD may stop any market-making activities at any time. Even if a secondary market for the Notes develops, it may not provide significant liquidity or trade at prices advantageous to you. We expect that transaction costs in any secondary market would be high. As a result, the difference between bid and ask prices for your Notes in any secondary market could be substantial.

If you sell your Notes before the Maturity Date, you may have to do so at a substantial discount from the Issue Price, and as a result, you may suffer substantial losses.

The Temporary Price at Which the Underwriter May Initially Buy The Notes in the Secondary Market May Exceed Other Secondary Market Values and, Depending on Your Broker, the Valuation Provided on Your Customer Account Statements May Not Be Indicative of Future Prices of Your Notes.

Assuming that all relevant factors remain constant after the Pricing Date, the price at which the Underwriter may initially buy or sell the Notes in the secondary market (if the Underwriter makes a market in the Notes, which it is not obligated to do) may, for a temporary period after the Pricing Date of the Notes, exceed the secondary market value of the Notes, as discussed further under “Supplemental Plan of Distribution (Conflicts of Interest).” During this temporary period such prices may, depending on your broker, be greater than the valuation provided on your customer account statements; you should inquire with your broker as to the valuation provided on your customer account statement. The price at which the Underwriter may initially buy or sell the Notes in the secondary market may not be indicative of future prices of your Notes.

Significant Aspects of the Tax Treatment of the Notes May Be Uncertain.

The U.S. tax treatment of the Notes may be uncertain. Please read carefully the section entitled “Supplemental Discussion of U.S. Federal Income Tax Consequences” below. You should consult your tax advisor about your tax situation.

For a more complete discussion of the Canadian federal income tax consequences of investing in the Notes, please see “Tax Consequences—Canadian Taxation” in the accompanying prospectus supplement. If you are not a Non-resident Holder (as that term is defined in “Canadian Taxation” in the accompanying prospectus supplement) for Canadian federal income tax purposes or if you acquire the Notes in the secondary market, you should consult your tax advisors as to the consequences of acquiring, holding and disposing of the Notes and receiving the payments that might be due under the Notes.

TD SECURITIES (USA) LLC P-6

Supplemental Discussion of U.S. Federal Income Tax Consequences

General The following discussion summarizes certain U.S. federal income tax consequences to U.S. Holders of the purchase, beneficial ownership and disposition of the Notes. This discussion replaces the federal income tax discussions in the prospectus supplement and prospectus. The discussion herein does not address the consequences to taxpayers subject to special tax accounting rules under Section 451(b) of the Internal Revenue Code of 1986, as amended (the “Code”).

For purposes of this summary, a “U.S. Holder” is a beneficial owner of a Note that is:

- an individual who is a citizen or a resident of the U.S., for U.S. federal income tax purposes;
- a corporation (or other entity that is treated as a corporation for U.S. federal income tax purposes) that is created or organized in or under the laws of the U.S. or any State thereof (including the District of Columbia);
- an estate whose income is subject to U.S. federal income taxation regardless of its source; or
- a trust if a court within the U.S. is able to exercise primary supervision over its administration, and one or more U.S. persons, for U.S. federal income tax purposes, have the authority to control all of its substantial decisions.

For purposes of this summary, a “Non-U.S. Holder” is a beneficial owner of a Note that is:

- a nonresident alien individual for federal income tax purposes;
- a foreign corporation for federal income tax purposes; or
- an estate or trust whose income is not subject to federal income tax on a net income basis.

An individual may, subject to certain exceptions, be deemed to be a resident of the U.S. for U.S. federal income tax purposes by reason of being present in the U.S. for at least 31 days in the calendar year and for an aggregate of at least 183 days during a three year period ending in the current calendar year (counting for such purposes all of the days present in the current year, one third of the days present in the immediately preceding year, and one sixth of the days present in the second preceding year).

This summary is based on interpretations of the Code, regulations issued thereunder, and rulings and decisions currently in effect (or in some cases proposed), all of which are subject to change. Any such change may be applied retroactively and may materially and adversely affect the U.S. federal income tax consequences described herein. In addition, this summary addresses only holders that purchase Notes at initial issuance, and own Notes as capital assets and not as part of a “straddle,” “hedge,” “synthetic security,” or a “conversion transaction” for U.S. federal income tax purposes or as part of some other integrated investment. This summary does not discuss all of the tax consequences (such as any alternative minimum tax consequences) that may be relevant to particular investors or to investors subject to special treatment under the U.S. federal income tax laws (such as banks, thrifts or other financial institutions; insurance companies; securities dealers or brokers, or traders in securities electing mark-to-market treatment; regulated investment companies or real estate investment trusts; small business investment companies; S corporations; partnerships; or investors that hold their Notes through a partnership or other entity treated as a partnership for U.S. federal income tax purposes; holders whose functional currency is not the U.S. dollar; certain former citizens or residents of the U.S.; retirement plans or other tax-exempt entities, or persons holding the Notes in tax-deferred or tax-advantaged accounts; persons that purchase or sell the Notes as part of a wash sale for tax purposes; or “controlled foreign corporations” or “passive foreign investment companies” for U.S. federal income tax purposes). This summary also does not address the tax consequences to shareholders, or other equity holders in, or beneficiaries of, a holder, or any state, local or non-U.S. tax consequences of the purchase, ownership or disposition of the Notes. Persons considering the purchase of Notes should consult their tax advisors concerning the application of U.S. federal income tax laws to their particular situations as well as any consequences of the purchase, beneficial ownership and disposition of Notes arising under the laws of any other taxing jurisdiction.

U.S. Federal Income Tax Treatment of the Notes as Indebtedness for U.S. Federal Income Tax Purposes and Payments of Interest

Edgar Filing: TORONTO DOMINION BANK - Form 424B3

The Notes should be treated as indebtedness for U.S. federal income tax purposes, and the balance of this summary assumes that the Notes are treated as indebtedness for U.S. federal income tax purposes.

We intend to take the position that, solely for purposes of determining whether the Notes are issued with original issue discount, we are deemed to exercise our option to redeem the Notes prior to each interest rate step-up and, as a result, interest payments on the Notes will be taxable to a U.S. Holder as non-U.S.-source ordinary interest income at the time it accrues or is received in accordance with the U.S. Holder's normal method of accounting for tax purposes. Pursuant to the terms of the Notes, you agree to treat the Notes consistent with our treatment for all U.S. federal income tax purposes.

TD SECURITIES (USA) LLC P-7

Based on certain factual representations received from us, our special U.S. tax counsel, Cadwalader, Wickersham & Taft LLP, is of the opinion that the Notes should be treated in the manner described above. However, the U.S. federal income tax treatment of the Notes is uncertain. We do not plan to request a ruling from the U.S. Internal Revenue Service (the “IRS”) regarding the tax treatment of the Notes, and the IRS or a court may not agree with the tax treatment described in this pricing supplement. We urge you to consult your tax advisor as to the tax consequences of your investment in the Notes.

Sale, Exchange, Early Redemption or Maturity of the Notes

Upon the disposition of a Note by sale, exchange, early redemption, maturity or other taxable disposition, a U.S. Holder should generally recognize taxable gain or loss equal to the difference between (1) the amount realized on such taxable disposition (other than amounts attributable to accrued but untaxed interest) and (2) the U.S. Holder’s adjusted tax basis in the Note. A U.S. Holder’s adjusted tax basis in a Note generally will equal the U.S. Holder’s cost of the Note. Because the Note is held as a capital asset, as defined in Section 1221 of the Code, such gain or loss will generally constitute capital gain or loss. Capital gain of a noncorporate U.S. Holder is generally taxed at preferential rates where the holder has a holding period of greater than one year. The deductibility of a capital loss realized on the taxable disposition of a Note is subject to limitations.

Medicare Tax on Net Investment Income

U.S. Holders that are individuals, estates or certain trusts are subject to an additional 3.8% tax on all or a portion of their “net investment income,” or “undistributed net investment income” in the case of an estate or trust, which may include any income or gain with respect to the Notes, to the extent of their net investment income or undistributed net investment income (as the case may be) that, when added to their other modified adjusted gross income, exceeds \$200,000 for an unmarried individual, \$250,000 for a married taxpayer filing a joint return (or a surviving spouse), \$125,000 for a married individual filing a separate return or the dollar amount at which the highest tax bracket begins for an estate or trust. The 3.8% Medicare tax is determined in a different manner than the income tax. U.S. holders should consult their tax advisors as to the consequences of the 3.8% Medicare tax with respect to their investment in the Notes.

Specified Foreign Financial Assets

Certain U.S. Holders that own “specified foreign financial assets” in excess of an applicable threshold may be subject to reporting obligations with respect to such assets with their tax returns, especially if such assets are held outside the custody of a U.S. financial institution. You are urged to consult your tax advisor as to the application of this reporting obligation to your ownership of the Notes.

Tax Treatment of Non-U.S. Holders

In general and subject to the discussion below, payments on the Notes to a Non-U.S. Holder and gain realized on the sale, exchange, early redemption, maturity or other taxable disposition of the Notes by a Non-U.S. Holder will not be subject to U.S. federal income or withholding tax, unless (1) such income is effectively connected with a trade or business conducted by such Non-U.S. Holder in the U.S., (2) in the case of gain, such Non-U.S. Holder is a nonresident alien individual who holds the Notes as a capital asset and is present in the U.S. for more than 182 days in the taxable year of the sale and certain other conditions are satisfied, (3) such Non-U.S. Holder fails to provide the relevant correct, complete and executed IRS Form W-8 or (4) such Non-U.S. Holder has certain other present or former connections with the U.S.

Backup Withholding and Information Reporting

Interest paid on, and the proceeds received from a sale, exchange, early redemption, maturity or other taxable disposition of Notes held by a U.S. Holder will be subject to information reporting unless the U.S. Holder is an “exempt recipient” and may also be subject to backup withholding if the holder fails to provide certain identifying information (such as an accurate taxpayer number) or meet certain other conditions.

Amounts withheld under the backup withholding rules are not additional taxes and may be refunded or credited against your U.S. federal income tax liability, provided the required information is furnished to the IRS.

Payments of principal and interest on, and proceeds from the taxable disposition of, Notes held by a Non-U.S. Holder to or through certain brokers may be subject to a backup withholding tax on “reportable payments” unless, in general, such Non-U.S. Holder complies with certain procedures or is an exempt recipient. Any such amounts so withheld from distributions on the Notes generally will be refunded by the IRS or allowed as a credit against such Non-U.S. Holder’s federal income tax, provided such holder makes a timely filing of an appropriate tax return or refund claim. Reports will be made to the IRS and to holders that are not excepted from the reporting requirements.

Both U.S. and Non-U.S. Holders should consult their tax advisors regarding the U.S. federal income tax consequences of an investment in the Notes, as well as any tax consequences arising under the laws of any state, local or non-U.S. taxing jurisdiction (including that of TD).

TD SECURITIES (USA) LLC P-8

Supplemental Plan of Distribution (Conflicts of Interest)

We have appointed TD Securities (USA) LLC, an affiliate of TD, as the agent for the sale of the Notes. Pursuant to the terms of a distribution agreement, TD Securities (USA) LLC will purchase the Notes from TD at the public offering price less the underwriting discount set forth on the cover page of this pricing supplement for distribution to other registered broker-dealers, or will offer the securities directly to investors. TD Securities (USA) LLC or other registered broker-dealers will offer the Notes at the public offering price set forth on the cover page of this pricing supplement. Certain dealers who purchase the Notes for sale to certain fee-based advisory accounts may forego some or all of their selling concessions, fees or commissions. The public offering price for investors purchasing the Notes in these accounts may be as low as \$990.00 (99.00%) per \$1,000 Principal Amount of the Notes. TD Securities (USA) LLC may receive a commission of up to \$12.50 (1.25%) per \$1,000 Principal Amount of the Notes and may use all or a portion of that commission to allow selling concessions to other dealers in connection with the distribution of the Notes. The other dealers may forgo, in their sole discretion, some or all of their selling concessions. The total “Underwriting Discount” and “Proceeds to TD” to be specified on the cover hereof will reflect the aggregate of the underwriting discounts per Note at the time TD established any hedge positions on or prior to the Pricing Date, which may be variable and fluctuate depending on market conditions at such times.

We expect that delivery of the Notes will be made against payment for the Notes on or about September 28, 2018, which is the third Business Day following the Pricing Date (this settlement cycle being referred to as “T+3”). Under Rule 15c6-1 of the Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in two Business Days (T+2), unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Notes in the secondary market on any date prior to two Business Days before delivery of the Notes will be required, by virtue of the fact that each Note initially will settle in three Business Days (T+3), to specify alternative settlement arrangements to prevent a failed settlement of the secondary market trade. See “Plan of Distribution” in the prospectus.

Assuming that all relevant factors remain constant after the Pricing Date, the price at which the Underwriter may initially buy or sell the Notes in the secondary market, if any, may, for a temporary period expected to be approximately 18 months after the Issue Date, exceed the secondary market value of the Notes because, in our discretion, we may elect to effectively reimburse to investors a portion of the estimated cost of hedging our obligations under the Notes and other costs in connection with the Notes which we will no longer expect to incur over the term of the Notes. This discretionary election and the temporary reimbursement period are determined on the basis of a number of factors, including the tenor of the Notes and any agreement we may have with the distributors of the Notes. The amount of our estimated costs which we effectively reimburse to investors in this way may not be allocated ratably throughout the reimbursement period, and we may discontinue such reimbursement at any time or revise the duration of the reimbursement period after the Issue Date of the Notes based on changes in market conditions and other factors that cannot be predicted.

Conflicts of Interest. TD Securities (USA) LLC is an affiliate of TD and, as such, has a “conflict of interest” in this offering within the meaning of Financial Industry Regulatory Authority, Inc. (“FINRA”) Rule 5121. In addition, TD will receive the net proceeds from the initial public offering of the Notes, thus creating an additional conflict of interest within the meaning of FINRA Rule 5121. Consequently, the offering is being conducted in compliance with the provisions of FINRA Rule 5121. TD Securities (USA) LLC is not permitted to sell Notes in this offering to an account over which it exercises discretionary authority without the prior specific written approval of the account holder.

We may use this pricing supplement in the initial sale of the Notes. In addition, TD Securities (USA) LLC or another of our affiliates may use this pricing supplement in a market-making transaction in the Notes after their initial sale. ***Unless we or our agent informs the purchaser otherwise in the confirmation of sale, this pricing supplement is being used in a market-making transaction.***

Prohibition of Sales to EEA Retail Investors

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU, as amended (“MiFID II”); (ii) a customer within the meaning of Directive 2002/92/EC, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC, as amended. Consequently no key information document required by Regulation (EU) No 1286/2014, as amended (the “PRIIPs Regulation”), for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

TD SECURITIES (USA) LLC P-9

, or interest on or other monetary amounts due and payable on any senior indebtedness or any other default having occurred concerning any senior indebtedness, which permits the holder or holders of any senior indebtedness to accelerate the maturity of any senior indebtedness with notice or lapse of time, or both. Such an event of default must have continued beyond the period of grace, if any, provided for such event of default, and such an event of default shall not have been cured or waived or shall not have ceased to exist; or

the principal of, and accrued interest on, any series of the subordinated debt securities having been declared due and payable upon an event of default pursuant to section 5.02 of the indenture. This declaration must not have been rescinded and annulled as provided in the indenture.

If this prospectus is being delivered in connection with a series of subordinated debt securities, the accompanying prospectus supplement or the information incorporated in this prospectus by reference will set forth the approximate amount of senior indebtedness outstanding as of the end of the most recent fiscal quarter.

Table of Contents

Events of Default

When we use the term "Event of Default" in the indenture with respect to the debt securities of any series, here are some examples of what we mean:

- (1) default in paying interest on the debt securities when it becomes due and the default continues for a period of 30 days or more;
- (2) default in paying principal, or premium, if any, on the debt securities when due;
- (3) default is made in the payment of any sinking or purchase fund or analogous obligation when the same becomes due, and such default continues for 30 days or more;
- (4) default in the performance, or breach, of any covenant in the indenture (other than defaults specified in clause (1), (2) or (3) above) and the default or breach continues for a period of 90 days or more after we receive written notice from the trustee or we and the trustee receive notice from the holders of at least 51% in aggregate principal amount of the outstanding debt securities of the series;
- (5) certain events of bankruptcy, insolvency, reorganization, administration or similar proceedings with respect to PepsiCo has occurred; or
- (6) any other Events of Default set forth in the prospectus supplement.

If an Event of Default (other than an Event of Default specified in clause (5) with respect to PepsiCo) under the indenture occurs with respect to the debt securities of any series and is continuing, then the trustee or the holders of at least 51% in principal amount of the outstanding debt securities of that series may by written notice require us to repay immediately the entire principal amount of the outstanding debt securities of that series (or such lesser amount as may be provided in the terms of the securities), together with all accrued and unpaid interest and premium, if any.

If an Event of Default under the indenture specified in clause (5) with respect to PepsiCo occurs and is continuing, then the entire principal amount of the outstanding debt securities (or such lesser amount as may be provided in the terms of the securities) will automatically become due and payable immediately without any declaration or other act on the part of the trustee or any holder.

After a declaration of acceleration, the holders of a majority in principal amount of outstanding debt securities of any series may rescind this accelerated payment requirement if all existing Events of Default, except for nonpayment of the principal and interest on the debt securities of that series that has become due solely as a result of the accelerated payment requirement, have been cured or waived and if the rescission of acceleration would not conflict with any judgment or decree. The holders of a majority in principal amount of the outstanding debt securities of any series also have the right to waive past defaults, except a default in paying principal or interest on any outstanding debt security, or in respect of a covenant or a provision that cannot be modified or amended without the consent of all holders of the debt securities of that series.

Holders of at least 51% in principal amount of the outstanding debt securities of a series may seek to institute a proceeding only after they have notified the Trustee of a continuing Event of Default in writing and made a written request, and offered reasonable indemnity, to the trustee to institute a proceeding and the trustee has failed to do so within 60 days after it received this notice. In addition, within this 60-day period the trustee must not have received directions inconsistent with this written request by holders of a majority in principal amount of the outstanding debt securities of that series. These limitations do not apply, however, to a suit instituted by a holder of a debt security for the enforcement of the payment of principal, interest or any premium on or after the due dates for such payment.

During the existence of an Event of Default, the trustee is required to exercise the rights and powers vested in it under the indenture and use the same degree of care and skill in its exercise as a prudent man would under

Table of Contents

the circumstances in the conduct of that person's own affairs. If an Event of Default has occurred and is continuing, the trustee is not under any obligation to exercise any of its rights or powers at the request or direction of any of the holders unless the holders have offered to the trustee reasonable security or indemnity. Subject to certain provisions, the holders of a majority in principal amount of the outstanding debt securities of any series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust, or power conferred on the trustee.

The trustee will, within 90 days after any default occurs, give notice of the default to the holders of the debt securities of that series, unless the default was already cured or waived. Unless there is a default in paying principal, interest or any premium when due, the trustee can withhold giving notice to the holders if it determines in good faith that the withholding of notice is in the interest of the holders.

Modification and Waiver

The indenture may be amended or modified without the consent of any holder of debt securities in order to:

evidence a succession to the Trustee;

cure ambiguities, defects or inconsistencies;

provide for the assumption of our obligations in the case of a merger or consolidation or transfer of all or substantially all of our assets;

make any change that would provide any additional rights or benefits to the holders of the debt securities of a series;

add guarantors with respect to the debt securities of any series;

secure the debt securities of a series;

establish the form or forms of debt securities of any series;

maintain the qualification of the indenture under the Trust Indenture Act; or

make any change that does not adversely affect in any material respect the interests of any holder.

Other amendments and modifications of the indenture or the debt securities issued may be made with the consent of the holders of not less than a majority of the aggregate principal amount of the outstanding debt securities of each series affected by the amendment or modification.

However, no modification or amendment may, without the consent of the holder of each outstanding debt security affected:

reduce the principal amount, or extend the fixed maturity, of the debt securities;

alter or waive the redemption or repayment provisions of the debt securities;

change the currency in which principal, any premium or interest is paid;

reduce the percentage in principal amount outstanding of debt securities of any series which must consent to an amendment, supplement or waiver or consent to take any action;

impair the right to institute suit for the enforcement of any payment on the debt securities;

waive a payment default with respect to the debt securities or any guarantor;

reduce the interest rate or extend the time for payment of interest on the debt securities;

adversely affect the ranking of the debt securities of any series; or

release any guarantor from any of its obligations under its guarantee or the indenture, except in compliance with the terms of the indenture.

Covenants

Limitation of Liens Applicable to Senior Debt Securities

The indenture provides that with respect to senior debt securities, unless otherwise provided in a particular series of senior debt securities, we will not, and will not permit any of our restricted subsidiaries to, incur, suffer to exist or guarantee any debt secured by a lien on any principal property or on any shares of stock of (or other interests in) any of our restricted subsidiaries unless we or that first-mentioned restricted subsidiary secures or causes such restricted subsidiary to secure the senior debt securities (and any of its or such restricted subsidiary's other debt, at its option or such restricted subsidiary's option, as the case may be, not subordinate to the senior debt securities), equally and ratably with (or prior to) such secured debt, for as long as such secured debt will be so secured.

These restrictions will not, however, apply to debt secured by:

- (1) any liens existing prior to the issuance of such senior debt securities;
- (2) any lien on property of or shares of stock of (or other interests in) or debt of any entity existing at the time such entity becomes a restricted subsidiary;
- (3) any liens on property, shares of stock of (or other interests in) or debt of any entity (a) existing at the time of acquisition of such property or shares (or other interests) (including acquisition through merger or consolidation), (b) to secure the payment of all or any part of the purchase price of such property or shares (or other interests) or construction or improvement of such property or (c) to secure any debt incurred prior to, at the time of, or within 365 days after the later of the acquisition, the completion of construction or the commencement of full operation of such property or within 365 days after the acquisition of such shares (or other interests) for the purpose of financing all or any part of the purchase price of such shares (or other interests) or construction thereon;
- (4) any liens in favor of us or any of our restricted subsidiaries;
- (5) any liens in favor of, or required by contracts with, governmental entities; or
- (6) any extension, renewal, or refunding of liens referred to in any of the preceding clauses (1) through (5).

Notwithstanding the foregoing, we or any of our restricted subsidiaries may incur, suffer to exist or guarantee any debt secured by a lien on any principal property or on any shares of stock of (or other interests in) any of our restricted subsidiaries if, after giving effect thereto, the aggregate amount of such debt does not exceed 15% of our consolidated net tangible assets.

The indenture does not restrict the transfer by us of a principal property to any of our unrestricted subsidiaries or our ability to change the designation of a subsidiary owning principal property from a restricted subsidiary to an unrestricted subsidiary and, if we were to do so, any such unrestricted subsidiary would not be restricted from incurring secured debt nor would we be required, upon such incurrence, to secure the debt securities equally and ratably with such secured debt.

Definitions. The following are definitions of some terms used in the above description. We refer you to the indenture for a full description of all of these terms, as well as any other terms used herein for which no definition is provided.

Consolidated net tangible assets means the total amount of our assets and our restricted subsidiaries' assets minus:

Edgar Filing: TORONTO DOMINION BANK - Form 424B3

all applicable depreciation, amortization and other valuation reserves;

all current liabilities of ours and our restricted subsidiaries (excluding any intercompany liabilities); and

Table of Contents

all goodwill, trade names, trademarks, patents, unamortized debt discount and expenses and other like intangibles, all as set forth on our and our restricted subsidiaries' latest consolidated balance sheets prepared in accordance with U.S. GAAP.

Debt means any indebtedness for borrowed money.

Principal property means any single manufacturing or processing plant, office building or warehouse owned or leased by us or any of our restricted subsidiaries other than a plant, warehouse, office building or portion thereof which, in the opinion of our Board of Directors, is not of material importance to the business conducted by us and our restricted subsidiaries taken as an entirety.

Restricted subsidiary means, at any time, any subsidiary which at the time is not an unrestricted subsidiary of ours.

Subsidiary means any entity, at least a majority of the outstanding voting stock of which shall at the time be owned, directly or indirectly, by us or by one or more of our subsidiaries, or both.

Unrestricted subsidiary means any subsidiary of ours (not at the time designated as our restricted subsidiary) (1) the major part of whose business consists of finance, banking, credit, leasing, insurance, financial services or other similar operations, or any combination thereof, (2) substantially all the assets of which consist of the capital stock of one or more subsidiaries engaged in the operations referred to in the preceding clause (1), or (3) designated as an unrestricted subsidiary by our Board of Directors.

Consolidation, Merger or Sale of Assets

The indenture provides that we may consolidate or merge with or into, or convey or transfer all or substantially all of our assets to, any entity (including, without limitation, a limited partnership or a limited liability company); *provided* that:

we will be the surviving corporation or, if not, that the successor will be a corporation that is organized and validly existing under the laws of any state of the United States of America or the District of Columbia and will expressly assume by a supplemental indenture our obligations under the indenture and the debt securities;

immediately after giving effect to such transaction, no event of default, and no default or other event which, after notice or lapse of time, or both, would become an event of default, will have happened and be continuing; and

we will have delivered to the trustee an opinion of counsel, stating that such consolidation, merger, conveyance or transfer complies with the indenture.

In the event of any such consolidation, merger, conveyance, transfer or lease, any such successor will succeed to and be substituted for us as obligor on the debt securities with the same effect as if it had been named in the indenture as obligor.

There are no other restrictive covenants contained in the Indenture. The Indenture does not contain any provision that will restrict us from entering into one or more additional indentures providing for the issuance of debt securities or warrants, or from incurring, assuming, or becoming liable with respect to any indebtedness or other obligation, whether secured or unsecured, or from paying dividends or making other distributions on our capital stock, or from purchasing or redeeming our capital stock. The Indenture does not contain any financial ratios or specified levels of net worth or liquidity to which we must adhere. In addition, the Indenture does not contain any provision that would require us to repurchase, redeem, or otherwise modify the terms of any of the debt securities upon a change in control or other event involving us that may adversely affect our creditworthiness or the value of the debt securities.

Satisfaction, Discharge and Covenant Defeasance

We may terminate our obligations under the indenture, when:

either:

all debt securities of any series issued that have been authenticated and delivered have been delivered to the trustee for cancellation; or

all the debt securities of any series issued that have not been delivered to the trustee for cancellation have become due and payable, will become due and payable within one year, or are to be called for redemption within one year and we have made arrangements satisfactory to the trustee for the giving of notice of redemption by such trustee in our name and at our expense, and in each case, we have irrevocably deposited or caused to be deposited with the trustee sufficient funds to pay and discharge the entire indebtedness on the series of debt securities to pay principal, interest and any premium; and

we have paid or caused to be paid all other sums then due and payable under the indenture; and

we have delivered to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent under the indenture relating to the satisfaction and discharge of the indenture have been complied with.

We may elect to have our obligations under the indenture discharged with respect to the outstanding debt securities of any series (legal defeasance). Legal defeasance means that we will be deemed to have paid and discharged the entire indebtedness represented by the outstanding debt securities of such series under the indenture, except for:

the rights of holders of the debt securities to receive principal, interest and any premium when due;

our obligations with respect to the debt securities concerning issuing temporary debt securities, registration of transfer of debt securities, mutilated, destroyed, lost or stolen debt securities and the maintenance of an office or agency for payment for security payments held in trust;

the rights, powers, trusts, duties and immunities of the trustee; and

the defeasance provisions of the indenture.

In addition, we may elect to have our obligations released with respect to certain covenants in the indenture (covenant defeasance). Any omission to comply with these obligations will not constitute a default or an event of default with respect to the debt securities of any series. In the event covenant defeasance occurs, certain events, not including non-payment, bankruptcy and insolvency events, described under Events of Default will no longer constitute an event of default for that series.

In order to exercise either legal defeasance or covenant defeasance with respect to outstanding debt securities of any series:

Edgar Filing: TORONTO DOMINION BANK - Form 424B3

we must irrevocably have deposited or caused to be deposited with the trustee as trust funds for the purpose of making the following payments, specifically pledged as security for, and dedicated solely to the benefits of the holders of the debt securities of a series:

money in an amount;

U.S. government obligations (or equivalent government obligations in the case of Securities denominated in other than U.S. dollars or a specified currency) that will provide, not later than one day before the due date of any payment, money in an amount; or

a combination of money and U.S government obligations (or equivalent government obligations, as applicable),

in each case sufficient, in the written opinion (with respect to U.S. or equivalent government obligations or a combination of money and U.S. or equivalent government obligations, as applicable) of a nationally recognized firm of independent public accountants to pay and discharge, and which shall be applied by the trustee to pay and discharge, all of the principal (including mandatory sinking fund payments), interest and any premium at due date or maturity;

in the case of legal defeasance, we have delivered to the trustee an opinion of counsel stating that, under then applicable Federal income tax law, the holders of the debt securities of that series will not recognize income, gain or loss for federal income tax purposes as a result of the deposit, defeasance and discharge to be effected and will be subject to the same federal income tax as would be the case if the deposit, defeasance and discharge did not occur;

in the case of covenant defeasance, we have delivered to the trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit and covenant defeasance to be effected and will be subject to the same federal income tax as would be the case if the deposit and covenant defeasance did not occur;

no event of default or default with respect to the outstanding debt securities of that series has occurred and is continuing at the time of such deposit after giving effect to the deposit or, in the case of legal defeasance, no default relating to bankruptcy or insolvency has occurred and is continuing at any time on or before the 91st day after the date of such deposit, it being understood that this condition is not deemed satisfied until after the 91st day;

the legal defeasance or covenant defeasance will not cause the trustee to have a conflicting interest within the meaning of the Trust Indenture Act, assuming all debt securities of a series were in default within the meaning of such Act;

the legal defeasance or covenant defeasance will not result in a breach or violation of, or constitute a default under, any other agreement or instrument to which we are a party;

the legal defeasance or covenant defeasance will not result in the trust arising from such deposit constituting an investment company within the meaning of the Investment Company Act of 1940, as amended, unless the trust is registered under such Act or exempt from registration; and

we have delivered to the trustee an officers' certificate and an opinion of counsel stating that all conditions precedent with respect to the defeasance or covenant defeasance have been complied with.

Concerning our Relationship with the Trustees

We and our subsidiaries maintain ordinary banking relationships and credit facilities with JPMorgan Chase Bank, N.A. JPMorgan Chase Bank, N.A. serves as trustee under certain indentures related to other securities that we have issued or guaranteed.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase our debt or equity securities or securities of third parties or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. Warrants may be issued independently or together with any other securities and may be attached to, or separate from, such securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a warrant agent. The terms of any warrants to be issued and a description of the material provisions of the applicable warrant agreement will be set forth in the applicable prospectus supplement.

Table of Contents

The applicable prospectus supplement will describe the following terms of any warrants in respect of which this prospectus is being delivered:

the title of such warrants;

the aggregate number of such warrants;

the price or prices at which such warrants will be issued;

the currency or currencies, in which the price of such warrants will be payable;

the securities or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing, purchasable upon exercise of such warrants;

the price at which and the currency or currencies, in which the securities or other rights purchasable upon exercise of such warrants may be purchased;

the date on which the right to exercise such warrants shall commence and the date on which such right shall expire;

if applicable, the minimum or maximum amount of such warrants which may be exercised at any one time;

if applicable, the designation and terms of the securities with which such warrants are issued and the number of such warrants issued with each such security;

if applicable, the date on and after which such warrants and the related securities will be separately transferable;

information with respect to book-entry procedures, if any;

if applicable, a discussion of any material United States Federal income tax considerations; and

any other terms of such warrants, including terms, procedures and limitations relating to the exchange and exercise of such warrants.

DESCRIPTION OF UNITS

As specified in the applicable prospectus supplement, we may issue units consisting of one or more warrants, debt securities, shares of common stock or any combination of such securities. The applicable prospectus supplement will describe:

Edgar Filing: TORONTO DOMINION BANK - Form 424B3

the terms of the units and of the warrants, debt securities and common stock comprising the units, including whether and under what circumstances the securities comprising the units may be traded separately;

a description of the terms of any unit agreement governing the units; and

a description of the provisions for the payment, settlement, transfer or exchange of the units.

Table of Contents

FORMS OF SECURITIES

Each debt security, warrant, and unit will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Certificated securities in definitive form and global securities will be issued in registered form. Definitive securities name you or your nominee as the owner of the security, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable. Global securities name a depositary or its nominee as the owner of the debt securities, warrants, or units represented by these global securities. The depositary maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as we explain more fully below.

Global Securities

Registered Global Securities. We may issue the registered debt securities, warrants, and units in the form of one or more fully registered global securities that will be deposited with a depositary or its custodian identified in the applicable prospectus supplement and registered in the name of that depositary or its nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depositary for the registered global security, the nominees of the depositary or any successors of the depositary or those nominees.

If not described below, any specific terms of the depositary arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depositary arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons, called participants, that have accounts with the depositary or persons that may hold interests through participants. Upon the issuance of a registered global security, the depositary will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depositary, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities.

So long as the depositary, or its nominee, is the registered owner of a registered global security, that depositary or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the applicable indenture, warrant agreement or unit agreement. Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture, warrant agreement or unit agreement. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depositary for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture, warrant agreement or unit agreement. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security

Table of Contents

desires to give or take any action that a holder is entitled to give or take under the applicable indenture, warrant agreement or unit agreement, the depositary for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, premium, if any, and interest payments on debt securities, and any payments to holders with respect to warrants or units, represented by a registered global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the registered global security. None of PepsiCo, the trustee, the warrant agents, the unit agents or any other agent of PepsiCo, agent of the trustee or agent of the warrant agents or unit agents will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depositary for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depositary. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of those participants.

If the depositary for any of these securities represented by a registered global security is at any time unwilling or unable to continue as depositary or ceases to be a clearing agency registered under the Securities Exchange Act of 1934, and a successor depositary registered as a clearing agency under the Securities Exchange Act of 1934 is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the registered global security that had been held by the depositary. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depositary gives to the relevant trustee, warrant agent, unit agent or other relevant agent of ours or theirs. It is expected that the depositary's instructions will be based upon directions received by the depositary from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depositary.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The consolidated financial statements of PepsiCo, Inc. as of the balance sheet dates for each of the three years in the period ended December 31, 2005 and management's assessment of the effectiveness of internal control over financial reporting as of December 31, 2005 (which is included in Management's Report on Internal Control over Financial Reporting), appearing in the PepsiCo 10-K for the fiscal year ended December 31, 2005 and incorporated by reference into this registration statement have been audited by KPMG LLP, independent registered public accounting firm, as set forth in their report thereon incorporated by reference herein, and are included in reliance upon such report given upon the authority of such firm as experts in accounting and auditing.

With respect to the unaudited interim financial information for the periods ended March 25, 2006 and March 19, 2005, appearing in the PepsiCo 10-Q for the twelve weeks ended March 25, 2006 and incorporated by reference into this registration statement, the independent registered public accounting firm has reported that they applied limited procedures in accordance with professional standards for a review of such information. However, their separate report included in PepsiCo's quarterly report on Form 10-Q for the quarter ended March 25, 2006, and incorporated by reference, states that they did not audit and they do not express an opinion on that interim financial information. Accordingly, the degree of reliance on their report on such information should be restricted in light of the limited nature of the review procedures applied. The accountants are not subject to the liability provisions of Section 11 of the Securities Act of 1933 (the "1933 Act") for their report on the unaudited interim financial information because that report is not a report or a part of the registration statement prepared or certified by the accountants within the meaning of Sections 7 and 11 of the 1933 Act.

Item 15. Indemnification of Directors and Officers

PepsiCo, Inc. does not have any provisions for indemnification of directors or officers in its Amended and Restated Articles of Incorporation. Article III, Section 3.7 of its By-Laws, as amended to March 17, 2006, provides that PepsiCo shall indemnify, to the full extent permitted by law, any person who was or is, or who is threatened to be made, a party to an action, suit or proceeding (and any appeal therein), whether civil, criminal, administrative, investigative or arbitrative, by reason of the fact that such person, such person's testator or intestate, is or was a director, officer or employee of PepsiCo, or is or was serving at the request of PepsiCo as a director, officer or employee of another enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding. At the Board's discretion, such indemnification may also include advances of a director's, officer's or employee's expenses prior to final disposition of such action, suit or proceeding.

Section 55-2-02 of the North Carolina Business Corporation Act (the North Carolina Act) enables a corporation in its articles of incorporation to eliminate or limit, with certain exceptions, the personal liability of directors arising out of an action whether by or in the right of the corporation or otherwise for monetary damages for breach of their duties as directors. No such provision is effective to eliminate or limit a director's liability for: (1) acts or omissions that the director at the time of the breach knew or believed to be clearly in conflict with the best interests of the corporation; (2) improper distributions as described in Section 55-8-33 of the North Carolina Act; (3) any transaction from which the director derived an improper personal benefit; or (4) acts or omissions occurring prior to the date the exculpatory provision became effective.

Sections 55-8-50 through 55-8-58 of the North Carolina Act permit a corporation to indemnify its directors, officers, employees or agents under either or both a statutory or nonstatutory scheme of indemnification. Under the statutory scheme, a corporation may, with certain exceptions, indemnify a director, officer, employee or agent of the corporation who was, is, or is threatened to be made, a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative, or investigative and whether formal or informal, because of the fact that such person was or is a director, officer, agent or employee of the corporation, or is or was serving at the request of such corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust, employee benefit plan, or other enterprise. This indemnity may include the obligation to pay any judgment, settlement, penalty, fine (including an excise tax assessed with

respect to an employee benefit plan) or reasonable expenses incurred in connection with a proceeding (including counsel fees), but no such indemnification may be granted unless such director, officer, employee or agent (1) conducted himself in good faith, (2) reasonably believed (a) that any action taken in his official capacity with the corporation was in the best interests of the corporation or (b) that in all other cases his conduct was at least not opposed to the corporation's best interests, and (3) in the case of any criminal proceeding, had no reasonable cause to believe his conduct was unlawful. Whether a director has met the requisite standard of conduct for the type of indemnification set forth above is determined by a majority vote of a quorum of the board of directors who are not parties to the proceeding in question, a duly designated committee of directors if a quorum of the full board cannot be established, special legal counsel selected by the board or duly designated committee of directors, or the shareholders (excluding shares owned or controlled by directors who are parties to the proceeding in question) in accordance with Section 55-8-55 of the North Carolina Act. A corporation may not indemnify a director under the statutory scheme in connection with a proceeding by or in the right of the corporation in which a director was adjudged liable to the corporation or in connection with any other proceeding charging improper personal benefit in which a director was adjudged liable (whether or not involving action in his official capacity) on the basis of having received an improper personal benefit.

Sections 55-8-52 and 55-8-56 of the North Carolina Act require a corporation, unless its articles of incorporation provide otherwise, to indemnify a director or officer who has been wholly successful, on the merits or otherwise, in the defense of any proceeding to which such director or officer was, or was threatened to be, made a party because he is or was a director or officer of the corporation against reasonable expenses incurred by him in connection with the proceeding. Unless prohibited by the articles of incorporation, a director or officer also may make application for and obtain court-ordered indemnification if the court determines that such director or officer is (1) entitled to mandatory indemnification under Section 55-8-52, in which case the court will also order the corporation to pay the director's or officer's reasonable expenses incurred to obtain court-ordered indemnification, and (2) fairly and reasonably entitled to indemnification in view of all relevant circumstances, whether or not he met the standard of conduct set forth in Section 55-8-51 or was adjudged liable as described in Section 55-8-51.

In addition to, and notwithstanding the conditions of and limitations on, the indemnification described above under the statutory scheme, Section 55-8-57 of the North Carolina Act permits a corporation to indemnify, or agree to indemnify, any of its directors, officers, employees or agents against liability and expenses (including attorneys' fees) in any proceeding (including proceedings brought by or on behalf of the corporation) arising out of their status as such or their activities in such capacities, except for any liabilities or expenses incurred on account of activities that were, at the time taken, known or believed by the person to be clearly in conflict with the best interests of the corporation. Consistent with the foregoing, PepsiCo, Inc. has entered into indemnification agreements with each of its directors, pursuant to which PepsiCo has agreed to indemnify and hold harmless, to the full extent permitted by law, each director against any and all liabilities and assessments (including attorneys' fees and other costs, expenses and obligations) arising out of or related to any threatened, pending or completed action, suit, proceeding, inquiry or investigation, whether civil, criminal, administrative, or other, including, but not limited to, judgments, fines, penalties and amounts paid in settlement (whether with or without court approval), and any interest, assessments, excise taxes or other charges paid or payable in connection with or in respect of any of the foregoing, incurred by the director and arising out of his status as a director or member of a committee of the Board of PepsiCo, or by reason of anything done or not done by the director in such capacities. After receipt of an appropriate request by a director, PepsiCo will also advance all expenses, costs and other obligations (including attorneys' fees) arising out of or related to such matters. PepsiCo will not be liable for payment of any liability or expense incurred by a director on account of acts which, at the time taken, were known or believed by such director to be clearly in conflict with PepsiCo's best interests.

Additionally, Section 55-8-57 of the North Carolina Act authorizes a corporation to purchase and maintain insurance on behalf of an individual who is or was a director, officer, employee or agent of the corporation against certain liabilities incurred by such a person, whether or not the corporation is otherwise authorized by the North Carolina Act to indemnify that person. PepsiCo has purchased and maintains such insurance.

The proposed form of Underwriting Agreement to be filed as Exhibit 1.1 to this Registration Statement provides for indemnification of directors and officers of the Registrant by the underwriters against certain liabilities.

Item 16. Exhibits and Financial Statement Schedules

(a) The list of exhibits is incorporated herein by reference to the Exhibit Index following the signature pages.

Item 17. Undertakings

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made of securities registered hereby, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Securities and Exchange Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of

Table of Contents

the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

(b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrants pursuant to the foregoing provisions, or otherwise, the Registrants have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrants will, unless in the opinion of their counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
