The Administrative Committee
Canadian National Railway Company
Union Savings Plan for U.S. Operations:

We have audited the accompanying statements of net assets available for benefits of Canadian National Railway Company Union Savings Plan for U.S. Operations (the Plan) as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Plan's management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Canadian National Railway Company Union Savings Plan for U.S. Operations as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The Supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2005 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**CANADIAN NATIONAL RAILWAY COMPANY
UNION SAVINGS PLAN FOR U.S. OPERATIONS**

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2005 AND 2004

1. THE COMPANY

Canadian National Railway Company (CN or the Company), directly and through its subsidiaries, is engaged in the rail and related transportation business. CN spans Canada and mid-America, from the Atlantic and Pacific oceans to the Gulf of Mexico, serving the ports of Vancouver, Prince Rupert, B.C., Montreal, Halifax, New Orleans and Mobile, Alabama, and the key cities of Toronto, Buffalo, Chicago, Detroit, Duluth, Minnesota/Superior, Wisconsin, Green Bay, Wisconsin, Minneapolis/St. Paul, Memphis, St. Louis and Jackson, Mississippi, with connections to all points in North America. CN's revenues are derived from the movement of a diversified and balanced portfolio of goods, including petroleum and chemicals, grain and fertilizers, coal, metals and minerals, forest products, intermodal and automotive.

2. DESCRIPTION OF PLAN

The following brief description of the Canadian National Railway Company Union Savings Plan for U.S. Operations (the "Plan") provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

GENERAL

The Plan, as amended through July 1, 2005, covers certain union employees of the Illinois Central Railroad Company (ICR), Grand Trunk Western Railroad Incorporated (GTW), Chicago, Central and Pacific Railroad Company (CC&P), Duluth, Winnipeg and Pacific Railway Company, Wisconsin Central Limited (WCL), Sault Ste. Marie Bridge Company (SSM), Bessemer and Lake Erie Railroad Company (BLE), Duluth, Missabe and Iron Range Railway Company (DMIR), and Pittsburgh and Conneaut Dock Company (PCD). These companies are direct or indirect subsidiaries of CN. Prior to November 1, 2000, ICR maintained the Illinois Central Railroad Company Retirement Savings Plan (the "IC Plan"), GTW maintained the Grand Trunk Western Railroad Union Employee Savings Plan (the "Grand Trunk Plan") and CC&P maintained the Chicago, Central and Pacific Company Bargaining Employees' 401(k) Plan (the "CC&P Plan"). The Plan is a result of the merger of the IC Plan, the Grand Trunk Plan and the CC&P Plan. On July 1, 2003, certain employees of the WCL and SSM covered by the Wisconsin Central Transportation Corporation 401K Savings Plan (the WC Plan) became members of the Plan. On June 30, 2004, the remaining WCL and SSM union employees covered by the WC Plan also became members of the Plan. On December 31, 2004, the Bessemer Savings Plan for Represented Employees, which covered union employees of the BLE, DMIR and PCD was merged into the Plan; the employees' benefit participation in the Plan commenced January 1, 2005. Eligible employees may enroll in the Plan upon date of hire. This Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective July 1, 2004, Fidelity Investments Trust Company (the "Trustee") was the appointed trustee and recordkeeper of the Plan. Until June 30, 2004, American Express Trust Company was the trustee of the Plan under a trust agreement with the Company and also performed administrative services including participant accounting.

There were 8,459 and 6,469 participants in the Plan at December 31, 2005 and 2004, respectively.

CONTRIBUTIONS

Participants may elect to make contributions to the Plan through periodic payroll deductions in amounts ranging from 1% to 100% (up to 20% prior to July 1, 2002) of their eligible earnings. The total pre-tax contributions by a participant were limited to \$14,000 in 2005 and \$13,000 in 2004 (the limit will increase to \$15,000 in 2006, after which the limit will be subject to adjustments to reflect increases in the cost of living pursuant to Section 402(g) of

**CANADIAN NATIONAL RAILWAY COMPANY
UNION SAVINGS PLAN FOR U.S. OPERATIONS**

DECEMBER 31, 2005 AND 2004

the Internal Revenue Code). Effective July 1, 2002, the Plan incorporated the "Catch-up" provisions provided for in the Economic Growth and Tax Relief Reconciliation Act (EGTRRA) for employees meeting the eligibility requirements set forth therein. The "Catch-up" provision allows employees who are at least age 50 by the end of the plan year to contribute additional pre-tax dollars up to a maximum amount of \$4,000 in 2005 and \$3,000 in 2004 (the maximum amount will be \$5,000 in 2006, after which the amount will be increased by the IRS to reflect increases in the cost of living).

Contributions to the Plan on behalf of employees who are members of participating unions are made by the Company in lieu of an equal amount of salary, in accordance with such unions' respective collective bargaining agreements. The contributions amount to 25% of each participant's contributions up to the first 4% of eligible earnings (a maximum Company contribution of 1% of eligible earnings). The Company does not match the participants' "Catch-up" contributions.

INVESTMENT OF CONTRIBUTIONS

The Plan permits participants to invest their own contributions, the Company's matching contributions and the supplemental contributions in various investment funds. Effective December 31, 2005, the funds were as follows:

Fidelity Managed Income Portfolio II

This stable value fund is a commingled pool of the Fidelity Group Trust for Employee Benefit Plans. The portfolio invests in investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds to provide daily liquidity. Some investment contracts are structured solely as a general debt obligation of the issuer. Other investment contracts ("wrap contracts") are purchased in conjunction with an investment by the portfolio in fixed income securities, which may include, but are not limited to, U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, asset-backed securities and bond funds. The portfolio may also invest in futures contracts, option contracts and swap agreements.

Fidelity Capital Appreciation Fund

This mutual fund invests primarily in common stocks (either growth or value) of domestic and foreign issuers. In selecting instruments, it uses fundamental analysis of each issuer's financial condition and industry position and market and economic conditions.

Fidelity Spartan U.S. Equity Index Fund

This mutual fund invests primarily in securities related with the price and yield performance of the S&P 500 Index.

Fidelity Spartan International Index Fund

This mutual fund invests a minimum of 80% of the fund's assets in stocks that are included in the Morgan Stanley Capital International Europe, Australia, and Far East (MSCI EAFE) Index, which represents the performance of foreign stock markets, excluding emerging market countries. It aims to track the performance of the MSCI EAFE Index.

ICM Small Company Portfolio

This mutual fund invests a minimum of 80% of the fund's assets in equity securities of smaller companies, primarily those with low price to earnings, price to cash flow or price to book ratios.

American Funds Investment Company of America

This mutual fund invests primarily in high quality equity securities of larger companies.

American Funds EuroPacific Growth Fund

This mutual fund invests a minimum of 65% of the fund's assets in stocks of companies located overseas, primarily in Europe and the Pacific Basin, with a maximum of 20% in securities of companies located in developing countries. In addition, the fund may purchase American depository receipts.

PIMCO Total Return Fund

This mutual fund invests a minimum of 65% of assets in debt securities, including U.S. Government securities, corporate bonds, and mortgage-related securities, with an average maturity of three to six years. CNR Stock Fund

This stock fund invests in the common stock of the Canadian National Railway Company and short-term investments.

Dodge & Cox Balanced Fund

This mutual fund invests in a diversified mix of common stocks and fixed-income instruments. It may invest from 40% to 70% of the fund's assets in common stocks and convertible securities.

Dodge & Cox Stock Fund

This mutual fund invests primarily in a broadly diversified portfolio of common stock of companies which, in its opinion, appear to be temporarily undervalued by the stock market but have a favorable outlook for long-term growth.

Calamos Growth Fund

This mutual fund invests in companies with above-average, sustainable earnings growth potential.

Fidelity Retirement Money Market Portfolio

This mutual fund invests in short-term, high quality debt securities which include certificates of deposit of highly rated banks, U.S. Treasury notes and bills and Agency issues, and top rated commercial paper.

Fidelity Freedom Funds

These mutual funds invest in a combination of Fidelity equity, fixed-income and money market mutual funds, with the allocation among the three varying with the number of years until the Freedom funds reach their target retirement date (the Fidelity Freedom 2010, 2020, 2030, and 2040 funds are targeted to investors expected to retire around those years). Once the target dates have been met, the funds continue to become more conservative for five to ten years until the asset mix is approximately the same as the Freedom Income Fund at which time the funds will merge.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, all of the Company's contributions, and an allocation of earnings and expenses based on the performance of each investment. The allocation of each is based on the participant's account balances at the time of allocation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

VESTING

Participants are fully vested in the entire amount in their account at the time of contribution, including the Company's matching contribution.

PAYMENT OF BENEFITS

Participants may be entitled to a withdrawal in the event of financial hardship as defined in the Plan. The Plan also allows for in-service distributions to participants upon attaining the age of 59½.

Edgar Filing: CANADIAN NATIONAL RAILWAY CO - Form 11-K

Upon termination of service, a participant may leave their account in the Plan, or may elect to receive the value of the account in a lump-sum payment or as a direct transfer to another qualified retirement plan subject to certain conditions. However, a participant with an account balance of \$5,000 or less may select from the latter two options only.

EXPENSES

Administrative expenses for maintenance of plan financial records, participant statements, service fees on insurance contracts and trustee fees are paid from plan assets. All other administrative expenses of the Plan are paid by the Company.

LOANS

Participants may borrow from their accounts by taking one loan (maximum of two loans if one or both were outstanding as of June 30, 2004) with a minimum amount of \$1,000, and a total maximum amount equal to the lesser of \$50,000 or 50% of their account balance. Loans must be repaid within 5 years, or 10 years, if the funds are used to construct or purchase a primary residence. The interest rate on the loans is equal to the prevailing prime rate as of the beginning of the calendar quarter in which the participant applies for the loan plus one percent. For the second half of 2004, the interest rate on the loans, as determined by the Pension Committee, was at least equal to the rate charged by lenders for similar loans and was adjusted from time to time as circumstances warranted. For the first half of 2004, the loans accrued interest at the rate of prime plus one percent. Interest rates on loans outstanding at December 31, 2005 ranged from 4.0% to 10.5%. Upon termination of service, the unpaid balance is deducted from the account balance to which the participant is entitled. Loans deemed to be in default are recorded as distributions.

As at December 31, 2005, loans outstanding were \$5,001,264 (\$4,604,178 in 2004), net of deemed defaulted loans of \$253,818 (\$262,884 in 2004).

WITHDRAWALS

Withdrawals are recorded in the period in which they are paid to participants.

PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will receive the full amount of plan assets in their respective accounts.

3. TRANSFER OF PLAN ASSETS

In 2005, net transfer of plan assets amounted to \$574,024, which was comprised of asset transfers to a CN-related employee plan, the Canadian National Railway Company Management Savings Plan for U.S. Operations.

In 2004, net transfer of plan assets amounted to \$54,607,435, which was comprised of the following transfers from/to CN-related employee plans: \$30,534,956 was transferred in by approximately 950 participants of the Wisconsin Central Transportation Corporation 401K Savings Plan on June 30, 2004; \$1,596,239 was transferred from the Canadian National Railway Company Management Savings Plan for U.S. Operations; \$23,260 was transferred to a CN-related union plan and on December 31, 2004, \$22,499,500 was transferred in by 442 employees of the Bessemer Savings Plan for Represented Employees, whose benefit participation in the Plan commenced January 1, 2005.
