Telecom Italia will not be permitted to accept, directly or indirectly, any tenders made, in connection with the Tender Offer, in or from any of the foregoing jurisdictions.

The Telecom Italia securities referred to herein that will be issued in connection with the merger described herein have not been, and are not intended to be, registered under the U.S. Securities Act of 1933 (the Securities Act) and may not be offered or sold, directly or indirectly, into the United States except pursuant to an applicable exemption. The Telecom Italia Securities are intended to be made available within the United States in connection with the merger pursuant to an exemption from the registration requirements of the Securities Act.

The merger described herein relates to the securities of two foreign (non-U.S.) companies. The merger in which TIM ordinary shares and savings shares will be converted into Telecom Italia shares is subject to disclosure requirements of a foreign country that are different from those of the United States. Financial statements included in the document, if any, will be prepared in accordance with foreign accounting standards that may not be comparable to the financial statements of United States companies.

It may be difficult for you to enforce your rights and any claim you may have arising under the federal securities laws, since Telecom Italia and TIM are located in Italy, and some or all of their officers and directors may be residents of Italy or other foreign countries. You may not be able to sue a foreign company or its officers or directors in a foreign court for violations of the U.S. securities laws. It may be difficult to compel a foreign company and its affiliates to subject themselves to a U.S. court's judgment.

You should be aware that Telecom Italia may purchase securities of TIM otherwise than under the merger offer, such as in open market or privately negotiated purchases. Telecom Italia will disclose information about any such purchases through public announcements.

PRESS RELEASE

NOTIFICATION SUBMITTED TO CONSOB REGARDING THE INTENT TO MAKE A PARTIAL VOLUNTARY CASH TENDER OFFER FOR ORDINARY SHARES, AND A VOLUNTARY CASH TENDER OFFER FOR ALL TELECOM ITALIA MOBILE SAVINGS SHARES

Market Disclosure pursuant to article 37, clause 2 of CONSOB Regulation no. 11971/1999

Milan, December 13, 2004 Telecom Italia announces that it has notified (hereafter the Notification) the Italian Securities and Exchange Commission (hereafter CONSOB) pursuant to article 102, clause 1 of Decree Law no. 58/1998 regarding the company's intent to make a voluntary partial cash tender offer for ordinary shares (hereafter the Offer for Ordinary Shares) and a voluntary cash tender offer for all savings shares (hereafter the Offer for Savings Shares) of its subsidiary company Telecom Italia Mobile. The Offer for Ordinary Shares and the Offer for Savings Shares, although distinct transactions, are referred to collectively herein, for definitional purposes, as the Offer .

The Offer is being made as part of a global restructuring program of the Telecom Italia Group, the guidelines of which were approved by the Telecom Italia and TIM Boards of Directors on December 7, 2004, which includes the merger by incorporation of TIM into Telecom Italia (hereafter the Merger). As part of the Merger plan, and prior to the Merger becoming effective, TIM is to transfer its domestic Italian mobile telephone business operations to a wholly-owned TIM subsidiary. This transfer would entail the new company taking over TIM's licenses for the provision of mobile telephone services in Italy. At the time of the Merger, TIM would thus own 100% of the new company to which the Italian mobile telephone business will be transferred and TIM International, a holding company for equity stakes in mobile telephone companies operating outside Italy. On completion of the Merger, Telecom Italia would then take over direct ownership of 100% of both companies' share capital, and consequently manage and coordinate their operations.

The Telecom Italia and TIM Boards of Directors, assisted by their respective financial advisors and following discussions concerning the determination of the exchange ratios, have set, based in part on the assessments of their respective advisors, the following share exchange ratios: (i) 1.73 Telecom Italia ordinary shares with a par value of €0.55 per share for every TIM ordinary share with a par value of €0.06, without any cash adjustment (hereafter the "Ordinary Share Exchange Ratio"); and (ii) 2.36 Telecom Italia savings shares with a par value of €0.55 per share for every TIM savings share with a par value of €0.06, without any cash adjustment (hereafter the "Savings Share Exchange Ratio").

Once the Offer has been successfully completed, the exchange ratios for TIM ordinary and savings shares will be formally approved, pursuant to Art 2501 et seq. of the Italian Civil Code, by Telecom Italia's and TIM's respective Boards of Directors, at meetings which are expected to be called by the end of January 2005.

After the Merger has been completed, TIM ordinary and savings shareholders who did not accept the Offer and who retained their shares until completion of the Merger (and, in the case of TIM ordinary shareholders, who retained until completion of the Merger any shares that were tendered but not accepted by Telecom Italia as a result of the proration process) will be allocated, respectively, Telecom Italia ordinary shares on the basis of the Ordinary Share Exchange Ratio, and Telecom Italia savings shares on the basis of the Savings Share Exchange Ratio.

If the number of shares tendered is less than the thresholds outlined in sub-paragraphs (b) and (c) under Conditions below, the Telecom Italia Board of Directors will assess whether it would nevertheless be appropriate to continue with the restructuring plan and proceed with the implementation of the Merger.

Telecom Italia currently holds, both directly and indirectly through Telecom Italia Finance S.A., 4,748,305,519 Telecom Italia Mobile ordinary shares, representing 56.30% of the company's ordinary share capital, and 55.43% of TIM's total share capital. Telecom Italia does not hold any Telecom Italia Mobile savings shares. Telecom Italia Mobile also currently holds 897,835 ordinary shares as treasury stock.

The Consideration

The consideration offered by Telecom Italia (hereafter the "Consideration") is equal to €5.60 per TIM ordinary or savings share.

The Consideration reflects, for TIM ordinary shares, a premium of approximately 19% over the official stock market price on November 3, 2004 (30 days prior to the suspension of trading in TIM ordinary shares), and a premium of approximately 8% over the official stock market price on December 3, 2004, the last day of trading in TIM ordinary shares prior to the suspension of trading.

As regards TIM savings shares, the Consideration reflects a premium of approximately 21% over the official stock market price on November 3, 2004 (30 days prior to the suspension of trading in TIM shares), and a premium of approximately 4% over the official stock market price on December 3, 2004, the last day of trading in TIM savings shares prior to the suspension of trading.

Financing and guarantees

In order to finance the transaction, corresponding to an outlay of €14,496,179,062.40 (hereafter the "Aggregate Maximum Amount"), Telecom Italia will use up to €2,500,000,000 of its own funds.

Telecom Italia will deposit €2,500,000,000 in an escrow account at J.P. Morgan Chase N.A.. Pursuant to irrevocable instructions issued by Telecom Italia and accepted by the bank, J.P. Morgan Chase N.A. will use this sum exclusively in the name and for the account of Telecom Italia in payment of the portion of the Consideration that Telecom Italia is to pay from its own funds.

A pool of Italian and international banks, led by J.P. Morgan plc as Global Coordinator, MCC S.p.A. - Capitalia Gruppo Bancario, Mediobanca Banca di Credito Finanziario S.p.A., Unicredito Italiano S.p.A. and Banca Intesa S.p.A. as Mandated Lead Arrangers, and J.P. Morgan Europe Limited as loan agent, has granted Telecom Italia a line of credit for a maximum aggregate amount of €12,000,000,000, to be used to pay the portion of the Consideration, less the amount disbursed by Telecom Italia, to be paid out by Telecom Italia under the terms of the Offer for Ordinary Shares and the Offer for Savings Shares.

In order to guarantee performance of the obligation to pay the portion of the Consideration not disbursed by Telecom Italia using its own funds, the financing banks will, for each Bank's portion of the financing, receive from Telecom Italia irrevocable instructions, which the banks have committed to accept, to pay the coordinators for the collection of Offer acceptances all sums necessary for the payment of the portion of the Consideration not disbursed by Telecom Italia from its own funds, up to the aggregate maximum available amount of €12,000,000,000. The coordinators for the collection of Offer acceptances will commit themselves to use this amount exclusively, in the name and for the account of Telecom Italia, to make payment of the portion of the Consideration (for shares transferred by way of acceptance of the Offer and acquired by Telecom Italia) that is not disbursed by Telecom Italia from its own funds.

Number of shares for which the cash tender offer is made

The Offer for Ordinary Shares is made for 2,456,534,241 TIM ordinary shares (hereafter "Ordinary Shares") with a par value of €0.06 per share, representing 29.13% of the TIM's ordinary share capital and 28.68% of TIM's total share capital as of December 7, 2004 (the day on which Telecom Italia's Board of Directors approved the launch of the Offer).

This amount represents two thirds of TIM's outstanding ordinary shares as of December 7, 2004, less all ordinary shares held directly or indirectly by Telecom Italia, including the 897,835 ordinary shares held by TIM as treasury stock as of that date.

The Offer for Savings Shares is made for 132,069,163 TIM savings shares (hereafter the "Savings Shares"), with a par value of €0.06 per share, representing the entire savings share capital and approximately 1.54% of TIM's total share capital as of December 7, 2004.

If the number of shares tendered in the Offer for Ordinary Shares exceeds the maximum number for which the Offer for Ordinary Shares is made, Telecom Italia will prorate the number of Ordinary Shares accepted.

Conditions

The Offer is subject to the conditions precedent that:

(b)

the number of shares tendered in the Offer for Ordinary Shares is such that Telecom Italia is able to acquire the ownership of at least 1,637,689,494 Telecom Italia Mobile ordinary shares;

(c)

the number of shares tendered in the Offer for Savings Shares is such that Telecom Italia is able to acquire the ownership of at least 88,046,109 Telecom Italia Mobile savings shares.

Telecom Italia retains the right to waive any or all of the above conditions.
