On or about March 19, 2010, we will mail to our stockholders of record as of the close of business on March 8, 2010, a Notice containing instructions on how to access this Proxy Statement and the materials accompanying it and vote online, and we will begin mailing these proxy materials to stockholders who previously requested paper copies. If you would like to receive a printed copy of our proxy materials by mail, you should follow the instructions for requesting those materials included in the Notice.

**IMPORTANT NOTICE REGARDING INTERNET AVAILABILITY OF PROXY MATERIALS
FOR THE ANNUAL MEETING TO BE HELD ON APRIL 30, 2010:**

This Proxy Statement and our 2009 Annual Report (consisting of the 2009 Chairman's Letter to Investors and 2009 Form 10-K) are available at www.proxyvote.com.

Householding

The SEC's rules permit us to deliver a single Notice or set of proxy materials to one address shared by two or more of our stockholders who have the same last name or who have consented in writing to this delivery method. This practice, known as householding, is designed to eliminate duplicate mailings and conserve natural resources and can result in significant cost savings for us. If you share an address and have the same last name as another stockholder, but prefer to receive separate copies of the Notice or proxy materials, please contact Broadridge Financial Solutions, Inc. at (800) 542-1061 or in writing at Householding Department, 51 Mercedes Way, Edgewood, NY 11717. Upon receipt of your request, we will promptly deliver the requested materials to you. Similarly, if you share an address with another stockholder and wish to receive a single copy of future Notices or proxy materials for your household, please contact Broadridge at the phone number or address listed above.

Cost of Proxy Solicitation

We will bear the cost of soliciting proxies by the Board. In addition to the solicitation of proxies by mail, solicitation may be made personally or by telephone or electronic communication by our directors, officers and employees, none of whom will receive additional compensation for these services, and by Georgeson Inc., a proxy solicitation firm we have engaged to aid in the solicitation of proxies. We will pay Georgeson Inc. a fee of \$9,000 plus reimbursement of reasonable out-of-pocket expenses for these services. We will also reimburse brokers and other nominees for their reasonable out-of-pocket expenses incurred in

connection with distributing forms of proxies and proxy materials to the beneficial owners of our common stock.

Information about Voting

Who Can Vote

Only stockholders of record at the close of business on March 8, 2010 are entitled to vote at the Annual Meeting or any adjournments thereof. On that date, 156,724,215 shares of our common stock, par value \$0.25 per share (Common Stock), were outstanding. Each share of Common Stock entitles the owner to one vote. However, certain shares designated as Excess Shares (which are generally any shares owned in excess of 9.0% of the outstanding Common Stock) or as Special Excess Shares pursuant to our Amended and Restated Certificate of Incorporation, as amended, may not be voted by the record owner thereof, but will instead be voted in accordance with Article IX of our Amended and Restated Certificate of Incorporation, as amended.

A list of all stockholders entitled to vote at the Annual Meeting will be available for inspection by any stockholder for any purpose reasonably related to the Annual Meeting during ordinary business hours for a period of ten days prior to the meeting at our principal executive offices and at our corporate office located at 10350 Ormsby Park Place, Suite 300, Louisville, Kentucky 40223.

How to Vote

You may vote your shares in one of several ways, depending on how you own your shares. Stockholders of record (i.e., you own shares registered in your name) may vote in one of the following ways:

By telephone You may vote your shares by calling 1-800-690-6903. You may vote by telephone 24 hours a day, 7 days a week until 11:59 p.m. (Eastern Time) on the day before the meeting date. The telephone voting system has easy-to-follow instructions and allows you to confirm that the system has properly recorded your vote. Have your proxy card in hand when you call and follow the instructions. If you vote by telephone, you do not need to return your proxy card.

Over the Internet You may vote your shares via the Web site www.proxyvote.com. You may vote over the Internet 24 hours a day, 7 days a week until 11:59 p.m. (Eastern Time) on the day before the meeting date. As with telephone voting, you may confirm that the system has properly recorded your vote. Have your proxy card in hand when you access the Web site and follow the instructions. If you vote over the Internet, you do not need to return your proxy card. Please note that you may incur costs charged by telephone companies or Internet access providers if you vote over the Internet.

By mail If you have requested paper copies of our proxy materials by mail, you may vote your shares by signing, dating and returning the proxy card in the postage-paid envelope provided.

In person You may vote your shares by attending the Annual Meeting in person and depositing your proxy card at the registration desk (if you have requested paper copies of our proxy materials by mail) or completing a ballot that will be distributed at the Annual Meeting.

Stockholders who hold shares in street name (i.e., you own shares registered in the name of a bank, broker or other holder of record) should follow the instructions provided by their broker or nominee in order for their shares to be voted. If your shares are not registered in your name and you plan to vote your shares in person at the Annual Meeting, you should contact your broker or nominee to obtain a legal proxy or broker's proxy card and bring it to the Annual Meeting in order to vote.

All shares that have been properly voted by proxy and not revoked will be voted at the Annual Meeting in accordance with the instructions contained therein. Shares represented by proxy cards that are signed and returned but do not contain any voting instructions will be voted as follows:

Proposal 1 **FOR** the election of all nominees for director named in this Proxy Statement;

Table of Contents

Proposal 2 **FOR** the ratification of the selection of Ernst & Young LLP (Ernst & Young) as our independent registered public accounting firm for fiscal year 2010;

Proposal 3 **AGAINST** the stockholder proposal regarding majority voting for directors; and

In the discretion of the proxy holders, on such other business as may properly come before the Annual Meeting.

Revocation of Proxies

Stockholders of record may revoke a proxy at any time before it is voted at the Annual Meeting by:

Executing and returning a later-dated proxy card;

Subsequently voting by telephone or over the Internet; or

Submitting a written notice of revocation to our General Counsel at our offices located at 10350 Ormsby Park Place, Suite 300, Louisville, Kentucky 40223.

A stockholder of record may also attend the Annual Meeting and vote in person, in which event any prior proxy given by the stockholder will be revoked automatically. Attendance at the Annual Meeting by itself will not constitute revocation of a proxy. Stockholders who hold shares in street name should follow the instructions provided by their broker or nominee to revoke a proxy, if applicable. No dissenters or appraisal rights are available with respect to the proposals presently being submitted to the stockholders for their consideration.

Quorum Requirement

A majority of the shares of Common Stock outstanding as of the record date must be present in person or by proxy to constitute a quorum to transact business at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of establishing a quorum. A broker non-vote occurs when a broker or nominee does not vote on some matter with respect to shares held in street name because the broker or nominee does not have discretionary voting power for that particular proposal and has not received voting instructions from the beneficial owner. Under current NYSE rules, a broker or nominee that has not received voting instructions from the beneficial owner has discretion to vote on the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2010 (Proposal 2), but no other proposal.

Votes Necessary for Action to Be Taken

Proposal 1 The vote of a plurality of the shares of Common Stock present in person or by proxy will be necessary to elect the director-nominees listed in this Proxy Statement. Therefore, the eight nominees receiving the greatest number of votes cast will be elected as directors, and abstentions and broker non-votes will have no effect.

Proposal 2 The affirmative vote of a majority of the shares of Common Stock present in person or by proxy and entitled to vote will be necessary to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2010. Therefore, abstentions will have the same effect as votes against this proposal, whereas broker non-votes will have no effect.

Proposal 3 The affirmative vote of a majority of the shares of Common Stock present in person or by proxy and entitled to vote will be necessary to approve the stockholder proposal regarding majority

voting of directors. Therefore, abstentions will have the same effect as votes against this proposal, whereas broker non-votes will have no effect.

The affirmative vote of a majority of the shares of Common Stock present in person or by proxy and entitled to vote will be necessary to approve any other proposal that may properly come before the Annual Meeting. Accordingly, abstentions will have the same effect as votes against any such proposal, whereas broker non-votes will have no effect.

Table of Contents**PROPOSAL 1 ELECTION OF DIRECTORS**

Our Board currently consists of eight directors. Following the recommendation of the Nominating and Corporate Governance Committee (the Nominating and Governance Committee), our Board has nominated each individual presently serving as a director for election at the Annual Meeting. CORPORATE GOVERNANCE

Guidelines on Governance

We have adopted Guidelines on Governance, which reflect the fundamental corporate governance principles by which our Board and its committees operate. These guidelines set forth general practices the Board will follow with respect to Board structure and function, Board and committee organization and composition, and Board conduct.

A copy of our Guidelines on Governance is available on our Web site at www.ventasreit.com under the For Investors tab at the top of the page and then under the Corporate Governance link. In addition, we will provide a copy of the Guidelines on Governance, without charge, upon request to Ventas, Inc., 10350 Ormsby Park Place, Suite 300, Louisville, Kentucky 40223, Attention: Corporate Secretary.

Board of Directors

The Board provides guidance and oversight with respect to our overall performance, strategic plans, key corporate policies and decisions and enterprise risk management. Among other things, it approves significant acquisitions, dispositions and other transactions, advises management on key financial and business objectives and monitors our progress with respect to these matters. Members of the Board are kept informed of our business by various reports and materials provided to them on a regular basis by management, including presentations made at Board and committee meetings by our Chief Executive Officer, Chief Financial Officer, Chief Investment Officer, General Counsel and other officers.

Director Independence

Our Guidelines on Governance require that at least a majority of the Board be comprised of directors who meet the criteria for independence under the rules and regulations of the NYSE. For a director to be considered independent under the NYSE's listing standards, the Board must affirmatively determine that the director has no direct or indirect material relationship with us. On February 19, 2010, the Board evaluated each non-management director's independence on a case-by-case basis. The Board considered any matters that could affect the ability of each non-employee director to exercise independent judgment in carrying out his or her responsibilities as a director, including all transactions and relationships between, on one hand, each such director, the director's family members and organizations with which the director or the director's family members have an affiliation and, on the other hand, us, our subsidiaries and our management. Any such matters were evaluated both from the standpoint of the director and from that of persons or organizations with which the director has an affiliation. Based on that review, the Board has affirmatively determined that each of our current non-management directors and nominees Messrs. Crocker, Geary, Gellert, Reed, Shelton and Theobald and Ms. Rosenberg has no material relationship with us and qualifies as independent under the NYSE's standards. Ms. Cafaro, as our Chairman, President and Chief Executive Officer, is not independent under the rules and regulations of the NYSE. Each director abstained from the vote pertaining to the determination of his or her independence.

In evaluating Mr. Geary's independence, the Board considered our relationship with ResCare pursuant to the Master Lease Agreement described under Transactions with Related Persons Transactions with ResCare and has determined

that such relationship is not material to Mr. Geary, ResCare or us from a financial perspective or otherwise. In 2009, the total annual payments made to us under the Master Lease Agreement constituted less than one-tenth of one percent (0.1%) of the annual gross consolidated revenues of ResCare, and approximately one-tenth of one percent (0.1%) of our annual gross consolidated revenues. Further, the Board believes that the terms of the Master Lease Agreement represent market rates. The Board does not believe this relationship will affect Mr. Geary's ability to exercise independent judgment in carrying out his responsibilities as a director of Ventas.

Board Leadership and Risk Oversight

The Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide effective oversight of management. The Board understands that there is no single, generally accepted approach to providing Board leadership and that different structures may be appropriate for companies of varying sizes and performance characteristics and with different histories and culture. Consistent with this understanding, the Board (led by the Nominating and Governance Committee) considers our Board leadership structure as part of its annual self-evaluation process, taking into account our current operating and governance environment, to ensure that it remains the optimal structure for us and for our stockholders.

Pursuant to our bylaws and Guidelines on Governance, the Board has discretion to determine whether it is best for us at any given point in time for the roles of the Chief Executive Officer and the Chairman of the Board to be separate or combined. Ms. Cafaro has served as our Chief Executive Officer and Chairman of the Board since 2003, and the Board continues to believe that her combined role is the optimal structure for us because it enables decisive leadership, ensures clear accountability and enhances our ability to communicate our message and strategy on a consistent basis to all of our stakeholders. Moreover, Ms. Cafaro possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing us and our business and, therefore, is best positioned to develop agendas that ensure the Board's time and attention are focused on the most critical matters.

As required by our Guidelines on Governance, the independent members of the Board, after considering the recommendation of the Nominating and Governance Committee, annually select one independent director to serve as Presiding Director, whose specific responsibilities include, among other things, chairing the executive sessions and all other meetings of the independent directors. The Presiding Director also acts as the principal liaison between the Chairman and the independent directors, collaborating with the Chairman to set Board meeting agendas and schedules and to approve materials provided to directors, and has such additional duties as may be assigned from time to time by the independent directors or the Board. While the Presiding Director is elected on an annual basis, it is generally expected that he or she will serve for more than one year, and Mr. Crocker has been our Presiding Director since 2003. The Board believes that this approach—a leadership structure under which our Chief Executive Officer serves as Chairman of the Board and a Presiding Director assumes specified responsibilities on behalf of the independent directors—is currently effective, provides the appropriate balance between the authority of those who oversee our company and those who manage it on a day-to-day basis and achieves the optimal governance model for us and for our stockholders.

While it is management's responsibility to identify and manage on a daily basis our exposure to risk, the Board plays an active and primary role in overseeing the processes established to assess, monitor and mitigate that exposure. The Board routinely discusses with management the major risks facing our company and reviews the guidelines, policies and procedures we have in place to control those risks, such as our approval process for investments. For example, on a regular basis since 2008, directors receive materials and information, including in-depth and in-person presentations from third-party experts, with respect to a specific topic of risk, and the Board engages in a comprehensive analysis and dialogue regarding that risk. This process enables the Board to focus on the most significant strategic, financial, operational, legal, regulatory and other risks applicable to our business, and ensures that the risks we undertake are well understood, mitigated to the extent reasonable and consistent with our risk profile and the Board's tolerance for risk. In addition to the risk oversight function administered by the Board, each of the Audit Committee, the Compensation Committee and the Nominating and Governance Committee exercises some oversight related to risks associated with the particular responsibilities of that committee. More specifically, the Audit Committee, in accordance with NYSE requirements, reviews financial and accounting risks and the mechanisms through which our risk assessment and management is handled, while the Compensation Committee considers whether the structure of our compensation programs encourages excessive risk-taking and the Nominating and Governance Committee focuses on risks related to succession planning. The chairs of these committees then report on such matters to the full Board.

We believe that this division of responsibilities is the most effective

Table of Contents

approach for addressing the risks facing us and that our Board leadership structure appropriately supports the Board's role in risk oversight.

Attendance at Meetings

The Board held a total of seven meetings during 2009. Pursuant to our Guidelines on Governance, our independent directors meet in executive session, outside the presence of management, at a minimum, at each regularly scheduled quarterly Board meeting. The Presiding Director chairs all regularly scheduled executive sessions and all other meetings of the independent directors.

Each director attended at least 75% of the total meetings of the Board and the committees on which he or she served during 2009. See Board Committees below.

We encourage, but do not require, all directors to attend our annual meetings of stockholders. Seven of the eight directors who were nominated for re-election to the Board in 2009 attended our 2009 Annual Meeting of Stockholders.

Communications with the Board

Stockholders and other parties interested in communicating directly with the Board may do so by writing to Board of Directors, Ventas, Inc., c/o Corporate Secretary, 10350 Ormsby Park Place, Suite 300, Louisville, Kentucky 40223, or by submitting an e-mail to the Board at bod@ventasreit.com. Communications addressed to the Board are screened by our Corporate Secretary for appropriateness before either forwarding to or notifying the members of the Board of receipt of a communication. Additionally, stockholders and other parties interested in communicating directly with the Presiding Director of the Board or with the non-management directors as a group may do so by writing to Presiding Director, Ventas, Inc., 10350 Ormsby Park Place, Suite 300, Louisville, Kentucky 40223, or by submitting an e-mail to the non-management members of the Board at independentbod@ventasreit.com.

Process for Nominating Potential Director Candidates

Our Guidelines on Governance set forth, among other things, the process by which the Nominating and Governance Committee identifies and evaluates nominees for Board membership. Under this process, the Nominating and Governance Committee annually considers and recommends to the Board a slate of directors for election at the next annual meeting of stockholders. In selecting this slate, the Nominating and Governance Committee considers (i) incumbent directors who have indicated a willingness to continue to serve on the Board, (ii) candidates, if any, nominated by our stockholders, and (iii) other individuals as determined by the Nominating and Governance Committee. Additionally, if at any time during the year a seat on the Board becomes vacant or a new seat is created, the Nominating and Governance Committee considers and recommends a candidate to the Board for appointment to fill the seat.

In evaluating potential director candidates, the Nominating and Governance Committee considers, among other factors, the experience, qualifications and attributes listed below and any additional characteristics that it believes one or more directors should possess, based on an assessment of the perceived needs of the Board at that time. The Nominating and Governance Committee regularly reviews the composition of the Board in light of our changing requirements and seeks nominees who, taken together as a group, possess the skills and expertise appropriate for effective functioning of the Board. While different perspectives, skill sets, education, ages, genders, ethnic origins and business experience are factors considered in its annual nomination process, the Nominating and Governance Committee has not established a policy regarding diversity in identifying potential director candidates. Moreover, no single factor or group of factors is necessarily dispositive of whether a candidate will be recommended by the

Nominating and Governance Committee. The Nominating and Governance Committee will consider and apply these same standards in evaluating individuals recommended for nomination by our stockholders in accordance with the procedures described under Stockholder Proposals for the 2011 Annual Meeting of Stockholders.

Table of Contents

In general, the Nominating and Governance Committee seeks to include on the Board a complimentary mix of individuals with diverse backgrounds, knowledge and viewpoints reflecting the broad set of challenges that the Board confronts without representing any particular interest group or constituency. Accordingly, our Guidelines on Governance provide that nominees for membership on the Board should:

Have demonstrated management or technical ability at high levels in successful organizations;

Be currently employed in positions of significant responsibility and decision-making;

Have experience relevant to our operations, such as real estate, real estate investment trusts, healthcare, finance or general management;

Be well-respected in their business and home communities;

Have time to devote to Board duties; and

Be independent from us (except in the case of our Chief Executive Officer) and not related to our other directors or employees.

In addition, our directors are expected to be active participants in governing our enterprise, and the Nominating and Governance Committee looks for certain characteristics common to all Board members, including integrity, independence, leadership ability, constructive and collegial personal attributes, candor and the ability and willingness to evaluate, challenge and stimulate.

We have from time to time retained search firms and other third parties to assist us in identifying potential candidates based on specific criteria that we provided to them, including the qualifications listed above. We may retain search firms and other third parties on similar or other terms in the future.

The Board currently has five standing committees that perform certain functions for the Board:

Audit Committee

The Board has determined that each member of the Audit Committee is independent and satisfies the independence standards of the Sarbanes-Oxley Act of 2002 (the Sarbanes-Oxley Act) and related rules and regulations of SEC and the listing standards adopted by the NYSE, including the additional independence requirements for audit committee members. The Board has also determined that each member of the Audit Committee is financially literate and qualifies as an audit committee financial expert under the rules of the SEC.

The Audit Committee assists the Board in fulfilling its responsibility relating to our accounting and reporting practices, including oversight of the quality and integrity of our financial statements, our compliance with legal and regulatory requirements, the independent registered public accounting firm's qualifications and independence and the performance of our internal audit function and independent registered public accounting firm. Among other things, the Audit Committee:

Annually assesses the adequacy of its charter and reviews its performance;

Appoints and evaluates our independent registered public accounting firm, subject to stockholder ratification;

The Audit Committee maintains free and open communication with the Board, our independent registered public accounting firm, our internal auditors and our financial management.

Compensation Committee

The Board has determined that each member of the Compensation Committee is independent and satisfies the listing standards adopted by the NYSE. The Board has also determined that each member of the Compensation Committee meets the additional requirements for compensation committee members under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act).

The Compensation Committee has primary responsibility for the design, review, approval and administration of all aspects of our executive compensation program. The Compensation Committee makes all compensation decisions for, and reviews the performance of, each of our executive officers other than the Chief Executive Officer. The Compensation Committee also reviews the performance of, and makes compensation recommendations for, the Chief Executive Officer. However, final decisions regarding compensation for the Chief Executive Officer are made by the non-management members of the Board, taking into consideration the Compensation Committee's recommendations.

The Compensation Committee meets regularly throughout the year to review the compensation philosophy and ensure its continued alignment with our business goals and to consider and approve the executive compensation program for the coming year. The Compensation Committee, with the assistance of a nationally recognized independent compensation consultant, discusses changes, if any, to the program structure, assesses the appropriate peer comparators, sets base salaries, determines annual and long-term incentive award levels and establishes the applicable company and individual performance goals for annual and long-term incentive awards. Our executive officers provide support to the Compensation Committee throughout this process by coordinating meeting logistics, preparing and disseminating relevant financial and non-financial company information and relevant market intelligence concerning our peer comparators as a supplement to the comparative market data prepared by the compensation consultant and

making recommendations with respect to company goals and related performance metrics. At the Compensation Committee's request, the Chief Executive Officer attends meetings and recommends to the Compensation Committee any compensation changes affecting the other executive officers. The Chief Executive Officer does not play any role in setting her own compensation. In addition, at the Compensation Committee's request, our General Counsel generally attends meetings to act as secretary and record the minutes of the meetings. At

Table of Contents

each regularly scheduled meeting, however, the Compensation Committee meets in executive session without management present.

The Compensation Committee meets during the first quarter of each year, typically in January, to review the achievement of corporate and individual performance goals for executives and to determine annual and long-term incentive awards for the prior year. Our executive officers provide similar support to the Compensation Committee in this process, and the Chief Executive Officer makes award recommendations with respect to the other executive officers.

Under its charter, the Compensation Committee has authority to retain compensation consultants, outside counsel and other advisors that the Compensation Committee deems appropriate, in its sole discretion, to assist it in discharging its duties and to approve the terms of retention and fees to be paid to those consultants and advisors. The compensation consultant reports to the Compensation Committee and receives no other fees from us outside its role as advisor to the Board and the Compensation Committee. Although the compensation consultant periodically interacts with company employees to gather and review information related to our executive compensation program, this work is done at the direction of the Compensation Committee. Pursuant to our Compensation Consultant Independence Policy, any compensation consultant retained by the Compensation Committee must be independent, as determined by the Compensation Committee in its reasonable business judgment, considering all relevant facts and circumstances.

The Compensation Committee retained Pearl Meyer & Partners (PM&P) as its independent consultant to advise it and the non-management members of the Board, as applicable, on matters related to our executive compensation levels and program design for 2009. The Compensation Committee reviews the scope of work provided by PM&P on an annual basis and has determined that PM&P meets the independence criteria under our Compensation Consultant Independence Policy and applicable SEC guidelines. PM&P and its affiliates did not perform any other non-executive compensation consulting services for us during the year ended December 31, 2009.

The Compensation Committee has considered whether our compensation policies and practices for all employees, including executive officers, create risks that are reasonably likely to have a material adverse effect on our company. In its review, the Compensation Committee noted several design features of our compensation programs that reduce the likelihood of excessive risk-taking, including: a balanced mix of cash and equity and annual and long-term incentives; multiple performance measures with payouts subject to overall assessment of performance; and heavier equity weighting towards restricted stock than stock options to provide greater incentive to create and preserve long-term stockholder value. Based on its evaluation, the Compensation Committee has determined, in its reasonable business judgment, that our compensation practices and policies for all employees do not encourage excessive risk and instead promote behaviors that support long-term sustainability and value creation.

Executive Committee

The Board of Directors has delegated to the Executive Committee the power to direct the management of our business and affairs in emergency situations during the intervals between meetings of the Board (except for matters reserved for the Board and other committees of the Board).

Investment Committee

The function of the Investment Committee is to review and approve certain investments in, and acquisitions or development of, seniors housing and/or healthcare-related properties, as well as divestitures of properties, in accordance with our Investment and Divestiture Approval Policy.

Nominating and Governance Committee

The Board has determined that each member of the Nominating and Governance Committee is independent and satisfies the listing standards adopted by the NYSE. The Nominating and Governance Committee (i) identifies individuals qualified to become members of the Board, (ii) selects, or recommends to

Table of Contents

the Board for selection, director-nominees, (iii) oversees the Board and Board committees, (iv) develops and recommends to the Board a set of corporate governance guidelines and the corporate code of ethics, and (v) generally advises the Board on corporate governance and related matters. Other specific authority and responsibilities of the Nominating and Governance Committee include:

Establishing or approving the criteria for Board membership;

Making recommendations to the Board regarding its size, composition and tenure of directors;

Reviewing stockholder proposals and proposed responses;

Advising the Board on appropriate structure and operations of all committees of the Board, including committee member qualifications;

Reviewing and recommending to the Board committee assignments and additional committee members to fill vacancies as needed;

Annually reviewing and recommending to the Board the amount and types of compensation to be paid to our non-employee directors;

Annually reviewing with the Board succession planning with respect to our Chief Executive Officer and other executive officers;

Periodically reviewing our policies and procedures, including without limitation the corporate governance guidelines and the corporate code of ethics, as it deems appropriate, and recommending any changes or modifications to the Board for approval;

Developing, implementing, reviewing and monitoring an orientation program for new directors, as well as a continuing education program for existing directors;

Monitoring developments, trends and best practices in corporate governance and taking such actions in accordance therewith, as it deems appropriate; and

Overseeing, as it deems appropriate, an evaluation process of the Board and each of the Board committees, as well as an annual self-performance evaluation.

The Nominating and Governance Committee has the authority to form subcommittees of independent directors and delegate its authority, to the extent not otherwise inconsistent with its obligations and responsibilities.

Code of Ethics and Business Conduct

We have adopted a Code of Ethics and Business Conduct that applies to all of our directors and employees, including our Chief Executive Officer and all senior financial officers, such as our Chief Financial Officer and our Chief Accounting Officer and Controller, as required by the Sarbanes-Oxley Act, as well as all of the directors and officers of our subsidiaries.

A copy of the Code of Ethics and Business Conduct is available on our Web site at www.ventasreit.com under the For Investors tab at the top of the page and then under the Corporate Governance link. In addition, we will provide a copy of the Code of Ethics and Business Conduct, without charge, upon request to Ventas, Inc., 10350 Ormsby Park Place,

Suite 300, Louisville, Kentucky 40223, Attention: Corporate Secretary. Waivers from, and amendments to, the Code of Ethics and Business Conduct that apply to our Chief Executive Officer, Chief Financial Officer or persons performing similar functions will be timely posted on our Web site at www.ventasreit.com.

Non-Employee Director Compensation Program

Our Chief Executive Officer, as a Ventas employee, does not receive compensation for her service as a director. The Board believes that the level of non-employee director compensation should be competitive with comparable companies and should enable us to attract and retain individuals of the highest quality to serve as our directors. In addition, the Board believes that a significant portion of that compensation should align director interests with the long-term interests of our stockholders. Accordingly, non-employee directors receive a combination of cash and equity-based compensation for their services.

Cash Compensation

The cash compensation paid to, or earned by, our non-employee directors is comprised of two components: (1) a quarterly retainer and (2) Board and committee meeting fees.

Quarterly Retainer

Each non-employee director receives a \$12,500 retainer for each calendar quarter in which he or she serves as a director. The Presiding Director receives an additional \$6,250 retainer for each calendar quarter served.

Board and Committee Meeting Fees

Each non-employee director receives \$1,500 for each Board meeting and \$1,000 for each committee meeting he or she attends (including telephonic meetings, unless the meeting is ten minutes or less).

Pursuant to our Nonemployee Directors' Deferred Stock Compensation Plan (the "Director Deferred Compensation Plan"), non-employee directors may elect to defer receipt of all or a portion of their retainer and meeting fees. Deferred fees are credited to each participating director in the form of stock units, based on the fair market value of our Common Stock on the deferral date. At the prior election of the participating director, dividend equivalents on the stock units are paid either in additional units or cash. After a participating director ceases to serve on the Board, or at such later time as he or she has previously designated, the director's stock unit account is settled in whole shares of Common Stock on a one-for-one basis and distributed either in one lump sum or in installments over a period of not more than ten years, at the director's prior election. Fractional stock units are paid out in cash.

Equity-Based Compensation

The equity-based compensation paid to our non-employee directors consists of stock options and shares of restricted stock or restricted stock units, at the director's prior election.

Stock Options

On January 1 of each year, each non-employee director who is serving on such date receives a grant of options to purchase 5,000 shares of Common Stock, having an exercise price equal to the fair market value on the date of grant, pursuant to the 2006 Stock Plan for Directors. Effective May 2009, upon initial election or appointment to the Board, each non-employee director receives a grant of options to purchase a number of shares of Common Stock equal to a pro rata portion of the option grant made to the existing directors on January 1 of that year (determined by reference to the number of days remaining in the calendar year), having an exercise price equal to the fair market value on the date of grant, pursuant to the 2006 Stock Plan for Directors. Stock options granted to our non-employee directors generally

vest in two equal annual installments, beginning on the date of grant, and are subject to a ten-year term. The stock option exercise price is the closing price of our Common Stock on the date of grant.

Restricted Stock/Restricted Stock Units

On January 1 of each year, each non-employee director who is serving on such date receives a grant of shares of restricted stock or restricted stock units, at his or her prior election, having an aggregate value equal to \$100,000 minus the value of the same-day grant of options to purchase 5,000 shares of Common Stock described above, pursuant to the 2006 Stock Plan for Directors. Upon initial election or appointment to

Table of Contents

the Board, each non-employee director receives a grant of 2,000 shares of restricted stock or restricted stock units, at his or her prior election, plus, effective May 2009, a number of shares of restricted stock having an aggregate value equal to a pro rata portion of \$100,000 minus the value of the same-day grant of options described above (in each case, determined by reference to the number of days remaining in the calendar year) pursuant to the 2006 Stock Plan for Directors. Shares of restricted stock and restricted stock units granted to our non-employee directors generally vest in two equal annual installments, beginning on the first anniversary of the date of grant.

Reimbursement of Expenses

We reimburse each non-employee director for travel and other expenses associated with attending Board and committee meetings, director education programs and other Board-related activities.

Non-Employee Director Compensation Review Practices

The Nominating and Governance Committee is responsible for annually reviewing the amount and types of compensation to be paid to our non-employee directors. During this process, the Nominating and Governance Committee reviews and evaluates information contained in surveys compiled by NAREIT and the National Association of Corporate Directors and may, as necessary, retain a nationally recognized independent compensation consultant to advise it on appropriate director compensation levels. Any changes to our non-employee director compensation program must be recommended by the Nominating and Governance Committee for approval by the Board. In 2009, the Nominating and Governance Committee recommended, and the Board approved, certain changes to the equity-based compensation paid to our non-employee directors upon initial election or appointment to the Board described above, based on its annual review and in keeping with our philosophy for non-employee director compensation.

Minimum Share Ownership Guidelines for Non-Employee Directors

Our minimum share ownership guidelines require each non-employee director to maintain a minimum number of shares of Common Stock equal to the number of shares granted by us to the non-employee director as compensation during the 36-calendar month period immediately preceding the test date, minus any shares forfeited by the director to pay taxes on the vesting of those shares under our share withholding program. Each non-employee director's compliance with the guidelines is reviewed on July 1 of each year. Each non-employee director has three years from the date that he or she first becomes subject to the guidelines to satisfy the minimum share ownership levels. All of our non-employee directors are currently in compliance with these guidelines, subject to transition rules.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, officers and persons who own more than 10% of our outstanding Common Stock to file reports of beneficial ownership and changes in such ownership with the SEC. Based solely on a review of the copies of those reports furnished to us and on written representations from certain reporting persons that no Form 5 was required for any such persons, we believe that during 2009 all of our directors, officers and persons who own more than 10% of our Common Stock complied with all applicable Section 16(a) filing requirements.

TRANSACTIONS WITH RELATED PERSONS

Our Board has adopted an unwritten policy requiring that any transaction between us and any of our officers, directors or their affiliates be approved by the disinterested members of the Board and be on terms no less favorable to us than those available from unaffiliated parties. In addition, our Audit Committee charter provides that any such transaction and all other conflict of interest or similar matters involving any of our officers or directors must also be reviewed by the Audit Committee. Pursuant to our Conflicts of Interest Policy, officers and directors must disclose in writing to our General Counsel, who will review the matter with the Presiding Director, any existing or proposed transaction in which he or she has a personal interest, or in which there is or might appear to be a conflict of interest by reason of his or her connection to another business organization, and must refrain from voting on any such transaction.

Transactions with ResCare

In 1998, we acquired eight personal care facilities and related facilities for approximately \$7.1 million from Tangram Rehabilitation Services, Inc. (Tangram), a wholly owned subsidiary of ResCare, of which Mr. Geary is Chairman and also served as President and Chief Executive Officer until June 2006. The purchase price for the Tangram facilities was determined by an appraisal conducted by Graham & Associates, Inc., San Marcos, Texas, a certified General Real Estate Appraiser for the State of Texas. We lease these facilities to Tangram pursuant to a Master Lease Agreement, which is guaranteed by ResCare. During 2009, Tangram paid us approximately \$980,871 in base rent payments, which constituted approximately one-tenth of one percent (0.1%) or less of both our and ResCare's annual gross consolidated revenues for the year. We believe that the terms of the Master Lease Agreement represent market rates.

EXECUTIVE COMPENSATION MATTERS

Compensation Discussion and Analysis

The following discussion and analysis provides information regarding the compensation program in place for our principal executive officer, our principal financial officer and our two other executive officers (the Named Executive Officers) for 2009. This Compensation Discussion and Analysis sets forth the overall objectives of our executive compensation program, each element of our executive compensation program, and the policies underlying our 2009 compensation program and payouts for the Named Executive Officers. This discussion contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. Future compensation programs that we adopt may differ materially from currently planned programs.

Objectives of Our Compensation Program

We recognize that effective compensation strategies are critical to recruiting and retaining key employees who contribute to our long-term success and thereby build value for our stockholders. Accordingly, our compensation program is designed to achieve the following primary objectives:

Attract, retain and motivate talented executives;

Link compensation realized to the achievement of our financial and strategic goals, as well as individual goals;

Reward performance that meets or exceeds these established goals;

Encourage executives to become and remain long-term stockholders of Ventas;

Provide balanced incentives that do not promote excessive risk-taking; and

Follow corporate governance best practices.

By establishing and maintaining a performance- and achievement-oriented environment that provides the opportunity to earn market-competitive levels of compensation, which includes both cash and equity, the interests of our executives and stockholders are aligned.

Compensation Consultant and Benchmarking

The Compensation Committee retained PM&P as its independent compensation consultant to advise it and the non-management members of the Board, as applicable, on matters related to the Named Executive Officers compensation and compensation program design for 2009. The Compensation Committee has determined that PM&P meets the criteria for an independent consultant pursuant to our Compensation Consultant Independence Policy and in accordance with SEC guidelines for such services.

In 2009, PM&P provided the Compensation Committee and the non-management members of the Board, as applicable, with comparative market data on compensation practices and programs based on an analysis of peer comparators and provided guidance on best practices. Using this market data, PM&P advised the Compensation Committee and the non-management members of the Board, as applicable, and made recommendations with respect to setting salary levels and establishing performance goals and incentive award levels. For 2009, PM&P compared our executive compensation structure and levels to executive compensation at a comparative group of 19 companies. Our comparative group consisted of REITs similar to us in terms of operations, funds from operations and generally falling within a range of 50% to 200% of our enterprise value and market capitalization and selected healthcare operators that operate properties of the type owned by us.

The reference group set forth below (the *Comparable Companies*) was approved by the Compensation Committee at its August 13, 2008 meeting as the appropriate benchmark for 2009 comparative purposes. These companies report compensation data for executive positions with responsibilities similar in breadth and scope to those of our executives, and these companies generally compete with us for executive talent and stockholder investment:

AMB Property Corp.	HCP, Inc.	Nationwide Health Properties Inc.
AvalonBay Communities, Inc.	Health Care REIT Inc.	Public Storage, Inc.
Camden Property Trust	Host Hotels & Resorts, Inc.	Regency Centers Corp.
Community Health Systems	Kimco Realty Corporation	SL Green Realty Corp.
Developers Diversified Realty Corp.	Kindred Healthcare, Inc.	The Macerich Company
Duke Realty Corp.	Liberty Property Trust	Weingarten Realty Investors
Federal Realty Investment Trust		

The Compensation Committee annually reviews this group to ensure that the companies included remain comparable to us in terms of size and operations and, therefore, may change the composition of the group from time to time as appropriate. In selecting the 2009 Comparable Companies, the Compensation Committee, after consultation with PM&P and in consideration of the increase in our size and the scope of our operations, excluded the following three companies that were previously included in the 2008 comparative group due to their change in size: Brandywine Realty Trust; Healthcare Realty Trust Inc.; and Mack-Cali Realty Corp. At the recommendation of PM&P, the Compensation Committee added The Macerich Company to the 2009 Comparable Companies because it met the applicable selection criteria in terms of enterprise value and market capitalization.

In determining 2009 compensation for our Named Executive Officers, the Compensation Committee, in consultation with PM&P, considered the competitive positioning of our executive compensation levels relative to the market data provided for the following components of pay: base salary; total annual compensation (base salary plus annual

incentives); long-term incentives (annualized expected value of long-term incentives); and total direct compensation (base salary plus annual incentives plus annualized expected value of long-term incentives). We generally target the 50th percentile of the Comparable Companies for base salary and the 65th percentile of the Comparable Companies for total annual compensation, long-term incentives and total direct compensation. However, the program is designed to deliver compensation levels above or below these targets based on performance well above or below established goals. We believe these targets reflect our operating style and the resulting need to attract, retain and stretch top executive talent.

Table of Contents

In addition to evaluating the compensation data described above, the Compensation Committee considers the unique roles that each of our Named Executive Officers holds in benchmarking compensation by position. Specifically, each of our Named Executive Officers performs duties that are traditionally assigned to multiple senior officers in competitive companies. For example, our Executive Vice President, Chief Administrative Officer, General Counsel and Corporate Secretary is not only responsible for legal matters, but plays a critical role in our asset management and acquisition strategies. Similarly, our Executive Vice President and Chief Investment Officer serves as the head of acquisitions, but is also responsible for our marketing and investor relations activities and overseeing our asset management function. Our unusual division of responsibilities has created a cohesive and extremely streamlined management system, which enables us to operate with a smaller staff of senior executives than would be expected of a company undertaking the growth we have experienced historically. Therefore, while the Compensation Committee takes into account available compensation data for executives at the Comparable Companies, it recognizes that important adjustments must be considered in setting benchmarks for each Named Executive Officer.

Elements of Our Compensation Program

For 2009, the compensation provided to our Named Executive Officers consisted of the same elements generally available to our non-executive officers, including base salary, annual cash incentive compensation and long-term incentive compensation, as well as other perquisites and benefits, each of which is described in more detail below. Our compensation philosophy targets a mix that emphasizes variable pay, in addition to long-term value, and our compensation structure is designed so that a significant portion of total direct compensation for a given year will be in the form of equity, which vests over time. This structure, which has been in place for several years, creates greater alignment with stockholders and ensures that risk is managed by decision-makers in a manner that focuses on the creation of long-term value and diminishes the probability of excessive risk taking. We believe that the mix of cash and equity-based compensation, as well as the relationship of fixed to performance-based compensation, is well balanced to achieve the compensation philosophy previously discussed.

The following chart illustrates target levels of these compensation elements as a percentage of total direct compensation for 2009:

	Base Salary	Annual Cash Incentive Compensation	Long-Term Incentive Compensation
Debra A. Cafaro	14%	24%	62%
Richard A. Schweinhart	23%	32%	45%
Raymond J. Lewis	19%	29%	52%
T. Richard Riney	23%	32%	45%

Base Salary

The base salary payable to each Named Executive Officer is intended to provide a fixed component of compensation reflecting the executive's position and responsibilities. Our base salaries are generally targeted to approximate the competitive market median of the Comparable Companies, but may deviate from this target based on the individual's sustained performance, contribution, experience, expertise and specific roles within our company as compared to

benchmark. Base salary is reviewed on an annual basis and may be adjusted to better match competitive market levels and/or to recognize an executive's growth and development in his or her position and increasing levels of responsibility. The Compensation Committee also considers the success of the executive officer in developing and executing our strategic plans, exercising leadership and creating stockholder value. The Compensation Committee does not assign any specific weights to these factors.

In connection with its review of 2009 base salaries for the Named Executive Officers, the Compensation Committee analyzed and evaluated base salary information from the compensation study compiled by PM&P using proxy statements of the Comparable Companies to confirm appropriate compensation levels. Although the Compensation Committee periodically considers data from REIT industry

Table of Contents

and other compensation surveys, the Compensation Committee places primary emphasis on the Comparable Companies data, as the proxy statements for those companies contain more detailed information by individual executive than what is typically provided in compensation surveys.

For 2009, the Compensation Committee and the non-management members of the Board, in the case of the Chief Executive Officer, approved the following increases in base salary for the Named Executive Officers:

	Base Salary		Year-Over-Year % Growth
	2009	2008	
Debra A. Cafaro	\$ 652,000	\$ 630,000	3.5%
Richard A. Schweinhart	375,000	362,250	3.5%
Raymond J. Lewis	407,000	380,000	7.1%
T. Richard Riney	348,000	336,000	3.6%

With these increases, the 2009 base salary for each Named Executive Officer approximates the market median based on information from the PM&P compensation study. Mr. Lewis received a higher base salary increase than the other Named Executive Officers to reflect his leadership development and active management of our senior living operations.

Annual Cash Incentive Compensation

We provide our Named Executive Officers with the opportunity to earn annual cash incentive awards, which are intended to compensate executives for achieving our annual corporate financial and non-financial goals and their individual goals. At the beginning of each year, a range of earnings opportunity, expressed as multiples of base salary and corresponding to three levels of performance (threshold, target and maximum), is established for each executive. Annual cash incentive awards are then determined and paid in the first quarter of the year following the performance year.

The table below illustrates the earnings opportunities of each of the Named Executive Officers under our annual cash incentive plan for performance in fiscal 2009 that were approved by the Compensation Committee and by the non-management members of the Board, in the case of the Chief Executive Officer, in January 2009:

	2009 Annual Incentive Opportunity (as a multiple of base salary)		
	Threshold	Target	Maximum
Debra A. Cafaro	1.0x	1.75x	3.5x
Richard A. Schweinhart	0.7x	1.4x	2.1x
Raymond J. Lewis	0.75x	1.5x	2.25x
T. Richard Riney	0.7x	1.4x	2.1x

At these target levels, the 2009 total annual compensation for each Named Executive Officer approximates the 65th percentile based on information from the PM&P compensation study. The Compensation Committee believes the Chief Executive Officer should have the greatest alignment with our shareholders, and, therefore, her compensation structure was designed to reflect a higher sensitivity to our performance than the compensation structure of the other Named Executive Officers.

At the end of 2008 and in January 2009, due to the external economic environment, the Compensation Committee adopted a revised company performance measure under the annual cash incentive plan for 2009 that was more consistent with our strategic plan at that time. This measure was based upon specified financial and non-financial criteria described below and was determined to account for 40% of the value of the 2009 annual cash incentive award, thereby replacing the normalized Funds from Operations (FFO) per share, investment volume and pro forma fixed charge coverage measures under the 2008 annual cash incentive plan.

Table of Contents

The specific performance measures and their weightings under the annual cash incentive plan for 2009 for each Named Executive Officer, as set by the Compensation Committee and the non-management members of the Board, in the case of the Chief Executive Officer, were as follows:

One-year relative total shareholder return (25% of annual cash incentive award): Our total shareholder return for 2009 compared to the total shareholder return of the Comparable Companies for the same period. Goals established by the Compensation Committee for this performance measure were 33rd percentile at the threshold level, 50th percentile at the target level and 75th percentile at the maximum level.

Company Performance Based upon Specified Criteria (40% of annual cash incentive award): Company performance based upon a number of specified qualitative criteria as determined by the Compensation Committee. For 2009, the specified criteria under this performance measure consisted of normalized FFO per share outcome, prudent acquisitions (if any), balance sheet and liquidity, solid management of our senior living operating portfolio, management of tenant/borrower defaults (if any), and capital markets execution, in each case at the discretion of the Compensation Committee. While there was no specific weighting or target level attributed to any of these factors, the Compensation Committee carefully analyzed these factors in determining the value of the 2009 annual cash incentive awards. For computational purposes of the normalized FFO per share criteria, we use the NAREIT definition of FFO, with adjustments to exclude items such as (i) merger-related costs and expenses that are not capitalized under generally accepted accounting principles (GAAP), (ii) the impact of any expenses related to asset impairment and valuation allowances, the write off of unamortized deferred financing fees, or additional costs, expenses, discounts or premiums incurred as a result of early debt retirement, (iii) the non-cash effects of income tax benefits, (iv) dilution, if any, resulting from our outstanding convertible notes and (v) the reversal of contingent liabilities. NAREIT defines FFO as net income (computed in accordance with GAAP), excluding gains or losses from sales of real estate property, plus real estate depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures.

Individual performance (35% of annual cash incentive award): To be determined in the discretion of the Compensation Committee taking into account the individual's performance under his or her specified management objectives established for 2009. Individual management objectives cover areas of special emphasis related to the particular responsibilities and duties of the Named Executive Officer, as well as other matters such as succession planning, departmental team building, professional development, personal growth and extraordinary or unusual accomplishments or contributions.

We believe that the goals set by the Compensation Committee are stretch goals, such that significant performance is expected in order to pay out at target levels. However, as in past years, these goals are challenging, but achievable.

In January 2010, the Compensation Committee determined that each of the Named Executive Officers had achieved a high level of performance between the target and maximum levels overall under the annual cash incentive plan for 2009, with several specific accomplishments, including:

Total shareholder return of 38.9% for the year, which, although it substantially exceeded the 2009 return of 28.6% for the MSCI US REIT Index, ranked us slightly above the 50th percentile among the Comparable Companies;

Normalized FFO per diluted share of \$2.68, a 1% decrease from 2008 (compared to a 7% decrease on average by our healthcare REIT peers and an 11% decrease on average by all REITs), which was an excellent result in light of external economic factors and the dilutive impact of the defensive strategies we

employed in 2009 to improve our balance sheet, such as the issuance of 9% more shares of Common Stock in a public equity offering;

Cash flow from operations growth of 11%;

Table of Contents

Limited, focused investments totaling approximately \$136 million for the year, which reflects the Board's and management's decision to retain and build liquidity and balance sheet strength and management's prudence in evaluating strategic acquisitions due to unfavorable market conditions;

Maintenance of a top 15 REIT balance sheet and credit statistics, evidenced by debt to enterprise value at December 31, 2009, the extension to 2012 of \$765 million of borrowing capacity under our unsecured revolving credit facilities, ample coverage of \$185 million of debt maturing through 2010 by cash on hand and undrawn borrowing capacity on the unsecured revolving credit facilities, favorable credit statistics (net debt to EBITDA (earnings before interest, taxes, depreciation and amortization) and fixed charge coverage ratios), and a credit rating upgrade to BBB (stable) by Fitch Ratings;

Management's dedicated efforts to actively manage our senior living operating portfolio through extensive work with Sunrise Senior Living, Inc. on its pricing, marketing and expense strategy, comprehensive visits to all 79 communities, and assumption of the casualty insurance program for the portfolio, resulting in 2009 portfolio operating results that exceeded market expectations;

An increase of 3.4% in same-store cash net operating income (NOI) at our triple-net leased portfolio, which accounted for 75% of our NOI;

The successful negotiation of a \$2 million fair market annual rental increase with one of our operators, the renewal by Kindred to 2015 of leases covering 108 assets expiring in April 2010 without any rent reduction, and the lack of any tenant defaults in 2009, which reflects our proactive, aggressive asset management; and

The issuance and sale of 13,062,500 shares of our common stock in an underwritten public offering for aggregate proceeds of \$312 million, the concurrent issuance and sale of \$200 million aggregate principal amount of our senior notes due 2016 in an underwritten public offering for aggregate proceeds of \$169 million, \$173 million in mortgage financings through government-sponsored entities at attractive rates, and the repayment or purchase of \$521 million of debt maturities through tender offers, repayments and open market transactions.

Accordingly, the annual cash incentive awards granted to the Named Executive Officers for 2009 performance were between their respective target and maximum levels. The annual cash incentive awards granted to Ms. Cafaro and Mr. Schweinhart equaled 88% of their respective maximum levels, and the annual cash incentive awards granted to the other Named Executive Officers equaled 93% of their respective maximum levels. The actual award amounts ranged from 1.85x to 3.09x base salary and are set forth in the Non-Equity Incentive Plan Compensation column of the 2009 Summary Compensation Table below.

Long-Term Incentive Compensation

As described above, the Compensation Committee believes that a substantial portion of each Named Executive Officer's compensation should be in the form of long-term incentive compensation. Long-term incentive awards are based on a number of criteria as determined by the Compensation Committee, including the achievement of pre-established corporate and individual goals for the performance year. At the beginning of each year, a range of earnings opportunity, expressed as multiples of base salary and corresponding to three levels of performance (threshold, target and maximum), is established for each executive. Long-term incentive opportunity is generally targeted at the 65th percentile of the Comparable Companies. However, the Compensation Committee reviews the performance metrics and required performance levels in the context of market pay and performance data each year

when setting the range of earnings opportunity and when determining the actual awards earned. Long-term incentive awards are then determined and granted in the first quarter of the year following the performance year.

The table below illustrates the earnings opportunities of each of the Named Executive Officers under our long-term incentive plan for performance in fiscal 2009 that were approved by the Compensation

Table of Contents

Committee and by the non-management members of the Board, in the case of the Chief Executive Officer, in January 2009:

	2009 Long-Term Incentive Opportunity (as a multiple of base salary)		
	Threshold	Target	Maximum
Debra A. Cafaro	1.0x	4.5x	9.0x
Richard A. Schweinhart	1.0x	2.0x	3.0x
Raymond J. Lewis	1.375x	2.75x	4.125x
T. Richard Riney	1.0x	2.0x	3.0x

At these target levels, the 2009 long-term incentives for each Named Executive Officer result in total direct compensation levels that approximate the 65th percentile or slightly lower based on information from the PM&P compensation study. Similar to the philosophy regarding the annual cash incentive opportunity, the Compensation Committee believes the Chief Executive Officer should have the greatest alignment with our shareholders, and, therefore, her compensation structure was designed to reflect higher sensitivity to performance than the other Named Executive Officers.

For 2009, the value of the long-term incentive award was based primarily on whether management acted with due caution to protect and enhance our stockholders' best interests in recognition of the then current market conditions in acquisitions, liquidity, finance, capital markets and similar matters. In addition, the Compensation Committee considered the accomplishment of a series of corporate objectives, including total shareholder return (absolute and relative to our peers), strong credit characteristics, balance sheet and liquidity management and capital markets execution, infrastructure investments, effective management of our triple-net leased properties and our senior living operating portfolio, tenant/operator diversification, continued development of our medical office building business, the outcome in our litigation with HCP, Inc. (HCP), business ethics and reputation and individual performance, and other appropriate factors, in each case at the discretion of the Compensation Committee. While there was no specific weighting or target level attributed to any of these factors, the Compensation Committee carefully analyzed these factors in determining the 2009 long-term incentive awards for the Named Executive Officers.

In January 2010, the Compensation Committee determined that each of the Named Executive Officers had performed well against the performance objectives under the long-term incentive plan for 2009 based on the accomplishments described above and several other key value creating achievements, including:

Ten-year long-term value creation for shareholders, being named the top performing publicly-listed financial company (including banks, insurance companies and REITs) of the decade and ending 2009 with a compound annual total shareholder return in excess of 35% during that period;

Access to multiple capital markets on favorable terms relative to then current market conditions;

An 11% increase in cash flow from operations over 2008;

Growth in company scale and size, ending the year as the 8th largest REIT by equity market capitalization and 14th largest REIT by enterprise value;

The favorable \$101.6 million jury verdict in our litigation against HCP;

Solid operating results for our senior living portfolio;

Continued payment of cash dividends at a time when a majority of REITs either cut or eliminated their cash dividends;

Inclusion in the S&P 500 Index, which is comprised of 500 leading companies in major U.S. industries and is widely regarded as the best single gauge of the large cap U.S. equities market;

Table of Contents

An increase in our FFO multiple; and

A credit rating upgrade by Fitch Ratings (which was one of only five total upgrades given to REITs by all three nationally recognized ratings agencies in 2009).

Accordingly, the long-term incentive awards granted to the Named Executive Officers for 2009 performance were between their respective target and maximum levels. The long-term incentive awards granted to Ms. Cafaro and Messrs. Lewis and Riney equaled 95% of their respective maximum levels. The long-term incentive award granted to Mr. Schweinhart equaled 83% of his maximum level. The actual award amounts ranged from 2.50x to 8.55x base salary as follows: Ms. Cafaro - \$5,574,600; Mr. Schweinhart \$937,500; Mr. Lewis \$1,594,931; and Mr. Riney \$991,800. These amounts will be reflected in next year's Summary Compensation Table as restricted stock and option awards granted in 2010.

For 2009, long-term incentive compensation consisted of equity awards in the form of stock options and shares of restricted stock made pursuant to our 2006 Incentive Plan. The Compensation Committee recognizes that while the annual cash incentive plan provides rewards for management actions that impact short- and mid-term performance results, the interests of stockholders are also served by giving key employees the opportunity to participate in the appreciation of our Common Stock through grants of stock options and restricted stock awards. The use of equity awards encourages management to create stockholder value over the long term because the full benefit of the compensation package cannot be realized unless an appreciation in price of the Common Stock occurs over time. In addition, equity awards are an effective tool for management retention because vesting occurs over a number of years.

For 2009, the Compensation Committee determined that 70% of the value of the long-term incentive award should be granted in the form of shares of restricted stock and 30% should be granted as stock options. The long-term incentive equity mix is weighted more heavily toward restricted stock because we believe that restricted stock provides a stronger incentive to create and preserve long-term stockholder value. Furthermore, restricted stock is the most prevalent form of long-term incentive compensation among the Comparable Companies. Equity grants for the Named Executive Officers, other than the Chief Executive Officer, are made on the date that the Compensation Committee meets to review annual performance and determine the long-term incentive awards. For the Chief Executive Officer, equity grants are made on the date that the non-management members of the Board meet to review and approve the recommendations of the Compensation Committee, which typically has been the same date on which equity grants for the other Named Executive Officers are made. In general, shares of restricted stock and stock options granted to executives vest in three equal annual installments, beginning on the date of grant, and stock options are subject to a ten-year term. The stock option exercise price is the closing price of our Common Stock on the date of grant.

Benefits and Perquisites

The Named Executive Officers generally participate in the same benefit programs as our other employees, including:

health, dental and vision insurance (of which we pay 100% of the premium);

short-term disability, long-term disability and life insurance coverage (at no cost to the employee);

paid time off and paid holidays;

payment of health club/gym membership fees (up to \$80 per month); and

a tax-qualified 401(k) plan (to which we contribute 3% of the employee's base salary, up to the federal limit).

These benefits are designed to be competitive with overall market practices. In addition, we may provide certain perquisites and other personal benefits to better enable us to attract and retain superior employees for key positions. For 2009, the only perquisites and benefits that were not otherwise available to all employees consisted of supplemental disability insurance coverage for Ms. Cafaro. The Compensation Committee periodically reviews the level of perquisites and other personal benefits provided to each Named Executive Officer and has determined that they are in line with current market practice.

Table of Contents*Compensation of Our Named Executive Officers for 2009 and 2008 Performance*

In order to provide stockholders with a more complete picture of our Named Executive Officers' compensation, we are providing additional compensation information not required by the SEC. The table below shows each Named Executive Officer's total compensation for services performed in 2009 and 2008. In contrast to the Summary Compensation Table, which discloses the grant date fair value of equity awards made in the year shown, this table discloses the grant date fair value of equity awards made in January of the subsequent year with respect to each Named Executive Officer's performance for the year shown (e.g., equity awards granted in 2010 for 2009 performance).

Name	Performance Year	Long-Term Incentive Award						Total Compensation (4)

	2008	336,000	540,960	18,273	529,200	36,938	226,800	1,632,960

(1) Amounts shown represent the full grant date fair value, calculated pursuant to FASB guidance relating to fair value provisions for share-based payments. The aggregate value of the long-term incentive awards granted to each Named Executive Officer for 2009 and 2008 performance was as follows:

	2009	2008
Ms. Cafaro	\$ 5,574,600	\$ 3,546,900
Mr. Schweinhart	937,500	815,063
Mr. Lewis	1,594,931	1,067,800
Mr. Riney	991,800	756,000

Per the 2009 and 2008 compensation plans established by the Compensation Committee and, in the case of Ms. Cafaro, approved by the non-management members of the Board, 70% of the value of the long-term incentive awards was paid in restricted stock and 30% of the long-term incentive awards was paid in stock options. The shares of restricted stock and stock options vest in three equal annual installments beginning on the date of grant.

- (2) The closing prices of our Common Stock on the dates of grant (January 20, 2010 for 2009 performance and January 21, 2009 for 2008 performance) were \$44.56 and \$28.96, respectively.
- (3) Stock options granted for 2009 performance were valued at \$9.76 per option, with an exercise price of \$44.56, and stock options granted for 2008 performance were valued at \$6.14 per option, with an exercise price of \$28.96.
- (4) Total compensation excludes amounts shown in the All Other Compensation column of the 2009 Summary Compensation Table.

Severance Benefits

Each of our Named Executive Officers is entitled to receive severance benefits upon certain qualifying terminations of employment (subject to any required delayed payment pursuant to Section 409A of the Code), based either on the provisions of the executive's employment agreement and/or a change of control severance agreement. These severance arrangements are intended to retain executives and generally to provide replacement income if their employment is terminated involuntarily other than for cause and, in the case of severance benefits payable in connection with a change of control, to provide for continuity of management during such process. Under these agreements, which have been in existence for several years and were not modified in 2009, we have also elected to provide certain tax gross-up payments to the Named Executive Officers with respect to payments made in connection with a change of control. The Compensation Committee considers the potential severance payments, including the gross-ups, to be necessary to attract and retain top

Table of Contents

executives. However, as noted under *Potential Payments Upon Termination or Change of Control* in this Proxy Statement, no tax gross-up payments would become due to the Named Executive Officers under the scenarios and assumptions presented therein.

Tax Considerations

Section 162(m) of the Code places a limit of \$1 million on the amount of compensation that we may deduct in any year with respect to each of our Named Executive Officers other than the Chief Financial Officer, unless the compensation is performance-based compensation and meets certain requirements, as described in Section 162(m) and the related regulations. We have intended that certain compensation paid to the Named Executive Officers qualify for deductibility under Section 162(m), including certain compensation related to options granted pursuant to our long-term incentive plan. The Compensation Committee believes, however, that it is important to preserve flexibility and maximize the effectiveness of our executive compensation programs in a manner designed to recruit, retain and reward high-performing executives or promote varying corporate goals. Accordingly, the Compensation Committee may approve compensation that exceeds the \$1 million limit and does not meet the requirements of Section 162(m), but that is deemed to be in our best interests and the best interests of our stockholders.

Minimum Share Ownership Guidelines for Senior Executive Officers

Our minimum share ownership guidelines for our senior executive officers require each of those officers to maintain a minimum equity investment in our company based upon a multiple (five times, in the case of the Chief Executive Officer, and three times, in the case of all other executive officers) of his or her then-current base salary. Each senior executive officer's compliance with the guidelines is reviewed on July 1 of each year and the results are provided to and reviewed by the non-management members of the Board. The guidelines require that senior executive officers achieve the minimum equity investment within five years from the date he or she first becomes subject to the guidelines. Until the minimum equity investment is met, such officer must retain at least 60% of the Common Stock granted to the officer and/or purchased by the officer through the exercise of stock options. All of our senior executive officers are currently in compliance with the minimum stock ownership guidelines.

Adjustment or Recovery of Awards

Under Section 304 of the Sarbanes-Oxley Act, if we are required to restate our financial results due to material noncompliance with any financial reporting requirement as a result of misconduct, our Chief Executive Officer and Chief Financial Officer must reimburse us for (i) any bonus or other incentive-based or equity-based compensation received during the twelve months following the public issuance of the non-complying document and (ii) any profits realized from the sale of our securities during those twelve months.

Amendments to Employment and Change of Control Severance Agreements

On March 19, 2007, we amended the terms of our employment agreements with Messrs. Schweinhart, Lewis and Riney and Mr. Riney's change-in-control severance agreement to limit the amount of severance payable to each executive upon termination of his employment by us other than for Cause or by him for Good Reason (as those terms are defined in the applicable agreement) to a maximum of \$3 million (as adjusted annually to reflect increases in the Consumer Price Index (CPI)), as well as to address compliance with the deferred compensation requirements of Section 409A of the Code. Messrs. Schweinhart, Lewis and Riney agreed to these amendments at the request of the Compensation Committee, which determined that such limits were appropriate in light of the current market and governance environment for executive compensation. In exchange, the amendments clarified that, upon any such termination, each executive would be entitled to receive a lump sum payment equal to the amount of awards previously granted to him under our deferred cash incentive program but not yet paid. As of December 31, 2009, all

amounts granted under the deferred cash incentive program had been paid and the program was no longer in effect. All other terms of the agreements, including the vesting of equity awards, remained unchanged. The material provisions of the employment

agreements and Mr. Riney's change-in-control severance agreement, in each case as amended, are summarized under Employment and Change in Control Severance Agreements with Named Executive Officers below.

In December 2008, we amended the terms of our employment agreements with Ms. Cafaro and Messrs. Schweinhart, Lewis and Riney and Mr. Riney's change-in-control severance agreement to further address compliance with the deferred compensation requirements of Section 409A of the Code. All other terms of the agreements remained unchanged.

- (4) The amounts shown represent the long-term incentive award for each of the Named Executive Officers for performance in fiscal 2009 that had not yet been earned as of December 31, 2009. These awards consist of restricted stock (70%) and options (30%).

2009 Options Exercised and Stock Vested Table

The following table sets forth information regarding the value realized by the Named Executive Officers pursuant to the vesting or exercise of equity-based awards during 2009:

Name	Option Awards		Stock Awards	
	Number of Shares Acquired Upon Exercise (#)	Value Realized Upon Exercise (\$)	Number of Shares Acquired Upon Vesting (#)	Value Realized Upon Vesting (\$)(1)
Debra A. Cafaro		\$	101,715	\$ 3,471,313
Richard A. Schweinhart			14,889	427,472
Raymond J. Lewis	53,596	762,889	16,845	484,079
T. Richard Riney			12,589	361,981

- (1) The amounts shown in this column reflect the value of the shares based on the closing price of our Common Stock on the vesting date.

To the extent that a Named Executive Officer used stock to pay the exercise price of options or to satisfy the tax obligations with respect to restricted stock, the number of shares acquired would be less than the amount shown. The

value realized has not been reduced to reflect the payment of any tax obligations.

2009 Nonqualified Deferred Compensation Table

The following table provides additional information regarding the amounts paid to the Named Executive Officers in 2009 pursuant to the previous deferred cash incentive program under our long-term incentive compensation plan:

Name	Executive Contributions in Last Fiscal Year (\$)	Registrant Contributions in Last Fiscal Year (\$)	Aggregate Earnings in Last Fiscal Year (\$)	Aggregate Withdrawals/Distributions (\$)(1)	Aggregate Balance at Last Fiscal Year End (\$)
Debra A. Cafaro				\$ 888,000	
Richard A. Schweinhart				325,500	
Raymond J. Lewis				315,000	
T. Richard Riney				283,500	

- (1) The amounts shown in this column reflect final amounts vested and paid in January 2009 in respect of awards previously earned and granted to the Named Executive Officers pursuant to the deferred cash incentive program for performance in fiscal 2006. Under the deferred cash incentive program, 40% of the value of the long-term incentive award was deferred for three years from the beginning of the fiscal year to which the award related and was paid in cash, if at all, at the end of such three-year period. The Compensation Committee elected to discontinue the deferred cash incentive program in favor of all equity awards under the long-term incentive program for periods beginning on or after January 1, 2007. No further amounts are payable under the previous deferred cash incentive program.

Table of Contents**Employment and Change of Control Severance Agreements with Named Executive Officers**

Each of our Named Executive Officers is entitled to receive severance benefits upon certain qualifying terminations of employment, based either on the provisions of his or her employment agreement and/or change-in-control severance agreement. The Compensation Committee considers the potential severance payments, including certain excise tax gross-ups, to be necessary to attract and retain top executives. It also considers these payments to be consistent with market practices based on PM&P's compensation study at the time the agreements were amended.

Employment Agreement: Cafaro

We and Ms. Cafaro are parties to an amended and restated employment agreement dated December 28, 2006, as amended (the Cafaro Employment Agreement), pursuant to which Ms. Cafaro continues to serve as our Chairman, President and Chief Executive Officer. In consultation with PM&P, the non-management members of the Board determined that changes to Ms. Cafaro's previous employment agreement were necessary to better reflect our vastly improved business prospects from the date on which Ms. Cafaro joined us in 1999, as well as the current market and governance environment for executive compensation. In exchange for the valuable concessions Ms. Cafaro made in the Cafaro Employment Agreement, the non-management members of the Board made a special grant to her on December 28, 2006 of 179,813 shares of restricted stock, vesting ratably over a five-year period, and also provided that, with respect to her services rendered during 2007, Ms. Cafaro would be entitled to an annual bonus in cash of \$2.1 million and a package of long-term incentives having a total value at grant of \$5.4 million that vest or are payable over time.

The term of Ms. Cafaro's employment under the Cafaro Employment Agreement began on December 28, 2006 and will continue until Ms. Cafaro's employment is terminated or the Cafaro Employment Agreement is amended. The Cafaro Employment Agreement provides Ms. Cafaro with an annual base salary of not less than \$600,000, subject to increases, if any, as determined by the Compensation Committee, and eligibility to participate in our incentive and other employee benefit plans. In addition, as previously discussed, the Cafaro Employment Agreement provided Ms. Cafaro with an annual bonus in cash of \$2.1 million and a package of long-term incentives having a total value at grant of \$5.4 million for her services rendered during 2007.

The Cafaro Employment Agreement further specifies that we are obligated to provide Ms. Cafaro with \$2 million of life insurance coverage and executive disability coverage that would provide annual benefits of at least 100% of her base salary, to reimburse her for reasonable travel expenses incurred by her to travel to and from the Chicago area once each week and to gross up Ms. Cafaro with respect to any taxes imposed upon her by Section 4999 of the Code, or any similar state or local tax as a result of payments made under the Cafaro Employment Agreement or other plans, arrangements, agreements, policies or programs maintained by us.

If Ms. Cafaro's employment is terminated by reason of death or disability, she is entitled to receive a prorated portion of her Target Bonus (as defined below) for the year of termination and, in the case of disability, continuation of medical and dental insurance benefits for two years. If Ms. Cafaro's employment is terminated by us other than for Cause or by her for Good Reason, she will be entitled to receive a lump sum payment equal to (i) the prorated portion of her Target Bonus for the year of termination plus (ii) three times the sum of (A) her base salary as then in effect and (B) her Target Bonus for the year of termination. In addition, Ms. Cafaro would become fully vested in all restricted stock awards, stock options and other performance-related compensation, including performance cash plan awards (assuming maximum individual and company performance), her interests under any retirement, savings, deferred compensation, profit sharing or similar arrangement would be automatically fully vested and she would be entitled to continuation of medical, dental, life and disability insurance benefits for two years. We would also be obligated to

provide Ms. Cafaro with outplacement in the form of executive office space and services for one year following termination, with an aggregate cost not to exceed \$50,000. If we terminate Ms. Cafaro's employment for Cause, no additional payments are made under the Cafaro Employment Agreement.

Table of Contents

No separate payments will be due to Ms. Cafaro upon the occurrence of a Change of Control (as defined below) without a termination of her employment.

Upon termination of the Cafaro Employment Agreement for any reason, Ms. Cafaro will be subject to noncompetition and nonsolicitation restrictions for a period of one year following such termination. Ms. Cafaro will also be subject to certain confidentiality and nondisparagement restrictions.

For purposes of the Cafaro Employment Agreement:

Target Bonus means the greater of (i) the highest actual bonus paid to Ms. Cafaro pursuant to our annual incentive plan with respect to any of the three preceding calendar years and (ii) the full amount of Ms. Cafaro's annual bonus (assuming maximum individual and company performance) in respect of services for the year of termination.

Cause means Ms. Cafaro's (i) conviction of or plea of nolo contendere to a crime involving moral turpitude or (ii) willful and material breach of her duties and responsibilities which is directly and materially harmful to our business and reputation and which is committed in bad faith or without reasonable belief that such conduct is in our best interests, but with respect to (ii) only if the Board adopts a resolution by a vote of at least 75% of its members so finding after giving Ms. Cafaro and her attorney an opportunity to be heard.

Good Reason means the occurrence of any of the following events: (i) a diminution in Ms. Cafaro's position, authority, duties or responsibilities as President and Chief Executive Officer (it being understood that it shall constitute a diminution under this clause (i) if Ms. Cafaro ceases to be the chief executive officer of a publicly traded company following a transaction in which we are a participant); (ii) a reduction in Ms. Cafaro's base salary, annual maximum bonus opportunity or, except as uniformly applicable to all of our similarly situated executives, benefits and perquisites; (iii) our requiring Ms. Cafaro to relocate her principal business office to a location more than 30 miles from her existing office (except for a relocation to Chicago, Illinois); (iv) our failure or refusal to comply with any provision of the Cafaro Employment Agreement; (v) certain events of bankruptcy involving our company; and (vi) our failure to obtain the assumption of the Cafaro Employment Agreement by any successor to all or substantially all of our business and/or assets. In addition, a termination by Ms. Cafaro for any reason at any time during the 30-day period immediately following the one-year anniversary of a Change of Control is deemed to be a termination with Good Reason for all purposes of the Cafaro Employment Agreement.

Change of Control means the occurrence of any of the following events: (i) beneficial ownership by any person or group (as those terms are defined in the Securities Exchange Act of 1934, as amended (the Exchange Act)), other than us, our subsidiaries or any employee benefit plan maintained by us, of 20% or more of any class of our outstanding equity securities or the combined voting power of our outstanding voting securities entitled to vote generally in the election of directors; (ii) persons who constituted our Board as of the effective date of the Cafaro Employment Agreement, together with any new director whose election or nomination for election was approved by a vote of a majority of those persons, cease for any reason to constitute a majority of our Board; (iii) consummation of a merger, consolidation or reorganization involving us (subject to certain exceptions); (iv) approval by our stockholders of a complete liquidation or dissolution of our company; (v) approval by our stockholders of an agreement for the assignment, sale, conveyance, transfer, lease or other disposition of all or substantially all of our assets to any person, other than our subsidiaries; (vi) any transaction reasonably likely to result in our failure to continue to qualify as a REIT; and (vii) any other event that the Board determines constitutes an effective Change of Control.

Employment Agreements: Schweinhart and Lewis

We and Mr. Schweinhart are parties to an amended and restated employment agreement dated as of December 31, 2004, as amended (the Schweinhart Employment Agreement), pursuant to which

Table of Contents

Mr. Schweinhart continues to serve as our Senior Vice President and Chief Financial Officer. Mr. Schweinhart was promoted to Executive Vice President in January 2006. The initial term of the Schweinhart Employment Agreement expired on December 31, 2005; however, the term of the Schweinhart Employment Agreement is automatically extended by one additional day for each day following the effective date of the Schweinhart Employment Agreement that Mr. Schweinhart remains employed by us until we elect to cease such automatic extension by giving notice to Mr. Schweinhart. Upon such notice, the Schweinhart Employment Agreement will terminate no sooner than twelve months after the giving of such notice. The Schweinhart Employment Agreement provides Mr. Schweinhart with an annual base salary of not less than \$262,000.

We and Mr. Lewis are parties to an employment agreement dated as of September 18, 2002, as amended (the Lewis Employment Agreement), pursuant to which Mr. Lewis became our Senior Vice President and Chief Investment Officer. Mr. Lewis was promoted to Executive Vice President in January 2006. The initial term of the Lewis Employment Agreement expired on September 30, 2003; however, the term of the Lewis Employment Agreement is automatically extended by one additional day for each day following the effective date of the Lewis Employment Agreement that Mr. Lewis remains employed by us until we elect to cease such automatic extension by giving notice to Mr. Lewis. Upon such notice, the Lewis Employment Agreement will terminate no sooner than twelve months after the giving of such notice. The Lewis Employment Agreement provides Mr. Lewis with an annual base salary of not less than \$210,000.

The Schweinhart Employment Agreement and the Lewis Employment Agreement (collectively, the Executive Employment Agreements) contain similar terms. The Executive Employment Agreements provide that Mr. Schweinhart and Mr. Lewis (each, an Executive) are eligible for bonuses and to participate in our incentive and other employee benefit plans and may receive increases in their base salaries from time to time with the approval of the Chief Executive Officer and the Compensation Committee. The Executive Employment Agreements further provide for the gross up of any payments or benefits to which the Executives may be entitled thereunder for any taxes imposed upon them by Section 4999 of the Code or any similar state or local tax. Under certain circumstances, however, such payments or benefits may be subject to reduction such that there would not be any taxes imposed upon the Executives under Section 4999 of the Code or any similar state or local tax.

If an Executive's employment is terminated by reason of death or disability, he is entitled to receive a prorated portion of his annual bonus, assuming maximum individual and company performance (the Maximum Annual Bonus), for the year of termination. If we terminate an Executive's employment other than for Cause (as defined below) or if an Executive terminates his employment for Good Reason (as defined below) other than in connection with a Change of Control (as defined below), he will be entitled to receive a lump sum payment (not to exceed \$3 million, as adjusted annually to reflect increases in CPI) equal to one year's base salary as then in effect plus his Maximum Annual Bonus for the year of termination. In addition, the Executive would be treated as having one additional year of service for purposes of vesting of restricted stock and one additional year in which to exercise options and would be entitled to the continuation of medical, dental, life and long-term disability insurance benefits for up to one year following termination. If we terminate an Executive's employment for Cause, no additional payments are made under his Executive Employment Agreement.

If, within one year following a Change of Control, we terminate an Executive's employment other than for Cause, or if an Executive terminates his employment for Good Reason, he would receive: (i) a lump sum payment (not to exceed \$3 million, as adjusted annually to reflect increases in CPI) equal to two times (x) the sum of his base salary and Maximum Annual Bonus for the year of termination, plus (y) the fair market value of the maximum number of shares of restricted stock authorized to be issued to him in the year of termination; (ii) the full vesting of all options and restricted stock held by him; and (iii) continuation of medical, dental, life and long-term disability insurance benefits for two years.

Upon termination of an Executive Employment Agreement for any reason, the Executive will be subject to noncompetition, nonsolicitation and noninterference restrictions for a period of one year following such termination. The Executive will also be subject to certain confidentiality and nondisparagement restrictions.

Table of Contents

Good Reason means any of the following: (i) the assignment to the Executive of any duties materially and adversely inconsistent with his position, authority or duties as prescribed by the Executive Employment Agreement or our requiring him to be based at any office or location other than that described in the Executive Employment Agreement or any other action by us that results in a diminution or other material adverse change in such position, authority or duties; (ii) our failure to pay the Executive s minimum specified base salary; (iii) our failure to provide the annual bonus opportunity prescribed by the Executive Employment Agreement; (iv) our failure to provide any equity award, plan or benefits or perquisites prescribed by the Executive Employment Agreement; (v) any other material adverse change to the terms and conditions of the Executive s employment; and (vi) our failure to cause the assumption of the Executive Employment Agreement by any successor to all or substantially all of our business and/or assets, in each case which is not cured within 30 days after written notice from the Executive.

Change of Control means the occurrence of any of the following events: (i) beneficial ownership by any person or group (as those terms are defined in the Exchange Act), other than us, our subsidiaries or any employee benefit plan maintained by us, of 35% or more of any class of our outstanding equity securities or the combined voting power of our outstanding voting securities entitled to vote generally in the election of directors; (ii) persons who constituted our Board as of December 31, 2004 (in the case of Mr. Schweinhart) or as of August 2, 2002 (in the case of Mr. Lewis), together with any new director whose election or nomination for election was approved by a vote of a majority of those persons, cease for any reason to constitute a majority of our Board; (iii) consummation of a merger, consolidation or reorganization involving us (subject to certain exceptions); (iv) approval by our stockholders of a complete liquidation or dissolution of our company; (v) approval by our stockholders of an agreement for the assignment, sale, conveyance, transfer, lease or other disposition of all or substantially all of our assets to any person, other than our subsidiaries; and (vi) any other event that the Board determines constitutes an effective Change of Control.

Employment Agreement and Change of Control Severance Agreement: Riney

We and Mr. Riney are parties to an amended and restated employment agreement dated as of July 31, 1998, as amended (the Riney Employment Agreement), pursuant to which Mr. Riney became our Executive Vice President, General Counsel and Corporate Secretary. Mr. Riney was designated our Chief Administrative Officer in February 2007. The initial term of the Riney Employment Agreement expired on July 31, 1999; however, the term of the Riney Employment Agreement is automatically extended by one additional day for each day following the effective date of the agreement that Mr. Riney remains employed by us until we elect to cease such extension by giving notice to Mr. Riney. Upon such notification, the Riney Employment Agreement will terminate in one year. The Riney Employment Agreement provides Mr. Riney with an annual base salary of not less than \$137,000, subject to increases, if any, as determined by the Compensation Committee, and eligibility to participate in our incentive and other employee benefit plans.

If Mr. Riney's employment is terminated by reason of death or disability, Mr. Riney is entitled to a prorated portion of his Target Bonus (as defined below) for the year of termination. If we terminate Mr. Riney's employment other than for Cause (as defined below) or if Mr. Riney terminates his employment for Good Reason (as defined below), he will be entitled to receive a lump sum payment (not to exceed

\$3 million, as adjusted annually to reflect increases in CPI) equal to (i) the prorated portion of his Target Bonus for the year of termination plus (ii) one times the sum of his base salary as then in effect and his Target Bonus for the year of termination. In addition, Mr. Riney would be treated as having one additional year of service for purposes of vesting of restricted stock and one additional year in which to exercise options and would be entitled to the continuation of medical, dental, life and disability insurance benefits for one year. If we terminate Mr. Riney's employment for Cause, no additional payments are made under the Riney Employment Agreement.

We and Mr. Riney are also parties to a change-in-control severance agreement dated as of May 1, 1998, as amended (the Riney Severance Agreement), which provides for severance benefits to become payable if, within two years following a Change of Control (as defined below), either (i) we terminate Mr. Riney without Cause or (ii) Mr. Riney terminates employment with us for Good Reason. The Riney Severance Agreement also provides that the severance benefits will become payable if Mr. Riney terminates employment with us within either of two 30-day periods commencing 30 days after the Change of Control and one year after the Change of Control. In the event of a termination covered by the Riney Severance Agreement, the benefits to be afforded to Mr. Riney include: (i) a lump sum payment (not to exceed \$3 million, as adjusted annually to reflect increases in CPI) equal to two times the greater of (a) the sum of (x) his base salary and Target Bonus as of the date of termination, plus (y) the fair market value of the maximum number of restricted shares to be issued for the year of termination or (b) the sum of (x) his base salary and Target Bonus as of the date immediately prior to the effectiveness of the Change of Control (the Change of Control Date), plus (y) the fair market value of the maximum number of restricted shares to be issued for the year in which the Change of Control Date occurs; (ii) continuation of medical, dental, life and disability insurance benefits for two years; and (iii) an additional payment for any excise taxes he may incur as a result of the Change of Control.

Both the Riney Employment Agreement and the Riney Severance Agreement provide for the gross up of any payment or benefits to which he may be entitled thereunder or any other agreement for any taxes imposed upon him by Section 4999 of the Code or any similar state or local tax.

For purposes of the Riney Employment Agreement and the Riney Severance Agreement:

Cause means Mr. Riney's (i) conviction of or plea of nolo contendere to a crime involving moral turpitude or (ii) willful and material breach of his duties and responsibilities which is committed in bad faith or without reasonable belief that such conduct is in our best interests, but with respect to (ii) only if the Board adopts a resolution by a vote of at least 75% of its members so finding after giving Mr. Riney and his attorney an opportunity to be heard.

Good Reason means the occurrence of any of the following events: (i) the assignment to Mr. Riney of duties of a substantially non-executive or non-managerial nature; (ii) an adverse change in Mr. Riney's status or position as an executive officer, including as a result of a diminution in his duties and responsibilities (other than a change directly attributable to our ceasing to be a publicly owned company); (iii) a reduction in Mr. Riney's base salary, bonus opportunity or, except as uniformly applicable to all of our similarly situated executives, benefits and perquisites (which reduction, for purposes of the Riney Employment Agreement, is material); (iv) our requiring Mr. Riney to relocate his principal business office to a location more than 30 miles from his existing office; and (v) our failure to obtain the assumption of the Riney Employment Agreement by any successor to all or substantially all of our business and/or assets, in each case, for purposes of the Riney Employment Agreement, which is not cured within 30 days after written notice from Mr. Riney.

Change of Control means the occurrence of any of the following events: (i) beneficial ownership by any person or group (as those terms are defined in the Exchange Act), other

than us, our subsidiaries or any employee benefit plan maintained by us, of 20% or more of the combined voting power of our outstanding voting securities; (ii) persons who constituted our Board as of May 1, 1998, together with any new director whose election or nomination for election was approved by a vote of a majority of those persons, cease for any reason to constitute a majority of our Board; (iii) consummation of a merger, consolidation or reorganization involving us (subject to certain exceptions); (iv) approval by our stockholders of a complete liquidation or dissolution of our company; (v) approval by our stockholders of an agreement for the assignment, sale, conveyance, transfer, lease or other disposition of all or substantially all of our assets to any person, other than our subsidiaries; and (vi) any other event that the Board determines constitutes an effective Change of Control.

Potential Payments upon Termination or Change of Control

The table below reflects the amount of compensation and benefits payable to each Named Executive Officer in the event of (i) termination for Cause or without Good Reason, (ii) termination other than for Cause or with Good Reason (involuntary termination), (iii) a Change of Control (without any termination of employment), (iv) involuntary termination following a Change of Control, (v) death and (vi) disability. The amounts shown assume a termination date and/or Change of Control date of December 31, 2009 and, therefore, are estimates of the amounts that would be paid to the Named Executive Officers upon such events. The actual amounts can only be determined at the time of the Named Executive Officer's termination of employment or the Change of Control. Receipt of benefits upon termination is subject to the execution of a general release of claims by the Named Executive Officer or his or her beneficiary.

(1) Target Bonus or Maximum Annual Bonus, as applicable for each Named Executive Officer, is defined above under Employment and Change of Control Severance Agreements with Named Executive Officers.

(2) Multiples for the Named Executive Officers are as follows:

(3) Pursuant to our 2000 Incentive Compensation Plan and 2006 Incentive Plan, upon a change of control or in the event of death or disability of a participant while employed by us, all options held by the participant become fully vested and immediately exercisable and all restrictions and other conditions pertaining to shares of restricted stock and restricted stock units held by the participant immediately lapse. In the event of involuntary termination, Messrs. Schweinhart, Lewis and Riney would be treated as having one additional year of service for purposes of vesting of restricted stock.

(4) Assumes a stock price of \$43.74, the closing price of our Common Stock on December 31, 2009, the last trading day of the fiscal year. For purposes of the table, the value of vesting of restricted stock is determined by multiplying the number of shares by \$43.74 and the value of vesting of options is determined by subtracting the option exercise price from \$43.74 and multiplying by the number of options.

- (5) Although included as a contractual payment in this table, Ms. Cafaro's prorated portion of her Target Bonus for the assumed year of termination was excluded from the calculation of the excise tax. In addition, although the Cafaro Employment Agreement and the Executive Employment Agreements contain certain restrictive covenants, including noncompetition and nonsolicitation provisions, no specific value has been ascribed to these covenants.
- (6) Pursuant to the Executive Employment Agreements, the Riney Employment Agreement and the Riney Severance Agreement, the amount of certain severance payable to each of Messrs. Schweinhart, Lewis and Riney is limited to a maximum of \$3 million, as adjusted annually to reflect increases in CPI.

Table of Contents

- (7) The fair market value of maximum restricted stock grant under the long-term incentive plan is determined by multiplying the maximum 2009 long-term incentive opportunity by 0.70.
- (8) Pursuant to the Executive Employment Agreements, under certain circumstances, payments or benefits to Messrs. Schweinhart and Lewis may be subject to reduction such that there would not be any taxes imposed upon them under Section 4999 of the Code or any similar state or local tax.

Executive Officer 10b5-1 Plans

From time to time, certain of our executive officers may adopt non-discretionary, written trading plans that comply with Rule 10b5-1 of the SEC. Ms. Cafaro currently has in effect such a plan. Ms. Cafaro's 10b5-1 plan covers the sale of 312,225 shares of Common Stock either owned by her or expected to be acquired by her through the exercise of options previously granted to her as a portion of her long-term compensation, subject to certain conditions (including an average minimum sale price exceeding \$56 per share), and is expected to be in effect until March 2011. In addition, a trust of which Ms. Cafaro's spouse is the trustee has adopted a 10b5-1 plan covering the sale of 30,000 shares of Common Stock expected to be acquired by the trust through the exercise of options previously granted to, and gifted by, Ms. Cafaro, subject to certain conditions (including an average minimum sale price of \$60 per share), which is expected to be in effect until March 2011. At March 8, 2010, Ms. Cafaro beneficially owned approximately 1.5 million shares of Common Stock (including options which are exercisable within 60 days).

In December 2009, Mr. Riney adopted a 10b5-1 plan covering the sale of 78,924 shares of Common Stock either owned by him or expected to be acquired by him through the exercise of options previously granted to him as a portion of his long-term compensation, subject to certain conditions (including certain threshold per share prices), which had a term expiring in December 2010. On March 16, 2010, the conditions to sale under Mr. Riney's 10b5-1 plan had been met, and all 78,924 shares of Common Stock were sold pursuant thereto.

PROPOSAL 2 RATIFICATION OF THE SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2010

The Audit Committee has appointed Ernst & Young as our independent registered public accounting firm for fiscal year 2010. Ernst & Young will examine our financial statements for fiscal year 2010. Although not required by our bylaws or otherwise, the Audit Committee and the Board believe it is appropriate, as a matter of good corporate practice, to request that stockholders ratify the selection of Ernst & Young as our independent registered public accounting firm for 2010. If the stockholders do not ratify this selection, the Audit Committee will reconsider the selection and may retain another independent registered public accounting firm without resubmitting the matter to the stockholders. Even if the stockholders vote on an advisory basis in favor of the selection, the Audit Committee may, in its discretion, direct the selection of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and the interests of our stockholders. One or more members of Ernst & Young are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they so desire and are expected to be available to respond to appropriate questions.

Ratification of the selection of Ernst & Young as our independent registered public accounting firm requires the affirmative vote of the holders of the majority of the shares represented at the Annual Meeting, in person or by proxy, and entitled to vote.

The Board of Directors Recommends a Vote FOR Ratification of the Selection of Ernst & Young as Our Independent Registered Public Accounting Firm for Fiscal Year 2010.

AUDIT MATTERS

Audit Committee Report

The Audit Committee oversees Ventas's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements for the year ended December 31, 2009 with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, its judgments as to the quality, not just the acceptability, of Ventas's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards, including Statement on Auditing Standards No. 61, *Communications with Audit Committees* (SAS 61), as amended and as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the

independent registered public accounting firm's communications with the Audit Committee concerning independence. In addition, the Audit Committee has discussed with the independent registered public accounting firm that firm's independence from management and Ventas. The Audit Committee has also considered the compatibility of non-audit services with the firm's independence.

Table of Contents

The Audit Committee discussed with the independent registered public accounting firm the overall scope and plans for its audit. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of its examination, its evaluations of Ventas's internal controls, and the overall quality of Ventas's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in Ventas's Annual Report on Form 10-K for the year ended December 31, 2009 for filing with the SEC. The Audit Committee has also recommended, and the Board has approved, the selection of Ventas's independent registered public accounting firm.

Policy on Pre-Approval of Audit and Permissible Non-Audit Services

The Audit Committee has implemented pre-approval policies related to the provision of both audit and non-audit services performed by our independent registered public accounting firm in order to assure that the provision of such services and related fees not impair the firm's independence. Under these procedures, the annual audit services and related fees of the independent registered public accounting firm are subject to the specific approval of the Audit Committee. The independent registered public accounting firm must provide the Audit Committee with an engagement letter prior to or during the first calendar quarter of each calendar year outlining the scope of the audit services proposed to be performed during the applicable calendar year and the proposed fees for such audit services. If agreed to by the Audit Committee, the engagement letter will be formally accepted by the Audit Committee as evidenced by the execution of the engagement letter by the Chair of the Audit Committee. The Audit Committee approves, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, company structure or other matters.

Also under these procedures, the Audit Committee may grant pre-approval for those permissible non-audit services that it believes are services that would not impair the independence of the independent registered public accounting firm. The Audit Committee may not grant approval for any services categorized as Prohibited Non-Audit Services by the SEC. Certain non-audit services have been pre-approved by the Audit Committee, and all other non-audit services must be separately approved by the Audit Committee. To obtain approval of other permissible non-audit services, management must submit to the Audit Committee those non-audit services for which it recommends the Audit Committee engage the independent registered public accounting firm. Management and the independent registered public accounting firm must each confirm to the Audit Committee that each non-audit service for which approval is requested is not a Prohibited Non-Audit Service. The term of any pre-approved non-audit service is twelve months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. Fee levels for all non-audit services to be provided by the independent registered public accounting firm are established periodically by the Audit Committee. Any proposed services exceeding these levels require separate pre-approval by the Audit Committee. With respect to each proposed pre-approved non-audit service, the independent registered public accounting firm, as necessary, must provide detailed back-up documentation to the Audit Committee regarding the particular service to be provided.

At each regularly scheduled Audit Committee meeting, our management and the independent registered public accounting firm report on the non-audit services provided by the independent registered public accounting firm pursuant to the pre-approval process during the quarter and year-to-date and the fees incurred for such services during

the periods. Our Chief Accounting Officer and Controller is responsible for tracking all independent registered public accounting firm fees for pre-approved non-audit services.

Table of Contents**Independent Registered Public Accounting Firm's Fees**

Ernst & Young audited our financial statements for the year ended December 31, 2009 and has been our independent registered public accounting firm since May 1998. Fees billed by Ernst & Young for the years ended December 31, 2009 and 2008 were as follows:

	2009	2008
Audit Fees(1)	\$ 799,500	\$ 949,090
Audit-Related Fees(2)	39,500	
Tax Fees(3)	236,553	328,844
All Other Fees	2,094	
Total	\$ 1,077,647	\$ 1,277,934

- (1) The category of Audit Fees includes the aggregate fees billed for professional services rendered by Ernst & Young for the audit of our annual consolidated financial statements (including debt covenant compliance letters), audit of internal control over financial reporting, review of interim financial statements included in our Quarterly Reports on Form 10-Q for such fiscal year, advice on audit and accounting matters that arose during, or as a result of, the audit or the review of interim financial statements and work on securities and other filings with the SEC, including comfort letters, consents and comment letters. Audit Fees for 2008 include fees billed for the audit of annual financial statements and review of interim financial statements of ElderTrust Operating Limited Partnership.
- (2) The category of Audit-Related Fees consists principally of accounting consultations concerning financial accounting and reporting standards.
- (3) The category of Tax Fees consists principally of reviews of tax returns and advice on tax-planning matters primarily related to acquisitions.
- (4) Other Fees for 2009 relate to annual subscription fees for Ernst & Young's online technical site.

All audit-related services, tax services and other services were pre-approved by the Audit Committee in accordance with the Audit Committee's pre-approval policies described above. The Audit Committee determined that the provision of these services by Ernst & Young did not compromise Ernst & Young's independence and was consistent with its role as our independent registered public accounting firm.

PROPOSAL 3 STOCKHOLDER PROPOSAL REGARDING MAJORITY VOTING FOR DIRECTORS

The United Association S&P 500 Index Fund (the Fund), a stockholder that owns approximately 3,479 shares of Common Stock, has notified us of its intention to propose a resolution at the Annual Meeting. The Fund's address is P.O. Box 8635, Boston, Massachusetts 02266-8635. In accordance with applicable SEC rules, the proposed resolution

and supporting statement submitted by the Fund, for which we and the Board are not responsible, are set forth below.

Approval of this stockholder proposal requires the affirmative vote of the holders of the majority of the shares represented at the Annual Meeting, in person or by proxy, and entitled to vote.

Stockholder Resolution and Supporting Statement

Resolved: That the shareholders of Ventas, Inc. (Company) hereby request that the Board of Directors initiate the appropriate process to amend the Company s corporate governance documents (certificate of incorporation or bylaws) to provide that director nominees shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareholders, with a plurality vote standard retained for contested director elections, that is, when the number of director nominees exceeds the number of board seats.

Supporting Statement: In order to provide shareholders a meaningful role in director elections, the Company s director election vote standard should be changed to a majority vote standard. A majority vote standard would require that a nominee receive a majority of the votes cast in order to be elected. The standard is particularly well-suited for the vast majority of director elections in which only board nominated candidates are on the ballot. We believe that a majority vote standard in board elections would establish a challenging

Table of Contents

vote standard for board nominees and improve the performance of individual directors and entire boards. The Company presently uses a plurality vote standard in all director elections. Under the plurality standard, a board nominee can be elected with as little as a single affirmative vote, even if a substantial majority of the votes cast are withheld from the nominee.

In response to strong shareholder support for a majority vote standard, a strong majority of the nation's leading companies, including Intel, General Electric, Motorola, Hewlett Packard, Morgan Stanley, Home Depot, Gannett, Marathon Oil, and Pfizer have adopted a majority vote standard in company bylaws or articles of incorporation. Additionally, these companies have adopted director resignation policies in their bylaws or corporate governance policies to address post-election issues related to the status of director nominees that fail to win election. Other companies have responded only partially to the call for change by simply adopting post election director resignation policies that set procedures for addressing the status of director nominees that receive more withhold votes than for votes. At the time of this proposal submission, our Company and its board had not taken either action.

We believe that a post election director resignation policy without a majority vote standard in company governance documents is an inadequate reform. The critical first step in establishing a meaningful majority vote policy is the adoption of a majority vote standard. With a majority vote standard in place, the board can then take action to develop a post election procedure to address the status of directors that fail to win election. A majority vote standard combined with a post election director resignation policy would establish a meaningful right for shareholders to elect directors, and reserve for the board an important post election role in determining the continued status of an unelected director. We urge the Board to take this important step of establishing a majority vote standard in the Company's governance documents.

Board Statement Opposing Stockholder Proposal

The Board believes that adherence to sound corporate governance policies and practices is important to ensuring that we are governed and managed with the highest standards of responsibility, ethics and integrity and in the best interests of our stockholders. After careful consideration, the Board, upon the recommendation of the Nominating and Governance Committee, has determined that implementing the majority vote standard advanced in this stockholder proposal would not enhance shareholder value and would not serve our best interests or the best interests of our stockholders at the current time.

Accordingly, the Board recommends a vote **AGAINST** this proposal.

Plurality voting is a broadly accepted and efficient voting standard. In accordance with Delaware law and our bylaws, our directors are elected under a plurality vote standard, meaning that the nominees who receive the most affirmative votes are elected to the Board. Plurality voting, which the proposal seeks to replace, was developed many years ago as a reform to avoid the possibility and consequences of failed elections, where a nominee or slate of nominees is unable to achieve a majority of the votes cast. The rules governing plurality voting are well established and widely understood, and the Board believes this system is a fair and democratic way to elect directors. The plurality vote standard delivers election results in a simple, efficient and transparent manner, and it is the predominant voting method currently used by U.S. public companies.

To our knowledge, a majority vote standard would not have changed the outcome of any of our previous director elections. Although the proponent states that under the plurality vote standard, a nominee can be elected with as little as a single affirmative vote, as a practical matter, our directors have consistently received broad stockholder support, on average well over 90% of the votes cast. Moreover, in no instance has plurality voting prevented our stockholders from either electing the directors they wanted to elect or otherwise expressing their dissatisfaction with any particular director or the Board as a whole. To our knowledge, a majority vote standard would have had no effect whatsoever on

the outcome of any Board election to date.

The qualifications of and performance by our directors would not be affected by a new standard. The Board believes that we have strong corporate governance policies and procedures in place that are designed to identify and nominate qualified director candidates who will best serve our interests and the interests of our

Table of Contents

stockholders. The Nominating and Governance Committee, which is comprised solely of independent directors, thoroughly evaluates and recommends both incumbent and potential new directors, including nominees proposed by stockholders, based on a number of criteria described under *Corporate Governance Process for Nominating Potential Director Candidates* in this Proxy Statement. Through that process, we have had great success in nominating and electing a highly qualified, effective Board whose leadership is evidenced by our track record of performance.

Under our organizational documents, all of our directors are elected annually, which ensures that our stockholders are able to communicate their confidence in or concerns over our performance on a regular basis through withhold votes or otherwise. Withhold votes allow stockholders to express their views in a meaningful way without affecting our fundamental governance structure or limiting the flexibility that is necessary for the Board to act efficiently. Stockholders should not underestimate the impact that a significant withhold vote would have under our current plurality vote standard. If one or more of our directors were to receive a significant withhold vote in an election, the Board would take that into serious consideration in determining whether such directors should be nominated for election the following year. In addition, stockholders are always free to express any concerns directly to the non-management members of the Board through the communication procedures described under *Corporate Governance Board of Directors Communications with the Board* in this Proxy Statement.

The proposal is premature. We regularly monitor developments in the area of corporate governance to ensure that we adhere to the highest standards of responsibility, ethics and integrity, and we recognize that majority voting has become the subject of significant public debate among the legal community, shareholder advocates, governance experts, legislative bodies, public companies and other groups. Despite the adoption of a majority vote standard by some large public companies, these groups continue to evaluate the consequences of majority voting without a clear consensus. Since majority voting involves potential issues for which there is little precedent, the Board believes that any change in the way we elect our directors should not be undertaken without a complete understanding of the full ramifications of its adoption.

For example, the stockholder proposal does not deal fully with the removal of incumbent directors who are nominated for re-election but do not receive a majority vote. Under Delaware law, directors continue to serve until their successors are elected and qualified, and therefore, even if the proposal were adopted, we could not force a director who failed to receive a majority vote to leave the Board until his or her successor is elected at a subsequent stockholder meeting. The proposal also fails to address vacancies on the Board if a director is not elected because he or she fails to receive a majority vote. Delaware law and our bylaws permit the Board to appoint a director to fill the vacancy or let the position remain vacant. Accordingly, if the proposal were adopted, stockholders would have no greater assurance that the person selected to fill the position would be any more satisfactory than the person who failed to receive the majority vote or the Board could have vacancies for an indefinite period of time, which might raise issues in complying with NYSE listing requirements pertaining to director independence or SEC rules relating to Audit Committee qualifications.

Majority voting has significant disadvantages. A majority vote standard also has significant disadvantages, such as:

Disruption of Board functioning Unplanned departures and board vacancies due to failed elections could be disruptive and interfere with the functioning of the Board and the committees on which the terminated directors served.

Expensive and distracting proxy solicitations Majority voting, coupled with the recent elimination of broker discretionary votes in uncontested director elections, raises the likelihood of failed elections, which could cause every annual meeting of stockholders to turn into an expensive, disruptive and distracting contest for votes.

Increased influence of proxy advisory firms and special interest stockholder groups A majority vote standard gives proxy advisory firms greater influence over director elections, given institutional holders strict adherence to voting guidelines that are heavily focused on technical

Table of Contents

corporate governance mechanics, without consideration of the merits of the matter at issue or the impact of following the recommendation. Majority voting, particularly when so-called empty voting and stock borrowing is employed, also magnifies the impact of just vote no campaigns by special interest stockholder groups whose interests and agendas may differ from those of our stockholders generally.

We will continue to monitor developments on the majority voting issue and may take steps in the future consistent with our commitment to act in the best interests of our stockholders. Our stockholders already have a meaningful and significant role in the election of our directors, and for the reasons presented above, the Board does not believe that our interests or the interests of our stockholders would be best served by adopting a majority vote standard at this time.

The Board of Directors Recommends a Vote AGAINST the Stockholder Proposal Regarding Majority Voting for Directors.

STOCKHOLDER PROPOSALS FOR THE 2011 ANNUAL MEETING OF STOCKHOLDERS

Any stockholder proposal intended to be presented at the 2011 Annual Meeting of Stockholders must be received by our Corporate Secretary by November 19, 2010 and meet the requirements of our bylaws and Rule 14a-8 under the Exchange Act in order to be considered for inclusion in our proxy materials for that meeting.

According to our bylaws, a stockholder proposal, including stockholder recommendations regarding director nominations, must meet certain requirements described in the bylaws and may only be acted upon at an annual meeting of stockholders if the stockholder gives timely notice to us of such proposal (at least 60 but not more than 90 days before such annual meeting); provided, however, that if we give less than 70 days notice or prior public disclosure of the date of the annual meeting, notice by the stockholder must be given to us not later than the tenth day following the earlier of the date on which such notice of the meeting was mailed or the date on which such public disclosure was made. The persons appointed as proxies for the 2011 Annual Meeting will have discretionary voting authority with respect to any stockholder proposal, including any director nomination, that is submitted to us otherwise than in conformity with such requirements of our bylaws.

OTHER MATTERS

The only matters to be considered at the Annual Meeting or any adjournment thereof, so far as known to the Board of Directors, are those set forth in the Notice of Meeting and routine matters incident to the conduct of the Annual Meeting. However, if any other matters should properly come before the Annual Meeting or any adjournment thereof, the persons named in the accompanying form of proxy, or their substitutes, will have discretionary voting authority with respect to any stockholder proposal that is submitted to us otherwise than in conformity with the requirements of our bylaws.
