**Item 9. Regulation FD Disclosure**

The following information is filed pursuant to Item 9, "Regulation FD Disclosure." On September 12, 2003, PartnerRe Ltd. issued a press release regarding the impact of hurricane Fabian. The text of the press release is set forth below.

**PEMBROKE, Bermuda, September 12, 2003** -- PartnerRe Ltd. (NYSE:PRE) today provided information on the impact of Hurricane Fabian, a Category 3 storm which hit Bermuda on Friday, September 5, 2003, with winds in excess of 140 m.p.h.

Hurricane Fabian was the worst storm to hit Bermuda directly since 1926. It caused loss of life, widespread and significant property damage, and power outages across the Island. The headquarters of PartnerRe Ltd. were undamaged by the storm, and most importantly, all PartnerRe employees and their immediate families were unharmed.

“This was a very powerful storm and a frightening experience for most people in Bermuda,” said PartnerRe Ltd. President & CEO Patrick Thiele. “It caused widespread damage to many parts of the Island. It is a testament to the strength and resolve of the Bermuda people that most of the Island, including PartnerRe offices, was back up and running on Monday morning. It also speaks to the very solid infrastructure that Bermudians have built that total damage was less than might be expected from a storm of this magnitude.”

PartnerRe is one of the leading reinsurance companies providing support to the local Bermuda insurance market primarily through proportional property programs and two small catastrophe treaties. The Company expects only modest claims relating to Hurricane Fabian. Given information currently available, PartnerRe expects claims from Hurricane Fabian will be less than \$18 million, and that these claims will not have a material impact on the Company’s results.
