Item 8.01. Other Events.

On February 3, 2011, Ormat Nevada Inc. (Ormat Nevada), a wholly-owned subsidiary of Ormat Technologies, Inc. (the Company), entered into an Agreement for Purchase of Membership Interest in OPC LLC (the Purchase Agreement) with JPM Capital Corporation (JPMCC) and consummated the sale to JPMCC of all of the Class B membership interests in OPC LLC held by Ormat Nevada for a purchase price of \$24.9 million. In connection with the transaction Ormat Nevada, Morgan Stanley Geothermal LLC (Morgan Stanley, an existing holder of membership interests in OPC LLC), and JPMCC amended and restated the OPC LLC limited liability company agreement by executing a Second Amended and Restated LLC Agreement of OPC LLC (the Amended OPC LLC Agreement). OPC LLC was initially established by Ormat Nevada to hold its Desert Peak 2, Steamboat Hills, Galena 2, and Galena 3 geothermal power plants (all located in Nevada) jointly with institutional equity investors. Following the closing under the Purchase Agreement, JPMCC will hold 300 of the 1,000 outstanding Class B membership interests of OPC LLC. Ormat Nevada will continue to hold all of the 1,000 outstanding Class A membership interests of OPC LLC it previously held, and Morgan Stanley will continue to hold the 700 outstanding Class B membership interests of OPC LLC it previously held. The Purchase Agreement contains certain covenants, representations and warranties and indemnities customary for agreements of this type.

Pursuant to the Amended OPC LLC Agreement, Ormat Nevada continues to operate and maintain the power plants and initially had the right to receive all of the distributable cash flow generated by the power plants until it recovered the capital that it invested in the power plants, while Morgan Stanley and JPMCC receive substantially all of the production tax credits and the taxable income or loss, and the distributable cash flow after Ormat Nevada has recovered its capital.

Once Morgan Stanley and JPMCC reach a target after-tax yield on their investment in OPC LLC (the Flip Date), Ormat Nevada will receive 95% of both distributable cash and taxable income, on a going forward basis. Following the Flip Date, Ormat Nevada also has the option to buy out the Class B members remaining interest in OPC LLC at the then-current fair market value or, if greater, the Class B members capital account balances in OPC LLC. Should Ormat Nevada exercise this purchase option, it would thereupon revert to being sole owner of the power plants.

The Amended OPC LLC Agreement provides that voting rights are based on a capital structure that is comprised of Class A and Class B membership units. Ormat Nevada holds 75% of the voting rights in OPC LLC, Morgan Stanley holds 17.5% of the voting rights in OPC LLC and JPMCC holds 7.5% of the voting rights in OPC LLC. Other than in respect of customary protective rights, all operational decisions in OPC LLC are decided by the vote of a majority of the membership units.

The Amended OPC LLC Agreement contains, among other things, rights and obligations of the members, transfer provisions and governance provisions that are customary for agreements of this type.
