MIDDLESEX WATER COMPANY ANNOUNCES
FIRST QUARTER RESULTS

ISELIN, NJ, (May 6, 2008) Middlesex Water Company, (NASDAQ:MSEX), a provider of water and wastewater and related services in New Jersey and Delaware, today announced operating revenues for the quarter ended March 31, 2008 increased \$1.9 million or 9.8% , from the same period in 2007.

First Quarter Operating Results

Consolidated operating revenues for the quarter rose from the same period in 2007, largely due to an increase in the Middlesex and Tidewater system base rates and higher consumption in both of those water systems. Revenues in the Middlesex system in New Jersey increased \$1.1 million as a result of a 9.1% base rate increase implemented in October 2007, and by \$0.2 million as a result of higher customer consumption. Revenues improved \$0.3 million in our Tidewater system in Delaware, of which \$0.2 million was the result of an additional 12% base rate increase implemented in February 2007. Fees charged for initial connection of new customers to our Delaware water system were \$0.2 million lower in 2008 as new residential and commercial development has slowed in our Delaware service territories. Revenues from regulated wastewater operations in Delaware increased by \$0.1 million due to customer growth. All other operations accounted for \$0.2 million of additional revenues.

Operation and maintenance expenses for the three months ended March 31, 2008 increased \$0.9 million or 8.3%, compared to the same period in 2007, with labor and benefit costs rising \$0.4 million due to increases in wages and benefits costs and increased headcount to meet the needs associated with continued growth in our Delaware service territory.

“Our first quarter results are in-line with our expectations. We typically do not see much variation in revenues and operating costs in the first quarter as water consumption is relatively stable in the winter months. In addition, maintenance costs associated with main breaks due to cold temperatures were relatively normal,” said Dennis Doll, President and CEO. “Looking forward, in spite of the presently weakened economy, we continue to be encouraged by the level of opportunity we see to expand our water and wastewater services beyond our current geographic borders. We have begun implementation of a significant business process and technology improvement initiative to assist in these efforts and we look forward to sharing our progress in these areas with our shareholders.”

Net income rose 13.3% from \$1.8 million to \$2.0 million. Middlesex Water reported earnings applicable to common stock of \$1.9 million, or \$0.15 per basic share, for the quarter ended March 31, 2008, compared with \$1.7 million, or \$0.13 per basic share, in 2007. On a fully diluted basis, earnings per share were \$0.15 for 2008, compared to \$0.13 per share for the same period in 2007.

Board Declares Quarterly Dividend

The Company's Board of Directors declared a quarterly cash dividend of \$0.1750 per share, payable June 2, 2008 to common shareholders as of May 15, 2008. The Company has paid cash dividends in varying amounts continually since 1912. Middlesex Water has a Dividend Reinvestment Plan under which dividends and optional cash payments can be used to purchase additional shares of Common stock.

Annual Shareholders Meeting

Middlesex Water will host its annual meeting of shareholders on Wednesday, May 21, 2008 beginning at 11:00 EDT at its corporate headquarters in Iselin, NJ.

About Middlesex Water Company

Middlesex Water Company, organized in 1897, is an investor-owned water utility, serving customers in central and southern New Jersey and in the State of Delaware. The Company and its New Jersey subsidiaries – Pinelands Water Company and Pinelands Wastewater Company—are subject to the regulations of the Board of Public Utilities of the State of New Jersey. Middlesex Water operates the water and wastewater utilities for the City of Perth Amboy through its subsidiary, Utility Service Affiliates (Perth Amboy), Inc. Middlesex Water also provides contract operations services and a service line maintenance program through its non-regulated subsidiary, Utility Service Affiliates, Inc. The Company's regulated Delaware subsidiaries, Tidewater Utilities, Inc., together with Southern Shores Water Company, and Tidewater Environmental Services, Inc. (TESI) are subject to the regulations of the Public Service Commission in Delaware. TESI provides regulated wastewater utility services. White Marsh Environmental Systems, Inc. operates small water and wastewater systems under contract on a non-regulated basis in Delaware. These companies are also subject to various Federal, State and regulatory agencies concerning water and wastewater effluent, quality standards.
