Section 8 - Other Events

Item 8.01 Other Events

On June 8, 2012, Louisville Gas and Electric Company ("LG&E") and Kentucky Utilities Company ("KU", and together with LG&E, the "Companies") issued press releases announcing that they anticipate filing requests with the Kentucky Public Service Commission ("KPSC") for increases in annual base electric rates of \$62.1 million and \$82.4 million at LG&E and KU, respectively, and an increase in annual base gas rates of \$17.2 million at LG&E.

The Companies anticipate filing the rate increase applications with the KPSC on or after June 29, 2012. Subject to KPSC review and approval, the rate increases could become effective on or after January 1, 2013.

In connection with the rate application, LG&E also anticipates filing with the KPSC a request for a certificate of public convenience and necessity, including a rate tracking mechanism, to allow it to acquire and repair certain existing customer-owned gas line connection equipment and recover the costs associated with such activities, as well as certain other gas system projects. The LG&E gas line tracker would encompass approximate total revenues of \$120 million over an initial 5 year period from 2013-2017.

The Companies' anticipated requested increases represent increases in base electric rates of approximately 6.9 percent and 6.5 percent at LG&E and KU, respectively, and in LG&E base gas rates of approximately 7.0 percent. The Companies' anticipated applications include requests for authorized returns-on-equity at LG&E and KU of 11 percent each.

Copies of the press releases are furnished as Exhibits 99.1 and 99.2.
