**TEEKAY ORDERS NEWBUILDING AFRAMAX TANKERS**

---

Nassau, The Bahamas, January 15, 2004 Teekay Shipping Corporation (Teekay) announced today that it has entered into two separate agreements to construct a total of six 105,000 deadweight tonne high specification Aframax tanker newbuildings. Four conventional Aframax tankers and two purpose-built lightering ships have been ordered from Hyundai Heavy Industries and Tsuneishi Corporation, respectively. The aggregate cost of these vessels is approximately US\$260 million, including construction supervision costs and capitalized interest.

Paul Wogan, President of Teekay Tanker Services, Teekay's conventional tanker business unit said, "We are pleased to add four high quality vessels from Hyundai Heavy Industries to our existing fleet renewal program. Including the newbuilding order announced today, we have 12 new vessels delivering into our spot tanker fleet over the next three years."

The ships ordered from Tsuneishi Corporation will commence on fixed-rate charters to Teekay's 50 percent-owned joint venture company, Skaugen PetroTrans (SPT), for a period of 10 years upon delivery in 2007 and 2008. "The charter of two specialized lightering ships to our joint venture company SPT enhances our co-operation with our partner in that venture and supports SPT's strategic development plans," commented Mr. Wogan. Purpose-built lightering tankers are Aframax tankers specially designed to be used in ship-to-ship oil transfer operations.

**About Teekay**

Teekay Shipping Corporation is the leading provider of international crude oil and petroleum product transportation services, transporting more than 10 per cent of the world's sea-borne oil.

### **Forward-Looking Statements**

This press release contains certain forward-looking statements (as such term is defined in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended) concerning future events, including, in particular, statements regarding: the delivery dates and uses of the newbuildings and the plans undertaken by our joint venture company. Actual results may differ materially from those expressed or implied by such forward-looking statements. Important factors that could cause actual results to differ materially include, but are not limited to: potential breach of the contracts by any of the parties, potential delays or non-delivery of the newbuildings and operations into which we intend to deploy the newbuildings; and other factors detailed from time to time in the Company's periodic reports, including its Form 20-F for the year ended December 31, 2002, filed with the U.S. Securities and Exchange Commission. The Company expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements contained herein to reflect any change in the Company's expectations with respect thereto or any change in events, conditions or circumstances on which any such statement is based.
