REPORT OF INDEPENDENT ACCOUNTANTS

To the Board of Directors of Franklin Capital Corporation

We have examined management's assertion, about Franklin Capital Corporation's (the "Company") compliance with the requirements of subsections (b) and (c) of Rule 17f-2 of the Investment Company Act of 1940 ("the Act") as of December 17, 2003, with respect to securities and similar investments reflected in the investment account of the Company, included in the accompanying Management Statement Regarding Compliance with Certain Provisions of the Investment Company Act of 1940. Management is responsible for the Company's compliance with those requirements. Our responsibility is to express an opinion on management's assertion about the company's compliance based on our examination.

Our examination was made in accordance with standards established by the American Institute of Certified Public Accountants and accordingly, included examining, on a test basis, evidence about the Company's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. Included among our procedures were the following tests performed as of December 17, 2003, and with respect to agreement of security and similar investments purchases and sales, for the period from November 26, 2003 (the date of the last examination) through December 17, 2003;

Count and inspection of all securities and similar investments located in the vault of The Bank of New York in New York, with prior notice to management;

Confirmations of all securities and similar investments held by institutions in book entry form) (i.e., First New York Securities and Credit Suisse First Boston);

Reconciliation of confirmation results as to all such securities and similar investments to the books and records of the company and The Bank of New York;

Confirmation of all repurchase agreements, if any, with brokers/banks any agreement of underlying collateral with The Bank of New York's records;

Agreement of investment purchases and sales or maturities since our last examination from the books and records of the Company to broker confirmations.

We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Company's compliance with the requirements of the Act. In our opinion, management's assertion that Franklin Capital Corporation maintained effective internal control, including the appropriate segregation of responsibilities and duties, over the transfer agent and registrar functions, and that no material inadequacies existed as defined by the requirements of subsections (b) and (c) of Rule 17f-2 of the Investment Company Act of 1940, as of December 17, 2003, is fairly stated, in all material respects, based on the criteria established by the requirements of subsections (b) and (c) of Rule 17f-2 of the Investment Company Act of 1940.
