RBS ETN Performance as of 04/10/15

RBS Trendpilot[] Exchange Traded Notes (ETNs) track an RBS Trendpilot[] Index. As described in more detail below, RBS Trendpilot[] Indices alternate between tracking a Benchmark Index and the yield on a hypothetical notional investment in 3-month U.S. Treasury Bills as of the most recent weekly auction (the Cash Rate[]), depending on the performance of the Benchmark Index relative to its 100- or 200 Index business day simple moving average (SMA[]), as applicable.

CERTAIN RISK CONSIDERATIONS: The RBS ETNs involve risks not associated with an investment in conventional debt securities, including a possible loss of some or all of your investment. The level of the relevant Index must increase by an amount sufficient to offset the aggregate investor fee applicable to the RBS ETNs in order for you to receive at least the principal amount of your investment back at maturity or upon early repurchase or redemption. The RBS Oil Trendpilot TM ETNs and the RBS Oil Trendpilot TM Index (USD) do not provide exposure to spot prices of crude oil and, consequently, may not be representative of an investment that provides exposure to crude oil. Each Trendpilot[] Index may underperform its respective Benchmark Index, and is expected to perform poorly in volatile markets. The RBS China Trendpilot[] ETNs involve risks associated with an investment in emerging markets, as well as currency exchange risk. Even though the RBS ETNs are listed on the NYSE Arca, a trading market may not develop and the liquidity of the RBS ETNs may be limited and/or vary over time, as RBS plc is not required to maintain any listing of the RBS ETNs. The RBS ETNs are not principal protected and do not pay interest. Any payment on the RBS ETNs is subject to the ability of the applicable issuer and guarantor to pay their respective obligations when they become due. You should carefully consider whether the RBS ETNs are suited to your particular circumstances before you decide to purchase them. We urge you to consult with your investment, legal, accounting, tax and other advisors with respect to any investment in the RBS ETNs. The RBS ETNs are not suitable for all investors. You should carefully read the relevant pricing supplement and prospectus, including the more detailed explanation of the risks involved in any investment in the RBS ETNs as described in the []Risk Factors[] section of the applicable pricing supplement, before investing.

IMPORTANT INFORMATION: The Royal Bank of Scotland plc (RBS plc) and The Royal Bank of Scotland Group plc (RBS Group) have filed a registration statement (including a prospectus) with the U.S. Securities and Exchange Commission (SEC) for the offering of RBS ETNs to which this communication relates. Before you invest in any RBS ETNs, you should read the prospectus in that registration statement and other documents that have been filed by RBS plc and RBS Group with the SEC for more complete information about RBS plc and RBS Group, and the offering. You may get these documents for free by visiting EDGAR on the SEC[]s web site at www.sec.gov . Alternatively, RBS plc, RBS Securities Inc. (RBSSI) or any dealer participating in the offering will arrange to send you the prospectus and the pricing supplement at no charge if you request it by calling 1-855-RBS-ETPS (toll-free).

RECENT DEVELOPMENTS: On June 13, 2013, we announced that we would be exiting the structured retail investor products business that is responsible for issuing and maintaining the RBS ETNs, and that we expect to move such business into a runoff organization which will go through a process of restructuring and / or business sales (the []RBS Retail Investor Products Exit Plan[]). The implementation of the RBS Retail Investor Products Exit Plan increases the likelihood that the RBS ETNs will be redeemed by us prior to maturity. We plan to continue to maintain and issue the RBS ETNs, but our plans could change. We cannot give you any assurances as to any minimum period of time that you may hold the RBS ETNs before we redeem them at our option.
