of the Company at the close of business on January 31, 2002 will be entitled to vote at the Meeting, either in person or by proxy. The shares represented by all properly executed proxies which are sent to the Company will be voted as designated and each not designated will be voted affirmatively. Each person giving a proxy may revoke it by giving notice to the Company in writing or in open meeting at any time before it is voted.

The laws of Ohio under which the Company is incorporated provide that if notice in writing is given by any Shareholder to the President, a Vice President, or the Secretary of the Company not less than forty-eight (48) hours before the time fixed for holding a meeting of Shareholders for the purpose of electing Directors that such Shareholder desires that the voting at such election shall be cumulative, and if an announcement of the giving of such notice is made upon the convening of the meeting by the Chairman or Secretary or by or on behalf of the Shareholder giving such notice, each Shareholder shall have the right to cumulate such voting power as he or she possesses in voting for Directors.

The expense of soliciting proxies will be borne by the Company. Proxies will be solicited principally by mail, but may also be solicited by the Directors, Officers, and other regular employees of the Company, who will receive no compensation therefor in addition to their regular compensation. ### ELECTION OF DIRECTORS

In accordance with the Company's Code of Regulations, the Board of Directors is classified into three classes. Each class is to be elected to separate three (3) year terms with each term expiring in different years. At each Annual Meeting the Directors or nominees constituting one class are elected for a three (3) year term. The term of those Directors listed below as Class I expires at the Annual Meeting on March 19, 2002 and this Class contains the nominees to be elected to serve until the Annual Meeting of Shareholders in 2005. The following Class I directors are retiring upon expiration of their terms at the Annual Meeting: William G. Kagler, James D. Kiggen, David E. Reese and Dennis J. Sullivan. In September, 2001, Brian H. Rowe retired as a Director and in December, 2001, Gerald V. Dirvin retired as a Director. At its December 2001 meeting, the Board of Directors voted to decrease the size of the Board such that no vacancies will result from the foregoing retirements. Each of the foregoing retiring and retired Directors has generously given valuable years of service to the Company. Any vacancies that occur after the Directors are elected may be filled by the Board of Directors in accordance with law for the remainder of the full term of the vacant directorship.

The Board of Directors intends to nominate for election as Class I Directors the following five (5) persons, all of whom are presently serving as Class I Directors of the Company: Thomas B. Donnell, Joan R. Herschede, James P. Hackett, Robert L. Koch II and Thomas W. Traylor. It is the intention of the persons named in the Proxy to vote for the election of all nominees named. If any nominee(s) shall be unable to serve, which is not now contemplated, the proxies will be voted for such substitute nominee(s) as the Board of Directors recommends. Nominees receiving the five (5) highest totals of votes cast in the election will be elected as directors. Proxies in the form solicited hereby which are returned to the Company will be voted in favor of the five (5) nominees specified above unless otherwise instructed by the shareholder. Abstentions and shares not voted by brokers and other entities holding shares on behalf of beneficial owners will not be counted and will have no effect on the outcome of the election.

2

The following tables set forth information with respect to each Class I Director, including the nominees for re-election at the Annual Meeting, and with respect to incumbent Directors in Classes II and III of the Board of Directors who are not nominees for re-election at the Annual Meeting.

### Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's Executive Officers and Directors, and persons who own more than ten percent of a registered class of the Company's stock, to file reports of ownership and changes in ownership with the Securities and Exchange Commission ("SEC"). Executive Officers, Directors and greater than ten percent shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons that no Forms 5 were required for those persons, the Company believes that, for the period January 1, 2001 through December 31, 2001, its Executive Officers and Directors complied with all filing requirements applicable to them except that Robert L. Koch II failed to timely report the conversion of convertible capital securities to common stock. The transaction was subsequently reported on a Form 5.

- (1) Benefits shown are computed on the basis of a straight life annuity. Other available forms of benefits payment under the Retirement Plan, which are the actuarial equivalent of the straight life annuity, are the joint and surviving spouse annuity, the contingent annuitant option, the life -- 10-year-certain option, and the single lump-sum option. The method of payment from the Supplemental Plan is either a single lump sum or an installment.
- (2) Under the current law, the maximum annual pension benefit payable under the Internal Revenue Code, applicable to the Retirement Plan, is \$135,000 for 2001. Any annual pension benefit accrued over \$135,000 is payable under the Supplemental Plan.
- (3) The Retirement Plan and Supplemental Plan were frozen as of November 15, 1998 except for employees who were at least age 50 and had 15 years of credited service as of December 31, 1998. For the purpose of computing a benefit under these Plans on December, 31, 2001, Mr. Schaefer had 30 years of credited service; Mr. Schrantz, 18 years; Mr. Baker, 28 years; Mr. Niehaus, 30 years; Mr. King, 27 years; and Mr. Arnold, 11 years. Mr. Schaefer and Mr. Niehaus continue to accrue benefits under these Plans. Messrs. Schrantz, Baker, King and Arnold are not accruing benefits under these Plans but do continue to accrue service for eligibility of an immediate early retirement benefit.
- (4) The amounts shown are the gross benefit amounts provided by both the Retirement Plan and the Supplemental Plan. Plan benefits are determined as 30.5% of final average pay minus 11.1% of the participant's social security final average compensation (up to his social security covered compensation) with a reduction of 1/30th for each year of credited service less than 30. Benefits are also reduced for termination of service prior to age 60, for a commencement of benefit payments prior to age 60, and eliminated under the vesting schedule if the participant has less than five (5) vesting years.
- (5) Compensation for retirement benefit calculations under the Retirement Plan is defined as the base rate of pay plus variable compensation and is based

on the final average pay for the highest five consecutive years out of the ten years preceding retirement. The 2001 base pay plus variable compensation are substantially the same as the amounts shown under the "Salary and Bonus" columns of the Summary Compensation Table. No more than an inflation adjusted \$150,000 limit is taken into consideration under the Retirement Plan. Compensation in excess of an inflation adjusted \$150,000 limit is taken into account under the Supplemental Plan.

### Compensation of Directors

Non-employee Directors of the Company receive a single annual retainer of \$15,000 and a fee of \$1,000 per meeting attended (including committee meetings). Pursuant to a Deferred Compensation Plan, Directors may annually defer from one-half to all of their compensation as directors until age 65 or until they cease to serve on the Board, whichever occurs last. The deferred funds bear interest until paid at an annually adjusted rate equal to 1% over the U.S. treasury bill rate or Directors may elect to receive a return on deferred funds at a rate equal to the rate of return on the Company's stock. Directors who are also employees receive no additional compensation for service on the Board.

The Company's 1998 Long-Term Incentive Stock Plan provides that the Committee has full authority to provide awards of stock options to non-employee Directors. In 2001, each non-employee Director received options for 2,000 shares. The exercise price is equal to 100% of the market price on the date of grant. The options expire ten years from the date of grant.

### REPORT OF THE COMPENSATION AND STOCK OPTION COMMITTEE

#### Policy

The Company's cash compensation package for its Executive Officers consists of two components: (1) base salary; and (2) annual performance-based bonuses. The Company also provides stock option grants to its executive officers as a means to promote ownership in the Company.

The Stock Option and Compensation Committee (the "Committee") is composed of directors who are not employees of the Company. This Committee is responsible for the approval and administration of the base salary level and annual bonus compensation programs as well as the stock option program for Executive Officers. In determining compensation levels, the Committee considers salary and bonus levels which will attract and retain qualified executives when considered with the other components of the Company's compensation structure; specific annual performance criteria; and rewarding Executive Officers for continuous improvement in their respective areas which contribute to continual increases in shareholder value.

The Company's philosophy for granting stock options is based on the principles of encouraging key employees to remain with the Company and to encourage ownership thereby providing them with a long-term interest in the Company's overall performance and incenting those executive officers to manage with a view toward maximizing long-term shareholder value.

The Company uses the services of Hewitt Associates, LLC, an executive compensation consulting firm, to perform competitive peer analysis on an annual basis. In conjunction with the Company, Hewitt Associates identified a group of peer companies based on market capitalization, geographic location, performance and similarity in lines of business.

## Edgar Filing: FIFTH THIRD BANCORP - Form DEF 14A

### Base Salary

Executive Officers salaries are determined by evaluating the 2001 comparative data and the responsibilities of their positions. Individual salary increases are reviewed annually and are based on the Company's overall performance and the executive's attainment of individual objectives during the preceding year.

### Annual Bonuses

Executive Officers (other than officers designated to participate in the Fifth Third Bancorp Variable Compensation Plan as discussed below) are eligible to earn annual bonuses. At the end of the year, the Committee establishes a target bonus matrix comprised of incrementally increasing amounts of operating earnings per share which, if attained, make available an incentive pool for bonus payments. At the end of 2001, the Company's goal was to increase net operating income and operating earnings per share by 13% over 2000.

11

The matrix was established by the Committee to reflect a bonus pool which increased if incrementally higher net operating income or operating earnings per share resulted in 2001 as compared to 2000. In 2001, the target bonus ranged from 10% to 65% of base salary. However, if the Bancorp goals are not met, individual bonuses are reduced proportionately, with no bonuses paid unless earnings increase.

The target net operating income and operating earnings per share were met in 2001.

Annual performance goals are also established for each Executive Officer, including personal and departmental goals. The nature of these goals differs depending upon each officer's job responsibilities. Goals are both quantitative in nature, such as sales and revenue goals and cost containment; and qualitative in nature, such as the development and retention of key personnel, assessment and development of quality products and services, and management effectiveness.

At the end of each year, the extent to which the profit plan goals are actually attained is measured. If all goals are completely met, the executive officer receives a target bonus amount. To the extent goals are partially met, then only that portion as expressed in the bonus matrix is paid out. Although specific relative weights are not assigned to each performance factor, a greater emphasis is placed on increasing net income.

### The Fifth Third Bancorp Variable Compensation Plan

In 1998 the Committee and the Company's shareholders approved and adopted the Fifth Third Bancorp Variable Compensation Plan ("Variable Compensation Plan"). For 2001, the Committee designated the participants in the Variable Compensation Plan as the President and CEO and all officers who were designated as an Executive Vice President of the Company as of January 1, 2001. The Committee also designated Performance Goals (as defined in the Variable Compensation Plan) for 2001 in the form of a matrix comprised of incrementally increasing amounts of operating earnings per share and net operating income and were based on the higher of these two measurements as defined in the matrix as approved by the Committee. If the Performance Goals as established in that matrix were not met, individual payments were reduced proportionately with no payments made pursuant to the Variable Compensation Plan unless net operating income or operating earnings per share increase.

## Edgar Filing: FIFTH THIRD BANCORP - Form DEF 14A

The Committee reviewed the performance of the Company and compared it to the Performance Goals for the 2001 Plan Year. Based on the Company's performance, the Committee certified that the Performance Goals were met for 2001.

### Stock Option Grants

Options to purchase Common Stock are granted annually to Executive Officers. In years prior to 1998 these grants were made under the Company's Amended 1990 Stock Option Plan. At the Shareholders Meeting held on March 17, 1998, the Company's 1998 Long-Term Incentive Stock Option Plan was approved by the required number of votes. The stock option grants to Executive Officers in 2001 were made under the 1998 Long-Term Incentive Stock Plan. Grants are made to Executive Officers at an option price of 100% of the market value on the date of grant. The Company's philosophy in granting stock options is to increase Executive Officer ownership in the Company and not to serve as a vehicle for additional compensation. Executive Officers are incented to manage with a view toward maximizing long-term shareholder value. In determining the total number of options to be granted annually to all recipients, including the Executive Officers, the Committee considers the number of options already held by the Executive Officer, dilution, number of shares of Common Stock outstanding and the performance of the Company during the immediately preceding year. This year's grant totaled 6,956,202, or 1.2% of shares outstanding. The Committee sets guidelines for the number of shares available for the granting of stock options to each Executive Officer based on the total number of options available, an evaluation of competitive data for similar grants and the executive officer salary and position. These stock option grants provide incentive for the creation of shareholder value since the full benefit of the grant to each Executive Officer can only be realized with an appreciation in the price of the Company's common shares.

12

### Chief Executive Officer's Compensation And Stock Option Grants

The Committee considered the following factors in determining the base salary for 2001 for George A. Schaefer, Jr., President and Chief Executive Officer of the Company: the Company's success in attaining its profit plan for 2000 as discussed below and the level of compensation paid to the highest paid executive at the companies selected for peer comparison. Based on these factors, the Committee established Mr. Schaefer's base salary effective November, 2000 at \$990,000, which is a 1.54% increase from his 2000 salary level of \$975,000. This placed Mr. Schaefer's compensation near the middle of base salaries paid by those companies selected for peer comparison.

For 2001, Mr. Schaefer was eligible to earn a cash bonus ranging up to 150% of his base salary based on Performance Goals as designated under the Variable Compensation Plan. The Company's Performance Goals were established at a 15% increase over the 2000 operating net income and a 13% increase over the 2000 operating earnings per share. For 2001, the Committee certified that the Company had met its Performance Goals and determined that Mr. Schaefer earned a bonus of \$1,485,000, which represented 150% of his base salary for fiscal year 2001.

On April 5, 2001, Mr. Schaefer was granted an option to purchase 250,000 shares of Common Stock. That grant was made in accordance with the guidelines of the Committee referenced above, including specifically the Company's increase in its year-to-date earnings for the 2001 fiscal year and the 2001 Comparative Data.

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid for any

## Edgar Filing: FIFTH THIRD BANCORP - Form DEF 14A

fiscal year to the corporation's chief executive officer and four other most highly compensated executive officers. The Company designed the 1998 Long-Term Incentive Stock Plan and the Variable Compensation Plan to meet the criteria for deductibility under Section 162(m). Accordingly, the Committee believes that all compensation for 2001 paid to Mr. Schaefer and to the other named executive officers is properly deductible under the Code. Any non-deductible amounts that have been paid, or may be paid in the future, under those plans are not expected to be significant.

No director or executive officer of the Company serves on any board of directors or compensation committee of any entity that compensates any member of the Compensation and Stock Option Committee.

### REPORT OF THE AUDIT COMMITTEE

In accordance with its written charter attached as Annex I as adopted by the Board of Directors ("Board"), the Audit Committee of the Board ("Committee") assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of Fifth Third Bancorp ("Fifth Third"). The Committee discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees," and, with and without management present, discussed and reviewed the results of the independent auditors' examination of the financial statements. The Committee also discussed the results of the internal audit examinations.

The Committee reviewed the audited consolidated financial statements of Fifth Third as of and for the year ended December 31, 2001, with management and the independent auditors. Management has the responsibility for the preparation of Fifth Third's consolidated financial statements and the independent auditors have the responsibility for the examination of those consolidated statements.

## Edgar Filing: FIFTH THIRD BANCORP - Form DEF 14A

Based on the above-mentioned review and discussions with management and the independent auditors, the Committee recommended to the Board that Fifth Third's audited consolidated financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2001, for filing with the Securities and Exchange Commission. The Committee also recommended the reappointment, subject to shareholder approval, of the independent auditors and the Board concurred in such recommendation.

### FIFTH THIRD BANCORP AND SUBSIDIARIES AUDIT COMMITTEE OF THE BOARD OF DIRECTORS STATEMENT OF DUTIES AND RESPONSIBILITIES

#### DUTIES

The audit committee of the board of directors (the "audit committee") for Fifth Third Bancorp and Subsidiaries (the "Bancorp") assists the board of directors in providing oversight of Bancorp management's financial reporting and the internal and external audit functions. The audit committee also reviews the Bancorp's process of assessing the effectiveness of internal controls and their effect on financial reporting and the program that management has established to monitor compliance with policies and procedures. Within this broad scope, the audit committee reviews management's evaluation of factors related to independence of and engagement and interaction with the independent auditor. Members of the Bancorp audit committee may serve on the audit

No member should be a large customer as defined by the FDIC Improvement Act. At least two (2) members of the audit committee should have banking or related financial management expertise as defined by the FDIC Improvement Act. These factors should be evaluated annually.

The audit committee should inquire as to the extent to which the planned audit scope can be relied upon to detect material misstatements in the financial statements and other public disclosures, weaknesses in internal controls and fraud. Additionally, inquiry should be made regarding audit plans regarding electronic data processing and controls to ensure that such plans address the related impact on financial risk and internal controls.

**External Audit Results.** The audit committee should review the quarterly and annual financial statement audit results of the Bancorp. Legal Counsel. The audit committee should meet regularly with the Bancorp's general counsel, and outside counsel when appropriate, to discuss legal matters that have a significant impact on the Bancorp's financial statements. An assessment of legal liability should be reviewed including establishment of any appropriate reserves until the matter is adjudicated.
