FOR RELEASE: IMMEDIATE

AMERICAN ISRAELI PAPER MILLS LTD.
REPORTS FINANCIAL RESULTS FOR SECOND QUARTER AND SIX MONTHS

Hadera, Israel, August 9, 2005 - American Israeli Paper Mills Ltd. (ASE:AIP) (the "Company" or "AIPM") today reported financial results for the second quarter and first six months ended June 30, 2005.

Since the Company's share in the earnings of associated companies constitutes a material component in the Company's statement of income (primarily on account of its share in the earnings of Mondi Business Paper Hadera (Mondi Hadera) and Hogla-Kimberly (H-K) that were consolidated in the past, until the transfer of control over these companies to the international strategic partners), we also present the aggregate data which include the results of all the companies in the AIPM Group (including the associated companies whose results appear in the financial statements under "earnings from associated companies"), net of intercompany sales and irrespective of the percentage of holding.

Aggregate group sales in the first six months of 2005 (January - June 2005) totaled NIS 1,370.9 million compared with NIS 1,337.9 million in the corresponding period last year (January - June 2004). Aggregate sales in the second quarter of 2005 (April - June 2005) totaled NIS 685.1 million, compared with NIS 655.3 million in the corresponding quarter last year (April - June 2004).

The aggregate operating profit presented below for the first six months of this year and for the second quarter of the year does not include the extraordinary provision for doubtful debts, in the amount of NIS 10.6 million, that was recorded at H-K as a result of the collapse of H-K's client, the Club Market chain and the stay of proceedings that was approved by the District Court in July this year (as it is not part of the ongoing operations for the period).

Aggregate operating profit in the first six months of 2005 totaled NIS 65.3 million compared with NIS 106.0 million in the corresponding period last year.

Aggregate operating profit in the second quarter of 2005 totaled NIS 29.1 million, compared with NIS 49.6 million in the corresponding quarter last year.

The consolidated data below does not include the results of operations of Mondi Hadera, H-K, Carmel Container Systems and TMM Integrated Recycling industries, which are included in the Company's share in results of associated companies.

Consolidated sales in the first six months of 2005 totaled NIS 240.0 million

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

compared with NIS 238.2 million in the corresponding period last year. Consolidated sales in the second quarter of the year totaled NIS 118.3 million, compared with NIS 119.1 million in the corresponding quarter last year.

Operating profit in the first six months of 2005 totaled NIS 25.8 million compared with NIS 27.3 million in the corresponding period last year. Operating profit in the second quarter of 2005 totaled NIS 11.3 million, compared with NIS 13.8 million in the corresponding quarter last year.

Net profit before non-recurring items totaled NIS 23.1 million during the reported period, as compared with NIS 32.4 million in the corresponding period last year.

Due to the collapse of the Club Market chain, which has entered a stay of proceedings, H-K has recorded a net non-recurring loss (after taxes) of NIS 7 million, of which the Company's share amounts to a net sum of NIS 3.5 million, thereby bringing the reported net income during the reported period to NIS 19.5 million.

Net profit during the reported period does not include the impact of the tax law reforms, that were passed by the Knesset on July 27, 2005, that serve to gradually lower the corporate tax rate to a level of 25% by 2010. The derived tax benefit will be recorded in the third quarter of the year and is estimated at NIS 9 million (including the Company's share in the benefit at the associated companies).

During the corresponding period last year, extraordinary income in the amount of NIS 10.2 million was recorded in the Company's financial statements, on account of a tax benefit (including the Company's share in the benefit at the associated companies), originating from the change in deferred taxes due to the lowering of tax rate, that became effective in June 2004.

Earnings per share (EPS) (before non-recurring gains) in the first six months of 2005 totaled NIS 5.70 (\$1.25 per share) compared with NIS 8.01 (\$1.78 per share) for the corresponding period last year.

Earnings per share (EPS), before non-recurring items, in the second quarter this year totaled NIS 2.23 per share (\$0.49 per share), as compared with NIS 3.70 share in the corresponding quarter last year (\$0.82 per share).

The inflation rate in the first six months of 2005 was 0.5% as compared with an inflation rate of 1.4% in the corresponding period last year.

The exchange rate of the NIS was devaluated against the U.S. dollar in the first six months of 2005 by approximately 6.2% as compared with a devaluation of 2.7% in the corresponding period last year.

Mr. Avi Brener, Chief Executive Officer of the Company, said that the first half of 2005 was characterized by a slowdown in the growth rate of the Israeli economy in relation to 2004 - a slowdown that was expressed by lower domestic demand and deteriorating terms of trade.

The trend of rising energy prices that began in 2004 grew even more acute in 2005, in all the input types used by the Group as compared with the corresponding period last year (including fuel oil - an increase of 30%, diesel - 33% and electricity - 15%). The effect of these higher prices in annual terms represents an additional annual expenditure of NIS 30 million.

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

Furthermore, the prices of all main raw materials used by the Group companies in their various operations also continued to grow - including pulp, fluff (pulp for absorbent products) and absorbent materials for diapers (SAP).

The above-mentioned extraordinary price hikes, coupled with the surplus supply of low-priced paper imports, harmed the Group's results during the reported period, in relation to the corresponding period last year.

Due to this rise in the input prices, the Group accelerated its efficiency programs in all companies, operating intensively across all expense areas - in parallel to maintaining the quality of products and the market shares.

In addition, the Group raised the selling prices of its products, albeit only partially and not to the extent warranted by the higher input prices - due to the economic conditions outlined above, the lower demand and the escalating competition.

These efficiency measures, together with the higher prices, rendered it possible to significantly reduce the heavy impact of the rising input prices on the results.

An enterprise-wide comprehensive program was formulated during the current quarter, intended to exploit all of the Group's business and managerial capabilities, for the purpose of gradually improving the profitability.

As part of the Company's endeavors for cutting manufacturing costs and for additional environmental improvements, the Company is continuing to promote the energy-cogeneration plant project in Hadera, based on natural gas.

The Company's share in the earnings of associated companies (before non recurring items) in the reported period amounted to NIS 8.1 million compared with NIS 17.2 million in the corresponding period last year.

The following principal changes were recorded in the Company's share in the earnings of the main associated companies, in relation to the corresponding period last year (before non-recurring items):

- The Company's share in the net income of Mondi Hadera (49.9%) decreased by NIS 5.3 million. Most of the change in the net income is attributable to the decrease in operating income over the years, as a result of the rebuild of the paper machine this year. The massive rebuild that intended to increase the output of the machine and improve the quality of the paper, required shutdown during the rebuild and was accompanied by a learning curve, as is normal during such a significant project. The full expected benefit of this rebuild will be reflected later this year and in 2006. Also, the unusual increase in raw material, energy and water prices adversely affected the profitability of Mondi Hadera. Mondi Hadera is continuing to raise its prices as much as possible considering the market condition both in Europe and Israel and is further expanding its cost-cutting efforts.
- The Company's share in the net income of H-K Israel (49.9%) grew by NIS 0.7 million (not including the allowance due to Club Market). The implementation

of the efficiency program at Hogla Kimberly, in conjunction with higher prices, served to compensate for the sharp rise in input prices (raw materials and energy) and improved the operating income in the second quarter of the year.

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

A net loss of NIS 3.5 million was recorded in the second quarter of the year, on account of AIPM's share in the additional provision for doubtful debts that was recorded by Hogla Kimberly on account of the debt of Club Market.

- The Company's share in the net income of Ovisan (Turkey) (49.9%) decreased by NIS 1.9 million. Ovisan is continuing its preparation for the expansion of operations in the Turkish market and for the introduction of Kimberly Clark's international premium brands into the Turkish market, within the framework of the multi-annual strategic program that is in its final stages of formulation at this time (in partnership with Kimberly Clark). In this capacity, the local management team was reinforced, to enable the realization of this plan. The said plan is intended to begin toward the end of 2005 and will continue into 2006.

The Company's share in the earnings of associated companies - including non-recurring items - amounted to NIS 4.5 million in the reported period, after a deduction of NIS 3.5 million, representing AIPM's share in the losses of H-K - due to Club Market. It is not including the Company's share in the tax benefit from the tax reform of 2005 (see above) that is expected to be recorded in the third quarter this year at the various companies. AIPM's share in the tax benefit is expected to amount to NIS 4 million. In the corresponding period last year, the Company's share included a sum of NIS 4.4 million, as AIPM's share in the tax benefit recorded at the companies following the tax reform of 2004.

A total of 3,446 shares were issued during the reported period (0.1% dilution), as a result of the exercise of 12,520 option warrants as part of the Company's employee stock option plans.

The Company recently acquired a plot of land of 21.5 acres, next to its Hadera plant, for a purchase price of \$4.4 million.

In July 2005, Carmel Container Systems Ltd. - an associated company - completed its delisting and deregistration process from the US stock exchange.

This report contains various forward-looking statements based upon the Board of Directors' present expectations and estimates regarding the operations of the Group and its business environment. The Company does not guarantee that the future results of operations will coincide with the forward-looking statements and these may in fact differ considerably from the present forecasts as a result of factors that may change in the future, such as changes in costs and market conditions, failure to achieve projected goals, failure to achieve anticipated efficiencies and other factors which lie outside the control of the Company. The Company undertakes no obligation for publicly updating the said forward-looking statements, regardless of whether these updates originate from new information, future events or any other reason.

AMERICAN ISRAELI PAPER MILLS LTD.
SUMMARY OF RESULTS
(UNAUDITED)
NIS IN THOUSANDS
EXCEPT PER SHARE AMOUNTS

SIX MONTHS ENDED JUNE 30,

2005

2004

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

	====	====
Net sales	240,041	238,244
Net earnings	19,541*	42,630*
Earnings per share	4.83*	10.53*

THREE MONTHS ENDED JUNE 30,

	2005 ====	2004 ====
Net sales	118,263	119,062
Net earnings	5,510*	25,195*
Earnings per share	1.36*	6.22*

* The net earnings of the 6 months and 3 months ended June 30, 2005 include a non-recurring loss in the sum of NIS 3.5 million on account of AIPM's share in Hogla-Kimberly's loss regarding Club-Market, and does not include tax benefit in the sum of about NIS 9 million on account of the new tax reform in Israel. This income will be recorded in the third quarter of 2005.

The net earnings of the 6 months and 3 months ended June 30, 2004 include a non-recurring tax benefit of about NIS 10.2 million.

EXHIBIT 2

August 9, 2005

MANAGEMENT DISCUSSION

We are honored to present the consolidated financial statements of the American Israeli Paper Mills Ltd. Group ("AIPM") for the first six months of 2005.

A. A SUMMARIZED DESCRIPTION OF THE GROUP AND ITS BUSINESS ENVIRONMENT

1. GENERAL

AIPM deals in the manufacture and sale of paper, in the recycling of paper waste and in the marketing of office supplies - through subsidiaries. The Company also holds associated companies that deal in the manufacture and marketing of fine paper, in the manufacture and marketing of household paper products, hygiene products, disposable diapers and complementary kitchen products, corrugated board containers, packaging for consumer goods and the handling of solid waste.

The company's securities are traded on the Tel Aviv Stock Exchange and on the American Stock Exchange (AMEX).

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

2. THE BUSINESS ENVIRONMENT

The first half of 2005 was characterized by a slowdown in the growth rate of the Israeli economy in relation to 2004 - a slowdown that was expressed by lower domestic demand and deteriorating terms of trade.

The continuing structural problems in the European economy resulted in the continued recession, while the changes in the Chinese economy have even exacerbated this trend. Consequently, also due to the surplus manufacturing capacity in Europe (created as a result of anticipated growth, resulting in surplus supply as opposed to low demand), low-priced competing imports are arriving in Israel, constituting a price barrier against the Group's products in Israel.

The weakening euro in the second quarter of 2005 resulted in an erosion of selling prices in exports (fine paper exports are made primarily to Europe) and lowering of prices of competing imports.

The trend of rising energy prices that began in 2004 grew even more acute in 2005, in all the input types used by the Group (including fuel oil, diesel and electricity). Diesel prices for transportation and fuel oil average prices rose by over 30% during the reported period (January-June 2005) as compared with the corresponding period last year (January-June 2004), while electricity prices rose by approximately 15%. The effect of these higher prices in annual terms represents an additional annual expenditure of NIS 30 million.

2

Furthermore, the prices of all main raw materials used by the Group companies in their various operations also continued to rise - including pulp, fluff (pulp for absorbent products) and absorbent materials for diapers (SAP).

The above-mentioned extraordinary price hikes, coupled with the surplus supply of low-priced paper imports, harmed the Group's results during the reported period, in relation to the corresponding period last year.

Due to the said rise in the input prices, the Group accelerated its efficiency programs in all companies, operating intensively across all expense areas - in parallel to maintaining quality of products and market shares.

In addition, the Group raised the selling prices of its products, albeit only partially and not to the extent warranted by the higher input prices - due to the economic conditions outlined above, the lower demand and the escalating competition.

The said efficiency measures, together with the higher prices, rendered it possible to significantly reduce the heavy impact of the rising input prices on the results.

Concurrently, an enterprise-wide comprehensive program was formulated during the current quarter, intended to exploit all of the Group's business and managerial capabilities, for the purpose of gradually improving the profitability.

As part of the company's endeavors for cutting manufacturing costs and

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

for additional environmental improvements, the company is continuing to promote the energy-cogeneration plant project in Hadera, based on natural gas.

The company is initially preparing for the conversion of its energy-cogeneration systems from the use of fuel oil to natural gas, once the transportation infrastructure of natural gas to Hadera is completed.

In this capacity, the company signed an agreement with Thetis Sea Group on July 29, 2005, for the purchase of natural gas (see below).

The exchange rate of the shekel (NIS) vis-a-vis the US dollar was devaluated by approximately 6.2% during the reported period, as compared with a devaluation of 2.7% during the corresponding period last year.

The inflation rate during the reported period amounted to 0.5%, as compared with an inflation rate of 1.4% in the corresponding period last year.

B. RESULTS OF OPERATIONS

1. AGGREGATE DATA

Since the Company's share in the earnings of associated companies constitutes a material component in the company's statement of income (primarily on account of its share in the earnings of Mondri Business Hadera Paper Ltd. [Mondi Hadera] and Hogla-Kimberly that were consolidated in the past, until the transfer of control over these companies to the international strategic partners), we present the aggregate data which also include the results of all the companies in the AIPM Group (including the associated companies whose results appear in the financial statements under "earnings from associated companies"), net of mutual sales and without considering the rate of holding.

3

The aggregate sales amounted to NIS 1,370.9 million during the reported period, as compared with NIS 1,337.9 million in the corresponding period last year.

The aggregate sales in the second quarter amounted to NIS 685.1 million, as compared with NIS 655.3 million in the corresponding quarter last year.

The aggregate operating profit totaled NIS 65.3 million during the reported period, as compared with NIS 106.0 million in the corresponding period last year.

The aggregate operating income in the second quarter of the year totaled NIS 29.1 million, as compared with NIS 49.6 million in the corresponding quarter last year.

The operating income presented above for the reported period this year and for the second quarter of the year does not include the extraordinary provision for doubtful debts, in the amount of NIS 10.6 million, that was recorded at Hogla Kimberly as a result of the collapse of the Club Market chain and the stay of proceedings that was approved by the District Court in July this year (since they do not form part of the ongoing operations for the period).

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

2. CONSOLIDATED DATA

The information set forth below does not include the results of operation of Mondi Hadera, Hogla-Kimberly, Carmel and TMM Integrated Recycling Industries.

The sales during the reported period amounted to NIS 240.0 million, as compared with NIS 238.2 million in the corresponding period last year.

The sales in the second quarter of the year (April-June 2005) totaled NIS 118.3 million, as compared with NIS 119.1 million in the corresponding quarter last year (April-June 2004).

The operating income totaled NIS 25.8 million during the reported period, as compared with NIS 27.3 million in the corresponding period last year.

The operating income in the second quarter of the year totaled NIS 11.3 million, as compared with NIS 13.8 million in the corresponding quarter last year.

The profit after taxes and before the Company's share in the earnings of associated companies (before the influence of non recurring items) for the reported period, amounted to NIS 15.0 million, as compared with NIS 15.2 million during the corresponding period last year.

3. NET PROFIT AND EARNINGS PER SHARE

The net profit before non-recurring items totaled NIS 23.1 million during the reported period, as compared with NIS 32.4 million in the corresponding period last year.

4

Due to the collapse of the Club Market chain, which has entered a stay of proceedings, Hogla Kimberly, an associated company, has recorded a net non-recurring loss (after taxes) of NIS 7 million, of which the company's share amounts to a net sum of NIS 3.5 million, thereby bringing the reported net income during the reported period to NIS 19.5 million.

The net income during the reported period does not include the impact of the tax law reforms, that were passed by the Knesset on July 27, 2005, that serve to gradually lower the corporate tax rate to a level of 25% by 2010. The derived tax benefit will be recorded in the third quarter of the year and is estimated at NIS 9 million (including the company's share in the benefit at the associated companies).

During the corresponding period last year, extraordinary income in the amount of NIS 10.2 million was recorded in the company's financial statements, on account of the tax benefit (including the company's share in the benefit at the associated companies), originating from the change in deferred taxes due to the lowering of tax rate that became effective in June 2004.

Earnings per share (EPS), before non-recurring items, in the reported period this year totaled NIS 570 per NIS 1 par value (\$1.25 per share), as compared with NIS 801 per NIS 1 par value in the corresponding period last year (\$1.78 per share).

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

Earnings per share (EPS), before non-recurring items, in the second quarter this year totaled NIS 223 per NIS 1 par value (\$0.49 per share), as compared with NIS 370 per NIS 1 par value in the corresponding quarter last year (\$0.82 per share).

The return on shareholders' equity in annual terms, before non-recurring items, amounted to 8.0% during the reported period, as compared with 10.6% in the corresponding period last year.

C. ANALYSIS OF OPERATIONS AND PROFITABILITY

The analysis set forth below is based on the consolidated data.

1. SALES

The consolidated sales during the reported period amounted to NIS 240.0 million, as compared with NIS 238.2 million in the corresponding period last year.

The growth in sales in relation to the corresponding period last year originated from a certain improvement in selling prices and quantitative growth in the domestic market, that was partially offset by a decrease in exports.

2. COST OF SALES

The cost of sales amounted to NIS 187.7 million - or 78.2% of sales - during the reported period, as compared with NIS 183.4 million - or 77% of sales - in the corresponding period last year.

5

The gross margin as a percentage of sales reached 21.8% during the reported period, as compared with 23.0% in the corresponding period last year.

The decrease in the gross margin originated primarily from an increase in raw material prices (15% in paper waste), coupled with an unusual increase in energy prices (30% in fuel oil and 15% in electricity), as well as water prices (9%) and was partially offset by quantitative growth in the sale of paper waste, higher selling prices and the continuing efficiency processes in all areas of operation.

Labor Wages

Wages in the cost of sales and in the selling, general and administrative expenses amounted to NIS 73.7 million in the reported period, as compared with NIS 72.4 million in the corresponding period last year.

The change in the cost of wages in relation to the corresponding period represents savings in personnel on the one hand, coupled with a nominal 3% increase in wages, on the other hand.

3. SELLING, GENERAL AND ADMINISTRATIVE EXPENSES

The selling, general and administrative expenses (including wages) amounted to NIS 26.5 million in the reported period - or 11.1% of sales - as compared with NIS 27.5 million - or 11.6% of sales - in the

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

corresponding period last year. The decrease in the selling, general and administrative expenses originated from actions intended to bring about savings and efficiency, coupled with the impact of the decrease in export volumes on the selling expenses.

4. OPERATING INCOME

The operating profit totaled NIS 25.8 million during the reported period (10.7% of sales), as compared with NIS 27.3 million (11.5% of sales) in the corresponding period last year.

5. FINANCIAL EXPENSES

The financial expenses during the reported period amounted to NIS 4.3 million, as compared with NIS 4.5 million in the corresponding period last year.

The total average of the company's net, interest-bearing liabilities grew by approximately NIS 40 million, as a comparison between the periods. The growth originated from the payment of NIS 100 million in dividends in September 2004, net of the positive cash flows for the period.

Moreover, the cost of the transaction for hedging the Series 2 notes against a rise in the CPI has risen to 1.3% per annum in 2005, as compared with 0.92% per annum in 2004 and resulted in an increase in costs related to the notes.

On the other hand, the decrease in the average interest rate, due to the decreasing interest rate in the Israeli market, and the higher devaluation this year (that served to increase the revenues from the company's dollar-denominated assets) resulted

6

in the fact that the financial expenses did not grow this year in relation to the corresponding period last year.

6. TAXES ON INCOME

Taxes on income from current activities amounted to NIS 6.5 million in the reported period, as compared with NIS 7.7 million in the corresponding period last year.

The principal items responsible for the decrease in tax expenses during the reported period in relation to the corresponding period last year include the decrease in pre-tax earnings this year and the decrease in tax rates that was determined last year.

The tax expenditures this year do not include the impact of the tax reforms that was passed by the Knesset in July this year (regarding the gradual decrease of the corporate tax rate to 25% by 2010). The estimated tax benefit for the company amounts to NIS 5 million (excluding the company's share in the benefit at associated companies) and will be recorded in the third quarter this year.

A tax benefit of NIS 5.8 million was recorded during the corresponding period last year on account of the impact of the corporate tax change last year on the company's deferred taxes. Subsequent to this benefit deduction from the tax expenses last year, the reported tax expenses

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

last year amounted to only NIS 1.9 million.

7. COMPANY'S SHARE IN EARNINGS OF ASSOCIATED COMPANIES

The companies whose earnings are reported under this item (according to AIPM's holdings therein), include primarily: Mondi Hadera, Hogla-Kimberly, Carmel and TMM.

The Company's share in the earnings of associated companies (before non-recurring items) totaled NIS 8.1 million during the reported period, as compared with NIS 17.2 million in the corresponding period last year.

The following principal changes were recorded in the Company's share in the earnings of associated companies, in relation to the corresponding period last year (before non-recurring items):

- The Company's share in the net income of Mondi Hadera (49.9%) decreased by NIS 5.3 million. Most of the change in the net income originates from the decrease in operating income over the years, as a result of the rebuild of the paper machine this year. The massive rebuild intended to improve the output of the machine and the quality of the paper, required shut-down during the rebuild and was accompanied by a learning curve, as is normal during such a significant project. The full impact of this rebuild will be reflected later this year and in 2006.

Also, the unusual increase in raw material, energy and water prices adversely affected the profitability of Mondi Hadera.

The economic slowdown in Europe is creating a constant erosion of prices and low-priced import of paper. This renders it difficult for Mondi Hadera to raise prices, as warranted from the said rise in input price - both on the local and

7

especially in export markets. Mondi Hadera is nevertheless continuing to raise its prices and is further expanding its cost-cutting efforts.

In parallel, Mondi Hadera is focusing intensive efforts in product development and in creating differentiation as opposed to import products - that will result in a gradual increase of the premium on products.

- The company's share in the net income of Hogla Kimberly Israel (49.9%) grew by NIS 0.7 million (not including the allowance due to Club Market affair). The implementation of the efficiency program at Hogla Kimberly, in conjunction with higher prices, served to compensate for the sharp rise in input prices (raw materials and energy) and improved the operating income in the second quarter of the year.

A net loss of NIS 3.5 million was recorded in the second quarter of the year, on account of AIPM's share in the additional provision for doubtful debts that was recorded by Hogla Kimberly on account of the debt of Club Market that is in a stay of proceedings.

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

- The Company's share in the net income of Ovisan (Turkey) (49.9%) decreased by NIS 1.9 million. Ovisan is continuing its preparation for the expansion of operations in the Turkish market and for the introduction of Kimberly Clark's international premium products into the Turkish market, within the framework of the multi-annual strategic program that is in its final stages of formulation these very days (in partnership with Kimberly Clark). In this capacity, the local management team was reinforced, to enable the realization of the said plan. The said plan is intended to begin toward the end of 2005 and will continue into 2006, including the introduction of the Kotex(R) line of feminine hygiene products, Huggies(R) diapers and Kleenex(R) paper products.
- The Company's share in the net earnings of the Carmel Group (26.25%) fell by NIS 1.2 million, due to the decrease in the operating income, coupled with an increase in financial expenses during the reported period (due to devaluation differentials). The decrease in operating income originated primarily from the sharp rise in raw material prices, that affected primarily the first quarter of the year and that was only partially offset by the raising of selling prices, in view of the escalating competition in the corrugation market.
- The Company's share in the TMM net earnings (41.6%) decreased by NIS 1.9 million. TMM recorded an operating loss during the reported period due to the significant increase in transportation costs (originating from the significant rise of 33% in average diesel prices in relation to the corresponding period last year), together with lower revenues due to the need to offer discounts (given the fierce competition in waste removal, as a result of the surplus transportation capacity in the economy). The said increase in diesel prices was not compensated for in the selling prices, due to the fact that most of the agreements are linked to the Consumer Price Index (CPI), that rose by only 0.5% this year. The company deals intensively in comprehensive efficiency measures, along with earnest efforts to obtain appropriate compensation on account of the extraordinary increase in diesel prices.

8

The company's share in the earnings of associated companies - including non-recurring items - amounted to NIS 4.5 million in the reported period, after a deduction of NIS 3.5 million, representing AIPM's share in the losses of Hogla Kimberly, due to Club Market.

The company's share in the earnings of associated companies during the reported period, does not include AIPM's share in the tax benefits that are expected to be recorded in the third quarter this year at the various companies, following the lowering of the corporate tax rate that was passed by the Knesset in July this year. The influence is expected to amount to NIS 4 million (AIPM's share). During the corresponding period last year, the company's share in the earnings of associated companies including a sum of NIS 4.4 million, as AIPM's share in the tax benefit recorded at the companies following the tax reform of 2004. Consequently, the company's share in the earnings of associated companies - including non-recurring items - amounted to NIS 21.6 million during the corresponding period.

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

D. LIQUIDITY AND INVESTMENTS

1. ACCOUNTS RECEIVABLE - TRADE

Accounts Receivable, as at June 30, 2005, amounted to NIS 149.0 million, as compared with NIS 146.9 million at June 30, 2004. The higher accounts receivable balance is attributed primarily to the growth in the volume of operations.

2. CASH FLOWS

The cash flows from operating activities amounted to NIS 45.2 million during the reported period this year, as compared with NIS 19.8 million in the corresponding period last year (this year: NIS 67.0 million including dividend received from an associated company). The improvement in the cash flows from operating activities during the reported period originated primarily from a decrease in the operating working capital. Part of the said decrease in operating working capital originates from sums that were supposed to be obtained at the end of 2004 and were obtained in early 2005.

3. INVESTMENTS IN FIXED ASSETS

The investments in fixed assets amounted to NIS 23.0 million during the reported period, as compared with NIS 12.1 million during the corresponding period last year, and included investments in land, storage and compaction equipment, in compactors, in machines, equipment and transportation equipment.

4. FINANCIAL LIABILITIES

The long-term liabilities (including current maturities) amounted to NIS 263.9 million as at June 30, 2005, as compared with NIS 270.9 million as at June 30, 2004.

The long-term liabilities include primarily two series of debentures:

9

Series 1 - NIS 26.8 million, for repayment until 2009.

Series 2 - NIS 202.2 million, for repayment between 2007 and 2013.

The balance of short-term credit, as at June 30, 2005, amounted to NIS 28.5 million, as compared with NIS 135.5 million at June 30, 2004. The positive cash flows for the period and the withdrawal of deposits (due to the lower credit interest rate) served for the payment of NIS 100 million in dividends and for the reduction of short-term credit.

E. EXPOSURE AND MANAGEMENT OF MARKET RISKS

Pursuant to the Management Discussion dated December 31, 2004, which outlined the essence of the exposure and management of market risks, as set forth by the board of directors, the following is an update, true to June 30, 2005:

The Company possesses CPI-linked liabilities in the net overall sum of NIS 222 million, with the interest thereupon being no higher than the market interest rate. In the event that the inflation rate shall rise significantly, a loss may be recorded in the Company's financial

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

statements, due to the surplus of CPI-linked liabilities. The company consequently entered into a forward transaction, with a term of one year - until the end of 2005, to hedge a sum of NIS 200 million against a rise in the CPI (at a cost of 1.3% per annum).

REPORT OF LINKAGE BASES

The following are the balance sheet items, according to linkage bases, as at December 31, 2004 and updated for June 30, 2005:

ASSOCIATED COMPANIES

AIPM is exposed to various risks associated with operations in Turkey,

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

where Hogla-Kimberly is active through its subsidiary, Ovisan. These risks originate from concerns regarding economic instability and elevated interest rates, that characterized the Turkish economy in the past and that may recur and harm the Ovisan operations.

F. FORWARD-LOOKING STATEMENTS

This report contains various forward-looking statements, based upon the Board of Directors' present expectations and estimates regarding the operations of the Group and its business environment. The Company does not guarantee that the future results of operations will coincide with the forward-looking statements and these may in fact considerably differ from the present forecasts as a result of factors that may change in the future, such as changes in costs and market conditions, failure to achieve projected goals, failure to achieve anticipated efficiencies and other factors which lie outside the control of the company. The Company undertakes no obligation to publicly update such forward-looking statements, regardless of whether these updates originate from new information, future events or any other reason.

G. DONATIONS AND CONTRIBUTIONS

The AIPM Group, within the framework of its business and social commitment, invests efforts and funds in community assistance and support, while focusing on providing help to the weaker echelons of Israeli society - primarily teenagers - as part of a desire to build and contribute to shaping the human fabric of Israeli society.

11

As part of this policy, the company makes contributions to various institutions that are active in the said areas, while also participating, through its employees, in volunteering work in the community, for promoting these same objectives.

Moreover, a sum totaling NIS 105 thousand was granted for student scholarships and for a project this year, through the Shenkar Foundation, that was established by the company together with its Austrian strategic partner in Mondri Hadera.

H. UPDATE REGARDING THE DESCRIPTION OF THE COMPANY'S BUSINESS IN THE PERIODICAL REPORT FOR 2004

- o On July 29, 2005, the company signed an agreement in London with the Thetis Sea Group, for the purchase of natural gas. The gas that will be purchased is intended to serve the Company's needs in the coming years, for the operation of its energy co-generation plant at the Hadera plant that will be converted for the use of natural gas, instead of the current use of fuel oil. The overall financial volume of the transaction totals \$40 million over the term of the agreement (5 years from the initial supply of gas, but no later than July 1, 2011).
- o Due to the collapse of the Club Market chain, that entered into a stay of proceedings in July this year, an associated company - Hogla Kimberly - recorded an additional provision for doubtful debts, in the amount of NIS 10.6 million. The total provision amounts to 75% of the debt. This provision, net of the tax influence, led to a net non-recurring loss of NIS 7 million at Hogla Kimberly, of which AIPM's share totals a net sum of NIS 3.5 million.

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

I. GENERAL

- o 3,466 shares were issued during the reported period (0.1% dilution), on account of the exercise of 12,520 option warrants as part of the Company's employee option plans.
- o The company recently acquired a land plot of 21.5 acres, next to its Hadera plant, in return for about \$4.4 million.
- o In July 2005, Carmel Container Systems Ltd. - an associated company - completed its delisting process from the US Stock Exchange.

AMERICAN ISRAELI PAPER MILLS LTD.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

AT JUNE 30, 2005

(Unaudited)

NOTE 1 - GENERAL

- a. The interim financial statements as of June 30, 2005 and for the six and three month periods then ended (hereafter - the interim financial statements) were drawn up in condensed form, in accordance with Accounting Standard No. 14 of the Israel Accounting Standards Board (hereafter - the IASB) and in accordance with the Securities (Preparation of Periodic and Immediate Financial Statements) Regulations, 1970.
- b. The accounting principles applied in preparation of the interim statements are consistent with those applied in the annual financial statements, except for the change in the accounting treatment applied to taxes on income as detailed in note 3; nevertheless, the interim statements do not include all the information and explanations required for the annual financial statements.

Costs unevenly incurred during the year are brought forward or deferred for interim reporting purposes if, and only if, such costs may be brought forward or deferred in the annual reporting.

- c. The company draws up and presents its financial statements in Israeli currency (hereafter -NIS) in accordance with the provisions of Accounting Standard No.12 -"Discontinuance of Adjusting Financial Statements for Inflation"-of the IASB, which set transitory provisions for financial reporting on a nominal basis, commencing January 1,2004. Accordingly, the amounts of non-monetary assets, mainly fixed assets and other assets (including depreciation and amortization in respect of those assets), and the shareholders' equity components included in the financial statements, originating from the period that preceded the transition date, are based on their adjusted to December 2003 shekel amount.

Following are the changes in exchange rate of the dollar and in the Israeli consumer price index (the "CPI"):

EXCHANGE RATE OF THE DOLLAR	CPI
-----	---
%	%
-----	---

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

Increase (decrease) in the six months ended June 30:

	2005	6.2	0.5
	2004	2.7	1.4

Increase (decrease) in the three months ended June 30:

	2005	4.9	1.1
	2004	(0.7)	1.5

Increase in the year ended December 31, 2004 (1.6) 1.2

The dollar exchange rate as of June 30, 2005 is: \$1=NIS 4.574

NOTE 2 - TAXES ON INCOME

- a. On June 29, 2004, the Israeli Parliament (the "Knesset") passed the second and third readings of the Income Tax Ordinance Amendment (No. 140 and Ad Hoc Provision) Law, 2004 (hereafter - the 2004 Amendment), which was published in the Official Gazette of the Government of Israel on July 11, 2004. The 2004 Amendment provided for the gradual reduction - commencing from January 1, 2004 - in the rate of corporate tax from 36% to 30%, in the following manner: the rate for 2004 would be 35%, in 2005 - 34%, in 2006 - 32%, and in 2007 and thereafter - 30%.

As a result of the amendment the tax expenses in the statement of income (regarding deferred taxes) were reduced by NIS 5,824 millions in the second quarter of 2004.

AMERICAN ISRAELI PAPER MILLS LTD.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

AT JUNE 30, 2005

(Unaudited)

NOTE 2 - TAXES ON INCOME-cont.

- b. On July 25, 2005, the Israeli Parliament (the "Knesset") passed the second and third readings of the proposed Income Tax Ordinance Amendment (No. 147 and Ad Hoc Provision) Law, 2005 (hereafter - the 2005 Amendment). The 2005 Amendment further reduces the corporate tax rates stipulated under the 2004 amendment, and provides for the gradual reduction - commencing from January 1, 2006 - in the following manner: the rate for 2006 will be 31%, in 2007 - 29%, in 2008 - 27%, in 2009 - 26%, and in 2010 and thereafter - 25%.

As a result of the 2005 Amendment, the Company's income tax expenses are expected to decrease by about NIS 5 million (based on the deferred tax balances as of June 30, 2005), be carried to income in the third quarter of 2005.

- c. Accounting changes Accounting Standard No.19

Commencing in the financial statements for the 3-month period ended March 31, 2005, the company implements Israel Accounting Standard No.19 - "Taxes on Income" of the IASB, which came into effect on January 1, 2005. This Standard prescribes the accounting treatment (recognition criteria, measurement, presentation and disclosure) required for taxes on income.

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

For the most part, the provisions of this standard are the same as the accounting principles that were applied before the application of the new standard. The adoption of this standard does not have any effect on the company's financial statements in the reported periods.

In August 2005, the Israel Accounting Standards Board issued Israel Accounting

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

Standard No. 22 - "Financial Instruments: Disclosure and Presentation", which is based on International Accounting Standard No. 32. This standard prescribes the rules for the presentation of financial instruments and the proper disclosure required therefor. The standard sets forth the rules for classifying financial instruments, the rules for splitting and classifying compound financial instruments and the rules for offsetting financial assets and financial liabilities. The standard also prescribes the rules for classifying interest, dividends, losses and gains relating to financial instruments.

This accounting standard applies to financial statements for periods commencing on or after January 1, 2006. The standard is to be applied prospectively and, accordingly, comparative data that are presented in the financial statements for periods commencing from the effective date of the standard will not be re-presented. Financial instruments issued before the standard's effective date are to be classified and presented in conformity with the provisions of the standard from its effective date. Compound financial instruments (that include both an equity component and a liability component), which were issued in periods prior to the standard's effective date, and which had not yet been converted or redeemed at that date, are to be classified according to their component parts and are to be presented in conformity with the provisions of the standard, commencing from the effective date of the standard.

When the standard becomes effective, Opinion 48 - "Accounting Treatment of Option Warrants", and Opinion 53 - "Accounting Treatment of Convertible Liabilities" will be revoked.

The Company is currently assessing the implications of implementing this standard on its financial statements in future periods.

NOTE 5 - SUBSEQUENT EVENT

In July 2005, the Club Market chain, a costumer of an associated company - Hogla Kimberly, filed to the District Court in Tel-Aviv a request for stay of proceedings. The request was approved until August 17, 2005. Therefore, Hogla Kimberly made an additional provision for doubtful debts in the sum of NIS 10.6 million.

The Company's share in the additional provision, net (after tax), totaled in a loss of NIS 3.5 million, that is included in the financial statements under share in profits of associated companies (in the second quarter and acumulated), according to the provisions of Israel Accounting Standard No. 7 - "Subsequent event".

The Board of Directors of
Mondi Business Paper Hadera Ltd.

RE: REVIEW OF UNAUDITED CONDENSED INTERIM CONSOLIDATED
FINANCIAL STATEMENTS FOR THE SIX MONTHS AND THREE MONTHS ENDED JUNE 30, 2005

Gentlemen:

At your request, we have reviewed the condensed interim consolidated financial statements ("interim financial statements") of Mondi Business Paper Hadera Ltd. ("the Company") and its subsidiaries, as follows:

- Balance sheet as of June 30, 2005.
- Statements of operations for the six months and three months ended June 30, 2005.
- Statements of changes in shareholders' equity for the six months and three months ended June 30, 2005.
- Statements of cash flows for the six months and three months ended June 30, 2005.

Our review was conducted in accordance with procedures prescribed by the Institute of Certified Public Accountants in Israel. The procedures included, inter alia, reading the aforementioned interim financial statements, reading the minutes of the shareholders' meetings and meetings of the board of directors and its committees, and making inquiries with the persons responsible for financial and accounting affairs.

Since the review that was performed is limited in scope and does not constitute an audit in accordance with generally accepted auditing standards, we do not express an opinion on the aforementioned interim financial statements.

In performing our review, nothing came to our attention, which indicates that material adjustments are required to the aforementioned interim financial statements for them to be deemed financial statements prepared in conformity with generally accepted accounting principles in Israel and in accordance with the Israeli Securities Regulations (Periodic and Immediate Reports), 1970.

5

MONDI BUSINESS PAPER HADERA LTD. AND SUBSIDIARIES
NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED
FINANCIAL STATEMENTS AS OF JUNE 30, 2005

NOTE 1 - BASIS OF PRESENTATION

The unaudited condensed interim consolidated financial statements as of June 30, 2005 and for the six months and three months then ended ("interim financial statements") of Mondri Business Paper Hadera Ltd. ("the Company") and subsidiaries should be read in conjunction with the audited consolidated financial statements of the Company and subsidiaries as of December 31, 2004 and for the year then ended, including the notes thereto. In the opinion of management, the interim financial statements include all adjustments necessary for a fair presentation of the financial position and results of operations as of the dates and for the interim periods presented. The results of operations for the interim periods are not necessarily indicative of the results to be expected on a full-year basis.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. GENERAL

The interim financial statements have been prepared in conformity with generally accepted accounting principles

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

("GAAP") in Israel, in a condensed format in accordance with GAAP applicable to the preparation of interim period financial statements, including those under Standard No. 14, "Interim Financial Reporting" and in accordance with Paragraph D of the Israeli Securities Regulations (Periodic and Immediate Financial Statements), 1970.

B. RECENT ACCOUNTING STANDARD - INCOME TAXES

In July 2004, the Israel Accounting Standards Board published Accounting Standard No. 19 "Income Taxes" (the "Standard"). The Standard established the guideline for recognizing, measuring, presenting and disclosing taxes on income taxes in the financial statements. The Standard is effective for financial statements relating to reporting periods commencing on, or after, January 1, 2005. The initial adoption of the Standard is accounted for by the cumulative effect of change in accounting method, for the beginning of the period in which the Standard is initially adopted. The implementation of Standard No. 19 did not affect the Group's financial position, results of operations and cash flows.

MONDI BUSINESS PAPER HADERA LTD. AND SUBSIDIARIES
 NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED
 FINANCIAL STATEMENTS AS OF JUNE 30, 2005

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. Following are the changes in the representative exchange rate of the U.S. dollar vis-a-vis the NIS and in the Israeli Consumer Price Index ("CPI"):

AS OF:	REPRESENTATIVE EXCHANGE RATE OF THE DOLLAR (NIS PER \$1)

June 30, 2005	4.574
June 30, 2004	4.497
December 31, 2004	4.308

INCREASE (DECREASE) DURING THE:	%
Six months ended June 30, 2005	6.2
Six months ended June 30, 2004	2.7
Three months ended June 30, 2005	4.9
Three months ended June 30, 2004	(0.7)
Year ended December 31, 2004	(1.6)

NOTE 3 - REDUCTION OF CORPORATE TAX RATE

In July 2005, the Israeli Knesset passed in second and third reading the Law for Amending the Income Tax Ordinance (No. 147), 2005, according to which commencing in 2006 the corporate

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

income-tax rate would be gradually reduced, for which a 31% tax rate was established, through 2010, in respect of which a 25% tax rate was established. The effect of this amendment on the deferred-tax balances of the Group will be reflected in its interim financial statements for the third quarter of 2005. Had the Group applied the provisions of this amendment in respect of the June 30, 2005 deferred-tax balances, the Group would have recorded an additional deferred income tax of approximately NIS 4,200 thousand.

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

RE: REVIEW OF UNAUDITED CONDENSED INTERIM CONSOLIDATED
FINANCIAL STATEMENTS FOR THE SIX MONTHS AND THREE MONTHS ENDED JUNE 30, 2005

Gentlemen:

At your request, we have reviewed the condensed interim consolidated financial statements ("interim financial statements") of Hogla-Kimberly Ltd. ("the Company") and its subsidiaries, as follows:

- Balance sheet as of June 30, 2005.
- Statements of operations for the six months and three months ended June 30, 2005.
- Statements of changes in shareholders' equity for the six months and three months ended June 30, 2005.
- Statements of cash flows for the six months and three months ended June 30, 2005.

Our review was conducted in accordance with procedures prescribed by the Institute of Certified Public Accountants in Israel. The procedures included, inter alia, reading the aforementioned interim financial statements, reading the minutes of the shareholders' meetings and meetings of the board of directors and its committees, and making inquiries with the persons responsible for financial and accounting affairs.

Since the review that was performed is limited in scope and does not constitute an audit in accordance with generally accepted auditing standards, we do not express an opinion on the aforementioned interim financial statements.

In performing our review, nothing came to our attention which indicates that material adjustments are required to the aforementioned interim financial statements for them to be deemed financial statements prepared in conformity with generally accepted accounting principles in Israel and in accordance with the Israeli Securities Regulations (Periodic and Immediate Reports), 1970.

THE ACCOMPANYING NOTES ARE AN INTEGRAL PART OF THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS.

The unaudited condensed interim consolidated financial statements as of June 30, 2005 and for the six months and three months then ended ("interim financial statements") of Hogla-Kimberly Ltd. ("the Company") and Subsidiaries should be read in conjunction with the audited consolidated financial statements of the Company and Subsidiaries as of December 31, 2004 and for the year then ended, including the notes thereto. In the opinion of management, the interim financial statements include all adjustments necessary for a fair presentation of the financial position and results of operations as of June 30, 2005 and for the interim periods presented. The results of operations for the interim periods are not necessarily indicative of the results to be expected on a full-year basis.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. GENERAL

The interim financial statements have been prepared in conformity with generally accepted accounting principles ("GAAP") in Israel, in a condensed format in accordance with GAAP applicable to the preparation of interim period financial statements, including those under Standard No. 14, "Interim Financial Reporting" and in accordance with Paragraph D of the Israeli Securities Regulations (Periodic and Immediate Financial Statements), 1970. The accounting principles applied in the preparation of these interim financial statements are consistent with those principles applied in the preparation of the most recent annual audited financial statements with the exception of Standard No. 19 "Income Taxes" as described in paragraph B below.

B. INCOME TAXES

In July 2004, the Israeli Accounting Standards Board published Accounting Standard No. 19 "Income Taxes" (the "Standard"). The Standard established the guideline for recognizing, measuring, presenting and disclosing income taxes in the financial statements. The Standard is effective for financial statements relating to reporting periods commencing on, or after, January 1, 2005. The initial adoption of the Standard is accounted for by the cumulative effect of change in accounting method, for the beginning of the period in which the Standard is initially adopted. The implementation of Standard No. 19 did not affect the Group's financial position, results of operations and cash flows.

NOTE 2 -SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. Following are the changes in the representative exchange rate of the U.S. dollar vis-a-vis the NIS and the Turkish Lira, and in the Israeli Consumer Price Index ("CPI"):

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

AS OF:	REPRESENTATIVE EXCHANGE RATE OF THE DOLLAR (NIS PER \$1)	TURKISH LIRA EXCHANGE RATE WITH THE DOLLAR (TL'000 PER \$1)
June 30, 2005	4.574	1,333
June 30, 2004	4.497	1,481
December 31, 2004	4.308	1,352
INCREASE (DECREASE) DURING THE YEAR ENDED:	%	%
	---	---
Six months ended June 30, 2005	6.2	7.7
Six months ended June 30, 2004	2.7	3.1
Three months ended June 30, 2005	4.9	6.5
Three months ended June 30, 2004	(0.7)	13.7
December 31, 2004	(1.6)	(2.9)

NOTE 3 -SUPPLEMENTAL DATA

A. REDUCTION OF CORPORATE TAX RATE

In July 2005, the Israeli Knesset passed in second and third reading the Law for Amending the Income Tax Ordinance (No. 147), 2005, according to which commencing in 2006 the corporate income-tax rate would be gradually reduced, for which a 31% tax rate was established, through 2010, in respect of which a 25% tax rate was established. The effect of this amendment on the deferred-tax balances of the Group will be reflected in its interim financial statements for the third quarter of 2005. Had the Group applied the provisions of this amendment in respect of the June 30, 2005 deferred-tax balances, the Group would have recorded an additional deferred income tax of approximately NIS 3 million.

FINANCIAL STATEMENTS AS OF JUNE 30, 2005

NOTE 3 -SUPPLEMENTAL DATA (cont.)

B. PROVISION FOR DOUBTFUL ACCOUNTS

In July 2005, Clubmarket Marketing Chains Ltd. ("Clubmarket"), a customer of the Company and one of the largest retail groups in Israel, applied for the regional court in Tel-Aviv for a staying of procedures by creditors. The court protection was granted until August 17, 2005. A resolution whether to grant a longer court protection period to allow for Clubmarket recovery or to liquidate its assets is expected. As a result, the interim financial statements include a provision of NIS 10.6 million for doubtful accounts, which is included in the general and administrative expenses line item. The remaining net balance of Clubmarket as of June 30, 2005, that is in

Edgar Filing: AMERICAN ISRAELI PAPER MILLS LTD - Form 6-K

excess of the doubtful accounts provision recorded, is approximately NIS 5.3 million, which represents approximately 25% of the balance as of such date (including VAT).

The net sales to Clubmarket during the six-month period ended June 30, 2005 constituted approximately 6.4% of total net sales on a consolidated basis. The Company estimates that there will be no material effect on the Group's net sales in the future, in the event Clubmarket fully ceases all its operations.
