Item 7. Financial Statements and Exhibits.

(c) Exhibits.

The following exhibit is filed herewith:

<u>Exhibit No.</u>	<u>Exhibit Title</u>
99.01	Press Release, dated January 27, 2004, issued by Flextronics International Ltd.*

* This information shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, and shall not be deemed incorporated by reference in any filing with the Securities and Exchange Commission under the Securities Exchange Act of 1934 or the Securities Act of 1933, whether made before or after the date hereof and irrespective of any general incorporation language in any filings.

Item 12. Results of Operations and Financial Condition.

On January 27, 2004, Flextronics International Ltd. (the *Company*) issued a press release announcing its results for the fiscal quarter ended December 31, 2003. A copy of the press release is attached as Exhibit 99.01 to this Current Report.

The press release includes proforma operating results. Proforma operating results are not based on any standardized methodology prescribed by U.S. generally accepted accounting principles (*GAAP*) and are not necessarily comparable to similar measures presented by other companies. Proforma operating results should not be considered in isolation or as a substitute for operating results prepared in accordance with GAAP. The Company has provided a reconciliation of proforma operating results to GAAP in the Schedules of the attached press release.

Management utilizes proforma operating results as a performance measure and furnishes the information in order to provide investors with additional information to analyze the Company's operating results and facilitate period to period comparisons. Proforma operating results exclude the effects of the amortization of intangible assets, costs associated with the early extinguishment of debt, restructuring charges and the Beckman Coulter legal settlement. Management uses proforma operating results as a measure of enterprise-wide performance. The Company reports proforma operating results to provide its investors with an alternative method for assessing its operating results in a manner that is focused on what it believes to be its core business operations. In addition, since the Company has historically reported proforma operating results to the investment community, the Company believes the inclusion of proforma numbers provides consistency in its financial reporting.
