Proxy Statement

On January 27, 2002, J. C. Penney Company, Inc. changed its corporate structure to a holding company format. As part of this structure, the former J. C. Penney Company, Inc. changed its name to "J. C. Penney Corporation, Inc." ("JCP"), and became a wholly-owned subsidiary of a newly formed affiliated holding company. This new holding company then assumed the name "J. C. Penney Company, Inc." (the "Company"). Shares of common and preferred stock of JCP outstanding as of January 27, 2002 were automatically converted into the identical number and type of shares of stock of the Company. Shares of Common Stock of the Company remain publicly traded under the same symbol (JCP) on the New York Stock Exchange ("NYSE"). The term "Company" as used in the Proxy Statement refers to the new J. C. Penney Company, Inc. but may also, as the context may require, refer to J. C. Penney Company, Inc. and all of its subsidiaries.

This Proxy Statement is furnished in connection with the solicitation by the Company's Board of Directors of proxies in the accompanying form.

IT IS IMPORTANT THAT YOUR STOCK BE REPRESENTED AT THE MEETING. WHETHER OR NOT YOU PLAN TO ATTEND THE MEETING, PLEASE SIGN AND DATE THE ENCLOSED PROXY AND RETURN IT PROMPTLY IN THE ACCOMPANYING ENVELOPE (OR FOLLOW THE INSTRUCTIONS SET FORTH ON THE ENCLOSED PROXY CARD TO VOTE YOUR PROXY BY TELEPHONE OR INTERNET) IN ORDER TO BE SURE THAT YOUR SHARES WILL BE VOTED AT THE MEETING.

Edgar Filing: J C PENNEY CORP INC - Form DEF 14A

You may revoke your proxy at any time before it is exercised at the meeting by submitting a written revocation, a subsequently dated proxy (by Internet, telephone or mail), or by personal vote at the meeting.

A separate voting instruction card is also being furnished to each participant who beneficially owns Voting Stock (as defined below) in the trust under the Company's Savings, Profit-Sharing and Stock Ownership Plan ("LESOP") or the trust under the Eckerd Corporation 401(k) Savings Plan ("Eckerd 401(k) Plan").

The cost of soliciting proxies will be borne by the Company. In addition to solicitation by mail, certain directors, officers, and employees of the Company may solicit proxies in person, by telephone, telegraph, or mail. The Company has also retained, on behalf of the Board of Directors, Morrow & Co., Inc. to aid solicitation by mail, telephone, electronic media, and personal interview, for a fee of approximately \$30,000, plus reasonable expenses, which will be paid by the Company. The Company may also reimburse brokers and other persons holding shares in their names, or in the names of nominees, for their expenses in sending proxy material to principals and obtaining their proxies.

The complete mailing address of the Company's principal executive offices is J. C. Penney Company, Inc., P. O. Box 10001, Dallas, Texas 75301-0001. The approximate date on which this proxy statement and the form of proxy were first sent or given to stockholders was April 10, 2002.

Eckerd 401(k) Plan held all of the shares of ESOP Preferred Stock and 39,341,061 shares of Common Stock, which together represent approximately 18.36% of the Voting Stock. All of the shares of Voting Stock held by the trust are held of record by State Street Bank and Trust Company, 225 Franklin Street, Boston, Massachusetts 02110, as Trustee ("Trustee"). The Trustee and the LESOP and Eckerd 401(k) Plan trust have disclaimed beneficial ownership of these shares of Voting Stock.

The following table sets forth, as of March 18, 2002, certain information with respect to the only stockholder known to the Company to own beneficially more than 5% of its Common Stock.

The Company's Bylaws require an affirmative vote of the holders of a majority of the shares of the Voting Stock outstanding and entitled to vote as of the record date for approval of each proposal presented in this proxy statement with the exception of the election of directors, which requires a plurality of the votes cast. Abstentions and broker nonvotes are counted only for purposes of determining whether a quorum is present at the meeting.

Governance of the Company

Board of Directors. The Board of Directors is responsible for establishing broad corporate policies and for overseeing the general performance of the Company. In keeping with its long-standing practice, the Company's Board continues to be an independent board. The Company's Board structure is designed to assure that there is independent review and oversight as well as approval of significant strategic and management decisions affecting the Company. The Board currently has six meetings scheduled for fiscal 2002.

Committees of Board of Directors. The Board of Directors carries out many of its functions through four principal standing committees, which are described on pages 3 and 4. One of these committees, the Corporate Governance Committee, which is composed entirely of directors who are not employees of the Company, selects and recommends to the Board nominees for director on the basis of their recognized experience and achievements, both in commerce and society, and for their ability to bring a wide diversity of skills and experience to the deliberations of the Board. Stockholders also may make recommendations of nominees for director, as explained in greater detail on pages 24 and 25.

Confidential Voting. In casting their votes, stockholders are also assured that their votes are accorded confidential voting treatment as provided in the Company's confidential voting policy described on page 25.

Executive Compensation. The Human Resources and Compensation Committee of the Board of Directors, which is composed entirely of non-employee directors, approves, among other things, the annual salaries of executive officers and recommends to the full Board for its approval the annual

salaries of employee directors. Please see the Report of the Human Resources and Compensation Committee on Executive Compensation, which begins on page 9.

Classes of Board of Directors. The Company's Restated Certificate of Incorporation and its Bylaws provide for a Board of not less than three directors as fixed, from time to time, by the Board, and further provide for three classes of directors to be as nearly equal in number as possible, with each class serving a three-year term and with one class being elected each year. Currently, the Board consists of ten members, with two classes of three

Edgar Filing: J C PENNEY CORP INC - Form DEF 14A

directors each and one class of four directors. Of the ten current directors, one is currently a Company employee and nine have principal occupations or employment which are and have been outside the Company.

Each director is required to be a stockholder of the Company.

Board Meetings. During fiscal 2001, six meetings of the Board of JCP were held. Attendance at such meetings for current directors averaged approximately 94%. In addition to membership on the Board, directors also serve on one or more of the principal standing committees of the Board. During fiscal 2001, these committees held a total of 17 meetings; no current director attended fewer than 81% of the aggregate total of meetings of the Board and committees on which he or she served.

Committees

The following describes the principal standing committees of the Board of Directors. The discussion regarding 2001 attendance is set forth for the committees of JCP. When the holding company was formed, it adopted committee charters, and elected committee members, identical to those then in existence at JCP.

Audit Committee. The Audit Committee's responsibilities include recommending to the Board of Directors for stockholder approval the independent auditors for the annual audit of the Company's consolidated financial statements. The Committee reviews the independent auditors' audit strategy and plan, scope, fees, audit results, performance, independence and non-audit services and related fees, internal audit reports on the adequacy of internal controls, the Company's ethics program, status of significant legal matters, the scope of the internal auditors' plans and budget and results of their audits, and the effectiveness of the Company's program for correcting audit findings.

During fiscal 2001, this Committee met five times. Its members are K. B. Foster, V. E. Jordan, Jr., A. W. Richards, C. S. Sanford, Jr., and M. A. Burns, who serves as its Chair. These members are independent as defined in the NYSE listing standards.

Corporate Governance Committee. The Corporate Governance Committee considers matters of corporate governance and reviews developments in the governance area as they affect relations between the Company and its stockholders. Its responsibilities also include making recommendations to the Board with respect to the size, composition, organization, responsibilities and functions of the Board and its directors, the qualifications of directors, candidates for election as directors, and the compensation of directors. In addition, it is responsible for assuring that Company policy and performance reflect a sensitivity toward the social and physical environments in which the Company does business and that such policy and performance are in accord with the public interest.

During fiscal 2001 the Corporate Governance Committee met two times. Its members are J. C. Pfeiffer, A. W. Richards, R. G. Turner, and V. E. Jordan, Jr., who serves as its Chair.

Stockholders may propose nominations for directors in accordance with the procedures described on pages 24 and 25.

Finance Committee. The Finance Committee is responsible for reviewing the Company's financial policies, strategies, and capital structure.

Edgar Filing: J C PENNEY CORP INC - Form DEF 14A

During fiscal 2001, this Committee met six times. Its members are M. A. Burns, T. J. Engibous, and C. S. Sanford, Jr., who serves as its Chair.

Human Resources and Compensation Committee. The Human Resources and Compensation Committee's responsibilities include reviewing and administering the Company's annual and long-term incentive compensation plans, making recommendations in areas concerning personnel relations, and taking action or making recommendations with respect to the compensation of executive officers, including those who are directors. In addition, its responsibilities include reviewing the annual financial condition and investment performance results of the Company's retirement and welfare plans, including the annual actuarial valuation reports applicable to such plans. It also oversees the administration and operation of certain of the Company's retirement and welfare plans.

During fiscal 2001, the Human Resources and Compensation Committee met four times. Its members are T. J. Engibous, K. B. Foster, R. G. Turner, and J. C. Pfeiffer, who serves as its Chair.

Election of Directors (Proposal 1)

As indicated on page 3, under "Classes of Board of Directors", the Board of Directors is divided into three classes, with two classes consisting of three directors each and one class consisting of four directors. At the Annual Meeting, four directors will be elected to hold office for a three-year term expiring at the 2005 Annual Meeting of Stockholders. Other directors will continue in office, in accordance with their previous election, until the expirations of the terms of their classes at the 2003 or 2004 Annual Meeting of Stockholders, as the case may be.

Brief statements setting forth certain information as of March 18, 2002, as to the Board of Directors' nominees for directors for the three-year term expiring at the 2005 Annual Meeting of Stockholders and as to each current director in the classes continuing in office are shown on pages 5 to 7. Each of the nominees is currently a director of the Company.

If properly executed and timely returned (or properly voted by telephone or Internet), the accompanying proxy will be voted for all four nominees for a term expiring at the 2005 Annual Meeting of Stockholders, except where authority to so vote is withheld. If any nominee should become unavailable for election for any presently unforeseen reason, the persons designated as proxies will have full discretion to cast votes for another person designated by the Board, unless the Board reduces the number of directors.

The Board of Directors recommends a vote FOR each of the nominees for director.

Management Ownership of Common Stock and ESOP Preferred Stock

The following table shows, as of March 18, 2002, the beneficial ownership of shares of Voting Stock by each present director and by the five most highly compensated executive officers serving during the last fiscal year (the "Named Executive Officers"), and by all present directors and all executive officers of the Company as a group. The information includes shares held under certain restrictions and, in the case of executive officers, also includes the number of shares of Voting Stock credited to their accounts under the Company's LESOP and, for Mr. Harris, the Eckerd 401(k) Plan. The combined beneficial ownership of shares of Common Stock voting equivalents of each director and Named Executive Officer and of all directors and executive officers as a group (not including shares attributable to unexercised and unexpired options) constitutes less than 1% of the total Voting Stock as of March 18, 2002.

Directors' Fees

Company employees are not paid additional amounts for serving as directors. Directors who are not Company employees ("Non-Associate Directors") are paid an

Edgar Filing: J C PENNEY CORP INC - Form DEF 14A

annual retainer. Prior to June 2001, Non-Associate Directors were paid, in monthly installments, an annual retainer of \$26,400, plus \$1,200 for attendance at each meeting of the Board and \$1,000 for attendance at each meeting of any committee of the Board. Non-Associate Directors also received \$1,200 for each written consent of directors in lieu of a meeting of the Board, and \$1,000 for each written consent of directors in lieu of a meeting of a committee of the Board, if any. Prior to June 2001, three meetings of the Board were held and one written consent of the Board was executed. Also prior to June 2001, the chair of the Audit Committee and of the Human Resources and Compensation Committee of the Board were each paid an additional annual fee of \$4,500; the chair of the Corporate Governance Committee and the Finance Committee of the Board were each paid an additional annual fee of \$4,000.

8

Effective May 2001, after an analysis and comparison of trends in board of directors compensation, the Company adopted a new fee structure for Non-Associate Directors, replacing the previous fee structure described above. Under this new structure, Non-Associate Directors receive (1) an annual cash retainer of \$55,000, commencing June 2001, (2) an annual restricted Common Stock award each May with a market value at the time of grant of \$50,000, and (3) a \$5,000 a year retainer for directors serving as Committee chairs. Directors are no longer paid a fee for meeting attendance. This resulted in an award of 2,326 restricted shares of Common Stock under the Company's 1997 Equity Compensation Plan to each Non-Associate Director on May 23, 2001. Directors are also reimbursed for expenses incurred for attending any meeting which they attend in their official capacities as directors. Directors who are Representatives under an Indemnification Trust Agreement among the Company, JCP, and JPMorgan Chase Bank, as trustee, (currently Directors Engibous, Jordan, Pfeiffer and Turner), are paid an annual retainer of \$5,000, plus \$600 for each meeting of the Representatives and are reimbursed for expenses of meeting attendance. During fiscal 2001, no such meetings were held. Non-Associate Directors are also paid \$800 for each full day of service to the Company in addition to those services which they perform in connection with Board and committee responsibilities, and are reimbursed for expenses in connection with their performance of such services. During fiscal 2001, Non-Associate Directors Burns, Jordan and Sanford were each paid \$400 for such services.

Directors may elect to receive all or a portion of their cash retainers and fees in Common Stock. As of the end of fiscal 2001, three directors had elected to receive all or part of their cash retainer and fees in Common Stock. A director may also elect to defer payment of all or part of any of the above fees under the terms of a deferred compensation plan for directors. As of the end of fiscal 2001, one director had elected such deferral. No Non-Associate Director receives any retirement benefits from the Company. Pursuant to the Company's Bylaws, no person may continue to serve as a director after attaining age 70.

Seven of the current directors are eligible to participate in the Company's Directors' Charitable Award Program ("Charitable Award Program"). The Charitable Award Program is designed to acknowledge the service of directors and to benefit and recognize the mutual interest of directors and the Company in supporting worthy charitable and educational institutions. Pursuant to the Charitable Award Program, the Company has purchased joint life insurance policies on groups of directors. Each group generally consists of two directors with the Company named as the beneficiary of each joint life policy. With respect to each group, the Company will receive a \$1,000,000 death benefit upon the death of the second director of the group. The Company in turn has informally agreed to donate a total of \$1,000,000; \$500,000 upon the earlier of

Edgar Filing: J C PENNEY CORP INC - Form DEF 14A

(i) five years after the date of death of the first director of the group to die or (ii) the death of the second director of the group, and an additional \$500,000 upon the death of the second director of the group, to one or more charitable organizations as recommended by the individual directors. Report of Human Resources and Compensation Committee on Executive Compensation

The Company's compensation policies are established and implemented by the Human Resources and Compensation Committee of the Board of Directors ("Committee"), which is composed entirely of Non-Associate Directors. In addition to determining and approving annual salaries of senior officers who are not directors and making recommendations to the full Board regarding the annual salaries of associate directors, the Committee determines and approves payments under the Company's incentive compensation programs and makes awards under the Company's 2001 Equity Compensation Plan

9

("Equity Plan"). In carrying out these responsibilities, the Committee is advised by outside consultants with respect to the competitiveness of the Company's executive compensation policies and programs and, as needed, meets with these consultants without any Company representative being present.

Prior to January 27, 2002, the formation date of the holding company structure, these compensation policies were established and implemented by the Human Resources and Compensation Committee of JCP, whose membership, at January 27, 2002, was identical to that of the Company's Committee. Consequently, this Report on Executive Compensation for fiscal year 2001 is that of the Human Resources and Compensation Committee of JCP.

As discussed more fully below, the Company's cash incentive awards are generally determined by overall Company results.

Compensation Philosophy. Compensation is generally tied directly to the achievement of the Company's annual and long-term performance goals. In this manner, the Company believes it can attract and retain executives who are most able to contribute to the long-term success of the Company and the enhancement of stockholder value. In general, an executive's compensation package consists of: (i) base salary; (ii) annual incentive compensation; and (iii) long-term incentive compensation in the form of stock. (See "Summary Compensation Table" on page 16.) As an executive's responsibilities increase, a greater portion of his or her compensation has been linked to Company performance.

Base Salary and Incentive Compensation Payments. Total annual cash compensation consists of base salary and profit incentive compensation. Total annual cash compensation targets are set by the Committee from a range determined by the officer's responsibilities and reflect the market value of an officer's job as well as its value to the Company. In determining annual cash compensation targets, consideration is given to the following factors: job responsibilities and tasks; knowledge, skills, and experience required for successful job performance; and competitive positioning, both within and outside the Company. No specific weighting is given to any of these factors. The Company believes it competes with the companies constituting the S&P 500 Retail Index for department stores and other major retailers in the United States as well as selected Fortune 200 companies for executive talent. In setting annual cash compensation targets, the Committee compares the Company's cash compensation package with the cash compensation packages of these selected

Edgar Filing: J C PENNEY CORP INC - Form DEF 14A

companies. The Company targets its total cash compensation package for its executive officers as a group, and its Chairman of the Board and Chief Executive Officer ("CEO"), at or near the 50th percentile of competitive pay for comparable executives when Company performance goals are "met" and at or near the 75th percentile when Company performance "exceeds" pre-established targets. The Committee regularly reviews cash compensation levels to determine if salary increases are merited.

Annual profit incentive compensation can be earned under the J. C. Penney Corporation, Inc. 1989 Management Incentive Compensation Program ("Incentive Program"). The Incentive Program ties incentive compensation to Company performance, with no incentive payment for performance well below plan and up to 200% of incentive targets for superior results. The goals for the Incentive Program are set at the beginning of each fiscal year consistent with the Company's business plan.

The Incentive Program award calculation is based on the number of profit incentive units credited to a particular position and the value assigned to each unit. The number of profit incentive units credited is a given percentage, based on position, of base salary. The annual profit incentive unit value is based on the Company's actual performance. The annual unit value is determined by a formula that measures the Company's actual dollar performance against the annual target. Unit values are also determined for each of the Company's major operating divisions based on performance for the year. For most executive officers with broad Company responsibility, 2001 unit values were based 100% on Total Company results (which includes sales and profit results for JCPenney Stores, Catalog, Internet, International, and Eckerd Drugstores). Ms. Castagna's 2001 unit value was based 75% on JCPenney Stores, Catalog, Internet and International sales and profit results and 25% on Total Company results.

10

Eligible Eckerd Corporation ("Eckerd") associates, including Mr. Harris, participate in the Eckerd Corporation Key Management Bonus Plan ("KMBP"). The KMBP is also a performance based annual incentive compensation program, which pays a cash bonus to participants generally based on the extent to which identified Eckerd financial objectives for the fiscal year, including earnings before interest and taxes, and sales, have been achieved. Mr. Harris' bonus is also based on the extent to which gross margin return on investment targets have been achieved. The participation level of each eligible Eckerd associate is determined by his or her grade. At each participant level, payout percentages are determined for each of the financial objectives based on Eckerd's actual performance relative to its plan for the fiscal year. The various financial objectives for each participant are weighted and the participant's actual payout percentage, which is a percentage of eligible base salary, represents the sum of the weighted payout percentages for each financial objective.

Equity Awards. The Company makes equity awards to eligible associates to align their interests with stockholders. Generally, an executive's participation in the Equity Plan and the size of the award are a function of the executive's position. The Committee does not consider the amounts and terms of prior grants of stock options when determining equity awards. To date, stock options and stock awards have been granted under the Equity Plan. As noted above, executives are given awards based on market data for each position.

As of February 25, 2002, options covering approximately 4,784,979 shares of Common Stock under the Equity Plan (to approximately 2,000 management associates of the Company and its subsidiaries) were granted at an option price of \$20.22 per share. The 2002 grants generally become exercisable in 2003.

Edgar Filing: J C PENNEY CORP INC - Form DEF 14A

The Company has never reduced the exercise prices of outstanding stock options under the present or any prior option plan.

2001 Compensation. For the Incentive Program, the Total Company unit value was \$1.45 as compared to \$.50 in 2000 and zero in 1999. The Incentive Program unit value for Messrs. Questrom, Lotter and Davis was \$1.45, which represents the Total Company results. The Incentive Program unit value for Ms. Castagna was set at \$1.1875, which represents a blend of the Total Company results and the JCPenney Stores, Catalog, Internet and International unit value, as described above. Mr. Harris' 2001 payout percentage under the KMBP was 158.85% of his eligible base salary.

CEO Compensation.

JCP entered into an employment agreement with Mr. Questrom, effective September 13, 2000 ("Questrom Agreement"), pursuant to which Mr. Questrom serves as JCP's and the Company's Chairman of the Board and CEO. The Questrom Agreement calls for a five-year employment term and an initial annual base salary of \$1,250,000. Effective July 2001, Mr. Questrom's annual base salary was increased to \$1,350,000. The annual base salary will be reviewed by the Committee for possible increase at least annually. For fiscal 2001, Mr. Questrom's bonus award was \$1,897,083. The Questrom Agreement also required Mr. Questrom to purchase for his own account a number of shares of Common Stock which, when added to Common Stock already owned, produced a market value for these shares of \$1,250,000 based on the closing price of such shares on the NYSE on July 26, 2000. Mr. Questrom may not dispose of these shares while he is employed by the Company.

Pursuant to the Questrom Agreement, Mr. Questrom was granted in fiscal 2000 an option to purchase 3,500,000 shares of Common Stock, which will vest in annual 20% increments beginning on September 13, 2001. Mr. Questrom was also granted in fiscal 2000 1,000,000 restricted stock units which will vest in annual 20% increments beginning on September 13, 2001. Each restricted stock unit shall at all times be deemed to have a value equal to the then-current fair market value of the Common Stock and shall be credited with any dividends paid on the underlying Common Stock prior to redemption of the restricted stock units. The dividends will be converted into additional restricted stock

11

units. These additional restricted stock units shall be allocated pro rata to the five vesting installments described above and shall vest and otherwise be treated in the same manner as the restricted stock units in such installment. Other than in the circumstances discussed below, upon termination of Mr. Questrom's employment with the Company, the Company will issue to Mr. Questrom, in cancellation of the restricted stock units, a number of shares of Common Stock equal to the number of vested restricted stock units held by him.

Mr. Questrom is also entitled to long-term compensation, beginning in fiscal 2002, in the form of an annual grant which may consist of stock options, long-term cash awards or other forms of long-term compensation having a present value of no less than 240% of the sum of his then-current annual base salary plus target annual bonus. This long-term compensation shall have terms and conditions generally applicable to grants and awards made to other senior Company executives. All such awards will vest no later than September 30, 2005, if Mr. Questrom is still employed by the Company on such date. On February 25, 2002, he received a stock option grant for 459,119 shares and 181,675 restricted stock units.

Edgar Filing: J C PENNEY CORP INC - Form DEF 14A

In addition, Mr. Questrom is entitled to a supplemental pension benefit of 2.5% of his "average final compensation" for each of the first five anniversaries of the Questrom Agreement, beginning September 13, 2001. He will immediately vest in any benefit he accrues under this provision, but any amount received will be offset by any amount received under any other Company defined benefit plan.

If Mr. Questrom's employment is terminated by the Company other than for Cause, or by Mr. Questrom for Good Reason (as defined in the Questrom Agreement), he will be entitled to receive a lump sum based on his annual base salary, his annual target bonus for that and the immediately preceding fiscal year, and the time remaining in the term of his Agreement. In addition, upon such termination, all restrictions on shares of Common Stock and restricted stock units will immediately lapse and all unvested stock options will become immediately vested. If Mr. Questrom's employment is terminated by the Company for Cause, or by Mr. Questrom other than for Good Reason, he will be entitled to receive only his unpaid salary, bonus, and certain other benefits payable pursuant to Company benefit plans through the date of termination. In this event, the vested portion of his option shall remain exercisable for five years and only the vested portion of his restricted stock units will be earned.

As discussed above, the Company's executive compensation philosophy emphasizes incentive compensation tied to Company performance. The deductibility of executive compensation may be limited in certain circumstances by Section 162(m) of the Internal Revenue Code. The Company's Equity Plan satisfies the requirements of Section 162(m) regarding stock option grants. Mr. Questrom's equity awards for 2000 were made under the 2000 New Associate Equity Plan, an equity plan for new hires which does not meet the requirements of Section 162(m). With respect to the Company's other compensation programs, the Committee believes that these programs provide the necessary incentives and flexibility to promote the Company's performance-based compensation philosophy while being consistent with Company culture and objectives and, accordingly, has determined not to amend these plans at this time. For fiscal 2001, the deductibility limitations of Section 162(m) applied to compensation paid to four Company executives.

Employment Agreements

JCP entered into an employment agreement with Ms. Castagna, effective August 1, 1999, and amended effective May 19, 2000 (as amended, "Castagna Agreement"), pursuant to which Ms. Castagna serves as JCP's Executive Vice President and Chief Operating Officer of JCPenney Stores, Merchandising and Catalog. The Castagna Agreement provides for an initial term of five years. Effective August 1, 2000, Ms. Castagna's annual base salary was raised by the Committee to \$700,000 from \$550,000. Effective May 18, 2001, Ms. Castagna's title was changed to Executive Vice President, President and Chief Operating Officer of JCPenney Stores, Catalog and Internet. Ms. Castagna holds an identical position with the Company.

Pursuant to the Castagna Agreement, in order to compensate her for benefits lost when changing employers, Ms. Castagna received a supplemental cash payment of \$800,000 on September 3, 1999, a second supplemental cash payment of \$600,000 on August 1, 2000 and a third supplemental cash payment of \$600,000 on August 1, 2001. Additionally, Ms. Castagna has been granted: (i) 43,000 shares of Common Stock which will vest in one-third increments on August 1 of 2002, 2004 and 2005; (ii) 1,000 restricted stock units which will vest in shares of Common Stock on August 1, 2002; (iii) an option to purchase 57,000 shares of Common Stock which will become exercisable on August 1, 2002; and (iv) an option to purchase 150,000 shares of Common Stock, which will vest in annual 20% increments beginning on August 1, 2000, subject to accelerated vesting if the actual performance results of Ms. Castagna's areas of responsibility exceed planned results by certain specified percentages. In addition, she was granted a restricted stock award of 100,000 shares of Common Stock as of May 19, 2000, which will vest in annual 25% increments beginning on May 19, 2001. Ms. Castagna is further eligible to participate in the Company's employer sponsored benefit plans, including the Company's Mirror Savings Plan, which is described on page 19.

If Ms. Castagna's employment is terminated other than for Cause, or by Ms. Castagna for Good Reason (as defined in the Castagna Agreement), she will be entitled to receive: (i) her unpaid salary and vacation to the date of termination; (ii) a prorated portion of her target bonus under the Incentive Program for the fiscal year in which termination occurs; (iii) a lump sum payment equal to two times the total of her base salary and her target awards under the Incentive Program; (iv) the continuation of employee welfare benefits for a period of 24 months from the date of termination; (v) outplacement services in an amount up to \$30,000; and (vi) any other payments under applicable plans or programs to which she is entitled. In addition, upon such termination, all restrictions on shares of Common Stock will immediately lapse, all unvested stock options will immediately vest and any supplemental cash payments not yet paid will be paid. If Ms. Castagna's employment is terminated for Cause, or by Ms. Castagna other than for Good Reason, she will be entitled to receive only her unpaid salary and vacation to the date of termination. Ms. Castagna also participates in the Company's Separation Allowance Program which is described in "Change of Control Arrangements" on page 21.

JCP has also entered into an employment agreement with Mr. Harris, dated as of September 25, 2000 ("Harris Agreement"), pursuant to which Mr. Harris serves as Chairman and Chief Executive Officer of Eckerd. Also, on May 18, 2001, he was elected as Executive Vice President of JCP. Mr. Harris is also an Executive Vice President of the Company. The Harris Agreement provides for an annual base salary of \$700,000 and an initial term of four years, subject to earlier termination by either party. His base salary is subject to such adjustments as the Committee may approve. For fiscal 2001, Mr. Harris' minimum bonus award was

Edgar Filing: J C PENNEY CORP INC - Form DEF 14A

based on the value of the target incentive units allocated to him under the KMBP and the Harris Agreement.

Pursuant to the Harris Agreement, Mr. Harris received a supplemental cash payment of \$150,000 on October 1, 2000 (his "Start Date") a second supplemental cash payment of \$150,000 on October 1, 2001, and will receive this same amount on the second and third anniversaries of the Start Date of his employment, provided that he has not terminated his employment voluntarily or been terminated by the Company for Cause prior to such dates. Mr. Harris has also been granted an option to purchase 75,000 shares of Common Stock, which will become exercisable in annual 25% increments beginning on October 1, 2001. Additionally, on July 20, 2001, Mr. Harris was granted an option to purchase 150,000 shares of Common Stock, which will become exercisable in annual 33 1/3% increments beginning on July 20, 2002. Mr. Harris is further eligible to participate in the Company's employer sponsored benefit plans.

If Mr. Harris's employment is terminated by JCP other than for Cause, or by Mr. Harris for Good Reason (as defined in the Harris Agreement), he will be entitled to receive: (i) his unpaid base salary and vacation to the date of termination; (ii) a prorated portion of his target bonus under the KMBP for the fiscal year in which termination occurs; (iii) a lump sum payment equal to two times the total of his base salary and his target awards under the KMBP; (iv) the continuation of employee welfare benefits for a period of 24 months from the date of termination; (v) outplacement services in an amount up to \$30,000; and (vi) any other payments under applicable plans or programs to which he is entitled. If Mr. Harris terminates his employment for any reason other than death, disability or retirement, all outstanding vested and unvested portions of his stock option will immediately expire or be forfeited. If Mr. Harris's employment is terminated by the Company for Cause, or by Mr. Harris other than for Good Reason, he will be entitled to receive only his unpaid salary and other benefits payable pursuant to certain applicable benefit plans through the date of termination. Mr. Harris also participates in the Company's Separation Allowance Program, which is described in "Change of Control Arrangements" on page 21.

Incentive Compensation Agreements

Incentive Compensation Agreements ("ICAs") were entered into by certain officers (including Named Executive Officers Davis and Lotter) and JCP as of January 2, 2001, to induce these officers to continue their employment with JCP. The ICAs provided, among other things, for: (i) restricted stock unit grants; (ii) stock option grants; (iii) a minimum cash bonus payment for fiscal 2000; (iv) a guaranteed cash payment should the restricted stock and stock option grants not meet a certain minimum value as of the date these grants became fully vested and/or exercisable; and (v) a guaranteed minimum pension annuity. Benefits to Messrs. Davis and Lotter made pursuant to their ICAs are reflected in the Summary Compensation Table on page 16.

OPTION/SAR GRANTS IN LAST FISCAL YEAR

The following table provides information regarding stock options granted to the Named Executive Officers during fiscal 2001. Except as otherwise noted, such options are exercisable after one year from the date of the grant. The values assigned to each reported option are shown using arbitrarily assumed annualized rates of stock price appreciation of 5% and 10% over the full 10-year term of the options. In assessing these values it should be kept in mind that regardless of the theoretical value that is placed on a stock option on the date of grant, its ultimate value will be dependent on the market value of the Company's Common Stock at a future date, and as a result of the efforts of such executives to contribute to the creation of sustainable stockholder wealth.

Mirror Savings Plan. Participant contributions to qualified savings plans were limited in 2001 by a \$170,000 compensation limit imposed by the Internal Revenue Service. The Board of Directors of JCP approved the J. C. Penney Corporation, Inc. Mirror Savings Plan as a vehicle for associates earning more than the compensation limit to defer a portion of their base salary and incentive compensation payments exceeding the compensation limit as a means of saving for retirement. Participants in the Mirror Savings Plan elect to defer a percentage of their compensation each year. Deferred amounts are generally payable upon a participant's retirement, death, or other separation from JCP.

Retirement Income. The following table shows various estimated maximum aggregate annual retirement incomes payable to the Company's management employees who receive profit incentive compensation and retire at age 60 (the age at which most management personnel currently voluntarily retire).

Average Final Compensation for pension formula purposes generally includes "Salary" and "Bonus" as reported under these columns of the Summary Compensation Table on page 16.

The present annual pension benefit payable after normal retirement (age 65 or later) to participants in the Company's Pension Plan ("Pension Plan") with service after December 31, 1988, generally is equal to the sum of .75% times the "average final compensation" up to the "Average Social Security Wage Base" plus 1.25% times the "average final compensation" in excess of the "Average Social Security Wage Base" multiplied by the number of years of "credited service" up to a maximum of 35 such years. In addition to this annual pension benefit, a participant may receive an annual retirement benefit generally equal to 0.25% of his or her average final compensation times his or her years of credited service that exceed 25 years of credited service, but do not exceed 35 such years. "Average final compensation" is the average of the highest five consecutive full calendar years of compensation out of the employee's last ten years in the Pension Plan. "Average Social Security Wage Base" is the average of the 35 consecutive years of wages subject to the Social Security Tax, ending with the year an employee qualifies for unreduced Social Security retirement benefits. The Pension Plan contains provisions for early retirement and optional forms of benefit payments.

A Supplemental Retirement Program for Management Profit-Sharing Associates ("Supplemental Retirement Program") provides certain supplemental retirement benefits, including Social Security substitute payments until age 62, to certain management employees, including executive officers, who voluntarily retire prior to age 65 in accordance with the Supplemental Retirement Program and whose aggregate retirement and estimated Social Security benefits would otherwise be below specified minimum retirement income levels. Participation in the Supplemental Retirement Program is limited to associates eligible for participation on or prior to December 31, 1995.

The Internal Revenue Code ("Code") imposes certain limitations on the maximum benefits that may be earned under "qualified" retirement plans, such as the Pension Plan, the LESOP and the Eckerd 401(k) Plan. In 1995, JCP adopted the J. C. Penney Company, Inc. (now, J. C. Penney Corporation, Inc.) Benefit Restoration Plan ("Benefit Restoration Plan"), which provides to impacted management associates certain benefits which, under the Code, cannot be earned under the Pension Plan and LESOP. Effective January 1, 1999, the benefits which, under the Code, could not be earned under the LESOP and, therefore, were provided pursuant to the Benefit Restoration Plan, are provided under the Mirror Savings Plan. Such benefits are also provided under the Mirror Savings Plan for the Eckerd 401(k) Plan. Eligible management associates must make an annual election to participate in the Mirror Savings Plan.

Estimated annual retirement incomes reflected in the table are assumed for this purpose to comprise the total of: (i) the benefit under the Pension Plan; (ii) the value at retirement of the aggregate of Company contributions made to the LESOP and predecessor plans and the Mirror Savings Plan, and earnings thereon; (iii) the benefit under the Benefit Restoration Plan; (iv) the benefit

Edgar Filing: J C PENNEY CORP INC - Form DEF 14A

under the Supplemental Retirement Program; and, as applicable, (v) the Eckerd 401(k) Plan, assuming the payment of all such benefits in the form of a straight life annuity. Of the currently serving Named Executive Officers, only Messrs. Lotter and Davis participate in the Supplemental Retirement Program. The Named Executive Officers currently have, respectively, the following years of "credited service" and approximate assumed "average final compensation" recognized for calculation of benefits under the Company's applicable retirement plans: Ms. Castagna, 1.5 years, \$1,836,520; Mr. Davis, 37 years \$600,499; Mr. Lotter, 29 years, \$814,498; and Mr. Questrom, 0.5 years, \$2,572,083. No pension benefits vest until an associate has five years of credited service with the Company. Mr. Questrom is also entitled to a supplemental pension benefit under his employment agreement (see pages 11 and 12). Mr. Harris became eligible to participate in the LESOP and Mirror Savings as of October 1, 2001. As of January 1, 2002, he became eligible to participate in the Eckerd 401(k) Plan. In addition, pursuant to his employment agreement, Mr. Harris has been granted 10 years of credited service and benefits as though he were under the Pension Plan. His approximate "average final compensation" for this purpose is \$1,067,420.

Change of Control Arrangements. JCP's 1999 Separation Allowance Program for profit-sharing management and bonus eligible associates of JCP and its subsidiaries, including executive officers, was adopted to enable the Company to remain competitive in attracting and retaining valued associates. This was deemed necessary in light of the uncertainties of the retail environment; to allay job security fears and concerns of associates; to improve morale and dedication; to increase associate productivity by eliminating extraneous distractions and anxieties; and to help ensure that associates receive the benefits they legitimately earn in the normal course of their employment.

Benefits under the separation allowance program will be provided in the event of involuntary termination or constructive discharge of an eligible participant within two years after a change of control of the Company. The benefits include lump sum severance payments of from six to 24 months' "compensation" depending on length of service, lump sum payments under JCP's incentive compensation programs, eligibility for term life insurance, eligibility for medical and dental plan coverage, extension of exercise periods for nonqualified stock options, enhanced benefits under the Supplemental Retirement Program described on page 20, and certain additional incidental benefits. No amounts have been accrued or paid under the program.

The program is effective for an initial period of five years (beginning in 1999) and will automatically be renewed for subsequent five-year periods, unless the Board terminates the program. If a change of control of the Company occurs during the term of the program, the program may not be terminated or amended until all obligations under the program have been met.

Report of Audit Committee

The Audit Committee of the Board of Directors (the "Audit Committee") is composed of five independent directors and operates under a written charter (adopted by the Board of Directors of JCP on April 13, 2000, and by the Board of Directors of the Company on January 23, 2002), in accordance with applicable rules of the SEC and the NYSE. The members of the Audit Committee are K. B. Foster, V. E. Jordan, Jr., A. W. Richards, C. S. Sanford, Jr., and M. A. Burns, who serves as its chair.

Management is responsible for the Company's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of the Company's audited financial statements in accordance with generally accepted auditing standards and

Edgar Filing: J C PENNEY CORP INC - Form DEF 14A

for issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes. The Audit Committee also recommends to the Board of Directors the selection of the Company's independent auditors, subject to stockholder approval.

In this context, the Audit Committee has met and held discussions with management of the Company, who represented to the Audit Committee that the Company's audited financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee has reviewed and discussed the audited financial statements with both management and the independent auditors. The Audit Committee also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent auditors their independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended January 26, 2002 for filing with the SEC. The Audit Committee also recommended that KPMG LLP be re-appointed, subject to stockholder approval, as the Company's independent auditors for the 2002 fiscal year.

Other non-audit services (2)	716,000

Total All Other Fees	\$2,062,000

-
- (1) Audit related fees consisted principally of the closing balance sheet audit of J. C. Penney Direct Marketing Services, Inc., audits of financial statements of certain employee benefit plans, statutory audits of the financial statements of certain subsidiaries, review of registration statements and issuance of consents and comfort letters, and other accounting and auditing assistance.

Edgar Filing: J C PENNEY CORP INC - Form DEF 14A

(2) Other non-audit services consisted principally of tax services and \$24,000 of consulting for an engagement in Brazil.

The Audit Committee has considered whether the independent auditor's provision of non-audit services to the Company is compatible with maintaining the auditor's independence.

Approval of Auditors (Proposal 2)

KPMG LLP, independent certified public accountants, and members of the SEC Practice Section of the AICPA Division for CPA firms, have been auditors of the Company's consolidated financial statements since 1916. Their employment for the purpose of auditing the Company's financial statements for the fiscal year ending January 25, 2003, has been authorized by the Board, upon the recommendation of the Audit Committee. Stockholder approval of such employment is requested.

It is anticipated that a representative of KPMG LLP will attend the meeting, will be available to respond to appropriate questions, and will have an opportunity to make a statement should he or she so desire.

The Board recommends a vote FOR this proposal.

Stockholder Resolution

The Company has been informed that Gary Nystrom, 250 Gentry Circle, Vacaville, California 95687, an owner under the LESOP of shares having a Common Stock voting equivalent of approximately 671 shares, intends to submit a resolution for adoption at the Annual Meeting, as follows:

Proposal to Establish Term Limits for Members of the Board of Directors

RESOLVED, that the stockholders of J. C. Penney, Inc. amend the Company's Bylaws, in compliance with applicable law, to establish term limits in the Restated Certificate of Incorporation, and that "no outside directors shall serve for more than twelve years." The reorganization would take effect immediately, and be applicable to the re-election of any incumbent director whose term, under the current system, subsequently expires.

Supporting Statement

For several years, the shareholders and employees who are members of the Company's Profit Sharing Plan have greatly suffered, most losing over 65% of their investment. Why? The answer is very clear. Accountability! Many believe our Board of Directors has been out of tune with the investors and has failed to protect the shareholders' and employees interests.

We have seen the profits deteriorate, loss of market share, greatly reduced employee and retiree benefits, selling profitable assets, and lowering of our credit rating to junk bond status. Why? Mr. Questrom has stated, "Our problems began over 10 years ago." If this is true, where was the Board? Were they asleep at the helm?

Are Term Limits appropriate? Proponents of term limits think so, and 18 states have passed laws automatically forcing long-time federal and state legislators out of office. Today, term limits are growing in all forms of federal, state and local governments. Just as in presidential elections, the

Edgar Filing: J C PENNEY CORP INC - Form DEF 14A

limits ensure that no matter how much power a given chief executive may gather, there is a definite limit on how long he or she may wield it. At least every eight years, there will be a fresh face, a fresh perspective -- a fresh start.

By having term limits, the Board should be enhanced by bringing new ideas, fresh approaches, and qualified directors with valuable experience. It would prevent entrenched incumbency to remain in office too long and ignore their duties as representatives of the shareholders. No director should be able to feel his or her directorship is until retirement.

I urge you to vote for this proposal.

23

The Board of Directors Opposes This Proposal

The Board believes that its current practices and those of the Corporate Governance Committee concerning the nomination and service of directors ensures a balanced board where individuals with diverse backgrounds, knowledge and experience bring a wide range of skills and expertise to the Company. The proponent's proposal would serve to arbitrarily deprive the Company's stockholders of these contributions.

The Corporate Governance Committee, which is comprised solely of non-employee directors, annually develops a proposed slate of nominees which the Board must approve before it is submitted to stockholders for consideration at the Company's Annual Meeting. Mandatory term limits are incompatible with the rights currently accorded the Company's stockholders to choose the best-qualified individuals to serve as members of their Board without artificial limits on who may serve.

The Board disagrees with the notion implicit in the proposal that a director has only a certain number of years with which to serve the Company effectively. At a time when wisdom and experience are at a premium, arbitrarily imposing a term limit for future directors would result in the premature loss of directors whose tenure has given them an important perspective on the development and implementation of the Company's long-term strategies, and the premature loss of directors who have acquired a great deal of knowledge and perspective about the Company's operations. It is the careful mix of such talented and experienced directors, along with the on-going addition of highly qualified new directors, which gives the Company's Board balance and strength.

Furthermore, the proposal contains certain factual errors. For example, the proponent claims that, "For several years, the shareholders and employees who are members of JCPenney's Profit Sharing Plan have greatly suffered, most losing over 65% of their investment." Without specific knowledge regarding each shareholder's basis, holding period and dividend history, it is impossible to assert a generalized investment return for "most investors".

Accordingly, the Board recommends a vote AGAINST this proposal.

Requirements, Including Deadlines, for Submission of Proxy Proposals,
Nomination of Directors, and Other Business by Stockholders

Under the rules of the SEC, the date by which proposals of stockholders intended to be presented at the 2003 Annual Meeting of Stockholders must be received by the Company for inclusion in its proxy statement and form of proxy relating to that meeting is December 13, 2002.

Under the Company's Bylaws, certain procedures are provided which a

Edgar Filing: J C PENNEY CORP INC - Form DEF 14A

stockholder must follow to nominate persons for election as directors or to introduce an item of business at an annual meeting of stockholders. These procedures provide, generally, that stockholders desiring to make nominations for directors, and/or bring a proper subject of business before the meeting, must do so by a written notice timely received (not later than 90 days in advance of such meeting) by the Secretary of the Company containing the name and address of the stockholder, and a representation that the stockholder is a holder of record and intends to appear in person or by proxy at the meeting. If the notice relates to a nomination for director, it must also set forth the name and address of any nominee(s), all arrangements or understandings between the stockholder and each nominee and any other person(s) (naming such person(s)) pursuant to which the nomination(s) are to be made, such other information regarding each nominee as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had each nominee been nominated by the Board, and the consent of each nominee to serve. Notice of an item of business shall include a brief description of the proposed business and any material interest of the stockholder in such business.

24

The chairman of the meeting may refuse to allow the transaction of any business not presented, or to acknowledge the nomination of any person not made, in compliance with the foregoing procedures.

It is currently expected that the 2003 Annual Meeting of Stockholders will be held on or about May 16, 2003, in which event any advance notice of nominations for directors and items of business (other than proposals intended to be included in the proxy statement and form of proxy, which as noted above must be received by December 13, 2002) must be given by stockholders by February 17, 2003. The Company does, however, retain the right to change this date as it, in its sole discretion, may determine. Notice of any change will be furnished to stockholders prior to the expiration of the 90-day advance notice period referred to above. Copies of the Company's Bylaws are available from the Secretary of the Company.

Confidential Voting

The Company, considering it to be in the best interest of stockholders, has a policy to the effect that all proxy (voting instruction) cards, ballots, and vote tabulations, including telephone and Internet voting, which identify the particular vote of a stockholder are to be kept secret from the Company, its directors, officers, and employees. Accordingly, proxy cards are returned in envelopes addressed to the tabulator, which receives and tabulates the proxies. The final tabulation is inspected by inspectors of election who are independent of the Company, its directors, officers, and employees. The identity and vote of any stockholder shall not be disclosed to the Company, its directors, officers, or employees, nor to any third party except (i) to allow the independent election inspectors to certify the results of the vote to the Company, its directors, officers, and employees; (ii) as necessary to meet applicable legal requirements and to assert or defend claims for or against the Company; (iii) in the event of a proxy solicitation based on an opposition proxy statement filed, or required to be filed, with the SEC; or (iv) in the event a stockholder has made a written comment on such material.

Other Matters

The Board of Directors does not intend to present any other business at the meeting and knows of no other matters which will be properly presented. However, if any other matter calling for a vote of stockholders is properly presented at the meeting, it is the intention of the persons named in the

Edgar Filing: J C PENNEY CORP INC - Form DEF 14A

accompanying proxy to vote in accordance with their judgment on such matters.
