ITEM 2.02 RESULTS OF OPERATIONS AND FINANCIAL CONDITION

The registrant has revised its reporting segments in the fourth quarter of 2010. The segment change reflects the manner in which the Company is currently organized for purposes of making operating decisions and assessing performance. Segment data for prior reporting periods has been adjusted to reflect the new segment reporting.

Net incurred claim and claim adjustment expenses and reserves for certain mass tort claims were previously reported as part of the Corporate & Other Non-Core segment. These mass tort claims were centrally managed along with asbestos and environmental pollution claims. A significant portion of this centralized claim group became employees of a subsidiary of Berkshire Hathaway Inc. as a result of the previously announced Loss Portfolio Transfer transaction that closed on August 31, 2010. Management responsibility for these mass tort claims has now been assigned to the segment from which the mass tort arose, which could be either CNA Specialty or CNA Commercial. This change had no impact on the Company's CNA Specialty and Life & Group Non-Core segments for the periods presented herein.

On January 20, 2011, the Company posted a financial supplement on its website providing information on its revised segments as if the segment change occurred as of the beginning of the earliest period presented. The financial supplement is furnished as Exhibit 99.1 to this Form 8-K.

The information under Item 2.02 and in Exhibit 99.1 in this Current Report is being furnished and shall not be deemed filed for the purpose of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section. The information under Item 2.02 and in Exhibit 99.1 in this Current Report shall not be incorporated by reference into any registration statement or other document pursuant to the Securities Act of 1933, as amended.
