The press release announcing this material change was issued on May 13, 2004 in Canada and the United States.

4. SUMMARY OF MATERIAL CHANGE

Methanex Corporation announced on May 13, 2004 that its Board of Directors had approved a normal course issuer bid under which the Company could repurchase up to 5% of the total common shares issued and outstanding.

5. FULL DESCRIPTION OF MATERIAL CHANGE

Methanex Corporation announced that its Board of Directors had approved a normal course issuer bid under which it may repurchase up to 6,143,543 common shares of the Company representing not more than 5% of the total shares issued and outstanding. At the time of the announcement, there were 122,870,872 Methanex common shares issued and outstanding.

The normal course issuer bid repurchase program was filed and accepted by the Toronto Stock Exchange (TSX) on May 13, 2004. The program will be carried out through the facilities of the TSX. Purchases under the program may commence on May 17, 2004 and will terminate on the earlier of May 16, 2005 and the date upon which the Company has acquired the maximum number of common shares permitted under the purchase program or otherwise decided not to make further purchases. Purchases will be made from time to time at the then current market price of the Company's common shares as traded on the TSX and the common shares purchased will be cancelled.

Methanex believes that purchasing its shares under the normal course issuer bid is in the best interests of its shareholders and represents an effective use of the Company's financial resources. The planned share repurchase is consistent with Methanex's balanced approach to the utilization of cash and reflects the Company's ongoing commitment to returning excess cash to shareholders. At the closing price of Methanex's common shares on the TSX on May 13, 2004, the planned share repurchase represents a financial commitment of approximately US\$70

million. Methanex currently has over US\$150 million in cash, an undrawn US\$250 million credit facility

and continued strong cash generation. Methanex intends to finance the purchase of common shares under the bid with cash on hand.
