Item 7.01 Regulation FD Disclosure

In accordance with General Instruction B.2. of Form 8-K, the following information shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, nor shall such information be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such a filing.

On March 17, 2016, GSE Systems, Inc. (the "Company") issued a press release announcing that the Company has been awarded a contract to deliver three full-scope simulator systems to a major nuclear power plant operator based in the southern United States. The contract award represents an increase in the Company's current backlog by approximately 60% to around \$75 million. A copy of the press release is being furnished herewith as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

The press release includes statements that are considered forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934. These statements reflect the Company's current expectations concerning future events and results. The Company uses words such as "expect," "intend," "believe," "may," "will," "should," "could," "anticipates," and similar expressions to identify forward-looking statements, but their absence does not mean a statement is not forward-looking. These statements are not guarantees of the Company's future performance and are subject to risks, uncertainties, and other important factors that could cause the Company's actual performance or achievements to be materially different from those the Company projects. These risks, uncertainties, and factors are disclosed in the Company's documents on file with the Securities and Exchange Commission, including those set forth in the Company's periodic reports under the forward-looking statements and risk factors sections. The Company does not intend to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.
