PART III NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

The Registrant's Quarterly Report on Form 10-Q (the Report) for the quarter ended September 30, 2009 cannot be filed on or prior to the prescribed November 9, 2009 due date without unreasonable effort or expense due to a significant event that occurred in February 2009. As discussed in previous filings with the Securities and Exchange Commission, on February 12, 2009, the Registrant completed the first interim efficacy analysis of its Riquent® Phase 3 ASPEN study and determined that continuing the study was futile. As a result, the Registrant terminated a substantial number of its employees on April 20, 2009. Due to the discontinuation of the study and the reduction in force, the limited remaining personnel at the Registrant were required to assume duties in addition to their financial reporting responsibilities and the Registrant will be unable to file the Report by the prescribed November 9, 2009 due date. The Report is expected to be filed within the 5 day extension permitted by the rules of the Securities and Exchange Commission.

In addition, the Company has terminated substantially all of its workforce. Accordingly, the Company's operating expenses and net loss for the three and nine months ended September 30, 2009 are expected to be substantially lower than reported for the three and nine months ended September 30, 2008. Operating expenses for the three and nine months ended September 30, 2009 are expected to be less than \$1.0 million and less than \$16.0 million, respectively, compared to \$16.9 million and \$44.9 million, respectively, for the three and nine month periods ended September 30, 2008. Net loss for the three and nine months ended September 30, 2009 is expected to be less than \$1.0 million and less than \$8.0 million, respectively, compared to \$17.1 million and \$45.7 million, respectively, for the three and nine month periods ended September 30, 2008.
