DIANA CONTAINERSHIPS INC. REPORTS FINANCIAL RESULTS
FOR THE SECOND QUARTER AND SIX MONTHS ENDED JUNE 30, 2014

DECLARES CASH DIVIDEND OF \$0.0025 PER SHARE
FOR THE SECOND QUARTER

ANNOUNCES \$92 MILLION PRIVATE PLACEMENT OF COMMON SHARES

AT-THE-MARKET OFFERING UPDATE

ATHENS, GREECE, July 28, 2014 – Diana Containerships Inc. (NASDAQ: DCIX), (the "Company"), a global shipping company specializing in the ownership of containerships, today reported net income of \$0.6 million for the second quarter of 2014, compared to a net loss of \$5.0 million for the respective period of 2013. The loss for the second quarter of 2013 was mainly the result of \$4.3 million of losses arising from the disposal of three vessels. Time charter revenues, net of prepaid charter revenue amortization, were \$12.5 million for the second quarter of 2014, compared to \$12.2 million for the same period of 2013, mainly due to increased average time charter rates achieved, despite the decrease in ownership days in 2014 compared to 2013, resulting from the disposal of five vessels from May 2013 to February 2014, which was partly offset by the addition to the Company's fleet of two vessels in August and September 2013, respectively.

Net income for the six months ended June 30, 2014 amounted to \$0.9 million, compared to a net loss of \$36.8 million for the same period of 2013. The loss for the six months ended June 30, 2013 was mainly the result of an impairment loss and actual losses arising from the disposal of three vessels, together totalling \$36.9 million. Time charter revenues, net of prepaid charter revenue amortization for the six months ended June 30, 2014 amounted to \$26.0 million, compared to \$27.4 million for the same period of 2013.

Dividend Declaration

The Company has declared a cash dividend on its common stock of \$0.0025 per share with respect to the second quarter of 2014. The cash dividend will be payable on or around September 3, 2014 to all shareholders of record as at August 14, 2014. The Company has 36,505,605 shares of common stock outstanding.

The Company stated that the Board's decision with respect to the amount of the cash dividend, combined with the private placement transaction discussed below, are consistent with its long-term strategy of positioning Diana Containerships to capitalize on the eventual recovery in the container market by providing the Company the flexibility

to acquire additional containership vessels when attractive opportunities arise.

Private Placement

On July 28, 2014, the Company entered into an agreement to sell 36,653,386 shares of its common stock (the "Shares") in a private placement to a group of investors including Diana Shipping Inc. ("Diana Shipping"), unaffiliated institutional investors, and the Company's Chairman and Chief Executive Officer, Mr. Symeon Palios, and a member of his family, along with other members of the Company's senior management, at a purchase price of \$2.51 per share, for expected proceeds of approximately \$92 million. In the transaction, Diana Shipping purchased \$40.0 million of common shares, two institutional investors not affiliated with the Company whose manager is based in the United States together purchased \$40.0 million of common shares, and Mr. Palios and a member of his family, along with other members of the Company's senior management, purchased an aggregate of \$12.0 million of common shares. The transaction is subject to customary closing conditions and is expected to close on or prior to July 29, 2014. The Company intends to use the net proceeds for general corporate purposes, including vessel acquisitions and working capital. The purchasers received customary registration rights with respect to the Shares. The transaction was approved by an independent committee of the Company's Board of Directors, which obtained a fairness opinion from Houlihan Lokey Financial Advisors, Inc. regarding the financial fairness to the Company of the aggregate purchase price to be received by the Company in the transaction. The fairness opinion was provided solely for the use of the independent committee of the Company's Board of Directors in connection with its evaluation of the transaction and may not be relied upon or used by any other person or for any other purpose, is subject to various assumptions, qualifications and limitations, and does not constitute advice or a recommendation on how to act with respect to the transaction or any other investment decision.

At-the-Market Offering Update

The Company does not expect to sell additional shares under its existing at-the-market offering with Deutsche Bank Securities Inc., as sales agent, until there is a significant improvement in the containership market.

*** Charterers' optional period to redeliver the vessel to owners. Charterers have the right to add the off hire days, if any, and therefore the optional period may be extended.

Edgar Filing: Diana Containerships Inc. - Form 6-K

1 On June 7, 2013, the Company agreed to extend as from August 13, 2013 the initially signed charter party with CMA CGM S.A., dated August 2, 2012 for a period of minimum 6 months to maximum 10 months. On May 16, 2014, the Company agreed to further extend the same charter party for a period of minimum 4 months to maximum 7 months.

2 For financial reporting purposes, we recognize revenue from time charters that have varying rates on a straight-line basis equal to the average revenue during the term of that time charter. We calculate quarterly dividends based on the available cash from operations during the relevant quarter.

3 For financial reporting purposes, revenues derived from the time charter agreement will be netted off during the term of the time charter with an amortization charge of the asset that was recognized at the delivery of the vessel, being the difference of the present value of the contractual cash flows to the fair value. However, we calculate quarterly dividends based on the available cash from operations during the relevant quarter.

4 Vessel chartered for a period of thirty-six (36) months plus or minus forty-five (45) days. The net daily charter hire rate will be US\$22,750 during the first twelve (12) months, US\$22,850 during the second twelve (12) months and US\$23,250 during the third twelve (12) months of the charter.

5 In case the vessel is redelivered to the Company in any period between the earliest and the maximum redelivery period, then the charterers will pay a lump sum equivalent to US\$6,000 per day to the owners for the outstanding period between the redelivery date and up to the 30 months.

Time charter equivalent rates, or TCE rates, are defined as our time charter revenues less voyage expenses during a period divided by the number of our available days during the period, which is consistent with industry standards.

Voyage expenses include port charges, bunker (fuel) expenses, canal charges and commissions. TCE is a (1) non-GAAP measure. TCE rate is a standard shipping industry performance measure used primarily to compare daily earnings generated by vessels on time charters with daily earnings generated by vessels on voyage charters, because charter hire rates for vessels on voyage charters are generally not expressed in per day amounts while charter hire rates for vessels on time charters are generally expressed in such amounts.

Daily vessel operating expenses, which include crew wages and related costs, the cost of insurance and vessel (2) registry, expenses relating to repairs and maintenance, the costs of spares and consumable stores, lubricant costs, tonnage taxes, regulatory fees, environmental compliance costs and other miscellaneous expenses, are calculated by dividing vessel operating expenses by ownership days for the relevant period.
