**NEWS RELEASE**

**TEEKAY ANNOUNCES 15 PERCENT DIVIDEND INCREASE  
AND NEW \$200 MILLION SHARE REPURCHASE PROGRAM**

Hamilton, Bermuda, October 7, 2008 Teekay Corporation (*Teekay or the Company*) (NYSE: TK) announced today that its Board of Directors has approved a 15 percent increase in the Company's quarterly cash dividend. The dividend will increase to \$0.31625 per share, from \$0.275 per share in the previous quarter. This dividend will be paid on October 31, 2008 to shareholders of record as at October 17, 2008.

We are pleased to announce the sixth consecutive yearly increase in Teekay's dividend, which has grown at a compound annual rate of 20 percent over this period, commented Bjorn Moller, Teekay's President and Chief Executive Officer. The increase in our dividend reflects the continued growth in our fixed-rate businesses and our confidence in the long-term fundamental strength of Teekay. It also allows Teekay shareholders to participate in the stable and growing cash distributions we receive from our publicly-traded subsidiaries, Teekay LNG Partners and Teekay Offshore Partners.

Teekay also announced today that its Board of Directors has authorized the repurchase of \$200 million of its common stock. This amount represents approximately 14 percent of the Company's total market capitalization as of October 6, 2008.

We believe Teekay's shares represent very good value and the most compelling investment we can make at this time, stated Mr. Moller. We have ample liquidity to act on this opportunity. Already in 2008, we have raised over \$300 million of public equity at the subsidiary company level and completed over \$225 million of vessel sales to third parties which have helped increase Teekay's current total liquidity to approximately \$1.8 billion. In addition, our strong cash flows from vessel operations—a large portion of which is from stable long-term contracts—and pre-arranged financing on substantially all of our committed fleet growth provides us with significant financial flexibility.

Shares will be repurchased in the open market at times and prices considered appropriate by the Company. The timing of any purchases and the exact number of shares to be purchased will be dependent on market conditions. Since the end of 2004, the Company has repurchased approximately 26 percent of its outstanding shares.

Teekay continues to make progress on its previously announced restatement of financial results for the period from 2003 through the end of the second quarter of 2008. The restatement is expected to be completed within the next few weeks.
