Item 8.01. Other Events.

Bogalusa Paper Mill

On Saturday, August 13, 2011, Temple-Inland Inc.'s ("Temple-Inland") paper mill located in Bogalusa, Louisiana suspended operations as predictive testing for Biochemical Oxygen Demand (BOD) indicated the mill would exceed its maximum daily permit levels for discharge to the Pearl River due to an operational upset at the mill. Temple-Inland currently estimates that the downtime from the operating issues and outage at the Bogalusa mill have resulted in costs (including downtime) of approximately \$7 million to date and will result in approximately \$700,000 in additional costs (including downtime) per additional day during which the mill is not operational.

On August 17, 2011, Temple-Inland issued a press release related to the situation at the Bogalusa mill. The press release is attached as Exhibit 99.1 and incorporated herein by reference.
