**METHANEX ANNOUNCES INCREASE IN SHARE REPURCHASE PROGRAM AND DECLARES QUARTERLY DIVIDEND**

**November 18, 2004**

Methanex Corporation announced today that its Board of Directors has approved an increase in the Company's current normal course issuer bid, raising the maximum allowable repurchase from 6,143,543 common shares to 12,178,092 common shares, or 10% of the public float. At the close of business on November 18, 2004, the Company had repurchased 5,187,100 common shares under the bid.

The Company also announced today that its Board of Directors has declared a quarterly dividend of US\$0.08 per share that will be payable on December 31, 2004 to holders of common shares of record on December 17, 2004.

Bruce Aitken, President and CEO of Methanex commented, "Both of these announcements reflect our balanced approach to the utilization of cash and demonstrate our ongoing commitment to returning excess cash to shareholders. Mr. Aitken added, "Our low-cost production facilities and leading market position have combined with strong methanol pricing to allow us to continue to generate significant cash flow from operating activities over recent quarters. We have excellent financial strength and flexibility with US\$162 million in cash at the end of the third quarter 2004, an undrawn US\$250 million credit facility and an outlook for continued strong cash generation.

Mr. Aitken concluded, "We have the financial capacity to complete our capital maintenance spending program, the current normal course issuer bid, the construction of Chile IV and to pursue new opportunities to enhance our strategic position in methanol.

The normal course issuer bid repurchase program was filed and accepted by the Toronto Stock Exchange (TSX) on May 13, 2004. The program is carried out through the facilities of the TSX. Purchases under the program, which commenced on May 17, 2004, will terminate on the earlier of May 16, 2005 and the date upon which the Company has acquired the maximum number of common shares permitted under the program or otherwise decided not to make further purchases. Purchases will be made from time to time at the then current market price of the Company's common shares as traded on the TSX and the common shares purchased will be cancelled.

Methanex believes that purchasing its shares under the normal course issuer bid is in the best interests of its shareholders and represents an effective use of the Company's financial resources. Methanex intends to finance the purchase of common shares under the bid with cash on hand.

Methanex, based in Vancouver, is the world's largest producer and marketer of methanol. Methanex shares are listed for trading on the Toronto Stock Exchange in Canada under the trading symbol "MX" and on the Nasdaq National Market in the United States under the trading symbol "MEOH."
