Item 9. REGULATION FD DISCLOSURE.

Not applicable

In accordance with Securities and Exchange Commission Release No. 33-8216, the following information, which is intended to be furnished under Item 12, Results of Operations and Financial Condition, is instead being furnished under Item 9, Regulation FD Disclosure. The information contained herein and in the accompanying exhibits shall not be incorporated by reference into any filing with the Securities and Exchange Commission made by Invitrogen Corporation (the Company) whether before or after the date hereof, regardless of any general incorporation language in such filing.

Invitrogen Corporation press release dated July 24, 2003.

On July 24, 2003, the Company issued a press release regarding the Company s financial results for the fiscal quarter ended June 30, 2003. The full text of the Company s press release is attached hereto as Exhibit 99.1

Certain of the information set forth in the press release may be considered non-GAAP financial measures. The Company has regularly reported pro forma results which exclude merger related amortization and business integration costs to provide a supplemental comparison of results of operations. Management excludes these costs when analyzing operations since they are principally non-cash or other costs resulting primarily from business restructurings or purchase accounting that are separate from ongoing operations. Management also believes that the pro forma results provide investors with additional useful information concerning the Company's ability to generate positive cash flows. The pro forma results should be considered in addition to, not as a substitute for, or superior to, financial measures calculated in accordance with generally accepted accounting principles.
