Exhibit 99.1

On January 28, 2008, United Bancshares, Inc. issued the following release:

United Bancshares, Inc. (Nasdaq: UBOH news), a bank holding company headquartered in Columbus Grove, Ohio with consolidated assets of \$548 million, today announced fourth quarter and year end 2007 operating results and that the Board of Directors declared a dividend of \$0.15 per share to shareholders of record on February 28, 2008, payable on March 14, 2008. The declared quarterly dividend is a 7.1% increase over the Corporation's December 15, 2007 quarterly dividend of \$0.14 per share.

For the quarter ended December 31, 2007, United Bancshares, Inc. reported net income of \$1,213,000, or \$0.35 basic earnings per share. This compares to fourth quarter 2006 net income of \$1,204,000, or \$0.34 basic earnings per share.

Compared with the same period in 2006, fourth quarter 2007 net income increased \$9,000. The net income increase was primarily the result of an increase of \$240,000 in net interest income offset by increases of \$25,000 and \$27,000 in the provision for loan losses and non-interest expenses, respectively, and a decrease of \$176,000 in non-interest income.

Net income for the year ended December 31, 2007, totaled \$4,579,000, or \$1.30 basic earnings per share compared to net income of \$4,927,000, or \$1.37 basic earnings per share for 2006. Net income for the year ended December 31, 2007 decreased \$348,000, or 7.1%, as compared to 2006. The decrease in net income for the year was primarily the result of a decrease of \$193,000 in non-interest income and increases of \$285,000 and \$16,000 in the provision for loan losses and non-interest expenses, respectively, offset by a \$55,000 increase in net interest income and a \$91,000 decrease in the provision for income taxes.

Net interest income was \$4,548,000 in the fourth quarter of 2007 compared to \$4,308,000 for the same period of 2006, a \$240,000 (5.6%) increase. Net interest income was \$17,418,000 for the year ended December 31, 2007 compared to \$17,363,000 for 2006, a \$55,000 increase.

For the year ended December 31, 2007, the Corporation's efficiency ratio was 65.70% compared to 65.14% for 2006. Return on average assets for the year ended December 31, 2007 was 0.83% compared to 0.91% for 2006. Return on average equity for the year ended December 31, 2007 was 9.69% compared to 11.14% for 2006.

Quarterly Report

December 31, 2007

Dear Shareholders, Customers and Employees,

We are pleased with the Company's core earnings during the fourth quarter of 2007; the challenge will be to maintain these results going into 2008. Our loan delinquencies at the end of 2007 were at a level which we believe is acceptable. Another item that is worth pointing out is that non-interest expenses increased only \$16,000, or .1% in 2007 as compared to 2006.

We are pleased to report that during the past year the Company's loan balances grew \$24 million to approximately \$360 million, a 7.1% increase; that United was able to maintain its net interest margin at 3.63%; and that in January 2008 United's Board of Directors approved a \$0.15 per share dividend, a 7.1% increase as compared to 2007.

This past year has been an interesting year for the banking industry. The second half of 2007 brought a great deal of attention to sub-prime lending. We believe that despite our decision to avoid the risk associated with that type of lending and to continue our focus on core earnings growth, the national sub-prime market issues have had a negative impact on the stock price of United and many other financial institutions.

As we implement our plan for 2008 and forward, it remains our goal to increase shareholder value, offer sound banking services to our customers and offer a rewarding place of employment to our employees. You can be assured that your management and board will continue to endeavor to meet the demands that the current banking environment places on them. Your continued support of the institution is always appreciated.

Respectfully,

Daniel W. Schutt
