PROXY STATEMENT

This Proxy Statement and the accompanying form of proxy are being furnished in connection with the solicitation, by the Board of Directors of Gibraltar Steel Corporation, a Delaware corporation (the "Company"), of proxies to be voted at the Annual Meeting of Stockholders to be held at the Company's offices, 3556 Lake Shore Road, Buffalo, New York, on May 21, 2002, at 10:00 a.m., local time, and at any adjournment or adjournments thereof. The close of business on March 25, 2002, has been fixed as the record date for the determination of stockholders entitled to receive notice of and to vote at the meeting. At the close of business on March 25, 2002 the Company had outstanding 15,758,311 shares of common stock, \$.01 par value per share ("Common Stock"), the holders of which are entitled to one vote per share on each matter properly brought before the Annual Meeting.

The cost of solicitation of proxies in the accompanying form will be borne by the Company, including expenses in connection with preparing and mailing this Proxy Statement. In addition to the use of the mail, proxies may be solicited by personal interviews and telephone by Directors, officers and employees of the Company. Arrangements will be made with brokerage houses, banks and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of Common Stock, and the Company will reimburse them for reasonable out-of-pocket expenses incurred by them in connection therewith.

The shares represented by all valid proxies in the enclosed form will be voted if received in time for the Annual Meeting in accordance with the specifications, if any, made on the proxy card. If no specification is made, the proxies will be voted FOR the nominees for Director named in this Proxy Statement.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting will constitute a quorum. Each nominee for election as a Director requires a plurality of the votes cast in order to be elected. A plurality means that the nominees with the largest number of votes are elected as Director up to the maximum number of Directors to be elected at the Annual Meeting. Only shares that are voted in favor of a particular nominee will be counted towards achievement of a plurality; where a stockholder properly withholds authority to vote for a particular nominee, such shares will not be counted towards such nominee's or any other nominee's achievement of plurality.

The execution of a proxy will not affect a stockholder's right to attend the Annual Meeting and to vote in person. A stockholder who executes a proxy may revoke it at any time before it is exercised by giving written notice to the Secretary, by appearing at the Annual Meeting and so stating, or by submitting another duly executed proxy bearing a later date.

This Proxy Statement and the accompanying form of proxy are first being sent or given to stockholders on or about April 25, 2002.

EMPLOYMENT AGREEMENT

In July 1998, the Company entered into a new Employment Agreement with Brian J. Lipke (the "Employment Agreement"). Pursuant to the Employment Agreement, Mr. Lipke serves as Chairman of the Board and Chief Executive Officer of the Company at an annual base salary of \$379,200. This base salary is subject to annual adjustment as determined by the Compensation Committee in its discretion. In addition to his base salary, Mr. Lipke is

eligible to participate in the Company's Executive Incentive Bonus Plan and other employee benefit plans available to the Company's executive officers. The Employment Agreement has an initial term of five years, which automatically is extended for an additional one-year period on each anniversary date, unless either party gives notice of intent to terminate.

The Employment Agreement provides that if the Company terminates Mr. Lipke without cause, he shall be entitled to receive a lump sum benefit equal to 2 1/2 times his total cash compensation for the 12-month period immediately preceding the date of his termination. In addition, upon a termination of Mr. Lipke's employment other than by the Company for "cause" (as defined in the Employment Agreement) and other than voluntarily by Mr. Lipke, if he becomes entitled to receive benefits under any of the Company's tax-qualified retirement plans (the "Plans"), he will be entitled to receive from the general assets of the Company an additional benefit computed as if the Plans were not subject to any applicable limits imposed on such plans by the Internal Revenue Code of 1986 as amended (the "Code"), or the Employee Retirement Income Security Act of 1974, as amended.

If Mr. Lipke dies during the term of the Employment Agreement, in addition to any death benefits payable under life insurance maintained by the Company and any death benefits payable under the Company's employee benefit plans, the Company will pay to the estate of Mr. Lipke a death benefit equal to 50% of his annual base salary plus an amount equal to all bonuses he would have received through the end of the then current fiscal year. If he becomes permanently disabled, Mr. Lipke will be entitled to receive from the Company annual benefits equal to his base salary, subject to a cap of \$200,000 (adjusted for cost of living increases), less amounts received under any pension, profit sharing or disability plan or insurance policy.

In the event Mr. Lipke's employment with the Company is terminated other than for cause, the Company will continue to provide medical, disability and life insurance benefits to Mr. Lipke and his family for life.

Mr. Lipke has agreed in the Employment Agreement that, in the event he terminates his employment other than following a change in control, he will not, for a period of one year after the date of termination, participate in any "competitive operation," as defined in the Employment Agreement.

In 2001, none of the executive officers of the Company served on the compensation committee or on any other committee of the board of directors performing similar functions of any other entity, any of whose officers or directors served on the Company's Board of Directors or Compensation Committee.

CHANGE IN CONTROL AGREEMENTS

The Company has entered into change in control agreements (the "Change in Control Agreements") with each of the named executive officers and certain other executive officers. Generally, each executive officer (other than Brian J. Lipke) is entitled to receive, upon termination of employment within two years of a "Change in Control" (unless such termination is because of death or disability, by the Company for "Cause" as defined in the Change in Control Agreements), a lump sum severance payment equal to 225% times the sum of (i) his current annual salary and (ii) the average of the annual bonuses paid to him during the three years immediately preceding the year in which the change in control occurs. The Stay Agreements (as discussed below) amended the Change in Control Agreements to provide that the amount of any payment an executive officer (other than Brian J. Lipke) is entitled to receive under the Change in Control Agreements will be reduced by an amount equal to the second half of the payments such Executive Officer is entitled to receive pursuant to his Stay Agreement. In the case of Brian J. Lipke, upon the occurrence of a Change in Control, whether or not such Change in Control results in a termination of his employment, he is entitled to receive a lump sum severance payment equal to 350% times the sum of (i) his current annual salary and (ii) the highest annual bonus paid to him during the three years immediately preceding the year in which the change in control occurs. The Change in Control Agreements define such total cash compensation to include amounts deferred at the option of the

executive. The payments and benefits payable in the event of a Change in Control are not subject to any limitations that would prevent them from being considered "excess parachute payments" subject to excise tax payments or corporate deduction disallowance under the Code. Therefore, such lump sum severance payments could require excise tax payments on the part of the executive, and result in a deduction disallowance on the part of the Company. In such instance, the impact of the excise tax payments on the executive would be reimbursed to the executive by the Company, including taxes the executive would incur on the reimbursement itself. The events that trigger a Change in Control under the Change in Control Agreements include (i) the acquisition of 30% or more of the Company's outstanding Common Stock by certain persons, (ii) certain changes in the membership of the Company's Board of Directors, (iii) certain mergers or consolidations, (iv) certain sales or transfers of substantially all of the Company's assets and (v) the approval of the shareholders of the Company of a plan of dissolution or liquidation.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Report of the Compensation Committee on Executive Compensation

This report of the Compensation Committee of the Board of Directors provides an overview of the Company's compensation philosophy and executive compensation programs. It discusses compensation-related decisions in general for executive officers, and specifically those relating to the Company's Chief Executive Officer, for the fiscal year ending December 31, 2001.

Executive Compensation Program's Overall Objectives

The Company's Executive Compensation Program is designed to attract and retain top-quality executives and to provide them with both an incentive and a reward for superior performance. The program includes three principal components - base salary, annual financial performance-based bonus opportunities and long-term incentives. The program is administered by the Compensation Committee of the Board of Directors. Members of the Compensation Committee are outside Directors who are not employees of the Company.

Compensation Philosophy

The primary philosophy of the Company's Executive Compensation Program is to align the financial interests of its executive officers with those of the Company and its stockholders by basing a significant portion of each executive officer's compensation upon his individual performance and the Company's financial performance and by encouraging executive officers to own Company stock through participation in various stock-based and other plans.

The Compensation Committee is responsible for annually reviewing base salaries of executive officers, determining the design of the Company's Executive Incentive Bonus Plan and eligibility to participate therein, and making grants to eligible participants, including executive officers under the Company's stock-based long-term incentive plans.

Base Salaries

Base salary ranges are established annually, at competitive levels, for all executive officers. Base salaries are periodically adjusted to reflect each individual executive's performance, contribution to the overall financial results of the Company, and changes in competitive salary levels.

Executive Incentive Bonus Plan

To further support the Company's goal of enhancing shareholder value, an Executive Incentive Bonus Plan was adopted in 1998. Financial performance targets are established annually for the Company as a whole, and for certain individual subsidiaries.

Bonuses paid under the Executive Incentive Bonus Plan for 2001 reflect, for corporate executives, the financial results of the total Company versus targets. For certain executives of individual subsidiaries, bonuses paid were based on a combination of the Company's and the individual subsidiaries' financial performance versus targets.

Long-Term Incentive Plans

The Compensation Committee administers the Company's Incentive Plan, the Gibraltar Steel Corporation Non-Qualified Plan (the Non-Qualified Plan) and Restricted Stock Plan. The Compensation Committee periodically grants options under the Incentive Plan to the Company's executive officers and other employees. All of the options granted have an exercise price of not less than 100% of the fair market value of the underlying stock on the date of grant. The value of the options granted is wholly dependent on the increase in value of the Company's common stock, which serves as an incentive to the executive officers to maximize their efforts to promote the economic performance of the Company. All of the options granted are exercisable over a four-year period at the rate of 25% per year commencing one year from the date of grant. Accordingly, an executive officer must remain with the Company for at least four years in order to enjoy the full potential economic benefit of the options awarded. The number of options awarded to a particular executive officer is directly related to his responsibilities and individual performance.

The Compensation Committee periodically grants restricted stock to the Company's executive officers. These restricted stock grants are at a nominal cost per share to the executive officers and recognize the special contributions of the executive officers for their long service to date, together with their expected future contributions. Restrictions on stock granted under the Restricted Stock Plan lapse over periods established by the Compensation Committee at the time of each restricted stock award.

Accordingly, an executive officer must remain with the Company throughout the full term established by the Compensation Committee in order to enjoy the full potential economic benefit of the restricted stock awarded.

In 2001, grants were not provided under the Incentive Plan, the Non-Qualified Plan or under the Restricted Stock Plan.

Compensation For the Chief Executive Officer

Mr. Lipke participates in the same compensation programs provided to the Company's other executive officers. The Compensation Committee annually reviews Mr. Lipke's base salary, as covered in his employment agreement. A competitive salary range for the CEO is established with the assistance of an independent consultant. In determining salary adjustments within the set salary range, various factors are taken into account including individual performance, changes in competitive salaries and Company performance.

In 2001, Mr. Lipke participated in the Executive Incentive Bonus Plan (the "Executive Plan") applicable to all executive officers. Since the Company's fiscal 2001 performance did not meet its target, Mr. Lipke and the other named executives were paid bonuses below the target levels in accordance with the terms of the Executive Plan.

Section 162(m) of Internal Revenue Code

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation in excess of \$1,000,000 paid to a company's chief executive officer and any one of the four other most highly paid executive officers during its taxable year. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. Based upon the compensation paid to Mr. Lipke and the

Company's other executive officers in 2001, it does not appear that the Section 162(m) limitation will have an impact on the Company in the near term. However, the Compensation Committee plans to review this matter periodically and to take such actions as are appropriate to minimize the impact of this statute, to the extent that there is no adverse effect on the Company's ability to provide incentive compensation based on Company financial performance.

COMPENSATION COMMITTEE OF THE
BOARD OF DIRECTORS OF
GIBRALTAR STEEL CORPORATION

Gerald S. Lippes
William P. Montague

AUDIT COMMITTEE REPORT

The Audit Committee currently consists of three directors, one of whom is not independent as defined in the listing standards of the National Association of Securities Dealers (NASD). Mr. Montague and Mr. Campbell are independent directors as defined by the rules of the National Association of Securities Dealers, Inc. Mr. Lippes is not an independent director within the meaning of those rules; however, there is no other member of the Board of Directors who is independent. Mr. Lippes' background and extensive business and financial experience both outside of his relationship with the Company and in connection with his past service on the Audit Committee have given him significant financial sophistication and knowledge. Therefore, the Board of Directors determined that it is in the best interest of the Company and its stockholders that Mr. Lippes continue to serve as a member of the Audit Committee, notwithstanding that he is not an independent director. A brief description of the responsibilities of the Audit Committee is set forth above under the caption "The Board of Directors and its Committees".

The Audit Committee has reviewed and discussed the Company's audited financial statements for the year ended December 31, 2001 with management of the Company. The Committee has discussed with PricewaterhouseCoopers LLP, the Company's independent auditors, the matters required to be discussed by Statement on Auditing Standards No. 61 *Communication with Audit Committees*, which relates to the conduct of the audit, including the auditor's judgment about the quality of the accounting principles applied in the Company's 2001 audited financial statements. The Committee also has reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board No. 1 *Independence Discussions with Audit Committees*, and has discussed with PricewaterhouseCoopers LLP its independence.

Based on the review and the discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2001 for filing with the Securities and Exchange Commission.
