CARDINAL HEALTH INITIATES
DISCUSSIONS WITH SYNCOR TO POSSIBLY
MODIFY MERGER AGREEMENT

WOODLAND HILLS, CALIFORNIA AND DUBLIN, OHIO - NOVEMBER 21, 2002 - Syncor International Corporation (Nasdaq: SCOR) and Cardinal Health, Inc. (NYSE: CAH) today announced that Cardinal Health has initiated discussions with Syncor regarding the possible modification of the terms of their previously announced merger agreement under which Cardinal Health would acquire Syncor. While the parties intend to continue these discussions, there can be no assurance that such discussions will result in the parties agreeing to any revised terms.

On November 6, 2002, Syncor announced that a newly established special committee of three outside directors, together with outside counsel, had been investigating the propriety of certain payments made by certain of Syncor's international subsidiaries to customers in several foreign countries. Syncor also announced that the special committee would investigate Syncor's other foreign operations. Earlier this week, Syncor announced, among other things, the special committee's findings based on the information it had gathered to date.

Based on the information Syncor has reviewed as of the date hereof with respect to the matters currently under investigation by the special committee, and subject to the terms of any resolution of these matters with the Securities and Exchange Commission (SEC) and the United States Department of Justice (DOJ), Syncor believes that the information it has learned in the investigation would not result in Syncor's failure to satisfy the conditions to the existing merger agreement. However, Syncor cannot make a definitive determination as to the impact on the acquisition pending completion of the investigation and resolution of Syncor's discussions with the SEC and DOJ. Cardinal Health has not yet concluded whether the conditions to the transaction will be satisfied and believes that there can be no assurance that the transaction involving the acquisition of Syncor by Cardinal Health will be completed. In light of the foregoing, both companies believe that engaging in discussions regarding a possible modification of certain of the terms of the existing merger agreement is the best course of action at this time.

The existing merger agreement provides for the acquisition of Syncor by Cardinal Health in a stock-for-stock transaction in which Syncor would become a wholly owned subsidiary of Cardinal Health. Terms of the existing merger agreement call for Syncor stockholders to receive .52 Cardinal Health common shares for each outstanding share of Syncor common stock.

ABOUT SYNCOR

SYNCOR INTERNATIONAL CORPORATION is a leading provider of high technology health care services concentrating on nuclear pharmacy services, medical imaging, niche manufacturing and radiotherapy. In the nuclear pharmacy services business, Syncor compounds and dispenses radiopharmaceuticals for diagnostic and therapeutic use by nuclear medicine departments in hospitals and outpatient clinics. Syncor distributes these time-critical pharmaceuticals to more than 7,000 U.S.-based customers through an integrated network of 130 domestic and 19 international nuclear pharmacies. Medical imaging services are provided through an integrated network of 73 domestic and 19 internationally owned or operated facilities. Syncor announced on June 14, 2002 that it intends to exit the U.S. medical imaging business. Syncor also owns or operates ten domestic and two international production facilities for positron emission tomography (PET) radiopharmaceuticals, and is a party to a series of agreements to make PET technology more accessible to healthcare providers and patients nationwide.
