(1) Annual incentive payments under the AIP are paid in cash and based on target award levels established by the Compensation Committee at the beginning of each annual performance period and vary depending upon each participant's base salary. Awards under the AIP are paid after the annual performance period and vary from year to year based on actual performance. During 1999 and 2000, 75% of the award value was based on our company's performance and 25% was based on the participant's individual performance. During 2001, 50% of the award value was based on our company's overall financial performance and 50% was based on the participant's individual performance. The measurement of our company's performance includes both total asset growth and cash flow growth. The amounts reported above for 1999 and 2000 were paid in March 2000 and May 2001, respectively. The amounts for 2001 were paid in March, 2002.

(2) Does not report perquisites amounting to less than the lesser of \$50,000 or 10% of total salary.

(3) Shares of common stock awarded under the LTPSP are issued upon completion of a four-year performance period. Prior to 1993, the executive compensation program provided for annual awards of restricted stock over a four-year period. Commencing in 1993, awards are paid in shares of common stock and cash in installments over until completion of a four-year award cycle. The aggregate number and market value (based on the closing price of the shares on the New York Stock Exchange on December 31, 2001) of the restricted stock awards pursuant to the LTPSP prior to 1993 and held by the above executive officers at December 31, 2001 are: Wheeler - 27,774 shares (\$22,291.20) and Robert Martinez - 4,173 shares (\$3,338.40).

5

(4) Reports the number of shares underlying nonqualified options and incentive stock options granted to each of the respective years. The options granted with respect to 1999 performance were 1,000 and 1,000, respectively. No options have been granted with respect to 2001 performance.

(5) Reports cash payouts (not awards) under the LTPSP. Payments are made under the LTPSP after the performance period after award. The above reported payments relate to awards made in 1998 and 2001 performance period ending December 31, 2001. No long-term incentive plan awards have been made under the LTPSP rendered in 2001.

(6) Includes contributions to the Defined Contribution and 401(k) Retirement Plan (the "Retirement Plan") and our Supplemental Retirement Plan. All full-time employees participate in the Retirement Plan and the contribution is determined annually by the Board of Directors and may not exceed 15% of the participant's compensation; however for the years 1999, 2000 and 2001, the contribution was 5%. In addition, we maintain for an Employee Savings Plan which allows each employee to contribute up to 16% of compensation up to a contribution of \$10,500. We contribute an amount equal to 50% of the first 6% of any such compensation. Benefits under the Retirement Plan are fully vested after five years of employment. Retirement Plan are based on a participant's investment fund account upon retirement, the participant's election of a payment elected by the participant. We maintain the Supplemental Retirement Plan for our executive officers. Under the Supplemental Retirement Plan, an amount is accrued that equals the portion of the contribution that is restricted due to restrictions under ERISA. In 2001, Messrs. Wheeler, Martinez, Krewedl, Duff and Burns received company contributions of \$13,600, \$13,600, \$13,600, \$13,600, and \$13,600, respectively, under the Supplemental Retirement Plan. Messrs. Wheeler, Martinez, Krewedl, Duff and Burns credited with \$20,805, \$11,191, \$1,964, \$1,964, and \$1,964, respectively, pursuant to the Supplemental Retirement Plan. The amounts of all other compensation reported above are net of "above-market" interest earnings on deferred compensation that is accrued under our Supplemental Retirement Plan. "Above-market" interest earnings on deferred compensation is the excess of such interest over the long-term rate, with compounding, as prescribed under the Internal Revenue Code. In 2001, the amounts of "above-market" interest earnings accrued for the benefit of Messrs. Wheeler, Martinez, Krewedl, Duff and Burns were \$100.67, \$10.03, 19.27 and \$17.04, respectively.
