QUESTIONS AND ANSWERS

What am I being asked to vote on?

At the Annual Meeting, the Company's stockholders will be asked to vote on the following proposals:

1. To elect eight persons to the Board of Directors;
2. To ratify the selection of Ernst & Young LLP as our independent auditors for fiscal year ending April 27, 2003.

The stockholders will also transact any other business that may properly come before the meeting.

Who is entitled to vote at the Annual Meeting?

The record date for the Annual Meeting is August 28, 2002, and only stockholders of record at the close of business on that date may vote at and attend the Annual Meeting.

What constitutes a quorum for the purposes of voting?

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form DEF 14A

A majority of the shares of the Company's common stock outstanding, represented in person or by proxy at the Annual Meeting, will constitute a quorum for the purpose of transacting business at the Annual Meeting. As of August 22, 2002, there were 28,901,770 shares of the Company's common stock outstanding.

What if a quorum is not present at the Annual Meeting?

If a quorum is not present during the meeting, we may adjourn the meeting. In addition, in the event that there are not sufficient votes for approval of any of the matters to be voted upon at the meeting, the meeting may be adjourned in order to permit further solicitation of proxies.

How many votes do I have?

Each outstanding share of the Company's common stock entitles its owner to one vote on each matter that comes before the meeting. The proxy card indicates the number of shares of the Company's common stock which you owned as of the record date, August 28, 2002.

How many votes are needed to approve each item?

Provided a quorum is present, directors will be elected by a plurality of the votes present in person or represented by proxy at the Annual Meeting and cast for the election of directors. Stockholders are not allowed to cumulate their votes for the election of directors.

Approval of the selection of Ernst & Young LLP as our independent auditors for the fiscal year ending April 27, 2003, will require an affirmative vote of the holders of the majority of the shares present or represented by proxy at the Annual Meeting and entitled to vote, provided a quorum is present.

Abstentions will be treated as shares that are present or represented and entitled to vote for the purpose of determining the presence of a quorum, but will be treated as not voting. Accordingly, abstentions will have no effect on the number of votes necessary to elect directors or to ratify the selection of the Company's independent auditors.

What if my stock is held by a broker?

In instances where brokers are prohibited from exercising discretionary authority for beneficial owners who have not returned a proxy, so called "broker non-votes", those shares will not be treated as present or represented and entitled to vote for purposes of determining the presence of a quorum and will not be treated as present or represented and voting for purposes of determining the number of votes necessary for the approval of any matter on which they do not have discretionary authority to vote.

How do I vote?

You may vote by a proxy card or you may vote in person at the Annual Meeting. Whether or not you plan to attend the meeting, we encourage you to complete, sign, date and promptly return your proxy card in the enclosed envelope, which requires no postage if mailed in the United States. One of the individuals named on the proxy card will vote your shares as directed by you on the proxy card. If no specific selections are made, one of the individuals named on your proxy card will vote your shares as follows:

1. For the election of the directors recommended by the Board of Directors;

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form DEF 14A

2. For the ratification and selection of Ernst & Young LLP as our independent auditors for the fiscal year ending April 27, 2003; and
3. In their discretion, upon such other business as may properly come before the meeting.

Can I change my vote after I have submitted my proxy?

Yes, a stockholder who has submitted a proxy may revoke it at any time prior to its use by:

1. Delivering a written notice to the Secretary;
2. Executing a later-dated proxy; or
3. Attending the Annual Meeting and voting in person.

2

A written notice revoking the proxy should be sent to the Company's Secretary at the following address:

Allan B. Solomon
Executive Vice President and Secretary
Isle of Capri Casinos, Inc.
1641 Popps Ferry Rd., Ste. B-1
Biloxi, MS 39532

How will the votes be tabulated at the meeting?

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the election inspectors appointed for the Annual Meeting, and such election inspectors will determine whether or not a quorum is present.

Will the Company solicit proxies in connection with the Annual Meeting?

Yes, the Company will solicit proxies in connection with the Annual Meeting. We will bear all costs of soliciting proxies including charges made by brokers and other persons holding stock in their names or in the names of nominees for reasonable expenses incurred in sending proxy material to beneficial owners and obtaining their proxies. In addition to solicitation by mail, our directors, officers and employees may solicit proxies personally and by telephone and telegraph, all without extra compensation. We have retained D. F. King & Co., Inc. to assist in the solicitation of proxies. The fee to be paid for such services will be borne by us and is not expected to exceed \$3,000 plus reasonable expenses.

3

1. ELECTION OF DIRECTORS

We currently have eight directors. The Company's bylaws provide that the number of directors of the Company may be increased by the Board of Directors. The Board of Directors has determined that it is in the Company's best interest, and has resolved, to have eight directors serve until the next Annual Meeting of Stockholders. Each director holds office until his successor is elected and qualified or until his earlier death, resignation, removal or

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form DEF 14A

disqualification.

The eight nominees for whom the enclosed proxy is intended to be voted are set forth below. All nominees are now serving as our directors. Each of these nominees has indicated his willingness to serve if elected. The Board of Directors has no reason to believe that any of these nominees will be unavailable for election, but if such a situation should arise, the proxy will be voted in accordance with the best judgment of the proxyholder for such person or persons as may be designated by the Board of Directors, unless the stockholder has directed otherwise.

- (1) These awards were made pursuant to the 2000 Stock Option Plan. Options awarded vest one-fifth on the first, second, third, fourth and fifth anniversaries of the grant date. In the case of an option which is deemed an incentive stock option, the option price must be not less than 100% of the fair market value of Company Common Stock on the date the option is granted. The fair market value of a share of Company Common Stock is the mean of the high and low market prices at which a share of company common stock is traded on the date of grant. The grants provide that stock options may not be exercised during the first twelve months after the date of the grant. The plan allows shares of Company Common Stock to be used to satisfy any resulting Federal, State and local tax liabilities, but does not provide for a cash payment by the Company for income taxes payable as a result of the exercise of a stock option award. The 2000 Stock Option Plan allows options to remain exercisable for up to 10 years from the date of grant. The plan has provisions about the impact of a change in control, death, disability, retirement and termination of employment on the exercisability of options, with change in control causing acceleration of vesting. The plan also has a provision for reload options.
- (2) These awards were made pursuant to the reload provision of the plan from which the originally surrendered options were granted.
- (3) The maximum term for options granted under the 2000 Stock Option Plan is 10 years. The term for options granted under the reload provision is the later to occur of the expiration date of the originally surrendered option or one year from the date of grant of the reload option. The dollar gains under these columns result from calculations assuming 5% and 10% growth rates as set by the Securities and Exchange Commission and are not intended to forecast future price appreciation of Company Common Stock. The gains reflect a future value based upon growth at these prescribed rates. The Company did not use an alternative formula for a grant date valuation, an approach which would state gains at present, and therefore lower, value.
- (4) Not discounted to present value..

Stock Option and Compensation Committee Report on Executive Compensation

The Stock Option and Compensation Committee advises the Board of Directors concerning executive compensation, including base salaries, bonuses, stock option grants, health and life insurance and other benefits. Stock Option and Compensation Committee recommendations concerning executive compensation are reviewed and approved by the Board. Board members who are also our executive officers do not participate in the deliberations of the Board concerning their respective compensation and benefits and do not vote on such matters.

Our objective concerning executive compensation is to design an executive compensation program that attracts and retains qualified executives and aligns executives' interests with ours and those of our stockholders in achieving our operating goals and business objectives and increasing stockholder value. The principal components of our executive compensation program are base salary, bonus and stock options. In light of our objective concerning executive compensation, a substantial portion of the executive compensation above the base salary is generally provided through bonuses tied to certain indicators of our performance and through the grant of stock options.

The Stock Option and Compensation Committee's determinations of overall executive compensation for the fiscal year 2002, which includes salary, bonus, certain benefits and stock option awards, were based upon consideration of, among other factors, our performance during the fiscal year, the individual executive's contribution to the achievement of operating goals and business objectives, and levels of compensation in comparable companies at similar stages of development, with particular emphasis on those operating in the gaming industry.

In January 2002, we entered into an employment agreement with Bernard Goldstein, our Chairman and Chief Executive Officer. Mr. Goldstein's employment

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form DEF 14A

agreement provides that his compensation consists of a base salary and a discretionary bonus. For the fiscal year 2002, Mr. Goldstein received a base salary of \$500,079 and a bonus of \$180,195 (approximately 24% of which bonus was awarded as deferred restricted stock). The amount of Mr. Goldstein's base salary was determined by the Stock Option and Compensation Committee based on Mr. Goldstein's individual performance as Chief Executive Officer and the Company's overall performance, and is consistent with our objective to design an executive compensation program that attracts and retains qualified executives. The determination of the amount of Mr. Goldstein's bonus for the fiscal year 2002 was determined by the Stock Option and Compensation Committee based upon the financial performance of the Company as measured against certain financial targets approved by this committee, and Mr. Goldstein's achievement of certain subjective goals and objectives.

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits our deduction for compensation paid to the Named Executive Officers to \$1 million unless certain requirements are met. The policy of the Stock Option and Compensation Committee with respect to section 162(m) is to establish and maintain a compensation program which will optimize the deductibility of compensation. In that regard, no executive officer received compensation in excess of \$1 million during fiscal 2002. The Stock Option and Compensation Committee, however, reserves the right to use its judgment, where merited by the Stock Option and Compensation Committee's need for flexibility to respond to changing business conditions or by an executive's individual performance, to authorize compensation which may not, in a specific case, be fully deductible.

Report of the Audit Committee

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under auditing standards generally accepted in the United States. In addition, the Committee has discussed with the independent auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of non-audit services with the auditors' independence.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form DEF 14A

with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held four meetings during fiscal year 2002.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended April 28, 2002 for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended, subject to stockholder approval, the selection of the Company's independent auditors for fiscal year ending April 27, 2003.
