Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

On October 13, 2015, Trans-Lux Corporation (“we”, “us”, “our” or the “Company”) filed with the Secretary of State of the State of Delaware a Certificate of Designations of Series B Convertible Preferred Stock (the “Series B Certificate of Designations”) creating a new series of preferred stock of the Company, par value \$0.001 per share, designated as “Series B Convertible Preferred Stock” (“Series B Preferred”). A summary of the material terms of the Series B Preferred is set forth below. This summary is not complete and is qualified in its entirety by reference to the full text of the Series B Certificate of Designations, a copy of which is filed herewith as Exhibit 3.1 and is incorporated herein by reference.

Ranking

With respect to the payment of dividends and distribution of amounts of our net assets upon a dissolution, liquidation or winding up of Trans-Lux, the Series B Preferred will rank senior to our common stock and any other class or series of our stock over which the Series B Preferred has preference or priority in the payment of dividends or in the distribution of assets on liquidation, as the case may be, to which we refer as “Junior Stock,” equally with any other class or series of our stock that ranks on a par with the Series B Preferred in the payment of dividends or in the distribution of assets on liquidation, as the case may be, to which we refer as “Parity Stock,” and junior, in all matters expressly provided, to any class or series of preferred stock specifically ranking by its terms senior to the Series B Preferred in the payment of dividends or in the distribution of assets on liquidation, as the case may be, to which we refer as “Senior Stock.” We currently do not have any Senior Stock or Parity Stock. Among other things, no dividends or other distributions may be made in respect of shares of Junior Stock, other than dividends payable solely in common stock with respect to which an adjustment to the Series B Preferred conversion price is made (as described below), unless and until all accrued and unpaid dividends on the Series B Preferred (including any semi-annual dividend for the then-current period, as described below) have been paid or provided for and an equivalent dividend has been paid in respect of each share of Series B Preferred on an as converted to common stock basis.

Dividends

Subject to the prior payment in full of any dividends to which any Senior Stock is entitled by its terms, the holders of the Series B Preferred will be entitled to receive, out of funds legally available therefor, semi-annual dividends payable, at the Company’s election, in cash, shares of common stock, or a combination thereof. Such dividends will be cumulative and non-compounding and will accrue on a daily basis from the date of issuance of the Series B Preferred at an annual rate equal to 6.0% of the Stated Value per share of \$200.00 (subject to adjustment). If we elect to pay this dividend in shares of common stock, such shares will be valued at an amount equal to the volume-weighted 30-day average trading price of the common stock on its principal trading market.

Liquidation Preference

Upon any liquidation, dissolution or winding up (a “Liquidation”), after the satisfaction in full of the debts of the Company and the payment of any priority liquidation preference owed to the holders of shares of Senior Stock, the holders of Series B Preferred will be entitled to receive out of the assets of the Company an amount equal to the dividends accrued and unpaid thereon, whether or not declared, without interest, plus a sum in cash or property at its fair market value as determined by our Board of Directors equal to the greater of (a) the Stated Value per share and (b) such amount per share as would have been payable had all shares of Series B Preferred been converted into common stock immediately before the Liquidation, before any payment may be made or assets distributed to the holders of Junior Stock. For this purpose a “Liquidation” does not include any consolidation of the Company with, or merger of the Company into, any other entity, any merger of another entity into the Company, any sale or transfer of assets of the Company or any exchange of securities of the Company.

## Voting

Except as otherwise expressly required by law, holders of shares of Series B Preferred will be entitled to vote, together with the holders of our common stock and not as a separate class, on all matters submitted to holders of our common stock. Holders of shares of Series B Preferred will be entitled to 20 votes for each share of Series B Preferred (subject to adjustment) owned at the record date for the determination of stockholders entitled to vote on such matter or, if no such record date is established, at the date such vote is taken or any written consent of stockholders is solicited.

## Conversion

**Optional Conversion by Holder.** Each share of Series B Preferred will be convertible at the election of the holder into shares of our common stock by dividing the Stated Value per share by a conversion price, which will initially be \$10.00.

**Mandatory Conversion by Trans-Lux.** The Company will have the right, in its sole discretion, to cause all (but not less than all) outstanding shares of Series B Preferred Stock to be automatically converted into shares of common stock at any time after the earlier of (i) such date after the first anniversary of the initial issue date of the Series B Preferred that the closing price of our common stock has been greater than or equal to \$15.00 per share (subject to adjustment) for 30 consecutive trading days, and (ii) the third anniversary of the initial issue date of the Series B Preferred.

**Conversion Price Adjustment.** The conversion price and, therefore, the conversion rate, will be adjusted to reflect any dividend or distribution in shares of common stock made on any other class or series of the Company's capital stock (other than on shares of Series B Preferred) or any subdivision, combination or reclassification of the outstanding shares of common stock (including through a merger of the Company with another entity) so that each holder of shares of Series B Preferred thereafter surrendered for conversion will be entitled to receive the number of shares of common stock that such holder would have owned or have been entitled to receive immediately after such action had such shares of Series B Preferred been converted immediately before such action.

(1) EBITDA is defined as earnings before effect of interest, income taxes, depreciation and amortization. EBITDA is presented here because it is a widely accepted financial indicator of a company's ability to service and/or incur indebtedness. However, EBITDA should not be considered as an alternative to net income or cash flow data prepared in accordance with accounting principles generally accepted in the United States or as a measure of a company's profitability or liquidity. The Company's measure of EBITDA may not be comparable to similarly titled measures reported by other companies.
