GENERAL QUESTIONS ABOUT THE ANNUAL MEETING

What information is contained in this proxy statement?

The information in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, our Board of Directors and its committees, the compensation of our directors and executive officers, and other required information.

Who is soliciting my vote?

Our Board of Directors is soliciting your vote at the annual meeting.

Who will bear the costs of soliciting proxies for the annual meeting?

This solicitation of proxies is made on behalf of our Board of Directors, and we will bear the costs of solicitation. The expense of preparing, assembling, printing and mailing this proxy statement and the materials used in this solicitation of proxies also will be borne by us. It is contemplated that proxies will be solicited principally through the mail, but our directors, officers and employees may solicit proxies personally or by telephone. Upon request, we will reimburse banks, brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for distributing these proxy materials to our shareholders.

What is the purpose of the annual meeting?

At the annual meeting, shareholders will act upon the matters outlined in the accompanying notice of annual meeting of shareholders, including the election of four directors, the advisory vote related to executive compensation, the advisory vote on the frequency of the vote on executive compensation, the ratification of the selection of our independent registered public accounting firm for 2011, and the transaction of any other business that may properly come before the meeting or any adjournments or postponements thereof. Proxies solicited hereby may be exercised only at the annual meeting, including any adjournments or postponements thereof, and will not be used for any other purpose.

Who is entitled to vote?

Only shareholders of record at the close of business on the record date, March 4, 2011, are entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on that date at the meeting, or any adjournments or postponements thereof. As of the close of business on March 4, 2011, there were 45,793,048 shares of our common stock outstanding.

Table of Contents

What is the difference between a holder of record and a beneficial owner of shares held in street name?

Holder of Record. If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, you are considered the holder (or shareholder) of record with respect to those shares. As a holder of record, you should have been furnished this proxy statement and a proxy card directly by us.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a securities broker, bank or other similar organization acting as a nominee, then you are considered the beneficial owner of shares held in street name. The organization holding your account is considered the holder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account. Accordingly, you should have been furnished this proxy statement and a voting instruction form by that organization.

How can I vote?

Holder of Record. If you are a holder of record, you may vote either in person at the annual meeting, via the Internet (by following the instructions provided on the proxy card), by telephone (by calling the toll free number found on the proxy card), or by mail (by filling out the proxy card and returning it in the reply envelope provided).

Beneficial Owner of Shares Held in Street Name. If you hold your shares in street name, you should receive a voting instruction form from your securities broker, bank or other similar organization acting as a nominee asking you how you want to vote your shares. If you do not, you should contact your securities broker, bank or other similar organization acting as a nominee and obtain a voting instruction form from them. If you plan to attend the annual meeting and vote your shares in person, you must contact the securities broker, bank or other similar organization acting as a nominee in whose name your shares are registered to obtain a broker's proxy issued in your name and bring it to the annual meeting in order to vote.

How many votes do I have?

Each outstanding share of our common stock entitles its holder to cast one vote on each matter to be voted upon, except with respect to the election of directors in which you may cumulate your votes.

Pursuant to our certificate of incorporation and by-laws, you have the right to cumulate your votes at annual meetings in which more than one director is being elected. Cumulative voting entitles you to a number of votes equal to the number of shares of common stock held by you multiplied by the number of directors to be elected. As a holder of our shares of common stock, you may cast all or any number of such votes for one nominee or distribute such votes among any two or more nominees as you desire. Thus, for example, for the election of the four nominees being considered at this annual meeting, a shareholder owning 1,000 shares of our common stock is entitled to 4,000 votes and may distribute such votes equally among the nominees for election, cast them for the election of only one of such nominees, or otherwise distribute such votes as he or she desires.

If you return an executed proxy but do not expressly indicate that your votes should be cumulated in a particular fashion, the votes represented by your proxy will be distributed equally among the four nominees designated by our Board of Directors or in such other fashion as will most likely ensure the election of all the nominees.

How does our Board of Directors recommend that I vote?

Our Board of Directors recommends that you vote **FOR** the election of each nominee to the Board; **FOR** the advisory vote related to the compensation of our executives; for **3 Years** regarding the frequency of the advisory vote on executive compensation; and **FOR** the ratification of our independent registered public accounting firm for 2011.

Table of Contents

Each proxy also confers discretionary authority on our Board of Directors to vote the proxy with respect to: (i) the approval of the minutes of the last annual meeting of shareholders; (ii) the election of any person as director if any nominee is unable to serve or, for good cause, will not serve; (iii) matters incident to the conduct of the annual meeting; and (iv) such other matters as may properly come before the annual meeting. Except with respect to procedural matters incident to the conduct of the annual meeting, we are not aware of any business that may properly come before the meeting other than those matters described in this proxy statement. However, if any other matters should properly come before the annual meeting, it is intended that proxies solicited hereby will be voted with respect to those other matters as recommended by our Board of Directors or, if no recommendation is given, in accordance with the judgment of the proxy holders.

What constitutes a quorum at the annual meeting?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum, permitting us to hold the meeting. As of the record date, 45,793,048 shares of our common stock were outstanding. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting for purposes of determining quorum. A broker non-vote occurs when a securities broker, bank or other nominee indicates on the proxy card that it does not have discretionary authority to vote on a particular matter. Votes cast by proxy will be counted by Broadridge Financial Solutions, Inc., an independent third party. We urge you to vote by proxy even if you plan to attend the meeting, so that we will know as soon as possible that enough votes will be present for us to hold the meeting.

How do I vote?

You can vote either in person at the meeting or by proxy even if you plan to attend the meeting. If you complete and properly sign the accompanying proxy card and return it in the enclosed reply envelope, it will be voted as you direct. If you are a shareholder of record and attend the meeting, you may deliver your completed proxy card in person. Alternatively, in lieu of signing the accompanying proxy card and returning it in the enclosed reply envelope, shareholders of record can vote their shares over the Internet, or by calling a specially designated telephone number. Internet and telephone voting procedures are designed to authenticate shareholders' identities, to allow shareholders to provide their voting instructions and to confirm that their instructions have been recorded properly. Specific instructions for shareholders of record who wish to use the Internet or telephone voting procedures are set forth in the enclosed proxy card.

Beneficial owners of shares held in street name who wish to vote at the meeting will have to obtain a proxy from the securities broker, bank or other nominee that holds their shares. Such beneficial owners may vote their shares by telephone or the Internet if the brokers, banks or other nominees that hold their shares make those methods available. If that is the case, each broker, bank or other nominee will enclose instructions with the proxy statement.

To avoid delays in ballot taking and counting, and in order to ensure that your proxy is voted in accordance with your wishes, we respectfully request that you give your full title when signing a proxy as attorney, executor, administrator, trustee, guardian, authorized officer of an entity, or on behalf of a minor. If shares are registered in the name of more than one shareholder of record, all shareholders of record must sign the proxy card.

Can I change my vote after I return my proxy card?

Yes. After you have submitted your proxy card, you may change your vote at any time before the proxy is exercised. To do so, just send in a new proxy card with a later date or cast a new vote by telephone or over the Internet, or send a written notice of revocation to the Secretary of our Board of Directors, P.O. Box 195115, San Juan, Puerto Rico 00919-5115, delivered before the proxy is exercised. If you attend the meeting, and want to vote in person, you may request that your previously submitted proxy not be used. Attendance at the meeting will not by itself revoke a previously granted proxy.

Table of Contents

What vote is required to approve each item and how are abstentions and broker non-votes treated?

Action with respect to the election of directors will be taken by a plurality (that is, a majority of the votes cast) of the shares represented in person or by proxy at the annual meeting and entitled to vote. In other words, to be elected, each director nominee must receive more votes cast FOR such nominee's election than votes cast WITHHOLD AUTHORITY for such nominee's election. Abstentions and broker non-votes will not be counted as either an affirmative vote or a negative vote regarding the election of directors and, therefore, will not have a legal effect on such election.

For the advisory vote on the compensation of our executives, the advisory vote on the frequency of the vote on executive compensation, the ratification of our independent registered public accounting firm for 2011, and any other item to be voted at the meeting, the affirmative vote of the holders of a majority of the shares represented in person or by proxy at the meeting and entitled to vote will be required for approval. Abstentions will have the same effect as a negative vote, and broker non-votes will not be counted in determining the number of shares necessary for approval.

What happens if I do not give specific voting instructions?

Holder of Record. If you are a holder of record and you sign and return a proxy card without giving specific instructions, then the proxy holders will vote your shares in the manner recommended by our Board of Directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the meeting.

Beneficial Owner of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform us that it does not have the authority to vote on such matter with respect to your shares (that is, a broker non-vote). Except for the ratification of our independent registered public accounting firm for 2011, we believe that each of the other proposals set forth in this proxy statement will be considered non-routine under the rules of the New York Stock Exchange (which apply to brokers), and therefore, there could be broker non-votes on such proposals.

What happens if the annual meeting is adjourned or postponed?

Your proxy will still be valid and may be voted at the adjourned or postponed meeting. You will still be able to change or revoke your proxy before it is exercised.

How can I obtain directions to attend the annual meeting?

If you need directions to be able to attend the annual meeting and vote in person, please visit our website at www.orientalfg.com or contact Anreder & Company, our investor relations firm, at (212) 532-3232 or (800) 421-1003; email: ofg@anreder.com.

PROPOSAL 1: ELECTION OF DIRECTORS

Our by-laws provide that the Board of Directors will consist of such number of directors as fixed from time to time by resolution of the Board. The number of directors, as established by resolution, is presently nine. The members of each class are to be elected for a term of three years and until their successors are duly elected and qualified. Only one class of directors is to be elected annually.

BOARD INDEPENDENCE, LEADERSHIP STRUCTURE AND RISK OVERSIGHT

Except for José Rafael Fernández, who is our President and CEO, all of our directors are independent pursuant to the corporate governance listing standards adopted by the New York Stock Exchange (NYSE) for listed companies. Two directors who resigned in 2010 were also independent while they served on our Board of Directors.

Our Board of Directors has adopted standards and definitions to assist it in the evaluation of the independence of its members. The standards and definitions adopted by the Board describe various types of relationships that could potentially exist between a director and the Company and sets thresholds at which such relationships would be deemed to be material. If no relationship or transaction exists that would disqualify a director from being independent under such standards and definitions, and no other relationships or transactions exist of a type not specifically mentioned therein that in the Board's opinion, taking into account all facts and circumstances, would impair a director's ability to exercise his or her independent judgment, the Board will deem such director to be independent. Such standards and definitions are available on our website at www.orientalfg.com.

Our corporate leadership structure entails a split in the roles of the Chairman of the Board and the CEO. The position of Board Chairman is held by Mr. Gil de Lamadrid, an independent director, whereas the position of CEO is held by Mr. Fernández. We believe that the separation of the Chairman and CEO positions is the most appropriate structure for us because it (i) promotes a balance of power; (ii) provides a more effective channel for our Board of Directors to express its views on management; (iii) provides our CEO with more independent guidance and feedback on his performance; and (iv) allows our Board of Directors to more effectively monitor corporate governance, risk oversight, and fulfill regulatory requirements. Moreover, such split allows our CEO to focus on leading the Company, while our Chairman can focus on leading the Board.

Our Board of Directors, the Audit and Compliance Committee, the Compensation Committee, and management's Asset and Liability Management Committee (the ALCO Committee) are actively involved in overseeing the management of the risks involved in our business and operations. However, the Board ultimately determines the level of risk that is acceptable for the Company within general guidelines and regulatory requirements. The Board considers that effective risk management is a fundamental part of good management practice and is committed to maintaining sound risk management systems. To this end, the Board is responsible for adopting several risk policies and reviewing the effectiveness of our risk management program. In order to appropriately discharge their risk oversight functions, the Board, the Audit and Compliance Committee, and the Compensation Committee have access to senior management and the right to consult with and retain independent legal and other advisors at our expense pursuant to our Corporate Governance Principles and Guidelines. The Board and the Audit and Compliance Committee also regularly meet with and receive written reports from senior management, including our Chief Risk Officer and Internal Audit Department, who evaluate significant risk exposures and contribute to our risk management and internal control system. The Compensation Committee assists the Board in ensuring that our compensation program encourages decision-making that is in the best long-term interest of the Company and its shareholders as a whole, and does not encourage excessive or inappropriate risk-taking. Moreover, the ALCO Committee has responsibility for overseeing the management of our assets and liabilities to balance our risk exposures. The principal objective of this committee is to enhance profitability while

maintaining appropriate levels of liquidity and interest rate risks. In this regard, it assists and reports to the Board in connection with the monitoring and oversight of such risks and the implementation of the investment policies and objectives adopted by the Board.

COMPENSATION RISK ASSESSMENT

We believe that our approach to the setting of goals and targets with payouts at multiple levels of performance and the evaluation of annual performance results assist in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executives. Several features of our compensation program reflect sound risk management practices. In this regard, we allocate compensation among base salary and incentive compensation target opportunities in such a way as to not encourage excessive risk-taking. Furthermore, although the performance measures that determine bonus and equity awards for certain business unit leaders are based in part on the goal achievements of their respective business units, the measures that determine payouts for all of our executives include company-wide metrics. Such metrics are given greater weight in the case of NEOs. This is based on our belief that applying company-wide metrics encourages decision-making that is consistent with our philosophy and that is in the best long-term interests of the Company and its shareholders as a whole. Moreover, the mix of equity awards in our incentive program that includes full value awards, such as restricted stock units, also mitigates risk. Finally, the multi-year vesting of our equity awards properly accounts for the time horizon of risk.

BOARD MEETINGS

Our Board of Directors held nine meetings in 2010 and took several actions by unanimous written consent without a meeting. No incumbent director attended fewer than 75% of the aggregate of the total number of Board meetings and the total number of meetings of Board committees in which he served in that year. Board members are required to attend our annual meeting of shareholders. All Board members then in office attended last year's annual meeting of shareholders.

EXECUTIVE MEETINGS OF NON-MANAGEMENT DIRECTORS

Our Board of Directors holds regular meetings of non-management directors (that is, directors who are not executive officers of the Company) to promote open discussions and better communication among such directors. José J. Gil de Lamadrid, the Chairman of the Board, has been chosen to preside at such meetings.

BOARD COMMITTEES

Our Board of Directors has three standing committees: the Audit and Compliance Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee.

The Audit and Compliance Committee assists our Board of Directors in its oversight of our financial reporting process, internal controls, and legal and regulatory compliance, and meets regularly without management's presence. It fulfills its oversight responsibilities by reviewing: (a) the integrity of the financial reports and other financial information provided by us to any governmental or regulatory body or to the public; (b) our systems of internal controls regarding finance, accounting, legal and regulatory compliance, and ethics that management and our Board of Directors have established; and (c) our auditing, accounting, and financial reporting processes generally. The members of this committee are Pedro Morazzani, Chairman, Francisco Arriví, Juan Carlos Aguayo, and José J. Gil de Lamadrid, *ex officio* member. Our Board of Directors has determined that each member of this committee is financially literate or has accounting or related financial management expertise, and that Pedro Morazzani is the audit committee financial expert, as such term is defined in Item 407(d)(5) of SEC Regulation S-K. It met ten times in 2010.

The Compensation Committee discharges the responsibilities of our Board of Directors relating to compensation of our directors and executive officers, and meets regularly without management's presence. Its general responsibilities are: (a) reviewing and approving corporate goals and objectives relevant to the compensation of the CEO; (b) evaluating the CEO's performance in light of those goals and objectives; (c) making recommendations to our Board of Directors with respect to CEO, director, and executive officer compensation, incentive and equity-based compensation plans; (d) producing a committee report on executive compensation; and (e) conducting an annual performance evaluation of itself. This committee also administers our equity-based compensation plan and is given absolute discretion to, among other things, construe and interpret the plan; to prescribe, amend and rescind rules and regulations relating to the plan; to select the persons to whom plan awards will be given; to determine the number of shares subject to each plan award; and to determine the terms and conditions to which each plan award is subject. The members of this committee are Julian S. Inclán, Chairman, Francisco Arriví, Rafael Machargo Chardón, and José J. Gil de Lamadrid, *ex officio* member. It met four times in 2010 and took an action by unanimous written consent without a meeting.

The Compensation Committee operates pursuant to a written charter that has been approved by our Board of Directors, a current copy of which is available on our website at www.orientalfg.com. All of its members are independent directors as required by the NYSE.

The Corporate Governance and Nominating Committee assists our Board of Directors by: (a) identifying individuals qualified to become directors consistent with criteria approved by the Board; (b) selecting or recommending that the Board select the director nominees for the next annual meeting of shareholders; (c) developing and recommending to the Board a set of corporate governance principles applicable to us that are consistent with sound corporate governance practices and in compliance with applicable legal, regulatory, or other requirements; (d) monitoring and reviewing any other corporate governance matters which the Board may refer to this committee; and (e) overseeing the evaluation of the Board and management. It meets regularly without management's presence. The members of this committee are Juan Carlos Aguayo, Chairman, Pablo I. Altieri, Josen Rossi, and José J. Gil de Lamadrid, *ex officio* member. It met four times in 2010.

The Corporate Governance and Nominating Committee operates pursuant to a written charter that has been approved by our Board of Directors, a current copy of which is available on our website at www.orientalfg.com. All of its members are independent directors as required by the NYSE.

Pursuant to our by-laws, no nominations for directors, except those made by our Board of Directors upon the recommendation of the Corporate Governance and Nominating Committee, will be voted upon at the annual meeting unless other nominations by shareholders are made in writing, together with the nominee's qualifications for service and evidence of his or her willingness to serve on our Board of Directors, and delivered to the Secretary of the Board at least 120 days prior to the anniversary date of the mailing of proxy materials in connection with last year's annual meeting. Ballots bearing the names of all of the persons nominated by our Board of Directors and by shareholders, if properly made, will be provided for use at the annual meeting. The Corporate Governance and Nominating Committee has not established any specific, minimum qualifications that it believes must be met by a nominee recommended by such committee for a position on our Board of Directors. The committee instead considers general factors, including, without limitation, the candidate's experience with other businesses and organizations, the interplay of such experience with the experience of other Board members, and the extent to which the candidate would be a desirable addition to the Board and any of its committees.

The Corporate Governance and Nominating Committee generally identifies qualified candidates on the basis of recommendations made by existing directors or management. There are no differences in the manner in which the committee evaluates nominees for director based on whether the nominee is recommended by a shareholder. The

Table of Contents

committee will consider potential nominees by management, shareholders or other members of the Board, and develop and evaluate information from a variety of sources regarding the potential nominee before making a decision.

Pursuant to its charter, the Corporate Governance and Nominating Committee considers diversity, among other factors such as competencies, experience, age and other appropriate qualities, to determine which candidates it recommends to the Board for approval as nominees. The committee focuses mainly on achieving a balance of experience on the Board that represents a cross-section of the local community, including directors with experience in the public and private sector, experience in the medical, legal and accounting professions, and experience in a variety of industries relevant to our business needs. To achieve such balance, the committee annually updates and reviews a Board skills matrix to determine any shortcomings in the diversity and competencies of the Board and to assist in identifying nominees for directors that have the skills and knowledge to strengthen the Board.

CORPORATE GOVERNANCE PRINCIPLES AND GUIDELINES

We have adopted a set of Corporate Governance Principles and Guidelines to promote the functioning of our Board of Directors and its committees, to protect and enhance shareholder value, and to set forth a common set of expectations as to how the Board, its various committees, individual directors and management should perform their functions. We have also adopted a Code of Business Conduct and Ethics that reaffirms our basic policies of business conduct and ethics for our directors, officers, employees and agents. It consists of basic and general standards of business as well as personal conduct. The Corporate Governance Principles and Guidelines and the Code of Business Conduct and Ethics are available on our website at www.orientalfg.com.

PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION

As a result of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act), which was enacted on July 21, 2010, we are required to have a separate non-binding shareholder vote to approve the compensation of our Named Executive Officers at least once every three years. This is commonly known as a say-on-pay vote.

We have in place a comprehensive executive compensation program under the oversight of the Compensation Committee of our Board of Directors. Our program is described in the Compensation Discussion and Analysis and in the tabular and narrative disclosures related to Named Executive Officers in this proxy statement. The Compensation Committee continually monitors the program as well as general economic, regulatory and legislative developments affecting executive compensation.

Table of Contents

Our executive compensation program is intended to reward achievements of individual and business performance objectives, and to align such objectives with our corporate governance principles and the creation of shareholder value. Our main objective is to attract and retain the most talented and effective executive team for the Company by providing an appropriate mix of fixed versus variable compensation while emphasizing pay-for-performance in accordance with our short and long term goals. We will continue to pursue compensation arrangements that are intended to align the financial interests of our executives with the long-term interests of our shareholders.

This proposal gives you the opportunity to vote for or against, or abstain from voting on, the following resolution related to the compensation of our Named Executive Officers:

RESOLVED, that the compensation paid to the Company's named executive officers disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Since your vote is advisory, it is not binding on the Company or our Board of Directors, and may not be construed as overruling any of our executive compensation decisions. However, our Board of Directors and its Compensation Committee may take into account the voting results when considering future compensation arrangements.

Our Board of Directors recommends that you vote FOR this proposal.

PROPOSAL 3: ADVISORY VOTE ON THE FREQUENCY OF THE VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Act also requires us to have a separate non-binding shareholder vote once every six years regarding how frequently we should hold the advisory vote on executive compensation. In particular, shareholders may vote on an advisory basis as to whether future say-on-pay votes will occur every one, two or three years.

Our Board of Directors recommends that future say-on-pay votes be conducted every three years (or triennially) to provide stockholders with an appropriate timeframe to evaluate the Company's overall executive compensation program. Our executive compensation program is designed to provide a competitive level of total compensation necessary to attract and retain executives qualified to execute our business strategy and to motivate them to contribute to our short and long term success. Stock option awards begin to vest after two years and vest over a five-year period from the date of grant, and restricted stock unit awards have restricted periods of three years. Also, the Executive Compensation Table included herein presents information over a three-year timeframe. We believe that voting every three years, rather than every one or two years, will provide our shareholders with the opportunity to conduct thoughtful analyses of our compensation program over a time period similar to the periods associated with our compensation awards and long-term performance.

We also believe that a triennial vote will provide us with sufficient time to evaluate and respond effectively to stockholder input, engage with stockholders to understand and respond to prior voting results, and implement any appropriate changes to our program. In addition, a triennial vote will provide time for any implemented changes to take effect and allow shareholders sufficient time to evaluate the effectiveness of our compensation program and any changes made to the program.

Table of Contents

This proposal gives you the opportunity to vote on the following resolution and state your preference on how frequently we conduct the advisory vote on executive compensation:

RESOLVED, that the shareholders of the Company determine, on an advisory basis, that the frequency with which they shall have an advisory vote on the compensation of the Company's Named Executive Officers set forth in the Company's proxy statement is:

Choice 1 every year;

Choice 2 every two years;

Choice 3 every three years; or

Choice 4 abstain from voting.

We are providing you with the option of selecting a frequency vote on executive compensation of one, two or three years, or abstaining. This is an advisory vote, and as such, it is not binding on the Company or our Board of Directors. However, our Board of Directors and its Compensation Committee may take into account the voting results when making a determination concerning the frequency of advisory shareholder votes on executive compensation.

Our Board of Directors recommends that you vote for 3 YEARS in this Proposal.

PROPOSAL 4: RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit and Compliance Committee of our Board of Directors intends to appoint KPMG LLP (KPMG) as our independent registered public accounting firm for the year ending December 31, 2011, and has further directed that the selection of such firm be submitted for ratification by the shareholders at this annual meeting. KPMG has served as our independent registered public accounting firm since 2005. Neither our articles of incorporation nor our by-laws require that our shareholders ratify the selection of such firm. If our shareholders do not ratify the selection, the Audit and Compliance Committee will reconsider whether or not to retain KPMG, but may nonetheless retain it. Even if the selection is ratified, the Audit and Compliance Committee, in their discretion, may change the appointment at any time during the year if they determine that such change would be in our best interest.

KPMG will have representatives present at the annual meeting who will have an opportunity to make a brief statement if they desire to do so, and who will be available to respond to appropriate questions that may arise.

Our Board of Directors recommends that you vote FOR this Proposal.

INDEPENDENT AUDITOR

KPMG served as our independent registered public accounting firm for the year ended December 31, 2010. The services that KPMG provided to the Company and its subsidiaries included the examination of our consolidated financial statements, limited revisions of our quarterly reports, audits of some of our subsidiaries, audits of our employee benefits plan, services related to our filings with the Securities and Exchange Commission (the SEC) and other regulatory agencies, and consultations on various tax and accounting matters.

The Audit and Compliance Committee reviewed and approved all audit and non-audit services rendered by KPMG to the Company and its subsidiaries, and concluded that the provision of such services was compatible with the maintenance of KPMG's independence in the conduct of its auditing functions. The Audit and Compliance Committee has adopted a pre-approval policy regarding the procurement of audit and non-audit services, which is available on our website at www.orientalfg.com. The Audit and Compliance Committee intends to review such policy periodically.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

We are guided by the principle that our compensation program must not only promote our long-term success, but also provide significant rewards for outstanding financial performance while establishing clear consequences for under-performance. To this end, each element of compensation takes into account not only our competitive position and goals, but also each executive's individual performance, commitment and achievements.

Compensation Philosophy and Objectives

The compensation program for our executives, including our Named Executive Officers, is intended to reward achievements of individual and business performance objectives, and align such objectives with our corporate governance principles and the creation of shareholder value. It is also intended to attract and retain the most talented and effective executive team for us. Accordingly, the main objectives of our compensation program are to:

Attract and retain seasoned executives;

Reward superior performance and risk management at competitive levels;

Promote teamwork and collaboration;

Table of Contents

Create long-term financial incentives; and

Increase stock ownership.

Our general philosophy for setting executive compensation is to increase base salary only in the case of promotions or as necessary in light of compensation data for comparable positions at peer group companies. Furthermore, a significant component of our compensation program for executives, including the NEOs, is incentive (variable) compensation that is tied to financial business results. Therefore, such compensation may vary depending on the level of achievement of specific performance measures linked to our business goals.

The Compensation Committee of our Board of Directors plays a key role in the development of our compensation program. It consists entirely of independent directors and operates under a written charter approved by our Board of Directors, which is publicly available at www.orientalfg.com. Each meeting of the Compensation Committee has an agenda established in accordance with an annual calendar set by its Chairman in consultation with the Chairman of the Board, senior management and the committee members. Additional discussion topics related to external or internal events are added to the agenda from time to time as necessary. The Compensation Committee receives and reviews materials in advance of each meeting, including information on management's analyses and recommendations. As appropriate, it looks to our senior management and our Human Resources and Internal Audit Departments for support in its work. While the Compensation Committee values input and advice from these and other sources, it meets from time to time in executive session without the presence of management and exercises its independent judgment in reaching its decisions and in making recommendations to our Board of Directors.

We are cognizant of our competitive environment for superior executive talent and seek to maintain a compensation strategy that is competitive in the financial services industry in Puerto Rico. In evaluating our compensation program and authorizing bonus or equity grants under this program, the Compensation Committee takes into account several factors, including the total compensation package, individual and business performance, risk management, total compensation-related expense, and percentage of income allocated to compensation-related costs. In reaching its compensation recommendations to our Board of Directors, the Compensation Committee also considers the Watson Wyatt Puerto Rico Financial Institutions Compensation Survey by Watson Wyatt Worldwide, Inc., a global consulting firm that specializes, among other things, in employee benefits. As a result of the substantial consolidation of the Puerto Rico banking industry in 2010, we did not participate in, and Watson Wyatt did not prepare, its Puerto Rico Financial Institutions Compensation Survey for that year.

Compensation Consultant

In 2010, pursuant to a request for proposals to which three consulting firms responded, our Compensation Committee engaged Pearl Meyer & Partners, LLC (Pearl Meyer), an independent compensation consultant, to review the financial terms proposed for the 2010 Employment Agreement with our CEO and prepare a comparison of such terms with CEOs in comparable positions at peer financial institutions. Pearl Meyer was also engaged to perform an evaluation of our compensation system for our top executives, including a comparison of our compensation practices with comparable positions at peer financial institutions, and to provide recommendations with respect to our performance scorecard system.

Elements of Compensation

To assure the appropriate mix of fixed versus variable compensation and focus on both short and long-term business performance, we have established four basic elements for our executive compensation program: base salary, annual cash bonus awards, long-term equity-based compensation, and change-in-control compensation. It is the Compensation Committee's intention that the compensation paid to our NEOs be deductible to the Company for Puerto Rico income tax purposes, unless there are valid compensatory reasons for paying nondeductible amounts in order to ensure competitive levels of total compensation.

Table of Contents

Base Salary. Base salary is generally designed to be competitive with comparable executive positions in peer group companies in the U.S. and Puerto Rico. However, each executive's actual salary varies based on the complexity and unique challenges of his or her position, individual skills, experience, background and performance. Watson Wyatt survey data for corporate executive salaries in Puerto Rico is also taken into consideration in determining any periodic increases. Base salaries for NEOs are reviewed at least annually by the Compensation Committee.

Annual Cash Bonus Awards. Except in the case of our Chief Executive Officer, whose annual cash bonus award is based solely on the attainment of company-wide performance targets, our annual cash bonus awards reflect a combination of three key elements: level of attainment of business performance targets, individual performance ratings, and personal attributes and merits. Business performance targets consist of corporate targets and business unit targets. We maintain monthly performance scorecards for measuring financial, operational, and strategic results to determine the level of attainment of each executive's performance goals, and assign a weight to each performance measure, with the sum of the weights equal to 100%. The weight is the percentage of each executive's total bonus that will be based on that particular measure. Each target bonus is expressed as a percentage of the executive's base salary plus car allowance or living allowance, if any. We may also grant additional discretionary bonuses from time to time to executives in recognition of outstanding performance that may not be reflected in the results of their scorecards.

Long-Term Incentive Compensation. Our long-term incentives are designed to ensure that executives have a continuing stake in our success and to encourage executives to focus on multi-year performance goals that will enhance the value of our franchise and capital stock. Such incentives are also designed to retain key executives, reward risk management, and link executive performance to the creation of franchise and shareholder value. Although we do not require that our NEOs own any minimum amount of our common stock, we believe that the way we compensate them aligns their interest sufficiently with that of our shareholders. In this regard, our equity awards have long-term vesting and restricted periods of three to five years.

We have an Omnibus Performance Incentive Plan (the "Omnibus Plan") that provides for awards of stock options, restricted shares, restricted stock units, performance shares, performance units, stock appreciation rights, and dividend equivalent rights. The Compensation Committee has discretion to grant awards from time to time under the Omnibus Plan, to determine the eligible individuals to whom awards will be granted, and to establish the terms and conditions of each award. We believe that the Omnibus Plan reflects current trends at peer group companies and that it strengthens the link between executive performance and shareholder value.

Change-in-Control Compensation. An important objective of our compensation program is not only the recruitment of seasoned executives but also their retention and commitment to our long-term success. Therefore, to promote their retention and reduce any concerns that they may be adversely affected in the event of a change-in-control of the Company, we have entered into a change-in-control compensation agreement with each NEO, pursuant to which the executive is entitled to a cash payment equal to two times the sum of his or her annual base salary and last cash bonus if there is a change in control and as a result thereof or within one year thereafter his or her employment is terminated.

Fringe Benefits and Allowances. We provide several fringe benefits, including a defined contribution plan and healthcare coverage, to our NEOs. These benefits do not constitute a significant portion of the NEOs' total compensation package and are generally available to all of our employees. We also offer our NEOs a non-qualified deferred compensation plan for the deferral of taxable income and certain allowances, including car allowance. Such allowances are offered on a case-by-case basis and are not intended to constitute a significant portion of the executive's compensation. Our non-qualified deferred compensation plan is more fully described on page 33 hereof. We provide these benefits to retain and attract an appropriate caliber of talent and recognize that other companies with which we compete for talent provide similar benefits to their officers and employees. Such benefits and allowances are reviewed annually by the Compensation Committee.

Determination of Compensation Decisions

Our decision-making process for determining executive compensation begins with a review of our strategic objectives and business plans. We then consider the scope of responsibilities of each executive, the compensation of similar executives at peer group companies, and the relationship between pay and performance. We further evaluate whether our compensation program meets our goals by monitoring the performance and retention of our executives.

The Compensation Committee is responsible for establishing the compensation of our CEO and for making recommendations to our Board of Directors with respect to our compensation program. In order for the Compensation Committee to perform its functions, the following process for determining executive compensation is followed:

Determining Goals. Prior to the beginning of the year, senior executives and department or division heads meet and discuss goals for the Company in the upcoming year. At the beginning of such year, the Board reviews and approves an annual budget for the Company as a whole and for its banking subsidiary. The Compensation Committee then reviews and assesses performance goals presented by management and makes recommendations to the Board about the proposed structure of the annual bonus awards. These goals include minimum performance thresholds that must be met to earn any bonus awards, as well as performance levels required to achieve maximum payouts. Performance goals are established for each department or division of the Company and for certain executives.

The establishment of performance goals and the review of the level of achievement of such goals play an essential role in the determination of performance awards. On a monthly basis during the course of the year, senior management and our Board of Directors review our actual financial performance against the goals set for the year. In addition, our Board of Directors receives monthly reports detailing our actual financial performance compared to these goals. Such reports are discussed in each monthly Board meeting.

Determining Executive Compensation. Our method of determining compensation for each NEO varies from case to case based on a discretionary but objective determination of what is appropriate in light of several factors, such as the scope, complexity and degree of challenge of each executive's responsibilities, as well as his or her performance, skills and experience. Our Board of Directors and its Compensation Committee also take into account other relevant factors in making compensation decisions or recommendations for NEOs, including salary data for comparable positions at peer group companies in Puerto Rico and the U.S., and compensation levels at the Company.

On a quarterly basis, department or division heads assess their progress against the goals set for the year and at the end of the year evaluate their results. These self-assessments are reviewed by the CEO who together with our Human Resources Department undertakes an evaluation of each executive's performance based, in part, on objective measures set forth in the performance scorecard. The CEO considers the financial performance of the Company, the performance of each department or division, and the individual performance of each executive relative to the goals set for the year. In the interest of fairness, he may also consider subjective or non-formulaic factors.

The Compensation Committee annually reviews the performance evaluations of each executive and evaluates the compensatory recommendations provided by our management in order to make its own recommendations to our Board of Directors. Although the Compensation Committee is not obligated to follow any specific recommendation or formula, it generally takes the same formula-based approach in making its own recommendations. At different times throughout the year, upon the recommendation of the CEO or otherwise, the Compensation Committee may grant equity awards to executives and/or directors.

Determining CEO Compensation. The Board approves the compensation of the CEO. His compensation level is guided by the terms of the 2010 Employment Agreement. As provided therein, the Compensation Committee has discretion to increase his salary after the first year, and his target performance bonus under our annual bonus plan is set at 150% of his base salary and car allowance.

Table of Contents

In conducting its annual evaluation of the CEO's performance, the Compensation Committee considers the CEO's contributions to the overall performance of the Company, including his personal attributes and merits. It also reviews our key operating results along with the accomplishment of our key strategic initiatives and considers the standard of living in San Juan, Puerto Rico, where our main offices are located. As part of this process, the Compensation Committee reviews all relevant information or data, including the results of our CEO's performance scorecard and compensation levels for chief executive officers at peer group companies. Furthermore, the Chairmen of our Board of Directors and Compensation Committee meet periodically with our CEO to discuss his performance. The progress results of these meetings are reported to our Board of Directors. The CEO does not participate in any decision regarding his compensation. Upon completing its evaluation of the CEO's compensation, the Compensation Committee submits its recommendations to our Board of Directors at its next regularly scheduled meeting.

Analysis of Compensation Decisions

In considering all of the previously mentioned factors and, particularly, our general philosophy of providing performance-based compensation and incentives, no salary increases have been awarded in 2011 to the NEOs. Although the 2009 Watson Wyatt survey indicated that the average projected annual salary increase for 2010 would be in the range of 2.54% to 3.00%, no salary increases were awarded to our NEOs in such year.

In order to determine each NEO's performance bonus, the target bonus percentage is multiplied by the executive's base salary plus car allowance or living allowance, if any, which then is multiplied by the result of his performance scorecard. Our Internal Audit Department verifies the accuracy of such results.

As a result of difficulties encountered in incorporating the acquisition of Eurobank into our corporate performance scorecard, the Compensation Committee decided not to consider such transaction for purposes of the earnings per share and core asset growth metrics of the 2010 corporate scorecard results. Moreover, our Board of Directors rewarded our CEO, CFO and COO with a discretionary bonus in recognition of their outstanding performance in the execution and integration of the Eurobank acquisition.

The table below shows the target bonus percentages approved by our Board of Directors for the NEOs in 2010, except for Mr. Fernández and Mr. José Ramón González. Under the 2007 Employment Agreement, the target bonus percentage for Mr. Fernández was set at 70% of his base salary and car allowance in 2010. Such target bonus percentage was raised to 150% for 2011 pursuant to the terms of the 2010 Employment Agreement. Mr. Fernández has not received a base salary increase since 2007. The Compensation Committee has opted instead to raise his target bonus percentage in accordance with its general philosophy of incentivizing and rewarding performance. Mr. González was hired in August 2010, and did not have a target bonus percentage for that year. However, he received a \$100,000 bonus for his performance in 2010.

Name	Target Bonus %	Performance Score ¹	2010	
			Performance Bonus (\$)	Discretionary Bonus (\$)
José Rafael Fernández	70%	83.67	310,600	140,000

The table below presents most of our company-wide metrics for measuring performance on our corporate scorecard, including the weight assigned to each measure, the target amount, the actual performance result, and the percent of achievement of the target amount. The Company fully met its target with respect to its risk and regulatory rating, which was the final metric used on our corporate scorecard.

Performance Measure	Weight (%)	Target	Actual	% of Target
Earnings Per Share	20	\$ 0.57	\$ (0.11)	-19.30%
Fee Income	20	\$ 35,449,780	\$ 36,281,279	102.35%

Deposit Growth Relative to Market	15	1.01	18.82	1863.03%

Based on the Compensation Committee's recommendation of January 21, 2011, our Board of Directors approved on January 26, 2011, performance bonuses for our NEOs on account of several important factors, including our corporate performance measures set forth above and the following annual financial results:

Operations

Net interest income increased 3.2%, or \$4.2 million, to \$135.2 million.

Total revenues from banking and wealth management services increased 30.4%, or 9.2 million, to \$39.3 million.

Total retail deposits increased 44.2% or \$621.6 million to a record \$2.0 billion.

Total interest expenses decreased 10.5% or \$19.9 million.

Total client assets managed increased 25.4% to \$3.9 billion with an increase of 19.6% in trust assets and 33.6% in customer assets with the broker-dealer subsidiary.

Investments

Approximately 98% of our investment securities portfolio consists of fixed-rate mortgage-backed securities issued or guaranteed by Fannie Mae, Ginnie Mae, or Freddie Mac, and U.S. agency senior debt obligations backed by a U.S. government-sponsored entity or the full faith and credit of the U.S. government.

Strategic decision was made in December 2010 to sell the remaining balance of the last private label collateralized mortgage obligation held by the Company.

Capital

Book value per share increased 32.5% to \$14.33.

Stockholders' equity increased 122.0%, or \$402.1 million, to \$732.3 million.

Our regulatory capital ratios remain well above the requirements for a well-capitalized institution.

Table of Contents

On January 21, 2011, the Compensation Committee also approved equity awards to the CFO and COO as follows:

Name	Restricted Units	Stock Options	
		Amount	Exercise Price (\$)
Norberto González	1,600	9,500	11.82
Ganesh Kumar	1,600	9,500	11.82

The Compensation Committee decided to grant such awards to continue its policy of providing long-term financial incentives and increasing stock ownership among our executives to align their interests with our shareholders. The actual amount awarded to such NEOs was based on their percentage targets for cash bonus awards. In making these awards, the Compensation Committee expects to continue to maintain our ability to retain key executives. Each award is subject to service conditions that must be met by the executive in order for the award to vest. Generally, each award has a vesting schedule of three to five years.

The following table presents the estimated cash compensation of the NEOs under their respective change-in-control compensation agreements based on their salaries and bonuses for 2010. No such payout has been required to date under any such agreement by the Company.

Name	Change-in-Control Cash Compensation (\$)
José Rafael Fernández	1,901,200
José Ramón González	1,000,000
Julio R. Micheo	1,363,200
Norberto González	946,200
Ganesh Kumar	928,200

Table of Contents**2010 Employment Agreement**

José Rafael Fernández entered into a three-year employment agreement with the Company on December 3, 2010 (the 2010 Employment Agreement). Mr. Fernández is our President and Chief Executive Officer and the Vice Chairman of our Board of Directors. The 2010 Employment Agreement is effective as of January 1, 2011, and replaced the employment agreement, dated October 31, 2007 (the 2007 Employment Agreement), between the Company and Mr. Fernández, which expired on December 31, 2010.

As provided in the 2010 Employment Agreement, Mr. Fernández reports directly to our Board of Directors and has overall responsibility for the business and affairs of the Company. During the term of the 2010 Employment Agreement and in any election of directors in which Mr. Fernández's term as director is set to expire, the Board will nominate and recommend to the shareholders of the Company his election as a Board member and, if elected, will appoint him its Vice Chairman. He is compensated as follows: (i) annual base salary of \$500,000, which may be increased by the Compensation Committee of our Board of Directors after the first year; (ii) annual performance bonus based on an annual target bonus of 150% of his annual base salary and car allowance under our non-equity incentive bonus plan; (iii) annual car allowance of \$30,000; (iv) annual allowance of \$30,000 for the payment of his membership and other expenses in social, business and professional organizations which in his judgment are reasonably appropriate for the performance of his duties as President and Chief Executive Officer of the Company; (v) a 10-year term life insurance policy in the amount of \$3,000,000 covering his life and having as beneficiaries his spouse and heirs or other beneficiaries designated by him; (vi) a qualified stock option award for the purchase of 100,000 shares of the Company's common stock and an award of 50,000 restricted stock units of the Company, both awards were made pursuant to the Omnibus Plan upon the execution of the 2010 Employment Agreement; and (vii) additional equity incentive awards under the Omnibus Plan of up to 100% of his annual base salary at the discretion of the Compensation Committee. In consideration for the equity awards that Mr. Fernández was granted under the 2010 Employment Agreement, he waived his right to receive any equity awards for 2010 under the 2007 Employment Agreement.

The 2010 Employment Agreement may be terminated by our Board of Directors for just cause (as defined therein). In the event it is terminated for just cause or if Mr. Fernández is removed or barred from office under applicable law, he will have no right to compensation or other benefits for any period after such termination. However, if the 2010 Employment Agreement is terminated by our Board of Directors other than for just cause and other than in connection with a change in control of the Company (as defined in his Change in Control Compensation Agreement with the Company), or if Mr. Fernández terminates the 2010 Employment Agreement for good reason (as defined therein), the Company will be required to pay him as severance, in lieu of any further compensation for periods subsequent to the date of termination, a lump sum equal to the product of (a) his annual base salary, bonus (equal to the average cash bonus paid to him in the last two fiscal years prior to the termination date), car allowance, and equity awards (equal to the average of the aggregate grant date fair value of the equity awards granted to him in the last two fiscal years prior to the termination date, provided that 75% of the equity awards granted on the date of the 2010 Employment Agreement will be deemed granted in the first contract year and the remaining 25% in the second contract year), multiplied by (b) three.

- These earnings are not reported in the Summary Compensation Table.

The Company offers our executive officers a non-qualified deferred compensation plan, where such executives are allowed to defer taxable income. The plan is not intended to meet the requirements of Section 1081.01 of the Puerto Rico Internal Revenue Code, and therefore, does not meet the funding, employee coverage, and other requirements which qualified retirement plans must satisfy thereunder.

However, the plan is intended to constitute an unfunded arrangement maintained primarily for the purposes of providing deferred compensation for a select group of management or highly compensated employees for purposes of Sections 201(2), 301(a)(3) and 401(a)(1) of ERISA. Under the plan, the executive's current taxable income is reduced by the amount being deferred, which may be up to 100% of his or her salary and bonus. Funds contributed thereto can accumulate without current income tax to the individual. Taxes are due when the funds are withdrawn at the then current income tax rate applicable to the individual, which may be lower than his or her current income tax bracket.

Director Compensation

Each director's compensation is generally designed to be competitive with comparable compensation paid to directors at peer group companies in Puerto Rico and the U.S. However, each director's actual compensation varies based on whether he or she occupies the chairmanship of our Board of Directors or any of its committees. It also varies depending on the number of meetings attended and on his or her membership in Board committees.

Vice Chairman of the Board, does not receive director's fees and is compensated exclusively pursuant to the 2010 Employment Agreement, which is described above under the subheading 2010 Employment Agreement.

Non-Executive Chairman Agreement

On July 1, 2009, the Company entered into a Non-Executive Chairman Agreement with José J. Gil de Lamadrid for a term of three years commencing on July 1, 2009 and ending on June 30, 2012, which sets forth his duties and responsibilities as Chairman of the Board. The agreement provides for payment to Mr. Gil de Lamadrid of: (i) an annual base fee of \$280,000, of which \$220,000 is payable in equal monthly installments and \$60,000 is payable not later than July 15 of each year; and (ii) an annual allowance of \$50,000 to cover certain costs and expenses incurred by him, including, among others, automobile expenses and membership fees for social, business and professional organizations. It also provides for reimbursement of all reasonable travel and other expenses incurred by him in the performance of his duties under the Non-Executive Chairman Agreement. It also requires the Company to provide him with office facilities, including all necessary secretarial services and suitable accommodations, and to grant him 5,000 restricted stock units on January 1 of each year, provided that such award would be increased or reduced accordingly so that the value on the date of the award does not exceed \$100,000 or is not less than \$50,000. Prior to the negotiation of such agreement, Mr. Gil de Lamadrid voluntarily terminated his Change-in-Control Compensation Agreement with the Company.

The Non-Executive Chairman Agreement further provides that, during its term, our Board of Directors will nominate and recommend to the shareholders the election of Mr. Gil de Lamadrid as a director at any election of directors in which his term as director will expire, and, if elected, the Board of Directors will elect him to the position of Chairman. It may be terminated by our Board of Directors for cause (as termination for cause is defined therein) at any time. In the event it is terminated for cause, Mr. Gil de Lamadrid will have no right to compensation or other benefits for any period after such termination. However, if it is terminated by our Board of Directors other than for cause, or for his death or disability, we are required to pay him an amount equal to two times the sum of the annual base fee and allowance for the contractual term remaining after such termination.

The Non-Executive Chairman Agreement contains provisions restricting Mr. Gil de Lamadrid's ability to engage or participate in, become a director of, or render advisory or other services to any firm or entity that competes with the Company or with its business. It does not contain any provision restricting his right to compete against the Company upon the termination of the agreement.

The Audit and Compliance Committee assists the Board of Directors in its oversight of the financial reporting process, internal controls, risk assessment and monitoring, and regulatory compliance of Oriental Financial Group Inc. (the Company), and meets regularly with the Company's internal and external auditors, the CEO and the Chief Compliance Officer. The Audit and Compliance Committee's responsibilities are more fully described in its charter, a copy of which is available on the Company's website at www.orientalfg.com.

Management has the primary responsibility for the preparation and integrity of the Company's financial statements, accounting and financial reporting principles, and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The Company's independent registered public accounting firm is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America.

In fulfilling its oversight responsibilities, the Audit and Compliance Committee has reviewed and discussed the audited financial statements for the period ended December 31, 2010 with the Company's management and has discussed with KPMG LLP (KPMG) the matters that are required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In addition, KPMG has provided the Audit and Compliance

Committee with the written disclosures and the letter required by the Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and the Audit and Compliance Committee has discussed with KPMG their independence.

The members of the Audit and Compliance Committee are not engaged professionally in rendering, auditing or accounting services on behalf of the Company nor are they Company employees. The Company's management is responsible for its accounting, financial management and internal controls. As such, it is not the duty or responsibility of the Audit and Compliance Committee or its members to conduct field work or other types of auditing or accounting reviews or procedures.

Based on such reviews and discussions, the Audit and Compliance Committee recommended to the Board of Directors that the audited financial statements be included in the Company's annual report on Form 10-K for the year ended December 31, 2010, for filing with the Securities and Exchange Commission.

INDEBTEDNESS OF MANAGEMENT

Certain transactions involving loans were transacted in 2010 between the Company's banking subsidiary, Oriental Bank and Trust, some of our directors and executive officers, including those of our other subsidiaries, and persons related to or affiliated with such persons. All such transactions were made in the ordinary course of business on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the time for comparable transactions with persons not related to the lender, and did not involve more than the normal risk of collectability or present other unfavorable features. At present, none of the loans to such directors and executive officers, including persons related to or affiliated with such persons, is non-performing.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Board of Directors recognizes that certain transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof) and, therefore, has adopted a Related Party Transactions Policy (the Policy). For these purposes, a Related Party Transaction is defined as a transaction or series of similar transactions in which the Company or any of its subsidiaries is to be a participant and the amount involved exceeds \$120,000, and in which any Related Party has or will have a direct or indirect material interest. A Related Party is any of our directors or executive officers, any nominee for director, any beneficial owner of more than 5% of any class of our voting securities, and any immediate family member of any of the previously mentioned. The Policy generally covers any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships between the Related Party and the Company. Related Party Transactions thereunder are approved or ratified by the Audit and Compliance Committee or the disinterested members of our Board of Directors (other than employment or compensation arrangements, which are approved by the Compensation Committee or the disinterested members of our Board of Directors). Furthermore, the Audit and Compliance Committee may approve or ratify a Related Party Transaction if (i) it finds that there is a compelling business reason to approve the transaction, taking into account all pertinent factors, (ii) it has been fully informed of any and all significant conflicts that may exist or otherwise arise on account of the transaction, and (iii) it reasonably believes that the transaction is beneficial for the Company and that it has adopted appropriate measures to manage the potential conflicts of interest. All Related Party Transactions approved or ratified by the Audit and Compliance Committee must be disclosed to our Board of Directors at its next regularly scheduled meeting.
