Item 8.01. Other Events.

CECO Environmental Corp. (the “Company”), in order to operate at a higher utilization rate and to increase operational efficiency, has determined to shift production in its North America facilities by scaling down the K&B Contracting Services and Fabrication production at its plant in Cincinnati, OH and migrating such production to its facilities in Louisville, Kentucky; Columbia, Tennessee; Greensboro, North Carolina; and Canton, Mississippi. The Company expects that such relocation of production from the Cincinnati facility to its other facilities will be completed by the end of September 2010. The Company expects to maintain the sales, engineering consulting and manufacturing operations of the Component Parts and KBD Technic divisions at the Cincinnati facility for twelve to fifteen months, which will then be moved to a new smaller facility, which has not yet been identified. The Company also intends to sell the Cincinnati facility. Upon the sale of the Cincinnati facility, it is anticipated that the Company’s Corporate, Human Resources, IT, Accounting and Finance divisions as well as the Cincinnati K&B Sales and Engineering team and support staff will relocate to a new location in Cincinnati, which also has not yet been identified.

This current report on Form 8-K contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements are based upon the current beliefs and expectations of the Company’s management and are subject to significant risks and uncertainties. Actual results may differ from those set forth in the forward-looking statements.
