GENERAL INFORMATION CONCERNING SOLICITATION AND VOTING

This proxy statement and the accompanying proxy card and notice of annual meeting are provided in connection with the solicitation of proxies by and on behalf of the Board of Directors of Arbor Realty Trust, Inc., a Maryland corporation, for use at the annual meeting of stockholders to be held on May 21, 2008, at 1:00 p.m., local time, and any adjournments or postponements thereof.

We, our, us, Arbor and the Company each refers to Arbor Realty Trust, Inc. The Company conducts substantial all of its operations through Arbor Realty Limited Partnership, which we refer to as our operating partnership, and its subsidiaries. References to operating partnership units refer to partnership interests in Arbor Realty Limited Partnership. The Company is externally managed and advised by Arbor Commercial Mortgage, LLC, which we refer to as our external manager or our Manager.

The mailing address of our executive office is 333 Earle Ovington Boulevard, Suite 900, Uniondale, New York 11553. This proxy statement, the accompanying proxy card and the notice of annual meeting are first being mailed on or about April 10, 2008 to holders of our common stock, par value \$0.01 per share, and special voting preferred stock, par value \$0.01 per share of record on April 1, 2008. Our common stock and special voting preferred stock are the only securities entitled to vote at the annual meeting, and we refer to those securities together as our voting securities. Along with this proxy statement, we are also sending our Annual Report to Stockholders for fiscal year ended December 31, 2007.

A proxy may confer discretionary authority to vote with respect to any matter presented at the annual meeting. As of the date of this proxy statement, management has no knowledge of any business that will be presented for consideration at the annual meeting and that would be required to be set forth in this proxy statement or the related proxy card other than the matters set forth in the Notice of Annual Meeting of Stockholders. If any other matter is properly presented at the annual meeting for consideration, it is intended that the persons named in the enclosed proxy card and acting thereunder will vote in accordance with their discretion on any such matter.

Matters to be Considered at the Annual Meeting

At the annual meeting, our stockholders will act upon:

- (1) a proposal to elect three Class II directors, each to serve until the 2011 annual meeting of stockholders and until their respective successors are duly elected and qualify;
- (2) a proposal to amend the Company's 2003 Omnibus Stock Incentive Plan to authorize an additional 400,000 shares of the Company's common stock for issuance under the Plan;
- (3) a proposal to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2008;
- (4) if properly presented at the meeting, a stockholder proposal requesting that the Board of Directors of the Company take the steps necessary to eliminate the classification of terms of the Company's directors to require that all of the Company's directors stand for election annually; and
- (5) the transaction of any other business that may properly come before the annual meeting or any adjournment or postponement of the annual meeting.

This proxy statement, form of proxy and voting instructions are being mailed starting on or about April 10, 2008.

Solicitation of Proxies

The enclosed proxy is solicited by and on behalf of our Board of Directors. The expense of preparing, printing and mailing this proxy statement and the proxies solicited hereby will be borne by the Company. In addition to the use of the mail, proxies may be solicited by officers and directors, without additional remuneration, by personal interview, telephone, telegraph or otherwise. The Company will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of voting securities held of record at the close of business on April 1, 2008 and will provide reimbursement for the cost of forwarding the material. In addition, we

Table of Contents

have engaged The Altman Group to assist in soliciting proxies from brokers, banks and other nominee holders of our common stock at a cost of approximately \$5,500, plus out-of-pocket expenses.

Stockholders Entitled To Vote

As of the close of business on April 1, 2008, there were 20,606,107 shares of our common stock and 3,776,079 shares of our special voting preferred stock outstanding and entitled to vote. Each share of our common stock and special voting preferred stock entitles the holder to one vote. Stockholders of record at the close of business on April 1, 2008 are entitled to vote at the annual meeting or any adjournment or postponement thereof.

Required Quorum/ Vote

A quorum will be present if stockholders entitled to cast a majority of all the votes entitled to be cast at the annual meeting are present, in person or by proxy. If you have returned a valid proxy or if you hold your shares of our voting securities in your own name as holder of record and you attend the annual meeting in person, your shares will be counted for the purpose of determining whether there is a quorum. If a quorum is not present, the annual meeting may be adjourned by the chairman of the meeting or the stockholders entitled to vote at the annual meeting, present in person or by proxy, to a date not more than 120 days after the record date without notice other than announcement at the meeting.

Abstentions and broker non-votes will be counted in determining the presence of a quorum. Broker non-votes occur when a bank, broker or other nominee holding shares for a beneficial owner returns a properly executed proxy but does not vote on a particular proposal because it does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Under the rules of the New York Stock Exchange, banks, brokers and other nominees who hold shares in street name may have the authority to vote on certain matters when they do not receive instructions from beneficial owners. Banks, brokers and other nominees that do not receive instructions are entitled to vote on the election of directors contained in Proposal No. 1 and the ratification of the appointment of the independent registered public accounting firm contained in Proposal No. 3.

Election of each of the director nominees named in Proposal No. 1 requires the affirmative vote of a plurality of the votes cast in the election of directors at the annual meeting by holders of our voting securities. The candidates receiving the highest number of affirmative votes of the shares entitled to be voted will be elected directors. Shares represented by properly executed and returned proxies will be voted, if authority to do so is not withheld, for the election of the Board of Directors nominees named in Proposal No. 1. Votes may be cast in favor of or withheld with respect to all of the director nominees, or any of them. Abstentions will not be counted as having been voted and will have no effect on the outcome of the vote on the election of directors. Stockholders may not cumulate votes in the election of directors. A vote withheld from a director nominee will have no effect on the outcome of the vote because a plurality of the votes cast at the annual meeting is required for the election of each director.

Approval of the amendment to the Company's 2003 Omnibus Stock Incentive Plan, as specified in Proposal No. 2, requires the affirmative vote of a majority of the votes cast on the proposal at the annual meeting by holders of our voting securities; provided that the total vote cast on the proposal represents over 50% in interest of all securities entitled to vote on the proposal. For purposes of the vote on the Company's 2003 Omnibus Stock Incentive Plan, abstentions will have the same effect as votes against the proposal and broker non-votes will have the same effect as votes against the proposal, unless holders of more than 50% in interest of all securities entitled to vote on the proposal cast votes, in which event broker non-votes will not have any effect on the result of the vote.

Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2008, as specified in Proposal No. 3, requires the affirmative vote of a majority of the votes cast on

the proposal at the annual meeting by holders of our voting securities. If this selection is not ratified by holders of our voting securities, the Audit Committee and our Board of Directors may reconsider its appointment and endorsement, respectively. Abstentions and broker non-votes, if any, will not be counted as having been voted and will have no effect on the outcome of the vote for this proposal. Even if the selection is ratified, the Audit Committee of the Company's Board of Directors in its discretion may direct the appointment of different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Table of Contents

Approval of the stockholder proposal requesting that the Board of Directors of the Company take the steps necessary to eliminate the classification of terms of the Company's directors to require that all of the Company's directors stand for election annually, as specified in Proposal No. 4, requires the affirmative vote of a majority of the votes cast on the proposal at the annual meeting by holders of our voting securities. For purposes of the vote on Proposal No. 4, abstentions and broker non-votes, if any, will not be counted as having been voted and will have no effect on the outcome of the vote for this proposal. *Please bear in mind that the adoption of the stockholder proposal specified in Proposal No. 4 would serve only as a recommendation to the Board of Directors to take the action requested by the proponent, i.e. the elimination of the classified structure of the Board of Directors.* A formal amendment repealing the classified board provision contained in the Company's charter would need to be advised by the Board of Directors and submitted to Arbor's stockholders for approval at a subsequent stockholders' meeting in order to eliminate the Company's classified board structure. In order for this charter amendment to be approved, it would have to receive the affirmative vote of at least two-thirds of all the votes entitled to be cast on the proposal by holders of our then outstanding voting securities, voting together as a single class.

If the enclosed proxy is properly executed and returned to us in time to be voted at the annual meeting, it will be voted as specified on the proxy unless it is properly revoked prior thereto. If no specification is made on the proxy as to any one or more of the proposals, the shares of our voting securities represented by the proxy will be voted as follows:

- (1) **FOR** the election of three Class II directors, each to serve until the 2011 annual meeting of stockholders and until their respective successors are duly elected and qualify;
- (2) **FOR** the amendment to the Company's 2003 Omnibus Stock Incentive Plan to authorize an additional 400,000 shares of the Company's common stock for issuance under the Plan;
- (3) **FOR** the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2008;
- (4) **AGAINST** the stockholder proposal requesting that the Board of Directors of the Company take the steps necessary to eliminate the classification of terms of the Company's directors to require that all of the Company's directors stand for election annually; and
- (5) in the discretion of the proxy holder on any other business that properly comes before the annual meeting or any adjournment or postponement thereof.

As of the date of this proxy statement, we are not aware of any other matter to be presented at the annual meeting.

Voting

If you hold your shares of our voting securities in your own name as a holder of record, you may instruct the proxies to vote your shares by signing, dating and mailing the proxy card in the postage-paid envelope provided. In addition, you may vote your shares of our voting securities in person at the annual meeting.

If your shares are held on your behalf by a broker, bank or other nominee, you will receive instructions from such individual or entity that you must follow in order to have your shares voted at the annual meeting.

Right to Revoke Proxy

If you hold shares of our voting securities in your own name as a holder of record, you may revoke your proxy instructions through any of the following methods:

send written notice of revocation, prior to the annual meeting, to our Secretary, at 333 Earle Ovington Boulevard, Suite 900, Uniondale, New York 11553;

attend the annual meeting and vote your shares in person.

Voting Results

American Stock Transfer & Trust Company, our independent tabulating agent, will have a representative present at the annual meeting and count the votes and act as the Inspector of Election. Director Independence

Of our ten directors, six have been determined by our Board of Directors to be independent for purposes of the New York Stock Exchange listing standards. In determining director independence, the Board of Directors reviewed, among other things, whether any transactions or relationships exist currently or, since our incorporation existed, between each director and the Company and its subsidiaries, affiliates and equity investors or independent registered public accounting firm. In particular, the board reviewed current or recent business transactions or relationships or other personal relationships between each director and the Company, including such director's immediate family and companies owned or controlled by the director or with which the director was affiliated. The purpose of this review was to determine whether any such transactions or relationships failed to meet any of the objective tests promulgated by the New York Stock Exchange for determining independence or were otherwise sufficiently material as to be inconsistent with a determination that the director is independent.

The board also examined whether there were any transactions or relationships between each director and members of the senior management of the Company or their affiliates. In reviewing the independence of Dr. Helmreich, the board carefully reviewed whether (1) Mr. Kaufman's and Dr. Helmreich's current and prior participation on the boards of North Shore Hebrew Academy, North Shore Hebrew Academy High School and NSH Affordable Housing of Indiana, Inc., all of which are not-for-profit organizations, (2) Dr. Helmreich's engagement since the summer of 2000 as an external consultant by North Shore Hebrew Academy in the capacity of chairman of Academic Affairs of North Shore Hebrew Academy and (3) Dr. Helmreich's prior receipt of consulting fees from Arbor Management, LLC should, based upon the totality of the circumstances, be deemed to be material so as to preclude a finding that Dr. Helmreich is independent. The board, in particular, reviewed the materiality of the transactions to the parties involved, the compensation and timing of Dr. Helmreich's advisory role with North Shore Hebrew Academy and Arbor Management, LLC and the absence of any employment or compensatory capacity by Dr. Helmreich with NSH Affordable Housing of Indiana, Inc. In reviewing the independence of Mr. Kojaian, the board carefully reviewed whether Mr. Kaufman's and Mr. Kojaian's co-investment in an operating company and Mr. Kojaian's investment in 1,000,000 shares of common stock of the Company through Kojaian Ventures, L.L.C., should, based upon the totality of the circumstances, be deemed to be material so as to preclude a finding that Mr. Kojaian is independent. The board, in particular, reviewed the materiality of the transactions to the parties involved. In reviewing the independence of Mr. Bishar, the board carefully reviewed whether Mr. Bishar's position as partner in the law firm of Cullen and Dykman LLP until 2002, based upon the totality of the circumstances, should be deemed to be material so as to preclude a finding that Mr. Bishar is independent. The Company uses the services of Cullen and Dykman LLP for real estate loan closings.

As a result of its review, the board affirmatively determined that Messrs. Bishar, Kojaian and Lazar, Drs. Dykes and Helmreich and Ms. Edwards were independent under the New York Stock Exchange listing standards.

Board Committees

Our board has established four standing committees, the principal functions of which are briefly described below. Matters put to a vote at any one of our four committees must be approved by a majority of the directors on the committee who are present at a meeting at which there is a quorum or by unanimous written consent of the directors on that committee. Our Board of Directors may from time to time establish certain other committees to facilitate the management of the Company.

Audit Committee

Our Board of Directors has established an Audit Committee, which is composed of four of our independent directors, Mr. Lazar, Mr. Bishar, Dr. Dykes and Ms. Edwards. The membership of the audit committee was increased to four

The Audit Committee assists the board in overseeing (1) the integrity of the Company's financial statements, (2) the Company's independent registered public accounting firm's qualifications and independence, (3) the performance of the Company's independent registered public accounting firm and the Company's internal audit function and (4) the Company's compliance with legal and regulatory requirements.

Non-Management Directors

As required by the NYSE's Corporate Governance Standards, our non-management directors intend to meet regularly in executive session without any members of management present. Mr. Permut will preside at such regularly scheduled executive sessions of the non-management directors.

Stockholder and Interested Party Communications with Directors

The Board of Directors has established a process to receive communications from stockholders and other interested parties. Interested parties and stockholders may contact any member of the board (or all members), including non-management directors, by mail. To communicate with the Board of Directors, any individual director or any group or committee of directors, correspondence should be addressed to the Board of Directors or any such individual director or group or committee of directors by either name or title. All such correspondence should be sent in care of the Secretary at Arbor Realty Trust, Inc., 333 Earle Ovington Boulevard, Suite 900, Uniondale, New York, 11553.

All communications received as set forth in the preceding paragraph will be opened by the office of the Company's Secretary for the sole purpose of determining whether the contents represent a message to our directors. Any contents that are not in the nature of advertising, promotions of a product or service or patently offensive material will be forwarded promptly to the addressee. In the case of communications to the board or any group or committee of directors, the office of the Secretary will make sufficient copies of the contents to send to each director who is a member of the group or committee to which the envelope is addressed.

Director Nomination Procedures

The Nominating/Corporate Governance Committee generally believes that, at a minimum, candidates for membership on the Board of Directors should have demonstrated an ability to make a meaningful contribution to the Board of Directors' oversight of our business and affairs and have a record and reputation for honest and ethical conduct. The Nominating/Corporate Governance Committee recommends director nominees to the Board of Directors based on, among other things, its evaluation of a candidate's experience, knowledge, skills, expertise, integrity, ability to make independent analytical inquiries, understanding of our business environment and a willingness to devote adequate time and effort to board responsibilities. In making its recommendations to the Board of Directors, the Nominating/Corporate Governance Committee also seeks to have the board nominate candidates who have diverse backgrounds and areas of expertise so that each member can offer a unique and valuable perspective.

In the future, the Nominating/Corporate Governance Committee intends to identify potential nominees by asking current directors and executive officers to notify the committee if they become aware of persons who meet the criteria described above, especially business and civic leaders in the communities in which we operate. The Nominating/Corporate Governance Committee also, from time to time, may engage firms, at our expense, that specialize in identifying director candidates. As described below, the Nominating/Corporate Governance Committee will also consider candidates recommended by stockholders.

The Nominating/Corporate Governance Committee anticipates that once a person has been identified by the committee as a potential candidate, the committee will collect and review publicly available information regarding the person to assess whether the person should be considered further. If the Nominating/Corporate Governance Committee determines that the candidate warrants further consideration, the chairman or another member of the committee will contact the person. If the person expresses a willingness to be considered and to serve on the Board of Directors, the Nominating/Corporate Governance Committee will request information from the candidate, review the person's accomplishments and qualifications, including in light of any other candidates that the committee might be considering, and conduct one or more interviews with the candidate. In certain instances, members of the

Nominating/Corporate Governance Committee may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater first-hand knowledge of the candidate's accomplishments.

Table of Contents

In addition to stockholder proposals of director nominees submitted in accordance with our bylaws, as summarized below under Stockholder Proposals for 2009, the Nominating/Corporate Governance Committee will consider written recommendations from stockholders of potential director candidates. Such recommendations should be submitted to the Nominating/Corporate Governance Committee in care of the Secretary at Arbor Realty Trust, Inc., 333 Earle Ovington Boulevard, Suite 900, Uniondale, New York, 11553. Director recommendations submitted by stockholders should include the following:

the name, age, business address and residence address of the individual(s) recommended for nomination;

the class, series and number of any shares of our stock that are beneficially owned by the individual(s) recommended for nomination;

the date such shares of our stock were acquired by the individual(s) recommended for nomination and the investment intent of such acquisition; and

all other information relating to such candidate that would be required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the Exchange Act), including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected.

Stockholder nominations and proposals submitted in accordance with our bylaws must be delivered to the Secretary not earlier than the 120th day and not later than the close of business on the 90th day prior to the first anniversary of the date of mailing of the notice for the preceding year's annual meeting of stockholders; provided, however, that if the date of mailing of the notice for the annual meeting is advanced more than thirty days prior to or delayed by more than thirty days after the anniversary of the mailing of the notice for the preceding year's annual meeting, the stockholder recommendation and information described above must be delivered not earlier than the 120th day prior to the mailing of the notice for the upcoming annual meeting and not later than the close of business on the later of (1) the 90th day prior to the mailing of the notice for the upcoming annual meeting of stockholders and (2) the 10th day following the date on which public announcement of the mailing of the notice for the upcoming annual meeting is first made.

The Nominating/Corporate Governance Committee expects to use a similar process to evaluate candidates to the Board of Directors recommended by stockholders as the one it uses to evaluate candidates otherwise identified by the committee.

Director Attendance at Annual Meeting

We do not currently maintain a policy requiring our directors to attend the annual meeting; however, attendance by our directors is encouraged. All of our directors attended the 2007 annual meeting.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Committee Composition and Responsibility

Our Board of Directors has established a Compensation Committee, which is comprised of four of our six independent directors. The Compensation Committee is governed by a charter that has been adopted by the Board of Directors. The current Compensation Committee charter may be viewed on our website, www.arborrealtytrust.com, under the heading Investor Relations Corporate Governance.

The principal functions of the Compensation Committee are to (1) evaluate the performance of our officers; (2) review the compensation payable by the Company to our officers and non-employee directors; (3) evaluate the performance of Arbor Commercial Mortgage, our Manager, pursuant to the management agreement described under Management Agreement; (4) review the compensation and fees payable to Arbor Commercial Mortgage under our management agreement; (5) review and discuss with management the Compensation Discussion and Analysis disclosure included in our proxy statement; and (6) administer the issuance of any equity-based incentive awards to our employees or the employees of Arbor Commercial Mortgage who provide services to us.

Compensation Philosophy and Principles

The Compensation Committee acknowledges that the real estate finance industry is highly competitive and that experienced professionals have significant career mobility. The Company competes for executive talent with a large number of real estate investment companies and specialty finance companies, some of which are privately owned and some of which have significantly larger market capitalization than the Company. We are a specialized company in a highly competitive industry and our ability to attract, retain and reward our named executive officers and other key employees is essential to maintaining our competitive position in the real estate finance industry. For 2007, our named executive officers are Mr. Kaufman, our Chief Executive Officer, Mr. Elenio, our Chief Financial Officer, and Messrs. Kilgore, Fogel and Weber, the three most highly compensated executive officers (other than our Chief Executive Officer and our Chief Financial Officer). As described in Management Agreement, all cash compensation and benefits for Messrs. Kaufman and Elenio are paid by Arbor Commercial Mortgage, our Manager. Therefore, the Compensation Committee only approves the grants that may be made to Messrs. Kaufman and Elenio under the Company's 2003 Omnibus Stock Incentive Plan.

The Compensation Committee's goal is to maintain compensation programs that are competitive within our industry, reward executives if the Company achieves its operational, financial and strategic goals and build stockholder value. In determining the form and amount of compensation payable by the Company to the named executive officers, the Compensation Committee is guided by the following objectives and principles:

Compensation levels should be sufficiently competitive to attract and retain key executives. The Company aims to ensure its executive compensation program attracts, motivates and retains high performance talent and rewards them for the Company achieving and maintaining a competitive position in its industry. Total compensation should increase with position and responsibility.

Compensation should relate directly to performance and incentive compensation should constitute a substantial portion of total compensation. The Company aims to promote a pay-for-performance culture, with a majority of total compensation being at risk. Accordingly, a substantial portion of total compensation should

be tied to and vary with the Company's operational, financial and strategic performance, as well as individual performance. Executives with greater roles and the ability to directly impact the Company's strategic goals and long-term results should bear a greater proportion of the risk if these goals and results are not achieved.

Long-term incentive compensation should align executives' interests with the Company's stockholders. Awards of equity-based compensation encourage executives to focus on the Company's long-term growth and prospects and motivate executives to manage the Company from the perspective of owners with a meaningful stake in the Company, as well as to focus on long-term career orientation.

There is no specific policy, practice or formula regarding an allocation between cash and non-cash compensation.

Table of Contents

The Compensation Committee reviews at least annually the goals and objectives of the Company's executive compensation plans, incentive compensation plans, equity-based plans and other compensation and employee benefit plans. The Compensation Committee believes that the Company's benefits are competitive with its peers and provide additional incentive for strong performance.

Compensation Setting Process

Management's Role in the Compensation-Setting Process

The Compensation Committee believes the Company's Chief Executive Officer, Mr. Kaufman, is in the best position to determine the responsibilities of each executive officer and observe how well each executive performs his responsibilities. Mr. Kaufman provides recommendations to the Compensation Committee regarding base salary levels and the form and amount of the annual cash incentive award and restricted stock awards paid to all executive officers. The Compensation Committee may exercise its discretion in modifying any of the recommendations and is responsible for ultimately approving all compensation arrangements payable by the Company to the named executive officers. Mr. Kaufman does not participate in any deliberations or approvals by the Compensation Committee with respect to any equity-based or other incentive awards that our Compensation Committee may grant to him. Additionally, Mr. Kaufman and other officers of the Company will provide compensation and other information to the Compensation Committee upon their request.

Mr. Kaufman's recommendations are based on his evaluation of the executive officers' performance, their contribution toward achieving operational, financial and strategic goals, current and historical elements of each executive's compensation and the financial performance of the Company.

Compensation Consultant

The charter of the Compensation Committee provides the committee with the sole authority to retain and terminate any compensation consulting firm or other adviser it deems appropriate. For 2007, the Compensation Committee did not engage a compensation consulting firm.

Determining Compensation Levels

The Compensation Committee annually determines targeted total compensation levels, as well as the individual compensation components payable by the Company to the named executive officers. In making such determinations, the Compensation Committee reviews and considers (1) recommendations of the Company's Chief Executive Officer, (2) historical compensation levels for each named executive officer, (3) industry and market conditions and the Company's future objectives and challenges, and (4) overall effectiveness of the executive compensation program. The Compensation Committee does not utilize specific performance-based goals in determining compensation levels, but reviews general industry trends as well as the overall performance of the Company.

Based upon discussions and recommendations of the Company's Chief Executive Officer, and upon its own judgment, the Compensation Committee approved (i) the base salary, cash incentive award and restricted stock incentive award of each of Messrs. Fogel, Kilgore and Weber with respect to their service in 2007, and (ii) the restricted stock incentive award of Mr. Elenio with respect to his service in 2007. The Compensation Committee believes these approved forms and levels of compensation are reasonable, appropriate and in line with the Company's compensation philosophy and principles.

Forms of Compensation

Total compensation for the named executive officers is comprised of one or more of the following components:

base salary;

annual incentive awards; and

retirement and other benefits.

Table of Contents

Our named executive officers do not have employment, severance or change of control agreements, although their restricted stock award agreements provide for accelerated vesting upon our change of control as further described under Annual Incentive Awards Restricted Stock Awards. Our named executive officers serve for a term of one year and until their respective successors are elected and qualify, which enables the Company to terminate their employment with discretion as to the terms of any severance arrangement. This is consistent with the Company's performance-based employment and compensation philosophy.

Base Salary

Salaries provide executives with a base level of monthly income and help achieve the objectives outlined above by attracting and retaining strong talent. Base salaries of the three named executive officers that are payable by the Company are reviewed and approved annually by the Compensation Committee. Generally, base salaries are not based upon specific measures of corporate performance, but are determined by (1) tenure of service, (2) scope and complexity of the position, including current job responsibilities, and (3) the recommendations of our Chief Executive Officer, including an evaluation of each officer's individual performance and contribution to the Company's operational, financial and strategic goals and objectives. Consistent with compensation practices commonly applied in the real estate finance industry, salaries generally form a lower percentage of total compensation, with a substantial portion of total compensation coming from incentive compensation that is tied to Company performance.

For a further description of the base salaries paid to the named executive officers in 2007, please refer to the Summary Compensation Table set forth below.

Annual Incentive Awards

The Company aims to promote a pay-for-performance culture, with a majority of total compensation being at risk. The annual incentive award may be in the form of cash, restricted stock or a combination thereof, at the discretion of the Compensation Committee. The Company does not have any specific policy, practice or formula regarding an allocation between the cash component and the restricted stock component. These awards are designed to help achieve the objectives of the compensation program and may vary significantly from year to year. The Compensation Committee has not established any specific performance-based goals that must be met in order to participate in the annual incentive award.

The Compensation Committee believes that the structure and ultimate payout amounts of the incentive awards are appropriate to attract, retain and reward the named executive officers, are competitive with those offered by our peers, provide a strong, long-term performance and retention incentive, support a pay-for-performance culture, and increase the named executive officers' vested interest in the Company.

Cash Awards. In 2007, the Compensation Committee determined the cash incentive awards of the three named executive officers that are payable by the Company relative to each individual's contributions and responsibilities. Individuals with increased ability to directly impact the Company's performance were allocated larger awards because they bear a greater proportion of the risk that compensation will decrease if the Company does not perform as expected. In March 2008, the Company paid cash incentive awards to Messrs. Weber, Kilgore and Fogel of \$200,000, \$600,000 and \$125,000, respectively, with respect to their performance in 2007.

Restricted Stock Awards. Restricted stock awards are shares of the Company's common stock with vesting provisions that require the continued service of the named executive officer to the Company. The Company does not have a formal policy with respect to whether equity compensation should be paid in the form of stock options or restricted stock. To date, the Compensation Committee has granted restricted stock awards in lieu of stock options. The

Compensation Committee believes restricted stock awards are more effective than stock options in achieving the Company's compensation objectives, as restricted stock has a greater retention value in a declining market and, because fewer shares are normally granted, is potentially less dilutive to the Company's common stock. Employees realize immediate value as restricted stock awards vest, with the value increasing as the Company's stock performance increases. Additionally, cash dividends are paid on all shares of restricted common stock awarded, whether or not vested, as an additional element of compensation and to provide employees incentive to sustain or increase Company performance.

Table of Contents

The Compensation Committee believes that restricted stock awards must be sufficient in size to provide a strong, long-term performance and retention incentive for named executive officers, and to increase their vested interest in the Company. In determining the restricted stock component, the Compensation Committee considers all relevant factors, including the Company's performance and relative stockholder return, and the awards granted in past years. With respect to 2007 performance, the Compensation Committee granted Messrs. Elenio, Weber, Kilgore and Fogel 9,340, 77,840, 43,590 and 9,340 shares of restricted common stock, respectively, as of April 2, 2008. One-fifth of the number of shares granted to each of these named executive officers vested immediately and the remaining four-fifths vest ratably over the ensuing four years at a rate of 25% on each of the subsequent four anniversary dates of the date of grant.

All restricted stock awards are granted pursuant to the Company's 2003 Omnibus Stock Incentive Plan. As of April 10, 2008, Messrs. Elenio, Weber, Kilgore and Fogel own 15,572; 122,272; 56,872; and 10,972 shares of common stock, respectively, that are still subject to vesting. All shares previously granted to Mr. Kaufman are fully vested. Each of these shares are held subject to the terms of a restricted stock award agreement which provides that the shares vest subject to the continued service of the named executive officer to the Company, but will become fully vested upon a change of control (as defined in the agreement) of the Company.

The Company also does not have a formal policy on timing equity compensation grants in connection with the release of material non-public information to affect the value of compensation. The Compensation Committee generally grants equity awards once a year on or about April 1.

Retirement and Other Benefits

The Company maintains a 401(k) plan through an affiliate for all employees, including the named executive officers, as a source of retirement income by enabling participants to save on a pre-tax basis and by providing Company matching contributions. All of the named executive officers participated in the 401(k) plan in 2007. However, the Company only made matching contributions equal to \$6,750 for each of Messrs. Weber, Kilgore and Fogel. Arbor Commercial Mortgage made matching contributions for Messrs. Kaufman and Elenio.

The Company does not maintain any non-qualified deferred compensation plans that would allow executives to elect to defer receipt (and taxation) of their base salaries, bonuses or other compensation.

The named executive officers are eligible to participate in the Company's active employee flexible benefits plans, which are generally available to all Company employees. Under these plans, all employees are entitled to medical, dental, vision, life insurance and long-term disability coverage. Additionally, all of the Company's employees are entitled to vacation, sick leave and other paid holidays. The Compensation Committee believes that the Company's commitment to provide the employee benefits described above recognizes that the health and well-being of the Company's employees contribute directly to a productive and successful work life that enhances results for the Company and its stockholders.

The Company provides all named executive officers who are Company employees, i.e. Messrs. Fogel, Kilgore and Weber with (1) life insurance coverage equal to their annual salary, subject to a maximum of \$250,000, and (2) long-term disability coverage equal to 60% of the employee's current base salary, up to a maximum annual benefit of \$120,000.

For further information regarding the premiums paid on the named executive officers' insurance policy, please refer to the Summary Compensation Table set forth below.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code imposes a limitation on the deductibility of certain non-cash compensation in excess of \$1 million earned by each of the Chief Executive Officer and certain of the other most highly compensated officers of publicly held companies. We expect that all compensation paid by the Company to the named executive officers in 2007 will be deductible to the Company. The Compensation Committee will consider various alternatives to preserving the deductibility of compensation payments and benefits to the extent reasonably practicable and to the extent consistent with its other compensation objectives. The Committee has not adopted a formal policy that requires all compensation paid to the named executives to be fully deductible.

Executive Compensation in 2008

In February 2008, the Compensation Committee approved the salaries of Messrs. Fogel, Kilgore and Weber for 2008, with increases ranging from 0% to 14% to reflect their contribution toward achieving operational, financial and strategic goals.

The Compensation Committee intends to continue its strategy of compensating the Company's named executive officers through programs that emphasize incentive compensation, fostering a pay-for-performance culture. To that end, a majority of executive compensation will continue to be tied to Company and individual performance, while maintaining an appropriate balance between cash and non-cash compensation.

The foregoing discussion primarily describes the compensation philosophies, principles and practices the Compensation Committee utilized in setting executive compensation for the 2007 fiscal year. In the future, as the Compensation Committee continues to review each element of the executive compensation program, these philosophies, principles and practices may change.

Management Agreement

We are externally managed and advised by Arbor Commercial Mortgage pursuant to the terms of a management agreement described below. We believe Arbor Commercial Mortgage's experience and reputation positions it to originate attractive investment opportunities for us. Our management agreement with Arbor Commercial Mortgage was developed to capitalize on synergies with Arbor Commercial Mortgage's origination infrastructure, existing business relationships and management expertise.

Because our management agreement provides that Arbor Commercial Mortgage, assumes principal responsibility for managing our affairs, certain of our executive officers, who are employees of our Manager, do not receive cash compensation or benefits from us for serving as our executive officers. They may receive grants of equity-based incentive awards under the Company's 2003 Omnibus Stock Incentive Plan. In their capacities as officers or employees of our Manager or its affiliates, they devote such portion of their time to our affairs as is required for the performance of the duties of our Manager under the management agreement. Mr. Ivan Kaufman, our Chairman, President and Chief Executive Officer, serves as the Chief Executive Officer of Arbor Commercial Mortgage. Mr. Paul Elenio, our Chief Financial Officer, also serves as Chief Financial Officer of our Manager. Each of Messrs. Kaufman and Elenio receives his cash compensation and benefits from our Manager. Our Manager has informed us that, because the services performed by its officers or employees in their capacities as such are not performed exclusively for us, it cannot segregate and identify that portion of the compensation awarded to, earned by or paid to our executive officers by our Manager that relates solely to their services to us.

Since we currently employ only four executive officers and 29 employees in total, we rely to a significant extent on the facilities and resources of our Manager to conduct our operations. For performing services under the management agreement, Arbor Commercial Mortgage receives a base management fee and incentive compensation based on our performance. Our Manager uses the proceeds from its base management fee in part to pay compensation to its officers and employees who, notwithstanding that some of them are also our officers, receive no direct compensation from us, other than restricted stock that the Compensation Committee may grant to them pursuant to the Company's 2003 Omnibus Stock Incentive Plan.

Base Management Fee

Our Manager receives an annual base management fee based on the equity (as defined in the management agreement) of our operating partnership. The amount of the base management fee does not depend on the performance of the

services provided by our Manager or the types of assets its selects for our investment, but the value of our operating partnership's equity will be affected by the performance of these assets. The base management fee is payable monthly in arrears in cash, calculated monthly as a percentage of our equity and equal to 0.75% per annum of the equity up to \$400 million, 0.625% per annum of the equity between \$400 million and \$800 million and 0.50% per annum of the equity in excess of \$800 million. We incurred \$3.2 million in base management fees to Arbor Commercial Mortgage for management services rendered for the year ended December 31, 2007. All amounts incurred have been paid to date.

Incentive Compensation

Our Manager is entitled to receive incentive compensation in installments each fiscal quarter in an annual amount equal to the product of:

(1) 25% of the dollar amount by which:

the sum of: (i) our operating partnership's Funds From Operations (as determined in accordance with the management agreement) for such quarter and (ii) gains (or losses) from debt restructuring and sales of property per operating partnership unit (as determined in accordance with the management agreement) for such quarter; exceeds

the product of (i) the weighted average (based on shares of our common stock and operating partnership units) of (a) the per operating partnership unit book value of the net assets contributed by Arbor Commercial Mortgage, (b) the \$15.00 offering price per share of our common stock in our private placement of units in July 2003, (c) the offering price per share (including shares of common stock issued upon exercise of warrants or options) of any subsequent offerings by us of our common stock (adjusted for any prior capital dividends or distributions), and (d) the issue price per operating partnership unit for subsequent contributions to our operating partnership, and (ii) the greater of (x) 9.50% per annum and (y) the Ten Year U.S. Treasury Rate plus 3.50% per annum; multiplied by

(2) the weighted average number of our operating partnership units outstanding, including operating partnership units issued to us equal to the number of shares of our common stock issued by us.

Subject to the 7.0% common stock ownership limitations in our charter, at least 25% of this incentive compensation is payable to our Manager in shares of our common stock having a value equal to the average closing price per share for the last twenty days of the fiscal quarter for which the incentive compensation is being paid. For the year ended December 31, 2007, our Manager earned a total of \$40.8 million of incentive compensation which included \$21.8 million recorded as management fee expense and \$19.0 million recorded as prepaid management fees. Our Manager has elected to receive these payments in the form of 556,631 shares of common stock with the remainder paid in cash totaling \$27.1 million. The incentive compensation is measured over a full fiscal year, subject to recalculation and potential reconciliation at the end of each fiscal year.

Although we granted shares of restricted common stock to Messrs. officers upon a termination of their employment.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table indicates how many shares of our common stock are beneficially owned by:

each of our directors and each nominee for director;

each of our executive officers; and

all of our directors and executive officers as a group.

The following table also indicates how many shares of our common stock are beneficially owned by each person known to the Company to be the beneficial owner of more than five percent (5%) of the outstanding shares of our common stock, in each case, based solely on, and as of the date of, such person's filing of a Schedule 13D or Schedule 13G with the SEC.

Unless otherwise indicated, the persons named in the following table have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them.

The following table does not list the 3,776,069 outstanding shares of our special voting preferred stock that are currently held by Arbor Commercial Mortgage as a separate class of our voting securities. These 3,776,069 shares of special voting preferred stock entitle the holder to one vote on all matters submitted to a vote of our stockholders and are paired with an equal number of operating partnership units, each of which is currently redeemable for cash or, at our option, shares of our common stock, generally on a one-for-one basis. Each share of special voting preferred stock will be redeemed and cancelled by us upon the redemption of its paired operating partnership unit for cash or shares of our common stock. In accordance with SEC beneficial ownership rules, the following table attributes to Arbor Commercial Mortgage (and to Mr. Kaufman, as the controlling owner of Arbor Commercial Mortgage) beneficial ownership of the 3,776,069 shares of common stock that may be issued upon redemption of the 3,776,069 operating partnership units currently held by Arbor Commercial Mortgage.

Management and Services Agreements

We and our operating partnership have entered into a management agreement with Arbor Commercial Mortgage, pursuant to which Arbor Commercial Mortgage provides for the day to day management of our operations. Arbor Commercial Mortgage is also required to provide us with a right of first refusal with respect to all structured finance investment opportunities in the multi-family and commercial real estate markets that are identified by Arbor Commercial Mortgage or its affiliates as long as such investment opportunities are consistent with our investment objectives and guidelines and such investment opportunities would not adversely affect our status as a REIT. We have agreed not to pursue, and to allow Arbor Commercial Mortgage to pursue, any opportunity in structured finance investment opportunities in the multi-family and commercial real estate markets if the opportunity is rejected by our credit committee and a majority of our independent directors. We are required to pay Arbor Commercial Mortgage a base management fee and an incentive management fee, as well as reimburse Arbor Commercial Mortgage for certain of its expenses. management group. As of December 31, 2007, there have been no such adjustments pursuant to the services agreement.

Mr. Kaufman has also agreed that if he is no longer an affiliate of Arbor Commercial Mortgage and, within the first five years of the term of the management agreement, he is no longer our Chief Executive Officer other than because of certain reasons specified in the non-competition agreement, he will not engage in the structured finance lending business for a period of one year after the earlier of his departure from us or the regular expiration of the one year origination period described in the management agreement. In March 2006, this loan was extended for one year with no other change in terms. The underlying property was sold to a third party in March 2007. We provided the financing to the third party and, in conjunction with the sale, the original loan was repaid in full in March 2007. The largest aggregate principal amount outstanding for this loan during the years ended December 31, 2007 and 2006 was \$7.75 million. Interest income recorded from this loan for the years ended December 31, 2007 and 2006 was approximately \$0.1 million and \$0.7 million, respectively. At June 30, 2007, we had a \$1.3 million first mortgage co-op loan which was past its maturity date. Every transaction entered into between us and an entity in which Arbor Commercial Mortgage holds equity interests raises a potential conflict of interest. Conflicts of interest with respect to these investments include, among others, decisions regarding (1) whether to waive defaults of such borrower, (2) whether to foreclose on the investment and (3) whether to permit additional financing on the properties securing our investments other than financing provided by us.

Arbor Commercial Mortgage may from time to time provide permanent mortgage loan financing to clients of ours, which will be used to refinance bridge financing provided by us. We and Arbor Commercial Mortgage may also make loans to the same borrower or to borrowers that are under common control. Additionally, our policies and those of Arbor Commercial Mortgage may require us to enter into intercreditor agreements in situations where loans are made by us and Arbor Commercial Mortgage to the same borrower.

In addition, we may enter into future transactions with Arbor Commercial Mortgage with the approval of our independent directors.

Equity Investments in Our Borrowers

930 Flushing & 80 Evergreen

In June 2003, Arbor Commercial Mortgage invested approximately \$0.8 million in exchange for a 12.5% preferred interest in a joint venture, which owns and operates two commercial properties located at 80 Evergreen and 930 Flushing Avenue in New York City. We purchased this investment from Arbor Commercial Mortgage in August 2003. We subsequently contributed an additional \$0.3 million and \$0.4 million and \$0.1 million in 2004, 2005 and 2006, respectively. During 2007, we contributed an additional \$0.4 million to the joint venture increasing our equity investment to approximately \$0.7 million at December 31, 2007. We account for this investment under the equity method.

We had a \$4.8 million bridge loan and a \$3.5 million mezzanine loan outstanding to affiliated entities of the joint venture. The loans required monthly interest payments based on one month LIBOR and matured in November 2006 and June 2006, respectively. In August 2005, the joint venture refinanced one of these properties with a \$25 million bridge loan that we provided which matures in August 2010 with a fixed rate of 6.45% and has an outstanding principal balance of \$24.9 million at December 31, 2007. Proceeds from this loan were used to pay off senior debt as well as our \$3.5 million mezzanine loan. Excess proceeds were distributed to each of the members in accordance with the operating agreement of which we received \$1.3 million. We recorded this amount as a return of our equity investment in 2005.

The bridge loan was extended for one year periods in both 2006 and 2007 and has a current maturity date of October 2008 and an outstanding principal balance of \$4.7 million at December 31, 2007.

450 West 33rd Street

As of December 31, 2006, we had a mezzanine loan outstanding totaling \$45 million to 450 Partners Mezz III LLC, a wholly-owned subsidiary of 450 Westside Partners, LLC and the owner of 100% of the outstanding membership interests in 450 Partners Mezz II LLC, who used the proceeds to refinance an office building. The mezzanine loan was scheduled to mature in March 2015 and had a fixed interest rate of 8.17%. We also held an equity and profits interest in the underlying partnership of approximately 29% and had a preferred equity investment of approximately \$2.7 million with a 12.5% return.

In May 2007, we, as part of an investor group for the 450 West 33rd Street partnership, transferred control of the underlying property to Broadway Partners for a value of approximately \$664.0 million. The investor group, on a pro-rata basis, retained an approximate 2% ownership interest in the property and 50% of the property's air rights. In accordance with this transaction, the joint venture members agreed to guarantee \$258.1 million of the \$517.0 million of new debt outstanding on the property. The guarantee expires at the earlier of maturity or prepayment of the debt

and was allocated to the members in accordance with their ownership percentages. The guarantee is callable, on a pro-rata basis, if the market value of the property declines below the \$258.1 million of debt guaranteed. Our portion of the guarantee is \$76.3 million. The transaction was structured to provide for a tax deferral for an estimated period of seven years.

We received approximately \$134.1 million in proceeds upon completion of this transaction of which \$76.0 million related to the 29% equity and profits interest, \$10.4 million related to yield maintenance on the prepayment of the mezzanine debt and the 12.5% return on the preferred equity investment, \$45.0 million for the repayment in full of the mezzanine debt and \$2.7 million as a return of the preferred equity investment. We paid an incentive management fee to Arbor Commercial Mortgage of approximately \$21.6 million.

We recorded deferred revenue of approximately \$77.1 million as a result of the guarantee on a portion of the new debt, prepaid expenses related to the incentive management fee on the deferred revenue of approximately \$19.0 million, an investment in equity affiliates of approximately \$1.1 million related to our 29% interest in the 2% retained ownership, interest income of approximately \$10.4 million and incentive management fee expense of approximately \$2.6 million for year ended December 31, 2007.

In July 2007, we purchased a \$50.0 million mezzanine loan secured by this property which matures in July 2009 and bears interest at LIBOR plus 4.35%. The outstanding balance on this loan was \$50.0 million at December 31, 2007. Our equity investment was approximately \$1.1 million at December 31, 2007.

200 Fifth Avenue/1107 Broadway

In 2005, we invested \$10.0 million in exchange for a 20% ownership interest in 200 Fifth LLC, which owned two properties in New York City. It was intended that the properties, with over one million square feet of space, would be converted into residential condominium units. We also provided loans to three partners in the investor group totaling \$13 million, all of which were repaid by December 31, 2007. In 2005, we purchased three mezzanine loans totaling \$137.0 million from the primary lender. These loans were secured by the properties, required monthly interest payments based on one month LIBOR and had a maturity date of April 2008. We sold a participating interest in one of the loans for \$59.4 million which was recorded as a financing and was included in notes payable. We repaid the notes payable in May 2007 in conjunction with the satisfaction of the \$137.0 million mezzanine loan, upon the sale (described below) of one of the underlying properties.

For the years ended December 31, 2007, 2006 and 2005 we capitalized \$0.3 million, \$0.9 million and \$0.5 million, respectively, of interest on our equity investment. We also contributed an additional \$3.6 million and \$4.2 million to the joint venture for the years ended December 31, 2007 and 2006, respectively.

In May 2007, we, as part of an investor group in the 200 Fifth LLC holding partnership, sold the 200 Fifth Avenue property for net proceeds of approximately \$450.0 million and the investor group, on a pro-rata basis, retained an adjacent building located at 1107 Broadway. The partnership used the net proceeds from the sale to repay the \$402.5 million outstanding debt on both the 200 Fifth Avenue and the 1107 Broadway properties, and used the remaining proceeds as a return of invested capital to the partners. As a result of the transaction, we received \$9.5 million in proceeds as a return on our invested capital and was repaid in full on our \$137.0 million mezzanine debt, including all applicable interest. We recorded approximately \$11.4 million net, in income before minority interest related to our 20% equity interest, which consisted of a \$24.2 million gain recorded as income from equity affiliates and expenses of a \$9.0 million provision for income taxes and a \$3.8 million incentive management fee paid to the our Manager. The partnership retained the 1107 Broadway property. In December 2007, we received a \$0.6 million distribution from escrow funds related to our interest in the 200 Fifth Avenue property, which was recorded as income from equity affiliates.

In October 2007, the partnership sold 50% of its economic interest in the 1107 Broadway property. The partnership was recapitalized with financing of approximately \$343 million, of which approximately \$203 million was funded with the unfunded portion to be used to develop the property. We received net proceeds of approximately \$39.0 million from this transaction as a return of invested capital. The investor group, on a pro-rata basis, retains a 50% economic interest in the property, representing approximately \$29 million of capital. We recorded approximately \$2.3 million net, in income before minority interest related to our 20% equity interest, which

Table of Contents

consisted of \$4.8 million as income from equity affiliates and expenses of a \$1.8 million provision for income taxes and a \$0.7 million incentive management fee paid to our Manager. We also recorded a \$5.7 million investment in equity affiliate and a net deferred gain of \$3.5 million related to our 10% retained interest in the 1107 Broadway property. The partnership intends to develop this property into a mix of residential and retail uses. Our equity investment was approximately \$5.7 million at December 31, 2007.

Alpine Meadows

In July 2007, we invested \$13.2 million in exchange for a 39% profits interest with an 18% preferred return in the Alpine Meadows ski resort, which consists of approximately 2,163 total acres in northwestern Lake Tahoe, California. Our invested capital represents 65% of the total equity of the transaction and we will be allocated 65% of the losses. We also provided a \$30.5 million first mortgage loan that matures in August 2009 and bears interest at pricing over one month LIBOR. The outstanding balance on this loan was \$29.4 million at December 31, 2007. Our equity investment was approximately \$13.2 million at December 31, 2007.

St. John s Development

In December 2006, we originated a \$25.0 million bridge loan with a maturity date in September 2007 with two, three month extensions that bears interest at a fixed rate of 12%. The loan is secured by 20.5 acres of usable land and 2.3 acres of submerged land located on the banks of the St. John s River in downtown Jacksonville, Florida and is currently zoned for the development of up to 60 dwellings per acre. In October 2007, the borrower sold the property to an investor group, in which we have a 50% non-controlling interest, for \$25.0 million. The investor group assumed the \$25.0 million mortgage with a new maturity date of October 2009 and a change in the interest rate to LIBOR plus 6.48%.

The managing member of the investor group is an experienced real estate developer who retains a 50% interest in the partnership and has funded a \$2.9 million interest reserve for the first year. If the loan is not satisfied during the first year, we will fund a \$2.9 million interest reserve for the second year. We also contributed \$0.5 million to cover other operational costs of acquiring and maintaining the property and we retain a non-controlling 50% equity interest in the property. Our equity investment was approximately \$0.5 million at December 31, 2007.

Prime Outlets

In December 2003, we invested approximately \$2.1 million in exchange for a 50% non-controlling interest in Prime Outlets Member, LLC (POM), which owns 15% of a real estate holding company that owns and operates factory outlet shopping centers. We account for this investment under the equity method. Additionally, we have a 16.7% carried profits interest in the borrowing entity.

As of December 31, 2005, we had a mezzanine loan outstanding to an affiliate entity of the joint venture for \$30.1 million. In addition, we had a \$10.0 million junior loan participation interest outstanding to an affiliate entity of the joint venture as of December 31, 2005. The loans required monthly interest payments based on one month LIBOR and matured in January 2006. In June 2005, POM refinanced the debt on a portion of the assets in its portfolio, receiving proceeds in excess of the amount of the previously existing debt. The excess proceeds were distributed to each of the partners in accordance with POM s operating agreement of which we received \$36.5 million. In accordance with this transaction, the joint venture members of POM agreed to guarantee \$38.0 million of the new debt. The guarantee expires at the earlier of maturity or prepayment of the debt and would require performance by the members if not repaid in full. This guarantee was allocated to the members in accordance with their ownership percentages. Of the distribution we received during 2005, \$17.2 million was recorded as interest income, representing the portion attributable to the 16.7% carried profits interest, \$2.1 million was recorded as a return of our equity investment,

\$8.0 million was recorded as income from equity affiliates, representing the portion attributable to the 7.5% equity interest, and \$9.2 million was recorded as deferred revenue, representing our portion of the \$38.0 million guarantee.

In January 2006, POM refinanced the debt on a portion of the assets in its portfolio and repaid in full the debt that was added in June 2005 and the \$30.1 million mezzanine loan and the \$10.0 million junior loan participating interest that we had outstanding as of December 31, 2005. As a result, the \$38.0 million guarantee was removed and

we recorded the \$9.2 million of deferred revenue, \$6.3 million as interest income and \$2.9 million as income from equity affiliates. In 2006, POM refinanced the debt on a portion of the assets in its portfolio, receiving proceeds in excess of the amount of the previously existing debt. The excess proceeds were distributed to each of the partners in accordance with POM's operating agreement. In December 2006, we received a \$6.0 million distribution from POM and recorded \$4.1 million as interest income, representing the portion attributable to the 16.7% carried profits interest, and \$1.9 million as income from equity affiliates, representing the portion attributable to the 7.5% equity interest.

PROPOSAL NO. 2

**AMENDMENT TO THE COMPANY'S 2003 OMNIBUS STOCK INCENTIVE PLAN TO
AUTHORIZE AN ADDITIONAL 400,000 SHARES OF THE COMPANY'S COMMON STOCK
FOR ISSUANCE UNDER THE PLAN**

We are asking the Company's stockholders to approve an amendment to the Company's 2003 Omnibus Stock Incentive Plan, as amended and restated on July 29, 2004 and further amended on May 25, 2005 and March 20, 2008 (the "Stock Incentive Plan"), to increase the total number of shares of our common stock authorized and reserved for issuance under the Stock Incentive Plan by 400,000 shares. Following approval of the amendment to the Stock Incentive Plan, the total number of shares authorized and reserved for future issuance under the Stock Incentive Plan will not exceed 433,755 shares.

On March 20, 2008, the Board of Directors amended the Stock Incentive Plan to increase the total number of shares of our common stock authorized and reserved for issuance under the Stock Incentive Plan by 50,000 shares such that a total of 735,000 shares of common stock were reserved and authorized for issuance thereunder. As of April 2, 2008, immediately after giving effect to the grant of 230,740 shares of our common stock under the Stock Incentive Plan as of such date, an aggregate of 701,245 shares subject to restricted stock awards were outstanding and 33,755 shares remained available for future grants.

The Board of Directors believes that the Stock Incentive Plan is an important factor in attracting and retaining the high caliber employees and other service providers essential to the Company's success and in aligning those individuals long-term interests with those of our stockholders. Therefore, on April 8, 2008, the Board of Directors amended the Stock Incentive Plan, subject to the approval of the Company's stockholders at the 2008 annual meeting of stockholders, to increase by 400,000 shares the maximum aggregate number of shares with respect to which awards may be granted under the Stock Incentive Plan. The amendment is intended to ensure that the Stock Incentive Plan will have available the number of shares necessary to meet these needs, and the Board of Directors believes that approval of the amendment to the Stock Incentive Plan is in the best interests of the Company and its stockholders.

The material features of the Stock Incentive Plan are summarized below. The following summary does not purport to be complete, and is subject to and qualified in its entirety by reference to the complete text of the Stock Incentive Plan.

General

Restricted stock awards may be granted under the Stock Incentive Plan. A total of 735,000 shares of the Company's common stock are currently reserved for issuance pursuant to awards under the Stock Incentive Plan, subject to adjustment upon certain corporate transactions. As of April 2, 2008, immediately after giving effect to the grant of 230,740 shares of our common stock under the Stock Incentive Plan as of such date, an aggregate of 701,245 shares subject to restricted stock awards were outstanding and 33,755 shares remained available for future grants. If any shares subject to an award are forfeited, the forfeited shares that were subject to the award will become available for future grants under the Stock Incentive Plan.

Upon stockholder approval of the amendment to the Stock Incentive Plan, as specified in this Proposal No. 2, the total number of shares reserved for issuance will be 433,755 shares. On April 8, 2008, the closing price of the Company's common stock was \$17.76, as reported on the New York Stock Exchange.

Purpose

The purpose of the Stock Incentive Plan is to enable the Company to attract and retain highly qualified personnel who will contribute to the Company's success and to provide incentives to employees and other service providers that are linked directly to increases in stockholder value, and will therefore inure to the benefit of all of the Company's stockholders.

Table of Contents

Administration

The Stock Incentive Plan is administered by the Company's Board of Directors or, at the board's discretion, by a committee appointed by the board (each, the plan administrator). The plan administrator has the authority to grant awards and otherwise administer the Stock Incentive Plan. All decisions made by the plan administrator pursuant to the provisions of the Stock Incentive Plan are final, conclusive and binding upon all persons.

Eligibility

Officers, directors, employees, consultants (including employees of Arbor Commercial Mortgage who provide services to the Company) and advisors of the Company, its parent or subsidiaries are eligible to receive awards under the Stock Incentive Plan. As of April 2, 2008, there were approximately 62 individuals eligible to receive awards under the Stock Incentive Plan.

Restricted Stock

A restricted stock award is an award of shares of common stock that is subject to restrictions on transferability and such other restrictions, if any, as the plan administrator may determine in its sole discretion. The restrictions may lapse separately or in combination at such times, under such circumstances, including, without limitation, a specified period of employment or the satisfaction of pre-established criteria, in such installments or otherwise, as the plan administrator may determine.

Restricted stock awards may be issued either alone or in addition to other awards granted under the Stock Incentive Plan. The recipient of a restricted stock award does not have any rights with respect to any such award until he or she has executed an award agreement evidencing the award and delivered an executed copy to the Company generally within a period of 60 days after the grant date.

Except to the extent restricted under the award agreement relating to the restricted stock, the recipient of a restricted stock award generally has all of the rights of a stockholder. The rights of a restricted stock award recipient upon termination of employment or service is as set forth in the award agreement governing such award and the terms of the award agreement may differ from award to award. The Company's restricted stock awards generally provide that upon cessation of employment with or service to the Company, shares of restricted stock and any and all accrued but unpaid dividends that at the time have not been released from restrictions will be forfeited.

Adjustments Upon Certain Corporate Transactions

In the event of any merger, reorganization, consolidation, recapitalization, stock dividend or other change in corporate structure affecting the Company's common stock, the plan administrator shall determine to what extent an equitable substitution or proportionate adjustment shall be made in (1) the aggregate number of shares of the common stock reserved for issuance under the Stock Incentive Plan, and (2) the kind, number and purchase price of shares of the common stock subject to outstanding awards of restricted stock granted under the plan. Other substitutions or adjustments shall be made as determined in the plan administrator's discretion, including the cancellation of any outstanding awards in exchange for payment in cash or other property.

Effect of a Change in Control

The treatment of restricted stock awards in the event of a change in control of the Company is set forth in the award agreement governing such award, which treatment may vary from award to award. The Company's restricted stock agreements generally provide that all restrictions lapse as of the date of the change in control. The definition of a

change in control is provided in the restricted stock agreement and may vary from award to award. Generally a change in control will occur upon the occurrence of one of the following events:

a person is or becomes the owner of 25% or more of the voting stock of the Company;

directors serving on the board on the date of the award agreement and any new directors whose election or nomination is approved or recommended by at least a two-thirds vote of the directors then still in office who

Table of Contents

either were directors on the date of the award agreement or whose election or nomination was previously so approved or recommended, cease to constitute a majority of directors;

consummation of a merger or consolidation of the Company or any subsidiary with any other corporation; or

approval by the Company's stockholders of a plan of complete liquidation or dissolution of the Company or there is consummated an agreement for the sale or disposition of all or substantially all of the Company's assets.

Amendment and Termination

The Company's Board of Directors may amend, alter or discontinue the Stock Incentive Plan but cannot take any action that would impair the rights of an award recipient without such recipient's consent. To the extent necessary and desirable, the Board of Directors must obtain approval of the stockholders for any amendment that would: (a) other than through adjustment as provided in the Stock Incentive Plan, increase the total number of shares of our common stock reserved for issuance under the Stock Incentive Plan; or (b) change the class of officers, directors, employees, consultants and advisors eligible to participate in the Stock Incentive Plan. The plan administrator may amend the terms of any award granted under the Stock Incentive Plan, prospectively or retroactively but generally may not impair the rights of any award recipient without his or her consent.

The Stock Incentive Plan will terminate on June 25, 2013, provided that any awards then outstanding under the Stock Incentive Plan may extend beyond that date.

New Plan Benefits

The Company cannot determine the number of restricted stock awards under the Stock Incentive Plan, if approved, that will be granted in 2008 because these grants will be made at the discretion of the plan administrator and, accordingly, are not yet determinable.

Vote Required for Approval of the Amendment to the Stock Incentive Plan

Approval of the amendment to the Stock Incentive Plan requires the affirmative vote of a majority of the votes cast on the proposal at the annual meeting by holders of our voting securities; provided that the total vote cast on the proposal represents over 50% in interest of all securities entitled to vote on the proposal. For purposes of the vote on the Stock Incentive Plan, abstentions will have the same effect as votes against the proposal and broker non-votes will have the same effect as votes against the proposal, unless holders of more than 50% in interest of all securities entitled to vote on the proposal cast votes, in which event broker non-votes will not have any effect on the result of the vote. If stockholder approval of the amendment to the Stock Incentive Plan is not obtained, then no issuances pursuant to the Stock Incentive Plan will be made that, when combined with the number of shares previously issued pursuant to the plan and not otherwise forfeited, exceeds in the aggregate 735,000 shares of our common stock.

Table of Contents**PROPOSAL NO. 3****RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2008**

The Audit Committee of our Board of Directors has appointed Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year ending December 31, 2008. The board has endorsed this appointment. Ernst & Young audited our consolidated financial statements for fiscal years ended December 31, 2007 and December 31, 2006. A representative of Ernst & Young is expected to be present at the annual meeting and will be available to respond to appropriate questions from our stockholders and will be given an opportunity to make a statement if he or she desires to do so.

Stockholder ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm is not required by our bylaws or otherwise. However, the Board of Directors is submitting the appointment of Ernst & Young to the stockholders for ratification as a matter of good corporate governance. Ratification of the selection of Ernst & Young as our independent registered public accounting firm for fiscal year 2008 requires the affirmative vote of a majority of the shares of our voting securities cast on the proposal at the annual meeting.

If this appointment is not ratified by our stockholders, the Audit Committee and the board may reconsider its recommendation and endorsement, respectively. Abstentions will not be counted as having been voted and will have no effect on the outcome of the vote for this proposal. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Independent Accountants Fees

collateralized debt obligation transactions that were completed in January and December 2006.

Audit Committee Pre-Approval Policy

In accordance with applicable laws and regulations, the Audit Committee reviews and pre-approves any non-audit services to be performed by Ernst & Young to ensure that the work does not compromise its independence in performing audit services. The Audit Committee also reviews and pre-approves all audit services. In some cases, pre-approval of a particular category or group of services, such as tax consulting services and audit services, is provided by the full Audit Committee for up to a year and is subject to a specific budget. In other cases, the chairman of the Audit Committee has the delegated authority from the full Audit Committee to pre-approve additional services, and such pre-approvals are then communicated to the full Audit Committee.

Table of Contents

The policy contains a de minimis provision that operates to provide retroactive approval for permissible non-audit services under certain circumstances. No services were provided by Ernst & Young during 2006 and 2007 under such provision.

PROPOSAL NO. 4

**A STOCKHOLDER PROPOSAL CONCERNING
DECLASSIFICATION OF THE BOARD OF DIRECTORS**

Arbor received a formal stockholder proposal from Gerald R. Armstrong (Address: 820 Sixteenth Street, No. 705, Denver, Colorado 80202-3227; Telephone: (303) 355-1199). Mr. Armstrong owns 200 shares of common stock of Arbor. In accordance with federal securities regulations, we have included Mr. Armstrong's proposal exactly as submitted to Arbor.

RESOLUTION

That the shareholders of ARBOR REALTY TRUST, INC. request its Board of Directors to take the steps necessary to eliminate classification of terms of its Board of Directors to require that all Directors stand for election annually. The Board declassification shall be completed in a manner that does not affect the unexpired terms of the previously-elected Directors.

STATEMENT

The proponent believes the election of directors is the strongest way that shareholders influence the directors of any corporation. Currently, our board of directors is divided into three classes with each class serving three-year terms. Because of this structure, shareholders may only vote for one-third of the directors each year. This is not in the best interest of shareholders because it reduces accountability.

U.S. Bancorp, Associated Banc-Corp, Piper-Jaffray Companies, Fifth-Third Bancorp, Pan Pacific Retail Properties, Qwest Communications International, Xcel Energy, Greater Bay Bancorp, North Valley Bancorp, Pacific Continental Corporation, Regions Financial Corporation, CoBiz Financial Inc., Marshall & Illsley Corporation, and Wintrust Financial, Inc. are among the corporations electing directors annually because of the efforts of the proponent.

The performance of our management and our Board of Directors is now being more strongly tested due to economic conditions and the accountability for performance must be given to the shareholders whose capital has been entrusted in the form of share investments.

A study by researchers at Harvard Business School and the University of Pennsylvania's Wharton School titled "Corporate Governance and Equity Prices" (Quarterly Journal of Economics, February, 2003), looked at the relationship between corporate governance practices (including classified boards) and firm performance. The study found a significant positive link between governance practices favoring shareholders (such as annual directors election) and firm value.

While management may argue that directors need and deserve continuity, management should become aware that continuity and tenure may be best assured when their performance as directors is exemplary and is deemed beneficial to the best interests of the corporation and its shareholders.

The proponent regards as unfounded the concern expressed by some that annual election of all directors could leave companies without experienced directors in the event that all incumbents are voted out by shareholders. In the unlikely event that shareholders do vote to replace all directors, such a decision would express dissatisfaction with the incumbent directors and reflect a need for change.

If you agree that shareholders may benefit from greater accountability afforded by annual election of all directors, please vote **FOR** this proposal.

BOARD OF DIRECTORS STATEMENT IN OPPOSITION TO PROPOSAL NO. 4

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST PROPOSAL NO. 4
FOR THE FOLLOWING REASONS:**

Arbor and its Board of Directors are committed to good corporate governance practices that will benefit the Company's stockholders. Arbor's classified board structure has been in place prior to the Company's initial public offering, and since its incorporation in 2003. Neither the Board of Directors nor the Nominating and Corporate Governance Committee believe that directors who serve three-year terms are any less accountable to stockholders than directors who serve a series of one-year terms. Arbor's Board of Directors has carefully considered this stockholder proposal and continues to believe that a classified board structure offers significant advantages and is in the best interests of Arbor's stockholders. In particular, the Board of Directors believes that stockholders should consider the following:

Continuity and Experience Arbor's classified board structure is designed to promote continuity of leadership. Electing directors to staggered three-year terms helps ensure that the Board of Directors will have directors with prior experience with, and knowledge of, Arbor's business and strategy. Directors with this experience are a valuable resource and are well-positioned to make fundamental decisions in the best interests of Arbor and its stockholders. Further, the Board of Directors believes that a longer term for directors enhances the independence of non-employee directors by focusing directors on long-term and sustainable growth, profitability and stockholder value. The Board of Directors believes that this continuity and experience facilitates Arbor's ability to maximize stockholder value and that the risk of losing all of its incumbent directors in a single year could result in significant harm to Arbor and its stockholders.

Protection Against Hostile Bidders In the event of an unfriendly or unsolicited effort to take over or restructure the Company, Arbor's classified board structure facilitates the Board of Directors' ability to obtain the best outcome for the Company's stockholders by giving it time to negotiate with the hostile bidder and to consider alternative methods of maximizing stockholder value. If a hostile bidder wages a proxy contest to gain control of the Board of Directors in order to facilitate the acceptance of its bid, a classified board structure only allows the hostile bidder to replace one-third of Arbor's existing directors at any annual stockholders meeting. Such a bidder would be required to stage and win proxy contests at two successive annual stockholders meetings in order to gain control of the Board of Directors. Therefore, the classified board structure prevents a rapid takeover of Arbor and requires a potential buyer to negotiate with a Board of Directors consisting of a majority of seasoned directors *independent of the potential acquiror*. This leverage is critical given the possibility for a potential bidder to attempt to exploit temporarily depressed valuations. Declassification of the Board of Directors would eliminate these benefits and therefore provide the Board of Directors with less time to evaluate a takeover proposal, negotiate the best result for all stockholders and consider alternatives.

Independence and Accountability Six (6) of Arbor's 10 current directors are independent pursuant to the NYSE corporate governance standards and seven (7) of Arbor's 10 directors are non-employee directors. Four (4) of Arbor's 10 current directors have joined the Board of Directors within the past three years, bringing new and diverse perspectives and experience to the Board of Directors. Arbor's directors are fully accountable to its stockholders and their duties as directors are the same regardless of the length of their terms.

In order for Proposal No. 4 to be approved at Arbor's 2008 annual stockholders meeting, it would have to receive the affirmative vote of a majority of the votes cast on the proposal. If approved, this proposal would not automatically eliminate Arbor's classified board structure. Rather, it is a non-binding proposal requesting that Arbor's Board of Directors take the necessary steps to declassify the Board of Directors. A formal amendment repealing the classified

board provision of Arbor's charter would need to be advised by Arbor's Board of Directors and submitted to Arbor's stockholders for approval at a subsequent stockholders meeting. In order for this charter amendment to be approved, it would have to receive the affirmative vote of at least *two-thirds* of all the votes entitled to be cast on the proposed charter amendment by holders of our then outstanding voting securities, including our then outstanding common stock and special voting preferred stock, voting together as a single class.

**THE BOARD OF DIRECTORS BELIEVES IT IS IN THE BEST INTERESTS
OF ARBOR'S STOCKHOLDERS TO REJECT PROPOSAL NO. 4
AND RECOMMENDS A VOTE AGAINST THIS PROPOSAL.**
