## PROXY STATEMENT

BALCHEM CORPORATION

## GENERAL

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of Balchem Corporation (the "Company") to be voted at the 2007 Annual Meeting of Stockholders (the "Annual Meeting" or the

## Edgar Filing: BALCHEM CORP - Form DEF 14A

"Meeting") to be held at the NASDAQ MarketSite, 4 Times Square, New York, NY, on Friday, June 15, 2007 at 11:00 AM, local time, and at any adjournments or postponements thereof. This Proxy Statement and a proxy card are expected to be sent to stockholders beginning on or about April 27, 2007.

The Board of Directors has fixed the close of business on April 24, 2007 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. At the Annual Meeting, stockholders will be asked to consider and vote upon the election of two Class 1 Directors to the Board of Directors to serve until the annual meeting of Stockholders in 2010 and thereafter until their respective successors are elected and qualified. Stockholders will also be asked to ratify the Board of Directors' selection of McGladrey & Pullen, LLP as the Company's independent registered public accounting firm for the 2007 fiscal year. Stockholders may also consider and act upon such other matters as may properly come before the Annual Meeting or any adjournment or adjournments thereof.

You can ensure that your shares are voted at the Annual Meeting by completing, signing, dating and returning the enclosed proxy card in the envelope provided. Sending in a signed proxy will not affect your right to attend the Meeting and vote. A stockholder who gives a proxy may revoke it at any time before it is exercised by voting in person at the Annual Meeting, by submitting another proxy bearing a later date or by notifying the Inspectors of Election or the Secretary of the Company of such revocation in writing prior to the Annual Meeting. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to attend and vote in person at the Annual Meeting, you must obtain from the record holder a proxy issued in your name.

Proxies may be solicited, without additional compensation, by directors, officers and other regular employees of the Company by telephone, email, telefax or in person. All expenses incurred in connection with this solicitation will be borne by the Company. Brokers, nominees, fiduciaries and other custodians have been requested to forward soliciting material to the beneficial owners of Common Stock held of record by them, and such custodians will be reimbursed for their reasonable expenses.

### PROPOSAL NO.1 ELECTION OF DIRECTORS

The Company's By-laws provide for a staggered term Board of Directors consisting of six (6) members, with the classification of the Board of Directors into three classes (Class 1, Class 2 and Class 3). The term of the two current Class 1 Directors who are nominated for election as directors will expire at the Annual Meeting. The Class 3 and Class 2 Directors will

3

remain in office until their terms expire, at the annual meetings of stockholders to be held in the years 2008 and 2009, respectively.

Accordingly, at the 2007 Annual Meeting, two Class 1 Directors are to be elected to hold office until the annual meeting of stockholders to be held in 2010 and thereafter until their successors have been elected and qualified. The nominees listed below with brief biographies are currently directors and have been nominated for election after due consideration by the Corporate Governance and Nominating Committee. The Board is not aware of any reason why any such nominee may be unable to serve as a director. If either or both of such nominees are unable to serve, the shares represented by all valid proxies will be voted for the election of such other person or persons, as the case may be, as the

## Edgar Filing: BALCHEM CORP - Form DEF 14A

Board may recommend.

### Vote Required to Elect Directors

Under the rules of the Securities and Exchange Commission, boxes and a designated blank space are provided on the form of proxy for stockholders to mark if they wish to vote in favor of or withhold authority to vote for the Company's nominees for director.

Assuming a quorum has been reached, a determination must be made as to the results of the vote on each matter submitted for stockholder approval.

A director nominee must receive a plurality of the votes cast at the Meeting, which means that a broker non-vote or a vote withheld from a particular nominee or nominees will not affect the outcome of the election of directors.

All shares represented by duly executed proxies will be voted For the election of the nominees named in this Proxy Statement as directors unless authority to vote For any such nominee has been withheld. If for any reason any

===

such named nominee should not be available as a candidate for director, the proxies will be voted in accordance with the authority conferred in the proxy for such other candidate as may be nominated by the Company's Board of Directors.

### Meeting Attendance

## Edgar Filing: BALCHEM CORP - Form DEF 14A

During fiscal 2006, the Board of Directors met 5 times during regular meetings and 1 time for a telephonic special meeting. Each director attended at least 75% of the meetings of the Board held when he or she was a director and of all meetings of those Committees of the Board on which he or she served.

The Company has adopted a policy to strongly encourage directors to attend each annual meeting of stockholders. Historically, attendance has been excellent. All directors were in attendance at the Company's 2006 annual meeting of stockholders.

### Committees of the Board of Directors

The Company's Board of Directors has a standing Audit Committee, Executive Committee, Compensation Committee, and Corporate Governance and Nominating Committee. The Board of Directors appoints the members of each Committee. In 2006, the Audit Committee held five meetings and the Corporate Governance and Nominating and Compensation Committees each held three meetings. The Executive Committee did not meet in 2006.

Audit Committee. The Audit Committee, in its capacity as a committee of the Board of Directors, is directly responsible for appointing, compensating and overseeing the work of the accounting firm retained for the purposes of preparing or issuing audit reports or related work. The Audit Committee also assists the Board of Directors in fulfilling its oversight responsibilities with respect to the Company's financial reporting, internal controls and procedures, and audit functions. Responsibilities, activities and independence of the Audit Committee are discussed in greater detail under the section of this Proxy Statement entitled "Audit Committee Report."

The Board of Directors of the Company has adopted a written charter for the Audit Committee, which is available on the Corporate Governance page in the Investor Relations section of the Company's Web site, [www.balchem.com](http://www.balchem.com). The

-----  
current members of the Audit Committee are Messrs. Ammidon (Chair), McMillan, and Mitchell. The Board of Directors of the Company has determined that the Audit Committee Chairman, Mr. Ammidon, qualifies as an "audit committee financial expert", as defined in Section 407 of the Sarbanes-Oxley Act of 2002, and that all members of the Audit Committee are "independent" under the Nasdaq Marketplace Rules applicable to audit committee members.

Compensation Committee. The duties of the Compensation Committee are to (i) recommend to the Board of Directors a compensation program, including incentives, for the Chief Executive Officer and other senior officers of the Company, for approval by the full Board of Directors, (ii) prepare an Annual

6

Report of the Compensation Committee for inclusion in the Company's Proxy Statement as contemplated by the requirements of Schedule 14A of the Securities Exchange Act of 1934, as amended, (iii) propose to the full Board of Directors the compensation of directors, a significant part of which compensation is to be in the form of stock or stock options, and (iv) to administer the Company's 1999 Stock Plan for officers, directors, directors emeritus and employees of and consultants to the Company and its subsidiaries (referred to in this Proxy Statement as the "1999 Stock Plan").

The Board of Directors of the Company has adopted a written charter for the Compensation Committee, which is available on the Corporate Governance page in the Investor Relations section of the Company's Web site, [www.balchem.com](http://www.balchem.com).

## Edgar Filing: BALCHEM CORP - Form DEF 14A

-----  
The current members of the Compensation Committee are Messrs. McMillan, Mitchell, Dr. Televantos (Chair) and Dr. Wedral, each of whom are independent directors.

See "Compensation Discussion and Analysis - Compensation Committee" and "Report of the Compensation Committee of the Board of Directors" below.

Executive Committee. The Executive Committee is authorized to exercise all the powers of the Board of Directors in the interim between meetings of the Board, subject to the limitations imposed by Maryland law. The Executive Committee is also responsible for the recruitment, evaluation and selection of suitable candidates for the position of Chief Executive Officer ("CEO"), for approval by the full Board, for the preparation, together with the Compensation Committee, of objective criteria for the evaluation of the performance of the CEO, and for reviewing the CEO's plan of succession for officers of the Company.

The current members of the Executive Committee are Messrs. McMillan, Mitchell (Chair), and Dr. Televantos.

Corporate Governance & Nominating Committee. The duties of the Corporate Governance & Nominating Committee are, among other things, to consider and make recommendations to the Board concerning the appropriate size, function and needs of the Board, to determine the criteria for Board membership, to evaluate and recommend to the Board the responsibilities of the Board committees, to annually review and assess the adequacy of the Company's corporate governance guidelines and recommend any changes to the Board for adoption, to oversee the annual self-evaluation of the Board and Board Committees, to consider matters of corporate social responsibility and matters of significance in areas related to corporate public affairs and the Company's employees and stockholders, to recruit and evaluate new candidates for nomination by the full Board for election as director, to prepare and update an orientation program for new Directors, to evaluate the performance of current directors in connection with the expiration of their term in office with a view to providing advice to the full Board as to whether the full Board should nominate any such director for reelection, and to annually review and recommend policies on director retirement age.

The Board of Directors of the Company has adopted a written charter for the Corporate Governance & Nominating Committee, which is available on the Corporate Governance page in the Investor Relations section of the Company's Web site, [www.balchem.com](http://www.balchem.com) and was attached as Exhibit A to the Company's 2006 Proxy

-----  
Statement. The current members of the Corporate Governance & Nominating Committee are Messrs. Ammidon and Mitchell and Drs. Televantos and Wedral (Chair).

### Nominations of Directors

Consistent with previous practice, the Corporate Governance & Nominating Committee continues to re-nominate incumbent directors who continue to satisfy the Company's criteria for membership on the Board; whom the Board believes will continue to make contributions to the Board; and who consent to continue their service on the Board. If the incumbent directors are not nominated for re-election or if there is otherwise a vacancy on the Board, the Committee will solicit recommendations for nominees from persons that the Committee believes are likely to be familiar with qualified candidates, including from members of the Board and management. The Committee may also

## Edgar Filing: BALCHEM CORP - Form DEF 14A

determine to engage a professional search firm to assist in identifying qualified candidates. The Committee also considers external director candidates or candidates recommended by one or more substantial, long-term stockholders. Generally, stockholders who individually or as a group hold 5% or more of the Company's common stock and have continued to do so for over one year will be considered substantial, long-term stockholders. Each stockholder recommendation should include at a minimum the director candidate's name, biographical information and qualifications, and the director candidate's acknowledgement that such person is willing to be nominated for directorship and serve as director if elected. The Committee will consider stockholder recommendations regarding potential nominees for next year's annual stockholders meeting, consistent with the policy described above, if the Committee receives such recommendations prior to the deadline for stockholder proposal submissions, set forth below in "Stockholder Proposals for 2008 Annual Meeting." Stockholder nominations that comply with these procedures and that meet the criteria outlined above will receive the same consideration that other candidates receive.

The Committee and the Board has adopted guidelines for identifying or evaluating nominees for director, including incumbent directors and nominees recommended by stockholders. The Company's current policy is to require that a majority of the Board of Directors be independent; at least three of the directors have the financial literacy necessary for service on the audit committee and at least one of these directors qualifies as an audit committee financial expert. In addition, directors may not serve on the boards of more than three other public companies, without the approval of the Board of Directors; and directors must satisfy the Company's age limit policy for directors which requires that a director retire at the conclusion of his or her term in the calendar year during which he or she reaches the age of 70. The guidelines do not otherwise establish specific minimum qualifications that must be met for nomination for a position on the Board of Directors, but provide for the selection of nominees based on the nominees' skills, achievements and experience, and contemplate that the following will be considered, among other things, in selecting nominees: knowledge, experience and skills in areas critical to understanding the Company and its business, personal characteristics, such as integrity and judgment, and the candidate's commitment to the boards of other companies.

### Lead Director

Mr. Mitchell has been the Lead Director since 2005. The Lead Director functions, in general, to reinforce the independence of the Board of Directors of the Company. This person is appointed on a rotating basis from the independent Directors. The initial term is a two year assignment. The Lead Director will serve at the election of the Board and, in any event, only so long as that person shall be an independent Director of the Company. The

Corporate Governance and Nominating Committee will review annually the description of the Lead Director position and recommend to the Board any changes that it considers appropriate. The Lead Director provides a source of Board leadership complementary to that of the CEO. Amongst other things, the Lead Director is responsible for working with the Chairman and other directors to set agendas for Board meetings; providing leadership in times of crisis together with the Executive Committee; chairing regular meetings of independent Board members without management present (executive sessions); acting as liaison between the independent Directors and the CEO; and chairing Board meetings when the Chairman is not in attendance.

## Edgar Filing: BALCHEM CORP - Form DEF 14A

### PROPOSAL NO. 2

#### RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board has selected McGladrey & Pullen LLP (M&P) as the Company's independent registered public accounting firm for the year ending December 31, 2007. The Company is submitting its selection of M&P for ratification by the stockholders at the Annual Meeting. M&P has audited the Company's financial statements since 2005. Representatives of M&P will be present at the Annual Meeting and will have an opportunity to make a statement if they wish and will be available to respond to appropriate questions.

The Company's Bylaws do not require that the stockholders ratify the selection of M&P as the Company's independent registered public accounting firm. However, the Company is submitting the selection of M&P to stockholders for ratification as a matter of good corporate practice. If stockholders do not ratify the selection, the Audit Committee will reconsider whether to retain M&P. Even if the selection is ratified, the Board and the Audit Committee in their discretion may change the appointment at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

#### Principal Accountant Fees and Services

During 2006, the Company retained M&P to audit the consolidated financial statements for 2006. In addition, the Company also retained M&P to provide services relating to Management's Assessment of Internal Controls as required by Section 404 of the Sarbanes-Oxley Act, as well as with the preparation of the Company's tax returns and other audit-related and tax-related services. The following table shows the fees paid or accrued by the Company for the audit and other professional services provided by M&P for 2005 and 2006:

	2006 ----	2005 ----
Audit fees (1)	305,175	265,700
Audit-related fees (2)	82,700	39,900
Tax fees (3)	29,852	34,800
Total fees	420,727	340,400
	=====	

- (1) Fees relating to audit of the annual consolidated financial statements and quarterly reviews.
- (2) Fees relating to employee benefit plan audit and acquisition due diligence.
- (3) Fees for tax compliance and advisory services.

#### Policy on Pre-Approval of Audit and Non-Audit Services

All auditing and non-audit services provided to the Company by the independent accountants are pre-approved by the Audit Committee or in certain instances by one or more of its members pursuant to delegated authority. At the beginning of each year, the Audit Committee reviews and approves all known audit

## Edgar Filing: BALCHEM CORP - Form DEF 14A

and non-audit services and fees to be provided by and paid to the independent accountants. During the year, specific audit and non-audit services or fees not previously approved by the Audit Committee are approved in advance by the Audit Committee or in certain instances by one or more of its members pursuant to delegated authority. In addition, during the year the Chief Financial Officer and the Audit Committee monitor actual fees to the independent accountants for audit and non-audit services.

### Audit Committee Review

The Audit Committee has reviewed the services rendered by M&P during 2006 and has determined that the services rendered are compatible with maintaining the independence of M&P as the Company's independent registered public accounting firm.

### Vote Required; Recommendation of the Board

The affirmative vote of the majority of the votes cast is required for ratification.

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF M&P AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2007.

## COMPENSATION DISCUSSION AND ANALYSIS

### Compensation Committee

During the fiscal year ended December 31, 2006, our Compensation Committee held primary responsibility for determining executive compensation levels. The Committee is composed of four independent directors. The Committee solicits, receives and analyzes compensation recommendations from Company management and determines each facet of the compensation for our executive officers. The Committee also administers our 1999 Stock Plan. The Committee solicits input from our Chief Executive Officer with respect to the performance of our executive officers and their compensation levels no less than once per calendar year, usually in the first quarter.

The members of our Compensation Committee have extensive and varied experience with various public and private corporations - as investors and stockholders, as senior executives, and as directors charged with the oversight of management and the setting of executive compensation levels. In particular, Mr. Mitchell is a member of the Compensation Committee of Tetra Technologies, Inc., a publicly traded company. In addition to the extensive experience and expertise of the Committee's members and their familiarity with the Company's performance and the performance of our executive officers, the Committee is able to draw on the experience of other Directors and on various legal and accounting executives employed by the Company, and the Committee has access to readily available public information regarding executive compensation structure and the establishment of appropriate compensation levels.

The Compensation Committee has authority to engage attorneys, accountants and consultants, including executive compensation consultants, to solicit input from management concerning compensation matters, and to delegate any of its responsibilities to one or more directors or members of management where it deems such delegation appropriate and permitted under applicable law.

In 2003, the Compensation Committee retained Mercer Human Resource Consulting, Inc. to provide an executive compensation study. The results of said

## Edgar Filing: BALCHEM CORP - Form DEF 14A

effort provided the Compensation Committee broad data with which the Committee was able to benchmark and compare our current executive compensation structure against other similarly situated companies.

In 2006, the Compensation Committee retained Deloitte Compensation Consulting Group to assist in the development of a revised equity based segment of our executive compensation. It is through this effort that we have altered the structure of our program for granting executives equity in the Company as compensation, as discussed below.

### General Compensation Objectives and Guidelines

The Company's overall compensation philosophy has been to offer competitive salaries, cash incentives, stock options and benefit plans consistent with the Company's financial performance. Rewarding key employees who contribute to the continued success of the Company through cash compensation and equity participation are key elements of the Company's compensation policy. The Company's executive compensation policy is to attract and retain key executives necessary for the Company's short and long-

14

term success by establishing a direct link between executive compensation and the performance of the Company, by rewarding individual initiative and the achievement of annual corporate goals through salary and cash bonus awards, and by providing equity awards to allow executives to participate in enhanced stockholder value.

In awarding salary increases and bonuses, the Compensation Committee relates various elements of corporate performance to the elements of executive compensation. The Compensation Committee considers whether the compensation package as a whole adequately compensates the applicable executive for the Company's performance during the past year and the executive's contribution to such performance.

Pursuant to the Company's compensation philosophy, the total annual compensation of its executive officers is primarily made up of base salary, cash-based incentives and stock-based incentive compensation. In addition, the Company provides retirement compensation plans, group welfare benefits and certain perquisites. In executing our executive compensation policy, we seek to reward each executive's achievement of designated objectives relating to our company's annual and long-term performance and individual fulfillment of responsibilities. While compensation survey data and benchmarking are useful guides for comparative purposes, we believe that a successful compensation program also requires the application of judgment and subjective determinations of individual performance. Accordingly, our Compensation Committee applies its judgment to adjust and align each individual element of our compensation program with the broader objectives of the program.

The Company does not have any formal stock ownership requirements for its executive officers but notes that its directors and executive officers are stockholders of the Company, as is disclosed elsewhere in this Proxy Statement. The Company is mindful of the stock ownership of our directors and executive officers but does not believe that it is appropriate to provide a mechanism or formula to take stock ownership (or gains from prior option or stock awards) into account when setting compensation levels. The Company provides in its insider trading policies that directors and executive officers may not sell Company securities short and may not sell puts, calls or other similar derivative securities tied to our Common Stock.

### Base Salary

Base salary represents the fixed component of the executive compensation program. The Company's philosophy regarding base salaries is conservative, maintaining salaries at reasonably competitive industry levels. Determinations of base salary levels are established based upon the magnitude of responsibilities and the scope of the position, as well as based upon an annual review of marketplace competitiveness and on the Company's existing compensation structure. Periodic increases in base salary relate to individual contributions to the Company's overall performance and industry competitive pay practices. In determining appropriate levels of base salary, the Compensation Committee relied in part on industry compensation surveys, including WorldatWork, a leading not-for-profit association dedicated to knowledge leadership in compensation and benefits.

The Committee solicits input from Mr. Rossi with respect to the performance of our executive officers and their compensation levels. During 2006, the base salaries of our executive officers, with the exception of Mr. Rossi, were increased to the amounts identified in the Summary Compensation

15

Table. These increases were subjectively based on increased growth in net sales and recent profit performance of the Company, as well as individual performance.

### Cash Based Incentives

Bonuses represent the variable component of the executive compensation program that is tied to individual achievement and the Company's performance. The Company's policy is to base a meaningful portion of its executive officers' cash compensation on bonus. In determining bonuses, the Company considers factors such as the individual's contribution to the Company's performance and the relative performance of the Company during the year.

At the end of each calendar year, the Compensation Committee of the Board of Directors approves an Incentive Compensation Program for the succeeding calendar year (the "ICP"). The ICP provides for the awarding of bonus compensation to executive officers and certain other employees, based upon the level of achievement of specific goals established for the particular officer or employee, and for the weighting of those goals to determine the amount of the bonus.

The process of establishing applicable goals requires a well-defined annual business plan from which most ICP goals are measured. Our annual business plan evolves from our corporate strategic plan and is approved by the Board of Directors each December for the following fiscal year. Individual goals under the ICP are a composite of our corporate goals and key individual objectives. In addition, no bonuses are required to be paid under the ICP unless a specified minimum level of consolidated net income before interest and taxes ("NIBIT") is achieved. The Compensation Committee established such minimum level of NIBIT for 2007 based upon the Company's results of operations for the 2006 calendar year as part of the approval of the annual plan.

In addition to NIBIT, individual ICP goals involve, amongst other things, the development of new revenue generating products or services meeting our profit criteria; the implementation of procedures that will improve efficiency, effectiveness or safety of our products or services; the development of a change or changes in procedures or processes that reduce cost without sacrificing quality; the improvement of methods resulting in increased productivity without loss of quality; and the development of ideas that will improve quality without increasing cost.

## Edgar Filing: BALCHEM CORP - Form DEF 14A

Under the ICP, each goal is determined objectively and consistently. The goals require an individual to stretch beyond his or her stated responsibilities. The value placed on each individual ICP goal depends heavily upon the degree of which the goal will help us meet our annual plan; the relative degree of difficulty, creativity or involvement required to achieve the goal; and the intrinsic value of the goal, i.e., magnitude of income enhancement or cost savings. Each employee will typically have 4-6 ICP goals.

The Compensation Committee sets target bonuses for each executive officer participating in the ICP. Target bonuses are based upon a percentage of each executive officer's base yearly salary. The Compensation Committee determines actual bonus amounts paid to the executive officers, which may be higher or lower than the target bonus, based upon each executive officer's performance relative to the specific established performance goals upon which the target bonus amounts were based. There is no maximum bonus amount under

16

the ICP. Actual bonuses for a particular fiscal year are generally determined during the first quarter of the following fiscal year and paid at the discretion of the Compensation Committee. Discretionary cash bonuses under the ICP were paid in early 2007 to our executive officers for performance during fiscal year ended 2006 in the amounts identified in the Summary Compensation Table. Performance based incentive paid to Mr. Rossi is discussed below.

Pursuant to the terms of the employment agreement between the Company and Mr. Rossi, Mr. Rossi is entitled to annual bonus of up to 100% of his base salary, based upon our achieving operating and/or financial targets established by the Board or an authorized committee thereof. Half of such bonus compensation is determined pursuant to the ICP. The Compensation Committee has established a minimum level of consolidated net income for the 2007 fiscal year to be achieved by the Company in order for Mr. Rossi to be entitled to the portion of such bonus compensation not covered by the ICP.

### Equity Based Compensation

The Compensation Committee believes that one important goal of the executive compensation program should be to provide executives, key employees -- who have significant responsibility for the management, growth and future success of the Company, and Directors -- with an opportunity to increase their ownership and potentially gain financially from Company stock price increases. The goal of this approach is that the interests of the stockholders, executives, employees and Directors will be closely aligned.

Prior to 2006, we accomplished this goal generally through the granting of stock options to executive officers and other key employees of the Company from time to time, giving them a right to purchase shares of the Company's Common Stock at a specified price in the future. Grants of options have been based primarily on an employee's potential contribution to the Company's growth and financial results. Options have been granted at the prevailing market value of the Company's Common Stock and accordingly will only have value if the Company's stock price increases. With limited exceptions, grants of options to employees have provided for vesting over three years and the individual must be employed by the Company for such options to vest.

Partially in response to changes in which stock options are accounted for under generally accepted accounting principles, we have modified the structure and composition of the long-term equity based component of our executive compensation. Beginning in 2006, we no longer grant incentive stock

## Edgar Filing: BALCHEM CORP - Form DEF 14A

options, but instead grant a combination of restricted shares and non-qualified options to our executives. (We also granted restricted shares to our non-management directors in 2005. Restricted stock, which vests over an extended period, encourages stability and commitment at the director level.)

Awards under the Company's 1999 Stock Plan are purely discretionary, are not based upon any specific formula and may or may not be granted in any given fiscal year. It is now the practice of the Compensation Committee to review and approve awards for officers and certain employees during its December meeting. To avoid timing of equity-based awards ahead of the release of our quarterly earnings and other material non-public information, the annual awards to our senior management, including executive officers, are granted coinciding with the date of our December Board of Directors Meeting. In addition, the Compensation Committee may refrain from or delay any regularly scheduled awards if it or senior management is aware of any

17

material non-public information. Awards of restricted stock for officers and certain employees will normally occur in December of each calendar year.

Consistent with this direction, we granted restricted stock awards to our named executive officers in December 2006. The number of shares awarded was as follows: Mr. Rossi: 13,500 shares; Mr. Fitzpatrick: 4,500 shares; Mr. Ludwig: 3,000 shares; Mr. Miniger: 1,500 shares; and Dr. Richardson: 4,500 shares. Additionally, in 2006, we granted Non-Qualified Options to our executive officers as follows: Mr. Rossi, Mr. Fitzpatrick, Mr. Ludwig, Mr. Richardson and Mr. Miniger were granted options to purchase 45,000, 34,500, 27,000, 22,500, and 10,500 shares, respectively, at an exercise price of \$17.81 per share. The number of shares and options granted on December 8, 2006 and the exercise price of the option awards have been adjusted to reflect the 3-for-2 split which was effected on December 29, 2006.

When considering the grant of stock based awards, the Committee gives consideration to our overall performance and the performance of individual employees. It is our expectation to continue yearly grants of restricted stock awards and non-qualified options to executive officers.

### Employment Agreement

The Company entered into an employment agreement with Mr. Rossi in 2001. Except for Mr. Rossi, there are no agreements or understandings between the Company and any executive officer which guarantee continued employment or guarantee any level of compensation, including incentive or bonus payments, to the executive officer.

### Retirement Plans

#### 401(k)/Profit Sharing Plan

The Company's executive officers, as well as most employees, are eligible to participate in the 401(k) Retirement Plan/Profit Sharing Plan (the "401(k) Plan"). The 401(k) Plan provides that participating employees may make elective contributions of up to 15% of pre-tax salary, subject to ERISA limitations, and for the Company to make matching contributions on a monthly basis equal in value to 35% of each participant's elective contributions. Such matching contributions are made in shares of the Company's Common Stock.

The profit-sharing portion of the 401(k) Plan is discretionary and non-contributory. Profit sharing contributions are restricted to employees (including executive officers) who have completed 1,000 hours of service and are

## Edgar Filing: BALCHEM CORP - Form DEF 14A

employed on the last day of a plan year. The Company contributes, in cash, a minimum of 3.55% of an eligible participant's taxable compensation (subject to certain exclusions).

### Perquisites

Perquisites are granted to the executive officers occasionally and are generally de minimis and not a material component of compensation.

Mr. Rossi is entitled to the use of an automobile leased by the Company and to be reimbursed for a specified level of premiums for life and disability insurance. He is also entitled to the use of a financial planner, as well as participation in a country club membership for corporate business. Mr. Ludwig is also entitled to the use of an automobile leased by the

18

Company. The Company pays to insure and maintain both Mr. Rossi's and Mr. Ludwig's automobiles. The Company also pays fuel expenses to the extent related to Company business. Messrs. Fitzpatrick and Miniger and Dr. Richardson receive cash allowances associated with the use of their personal automobiles.

### Employment Agreement

As of January 1, 2001, the Company entered into an Employment Agreement with Mr. Rossi, which provides for Mr. Rossi to serve as the Company's President and Chief Executive Officer. Mr. Rossi's Employment Agreement initially provided

## Edgar Filing: BALCHEM CORP - Form DEF 14A

for a base salary of \$194,700, subject to annual increases if approved by the Board of Directors. Mr. Rossi's current salary for fiscal 2007 pursuant to the Employment Agreement is \$362,302. Mr. Rossi is also eligible to receive a discretionary performance bonus (as determined by the

21

Board of Directors) of up to 100% of annual salary, based on a target figure consistent with operating and/or other financial targets established by the Board of Directors, for each fiscal year during the term of his employment.

Mr. Rossi's Employment Agreement also provides that if the Company terminates his employment other than for cause or in the event Mr. Rossi terminates his employment under certain limited circumstances effectively amounting to a constructive termination, he will be entitled to severance payments of 150% of his then current annual salary, and if such termination by the Company occurs within two years after a change of control event involving the Company he would be entitled to severance payments equal to 200% of the sum of his then current annual salary plus the annual bonus earned by him for the fiscal year immediately preceding the year in which the change of control event occurred. If Mr. Rossi were to terminate his employment prior to the second anniversary of such a change of control event, he would be entitled to severance payments equal to 100% of his then current annual salary. In the event of any termination by the Company entitling Mr. Rossi to severance payments, his theretofore granted but unvested options to purchase Common Stock of the Company would immediately vest and be exercisable in accordance with their terms. Mr. Rossi's entitlement to severance payments would be subject to reduction to the extent necessary to avoid such payments being considered an "excess parachute payment" for purposes of Section 280G of the Internal Revenue Code. During the period of Mr. Rossi's employment (or, in the case of a voluntary termination by Mr. Rossi or a termination of his employment by the Company for cause, the balance of the term of the Employment Agreement before giving effect to such termination) and for a period of one year thereafter, the Employment Agreement imposes on Mr. Rossi certain non-competition and non-solicitation obligations regarding the Company and its customers and its employees.

The Employment Agreement was amended as of December 9, 2005 to conform certain provisions thereof to Section 409A of the Internal Revenue Code, which was enacted as part of the American Jobs Creation Act of 2004, and the proposed regulations issued by the Treasury Department under Section 409A. The amendment provides that certain payments to Mr. Rossi in connection with the termination of his employment would not be due and payable before six months after the applicable termination. The six-month delay relates to Mr. Rossi's status as a "key employee" (as defined under Section 409A and the accompanying proposed regulations).

### Terms and Conditions of Awards

The 1999 Stock Plan was adopted and approved by our stockholders in 1999 and was amended in 2003. Under the 1999 Stock Plan, the officers and other employees of the Company may be granted options to purchase Common Stock of the Company which qualify as "incentive stock options" ("ISO" or "ISOs") under Section 422(b) of the Internal Revenue Code of 1986, as amended (the "Code"); directors, officers and employees may be granted options to purchase Common Stock which do not qualify as ISOs ("non-Qualified Option" or "Non-Qualified Options"); and directors, officers and employees may be granted the right to make direct purchases of Common Stock from the Company ("Purchases"). Both ISOs and Non-Qualified Options are referred to in this Proxy Statement individually as an "Option" and collectively as "Options." The exercise price per share specified to each Option granted under the 1999 Stock Plan may not be less than the fair market value per share of Common Stock on the date of such grant.

All of our restricted stock awards for executive officers have the same features. Each executive officer may purchase the stock at a purchase price equal to the par value of the shares (\$.06-2/3 per share). The purchased restricted stock is subject to a repurchase option in favor of the Company and to restrictions on transfer until it vests. The purchased stock will vest in full in four years, or upon an earlier change of control of the Company, provided the executive officer is employed by the Company on that date. In the event the purchaser's employment with the Company is terminated for cause or upon the purchaser's voluntary resignation from the Company's employ, prior to vesting in full, the Company may repurchase all of the purchased shares at a purchase price of \$.06-2/3 per share. The Company may repurchase a pro-rated amount of the purchased shares, based on the amount of time remaining until the vesting date, at a purchase price of \$.06-2/3 per share in the event the purchaser ceases to be an employee of the Company prior to vesting by reason of: (1) the purchaser's voluntary retirement from the Company's employ at or after age 62; (2) the purchaser's death, major disability or significant illness; or (3) termination of the purchaser's employment by the Company without cause. Repurchases are subject to the approval of the Compensation Committee of the Board.

Our Non-Qualified Options granted vest as follows: 20% on the first anniversary of the grant date; 40% on the second anniversary of the grant date; and 40% on the third anniversary of the grant date. Our Non-Qualified Options expire ten years after grant.

### Option Exercises and Stock Vested

The following table sets forth certain information regarding options and stock awards exercised and vested, respectively, by each of our Named Executive Officers during the fiscal year ended December 31, 2006.

Name	Option Exercises and Stock Vested Table Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)(1)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$)
Dino A. Rossi	95,850	\$1,178,936	-	-
Francis J. Fitzpatrick	55,688	\$632,119	-	-
David F. Ludwig	-	-	-	-
Robert T. Miniger	-	-	-	-
Paul H. Richardson	36,113	\$335,055	-	-

(1) Value realized represents the excess of the fair market value of the shares at the time of exercise over the exercise price of the options.

### Termination of Employment and Change of Control Arrangements

Agreement with Dino A. Rossi. We entered into an employment agreement with Dino A. Rossi on January 1, 2001, which provides for automatic one-year extensions of the employment term unless either party provides written notice of its intention not to extend the agreement within 60 days of the end of the then-current term. Mr. Rossi receives an annual base salary of \$362,302 in 2007, an annual incentive bonus and medical and other benefits. Mr. Rossi's bonus is targeted to be 50% of his base salary for the appropriate year, although he may be entitled to up to 100% of his base salary as bonus.

## Edgar Filing: BALCHEM CORP - Form DEF 14A

If we terminate Mr. Rossi's Employment Agreement for other than for cause or in the event Mr. Rossi terminates his employment under certain limited circumstances effectively amounting to a constructive termination, he will be entitled to severance payments of 150% of his then current annual salary, plus the pro rata portion of the annual bonus he would have received had he been employed by us through the end of the full fiscal year in which the termination occurred. If such termination by the Company occurs within two years after a change of control event, he would be entitled to severance payments equal to 200% of the sum of his then current annual salary plus the annual bonus earned by him for the fiscal year immediately preceding the year in which the change of control event occurred. If Mr. Rossi were to terminate his employment prior to the second anniversary of such a change of control event, he would be entitled to severance payments equal to 100% of his then current annual salary. In the event of any termination by the Company entitling Mr. Rossi to severance payments, his granted but unvested options and restricted stock would immediately vest and be exercisable in accordance with their terms.

Under the Employment Agreement, if Mr. Rossi had been terminated effective December 31, 2006, he would have been paid \$905,755 representing his 2007 base salary and his expected 2007 bonus and all of Mr. Rossi's

26

granted but unvested options and restricted stock would immediately vest and be exercisable in accordance with their terms. The approximate value of such acceleration would be equal to the number of shares vested (562,275), multiplied by average of the excess of the then current stock price on the last business day of 2006 (\$17.12) over the average exercise price of the options (\$5.12). The total approximate gain relating to the accelerated options and restricted stock would be \$6,297,848.

All of our executive officers other than Mr. Rossi are employees-at-will and, as such, do not have employment agreements with us. Therefore, we are not obligated to provide any post-employment compensation or benefits. However, upon a change of control, as defined in the 1999 Stock Plan, and at the sole discretion of the Compensation Committee, all unvested stock option grants may become exercisable and all outstanding restricted share grants may fully vest.

### Director Compensation

For 2006, the Company paid each of its directors, other than Mr. Rossi, an annual fee of \$18,000 and \$4,000 for each Board meeting attended. For fiscal 2006, the Company also paid to each of its directors serving on Committees the following fees, plus expenses, for each Committee meeting attended: Chairman of the Audit Committee, \$2,500; Chairman of the Compensation Committee, \$2,000; chairman of all other Committees, \$1,500; all other Committee members, \$1,000. The Lead Director is paid an additional \$5,000 per year. In 2006, the Board of Director approved the aforementioned compensation to be effective through December 2008.

The following table discloses the cash, equity awards, and other compensation earned, paid, or awarded, as the case may be, to each of the Company's directors (other than Mr. Rossi, whose compensation is set forth in the Summary Compensation Table above) during the fiscal year ended December 31, 2006.

- (1) On December 8, 2006, each director, other than Mr. Rossi, was awarded 6,750 shares of restricted stock. The shares are subject to a repurchase option in favor of the Company and to restrictions on transfer until they vest in accordance with the provisions of the Restricted Stock Purchase Agreement dated December 8, 2006 between the Company and each such director. The amounts included in the "Stock Awards" column reflect the dollar amount recognized for financial statement reporting purposes for the fiscal year ended December 31, 2006, in accordance with FAS 123(R) adjusted to eliminate service-based forfeiture assumptions used for financial reporting purposes. These amounts include amounts related to awards granted in 2006 and in prior years. The weighted average grant date fair value per share of each award was \$17.76. A discussion of the assumptions used in valuation of stock and option awards may be found in "Note 2 - Stockholders' Equity" in the

- (2) The following table shows the aggregate number of options and stock awards outstanding for each Outside Director as of December 31, 2006:

Name	Aggregate Stock Option Outstanding as of 12/31/2006	Aggregate Stock Awards Outstanding as of 12/31/2006
Hoyt Ammidon, Jr.	38,011	13,500

Kenneth Mitchell	38,011	13,500
John Televantos	4,500	13,500
Elaine Wedral	29,623	13,500

In December, 2006, each director entered into Restricted Stock Purchase Agreements with the Company to purchase the Company's Common Stock pursuant to the Company's 1999 Stock Plan. These Agreements replace the stock option plan that non-employee directors participated in prior years.

Under the Agreements, each of Mr. Ammidon, Jr., Dr. Televantos, Mr. McMillan, Mr. Mitchell and Dr. Wedral purchased 4,500 shares of the Company's Common Stock at the purchase price of \$.06-2/3 per share. The purchased stock is subject to a repurchase option in favor of the Company and to restrictions on transfer until it vests in accordance with the provisions of the Agreements. The purchased stock will vest in full seven years from the date of the Agreements, provided the purchaser is still a director of the Company on that date. The purchased stock will also vest in full prior to seven years upon: (1) the purchaser's retirement from the Company's Board of Directors at or after age 70; (2) the purchaser's death or major disability, (3) the purchaser's resignation from the Company's Board of Directors due to a conflict of interest or serious

## Edgar Filing: BALCHEM CORP - Form DEF 14A

illness, and (4) a change of control of the Company (as defined in the Agreements). The purchased shares will not vest and the Company may repurchase all of the purchased shares at a purchase price of \$.06-2/3 per share in the event of gross misconduct on the part of the purchaser in the performance of his or her duties as a director of the Company prior to vesting, as determined by majority vote of the Board of Directors. A pro rated amount of the purchased shares may be repurchased by the Company at a purchase price of \$.06-2/3 per share in the event the purchaser ceases to be a director of the Company prior to vesting of the purchased shares for any reason other than gross misconduct.

The Company does not pay any other direct or indirect compensation to directors in their capacity as such.

### Related Party Transactions

Other than the compensation and employment arrangements described above, we have not entered into any transactions with any of our directors or executive officers or their immediate family members in 2006.

28

In accordance with our Audit Committee charter, our Audit Committee is responsible for reviewing and approving the terms and conditions of all related party transactions, including any transaction in which any of our directors, director nominees, executive officers or holders of more than 5% of our capital stock have or will have a direct or indirect material interest. If we were to do so, any such transaction would need to be approved by our Audit Committee prior to us entering into such transaction. A report is made to our Audit Committee annually disclosing all related parties that are employed by us and related parties that are employed by other companies that we had a material relationship with during that year, if any. The Audit Committee, as well as the full Board of Directors, reviews any potential transactions which may involve related parties at least once per calendar year.

### EQUITY COMPENSATION PLAN INFORMATION

These plans are the Company's only equity compensation plans approved by security holders, and there are no equity compensation plans that have not been approved by security holders. It should be noted that shares of the Company's Common Stock may be allocated to, or purchased on behalf of, participants in the Company's 401(k)/Profit Sharing Plan (described above). ### Audit Committee Report

The following report of the Audit Committee shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission or incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically requests that the information be treated as soliciting material or that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

The Board of Directors has appointed an Audit Committee consisting of three directors. Each member of the Audit Committee is independent as defined under the Nasdaq Marketplace Rules applicable to audit committee members. The Board of Directors has adopted a written charter with respect to the Audit Committee's responsibilities. The Audit Committee oversees the Company's internal and independent auditors and assists the Board of Directors in overseeing matters relating to the Company's financial reporting process.

In fulfilling its responsibilities, the Audit Committee reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2006 with management and discussed the audit with McGladrey & Pullen, LLP

31

("M&P"), the Company's independent auditors. The Audit Committee also discussed with the Company's independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as amended. This included a discussion of the independent auditors' judgment as to the quality, not just the acceptability, of the Company's accounting principles as applied to the Company's financial reporting, and such other matters that generally accepted auditing standards require to be discussed with the Audit Committee. The Audit Committee also received from M&P the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and the Audit Committee discussed with M&P and management M&P's independence.

Management is responsible for maintaining internal controls over financial reporting and assessing the effectiveness of internal control over financial reporting. The independent registered public accounting firm's responsibility is to express an opinion on management's assessment and an opinion on the effectiveness of the Company's internal control over financial reporting based on their audit. In fulfilling its oversight responsibilities, the Audit Committee reviewed the Company's assessment process of internal controls over financial reporting. The Audit Committee reviewed with the independent registered public accounting firm any deficiencies that had been identified during their engagement.

The Audit Committee also considered whether the provision of non-audit services by M&P to the Company is compatible with M&P's independence. M&P

## Edgar Filing: BALCHEM CORP - Form DEF 14A

advised the Audit Committee that M&P was and continues to be independent accountants with respect to the Company.

Based upon the reviews and considerations referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2006 for filing with the Securities and Exchange Commission.

The Audit Committee has also recommended the Board of Directors approve the selection of M&P as the Company's independent auditors for 2007.

### Quorum Required

Maryland law and the Company's By-laws require the presence of a quorum for the Meeting, defined as the presence in person or by proxy of stockholders entitled to cast a majority of all the votes entitled to be cast at the Meeting. Abstentions and broker non-votes will be treated as "present" for purposes of determining whether a quorum has been reached.

Broker non-votes are shares held by brokers or nominees that are present in person or represented by proxy, but are not voted on a particular matter because instructions have not been received from the beneficial owner

32

and the broker or nominee does not have discretion to vote without such instructions. Brokers and nominees generally do not have such discretion when the matter is deemed by Nasdaq to be "non-routine." However, Nasdaq generally considers the election of directors to be a "routine" matter with respect to which brokers and nominees could vote shares held by them in street-name in their discretion absent any instructions received from the beneficial owners of such shares.

### Voting Securities

Stockholders of record on April 24, 2007 (the "Record Date") will be eligible to vote at the Meeting. The voting securities of the Company consist of its Common Stock, \$.06-2/3 par value, of which 17,833,430 shares were outstanding on the Record Date. Each share of Common Stock outstanding on the Record Date will be entitled to one vote.

### Stockholder Proposals for 2008 Annual Meeting

From time to time, the stockholders of the Company may wish to submit proposals which they believe should be voted upon by the stockholders. The Securities and Exchange Commission has adopted regulations which govern the inclusion of such proposals in the Company's annual meeting proxy materials. All such proposals must be submitted to the Secretary of the Company at the Company's principal executive offices no later than December 27, 2007 in order to be considered for inclusion in the Company's year 2008 proxy materials. With respect to any stockholder proposal not submitted for inclusion in the Company's year 2008 proxy materials, the proxy for such meeting will confer discretionary

## Edgar Filing: BALCHEM CORP - Form DEF 14A

authority to vote on such proposal unless the Company is notified of such proposal not later than March 19, 2008 (45 days prior to the anniversary of the date this Proxy Statement is first being sent to stockholders).

### Matters Not Determined at the Time of Solicitation

The Board of Directors is not aware of any matters to come before the Meeting other than as described above. If any matter other than as described above should come before the Meeting, then the persons named in the enclosed form of proxy will have discretionary authority to vote all proxies with respect thereto in accordance with their judgment.

Approval of any other matter that may come before the Annual Meeting will be determined by the vote of a majority of the shares of Common Stock present in person or by proxy at the Annual Meeting and voting on such matters. With respect to an abstention, the shares will be considered present and entitled to vote at the Annual Meeting and they will have the same effect as votes against the matter. With respect to broker non-votes, the shares will not be considered entitled to vote at the Annual Meeting for such matter and the broker non-votes will have the practical effect of reducing the number of affirmative votes required to achieve a majority vote for such matter by reducing the total number of shares from which the majority is calculated.

New Hampton, New York

33

The Annual Report to Stockholders of the Company for the fiscal year ended December 31, 2006 is being mailed to stockholders with these proxy materials. The Annual Report does not form part of these proxy materials for the solicitation of proxies.
