Notes to the Unaudited Pro Forma Consolidated Condensed  
Combined Financial Statements

A. Basis of Presentation

## Edgar Filing: SALISBURY BANCORP INC - Form 8-K/A

The pro forma information presented is not necessarily indicative of the results of operations or the combined financial position or results of operation that would have resulted had the merger of Canaan National Bancorp, Inc. with and into Salisbury Bancorp, Inc. (the "Merger") been consummated as of or for the periods indicated, nor is it necessarily indicative of the results of operations in future periods or the future financial position of the combined company.

The unaudited pro forma consolidated financial information reflects the application of the purchase method of accounting. Under this method, the assets and liabilities of Canaan National Bancorp, Inc. were recorded at their estimated fair values at the effective time, September 10, 2004. As described in the accompanying notes, the fair values of the assets and liabilities of Canaan National Bancorp, Inc. have been combined with the historical carrying amounts of the assets and liabilities of Salisbury Bancorp, Inc. and subsidiaries.

The unaudited pro forma consolidated condensed combined balance sheet as of June 30, 2004 gives effect to the Merger as if the Merger had been consummated on June 30, 2004. The unaudited pro forma consolidated condensed combined statements of operations give effect to the Merger as if the Merger had been consummated at the beginning of the period presented. Certain reclassifications have been included in the unaudited pro forma consolidated condensed combined balance sheet and unaudited pro forma consolidated condensed combined statements of operations to conform the presentation.

Assumptions relating to the pro forma adjustments set forth in the unaudited pro forma consolidated condensed combined financial statements are summarized as follows:

Estimated fair values for the assets and liabilities of Canaan National Bancorp, Inc. were obtained as follows:

Cash and Cash Equivalents. The carrying amounts of cash and cash equivalents approximate their fair value. Cash paid to Canaan National Bancorp, Inc. shareholders totaled \$6,020,000.

Investment and Mortgage-Backed Securities. Fair values for securities are based on quoted market prices.

Stock in Federal Home Loan Bank and Other Restricted Equity Securities. No ready market exists for these stocks and they have no quoted market value; however, redemption of these stocks has historically been at par value. Accordingly, the carrying amount is deemed to be a reasonable estimate of fair value.

Loans. Fair values for loans held for investment (included in net loans) and other loans are estimated by segregating the portfolio by type of loan and discounting scheduled cash flows using interest rates currently being offered for loans with similar terms. A prepayment assumption is used as an estimate of the portion of loans that will be repaid prior to their scheduled maturity. The allowance for loan losses as recorded is deemed to be a reasonable estimate of the credit adjustment.

Office Properties and Equipment. The fair value of office properties is based on an independent appraisal. The book value of equipment is deemed to be a reasonable estimate of fair value.

Deposits. The fair values disclosed for demand deposits (e.g.,

## Edgar Filing: SALISBURY BANCORP INC - Form 8-K/A

interest and noninterest checking, passbook savings and market accounts) are, by definition, equal to the amount payable on demand at the reporting date (i.e., their carrying amounts). Fair values for fixed-rate certificate accounts are estimated using a discounted cash flow calculation that applies interest rates currently being offered on certificates to a schedule of aggregated expected monthly maturities on certificate accounts.

-9-

Identifiable Intangible Assets. A fair value for the core deposit intangible asset related to Canaan National Bancorp, Inc. was estimated by calculating a 2.39% premium on core deposits of \$49.7 million. The core deposit intangible is being amortized over 12.50 years.

Other Assets and Other Liabilities. Because these financial instruments will typically be received or paid within three months, the carrying amounts of such instruments are deemed to be a reasonable estimate of fair value.

The premium on loans will be amortized to interest income over 4.95 years so as to approximate a constant yield to maturity. The fair market value adjustment for deposits will be accreted to interest expense over 1.49 years so as to approximate a constant yield to maturity. The increase in premises to fair value will be depreciated over a 40 year period as an increase to expense.

### B. Purchase Accounting Adjustments

Purchase accounting adjustments are follows (in thousands):

Increase value of building.....	\$ 1,508
Increase value of loans .....	905
Decrease liability for term deposits .....	36
Increase borrowing .....	(618)
Core deposit intangible recorded .....	1,190
Deferred tax liability .....	(589)
Total.....	2,432
Equity of Canaan National Bancorp, Inc. (6-30-04) .....	8,196
Total fair value of net assets acquired.....	\$ 10,628

Refinements to the foregoing amounts may occur subsequent to the completion of the Merger.

### C. Calculation of Goodwill

Excess of cost over the fair value of net assets acquired in the Merger was calculated as follows (in thousands):

Cost.....	\$16,719
Business combination costs.....	309
Total cost.....	17,028
Fair value of net assets acquired.....	(10,628)

Edgar Filing: SALISBURY BANCORP INC - Form 8-K/A

Total excess of cost over the fair value of net assets acquired. \$ 6,400

-10-

D. Pro Forma Income Statement Adjustments

Pro forma income statement adjustments that were calculated for the Merger are as follows (in thousands):

	For the Year Ended Dec. 31, 2003 Income (Expense)	For the Six Months Ended June 30, 2004 Income (Expense)
	-----	-----
Amortization of premium on borrowings .....	\$ 80	\$ 40

F. Issuance of Shares to Salisbury Bancorp, Inc.

Based on the average closing price of common stock of \$41.55 per share, the issuance of 257,483 shares of common stock of Salisbury Bancorp, Inc., \$.10 par value, is reflected by an increase of \$25,748 to common stock and an increase of \$10,672,670 to paid-in capital. As part of the Merger, equity accounts of Canaan National Bancorp, Inc. are eliminated.

G. Earnings Per Share

Basic earnings per share is computed by dividing income available to common stockholders by the weighted-average number of common shares outstanding for the period. Pro forma combined earnings per share reflects the additional weighted average shares of Canaan National Bancorp, Inc. times 1.3371, (representing the number of shares of Salisbury Bancorp, Inc. issued for each share of Canaan Bancorp, Inc.), plus 21,000 shares issued upon exercise of the remaining Canaan stock options.
