CRYPTOLOGIC EXPANDS ITS CASINO GAME OFFERING

New progressive jackpot & slot games to drive rapid, responsible growth of Internet gaming

September 8, 2004 (Toronto, ON) CryptoLogic Inc®, a leading software developer for the Internet gaming and e-commerce industries, announced the release of an exciting new line-up of games to its popular casino offering. A range of new video slots with more chances to win, multi-currency progressive jackpots and enhanced player features have been rolled out in the fifth version of the company's software, licensed through its WagerLogic Limited® subsidiary.

CryptoLogic built its industry-leading reputation in casino, and through continued investment in this core business, we're delivering a comprehensive, ever-fresh selection of safe, secure games that will excite broad gaming audiences worldwide," said Lewis Rose, CryptoLogic's President and CEO. By introducing a continual stream of new casino product themes and variations, CryptoLogic helps its customers grow large, loyal player communities, and ultimately, increase their bottom line.

Slot fans can enjoy six brand-new video slots – all linked to one progressive jackpot. *Coral Cash, Doctor Love, Dolphin King, Northern Lights, Salsa* and *Sirens* are the latest fun themes of traditional nine-line games. These new-concept slots mark the launch of the *Rapid Fire Jackpot*, which pays out in US dollars, euros and pound sterling.

WagerLogic's Version 5 software also features a new Turbo button for single-hand Blackjack and video poker players, which allows more hands per minute of play for high-speed excitement. Slot players who are serious about winning will enjoy the new auto-play option, which means users can automatically bet for a preset number of spins. There are also more player avatars from which to choose, and an improved notification system to alert players to new games.

Edgar Filing: CRYPTOLOGIC INC - Form 6-K

More than 20 new choices of the most popular casino games have been rolled out this year, particularly in the expansion of WagerLogic's slot and progressive jackpot portfolio. In fact, one of the company's licensees was recently awarded The Best Online Casino for Slots by Strictly Slots magazine. WagerLogic now offers more than 100 casino games, multi-player bingo and player-to-player poker in multiple currencies and languages. Additional new games are planned for 2004 to keep licensees' players coming back for more.

About CryptoLogic® (www.cryptologic.com)

Focused on integrity and innovation, CryptoLogic Inc. is a leading software development company serving the global Internet gaming market. The company's proprietary technologies enable secure, high-speed financial transactions over the Internet.
