INTEGRA LIFESCIENCES HOLDINGS CORPORATION

Common Stock

This prospectus supplement no. 2, which supplements the prospectus dated September 19, 2007 and filed by us on September 20, 2007 (as amended by prospectus supplement no. 1 dated December 14, 2007), relates to the resale from time to time by selling stockholders of the shares of common stock that may be issued to them upon the conversion of our 2.75% Senior Convertible Notes due 2010.

You should read this prospectus supplement no. 2 in conjunction with the related prospectus and prospectus supplement no. 1, which should be delivered in conjunction with this prospectus supplement no. 2. This prospectus supplement no. 2 is not complete without, and may not be delivered or used except in conjunction with the prospectus, including prospectus supplement no. 1 and any amendments or other supplements to the prospectus. This prospectus supplement no. 2 is qualified by reference to the prospectus and prospectus supplement no. 1, except to the extent that the information provided by this prospectus supplement no. 2 supersedes information contained in the prospectus and prospectus supplement no. 1.

You should read and rely only on the information contained in this prospectus supplement no. 2 and the related prospectus and prospectus supplement no. 1, together with additional information described on page 34 of the related prospectus under the heading "Where You Can Find More Information and Incorporation by Reference." Neither we nor the selling stockholders have authorized anyone to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. Neither we nor the selling stockholders are making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information contained or incorporated by reference in this prospectus supplement no. 2 or the related prospectus and prospectus supplement no. 1 is accurate only as of the dates of the documents containing the information.

Investing in our common stock involves risks. See "Risk Factors" beginning on page 5 of the related prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the accuracy or adequacy of this prospectus supplement no. 2 and the related prospectus and prospectus supplement no. 1. Any representation to the contrary is a criminal offense.

THIS PROSPECTUS SUPPLEMENT NO. 2 IS DATED MARCH 13, 2008.

SELLING STOCKHOLDERS

The information appearing in the table below with respect to the selling stockholders named therein supplements and supersedes the information with respect to such selling stockholders in the table appearing under the heading "Selling Stockholders" in the related prospectus dated September 19, 2007 and filed on September 20, 2007 and prospectus supplement no. 1. The information is based solely on information provided to us by or on behalf of the selling stockholders on or prior to March 12, 2008 in Selling Securityholder Notices and Questionnaires.

The number of shares of our common stock issuable upon the conversion of the notes shown in the table below assumes conversion of the full amount of notes held by each selling stockholder at the initial conversion rate of 15.0917 shares of our common stock per \$1,000 principal amount of notes and a cash payment in lieu of any fractional share, which rate is subject to adjustment upon the occurrence of certain events. Accordingly, the number of shares of our common stock issued upon the conversion of the notes may increase or decrease from time to time. The selling stockholders may offer all, some or none of the shares of our common stock that we may issue upon the conversion of the notes. Therefore, we cannot estimate the number of shares of our common stock that will be held by the selling stockholders upon consummation of any of these sales. The number of shares of our common stock owned by the other selling stockholders or any future transferee from any such holder assumes that they do not beneficially own any shares of common stock other than the common stock that we may issue to them upon the conversion of the notes. In addition, the selling stockholders identified below may have acquired, sold, transferred or otherwise disposed of, in transactions exempt from the registration requirements of the Securities Act, all or a portion of their notes or shares of our common stock since the date on which they provided the information regarding their notes and therefore the aggregate number of shares set forth in the table below may exceed the number of shares actually issuable upon conversion of the notes.

Based upon information provided by the selling stockholders, none of the selling stockholders or their affiliates has, or within the past three years has had, any material relationship with us or any of our predecessors or affiliates, except as disclosed below.
