*Pollution Control Bond Offering*

On February 9, 2005, the Lehigh County Industrial Development Authority (the "LCIDA"), on behalf of PPL Electric Utilities Corporation ("PPL Electric"), launched the offering of \$115,500,000 aggregate principal amount of its Pollution Control Revenue Refunding Bonds, 2005 Series A (PPL Electric Utilities Corporation Project) (the "Bonds"). The proceeds of the Bonds will be applied toward the refunding of an existing series of tax-exempt pollution control revenue refunding bonds in the same aggregate principal amount that the LCIDA issued on PPL Electric's behalf in 1994. J.P. Morgan Securities Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated are serving as co-lead arrangers for the offering of the Bonds. Payment of principal and interest on the Bonds will be guaranteed by a municipal bond insurance policy issued by Financial Guaranty Insurance Corporation.

*The foregoing does not constitute an offer to sell or a solicitation of an offer to buy the Bonds, nor shall there be any sale of the Bonds in any state or jurisdiction in which such an offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction.*

*Earnings*

On February 2, 2005, PPL Corporation, the parent company of PPL Electric, announced earnings for the year ended December 31, 2004. PPL Electric's net income for the year ended December 31, 2004 was approximately \$74 million (unaudited).

PPL Electric's earnings in the first quarter of 2005 will be impacted by severe ice storms that hit the PPL Electric service territory in January 2005. PPL Electric had to restore service to approximately 237,000 customers at an estimated aggregate cost of \$20 million to \$25 million. PPL Electric is evaluating its options for treatment of these costs.
