BOARD OF DIRECTORS

The Company's Articles of Association provide that the Board of Directors (sometimes referred to herein as the Board) shall be divided into three classes designated Class I, Class II and Class III, each class consisting as nearly as possible of one-third of the total number of Directors constituting the entire Board of Directors.

The term of office for each Director in Class I expires at the Annual General Meeting in 2005; the term of office for each Director in Class II expires at the Annual General Meeting in 2006; and the term of office for each Director in Class III expires at the Annual General Meeting of the Company in 2007. At each Annual General Meeting the successors of the class of Directors whose term expires at that meeting shall be elected to hold office for a term expiring at the Annual General Meeting to be held in the third year following the year of their election.

In 2004, there were six meetings of the Board and all incumbent Directors attended at least 75% of such meetings and of the meetings held by all committees of the Board of which they were a member. Formal meetings of the Board and Board committees are supplemented periodically by informational meetings. In 2004, two such informational meetings of the Board were held. The Company expects Directors to attend the Annual General Meeting, and thirteen Directors attended the Annual General Meeting of Shareholders in 2004.

2

In connection with each regularly scheduled meeting of the Board, the non-management Directors meet in executive session without any member of management in attendance. In addition, the independent directors of the Board meet as a group at least annually. Mr. Loudon and, in his absence, Mr. Weiser were selected by the independent Directors to preside at such executive sessions of the Board. The Board considers annually the selection of the independent Director to preside at executive sessions of non-management Directors.

Independence Standards

The Board has adopted categorical standards to assist it in making determinations as to whether Directors have any material relationships with the Company for purposes of determining independence under the listing standards of the New York Stock Exchange (the NYSE). The standards are attached as Appendix A to this Proxy Statement. The Board of Directors determined in March 2005 that each of the Directors other than Messrs. Esposito and O'Hara are independent in accordance with such categorical standards.

Code of Conduct

The Company has adopted a Code of Business Conduct and Ethics, which applies to all of the Company's Directors, officers (including the Chief Executive Officer) and employees. The Company has also adopted a Code of Ethics for XL Senior Financial Officers applicable to the Company's chief financial officer, controller and other persons performing similar functions. The Company will post on its website any waiver under the Code of Business Conduct and Ethics or the Code of Ethics for XL Senior Financial Officers granted to any of its Directors or executive officers.

Website Access to Governance Documents

Edgar Filing: XL CAPITAL LTD - Form DEF 14A

Committees

The Board has established an Audit Committee, a Compensation Committee, a Nominating & Governance Committee, a Finance Committee and a Public Affairs Committee. The Audit Committee, the Compensation Committee, the Nominating & Governance Committee and the Public Affairs Committee consist solely of independent directors as independence for such members is defined in the listing standards of the NYSE and the rules of the SEC.

Audit Committee

The Audit Committee's primary purpose is to assist in the Board's oversight of the integrity of the Company's financial statements, including its system of internal controls, the independent auditor's qualifications, independence and performance, the performance of the Company's internal audit function and the Company's compliance with legal and regulatory requirements. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent auditor for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services for the Company. Messrs. Thornton (Chairman), Comey, McQuade, Rance, Senter and Dr. Thrower comprise the Audit Committee. The Audit Committee met six times during 2004 and held eleven informational meetings in 2004. The Board has determined that each of Messrs. McQuade, Senter and Thornton serve as an audit committee financial expert (as that term is defined in the rules of the SEC).

Compensation Committee

The Compensation Committee reviews the performance and compensation of the Chairman, the Chief Executive Officer and other senior executives and has overall responsibility for approving and evaluating compensation and benefit plans of the Company. Messrs. Comey (Chairman), Glauber, Loudon and Weiser comprise the Compensation Committee. The Compensation Committee met six times during 2004 and held one informational meeting in 2004.

3

Nominating & Governance Committee

The Nominating & Governance Committee makes recommendations to the Board as to nominations for the Board and Board committee memberships and compensation for Board and Board committee members, as well as structural, governance and procedural matters. The Nominating & Governance Committee also reviews the performance of the Board and the Company's succession planning. Messrs. Weiser (Chairman) and Loudon and Drs. Parker and Thrower comprise the Nominating & Governance Committee. The Nominating & Governance Committee met six times during 2004.

Identifying and Evaluating Nominees

The Nominating & Governance Committee is responsible for reviewing with the Board, on an annual basis, the requisite skills and characteristics of new Board members as well as the composition of the Board as a whole. When the Board determines to seek a new member, whether to fill a vacancy or otherwise, the Nominating & Governance Committee utilizes third-party search firms and considers recommendations from Board members, management and others, including Shareholders. In general, the Nominating & Governance Committee looks for new members possessing superior business judgment and integrity who have distinguished themselves in their chosen fields of endeavor and who have knowledge or experience in the areas of insurance, reinsurance, financial services or other aspects of the Company's business, operations or activities.

Nominees Recommended by Shareholders

The Nominating & Governance Committee will consider, for director nominees, persons recommended by Shareholders who may submit recommendations to the Nominating & Governance Committee in care of the Company's Secretary at XL House, One Bermudiana Road, Hamilton HM 11, Bermuda. To be considered by the Nominating & Governance Committee, such recommendations must be accompanied by a description of the qualifications of the proposed candidate and a written statement from the proposed candidate that he or she is willing to be nominated and desires to serve if elected. Nominees for Director who are recommended by Shareholders to the Nominating & Governance Committee will be evaluated in the same manner as any other nominee for Director. Nominations by Shareholders may also be made at an Annual General Meeting of Shareholders in the manner set forth under Shareholder Proposals for 2006 Annual General Meeting.

Finance Committee

The Finance Committee establishes and recommends the financial policies of the Company and reviews the Company's capital structure and management, issuances of securities, dividend policy, mergers, acquisitions and divestitures, significant strategic investments, overall investment policy and performance, and annual business plan and budget. Messrs. Loudon (Chairman), Esposito, Glauber, O Hara, Senter, Thornton and Weiser and Dr. Parker comprise the Finance Committee. The Finance Committee met six times during 2004 and held one informational meeting in 2004.

Public Affairs Committee

The Public Affairs Committee reviews the Company's policies and programs that relate to public issues of significance to the Company and the public at large, the Company's relationship with external constituencies and the non-financial issues that impact the Company. The Public Affairs Committee also oversees the Company's program of charitable giving. Messrs. Rance (Chairman) and Weiser and Dr. Parker comprise the Public Affairs Committee. The Public Affairs Committee met one time during 2004.

Communications with Members of the Board of Directors and its Committees

Shareholders and other interested persons may communicate directly with one or more Directors (including the presiding Director or all non-management directors as a group) by writing to them in care of the Company's Secretary at XL House, One Bermudiana Road, Hamilton HM 11, Bermuda and should specify the intended recipient(s). All such communications will be forwarded to the appropriate Director(s) for review, other than communications which are advertisements or other commercial solicitations or communications.

4

Director Compensation

During 2004, all Directors (except for the Chairman of the Board and Directors who are also employees of the Company) received an annual fee of \$50,000, plus \$3,000 per meeting, including informational meetings. Committee Chairmen also received an additional annual fee of \$5,000, and all committee members received an attendance fee of \$1,500 per meeting and informational meeting. Prior to the beginning of each calendar year, Directors may elect to defer all or part of the Board annual retainer in increments of 10%. Deferred payments are credited in the form of share units, calculated by dividing 110% of the deferred payment by the market value of the Company's Shares on the date the fees would otherwise be paid, in accordance with the terms of the Company's Directors Stock & Option Plan, as amended and restated. Alternatively, Directors may elect to receive their annual retainers in the form of Shares having a value equal to their annual fees.

The following Directors elected to defer all or a portion of their annual retainer for calendar year 2004:

Directors	Amount Deferred	Share Units Credited
Ronald L. Bornhuetter	\$50,000	654.88
Dale Comey	\$50,000	654.88
Robert S. Parker	\$25,000	327.44
John Thornton	\$50,000	654.88
Ellen E. Thrower	\$25,000	327.44

On April 30, 2004, all non-employee Directors were granted 2,500 options exercisable at \$76.35 per Share (the fair market value on April 30, 2004) pursuant to the terms of the Company's Directors Stock & Option Plan, as amended and restated, and 1,000 restricted shares, which vest on the first anniversary of grant. In addition, under the Company's Stock Plan for Non-employee Directors (the "Stock Plan"), as of the day of each year that annual retainer fees are paid, Share units are credited to the account of each non-employee Director. The number of Share units credited each year is equal to the annual retainer fee divided by the fair market value of a Share on the date the units are credited. Dividends are credited as additional Share units. Benefits under the Stock Plan will be distributed in the form of Shares following termination of a non-employee Director's service on the Board.

Mr. Esposito's annual compensation as Chairman of the Board with respect to 2004 was comprised of a salary of \$750,000, a cash bonus of \$1,300,000, pension contributions of \$75,000, a grant of 100,000 options at an exercise price of \$75.48 per Share and a grant of 15,000 shares of restricted stock.

Under the terms of an agreement entered into in connection with the acquisition in 1999 of NAC Re Corporation (Nac Re) by the Company, Mr. Bornhuetter, who had been Chairman of the Board and Chief Executive Officer of Nac Re and who was a director of the Company from June 1999 to April 30, 2004, receives a supplemental pension of \$162,892 per year, which commenced in August 1999, for his lifetime and, upon his death, 50% of that amount per year will be received by his surviving spouse for her lifetime. In addition, the agreement provides that Mr. Bornhuetter is entitled to the continuance of certain insurance benefits.

Director Share Ownership Guidelines

The Board of Directors revised the Company's stock ownership guidelines for Directors at its January 2004 board meeting. The guidelines require that, within three years of becoming a Director, each Director beneficially own Shares, options or Share units (or any combination thereof) with a value of at least \$200,000.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers and persons who own more than 10% of a registered class of the Company's equity securities to file with the SEC and the NYSE reports on Forms 3, 4 and 5 concerning their ownership of the Shares and other equity securities of the Company.

The Company believes that all of its officers and Directors and those greater-than-10% Shareholders that filed any reports, filed all of such reports on a timely basis during the year ended December 31, 2004 with the exception of one Form 4 filing for Mr. Loudon that was filed after the due date.

EMPLOYMENT AGREEMENTS OF NAMED EXECUTIVE OFFICERS AND ACCELERATED VESTING UPON CHANGE IN CONTROL

Jerry de St. Paer Employment Agreement

The Company has entered into an employment agreement with one of its named executive officers, Jerry de St. Paer, to serve as Executive Vice President and Chief Financial Officer of the Company.

Mr. de St. Paer's employment agreement provides for (i) a specified base salary which is subject to review for increase annually, (ii) an annual bonus pursuant to the Company's incentive compensation plan as determined by the Compensation Committee and stock option and restricted share grants pursuant to the Company's performance incentive program, (iii) reimbursement for or payment of certain travel, living and other expenses and (iv) the right to participate in such other employee or fringe benefit programs for senior executives as are in effect from time to time. The original term of Mr. de St. Paer's employment agreement expired on March 1, 2004. However, the term was automatically extended for an additional one year period and will continue to be automatically extended for successive one year periods upon the expiration thereof unless the Company or Mr. de St. Paer provides written notice that the term is not to be extended at least three months prior to the then scheduled expiration date. Mr. de St. Paer has also agreed to certain confidentiality, non-competition and non-solicitation provisions.

Mr. de St. Paer's agreement further provides that, in the event of the termination of his employment prior to the expiration date of the employment agreement (after giving effect to any extensions thereof) by reason of death or disability, Mr. de St. Paer (or in the case of death, Mr. de St. Paer's spouse or estate) shall be entitled to receive his then current base salary through the end of the sixth month after the month in which his employment is terminated. Mr. de St. Paer (or his estate) shall be entitled to any annual bonus awarded but not yet paid and a bonus for the year of termination in an amount determined by the Compensation Committee (but not less than a pro rata portion of his targeted annual bonus for the year). Mr. de St. Paer (or his estate) shall also be entitled to accelerated vesting of his rights under any option or restricted share grants and pension plans.

In the event of termination of his employment without cause prior to a Change in Control (as defined in his employment agreement), Mr. de St. Paer will be entitled to his then current base salary through the date on which termination occurs, a cash lump sum payment equal to two times his then current base salary and one times the higher of (x) his targeted annual bonus for the year of termination and (y) the annual bonus actually awarded in the year immediately preceding the year of termination, any annual bonus earned or awarded but not yet paid and participation in employee benefit programs through the remainder of the term of his employment agreement.

If Mr. de St. Paer is terminated (i) by the Company without cause within the 24-month period following a Change in Control and, if the Change in Control is stockholder approval of an Event (as defined in his employment agreement), prior to a termination of the agreement to effect the Event (the Post-Change Period), (ii) by Mr. de St. Paer for Good Reason (as defined in his employment agreement) during the Post-Change Period; or (iii) in connection with or anticipation of a Change in Control within one year prior to the date on which a Change in Control occurs, he will be entitled to (i) his then current base salary through the date on which termination occurs, (ii) a cash lump sum payment equal to the sum of (x) two times his then current base salary and (y) two times the largest annual bonus awarded in the three years preceding the year in which the Change in Control occurs, provided that such bonus is at least equal to the targeted annual bonus for the year of such termination and (iii) an amount equal to the higher of (x) his annual bonus actually awarded in the year immediately preceding the year of the Change in Control and (y) his targeted annual bonus for the year of termination, pro rated by a fraction for the number of months or fraction thereof in which he was employed in the year of termination. Mr. de St. Paer will also be entitled to continued exercisability of stock options for three years after termination of employment and continued benefits for two years after termination of employment. In addition, Mr. de St. Paer will be entitled to gross-up payments in the event excise taxes on his payments or benefits are imposed on him under Section 280G of the United States Internal Revenue Code, as set forth in his employment agreement.

Employment Agreements of Paul S. Giordano, Henry C. V. Keeling, Fiona E. Luck and Clive R. Tobin.

The Company has also entered into employment agreements with the following named executive officers: Paul S. Giordano to serve as Executive Vice President, Chief Executive of Financial Products and Services Operations of the Company; Henry C.V. Keeling to serve as Executive Vice President, Global Head of Business Services and Chief Executive of Reinsurance Operations of the Company; Fiona E. Luck to serve as Executive Vice President,

12

Global Head of Corporate Services and Assistant Secretary of the Company; and Clive R. Tobin to serve as Executive Vice President and Chief Executive of Insurance Operations of the Company.

Each employment agreement provides for (i) a specified base salary which is initially as set forth in the Executive Compensation Summary Compensation Table and is subject to annual review and may be increased by the Compensation Committee, (ii) an annual bonus pursuant to the Company's incentive compensation plan as determined by the Compensation Committee, (iii) reimbursement for or payment of certain travel and other expenses and (iv) the right to participate in such other employee or fringe benefit programs for senior executives as are in effect from time to time. The original term of each executive's employment is scheduled to expire on January 1, 2006 and will continue to be automatically extended for successive one year periods unless the Company or the executive provides written notice that the term is not to be extended at least six months prior to the then scheduled expiration date. Each executive has agreed to certain confidentiality, non-competition and non-solicitation provisions.

Each employment agreement further provides that, in the event of the termination of the executive's employment prior to the expiration date of the employment agreement (after giving effect to any extensions thereof) by reason of death or disability, the executive (or in the case of death, the executive's spouse or estate) shall be entitled to receive the executive's then current base salary through the end of the six month period after the month in which the executive's employment is terminated, and the executive (or the executive's estate) shall be entitled to any annual bonus awarded but not yet paid and a pro rata bonus for the year of termination in an amount determined by the Compensation Committee (but not less than a pro rata portion of the executive's average annual bonus for the immediately preceding three years). The executive (or the executive's estate) shall also be entitled to the executive's vested accrued benefits under any employee benefit programs, continued rights with regard to any stock options or other rights with respect to equity securities of the Company held by the executive in accordance with the terms of the plans under which such options or other rights were issued, and continued medical benefit plan coverage for the executive and the executive's dependents for a period of six months.

In the event of termination of the executive's employment by the Company without Cause (as defined in the employment agreement) or by the executive if the executive is assigned duties inconsistent with his position (but such assignment does not constitute Good Reason as defined in the employment agreement), the executive shall be entitled to the executive's then current base salary through the date on which termination occurs, a cash lump sum payment equal to the sum of (x) two times the executive's then current base salary and (y) one times the higher of the targeted annual bonus for the year of such termination or the average of the executive's annual bonus for the three years immediately preceding the year of termination, and any annual bonus awarded but not yet paid. The executive shall also be entitled to the executive's vested accrued benefits under any employee benefit programs, continued rights with regard to any stock options or other rights with respect to equity securities of the Company held by the executive in accordance with the terms of the plans under which such options or other rights were issued and

continued medical benefit plan coverage for the executive and the executive's dependents for a period of 24 months.

Notwithstanding the foregoing, in the event of termination of the executive's employment (x) by the Company without Cause within the 24-month period following a Change in Control (as defined in the employment agreement) (the Post-Change Period), (y) by the executive for Good Reason during the Post-Change Period or (z) by the Company within one year prior to a Change in Control and it is reasonably demonstrated that such termination arose in connection with or anticipation of the Change in Control, then the executive shall be entitled to (i) the executive's then current base salary through the date on which termination occurs; (ii) a cash lump sum payment equal to the sum of (x) two times the executive's then current base salary and (y) two times the average of the executive's annual bonus for the three years immediately preceding the year in which the Change in Control occurs, provided such bonus shall be at least equal to the targeted annual bonus for the year of such termination; and (iii) an amount equal to the higher of (x) the executive's annual bonus actually awarded in the year immediately preceding the year in which the Change in Control occurs or (y) the targeted annual bonus that would have been awarded to the executive for the year of such termination, pro rated by a fraction based on the number of months or fraction thereof in which the executive was employed by the Company in the year of termination. The executive shall also be entitled to continued medical benefit plan coverage for the executive and the executive's dependents for a period of 24 months and to accelerated vesting of the executive's rights (i) under any retirement plans; and (ii) with regard to any stock options or other rights with respect to equity securities of the Company held by the executive, which options or other rights shall be exercisable for the shorter of three years or the original term of the security. In addition, the executive shall be entitled to gross-up payments in the event excise taxes on the executive's payments or benefits are imposed under Section 280G of the United States Internal Revenue Code.

13

In the event of termination of the executive's employment by the Company with Cause or other voluntary termination by the executive, the executive shall be entitled to the executive's then current base salary through the date on which termination occurs and continued rights with regard to any stock options or other rights with respect to equity securities of the Company held by the executive in accordance with the terms of the plans under which such options or equity securities were issued. The executive shall also be entitled to the executive's vested accrued benefits under any employee benefit programs in the case of voluntary termination and, if such programs expressly provide for such benefits, in the case of termination by the Company with Cause.

Each of Mr. de St. Paer's and the other employment agreements described above also provides for indemnification of the executive by the Company to the maximum extent permitted by applicable law and the Company's charter documents and requires the Company to maintain directors' and officers' liability coverage in an amount equal to at least \$75,000,000 for each such executive.

All grants of restricted shares and share options under the Company's incentive compensation plans automatically vest upon a Change in Control (as defined in such plans).

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee is comprised of four independent directors appointed by the Board to evaluate and approve senior executive compensation and compensation and benefit policies, plans and programs of the Company. The Committee Charter is reviewed annually and submitted to the Board of Directors for approval.

The Committee's objective is to ensure (1) that the Company has compensation and benefit programs that will attract and retain superior talent and (2) that total compensation levels, especially for senior executives, are dependent significantly upon the achievement of the Company's performance goals to enhance Shareholder value. In this regard, the Company's Compensation Philosophy, Principles, Standards and Practice is reviewed annually by the Committee and approved by the Board. In addition to receiving recommendations from management, the Committee retains independent compensation consultants for the review of the strength of the Company's compensation program relative to the marketplace in general and to the principal competitors in the Company's various businesses.

Global Incentive Compensation Plan

The Company's basic compensation philosophy is to establish salary levels that are at the median in comparison to its key competitors for the various markets it operates in globally. In addition, the Company has implemented a Global Incentive Compensation Plan that provides variable compensation dependent upon the performance of the Company, its business units and the individual employee. It is the intent of this plan, particularly for senior executives, that performance-based variable compensation be significant and provide above market total compensation for successful performance.

Annual incentive compensation under the plan is dependent upon the Company's performance relative to its corporate goals for the year and the comparison of the Company's performance to those achieved by a group of key competitors. In addition to total corporate results, the Committee also reviews the performance of each of the Company's business units relative to their operating earnings and return on common equity

objectives for the year. The corporate bonus pool is funded based on the performance measures of (1) return on common equity and (2) operating earnings per share. The Company's performance relative to its goals receives 60% weighting and the performance relative to its key competitors receives 40% weighting. In addition, the corporate bonus pool can be enhanced or diminished by the Company's total return to Shareholders (i.e., change in common stock price plus cash dividends paid) over a three-year period compared to its key competitors. Under the plan, the Compensation Committee can modify the result up to 25% based on other performance measures it deems appropriate for the year.

Long-term incentive compensation under the plan includes stock option awards, restricted stock grants and deferred cash grants. In early 2005, the Committee recommended and the Board approved a cash-based long-term incentive plan (LTIP) for senior management. LTIP awards are designed to reward creation of Shareholder value over extended periods of time. It is the Committee's intent that future awards may be potentially significant and that the LTIP will be used in conjunction with stock-based vehicles to incent, reward and retain senior executives in the future. The Committee approves guidelines for long-term incentives that are based on competitive practices and, with regard to

stock options and restricted stock grants, stock dilution considerations. In accordance with the amended 1991 Performance Incentive Program approved by Shareholders in 2003, a minimum 50% of all shares granted will be performance vested shares that will require a minimum return on equity attainment prior to vesting. Any time-vested restricted stock grants and all stock option awards vest equally over a four-year period. Long-term incentive compensation seeks to align management with the interests of the Company's Shareholders. The majority of the long-term variable compensation for the most senior executive leaders of the Company is in stock options where compensation received is dependent on enhancing Shareholder value. The Committee has adopted share ownership guidelines for senior officers to encourage them to establish and maintain ownership of the Company's shares. Restricted stock and deferred cash grants are a more significant portion of long-term incentive compensation for other top-performing or high-potential executives. Stock options and restricted stock grants may also be utilized in connection with new hires, personnel retention following mergers or acquisitions or in other special circumstances.

2004 Compensation Review

The Company achieved record net operating earnings and net income in 2004. Book value increased by 11.2% and net income return on equity was 16.5%, results which compared favorably relative to the Company's key competitors.

As a result of excess catastrophe losses and prior years reserve strengthening, the Company did not achieve its internal objectives for operating income and operating income return on equity. Additionally, these results reflected average performance relative to its competitors. However, business units accounting for in excess of 53% of allocated capital achieved operating income return on equity performance greater than 20%.

The Committee approved a bonus pool for 2004 which, in the aggregate, was 12% greater than target for the Company. This reflects the Committee's view that while record earnings and a very favorable return on equity were achieved, internal company objectives were not sufficiently met. It should be noted that the Company's internal objectives for 2004 required superior absolute financial performance.

In addition, the Committee believed that management demonstrated solid performance in actions taken and results achieved that are aimed at enhancing Shareholder value. Therefore, long-term incentive compensation awards were approved for top-performing and high-potential executives. These took the form of stock options, restricted stock grants and deferred cash grants, with stock options being the predominant award for the most senior executive leaders of the Company. Senior executives and other senior officers receive a higher proportion of restricted stock with performance vesting rather than time vesting requirements.

Chief Executive Officer and Chairman's Compensation

The Committee evaluated the Chief Executive Officer's performance pertaining to a series of objectives established for the year. The Committee and the Board continue to believe Mr. O Hara's leadership is strong, effective and appropriate. The Company's growth objectives are focused and the profitability of current-year business reflects the strong underwriting culture driven by Mr. O Hara. In areas where objectives were not being met, appropriate corrective actions were initiated, including management changes where necessary. The Committee believes that the Company is well positioned, financially strong and focused on enhancing Shareholder value. Consequently, the Committee recommended and the Board approved for Mr. O Hara a cash bonus of \$1.8 million, 20,000 shares of performance-vested restricted stock and 200,000 stock options. The Committee believes that this compensation package is appropriately competitive relative to similarly situated executives. Finally, more than 50% of Mr. O Hara's total compensation for the year is dependent upon creating Shareholder value.

The Committee evaluated the Chairman's performance pertaining to a series of objectives established for the year. Mr. Esposito provides excellent overall leadership to the Board, especially with respect to issues of corporate governance. The Chairman has made a significant contributions to enhancing the Company's financial and internal controls, and at the request of the Board, the Chairman provides management development contributions to selected areas of the Company. Consequently, the Committee recommended and the Board approved for Mr. Esposito a cash bonus of \$1.3 million, 15,000 shares of performance-vested restricted stock and 100,000 stock options.

Audit Fees

The aggregate fees billed by PricewaterhouseCoopers LLP for audit services for the years ended December 31, 2004 and 2003 were approximately \$17.6 million and \$11.9 million, respectively. Audit fees consist primarily of the audit and quarterly review of the consolidated financial statements and other attestation services that comprised the audits for insurance statutory and regulatory purposes in the various jurisdictions in which the Company operates and the provision of certain opinions relating to the Company's filings with the SEC (including opinions delivered to securities underwriters in connection with various equity and debt offerings during fiscal years 2003 and 2004). The audit fees with respect to the year ended December 31, 2004 also included the fees billed by PricewaterhouseCoopers LLP for the audit services related to the Company's internal control over financial reporting pursuant to section 404 of the Sarbanes-Oxley Act of 2002.

Audit-Related Fees

The aggregate fees billed by PricewaterhouseCoopers LLP for audit-related professional services for the years ended December 31, 2004 and 2003 were approximately \$2.0 million and \$1.1 million, respectively. Audit-related fees consisted primarily of assurance and related services related to accounting consultations and audits in connection with acquisitions and potential acquisitions, reviews of the Company's system of internal controls over financial reporting and attestation services that are not required by statute or regulation.

17

Tax Fees

The aggregate fees billed by PricewaterhouseCoopers LLP for tax services for the fiscal years ended December 31, 2004 and 2003 were approximately \$99,000 and \$58,000, respectively. These fees related to professional services rendered for tax compliance.

All Other Fees

The aggregate fees billed by PricewaterhouseCoopers LLP for products and services rendered to the Company, other than the services described above under **Audit Fees**, **Audit-Related Fees** and **Tax Fees** for the fiscal years ended December 31, 2004 and 2003 were approximately \$2.7 million and \$4.3 million, respectively. The aggregate fees billed by PricewaterhouseCoopers LLP for products and services rendered to the Company described above under **All Other Fees** (i) in 2004 primarily related to the post-closing seasoning process in connection with the Company's acquisition of certain operations of Winterthur International (Winterthur International) from Winterthur Swiss Insurance Company in 2001 and (ii) in 2003 related to merger and integration related services in connection with the Company's Winterthur International operations, as well as human resource advisory services (both projects commenced in 2001 and were completed in 2004).

General

The Audit Committee has adopted procedures for pre-approving all audit and permissible non-audit services provided by the independent auditor. The Audit Committee will annually review and pre-approve the audit, review, attestation and permitted non-audit services to be provided during the next audit cycle by the independent auditor. To the extent practicable, the Audit Committee or the Chairman of the Audit Committee will also review and approve a budget for such services. Services proposed to be provided by the independent auditor that have not been pre-approved during the annual review and the fees for such proposed services must be pre-approved by the Audit Committee or the

Edgar Filing: XL CAPITAL LTD - Form DEF 14A

Chairman of the Audit Committee. Additionally, fees for previously approved services that are expected to exceed the previously approved budget must also be pre-approved by the Audit Committee or the Chairman of the Audit Committee. All requests or applications for the independent auditor to provide services to the Company shall be submitted to the Audit Committee or the Chairman of the Audit Committee.

The Audit Committee considered whether the provision of non-audit services performed by the independent auditors is compatible with maintaining PricewaterhouseCoopers LLP's independence. In reaching its conclusions, the Audit Committee took into consideration the fact that the major proportion of these services were either (i) specifically related to the acquisition of Winterthur International and the post-seasoning process in relation thereto or (ii) primarily a continuation of projects commenced in 2001 and were completed in 2004.

II. RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors is required by law and applicable NYSE rules to be directly responsible for the appointment, compensation and retention of the Company's independent auditors. The Audit Committee has appointed PricewaterhouseCoopers LLP as the independent auditor for the year ending December 31, 2005. While Shareholder ratification is not required by the Company's Articles of Association or otherwise, the Board of Directors is submitting the appointment of PricewaterhouseCoopers LLP to the Shareholders for ratification as part of good corporate governance practices. If the Shareholders fail to ratify the appointment, the Audit Committee may, but is not required to, reconsider whether to retain PricewaterhouseCoopers LLP. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditor at any time during the fiscal year if it determines that such a change would be in the best interest of the Company and its Shareholders.

The Board of Directors recommends a vote FOR the proposal to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors to audit the Company's consolidated financial statements for the year ending December 31, 2005. The persons designated as proxies will vote FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors, unless otherwise directed. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual General Meeting, with the opportunity to make a statement should they choose to do so and to be available to respond to questions, as appropriate.

Your Board of Directors recommends a vote FOR the proposal to ratify the appointment of PricewaterhouseCoopers LLP, New York, New York.

III. THE AMENDED AND RESTATED 1991 PERFORMANCE INCENTIVE PROGRAM

The Board of Directors of the Company has amended and restated the XL Capital Ltd 1991 Performance Incentive Program (the Program), subject to Shareholder approval.

Without taking into account the amendment of the Program, four million shares are available for issuance, only 100,000 of which can be issued as restricted stock, restricted stock unit or performance share awards. The Company believes that it needs the flexibility to issue restricted stock, restricted stock unit, share appreciation rights (SARs) and performance share awards, as well as additional stock options, to participants in the Program. However, the Company recognizes that restricted stock, restricted stock unit, SAR and performance share awards generally have a greater cost to the Company than stock options. Accordingly, the Program has been amended, subject to Shareholder approval, to increase the number of shares that may be issued by 10.5 million shares. However, in the case of awards granted out of the additional 10.5 million share allotment, for each restricted stock, restricted stock unit, SAR or performance share award issued, the number of available shares under the Program will be reduced by three shares. It is currently intended that any restricted stock, restricted stock unit or performance share awards granted to executive officers of the Company as a regular annual grant out of the additional 10.5 million share allotment will vest only if performance criteria specified in the award are met. In addition, the Program has been amended to provide that non-employee directors are no longer eligible to participate. Awards formerly made under the Program to non-employee directors will be made from the Company's amended and restated Directors Stock & Option Plan, which was previously approved by Shareholders. The Program has also been amended to provide that freestanding stock appreciation rights may be granted, which may be settled in either shares or cash, as determined by the Compensation Committee. Prior to amendment the Program provided for the issuance of stock appreciation rights only in tandem with stock options.

The Shareholders are requested to approve the amendment and restatement of the Program. The following summary of the amended and restated Program is qualified in its entirety by express reference to the Program, which is attached as Appendix C to this proxy statement.

General

The Program is intended to provide incentives to attract, retain and motivate employees of the Company and its subsidiaries and affiliates in order to achieve the Company's long-term growth and profitability objectives. The Program will provide for the grant to eligible employees of stock options, SARs, restricted stock, restricted stock units, performance shares, and performance units (the Awards). After amendment of the

Program, 14.5 million shares will be available for issuance under the Program. However, in the case of awards granted out of the additional 10.5 million share allotment, for each restricted stock, restricted stock units, SARs or performance share award issued, the number of shares available under the Program will be reduced by three shares. In the case of the four million shares available for issuance under the Program prior to the amendment, only 100,000 of those shares can be issued as restricted stock, restricted stock unit or performance share awards. In addition, the Program provides that the maximum number of shares with respect to which options and SARs may be granted to any individual participant during any calendar year will be three million shares, and the number of performance shares, performance units, shares of restricted stock and restricted stock units intended to qualify as qualified performance-based compensation under applicable provisions of the United States Internal Revenue Code (the Code) that can be granted to any individual during a calendar year is limited to 150,000 shares (or in the case of performance units, an amount of cash equal to the value of 150,000 shares). Any benefits payable under a performance unit award will be payable in cash. Each of the share limits referred to above is subject to anti-dilution adjustments in the event of certain changes in the Company's capital structure.

Eligibility and Administration

Officers and other employees of the Company and its subsidiaries and affiliates will be eligible to be granted Awards under the Program. The Program will be administered by the Compensation Committee or such other Board committee or subcommittee (or the entire Board) as may be designated by the Board (the Committee). The Committee will determine which eligible employees receive Awards, the types of Awards to be received and the terms and conditions thereof. The Committee will have authority to waive conditions relating to an Award or accelerate vesting of Awards. The actual number of employees who will receive awards under the Program cannot be determined because selection for participation in the Program is in the sole discretion of the Committee.

Awards

Incentive stock options (ISOs) intended to qualify for special tax treatment in accordance with the Code, nonqualified stock options not intended to qualify for special tax treatment under the Code and SARs may be granted for such number of shares as the Committee determines. The Committee will be authorized to set the terms relating to an option or SAR, including the exercise price and the time and method of exercise. The exercise price of stock options and SARs cannot be less than the fair market value per share on the date of grant. The terms of ISOs will comply with the provisions of Section 422 of the Code. Options and SARs may not be repriced without Shareholder approval.

Awards of restricted stock and restricted stock units will be subject to such restrictions on transferability and other restrictions, if any, as the Committee may impose. Such restrictions will lapse under circumstances as the Committee may determine. Except as otherwise determined by the Committee, eligible employees granted restricted stock will have all of the rights of a stockholder, including the right to vote restricted stock and receive dividends thereon. Restricted stock units will provide for the delivery of a number of shares equivalent to the number of restricted stock units at the time and subject to the terms and conditions set forth in the applicable award agreement.

Performance shares and performance units will provide for future issuance of shares or payment of cash, respectively, to the recipient upon the attainment of corporate performance goals established by the Committee over specified performance periods. Prior to payment of performance shares or performance units, the Committee will certify that the performance objectives were satisfied. Performance objectives may vary from employee to employee.

If the Committee determines that an award of performance shares, performance units, shares of restricted stock or restricted stock units should qualify under the performance-based compensation exception to the \$1 million cap on deductibility under Section 162(m) of the Code, the grant, vesting and/or settlement of such awards shall be contingent upon achievement of pre-established performance goals based on one or more of the following business criteria for the Company, on a consolidated basis, and/or for specified subsidiaries or business units of the Company (except with respect to the total stockholder return and earnings per share criteria): earnings per share; revenues; cash flow; cash flow return on investment; return on assets; return on investment; return on capital; return on equity; economic value added; operating margin; net income; pretax earnings; pretax earnings before interest, depreciation and amortization; pretax operating earnings after interest expense and before incentives, service fee, and extraordinary or special items; operating earnings; total stockholder return; and any of the above goals as compared to the performance of a published or special index deemed applicable by the Committee including, but not limited to, the Standard & Poor's 500 Stock Index.

Amendment and Termination

The Board of Directors of the Company may, at any time and from time to time, suspend or terminate the Program in whole or amend it from time to time in such respects as the Board of Directors of the Company may deem appropriate, but any such amendment will be subject to the approval of Shareholders if required by applicable law or the rules of any stock exchange on which the shares may then be listed. In addition, without the consent of an affected participant, no amendment, suspension, or termination of the Program may adversely affect the rights of such

participant under any Award theretofore granted to him or her.

Market Value

The per share closing price of the Company's shares on March 14, 2005 was \$73.30.

Federal Income Tax Consequences

The following is a summary of the United State federal income tax consequences of the Program, based upon current provisions of the Code, the Treasury regulations promulgated thereunder and administrative and judicial interpretations thereof, and does not address the consequences under any state, local or foreign tax laws. Many of the Company's officers and employees are not subject to United States personal income taxation and may be subject to taxation under the laws of jurisdiction other than the United States.

20

Stock Options

In general, the grant of an option will not be a taxable event to the recipient and it will not result in a deduction to the Company. The tax consequences associated with the exercise of an option and the subsequent disposition of shares acquired on the exercise of such option depend on whether the option is a nonqualified stock option or an ISO.

Upon the exercise of a nonqualified stock option, the participant will recognize ordinary taxable income equal to the excess of the fair market value of the shares received upon exercise over the exercise price. If the participant is employed by a United States subsidiary, the subsidiary will generally be able to claim a deduction in an equivalent amount. Any gain or loss upon a subsequent sale or exchange of the shares will be capital gain or loss, long-term or short-term, depending on the holding period for the shares.

Generally, a participant will not recognize ordinary taxable income at the time of exercise of an ISO and no deduction will be available to the participant's employer, provided the option is exercised while the participant is an employee or within three months following termination of employment (longer, in the case of disability or death). If an ISO granted under the Program is exercised after this period, the exercise will be treated for United States federal income tax purposes as the exercise of a nonqualified stock option. Also, an ISO granted under the Program will be treated as a nonqualified stock option to the extent it (together with other ISOs granted to the participant by the Company) first becomes exercisable in any calendar year for shares having a fair market value, determined as of the date of grant, in excess of \$100,000.

If shares acquired upon exercise of an ISO are sold or exchanged more than one year after the date of exercise and more than two years after the date of grant of the option, any gain or loss will be long-term capital gain or loss. If shares acquired upon exercise of an ISO are disposed of prior to the expiration of these one-year or two-year holding periods, the participant will recognize ordinary income at the time of disposition, and the participant's employer will generally be entitled to a deduction, in an amount equal to the excess of the fair market value of the shares at the date of exercise over the exercise price. Any additional gain will be treated as capital gain, long-term or short-term, depending on how long the shares have been held.

Although the exercise of an ISO as described above would not produce ordinary taxable income to the participant, it would result in an increase in the participant's alternative minimum taxable income and may result in an alternative minimum tax liability.

If an option is exercised through the use of Company shares previously owned by the participant, such exercise generally will not be considered a taxable disposition of the previously owned shares and, thus, no gain or loss will be recognized with respect to such previously owned shares upon such exercise. The amount of any built-in gain on the previously owned shares generally will not be recognized until the new shares acquired on the option exercise are disposed of in a sale or other taxable transaction.

Restricted Stock

A participant who receives shares of restricted stock will generally recognize ordinary income at the time that they vest, i.e., when they are not subject to a substantial risk of forfeiture. The amount of ordinary income so recognized will be the fair market value of the shares at the time the income is recognized (determined without regard to any restrictions other than restrictions which by their terms will never lapse), less the amount, if any, paid for the shares. This amount is generally deductible for federal income tax purposes by the participant's employer. Dividends paid with respect to shares that are non-vested will be ordinary compensation income to the participant (and generally deductible by the employer). Any gain or loss upon a subsequent sale or exchange of the shares measured by the difference between the sale price and the fair market value on the date restrictions lapse, will be capital gain or loss, long-term or short-term, depending on the holding period for the shares. The holding period for this purpose will begin on the date following the date restrictions lapse.

In lieu of the treatment described above, a participant may elect immediate recognition of income under Section 83(b) of the Code. In such event, the participant will recognize as income the fair market value of the restricted stock at the time of grant (determined without regard to any restrictions other than restrictions that by their terms will never lapse), and the participant's employer will generally be entitled to a corresponding deduction. Dividends paid with respect to shares as to which a proper Section 83(b) election has been made will not be deductible. If a Section 83(b) election is made and the restricted stock is subsequently forfeited, the participant will not be entitled to any offsetting tax deduction.

SARs and Other Awards

With respect to SARs, restricted stock units, performance shares and performance units, generally, when a participant receives payment with respect to any such Award granted under the Program, the amount of cash and the fair market value of any other property received will be ordinary income to such participant and will be allowed as a deduction for federal income tax purposes to the employer.

Deductibility Limit on Compensation in Excess of \$1 Million

Section 162(m) of the Code generally limits the deductible amount of annual compensation paid (including, unless an exception applies, compensation otherwise deductible in connection with Awards granted under the Program) by a public company to a covered employee (i.e., the chief executive officer and four other most highly compensated executive officers of the Company) to no more than \$1 million. The Company currently intends to structure stock options granted under the Program to comply with an exception to non-deductibility under Section 162(m) of the Code in order to maximize the tax deductions available to United States based subsidiaries of the Company.

New Program Benefits

The amount of benefits that will be granted under the Program cannot be determined at this time.

Your Board of Directors recommends a vote FOR the proposal to amend and restate the Program.

IV. SHAREHOLDER PROPOSALS FOR 2006 ANNUAL GENERAL MEETING

The notice must also include information on the Shareholder making the nomination, including such Shareholder's name and address as it appears on the Company's books and the class and number of Shares of the Company beneficially owned. The nomination of any person not made in compliance with the foregoing procedures shall be disregarded.

IV. OTHER MATTERS

While management knows of no other matters to be brought before the Annual General Meeting other than the approval of the minutes of the 2004 Annual General Meeting of Shareholders, if any other matters properly come before the meeting, it is the intention of the persons named in the accompanying proxy form to vote the proxy in accordance with their judgment on such matters.

Proxy Solicitation

The Company will bear the cost of this solicitation of proxies. Proxies may be solicited by Directors, officers and employees of the Company and its subsidiaries without receiving additional compensation. In addition to the foregoing, the Company has retained Georgeson & Company Inc. to assist in the solicitation of proxies for a fee of approximately \$10,000 plus reasonable out-of-pocket expenses and disbursements of that firm. Upon request, the Company will also reimburse brokers and others holding stock in their names, or in the names of nominees, for forwarding proxy materials to their principals.

The Company will furnish, without charge, to any Shareholder a copy of its Annual Report on Form 10-K that it files with the SEC.
