The Board believes that it is necessary for each of the Company's directors to possess many qualities and skills. When searching for new candidates, the Corporate Governance and Public Policy Committee (the Governance Committee) considers the evolving needs of the Board and searches for candidates that fill any current or anticipated future needs. The Board also believes that all directors must possess a considerable amount of business management, business leadership and educational experience. When considering director candidates, the Governance Committee first considers a candidate's management experience and then considers issues of judgment, background, stature, conflicts of interest, integrity, ethics and commitment to the goal of maximizing stockholder value. The Governance Committee also focuses on issues of diversity, such as diversity of education, professional experience and differences in viewpoints and skills. The Governance Committee does not have a formal policy with respect to diversity; however, the Board and the Governance Committee believe that it is essential that the Board members represent diverse viewpoints. In considering candidates for the Board, the Governance Committee considers the entirety of each candidate's credentials in the context of these standards. With respect to the nomination of continuing directors for re-election, the individual's contributions to the Board are also considered.

All our directors bring to the Board executive leadership experience derived from their service in the many areas detailed below for each director. In addition to the compensation arrangements described above, the Company previously entered into Supplemental Payment Agreements (the Supplemental Agreements) with certain directors to provide compensation for their 2001, 2002 and/or 2003 service as directors. Under the terms of the Supplemental Agreements, directors received an amount of phantom shares, which are bookkeeping entries used to compute the value of certain payments to be paid under the Supplemental Agreements (the Phantom Shares). The Phantom Shares, as used in computations under the Supplemental Agreements, are considered to be equal in value to shares of our Common Stock, except that the director does not actually have any rights with respect to the shares.

Under the Supplemental Agreements, directors are entitled to two types of payment: (i) interim payments and (ii) a final payment. So long as the final payment has not been made, a director is entitled to interim payments, from time to time with respect to Phantom Shares, equal to the amount of the dividends in cash or property (but not shares of our Common Stock) paid to holders of shares of our Common Stock. Each interim payment is paid at the same time as the payment of the dividend to which such interim payment relates. A director is also entitled to a final payment upon the date (the Valuation Date) that (i) the director ceases to be a member of the Board for any reason other than resignation or (ii) the date of the Company's Annual Meeting of Stockholders that first occurs after the director resigns as a member of the Board. The final payment with respect to a Phantom Share is based upon the Applicable Value (as defined in the Supplemental Agreement) of a share of Common Stock, which generally is the average daily trading price for a share of Common Stock on the stock exchange on which the Common Stock is listed or the over the counter market over a period of 20 trading days. The final payment is calculated by multiplying the Applicable Value by the number of Phantom Shares held by the director and is paid within 40 days of the Valuation Date. Under the Supplemental Agreements, the Company also has a right to terminate the Phantom Shares held by a director by making a final payment if (i) at any time the Board determines, in reasonable judgment, that it is necessary to comply with government regulations or facilitate a transaction that is in the best interest of the Company or (ii) the Common Stock permanently ceases to be traded on a national exchange or over the counter.

February 25, 2011 for a discussion of the assumptions used in determining the FASB ASC Topic 718 grant date fair value of these awards. Each of the 2010 directors received an award of 4,523 restricted stock units under the Long-Term Incentive Compensation Plan on May 5, 2010 with a grant date fair value of \$120,131 (computed using the closing price of \$26.56 on the date of grant). Of the restricted stock units granted to each director, 25% vested on August 5, 2010, 25% vested on November 5, 2010, 25% vested on February 5, 2011, and the remaining 25% will vest on May 5, 2011. The fair value of each restricted stock unit grant, modified as appropriate to reflect the potential impact of forfeitures, is amortized over the vesting period. As of December 31, 2010, the aggregate number of stock awards outstanding for each director was as follows: Messrs. Berry, McKenzie, Reid, and Stoffel each held 12,387 restricted stock units, Mr. Echols held 9,453 restricted stock units, and Mr. Valenta held 4,523 restricted stock units. As of December 31, 2010, the aggregate number of Phantom Units outstanding for each director that was party to a Supplemental Agreement was as follows: Messrs. Stoffel, McKenzie and Reid each held 7,760 Phantom Units.

- (3) Includes final payment under the Supplemental Agreements, as applicable. As a result of Messrs. Hickerson and Matthews' cessation of service as members of the Board, each received a final payment of \$206,387 in accordance with their respective Supplemental Agreements with respect to the 7,760 outstanding Phantom Units each held.

Guidelines for Stock Ownership for Outside Directors

Under the terms of the restricted stock unit awards, directors are prohibited from selling shares for two years after vesting, absent the occurrence of an accelerated payment event as described above under Compensation of Directors. Pursuant to the stock ownership guidelines approved by the Board in 2009, each director is further expected to own at least 3,000 shares of our Common Stock. To the extent a director does not meet these guidelines he will be expected to retain 25% of the shares of Common Stock received upon settlement of his restricted stock unit award, until such time as the stock ownership requirement is met. Currently all of our directors are in compliance with the stock ownership guidelines.

MEETINGS AND COMMITTEES OF DIRECTORS

The Board is comprised of a majority of independent directors as defined in Section 303A.02 of the New York Stock Exchange (NYSE) listing standards. The directors determined by the Board to be independent under this standard are Buford P. Berry, Leldon E. Echols, Robert G. McKenzie, Jack P. Reid, Paul T. Stoffel and Tommy A. Valenta. Marcus R. Hickerson and Thomas K. Matthews were also determined by the Board to be independent under this standard during their service on the Board in 2010 prior to their retirement from the Board on May 5, 2010. The Board has also determined that R. Kevin Hardage, who is a Nominee for election as a director of the Company, is independent under this standard.

Marcus R. Hickerson served as a director from January 1, 2010 until May 5, 2010 (the date of the 2010 Annual Stockholders Meeting at which he did not stand for reelection) when he retired from the Board. In determining that Mr. Hickerson was an independent director during his service to the Board in 2010, the Board considered the fact that Mr. Hickerson's 58-year-old son, M. Neale Hickerson, is employed as a Vice President of the Company and certain subsidiaries, including Holly Logistic Services, L.L.C. From January 2004 to February 2005, M. Neale Hickerson's title as an officer of the Company was Vice President, Investor Relations, and his current title is Vice President, Investor Relations. The Board's determination that the employment of M. Neale Hickerson would not interfere with Marcus R. Hickerson's ability to act independently from the management of the Company was based particularly on the fact that Marcus R. Hickerson satisfies all of the independence requirements of Section 303A.02(b) of the NYSE's listing standards. Additionally, the Board based its determination on the role played in the Company by M. Neale Hickerson and the fact that he is not an executive officer of the Company.

In determining that Mr. Reid is an independent director, the Board considered the fact that Mr. Reid's 50-year-old son, Willie D. Reid, is employed as a Manager of Applications Infrastructure Support of the Company. From May 1986 to present, Willie D. Reid has maintained various IT positions, and his current title is Manager, Applications Infrastructure Support of the Company. The Board's determination that the employment of Willie D. Reid would not interfere with Jack P. Reid's ability to act independently from the management of the Company was based particularly on the fact that Jack P. Reid satisfies all of the independence requirements of Section 303A.02(b)

Table of Contents

of the NYSE's listing standards. Additionally, the Board based its determination on the role played in the Company by Willie D. Reid and the fact that he is not an executive officer of the Company.

In determining that Mr. Hardage is independent, the Board considered the fact that Mr. Hardage's father-in-law, Gerard Regard, is employed as Assistant to the Chairman of the Company. Over the last 35 years, Gerard Regard has held various positions with the Company, and since 1979, he has been the Assistant to the Chairman of the Board. The Board's determination that the employment of Gerard Regard would not interfere with Mr. Hardage's ability to act independently from the management of the Company was based particularly on the fact that Mr. Hardage satisfies all of the independence requirements of Section 303A.02(b) of the NYSE's listing standards. Additionally, the Board based its determination on the role played in the Company by Gerard Regard and the fact that he is not an executive officer of the Company. In determining that Mr. Hardage is independent, the Board also considered the fact that Mr. Hardage is a non-controlling manager and member of TCTC Holdings, LLC (which may be deemed to beneficially own 14.62% of the Company's Common Stock) and holds various positions with its subsidiaries.

The Board held eleven meetings during 2010. The Board has four principal standing committees: (a) the Executive Committee, (b) the Audit Committee, (c) the Compensation Committee, and (d) the Corporate Governance and Public Policy Committee. Each of the committees is appointed by the Board. During 2010, each director attended at least 75% of the total number of meetings of the Board. During 2010, each director attended at least 75% of the meetings of each of the committees of the Board on which that director served. The Company does not have a policy requiring the Chairman of the Board or other directors to attend the Company's Annual Meeting. All of the Company's directors who were elected at the 2010 Annual Meeting of Stockholders attended that meeting.

Committee memberships as of the date of this Proxy Statement are set forth below:

* Not standing for reelection at the 2011 Annual Stockholders Meeting.

A C indicates that the director serves as the chair of the committee.

An X indicates membership on the committee.

The Executive Committee of the Board has the authority of the Board, to the extent permitted by law and subject to any limitations that may be specified from time to time by the Board, for the management of the business and affairs of the Company between meetings of the Board. The Executive committee held no meetings during 2010.

The Audit Committee of the Board is responsible for monitoring the Company's internal accounting controls, selecting and engaging independent auditors, subject to ratification by the stockholders, reviewing quarterly and annual reports

filed with the SEC, and reviewing certain activities of the independent auditors and their reports and conclusions. In addition, the committee selects persons to conduct internal audits of certain Company transactions and related financial controls and reviews the reports developed from such internal audits. During 2010, the committee met in person or by telephone six times and also took action by unanimous written consent one time. The Board has adopted a written charter for the Audit Committee, which is available on the Company's website at

www.hollycorp.com and is available in print to any stockholder without charge upon written request to the Vice President, Investor Relations at: Holly Corporation, 100 Crescent Court, Suite 1600, Dallas, TX, 75201-6915. All members of the Audit Committee have been determined to be independent as independence is defined in Section 303A.02 of the NYSE's listing standards and of Rule 10A-3 under the Securities Exchange Act of 1934 (the Exchange Act). In accordance with Section 303A.07 of the NYSE's listing standards, the Board has determined that Mr. Echols' simultaneous service as a member of the audit committees of Trinity Industries, Inc., Crosstex Energy, L.P. and Crosstex Energy, Inc. will not impair Mr. Echols' ability to efficiently serve on the Company's Audit Committee because of the amount of time he has to devote to this responsibility and the expertise that he has in this area. The Board has also determined that Mr. Echols satisfies the requirements of the SEC regulations for an audit committee financial expert and has designated Mr. Echols as the Company's audit committee financial expert.

The Compensation Committee of the Board is responsible for the oversight of compensation programs and plans for the executive officers of the Company. The Committee determines the level of compensation paid to the Company's Chief Executive Officer and all other executive officers. The Committee is also responsible for establishing and overseeing the compensation program for non-employee directors who serve on the Board. The Committee may delegate to its chairperson, any one of its members or any subcommittee it may form, the responsibility and authority for any particular matter, as it deems appropriate from time to time under the circumstances. However, subcommittees do not have the authority to engage independent legal counsel and other experts and advisors unless expressly granted such authority by the Committee. Each subcommittee is required to keep minutes and report them to the Committee. As described above, all members of the Committee have been determined to be independent as independence is defined in Section 303A.02 of the NYSE's listing standards. During 2010, the Committee met nine times. The Board has adopted a written charter for the Committee, which is available on the Company's website at www.hollycorp.com and is available in print to any stockholder without charge upon written request to the Vice President, Investor Relations at: Holly Corporation, 100 Crescent Court, Suite 1600, Dallas, TX, 75201-6915.

On May 5, 2010, the Nominating/Corporate Governance Committee of the Board and the Public Policy Committee of the Board combined to create the Corporate Governance and Public Policy Committee of the Board. The Corporate Governance and Public Policy Committee is responsible for advising the Board concerning the appropriate composition of the Board and its committees (including identifying individuals qualified to serve on the Board and its committees), the selection of director nominees for each annual meeting of the Company's stockholders, the selection of executive officers and officers of the Company, and appropriate corporate governance practices. The Corporate Governance and Public Policy Committee is also responsible for reviewing the Company's policies and procedures on matters of public and governmental concern that significantly affect the Company, including but not limited to environmental, occupational health and safety, and equal employment opportunity matters, and for recommending to management and the Board the formulation or modification of policies and procedures concerning such matters. As described above, all members of the Corporate Governance and Public Policy Committee have been determined to be independent as independence is defined in Section 303A.02 of the NYSE's listing standards. During 2010, the Corporate Governance and Public Policy Committee met two times and, prior to the combination of the Nominating/Corporate Governance Committee and the Public Policy Committee, the Nominating/Corporate Governance Committee and the Public Policy Committee each met two times. The Corporate Governance and Public Policy Committee continues to be governed by the charter for the Nominating/Corporate Governance Committee, which is available on the Company's website at www.hollycorp.com and is available in print to any stockholder without charge upon written request to the Vice President, Investor Relations at: Holly Corporation, 100 Crescent Court, Suite 1600, Dallas, TX, 75201-6915.

DIRECTOR NOMINATION PROCEDURES

All of the Company's directors are elected each year by its stockholders at the annual meeting of stockholders. The Board has specified the number of directors to be seven (7) as of May 12, 2011. The Board is responsible for filling

vacancies on the Board at any time during the year, and for nominating director nominees to stand for election at the annual meeting of stockholders. The Corporate Governance and Public Policy Committee reviews all potential director candidates, and recommends potential director candidates to the full Board. Director candidates may be identified by current directors of the Company, employees of the Company or through other sources, including stockholders as described below under Nomination of Directors by Stockholders. The Corporate

Governance and Public Policy Committee occasionally utilizes the services of search firms or consultants to assist in identifying and screening potential candidates. The Corporate Governance and Public Policy Committee has an extensive diligence process for reviewing potential candidates, including an assessment of each candidate's independence under Section 303A.02 of the NYSE's listing standards and Rule 10A-3 under the Exchange Act, a candidate's relevant educational, business and financial experience, ability to read and understand financial statements, and other relevant factors, as described under Selection of Directors Criteria in the Company's Corporate Governance Guidelines, which can be found on the Company's website at www.hollycorp.com. A copy of the Corporate Governance Guidelines is available in print to any stockholder without charge upon written request to the Vice President, Investor Relations at: Holly Corporation, 100 Crescent Court, Suite 1600, Dallas, TX, 75201-6915. The full Board reviews and has final approval authority on all potential director candidates being recommended to the stockholders for election.

RECOMMENDATION OF DIRECTOR CANDIDATES BY STOCKHOLDERS

The Company does not have a formal policy by which its stockholders may recommend director candidates, but the Corporate Governance and Public Policy Committee will consider candidates recommended by stockholders. A stockholder wishing to submit such a recommendation should send a letter to the Secretary of the Company at 100 Crescent Court, Suite 1600, Dallas, Texas 75201-6915. The mailing envelope must contain a clear notation indicating that the enclosed letter is a Director Nominee Recommendation. The letter must identify the author as a stockholder and provide a brief summary of the candidate's qualifications based on the criteria described above under Director Nomination Procedures and in the Company's Corporate Governance Guidelines, as well as contact information for both the candidate and the stockholder. Candidates recommended by stockholders will be evaluated by the Corporate Governance and Public Policy Committee in the same manner as other candidates submitted by directors, employees or obtained through other sources, although the members of the Corporate Governance and Public Policy Committee may prefer candidates who are personally known to the existing directors and whose reputations are highly regarded. In evaluating proposed candidates, the Corporate Governance and Public Policy Committee will consider all relevant qualifications as well as the needs of the Company in terms of compliance with the NYSE's listing standards and SEC rules. The Company's Bylaws provide additional procedures and requirements for stockholders wishing to nominate a director for election as part of the official business to be conducted at an annual meeting of stockholders, as described further under Stockholder Proposals.

BOARD LEADERSHIP STRUCTURE

The Board believes that the Company's Chief Executive Officer is best situated to serve as Chairman of the Board because he is the director most familiar with the Company's business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. Independent directors and management have different perspectives and roles in strategy development. The Company's independent directors bring experience, oversight and expertise from outside the Company and industry, while the Chief Executive Officer brings Company-specific experience and expertise. The Board believes that the combined role of Chairman of the Board and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and the Board, which are essential to effective governance of the Company.

One of the key responsibilities of the Board is to develop strategic direction and hold management accountable for the execution of strategy once it is developed. The Board believes the combined role of Chairman of the Board and Chief Executive Officer, together with a lead independent director (the Presiding Director) having the duties described below, is in the best interest of stockholders because it provides the appropriate balance between strategy development and independent oversight of management.

PRESIDING DIRECTOR AND COMMUNICATIONS WITH THE BOARD

Robert G. McKenzie, an independent director who serves as Chairman of the Corporate Governance and Public Policy Committee, was selected by the Board to serve as the Presiding Director for all meetings of the non-management directors held in executive session. The Presiding Director has the responsibility of presiding at all

Table of Contents

executive sessions of the Board, consulting with the Chairman of the Board and Chief Executive Officer on Board and committee meeting agendas, acting as a liaison between management and the non-management directors, including maintaining frequent contact with the Chairman of the Board and Chief Executive and advising him on the efficiency of the board meetings, and facilitating teamwork and communication between the non-management directors and management.

Persons wishing to communicate with the non-management directors are invited to email the Presiding Director at presiding.director@hollycorp.com or write to: Robert G. McKenzie, Presiding Director, c/o Secretary, Holly Corporation, 100 Crescent Court, Suite 1600, Dallas, Texas 75201-6915. Although the Company has not to date developed formal processes by which stockholders may otherwise communicate directly with directors, the Company believes that its process with regard to communicating with non-management directors, and its informal process under which any communication sent to the Board in care of the Chief Executive Officer or Secretary of the Company is forwarded to the Board for consideration, serves the Board's and the stockholders' needs. There is no screening process, and all stockholder communications that are received by officers for the Board's attention are forwarded to the Board.

RISK MANAGEMENT

The Board has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's credit, liquidity and operations, as well as the risks associated with each. The Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Corporate Governance and Public Policy Committee manages risks associated with the independence of the Board and potential conflicts of interest and also oversees management of risks associated with environmental, health and safety. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed through committee reports about such risks.

The Audit Committee and the Board also receive input from the Company's Risk Management Oversight Committee (the Risk Committee), made up of management personnel with a range of different backgrounds, skills and experiences with regard to the operational, financial and strategic risk profile of the Company. The Risk Committee monitors the risk environment for the Company as a whole, and reviews the activities that mitigate to an achievable and acceptable level the risks that may adversely affect the Company's ability to achieve its goals. The Risk Committee also supports the Audit Committee's efforts to monitor and evaluate guidelines and policies to govern the process by which risk assessment and management is undertaken.

COMPENSATION DISCUSSION AND ANALYSIS

This compensation discussion and analysis ("CD&A") provides information about our compensation objectives and policies for our principal executive officer, our principal financial officer and our other three most highly compensated executive officers, and is intended to place in perspective the information contained in the executive compensation tables that follow this discussion. In this CD&A, we provide a general description of our compensation program and specific information about its various components. Immediately following the CD&A is the Committee Report (the "Committee Report").

Our wholly-owned indirect subsidiary, HLS, is the general partner of HEP Logistics Holdings, L.P., which is the general partner of HEP, one of our consolidated subsidiaries in which we indirectly own a 34% interest, including the 2% general partner interest. HLS employs its own executive officers, some of whom are also our officers. The board of directors of HLS, through its compensation committee, makes compensation decisions with respect to the executive officers of HLS for the services they provide as executive officers of HLS. The compensation of the executive officers of HLS is discussed in the Compensation Discussion and Analysis contained in HEP's Annual Report on Form 10-K for the year ended December 31, 2010. Messrs. Clifton and Shaw and Ms. McWatters also receive compensation from HLS in the form of equity incentive plan compensation for the services these executives perform for HLS; however, the compensation information regarding these executives included within this CD&A relates solely to the services these individuals provide directly to us. The HEP equity awards made to Messrs. Clifton and Shaw and Ms. McWatters are described in HEP's Annual Report on Form 10-K for the year ended December 31, 2010.

Throughout this discussion, the following individuals are referred to as the "Named Executive Officers" and are included in the Summary Compensation Table:

Matthew P. Clifton, Chief Executive Officer and Chairman of the Board

Objectives and Summary of Compensation Program

Our compensation program is designed to attract and retain talented and productive executives who are motivated to protect and enhance our long-term value for the benefit of our stockholders. Our objective is to be competitive with our industry and encourage high levels of performance from our executives.

The Committee, comprised entirely of independent directors, administers the compensation program. The Committee reviews and approves the compensation to be paid to the Named Executive Officers and reviews the compensation policies and practices for all of our employees to verify that such policies and practices do not create unreasonable risks for us.

Table of Contents

The Committee has not adopted any formal policies for allocating compensation among salaries, bonuses and equity compensation. The Committee, with the assistance of management, has sought to designate an appropriate mix of cash and long-term equity incentive compensation with the goal of providing sufficient current compensation to retain the Named Executive Officers, while at the same time providing incentives to the Named Executive Officers to exert their best efforts to maximize long-term value for both us and our stockholders. The Committee considers recommendations by management, its independent compensation consultant and many other factors in deciding on the final compensation factors that are appropriate for both us and for each Named Executive Officer. The Committee generally solicits the recommendations of our Chairman of the Board and Chief Executive Officer (except with respect to his own compensation) and of other members of management when the Committee considers its compensation determinations. See *Role of Named Executive Officers in Determining Compensation* below.

In addition to reviewing the recommendations of management and our Chief Executive Officer, prior to making compensation decisions for the 2010 year, the Committee also reviewed the total compensation provided to each of the Named Executive Officers during the 2009 year. The Committee, with the assistance of management, annually reviews each of the Named Executive Officers' proposed long-term incentive compensation to determine whether the executives are being provided with equity awards that are effective in motivating the Named Executive Officers to create long-term value for us. The Committee's annual compensation review also includes an analysis of the Named Executive Officers' non-equity compensation elements to determine if current levels are adequately aligned with our pay philosophy and business strategies. The Committee also takes into consideration the compensation of similarly situated executives in comparable businesses. These equity incentives are designed to retain the executives and align their interests with our stockholders over a longer-term period of time.

Compensation Committee Consultant

The Committee has engaged Frederic W. Cook & Co. (the *Compensation Consultant*), an outside consulting firm specializing in executive compensation, to advise the Committee on matters related to executive and non-employee director compensation. The Compensation Consultant provides the Committee with relevant market data, updates on related trends and developments, advice on program design, and input on compensation decisions for executive officers and non-employee directors. The Compensation Consultant is independent, retained directly by the Committee, and provides no other services directly to us (but did provide executive and director compensation consulting services directly to the HEP Compensation Committee which are further described in HEP's Annual Report on Form 10-K for the year ending December 31, 2010), and there are no conflicts of interest that exist between us or the Committee and the Compensation Consultant. While the Committee recognizes the value of being properly informed of market trends and peer company compensation levels when evaluating our own program, the Committee is under no obligation to utilize the Compensation Consultant's advice or recommendations, and retains the sole discretion to structure our program as the Committee believes to be appropriate for us and our stockholders.

Overview of 2010 Executive Compensation Components

After reviewing both the internal evaluations of the Named Executive Officers and the market data provided by the Compensation Consultant, the Committee believes that the 2010 compensation for the Named Executive Officers reflects an appropriate allocation of compensation between salary, bonuses and equity compensation.

The components of compensation for the Named Executive Officers in 2010 were:

- base salary

- annual incentive cash bonus compensation

long-term equity incentive compensation

retirement and benefit plans

Change in Control Agreements

Table of Contents***Base Salary***

Base salaries for the Named Executive Officers are reviewed annually by the Committee based on each executive's position, level of responsibility, individual performance, position relative to other executives, market practices and all other elements of the executive's compensation. The Committee also reviews competitive market data relevant to each position provided by the Compensation Consultant. Following a review of these various factors, the Committee determined that increases in the base salaries for the Named Executive Officers were warranted, as shown in the table below.

Named Executive Officer	Base Salary as of December 31, 2009	Base Salary as of December 31, 2010	Approximate Percentage of Increase
Bruce R. Shaw	\$ 325,000	\$ 386,895	19%
George J. Damiris	\$ 300,000	\$ 310,980	4%
Denise C. McWatters	\$ 250,000	\$ 292,000	16%

Due to a decline in the economy and its resulting effect on our industry and our company, at the request and recommendation of Mr. Clifton a salary increase for Messrs. Clifton and Lamp for 2010 was not considered, despite the Committee's and the Board's positive view of their performance.

At its February 22, 2011 meeting, the Committee again reviewed the various considerations explained above and approved the following base salary rates for the Named Executive Officers, to be effective February 21, 2011:

Named Executive Officer	Base Salary as of February 21, 2011
Matthew P. Clifton	\$ 956,300
David L. Lamp	\$ 573,800
Bruce R. Shaw	\$ 401,100
George J. Damiris	\$ 342,400
Denise C. McWatters	\$ 299,300

Annual Incentive Cash Bonus Compensation

Under our annual incentive program, Named Executive Officers are eligible for cash bonuses that are intended to attract and retain senior leadership, link bonuses to our performance versus the industry as well as our own absolute results, align executives' interests with stockholders, and recognize the volatility and unpredictability of the refining industry.

Annual cash incentive opportunities for our Named Executive Officers are reviewed annually, increase with level of responsibility, and are split between three performance elements: net income, peer results, and individual performance. More weight is placed on individual performance at lower levels of responsibility, and peer results are weighted more heavily than absolute results due to the economics of the refining industry and inability to forecast results. Bonus opportunities for 2010 of our Named Executive Officers are shown below as a percentage of salary by performance element. Bonuses are capped to avoid encouraging an excessive short-term focus at the expense of long-term soundness.

Name	Target Non-Equity Incentive Compensation % Salary				Maximum Bonus % Salary
	Net Income	Peer Results	Individual	Total	
Matthew P. Clifton	25 %	75 %	0 %	100 %	270 %
David L. Lamp	17.5 %	52.5 %	10 %	80 %	176 %
Bruce R. Shaw	7.5 %	22.5 %	20 %	50 %	100 %
George J. Damiris	7.5 %	22.5 %	20 %	50 %	100 %
Denise C. McWatters	5 %	15 %	20 %	40 %	80 %

Table of Contents

Four performance criteria are used in determining the peer results portion of the annual bonus: earnings per share (EPS) growth, net profit margin, return on assets, and return on investment. EPS growth means the compound annual growth rate in earnings per share before extraordinary items and discontinued operations, and after the effect of conversion of convertible preferred stock, convertible debentures, and options and warrants that have been identified as Common Stock equivalents. Net profit margin means net income before extraordinary items and dividends on common and preferred stock, divided by net sales. Return on assets means the net income before extraordinary items, divided by total assets (i.e., the sum of current assets, net plant, and other non-current assets). Return on investment means the net income before extraordinary items, divided by the sum of long-term debt, preferred stock and total common equity. Each of these performance measures shall exclude unusual or non-recurring items and the cumulative effect of tax and accounting changes.

The measures are equally weighted. To facilitate the timely determination of bonuses, the measurement period covers four consecutive quarters starting the last quarter of the preceding year (2009) and ending the third quarter of the current year (2010). Our performance is compared to that of eight publicly traded refiners: Alon USA Energy, Inc., CVR Energy, Inc., Delek U.S. Holdings, Inc., Frontier Oil Corporation, Sunoco, Inc., Tesoro Corporation, Valero Energy Corp. and Western Refining Company (the 2010 Incentive Award Peer Group, which was the same for 2010 as 2009). These companies are used in evaluating our financial results as their collective performance reflects external economic conditions we are facing as a company and as an industry as a whole, and they are also companies with which both management and investment analysts compare our financial results.

Bonus payouts to our Named Executive Officers vary based on our net income and peer results against established standards which were the same in 2010 as 2009, as summarized below along with actual results for 2010. The use of this consistent and objective approach to bonus determinations is intended to simplify the administration of the program, facilitate transparency and communication, and avoid the need to set performance goals in an uncertain economic environment. The broad range of performance over which bonuses may be paid, coupled with the multiple performance criteria, is intended to avoid excess or unnecessary risk-taking to achieve a specific target with respect to a discrete financial metric.

Individual performance is also evaluated in determining annual bonuses for the Named Executive Officers other than the Chief Executive Officer, considering various competencies such as interpersonal effectiveness, business conduct, professional and technical, leadership, and results orientation. The evaluation is completely discretionary and based on a wide range of considerations which often change over the course of the year. Further, the Committee may increase, decrease, or eliminate awards for any Named Executive Officer as it deems appropriate in its discretion.

The 2010 bonus attributable to objective performance standards and actually paid to each Named Executive Officer is shown in the table below as a percentage of salary by performance element based on the actual financial results shown above. The actual dollar amount of the portion tied to financial results is shown in the Summary Compensation Table in the Non-Equity Incentive Plan Compensation column, and the individual discretionary portion is shown in the Bonus column (and not in the Individual portion of the Actual Non-Equity Compensation % Salary table below).

For 2011, we have not made any substantive changes to the annual incentive cash bonus program.

Long-Term Equity Incentive Compensation

Long-term equity compensation is the cornerstone of the total compensation program for our Named Executive Officers, and generally receives the heaviest weighting of all compensation elements, which is in line with our philosophy that an executive's compensation should create long-term incentives and generate value for our stockholders. The long-term equity incentive compensation we provide is intended to be a key element in driving the creation of value for investors and in attracting and retaining executives capable of effectively executing our business strategies. Equity awards are provided under the Long-Term Incentive Compensation Plan that was adopted by the Board in October 2002 and approved by our stockholders at the December 2002 Annual Meeting and as amended and restated and approved by our stockholders at the May 2007 Annual Meeting. The LTIP was also amended in 2008, retroactively effective to January 1, 2005, to reflect that the operation of the LTIP was in compliance with Section 409A of the Tax Code.

Table of Contents

Our long-term equity incentive program currently consists of granting primarily restricted stock and performance share unit awards to our Named Executive Officers as described in more detail below. In 2010, the value of the total long-term incentive award made to each of our Named Executive Officers was equally split 50% in restricted stock and 50% in performance share units.

In determining the appropriate amount and type of long-term equity incentive awards to be made, the Committee considers the Named Executive Officer's position, scope of responsibility, base salary, performance and market compensation information for executives in similar positions in similar companies, prior year awards, and recommendations of the Chief Executive Officer (except in regard to his own award). The awards are granted annually during the first quarter of each year.

A portion of the compensation for Messrs. Clifton and Shaw and Ms. McWatters consists of long-term equity incentive compensation from HEP, in which we own a 34% interest (including the general partner interest). Please refer to Item 11 of HEP's Form 10-K for the fiscal year ended December 31, 2010 for further information concerning the compensation provided by HEP to Messrs. Clifton and Shaw and Ms. McWatters.

Restricted Stock Awards

A restricted stock award is an award of shares of Common Stock which is subject to forfeiture upon termination of employment prior to the vesting of the award. The Committee may approve grants on the terms that it determines, including the period during which the award will vest. Under the LTIP, the Committee may condition vesting upon the achievement of specified financial objectives and/or upon the satisfaction of a specified service period. The Committee has determined to grant our Named Executive Officers restricted stock subject to performance conditions and restricted stock subject only to time-based vesting conditions (other than Messrs. Clifton and Lamp, who have additional performance standards for their restricted stock), as described in greater detail below.

Restricted Stock Subject to Performance Conditions. In 2010, Messrs. Clifton and Lamp were granted awards of restricted stock that will vest in three equal annual installments, provided certain performance requirements are achieved, one effect of which is to preserve the tax deductibility of the awards, under Section 162(m) of the Tax Code, as described in the Tax and Accounting Implications section below.

The 2010 restricted stock agreements with Messrs. Clifton and Lamp contain a Company performance standard that must be satisfied for those awards to vest. The performance standards applicable to the 2010 restricted stock with performance conditions were changed from previous awards to more closely align these awards with our other performance-based arrangements. Under the terms of the 2010 restricted stock awards with performance conditions, except in the case of early termination of employment, one-third of these restricted shares will vest in annual installments beginning January 1, 2011 if the applicable performance standard is satisfied. For purposes of these awards, the applicable performance standard requires, for any four consecutive quarters during the period beginning with the quarter that begins January 1, 2010, and ending with the quarter that ends December 31, 2013, either (A) the sum of our net income per diluted share equals or exceeds \$0.30, or (B) we rank at or above the median of the applicable peer group with respect to at least two out of four following performance measures: EPS growth, net profit margin, return on assets, and return on investment (as defined above). Our peer group for these purposes is the 2010 Incentive Award Peer Group. Assuming the applicable performance standard is met, these awards will become vested on the date the Committee certifies that we have met the applicable standards, provided the applicable service requirement has also been met. To date, we have achieved the applicable performance standard, which has resulted in vesting with respect to the one-third restricted shares that could potentially vest after December 31, 2010. The remaining unvested shares will vest upon satisfaction of the applicable service requirements, except as otherwise described below in Potential Payments Upon Termination or Change in Control.

Award recipients are stockholders with respect to all of the shares of restricted stock. Recipients of restricted stock subject to performance conditions granted before 2009 are entitled to receive dividends with respect to the underlying shares of Common Stock. For restricted stock awards with performance conditions granted in 2009 and later years, dividends with respect to the underlying shares will be deferred until the applicable awards vest and such distributions will be forfeited if such awards do not vest.

Table of Contents

Restricted Stock Subject to Time-Based Vesting Conditions. Restricted stock awards granted to Messrs. Shaw and Damiris and Ms. McWatters during 2010 are not subject to performance conditions and vest in three substantially equal annual installments. These restricted stock agreements require that the award recipient be continuously employed with us or a subsidiary through the applicable vesting date, except as described below in Potential Payments Upon Termination or Change in Control. The first one-third of the restricted stock awards for Messrs. Shaw and Damiris and Ms. McWatters vested in January 2011, and the remaining two-thirds will vest on January 1, 2012 and January 1, 2013, provided he or she continues employment with us.

Award recipients are stockholders with respect to all of the shares of restricted stock. Ms. McWatters and Messrs. Shaw and Damiris have the right to receive all dividends and other distributions paid with respect to such shares of restricted stock.

Performance Share Unit Awards

The performance share units represent an award for a designated performance and related service period. At the end of the required periods, recipients are entitled to a number of shares of Common Stock equal to a percentage of the awarded units as determined by reference to our performance on four performance measures (weighted equally) compared to the performance of the companies included in our performance comparison group on the same four measures. The terms of an award are determined by the Committee at the time of the award, including the number of units in each grant, the performance targets, the method of determining the amounts payable for different levels of performance, and the nature and timing of payment.

In 2010, all of our Named Executive Officers were granted awards of performance share units. The performance period for such awards is from January 1, 2010 through September 30, 2012 and the Named Executive Officer must be employed by us on December 31, 2012 to receive a settlement for the performance share unit awards, except as described below in Potential Payments Upon Termination or Change in Control. A performance share unit will be earned depending upon our performance versus that of the 2010 Incentive Award Peer Group rather than the satisfaction of any particular value or level of a performance target. If a member of the 2010 Incentive Award Peer Group ceases to be a public company during the performance period (whether by merger, consolidation, liquidation or otherwise) or it fails to file financial statements with the SEC in a timely manner, it will be treated as if it had not been a peer group member for the entire performance period.

For the 2010 performance share unit awards, performance measures will mirror the performance measures described above for our annual incentive bonuses. The four performance measures applicable to the 2010 awards are EPS growth, net profit margin, return on assets, and return on investment.

The number of shares of Common Stock payable at the end of the applicable performance period is equal to the result of (a) multiplying (i) the number of performance share units granted by (ii) the average percentile ranking, as determined by adding our percentile ranking on each performance measure over the thirty-three month performance period and dividing the sum by four, then (b) multiplying that product by two. The performance share unit awards do not provide for the payment of dividends with respect to outstanding performance share units nor do they provide for the payment of dividends at the end of the performance period that would have been paid during the performance period.

Performance share units are also subject to forfeiture in the event that the executive's employment or service relationship terminates, unless and to the extent that the Committee provides otherwise. See Potential Payments Upon Termination or Change in Control for a discussion of the termination and change in control provisions applicable to the performance share units.

Review of Market Data

Market pay practices are one of many factors considered by the Committee in setting compensation for the Named Executive Officers. We regularly compare our compensation program with market information regarding salary and annual incentive levels, long-term incentive award levels, and short and long term incentive programs. The purpose of this analysis is to provide a frame of reference in evaluating the reasonableness and competitiveness of compensation with the energy industry and to ensure that our compensation is generally comparable to

Table of Contents

companies of similar size and scope of operations. Market pay levels are obtained from various sources including published compensation surveys and information taken from the SEC filings of a number of similarly situated companies as compiled by our Compensation Consultant. The Committee reviews and discusses market data and recommendations provided by the Compensation Consultant, and the Committee retains the final decision making authority on all compensation decisions. The benchmark group that the Committee reviewed in the fall of 2009 in order to set 2010 compensation was comprised of BJ Services Company, Cameron International Corporation, Crosstex Energy, Inc., CVR Energy, Inc., El Paso Corp., Exterran Energy Corp., FMC Technologies, Inc., Frontier Oil Corporation, Murphy Oil Corporation, Spectra Energy Corp., Tesoro Corporation, Western Refining, Inc. and Williams Companies, Inc. This peer group is different than the 2010 Incentive Award Peer Group management and investment analysts use to compare our financial results, as those companies are often too large in size (as with Valero Energy Corp.) or significantly differ in ownership and management composition from us (as with Alon USA Energy, Inc.) for the Committee to include them as suitable comparisons when considering total compensation packages. For purposes of determining overall compensation for our executives, a central objective is to position pay levels at approximately the middle range of market compensation. As noted, however, market pay levels are only one factor considered, with pay decisions ultimately reflecting an evaluation of individual contribution and value to us.

For purposes of setting 2011 compensation, the Committee made certain changes to the benchmark group described above. Specifically, BJ Services Company was removed from the benchmark group because it was acquired by Baker-Hughes in 2010. Crosstex Energy, Inc. was also removed from the benchmark group since the Committee determined that the nature of the business in which it is engaged did not make it an appropriate comparator company. Sunoco, Inc. was added to the benchmark group to replace these companies. These changes to the benchmark group had no impact on 2010 compensation.

Role of Named Executive Officers in Determining Executive Compensation

In making executive compensation decisions, the Committee solicits the recommendations of our Chief Executive Officer (except with respect to his own compensation) and various other members of management, including the remaining Named Executive Officers. Management facilitates the Committee's consideration of compensation for the Named Executive Officers by providing data for the Committee's review. This data includes, but is not limited to, our financial performance for the current year compared to our financial performance for the preceding year, our financial performance versus that of our peers, performance evaluations of the Named Executive Officers (other than for the Chief Executive Officer and Chairman of the Board, who is evaluated by the Committee), compensation provided to the Named Executive Officers in previous years, and tax and accounting related considerations. Management provides the Committee with guidance as to how such data impacts pre-determined performance goals set by the Committee. When management considers a discretionary bonus to be appropriate for a Named Executive Officer (other than for the Chief Executive Officer and Chairman of the Board), it will recommend an amount and provide the Committee with management's rationale for such bonus. Given the day-to-day familiarity that management has with the work performed by the Named Executive Officers, the Committee values management's recommendations. However, the Committee makes all final decisions as to the compensation of the Named Executive Officers. For 2010, after consideration of management's recommendations regarding discretionary increases in the bonuses, and discussion regarding such increases, the Committee approved discretionary increases in some bonuses as shown in the column titled "Bonus" in the Summary Compensation Table.

Table of Contents**Guidelines for Stock Ownership for Executives**

Under our stock ownership guidelines approved by the Board in 2009, each Named Executive Officer is expected to retain twenty-five percent (25%) of the shares received from the settlement of restricted share and performance share units awards granted under the LTIP until his or her ownership equals the following levels:

Executive	Shares Required
Matthew P. Clifton	120,000 Shares
David L. Lamp	40,000 Shares
Bruce R. Shaw	20,000 Shares
George J. Damiris	20,000 Shares
Denise C. McWatters	10,000 Shares

Shares owned from any source count toward meeting the guidelines, but shares relating to unexercised stock options, if any, and unvested restricted shares and/or performance share units do not count. Currently all of our Named Executive Officers are in compliance with the stock ownership guidelines.

Tax and Accounting Implications

We account for the equity compensation expense for our employees and executive officers, including our Named Executive Officers, under the rules of FASB ASC Topic 718, which requires us to estimate and record an expense for each award of long-term incentive compensation over the vesting period of the award. Accounting rules also require us to record cash compensation as an expense at the time the obligation is accrued.

With respect to Section 162(m) of the Tax Code and underlying regulations pertaining to the deductibility of compensation to certain Named Executive Officers in excess of \$1,000,000, we have adopted a policy to provide performance-based compensation under our LTIP that is exempt from such limitations to the extent practicable. The LTIP has been approved by our stockholders. As a result, certain elements of the LTIP are designed to provide performance-based incentive compensation which would be fully deductible under Section 162(m). Performance vesting restricted stock and performance share unit grants made to Named Executive Officers subject to Section 162(m) in 2010 are intended to be fully deductible under Section 162(m); however, some Named Executive Officers received restricted stock awards that do not contain performance-based incentives and may not be deductible under Section 162(m) if their respective compensation increases. In addition, our annual cash incentive awards, granted under our LTIP, are subject to certain performance conditions, and were designed in 2010 to be compliant with Section 162(m) requirements. However, the Committee has determined that some flexibility is required, notwithstanding the statutory and regulatory provisions, in negotiating and implementing our incentive compensation programs. It has, therefore, retained the discretion to award some bonus payments based on non-quantitative performance measurements and other criteria that it may determine, in its discretion, from time to time. We did not pay any compensation in 2010 that was nondeductible under Section 162(m).

In addition, Section 280G of the Tax Code prohibits the deduction of any excess parachute payment. Benefits payable under the Change in Control Agreements entered into with certain of our executives as well as accelerated vesting under restricted stock and performance share awards could result in excess parachute payments that are not deductible by us. Amounts payable and benefits available upon the occurrence of certain change in control transactions are described below in the section titled Potential Payments Upon Termination or Change in Control.

Retirement and Benefit Plans

The Holly Retirement Plan

The Holly Retirement Plan, our tax-qualified defined benefit retirement plan, is described below in the narrative accompanying the Pension Benefits table. As of January 1, 2007, this plan was no longer made available to newly hired employees who were not represented under a collective bargaining agreement. Instead, as of January 1, 2007, new employees who were not represented under a collective bargaining agreement were automatically enrolled in our Thrift Plan to which we make an automatic contribution of 5% of the employee's eligible compensation on an annual basis, in addition to making matching contributions as described below. Most

Table of Contents

employees who are not represented by a collective bargaining agreement and were hired prior to January 1, 2007, were provided with a one-time choice to either continue earning benefits in the Holly Retirement Plan or to freeze benefits in the Holly Retirement Plan and begin receiving the 5% automatic Thrift Plan contribution. Regardless of their choice, these employees are eligible for matching contributions under the Thrift Plan, if they participate therein. As of July 1, 2010, the plan was no longer made available to any newly hired employees, including individuals represented under a collective bargaining agreement. Certain participants in the plan as of July 1, 2010 were permitted to choose to either continue accruing benefits under the plan or freeze their benefits effective December 31, 2010, and receive automatic Thrift Plan contributions.

Retirement Restoration Plan

We have an unfunded Retirement Restoration Plan that provides for additional payments from us so that total retirement plan benefits for certain executives are not limited to the maximums set forth in the Tax Code and as allowed under the Holly Retirement Plan. The Retirement Restoration Plan and the applicable Tax Code restrictions are more particularly described below in the section titled Pension Benefits.

Thrift Plan for Employees of Holly Corporation, its Affiliates and Subsidiaries

Our Thrift Plan, which is a tax-qualified defined contribution plan, is offered to all our employees. Employees may, at their election, contribute to the Thrift Plan amounts from 0% up to a maximum of 75% of their eligible compensation. In 2010, for employees not covered by a collective bargaining agreement, we provided (a) a 100% match of employee contributions to the Thrift Plan up to 6% of their eligible compensation from January 1, 2010 through May 31, 2010, and (b) a 50% match of employee contributions to the Thrift Plan up to 6% of their eligible compensation from June 1, 2010 through December 31, 2010. Effective January 1, 2011, we reinstated the 100% match of employee contributions to the Thrift Plan up to 6% of their eligible compensation. Eligible employees were also allowed to participate in the automatic Thrift Plan contribution feature, where 5% of eligible compensation, subject to the applicable Tax Code limits, is contributed each year in addition to the employee deferrals and employer matching contributions for that employee. Employee contributions that were made on a tax-deferred basis were generally limited to \$16,500 in 2010 (this amount will remain the same for the 2011 year), with employees over 50 years of age able to make additional tax-deferred contributions of \$5,500 (this amount will remain the same for the 2011 year). Employees may direct that Company matching contributions be invested in Common Stock. Prior to 2007, our contributions in the Thrift Plan did not vest until the earlier of three years of credited service or termination of employment due to retirement, disability or death. Beginning in 2007, matching contributions to employees not represented by a collective bargaining agreement vest immediately upon contribution to their accounts. The automatic Thrift Plan contribution is subject to a three-year cliff vesting period.

In 2010, each of the Named Executive Officers participated in the Thrift Plan and received matching contributions from us. These amounts are further described in the Summary Compensation Table.

Employee Stock Ownership Plan

Many of our employees and eligible affiliates with at least one year of service, other than employees covered by collective bargaining agreements, participated in an Employee Stock Ownership Plan (ESOP) established in 1985. For the 1987 through the 1996 fiscal years, shares of Common Stock held by the ESOP were allocated to the accounts of participants for each fiscal year on the basis of payments of principal on the ESOP's ten-year installment note issued to us in connection with the ESOP's purchase of Common Stock from us. Shares were allocated to participants based on their eligible compensation. Participants' shares vested upon the earlier of five years' credited service or termination of employment due to retirement, disability or death. Effective August 1, 1999, the ESOP was merged into the Thrift Plan and each participant's ESOP account became a Company Stock ESOP Account in the Thrift Plan. Over the twelve

months ending October 2002, shares in our Stock ESOP Account for each participant were gradually shifted to each participant's regular Thrift Plan account and consequently became subject to the participant's directions as to holding or selling such shares. Mr. Clifton is the only Named Executive Officer to have had an account under the previous ESOP that is now merged into the Thrift Plan.

Change in Control Agreements

We have entered into Change in Control Agreements with our Named Executive Officers to provide for management continuity in the event of a change in control, and to assist in the recruitment and retention of executives. The Committee has determined that it is in the best interest of the stockholders to maintain these agreements in light of the depth of knowledge and experience of the Named Executive Officers and the need to ensure stable management during any potential change in control. The Change in Control Agreements are designed to provide benefits only in the event of a termination of employment following a change in control transaction, and do not provide any benefits without such a termination. The Committee believes that the agreements will permit our Named Executive Officers to focus their attention and energy on our business without any distractions regarding the effects of a change in control. The benefits contemplated by the agreements maximize stockholder value by allowing our Named Executive Officers to participate in an objective review of any proposed transaction. The material terms and a quantification of the potential amount payable under the Change in Control Agreements with the Named Executive Officers are set forth below in the section titled Potential Payments Upon Termination or Change in Control.

(1) Annual bonuses for services performed in 2010 were paid in March 2011. Amounts in this column reflect the discretionary bonus payable pursuant to individual performance under our annual incentive bonus arrangement reported in the Non-Equity Incentive Plan Compensation column.

(2) Amounts reported represent the aggregate grant date fair value computed in accordance with FASB ASC Topic 718, including the amount recognized with respect to the bonus stock award of 8,200 shares granted to Mr. Shaw in 2008. See note 6 to our consolidated financial statements for the fiscal year ended December 31, 2010 included in our Annual Report on Form 10-K filed with the SEC on February 25, 2011 for a discussion of the assumptions used in determining the FASB ASC Topic 718 grant date fair value of these awards. With respect to performance share units awarded in 2010, the amounts in the table above were based on an estimated payment of 125% of the award, as this is the probable payout percentage for the performance share units and is consistent with the

estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718, excluding the effect of estimated forfeitures; however, assuming that the performance share units will be paid out at the maximum payout level of 200%, the grant date fair value of the 2010 performance share unit awards made to each of the Named Executive Officers would be as follows: Mr. Clifton, \$2,407,575; Mr. Lamp, \$1,335,053; Mr. Shaw, \$421,886; Mr. Damiris, \$562,515; and Ms. McWatters, \$202,586. With respect to the performance-based restricted stock awards granted to Messrs. Clifton and Lamp in 2010, the amounts in the table above were based on an estimated payment of 100% of the award, as this is the probable payout percentage (and the maximum potential payout level) for those awards and is consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718. The terms of the 2010 performance share unit awards and the 2010 restricted stock awards are provided above in the section titled Compensation Discussion and Analysis Overview of 2010 Compensation Components Long-Term Equity Incentive Compensation . For additional information on restricted stock and performance share unit awards, see below under 2010 Outstanding Equity Awards at Fiscal Year End.

- (3) The annual bonus amounts reported in the Non-Equity Incentive Plan Compensation column for services performed in 2010 (paid in March 2011) reflect payments with respect to the pre-defined target percentages

that were allocated to the various performance components which are described above in greater detail in the section titled Compensation Discussion and Analysis Overview of 2010 Compensation Components Annual Incentive Cash Bonus Compensation.

- (4) The amounts shown in this column reflect the aggregate change in the actuarial present value of the Named Executive Officers' respective accumulated benefits under all defined benefit pension plans in which they participate, based on following assumptions:

December 31, 2010

Discount Rate	5.65%
Mortality Table	RP2000 White Collar Projected to 2020
Reserving Table	50% Male/50% Female
Retirement Age	the later of current age or age 62

- (5) The All Other Compensation column for 2010 reflects the following contributions made on behalf of the Named Executive Officers:

Name	Automatic Thrift Plan	Employer Matching
Matthew P. Clifton	n/a	\$ 14,700
David L. Lamp	n/a	\$ 14,700
Bruce R. Shaw	\$12,250	\$ 14,657
George J. Damiris	\$12,250	\$ 13,150
Denise C. McWatters	\$12,250	\$ 10,964

For Messrs. Clifton and Lamp, this reflects the employer matching contribution to the Thrift Plan, which was subject to a Tax Code maximum limit of \$14,700. The other Named Executive Officers are not eligible to participate in the Holly Retirement Plan (although Mr. Shaw was previously a participant in the plan and has a Holly Retirement Plan benefit that was frozen as of May 31, 2007), but instead participate in the Automatic Thrift Plan Contribution feature of the Thrift Plan. For Messrs. Shaw and Damiris and Ms. McWatters, this reflects the contribution made in 2010 by us to the Automatic Thrift Plan (subject to the Tax Code maximum limit of \$12,250) and includes employer matching contributions (subject to a Tax Code maximum limit of \$14,700).

- (6) As of January 1, 2010, Mr. Clifton's annual salary was \$922,500, which is equal to the actual payroll payments he received during 2010. Due to a decline in the economy and its resulting effect on our industry and our company, at Mr. Clifton's request and recommendation, the Board did not increase his annual salary during 2010, despite the Board's positive view of Mr. Clifton's performance.

- (7) As of January 1, 2010, Mr. Lamp's annual salary was \$553,500, which is equal to the actual payroll payments he received during 2010. Due to a decline in the economy and its resulting effect on our industry and our company, at Mr. Clifton's request and recommendation, the Board did not increase Mr. Lamp's annual salary during 2010, despite the Board's positive view of Mr. Lamp's performance.

- (8)

Amounts shown in the Estimated Future Payouts Under Non-Equity Incentive Plan Awards columns reflect the threshold, target, and maximum bonus award amount for each Named Executive Officer based on the percentages set forth above in the section titled Annual Incentive Cash Bonus Compensation. Amounts reported in the table above do not include amounts potentially payable with respect to the discretionary portion of the bonus attributable to individual performance.

- (2) Amounts shown in the Estimated Future Payouts Under Equity Incentive Plan Awards columns reflect the Committee's grant of performance share units, as described below in the section titled Performance Share Unit Agreement Terms, and of restricted stock subject to performance conditions granted to Messrs. Clifton and Lamp, as described below in the section titled Restricted Stock Agreement Terms. With respect to performance share units, the amount shown in column (f) reflects the minimum payment amount of 0%, the amount shown in column (g) reflects the target amount of 100% and, for disclosure purposes only, the amount shown in column (h) reflects the maximum payment level of 200%. With respect to restricted stock awards subject to performance conditions, the amount reported in column (g) is the only payment amount possible (other than zero).
- (3) Amounts in column (i) are the number of shares of restricted stock subject to time-based vesting conditions granted to each of our Named Executive Officers (other than Messrs. Clifton and Lamp) in 2010. The terms of these grants are described above in the section titled Compensation Discussion and Analysis Overview of 2010 Compensation Components Long-Term Equity Incentive Compensation.

Table of Contents

- (4) Represents the full grant date fair value determined pursuant to FASB ASC Topic 718, and as reflected in our financial statements, based on the closing price of the Common Stock, which was \$29.17, on the date prior to the grant for both restricted stock and performance share units. With respect to performance share units, this amount reflects an assumed payment of 125% of the number of shares under the performance share unit award, as this is the probable payout percentage for the performance share units and is consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718, excluding the effect of estimated forfeitures. The probable payout percentage for the restricted stock subject to performance conditions granted to Messrs. Clifton and Lamp is 100% of the number of shares subject to the award.

Pursuant to the terms of the grants, one-third of the restricted stock became fully vested and non-forfeitable in February 2008. Except in the case of early termination of employment, (i) after December 31, 2008, another one-third of the restricted stock (the 2009 shares) will vest if our average quarterly adjusted net income per diluted share is at least \$0.68 for the period from October 1, 2007 through the end of period being measured (with the earliest possible ending quarter being the fourth quarter of 2008 and the last possible ending quarter being the fourth quarter of 2010) and (ii) after December 31, 2009, the remaining one-third of the restricted stock (the 2010 shares) will vest if our average quarterly adjusted net income per diluted share is at least \$0.68 for the period from October 1, 2007 through the end of period being measured (with the earliest possible ending quarter being the fourth quarter of 2009 and the last possible ending quarter being the fourth quarter of 2010). Assuming the quarterly adjusted net income standard is met as set forth in each case above, the 2009 shares and/or the 2010 shares, as the case may be, will become vested on the date that our Committee certifies that we have met the applicable standards. As of December 31, 2010, the quarterly adjusted net income standard had not been met.

The performance goals associated with these awards are the same as described above with respect to the 2010 performance share unit awards in Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Performance Share Unit Agreement Terms. The impact on these awards of a change in control or the awardee's termination of employment under various circumstances prior to December 31, 2011 are described below in the section titled Potential Payments upon Termination or Change in Control.

- (f) Restricted stock awards with a performance standard were made in March 2010. The vesting dates for these awards are described above in Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Restricted Stock Agreement Terms.
- (g) Performance share units were awarded in March 2010. The number of shares disclosed above in the chart in this footnote (4) represents the number of units subject to the award, rather than the number of shares

potentially payable in the event the maximum performance threshold is attained disclosed in the Outstanding Equity Awards at Fiscal Year End table. Additional information regarding these performance share units is provided above in Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Performance Share Unit Agreement Terms.

Pension Benefits

Certain of our Named Executive Officers participate in our Retirement Plan (the "Qualified Retirement Plan"), which generally provides a defined benefit to participants following their retirement. In addition, since the 1995 fiscal year, we have also sponsored and maintained our Retirement Restoration Plan (the "Retirement Restoration Plan") that provides additional benefits such that the total pension benefits for specified executives will be maintained at the levels contemplated in the Qualified Retirement Plan before application of the Tax Code limitations. The table below sets forth an estimate of the pension benefits payable to our Named Executive Officers at normal retirement age under the Qualified Retirement Plan and the Retirement Restoration Plan (collectively, the "Retirement Plans").

In quantifying the present value of the current accrued benefit under the Retirement Plans for our Named Executive Officers indicated above, the valuation method and assumptions discussed in Note 16 to our Consolidated Financial Statements for the fiscal year ended December 31, 2010, included in our annual report on Form 10-K, were utilized assuming benefits begin at the first age the participant is eligible for an unreduced benefit (age 62 or current age if later). The material assumptions used include the following:

Discount Rate	5.65%
Mortality Table	RP2000 White Collar Projected to 2020 (50% male/50% female)
Retirement Age	the later of current age or age 62

Effective January 1, 2007, participation in the Retirement Plans was closed to non-union new hires and, effective July 1, 2010, participation in the plan was closed as to all new hires. Non-union employees hired before 2007 generally became eligible to participate in our Qualified Retirement Plan after completing one year of service with us or any of our affiliates. The amount of benefits accrued under the Qualified Retirement Plan is based upon a participant's compensation, age and length of service. The compensation taken into account under our Qualified Retirement Plan is a participant's average monthly compensation, which includes base salary or base pay and any quarterly bonuses, during the highest consecutive 36-month period of employment for each employee (Plan Compensation). No quarterly bonuses were provided to our Named Executive Officers in 2010, but quarterly bonuses were paid to some non-executive union employees.

Our Qualified Retirement Plan provides for benefits upon normal retirement, early retirement, and late retirement, as well as providing accelerated deferred vested benefits, disability benefits and death benefits. Upon normal retirement following a participant's attainment of age 65, a participant is entitled to a life annuity with monthly pension payments equal to (a) 1.6% of the participant's average monthly Plan Compensation multiplied by the participant's total years of credited benefit service, minus (b) 1.5% of the participant's primary Social Security benefit multiplied by the participant's total years of credited service (but not to exceed 45% of such Social Security benefits). In addition, a participant who (i) has attained age 50 and completed at least 10 years of service, or (ii) has attained age 55 and completed at least 3 years of service may elect to terminate employment and begin receiving benefits under our Qualified Retirement Plan. If such a participant begins receiving benefits under our Qualified Retirement Plan on or after the date the participant attains age 60 but before he reaches age 62, such benefits will be reduced by 1/12th of 2 1/2% for each full month that such benefits begin before age 62. If benefits begin before age 60, the participant's Qualified Retirement Plan benefits will be reduced by 1/12th of 5% for each full month that such benefits begin before age 60.

Table of Contents

The normal form of benefits under our Qualified Retirement Plan is a life annuity or, if a participant is married, a qualified joint and survivor annuity (unless properly waived). Our Qualified Retirement Plan also permits participants to elect to receive their benefits in the form of a single life annuity for a 5- or 10-year term certain, a reduced pension for the joint lives of the participant and a co-annuitant (with a 100%, 75%, 66.66%, or 50% survivor percentage) or a lump sum. If the participant dies before his Qualified Retirement Plan benefits have commenced, his surviving spouse will be entitled to a benefit for life equal to the amount that would have been paid as a survivor benefit under the 100% joint and survivor annuity option. If the participant is not married on the date of his death or waived the surviving spouse benefit, such benefit will be paid to his beneficiary in the form of monthly payments for life or a term certain or in the form of a lump sum, as elected by the beneficiary.

Benefits up to limits set by the Tax Code are funded by our contributions to the Qualified Retirement Plan, with the annual contribution amounts determined on an actuarial basis. In 2010, the Tax Code limited the annual benefit that could be paid from our Qualified Retirement Plan to \$195,000 per year (subject to increases for future years based on price level changes) and limited the compensation that could be taken into account in computing such benefit to \$245,000 per year (subject to certain upward adjustments for future years).

For certain executives including our Named Executive Officers whose benefits under our Qualified Retirement Plan are limited as a result of the limitations described in the preceding paragraph, we have granted participation in our Retirement Restoration Plan, which provides additional pension benefits so that the total retirement benefits for specified executives will be maintained at the levels contemplated in our Qualified Retirement Plan before application of the Tax Code limitations. Specifically, the amount of benefits payable under our Retirement Restoration Plan is equal to a participant's benefit payable in the form of a life annuity calculated under the Qualified Retirement Plan without regard to the Tax Code limitations less the amount of the Qualified Retirement Plan benefit that can be paid under the Qualified Retirement Plan after application of the Tax Code limits. Benefits under our Retirement Restoration Plan are generally payable in the same form and at the same time as the participant's benefits under the Qualified Retirement Plan for benefits earned through 2004 (Pre-409A benefits) and as a lump sum, and no earlier than 6 months following the Named Executive Officer's separation from service for benefits earned after 2004 (Post-409A benefits).

Since Mr. Clifton was over age 50 and had more than 10 years of service, he was eligible for early retirement on December 31, 2010. His early retirement benefits potentially payable beginning January 1, 2011 are estimated to be \$8,635.15 per month payable for his lifetime or \$1,309,392 payable as a lump sum from the Qualified Retirement Plan and \$25,945.86 per month payable for his lifetime or \$3,934,301 payable as a lump sum from the Retirement Restoration Plan. A portion of the \$25,945.86 monthly benefit payable to Mr. Clifton under the Retirement Restoration Plan is attributable to Post-409A benefits and, therefore, will be paid in a lump sum and not as a monthly benefit. Messrs. Lamp and Shaw were not eligible to commence benefits as of December 31, 2010. Mr. Damiris and Ms. McWatters are not eligible to participate in the Qualified Retirement Plan and the Retirement Restoration Plan because they were hired after the plan was closed to non-union new hires.

Nonqualified Deferred Compensation

During 2010, we did not sponsor or maintain any defined contribution or other plan that provided for the deferral of compensation on a basis that is not tax-qualified. We previously sponsored an ESOP Restoration Plan that was terminated effective January 3, 2009, and all amounts held thereunder were distributed on January 6, 2009.

Potential Payments Upon Termination or Change in Control

Employment and Severance Agreements

There are no employment agreements currently in effect between us and any Named Executive Officer, and the Named Executive Officers are not covered under any general severance plan.

Change in Control Agreements

We have entered into Change in Control Agreements with each of our Named Executive Officers. All agreements follow the policy that was approved in February 2008 (approximately three months prior to the 2008

Table of Contents

Annual Meeting of Stockholders) and are on the form that was approved in February 2008. No subsequent changes or amendments have been made to our Change in Control Agreement form.

The original term of each Change in Control Agreement ended on May 15, 2010 (regardless of the date the officer entered into the agreement) but was automatically extended for an additional year on that same date. The Change in Control Agreements will continue to be automatically extended for an additional year on each May 15th hereafter unless a cancellation notice is given by the Company 60 days prior to the applicable May 15 expiration date (as extended from time to time).

While the Long Term Incentive Compensation Plan provides for automatic vesting of awards upon a Change in Control (single-trigger acceleration) unless specifically provided otherwise in an award agreement, the award agreements governing our outstanding long-term equity awards only provide a benefit to the Named Executive Officers if there is both a Change in Control and a termination of the executive s employment under certain circumstances (double-trigger acceleration). More specifically, the Change in Control Agreements provide that if, in connection with or within two years after a Change in Control, the executive is terminated without Cause, leaves voluntarily for Good Reason, or is terminated as a condition of the occurrence of the transaction constituting the Change in Control, then the executive will receive the following cash severance amounts: (i) a cash payment, paid within 10 days following the executive s termination, equal to his accrued and unpaid salary, reimbursement of expenses and accrued vacation pay, and (ii) a lump sum amount, paid within 15 days following the executive s termination, equal to the multiple specified in the table below for such executive times: (A) his annual base salary as of his date of termination or the date immediately prior to the Change in Control, whichever is greater, plus (B) his or her annual bonus amount, calculated as the average annual bonus paid to him or her for the prior three years. In addition, the executive (and his dependents, as applicable) will receive the continuation of their medical and dental benefits for the number of years indicated in the table below for such executive.

Named Executive Officer	Cash Severance Multiplier	Years for Continuation of Medical and Dental Benefits
Matthew P. Clifton	3X	3
David L. Lamp	2X	2
Bruce R. Shaw	2X	2
George J. Damiris	2X	2
Denise C. McWatters	1X	1

For purposes of the Change in Control Agreements, the following terms have been given the meanings set forth below:

- (a) Cause means an executive s (i) engagement in any act of willful gross negligence or willful misconduct on a matter that is not inconsequential, as reasonably determined by our Board of Directors in good faith, or (ii) conviction of a felony.
- (b) Change in Control means, subject to certain specific exceptions set forth in the Change in Control Agreements: (i) a person or group of persons (other than Holly, HLS, HEP, or any employee benefit plan of any of the three entities or its affiliates) becomes the beneficial owner of more than 50% of the combined voting power of our then outstanding securities or more than 50% of our outstanding Common Stock, (ii) a majority of the members of our Board of Directors is replaced during a 12 month period by directors who were not endorsed by a majority of the board members prior to their appointment, (iii) the consummation of a merger or consolidation of us or one of our subsidiaries other than (A) a merger or consolidation resulting in our voting securities outstanding immediately prior

to the transaction continuing to represent at least 50% of the combined voting power of our voting securities or the voting securities of the surviving entity outstanding immediately after the transaction, or (B) a merger or consolidation effected to implement a recapitalization of us in which no person or group becomes the beneficial owner of our securities representing more than 50% of the combined voting power of our then outstanding securities, or (iv) our stockholders approve a plan of complete liquidation or dissolution of us or an agreement for the sale or disposition of all or substantially all of our assets.

Table of Contents

(c) **Good Reason** means, without the express written consent of the executive: (i) a material reduction in the executive's (or his supervisor's) authority, duties or responsibilities, (ii) a material reduction in the executive's base compensation, or (iii) the relocation of the executive to an office or location more than 50 miles from the location at which the executive normally performed the executive's services, except for travel reasonably required in the performance of the executive's responsibilities. The executive must provide notice to us of the alleged Good Reason event within 90 days of its occurrence and we have the opportunity to remedy the alleged Good Reason event within 30 days from receipt of the notice of such allegation.

All payments and benefits due under the Change in Control Agreements will be conditioned on the execution and nonrevocation by the executive of a release for our benefit and the benefit of our related entities and agents. The Change in Control Agreements also contain confidentiality provisions pursuant to which each executive agrees not to disclose or otherwise use our confidential information during his employment with us and thereafter. Violation of the confidentiality provisions entitles us to complete relief, including injunctive relief. Further, in the event of a breach of the confidentiality covenants in the Change in Control Agreements during the executive's employment with us, the executive could be terminated for Cause (provided the breach constituted willful gross negligence or misconduct that is not inconsequential). The Change in Control Agreements do not prohibit the waiver of a breach of these covenants.

If amounts payable to an executive under a Change in Control Agreement (together with any other amounts that are payable by us as a result of a change in ownership or control) (collectively, the **Payments**) exceed the amount allowed under section 280G of the Tax Code for such executive (thereby subjecting the executive to an excise tax as described in further detail below) by 10% or more, we will pay the executive a tax gross up (a **Gross Up**) in an amount necessary to allow the executive to retain (after all regular income and section 280G taxes) a net amount equal to the total present value of the Payments on the date they are to be paid (after all regular income taxes but without reduction for section 280G taxes). Conversely, the Payments will be reduced to the level at which no excise tax applies, but only to the extent they exceed the section 280G limit for the executive by less than 10%.

Long-Term Equity Incentive Awards

Change in Control. Like the payments and benefits provided under the Change in Control Agreements and described above, the outstanding long-term equity incentive awards held by our Named Executive Officers also require a double-trigger to accelerate vesting of the awards in conjunction with a Change in Control. Specifically, under the terms of the long-term equity incentive awards (which includes time based restricted stock, performance-based restricted stock, and performance share units), if, within 60 days prior to or at any time after a Change in Control, (i) a Named Executive Officer's employment is terminated by us, other than for Cause or (ii) he resigns within 90 days after an Adverse Change has occurred (each, a **Special Involuntary Termination**), then the Named Executive Officer will be eligible to receive accelerated vesting of the award in accordance with the terms of the applicable award agreement. The terms of the Special Involuntary Termination acceleration are described in greater detail below.

Performance Share Units upon Termination. If a Named Executive Officer's employment terminates prior to the end of either performance period due to a voluntary separation (including retirement but not including a resignation in connection with a **Special Involuntary Termination**) or Cause, as those terms are defined below, the executive will forfeit his or her award. In the event of an executive's death or total and permanent disability (as determined by the Committee in its sole discretion), or the executive's termination other than for Cause, due to a voluntary resignation or due to a **Special Involuntary Termination**, the executive shall become vested in a number of performance share units equal to (i) the total number of unvested performance share units for each performance period multiplied by (ii) a fraction equal to the number of full months that the executive was employed during the performance period (for purposes of this calculation, assume that the applicable performance period ends on December 31, rather than September 30, and assume that the month of termination counts as a full month), divided by 36. In the event of executive's death or total and permanent disability, the Committee, in its sole discretion, may make a payment

assuming a performance percentage of up to 200% instead of the Peer Group Performance Percentage as of the end of the performance period.

Table of Contents

If an award recipient's employment is terminated due to a Special Involuntary Termination, before the end of the performance period, the award recipient shall remain eligible to receive payment of the performance share units at the normal vesting date based upon achievement of the performance criteria without pro ration (*i.e.*, he or she shall be treated as remaining continuously employed through the end of the performance period).

Restricted Stock (time-based vesting) upon Termination. In the event of an award recipient's death, total and permanent disability (as determined by the Committee in its sole discretion) or, retirement after attaining age 62 (or retirement after attaining an earlier retirement age approved by the Committee in its sole discretion), the recipient shall become vested in a number of shares of restricted stock equal to (i) the total number of shares of restricted stock initially subject to each award multiplied by (ii) a fraction equal to the number of full months that the executive was employed (counting the month of death, disability or retirement as a full month) from the first day of the year in which the award was granted until death, disability, or retirement, divided by 36. In its sole discretion, the Committee may decide to vest all of the shares of restricted stock in lieu of the prorated number.

In the event the Named Executive Officer's employment is terminated due to a Special Involuntary Termination before the lapse of all restrictions on the restricted stock award, all restrictions shall lapse and the shares shall become fully vested and delivered to the recipient as soon as practicable thereafter. For purposes of these awards, the term "Adverse Change" means (i) a change in the city in which the award recipient is required to work regularly, (ii) a substantial increase in travel requirements of employment, (iii) a substantial reduction in duties of the type previously performed by the recipient, or (iv) a significant reduction in compensation or benefits that does not apply generally to executives.

Restricted Stock (performance-based vesting). In the event of an award recipient's death or disability, the recipient shall become vested in a number of shares of restricted stock equal to (i) the total number of shares of restricted stock initially subject to each award multiplied by (ii) a fraction equal to the number of full months that the executive was employed (counting the month of death or disability as a full month) from the first day of the year in which the award was granted until death or disability, divided by 36. In its sole discretion, the Committee may decide to vest all of the shares of restricted stock in lieu of the prorated number.

In the event the Named Executive Officer's employment is terminated due to a Special Involuntary Termination before the lapse of all restrictions on the restricted stock award, the recipient shall remain eligible to vest in all remaining shares of restricted stock (whether or not the continuous employment requirement has been satisfied), provided that such shares of restricted stock shall only become actually vested if we achieve the performance standard during the applicable period. Any shares of restricted stock that remain eligible to vest as of the recipient's termination of employment, but that have not vested as of the last possible vesting date, shall be forfeited. In the event the recipient's employment is terminated for any other reason before the lapse of all restrictions on the restricted stock award, the recipient shall remain eligible to vest in any shares of restricted stock with respect to which the continuous employment requirement has been satisfied (such periods being through the end of the first year of the award for the first third, the second year of the award for the second third, and third year of the award for the final third). In addition, the recipient shall also remain eligible to vest in a number of shares of restricted stock equal to the product of one-third of the shares awarded pursuant to the agreement, times a fraction, the numerator of which is the number of full months the recipient was employed during the year of termination (counting the month of termination as a full month) and the denominator of which is 12, provided the performance standard is met during the applicable period. The shares of restricted stock not eligible to vest shall be forfeited.

For purposes of the long-term equity incentive awards, the following terms have been given the meanings set forth below:

(a) "Adverse Change" means without the consent of the executive, (i) a material change in the geographic location at which the executive is required to work regularly, (ii) a material reduction in the duties performed by the executive, or

(iii) a material reduction in the executive's base compensation (other than bonuses and other forms of discretionary compensation, or a general reduction applicable generally to executives).

(b) Cause means (i) an act of dishonesty constituting a felony or serious misdemeanor and resulting (or intended to result in) personal gain or enrichment to the executive at the Company's expense, (ii) gross or

Table of Contents

willful and wanton negligence in the performance of the executive's material duties, or (iii) conviction of a felony involving moral turpitude. The existence of Cause is determined by the Committee in its sole discretion.

(c) **Change in Control** means, subject to certain specific exceptions set forth in the long-term equity incentive awards: (i) a person or group of persons becomes the beneficial owner of more than 40% of the combined voting power of our then outstanding securities, (ii) a majority of the members of our Board of Directors is replaced by directors who were not endorsed by two-thirds of our board members prior to their appointment, (iii) the consummation of a merger or consolidation of us or any of our subsidiaries other than (A) a merger or consolidation resulting in our voting securities outstanding immediately prior to the transaction continuing to represent at least 60% of the combined voting power of our voting securities or the voting securities of the surviving entity outstanding immediately after the transaction, or (B) a merger or consolidation effected to implement a recapitalization of us in which no person or group becomes the beneficial owner of our securities representing more than 40% of the combined voting power of our then outstanding securities, or (iv) our stockholders approve a plan of complete liquidation or dissolution or an agreement for the sale or disposition of all or substantially all of our assets.

Impact of Merger with Frontier on Equity Awards. We have agreed to a merger of equals business combination (the merger) with Frontier Oil Corporation (Frontier) and have entered into an Agreement and Plan of Merger, dated as of February 21, 2011 (the merger agreement). Pursuant to the terms of the merger agreement, a wholly owned subsidiary of the Company will merge with and into Frontier, with Frontier surviving as a wholly owned subsidiary of the Company. Upon completion of the merger, the Company will be the parent company of Frontier and the Company's name will be changed to HollyFrontier Corporation. The merger will constitute a Change in Control for purposes of the long-term equity incentive awards held by our Named Executive Officers.

Following the merger, certain of our Named Executive Officers will receive different titles and will serve in different positions with the combined company, as shown in the table below:

Name	Current Title	Post-Merger Title
Matthew P. Clifton	Chairman of the Board and Chief Executive Officer	Executive Chairman of the Board Chairman of the Board and Chief Executive Officer of HEP
David L. Lamp	President	Executive Vice President and Chief Operating Officer
Bruce R. Shaw	Senior Vice President and Chief Financial Officer	Senior Vice President of Strategy and Corporate Development

Each of these executive officers has entered into a Waiver Agreement pursuant to which each such executive officer agrees that neither the change in title, nor any associated changes in the executive officer's employment authority, duties or responsibilities following the completion of the merger that are consistent with such change in title, will constitute a material reduction or other change in the executive officer's authority, duties or responsibilities for purposes of the definition of Adverse Change contained in any award agreement governing an outstanding equity award held by the executive officer under our Long-Term Incentive Compensation Plan. However, each such executive officer could still incur an adverse change (and hence a Special Involuntary Termination entitling him to accelerated vesting as discussed above) in the event of any material reduction in salary, benefits, bonus targets and/or long-term incentive grants that does not apply generally to executives of the Company and its subsidiaries (including, following the completion of the merger, Frontier and its subsidiaries). The remainder of the Named Executive Officers are not anticipated to have any changes in title or responsibilities. No early vestings of equity awards are expected to

occur for our Named Executive Officers in connection with the merger.

Table of Contents***Double Trigger Payments: Potential Payments under Change in Control Agreements and Long-Term Incentive Awards***

The following table reflects the estimated payments and other benefits due as of December 31, 2010 pursuant to the Change in Control Agreements and the accelerated vesting of long-term equity incentive awards of each of our Named Executive Officers, assuming, as applicable, that a Change in Control occurred and such executives were terminated effective December 31, 2010. We believe that these double-trigger arrangements will help to eliminate, or at least reduce, any reluctance on the part of our Named Executive Officers to pursue potential corporate transactions that may be in the best interest of our shareholders, but that may have resulting adverse consequences to the employment of our Named Executive Officers. Our executives may also be entitled to payments or benefits under the Retirement Restoration Plan as further described both below under Single Trigger Payments: Potential Payments under the Retirement Restoration Plan.

For purposes of the table below, the per-share price of our Common Stock was assumed to be \$40.77, which was the closing price of our shares on December 31, 2010. The amounts below have been calculated using assumptions that we believe are reasonable, such as the assumption that all reimbursable expenses were current as of December 31, 2010. Accrued vacation is not allowed to be carried over to a subsequent year, so we assumed all accrued vacation for the 2010 year was taken prior to December 31, 2010. Employees accrue vacation in 2010 for use in 2011, so we included the value of the vacation accrued in 2010 but unused. However, any actual payments that may be made pursuant to the agreements described above are dependent on various factors, which may or may not exist at the time a Change in Control actually occurs and/or the Named Executive Officer is actually terminated. Therefore, such amounts and disclosures should be considered forward looking statements.

(1) Represents cash payments equal to the sum of (a) accrued vacation plus (b) the multiplier identified above times the sum of (i) the executive's base salary as of December 31, 2010 and (ii) the average of the annual cash bonus paid for 2007, 2008 and 2009. The 2007 bonus for Mr. Damiris and Ms. McWatters representing partial year compensation was annualized for this calculation.

The total for Mr. Clifton was calculated by calculating the sum of (a) the value of his accrued vacation (\$110,342) and (b) three (3) times the sum of his base salary (\$922,500) and average bonus (\$1,458,667).

The total for Mr. Lamp was calculated by calculating the sum of (a) the value of his accrued vacation (\$44,138) and (b) two (2) times the sum of his base salary (\$553,500) and average bonus (\$546,292).

The total for Mr. Shaw was calculated by calculating the sum of (a) the value of his accrued vacation (\$30,854) and (b) two (2) times the sum of his base salary (\$386,895) and average bonus (\$243,477).

Table of Contents

The total for Mr. Damiris was calculated by calculating the sum of (a) the value of his accrued vacation (\$26,338) and (b) two (2) times the sum of his base salary (\$310,980) and average bonus (\$268,920).

The total for Ms. McWatters was calculated by calculating the sum of (a) the value of her accrued vacation (\$23,023) and (b) one (1) times the sum of her base salary (\$292,000) and average bonus (\$167,667).

- (2) Represents the value of the continuation of medical and dental benefits for each executive (and, as applicable, his spouse and dependents) for the length of one year multiplied by the applicable multiplier identified above with respect to such executive. The amount was determined based upon the applicable COBRA rates for the employee's benefits. The value of the benefits was determined by using the current monthly premium amount for a similarly situated employee electing COBRA continuation coverage.
- (3) These amounts were calculated as follows using the stock price as of market close on December 31, 2010 (\$40.77):

Named Executive Officer	Restricted Shares	Performance Units	Maximum Performance Units Awarded	Total Restricted Shares Plus Maximum Performance	Value as of 12/31/2010
				Units	
Matthew P. Clifton	76,853	74,063	148,126	224,979	\$9,172,394
David L. Lamp	42,103	40,568	81,136	123,239	\$5,024,454
Bruce R. Shaw	10,896	12,394	24,788	35,684	\$1,454,837
George J. Damiris	12,070	16,525	33,050	45,120	\$1,839,542
Denise C. McWatters	4,459	6,269	12,538	16,997	\$692,968

- (4) Although the award agreements explicitly provide for certain pro-rata vesting upon termination due to death, disability, retirement, and termination of employment other than due to voluntary resignation or termination for Cause, the Committee has the discretion to vest awards in full upon such termination events. For purposes of this disclosure only, we assumed the Committee exercised its discretion to allow full vesting. In the event of an actual termination pursuant to one of these events the Committee is under no obligation to actually exercise such discretion.
- (5) As applicable, reflects the amount of the Tax Code Section 280G Gross Up payment or the amount subject to the Section 280G Cut Back. To determine the amount of the Gross Up payment or whether any Cut Back applies, as applicable, the base amount for each Named Executive Officer was calculated using the five-year average of each officer's compensation for the years 2005-2009. In the case of Mr. Damiris and Ms. McWatters, the amount is calculated using each officer's annualized compensation for 2007, as such officer's employment with the Company commenced in June and October 2007, respectively. In the case of Mr. Shaw, the amount is calculated using the five year average of his compensation for the years 2005-2009 (his 2007 compensation is annualized because he left employment in May 2007 and returned in September 2007). The payments received in connection with the change of control in excess of a Named Executive Officer's base amount are considered excess parachute payments as provided by Section 280G of the Tax Code. If the total of all parachute payments is equal to or greater than three times the base amount, the amount of the excess parachute payments will be subject to the

excise tax. In making the calculation, the following assumptions were used: (a) the change of control occurred on December 31, 2010, (b) the closing price of our Common Stock was \$40.77 on such date, (c) the excise tax rate under Section 4999 of the Tax Code is 20%, the federal income tax rate is 35%, the Medicare rate is 1.45%, the adjustment to reflect the phase-out of itemized deductions is 1.05%, and there are no state or local income taxes, (d) no amounts will be discounted as attributable to reasonable compensation, (e) all cash severance payments are contingent upon a change of control, (f) the presumption required under applicable regulations that the March 2010 equity awards granted were contingent upon a change of control could be rebutted, (g) the value received under the Retirement Restoration Plan upon a change in control is equal to the present value of the benefit that would otherwise be received upon normal retirement calculated using the prescribed Applicable Federal Rate, and (h) all performance share units and restricted stock subject to performance conditions would ultimately be paid at the maximum applicable level.

Table of Contents***Single Trigger Payments on a Change in Control: Potential Payments under the Retirement Restoration Plan***

Finally, we have also sponsored the Retirement Restoration Plan since fiscal year 1995 that provides for single-trigger benefits to participants. In the event of a Change in Control (as defined in our Retirement Restoration Plan), each participant's (or surviving spouse's or beneficiary's) benefit under the Retirement Restoration Plan will be paid immediately after such Change in Control in the form of an annuity contract issued by a legal reserve life insurance company and a cash payment. The annuity contract will be for an amount equal to the benefits otherwise due the recipient under the Retirement Restoration Plan reduced by the amount of the cash payment (which will equal the reasonable estimate of the federal income tax liability resulting from the transfer of the annuity contract and the payment). Although we typically believe that double-trigger arrangements more effectively advance the interests of our shareholders in the face of a potential Change in Control, we have elected to maintain the historical terms of the Retirement Restoration Plan with respect to these retirement benefits held by our long-time executives. Further, in light of the double-trigger arrangements described above, we believe our Named Executive Officers are adequately incentivized to remain employed by us (or our successor) following a corporate transaction, unless and until they are terminated without Cause or due to a constructive termination. The Retirement Restoration Plan is the only arrangement in our current compensation program that provides for single-trigger Change in Control benefits.

The value of the annuity contract and the estimated cash payment that would be made to each of our Named Executive Officers under the Retirement Restoration Plan in the event of a Change in Control (as defined in the Retirement Restoration Plan) on December 31, 2010, are set forth below:

Name	Retirement Restoration Plan	Retirement Restoration Plan	Total Cost to Company
	Annuity Contract	Cash Payment ⁽¹⁾	
Matthew P. Clifton	\$2,135,284	\$1,149,768	\$3,285,052
David L. Lamp	\$166,308	\$89,550	\$255,858
Bruce R. Shaw	\$3,752	\$2,020	\$5,772

Denise C. McWatters	n/a	n/a	n/a

(1) The estimated federal income tax liability for each Named Executive Officer is calculated above using the highest 2010 marginal federal income tax rates.

Compensation Practices as They Related to Risk Management

Although the majority of the compensation provided to the Named Executive Officers is performance-based, we believe our compensation programs do not encourage excessive and unnecessary risk taking by executive officers (or other employees) because these programs are designed to encourage employees to remain focused on both our short and long term operational and financial goals.

While annual cash-based incentive bonus awards play an appropriate role in the executive compensation program, the Committee believes that payment should be determined based on an evaluation of Company performance on a wide variety of measures, as compared to our past performance and the performance of our peers, which mitigates excessive risk-taking that could produce unsustainable gains in one area of performance at the expense of our overall long term interests. In addition, performance goals reflect our past performance and market conditions affecting our

industry. An appropriate part of total compensation is fixed for the Named Executive Officers, while another portion is variable and linked to performance. A portion of the variable compensation we provide is comprised of long term incentives. A portion of the long term incentives we provide is in the form of restricted stock subject to time based vesting conditions, which retains value even in a depressed market, so executives are less likely to take unreasonable risks. With respect to our performance-share incentives, assuming achievement of at least a minimum level of performance, payouts result in some compensation at levels below full target achievement, in lieu of an all or nothing approach. Further, our stock ownership guidelines require our executives to hold certain levels of stock (in addition to unvested and unsettled equity-based awards), which aligns an appropriate portion of their personal wealth to our long term performance and the interests of our stockholders.

As Amended and Restated as of May 24, 2007**

(Formerly designated the Holly Corporation 2000 Stock Option Plan)

1. **Purpose.** The purpose of the Holly Corporation Long-Term Incentive Compensation Plan as amended and restated as of May 24, 2007 (formerly designated the Holly Corporation 2000 Stock Option Plan) (the Plan) is to advance the interests of Holly Corporation (the Company) by strengthening the ability of the Company and its subsidiaries to attract, retain and motivate able people of high caliber as employees, directors and consultants through arrangements that relate the compensation for such persons to the long-term performance of the Company. Accordingly, the Plan provides for granting Incentive Stock Options, Non-Qualified Stock Options, Restricted Stock Awards, Bonus Stock Awards, Stock Appreciation Rights, Phantom Stock Awards, Performance Awards or any combination of the foregoing, as the Committee shall determine.

2. **Definitions.** For purposes of the Plan, the following terms shall be defined as set forth below, in addition to such terms defined in Section 1 hereof:

(i) Disability means, as determined by the Board in the sole discretion exercised in good faith of the Board, a physical or mental impairment of sufficient severity that either the Participant is unable to continue performing the duties he performed before such impairment or the Participant's condition entitles him to disability benefits under any insurance or employee benefit plan of the Company or its Subsidiaries and that impairment or condition is cited by the Company as the reason for termination of the Participant's employment or participation as a member of the Board.

(j) Eligible Person means any current or proposed officer, director, or key employee or consultant whose services are deemed to be of potential benefit to the Company or any of its Subsidiaries. 3. Administration.

(a) Authority of the Committee. The Plan shall be administered by the Committee except to the extent the Board elects to administer all or part of the Plan or except to the extent the Board appoints a separate committee other than the Committee to administer all or part of the Plan, in which case references herein to the Committee shall be deemed to include references to the Board and/or such additional committee, as applicable. To the extent a portion of the Plan is administered by the Committee, and another portion of the Plan is administered by the Board and/or a separate committee, references herein to Committee shall be deemed to be references to the Board or such additional committee, as applicable, but only to the extent the Board or additional committee administers a portion of the Plan and only with respect to those portions of the Plan that the Board has elected to administer or over which the separate committee has been delegated authority. Subject to the express provisions of the Plan and Rule 16b-3, the Committee shall have the authority, in its sole and absolute discretion, to (i) adopt, amend, and rescind administrative and interpretive rules and regulations relating to the

Table of Contents

Plan; (ii) determine the Eligible Persons to whom, and the time or times at which, Awards shall be granted; (iii) determine the amount of cash and the number of Options, Restricted Stock Awards, Bonus Stock Awards, Stock Appreciation Rights, Phantom Stock Awards, or Performance Awards, or any combination thereof, that shall be the subject of each Award; (iv) determine the terms and provisions of each Award agreement (which need not be identical), including provisions defining or otherwise relating to (A) the term and the period or periods and extent of exercisability of Options, (B) the extent to which the transferability of Shares and Awards is restricted, (C) the effect of termination of employment of a Participant on the Award, and (D) the effect of approved leaves of absence (consistent with any applicable regulations of the Internal Revenue Service); (v) accelerate the time of exercisability of any Option that has been granted; (vi) construe the respective Award agreements and the Plan; (vii) make determinations of the Fair Market Value of the Shares pursuant to the Plan; (viii) delegate its duties under the Plan to such agents as it may appoint from time to time, provided that the Committee may not delegate its duties with respect to making Awards to, or otherwise with respect to Awards granted to, Eligible Persons who are subject to Section 16(b) of the Exchange Act or Section 162(m) of the Code; (ix) subject to ratification by the Board, terminate, modify, or amend the Plan; and (x) make all other determinations, perform all other acts, and exercise all other powers and authority necessary or advisable for administering the Plan, including the delegation of those ministerial acts and responsibilities as the Committee deems appropriate. Subject to Rule 16b-3 and Section 162(m) of the Code, the Committee may correct any defect, supply any omission, or reconcile any inconsistency in the Plan, in any Award, or in any Award agreement in the manner and to the extent it deems necessary or desirable to carry the Plan into effect, and the Committee shall be the sole and final judge of that necessity or desirability. The determinations of the Committee on the matters referred to in this Section 3(a) shall be final and conclusive.

(b) **Manner of Exercise of Committee Authority.** At any time that a member of the Committee is not a Qualified Member, any action of the Committee relating to an Award granted or to be granted to a Participant who is then subject to Section 16 of the Exchange Act in respect of the Company, or relating to an Award intended by the Committee to qualify as performance-based compensation within the meaning of Section 162(m) of the Code and regulations thereunder, may be taken either (i) by a subcommittee, designated by the Committee, composed solely of two or more Qualified Members, or (ii) by the Committee but with each such member who is not a Qualified Member abstaining or recusing himself or herself from such action; provided, however, that, upon such abstention or recusal, the Committee remains composed solely of two or more Qualified Members. Such action, authorized by such a subcommittee or by the Committee upon the abstention or recusal of such non-Qualified Member(s), shall be the action of the Committee for purposes of the Plan. Any action of the Committee shall be final, conclusive and binding on all persons, including the Company, its Subsidiaries, stockholders, Participants, Beneficiaries, and transferees under Section 10(d) hereof or other persons claiming rights from or through a Participant. The express grant of any specific power to the Committee, and the taking of any action by the Committee, shall not be construed as limiting any power or authority of the Committee. The Committee may delegate to officers or managers of the Company or any Subsidiary, or committees thereof, the authority, subject to such terms as the Committee shall determine, to perform such functions, including administrative functions, as the Committee may determine, to the extent that such delegation will not result in the loss of an exemption under Rule 16b-3(d)(1) for Awards granted to Participants subject to

Table of Contents

Section 16 of the Exchange Act in respect of the Company and will not cause Awards intended to qualify as performance-based compensation under Section 162(m) of the Code to fail to so qualify. The Committee may appoint agents to assist it in administering the Plan.

(c) **Limitation of Liability.** The Committee and each member thereof shall be entitled to, in good faith, rely or act upon any report or other information furnished to him or her by any officer or employee of the Company or a Subsidiary, the Company's legal counsel, independent auditors, consultants or any other agents assisting in the administration of the Plan. Members of the Committee and any officer or employee of the Company or a Subsidiary acting at the direction or on behalf of the Committee shall not be personally liable for any action or determination taken or made in good faith with respect to the Plan, and shall, to the fullest extent permitted by law, be indemnified and held harmless by the Company with respect to any such action or determination.

4. Shares Subject to Plan.

(a) **Overall Number of Shares Available for Delivery.** Subject to adjustment in a manner consistent with any adjustment made pursuant to Section 10 of the Plan, the total number of Shares that may be delivered in connection with Awards under the Plan shall not exceed 1,500,000, including all Shares delivered with respect to Options granted under the Plan prior to the Amendment Effective Date.

(b) **Application of Limitation to Grants of Awards.** No Award may be granted if (i) the number of Shares to be delivered in connection with such Award exceeds (ii) the number of Shares remaining available under the Plan minus the number of Shares issuable in settlement of or relating to then-outstanding Awards. The Committee may adopt reasonable counting procedures to ensure appropriate counting, avoid double counting (as, for example, in the case of tandem or substitute awards) and make adjustments if the number of Shares actually delivered differs from the number of Shares previously counted in connection with an Award.

(c) **Availability of Shares Not Delivered under Awards.** Shares subject to an Award under the Plan that expires or is canceled, forfeited, settled in cash or otherwise terminated without a delivery of Shares to the Participant, including (i) the number of Shares withheld in payment of any exercise price of an Award or taxes relating to Awards, and (ii) the number of Shares surrendered in payment of any exercise price of an Award or taxes relating to any Award, will again be available for Awards under the Plan, except that if any such Shares could not again be available for Awards to a particular Participant under any applicable law or regulation, such Shares shall be available exclusively for Awards to Participants who are not subject to such limitation.

(d) **Shares Offered.** The Shares to be delivered under the Plan shall be made available from (i) authorized but unissued Shares, or (ii) previously issued Shares reacquired by the Company.

5. Eligibility; Per Person Award Limitations. Awards may be granted under the Plan only to Eligible Persons. In each fiscal year or 12-month period, as applicable, during any part of which the Plan is in effect, an Eligible Person may not be granted (a) Awards, provided

for in Sections 6 and 7 of the Plan, relating to more than 150,000 Shares, subject to adjustment in a manner consistent with any adjustment made pursuant to Section 10 of the Plan, or (b) Awards, provided for in Section 8 of the Plan, with a value at the time of payment which exceeds the Fair Market Value of 150,000 Shares as of the date of the grant of the Award.

6. Options, Restricted Stock and Bonus Stock.

(a) **Options.** The Committee is authorized to grant Options to Participants on the following terms and conditions:

(i) **Exercise Price.** The exercise price or prices for Shares under each Option shall be determined by the Committee at the time the Option is granted, and may be less than, equal to or greater than, the Fair Market Value of the Shares at the time of the granting of the Option, provided that the exercise price per Share for any Option that is intended to be performance-based compensation under Section 162(m)(4)(C) of the Code or an Incentive Stock Option under Section 422 of the Code shall not be less than the Fair Market Value of a Share as of the effective date of grant of the Option; provided, however, that in the case of an individual who owns stock possessing more than ten percent of the total combined voting power of all classes of stock of the Company or its parent or any Subsidiary, the exercise price per Share of any Incentive Stock Option under Section 422 of the Code shall not be less than 110% of the Fair Market Value of a Share as of the effective date of grant of the Incentive Stock Option.

(ii) **Time and Method of Exercise.** The Committee shall determine the time or times at which or the circumstances under which an Option may be exercised in whole or in part (including based on achievement of performance goals and/or future service requirements), the methods by which such exercise price may be paid or deemed to be paid, the form of such payment, including, without limitation, cash, Shares, other Awards or awards granted under other plans of the Company or any Subsidiary, or other property (including notes, to the extent permitted under applicable law, or other contractual obligations of Participants to make payment on a deferred basis), and the methods by or forms in which Shares will be delivered or deemed to be delivered to Participants, including, but not limited to, the delivery of Restricted Stock Awards subject to Section 6(b) hereof. In the case of an exercise whereby the exercise price is paid with Shares, the value of such Shares for purposes of calculating the exercise price paid shall be the Fair Market Value. Notwithstanding anything to the contrary herein, unless otherwise provided in any agreement evidencing an Option, in the event of the death of a Participant while in the employ of the Company or one of its Subsidiaries, an Option theretofore granted to the Participant shall be exercisable within the year succeeding such death (even if the Option would otherwise expire prior to one year from the date of death) but only to the extent that the optionee was entitled to exercise the Option as of the date of death.

(iii) **Incentive Stock Options.** The terms of any Incentive Stock Option granted under the Plan shall comply in all respects with the provisions of Section 422 of the Code. Anything in the Plan to the contrary notwithstanding, no term of the Plan relating to Incentive Stock Options (including any Stock Appreciation Right in tandem

Table of Contents

therewith) shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be exercised, so as to disqualify either the Plan or any Incentive Stock Option under Section 422 of the Code, unless the Participant has first requested the change that will result in such disqualification. Incentive Stock Options shall not be granted more than ten years after the earlier of the adoption of the Plan or the approval of the Plan by the Company's stockholders. Notwithstanding the foregoing, the Fair Market Value of Shares subject to an Incentive Stock Option and the aggregate Fair Market Value of shares of stock of any parent or Subsidiary corporation (within the meaning of Sections 424(e) and (f) of the Code) subject to any other incentive stock option (within the meaning of Section 422 of the Code) of the Company or a parent or Subsidiary corporation (within the meaning of Sections 424(e) and (f) of the Code) that first becomes purchasable by a Participant in any calendar year may not (with respect to that Participant) exceed \$100,000, or such other amount as may be prescribed under Section 422 of the Code or applicable regulations or rulings from time to time. As used in the previous sentence, Fair Market Value shall be determined as of the date the Incentive Stock Options are granted. Failure to comply with this provision shall not impair the enforceability or exercisability of any Option, but shall cause the excess amount of Shares to be reclassified in accordance with the Code. No Incentive Stock Option may be granted after December 13, 2010.

(b) **Restricted Stock Awards**. The Committee is authorized to grant Restricted Stock Awards to Participants on the following terms and conditions:

(i) **Grant and Restrictions**. Restricted Stock Awards shall be subject to such restrictions on transferability, risk of forfeiture and other restrictions, if any, as the Committee may impose, which restrictions may lapse separately or in combination at such times, under such circumstances (including based on achievement of performance goals and/or future service requirements), in such installments or otherwise, as the Committee may determine at the date of grant or thereafter. Except to the extent restricted under the terms of the Plan and any Award agreement relating to the Restricted Stock Award, a Participant granted a Restricted Stock Award shall have all of the rights of a stockholder, including the right to vote the Restricted Stock Award and the right to receive dividends thereon (subject to any mandatory reinvestment or other requirement imposed by the Committee). During the restricted period applicable to the Restricted Stock Award, the Restricted Stock Award may not be sold, transferred, pledged, hypothecated, margined or otherwise encumbered by the Participant.

(ii) **Forfeiture**. Except as otherwise determined by the Committee, upon termination of employment during the applicable restriction period, Restricted Stock Awards that are at that time subject to restrictions shall be forfeited and reacquired by the Company; provided that the Committee may provide, by rule or regulation or in any Award agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to Restricted Stock Awards shall be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of Restricted Stock Awards.

Table of Contents

(iii) Certificates for Shares. Restricted Stock Awards granted under the Plan may be evidenced in such manner as the Committee shall determine. If certificates for Shares relating to Restricted Stock Awards are registered in the name of the Participant, the Committee may require that such certificates bear an appropriate legend referring to the terms, conditions and restrictions applicable to such Restricted Stock Awards, that the Company retain physical possession of the certificates, and that the Participant deliver a stock power to the Company, endorsed in blank, relating to such Shares.

(iv) Dividends and Splits. As a condition to the grant of a Restricted Stock Award, the Committee may require or permit a Participant to elect that any cash dividends paid on a Share related to the Restricted Stock Award be automatically reinvested in additional Shares related to the Restricted Stock Award or applied to the purchase of additional Awards under the Plan. Unless otherwise determined by the Committee, Shares distributed in connection with a stock split or stock dividend, and other property distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock Award with respect to which such Shares or other property has been distributed.

(c) Bonus Stock Awards. The Committee is authorized to grant Awards of Shares as bonuses, provided that, in the case of Participants subject to Section 16 of the Exchange Act, the amount of such grants remains within the discretion of the Committee to the extent necessary to ensure that such Awards are exempt from liability under Section 16(b) of the Exchange Act. Bonus Stock Awards shall be subject to such other terms as shall be determined by the Committee.

(d) Performance Goals. To the extent the Committee determines that any Award granted pursuant to this Section 6 shall constitute performance-based compensation for purposes of Section 162(m) of the Code, the grant or settlement of the Award shall, in the Committee's discretion, be subject to the achievement of performance goals determined and applied in a manner consistent with Section 8(b).

7. Stock Appreciation Rights and Phantom Stock.

(a) Stock Appreciation Rights. The Committee is authorized to grant Stock Appreciation Rights to Participants on the following terms and conditions:

(i) Right to Payment. A Stock Appreciation Right shall confer on the Participant to whom it is granted a right to receive, upon exercise thereof, the excess of (A) the Fair Market Value of one Share on the date of exercise over (B) the grant price of the Stock Appreciation Right as determined by the Committee.

(ii) Rights Related to Options. A Stock Appreciation Right granted in connection with an Option shall entitle a Participant, upon exercise thereof, to surrender that Option or any portion thereof, to the extent unexercised, and to receive payment of an amount computed pursuant to Subsection 7(a)(i) hereof. That Option shall then cease to be exercisable to the extent surrendered. A Stock Appreciation Right granted in

Table of Contents

connection with an Option shall be exercisable only at such time or times and only to the extent that the related Option is exercisable and shall not be transferable except to the extent that the related Option is transferable.

(iii) Right Without Option. A Stock Appreciation Right granted independent of an Option shall be exercisable as determined by the Committee and set forth in the Award agreement governing the Stock Appreciation Right.

(iv) Terms. The Committee shall determine at the date of grant the time or times at which and the circumstances under which a Stock Appreciation Right may be exercised in whole or in part (including based on achievement of performance goals and/or future service requirements), the method of exercise, whether or not a Stock Appreciation Right shall be in tandem or in combination with any other Award, and any other terms and conditions of any Stock Appreciation Right.

(b) Phantom Stock Awards. The Committee is authorized to grant Phantom Stock Awards to Participants, which are rights to receive cash at the end of a specified deferral period, subject to the following terms and conditions:

(i) Award and Restrictions. Satisfaction of a Phantom Stock Award shall occur upon expiration of the deferral period specified for such Phantom Stock Award by the Committee (or, if permitted by the Committee, as elected by the Participant). In addition, Phantom Stock Awards shall be subject to such restrictions (which may include a risk of forfeiture), if any, as the Committee may impose, which restrictions may lapse at the expiration of the deferral period or at earlier specified times (including based on achievement of performance goals and/or future service requirements), separately or in combination, in installments or otherwise, as the Committee may determine.

(ii) Forfeiture. Except as otherwise determined by the Committee, upon termination of employment during the applicable deferral period or portion thereof to which forfeiture conditions apply (as provided in any Award agreement evidencing the Phantom Stock Awards), all Phantom Stock Awards that are at that time subject to deferral (other than a deferral at the election of the Participant) shall be forfeited; provided that the Committee may provide, by rule or regulation or in any Award agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to Phantom Stock Awards shall be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of Phantom Stock Awards.

(c) Performance Goals. To the extent the Committee determines that any Award granted pursuant to this Section 7 shall constitute performance-based compensation for purposes of Section 162(m) of the Code, the grant or settlement of the Award shall, in the Committee's discretion, be subject to the achievement of performance goals determined and applied in a manner consistent with Section 8(b).

Table of Contents

8. Performance Awards.

(a) **Performance Awards.** The Committee may grant Performance Awards based on performance criteria measured over a period of not less than six months and not more than ten years. The Committee may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions, and may exercise its discretion to increase the amounts payable under any Award subject to performance conditions except as limited under Section 8(b) in the case of a Performance Award granted to a Covered Employee.

(b) **Performance Goals.** The grant and/or settlement of a Performance Award shall be contingent upon terms set forth in this Section 8(b).

(i) **General.** The performance goals for Performance Awards shall consist of one or more business criteria and a targeted level or levels of performance with respect to each of such criteria, as specified by the Committee. In the case of any Award granted to a Covered Employee, performance goals shall be designed to be objective and shall otherwise meet the requirements of Section 162(m) of the Code and regulations thereunder (including Treasury Regulation §1.162-27 and successor regulations thereto), including the requirement that the level or levels of performance targeted by the Committee are such that the achievement of performance goals is substantially uncertain at the time of grant. The Committee may determine that such Performance Awards shall be granted and/or settled upon achievement of any one performance goal or that two or more of the performance goals must be achieved as a condition to the grant and/or settlement of such Performance Awards. Performance goals may differ among Performance Awards granted to any one Participant or for Performance Awards granted to different Participants.

(ii) **Business Criteria.** One or more of the following business criteria for the Company, on a consolidated basis, and/or for specified Subsidiaries, divisions or business or geographical units of the Company (except with respect to the total stockholder return and earnings per share criteria), shall be used by the Committee in establishing performance goals for Performance Awards granted to a Covered Employee: (A) earnings per share; (B) increase in revenues; (C) increase in cash flow; (D) increase in cash flow return; (E) return on net assets; (F) return on assets; (G) return on investment; (H) return on capital; (I) return on equity; (J) economic value added; (K) gross margin; (L) net income; (M) pretax earnings; (N) pretax earnings before interest, depreciation and amortization; (O) pretax operating earnings after interest expense and before incentives, service fees, and extraordinary or special items; (P) operating income; (Q) total stockholder return; (R) debt reduction; (S) net profit margin; and (T) any of the above goals determined on an absolute or relative basis or as compared to the performance of a published or special index deemed applicable by the Committee including, but not limited to, the Standard & Poor's 500 Stock Index or a group of comparable companies.

Table of Contents

(iii) Performance Period: Timing for Establishing Performance Goals. Achievement of performance goals in respect of Performance Awards shall be measured over a performance period of not less than one year and not more than ten years, as specified by the Committee. Performance goals in the case of any Award granted to a Covered Employee shall be established not later than 90 days after the beginning of any performance period applicable to such Performance Awards, or at such other date as may be required or permitted for performance-based compensation under Section 162(m) of the Code.

(iv) Settlement of Performance Awards; Other Terms. After the end of each performance period, the Committee shall determine the amount, if any, of Performance Awards payable to each Participant based upon achievement of business criteria over a performance period. The Committee may not exercise discretion to increase any such amount payable in respect of a Performance Award designed to comply with Section 162(m) of the Code. The Committee shall specify the circumstances in which such Performance Awards shall be paid or forfeited in the event of termination of employment by the Participant prior to the end of a performance period or settlement of Performance Awards.

(v) Written Determinations. All determinations by the Committee as to the establishment of performance goals, the amount of any Performance Award, and the achievement of performance goals relating to Performance Awards shall be made in writing in the case of any Award granted to a Covered Employee. The Committee may not delegate any responsibility relating to such Performance Awards.

(vi) Status of Performance Awards under Section 162(m) of the Code. It is the intent of the Company that Performance Awards granted to persons who are designated by the Committee as likely to be Covered Employees within the meaning of Section 162(m) of the Code and regulations thereunder (including Treasury Regulation §1.162-27 and successor regulations thereto) shall, if so designated by the Committee, constitute performance-based compensation within the meaning of Section 162(m) of the Code and regulations thereunder. Accordingly, the terms of this Section 8(b) shall be interpreted in a manner consistent with Section 162(m) of the Code and regulations thereunder. The foregoing notwithstanding, because the Committee cannot determine with certainty whether a given Participant will be a Covered Employee with respect to a fiscal year that has not yet been completed, the term Covered Employee as used herein shall mean only a person designated by the Committee, at the time of grant of a Performance Award, who is likely to be a Covered Employee with respect to that fiscal year. If any provision of the Plan as in effect on the date of adoption or any agreements relating to Performance Awards that are designated as intended to comply with Section 162(m) of the Code does not comply or is inconsistent with the requirements of Section 162(m) of the Code or regulations thereunder, such provision shall be construed or deemed amended to the extent necessary to conform to such requirements.

9. Certain Provisions Applicable to All Awards.

(a) General. Awards may be granted on the terms and conditions set forth in Sections 6, 7 and 8 hereof and this Section 9. In addition, the Committee may impose on any Award or the exercise thereof, such additional terms and conditions, not inconsistent with the

Table of Contents

provisions of the Plan, as the Committee shall determine, including terms requiring forfeiture of Awards in the event of termination of employment by the Participant and terms permitting a Participant to make elections relating to his or her Award. The Committee shall retain full power and discretion to accelerate or waive, at any time, any term or condition of an Award that is not mandatory under the Plan; provided, however, that the Committee shall not have any discretion to accelerate or waive any term or condition of an Award that is intended to qualify as performance-based compensation for purposes of Section 162(m) of the Code if such discretion would cause the Award not to so qualify. Except in cases in which the Committee is authorized to require other forms of consideration under the Plan, or to the extent other forms of consideration must be paid to satisfy the requirements of the Delaware General Corporation Law, no consideration other than services may be required for the grant of any Award.

(b) Stand-Alone, Additional, Tandem, and Substitute Awards. Awards granted under the Plan may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with, or in substitution or exchange for, any other Award or any award granted under another plan of the Company, any Subsidiary, or any business entity to be acquired by the Company or a Subsidiary, or any other right of a Participant to receive payment from the Company or any Subsidiary. Such additional, tandem and substitute or exchange Awards may be granted at any time. If an Award is granted in substitution or exchange for another Award, the Committee shall require the surrender of such other Award in consideration for the grant of the new Award. In addition, Awards may be granted in lieu of cash compensation, including in lieu of cash amounts payable under other plans of the Company or any Subsidiary.

(c) Term of Awards. The term of each Award shall be for such period as may be determined by the Committee; provided that in no event shall the term of any Option or Stock Appreciation Right exceed a period of ten years (or such shorter term as may be required in respect of an Incentive Stock Option under Section 422 of the Code).

(d) Form and Timing of Payment under Awards; Deferrals. Subject to the terms of the Plan and any applicable Award agreement, payments to be made by the Company or a Subsidiary upon the exercise of an Option or other Award or settlement of an Award may be made in a single payment or transfer, in installments, or on a deferred basis. The settlement of any Award may, subject to any limitations set forth in the Award agreement, be accelerated and cash paid in lieu of Shares in connection with such settlement, in the discretion of the Committee or upon occurrence of one or more specified events. In the discretion of the Committee, Awards granted pursuant to Sections 7 or 8 of the Plan may be payable in Shares to the extent permitted by the terms of the applicable Award agreement. Installment or deferred payments may be required by the Committee (subject to Section 10(f) of the Plan, including the consent provisions thereof in the case of any deferral of an outstanding Award not provided for in the original Award agreement) or permitted at the election of the Participant on terms and conditions established by the Committee. Payments may include, without limitation, provisions for the payment or crediting of reasonable interest on installment or deferred payments or the grant or crediting of amounts in respect of installment or deferred payments denominated in Shares. Any deferral shall only be allowed as is provided in a separate deferred compensation plan adopted by the Company. The Plan shall not constitute an employee benefit plan for purposes of Section 3(3) of the Employee Retirement Income Security Act of 1974, as amended.

(e) Exemptions from Section 16(b) Liability. It is the intent of the Company that the grant of any Awards to or other transaction by a Participant who is subject to Section 16 of the Exchange Act shall be exempt from Section 16(b) of the Exchange Act pursuant to an applicable exemption (except for transactions acknowledged by the Participant in writing to be non-exempt). Accordingly, if any provision of this Plan or any Award agreement does not comply with the requirements of Rule 16b-3 as then applicable to any such transaction, such provision shall be construed or deemed amended to the extent necessary to conform to the applicable requirements of Rule 16b-3 so that such Participant shall avoid liability under Section 16(b) of the Exchange Act.

10. General Provisions.

(a) Company's Right to Terminate or Modify Awards in Certain Circumstances. Except to the extent that an Award agreement provides otherwise with specific reference to this Section 10(a), in the event of (i) an acquisition of substantially all of the assets of the Company or of a greater than 80% stock interest in the Company by an entity in which the Company does not have a 50% or greater interest prior to such acquisition, or (ii) a merger, consolidation, or recapitalization involving a fundamental change in the capital structure of the Company, the Company shall have the right to terminate any Award upon the payment of an amount equal to the then value of the Award, without regard to vesting or forfeiture provisions of the Award, as determined by the Committee, taking into account to the extent determined by the Committee to be appropriate the Fair Market Value of Shares at the time of termination and the performance of the Company up to the time of termination. Upon tender of payment by the Company to a holder of the amount determined by the Committee pursuant to this provision, the Award held by such holder shall automatically terminate. Alternatively, in such circumstances, the Company, in the discretion of the Board, may make arrangements for the acquiring or surviving corporation to assume any or all outstanding Awards and substitute on equitable terms Awards relating to the stock or performance of such acquiring or surviving corporation. The determinations of the Board and/or the Committee pursuant to this Section 10(a) shall be final, binding and conclusive.

(b) No Limitation on Other Company Transactions. The existence of the Plan and the Awards granted hereunder shall not affect in any way the right or power of the Board or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of debt or equity securities affecting Shares or the rights thereof, the dissolution or liquidation of the Company or any sale, lease, exchange or other disposition of all or any part of its assets or business or any other corporate act or proceeding.

(c) Dilution or Other Adjustments. In the event that there is any change in the Shares through merger, consolidation, reorganization or recapitalization or in the event of any stock split or dividend to holders of Shares payable in Shares or the issuance to such holders of rights to subscribe to Shares, or in the event of any change in the capital structure of the Company, the Board shall, subject to any requirements of applicable law, regulations and rules, make such adjustments with respect to any provision or provisions of the Plan, including but not limited to the limitations on Awards that may be granted under the Plan as set forth in Sections 4 and 5, and with respect to Awards theretofore granted under the Plan as the Board deems

appropriate to prevent dilution or enlargement of Award rights. The determinations of the Board pursuant to this Section 10(b) shall be final, binding and conclusive. Except as hereinbefore expressly provided, the issuance by the Company of shares of stock of any class or securities convertible into shares of stock of any class, for cash, property, labor or services, upon direct sale, upon the exercise of rights or warrants to subscribe therefor, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, and in any case whether or not for fair value, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number of Shares relating to Awards theretofore granted or the exercise price per Share in the case of Options.

(d) Transferability.

(i) Permitted Transferees. The Committee may, in its discretion, permit a Participant to transfer all or any portion of an Award or authorize all or a portion of an Award to be granted to an Eligible Person on terms which permit transfer by such Participant; provided that, in either case a transferee may only be a child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, in each case with respect to the Participant, a trust in which these persons have more than fifty percent of the beneficial interest, a foundation in which these persons (or the Participant) control the management of assets, and any other entity in which these persons (or the Participant) own more than fifty percent of the voting interests (collectively,

Permitted Transferees); provided further that, (A) there may be no consideration for any such transfer and (B) subsequent transfers of Awards transferred as provided above shall be prohibited except subsequent transfers back to the original holder of the Award and transfers to other Permitted Transferees of the original holder. Agreements evidencing Awards with respect to which such transferability is authorized at the time of grant must be approved by the Committee, and must expressly provide for transferability in a manner consistent with this Subsection 10(d)(i).

(ii) Qualified Domestic Relations Orders. An Award may be transferred, to a Permitted Transferee, pursuant to a domestic relations order entered or approved by a court of competent jurisdiction upon delivery to the Company of written notice of such transfer and a certified copy of such order.

(iii) Other Transfers. Except as expressly permitted by Subsections 10(d)(i) and 10(d)(ii) above, Awards shall not be transferable other than by will or the laws of descent and distribution. Notwithstanding anything to the contrary in this Section 10, an Incentive Stock Option shall not be transferable other than by will or the laws of descent and distribution.

(iv) Effect of Transfer. Following the transfer of any Award as contemplated by Subsections 10(d)(i), 10(d)(ii) and 10(d)(iii) above, (A) such Award shall continue to be subject to the same terms and conditions as were applicable immediately prior to transfer, provided that the term Participant shall be deemed to refer to the Permitted Transferee, the recipient under a qualified domestic relations order,

the estate or heirs of a deceased Participant, or other transferee, as applicable, to the extent appropriate to enable the Permitted Transferee to exercise the transferred Award in accordance with the terms of the Plan and applicable law and (B) the provisions of the Award relating to exercisability thereof shall continue to be applied with respect to the original Participant and, following the occurrence of any such events described therein, the Awards shall be exercisable by the Permitted Transferee, the recipient under a qualified domestic relations order, the estate or heirs of a deceased Participant, or other transferee, as applicable, only to the extent and for the periods that would have been applicable in the absence of the transfer.

(v) Procedures and Restrictions. Any Participant desiring to transfer an Award as permitted under Subsections 10(d)(i), 10(d)(ii) or 10(d)(iii) above shall make application therefor in the manner and time specified by the Committee and shall comply with such other requirements as the Committee may require to assure compliance with all applicable securities laws. The Committee shall not give permission for such a transfer if (A) it would give rise to short-swing liability under Section 16(b) of the Exchange Act or (B) it may not be made in compliance with all applicable federal, state and foreign securities laws.

(vi) Registration. To the extent the issuance to any Permitted Transferee of any Shares issuable pursuant to Awards transferred as permitted in this Section 10(d) is not registered pursuant to the effective registration statement of the Company generally covering the Shares to be issued pursuant to the Plan to initial holders of Awards, the Company shall not have any obligation to register the issuance of any such Shares to any such transferee.

(e) Taxes. The Company and any Subsidiary are authorized to withhold from any Award granted, or any payment relating to an Award under the Plan, including from a distribution of Shares, amounts of withholding and other taxes due or potentially payable in connection with any transaction involving an Award, and to take such other action as the Committee may deem advisable to enable the Company and Participants to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any Award. This authority shall include authority to withhold or receive Shares or other property and to make cash payments in respect thereof in satisfaction of a Participant's tax obligations, either on a mandatory or elective basis in the discretion of the Committee.

(f) Changes to the Plan and Awards. The Board may amend, alter, suspend, discontinue or terminate the Plan or the Committee's authority to grant Awards under the Plan without the consent of stockholders or Participants, except that any amendment or alteration to the Plan, including any increase in any Share limitation, shall be subject to the approval of the Company's stockholders not later than the annual meeting next following such Board action if such stockholder approval is required by any federal or state law or regulation or the rules of any stock exchange or automated quotation system on which the Shares may then be listed or quoted, and the Board may otherwise, in its discretion, determine to submit other such changes in this Plan to stockholders for approval; provided that, without the consent of an affected Participant, no such Board action may materially and adversely affect the rights of such Participant under any previously granted and outstanding Award. The Committee may waive any conditions or

rights under, or amend, alter, suspend, discontinue or terminate any Award theretofore granted and any Award agreement relating thereto, except as otherwise provided in the Plan; provided that, without the consent of an affected Participant, no such Committee action may materially and adversely affect the rights of such Participant under such Award.

(g) Limitation on Rights Conferred under Plan. Neither the Plan nor any action taken hereunder shall be construed as (i) giving any Eligible Person or Participant the right to continue as an Eligible Person or Participant or in the employ or service of the Company or a Subsidiary, (ii) interfering in any way with the right of the Company or a Subsidiary to terminate any Eligible Person's or Participant's employment or service at any time, (iii) giving an Eligible Person or Participant any claim to be granted any Award under the Plan or to be treated uniformly with other Participants and employees, or (iv) conferring on a Participant any of the rights of a stockholder of the Company unless and until the Participant is duly issued or transferred Shares in accordance with the terms of an Award.

(h) Nonexclusivity of the Plan. Neither the adoption of the Plan by the Board nor its submission to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board or a committee thereof to adopt such other incentive arrangements as it may deem desirable, including incentive arrangements and awards which do not qualify under Section 162(m) of the Code. Nothing contained in the Plan shall be construed to prevent the Company or any Subsidiary from taking any corporate action which is deemed by the Company or such Subsidiary to be appropriate or in its best interest, whether or not such action would have an adverse effect on the Plan or any Award made under the Plan. No employee, beneficiary or other person shall have any claim against the Company or any Subsidiary as a result of any such action.

(i) Payments in the Event of Forfeitures; Fractional Shares; Share Allotments. Unless otherwise determined by the Committee, in the event of a forfeiture of an Award with respect to which a Participant paid cash or other consideration to the Company in exchange for such Award, the Participant shall be repaid the amount of such cash or other consideration. Unless otherwise determined by the Committee, no fractional Shares, or Shares in lots of less than 100 Shares, shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, other Awards or other property shall be issued or paid in lieu of such fractional Shares, or lots of less than 100 Shares, and whether fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

(j) Severability. If any provision of the Plan is held to be illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining provisions hereof, but such provision shall be fully severable and the Plan shall be construed and enforced as if the illegal or invalid provision had never been included herein. If any of the terms or provisions of the Plan or any Award agreement conflict with the requirements of Rule 16b-3 (as those terms or provisions are applied to Eligible Persons who are subject to Section 16(b) of the Exchange Act) or Section 422 of the Code (with respect to Incentive Stock Options), then those conflicting terms or provisions shall be deemed inoperative to the extent they so conflict with the requirements of Rule 16b-3 (unless the Board or the Committee, as appropriate, has expressly determined that the Plan or such Award should not comply with Rule 16b-3) or Section 422 of the Code. With respect to Incentive Stock Options, if the Plan does not contain any provision required to be

Table of Contents

included herein under Section 422 of the Code, that provision shall be deemed to be incorporated herein with the same force and effect as if that provision had been set out at length herein; provided, further, that, to the extent any Option that is intended to qualify as an Incentive Stock Option cannot so qualify, such Option (to that extent) shall be deemed a Non-Qualified Stock Option for all purposes of the Plan.

(k) Governing Law. All questions arising with respect to the provisions of the Plan and Awards shall be determined by application of the laws of the State of Texas, without giving effect to any conflict of law provisions thereof, except to the extent Texas law is preempted by federal law or where the law of the state of incorporation of the Company shall be mandatorily applied. The obligation of the Company to sell and deliver Shares hereunder is subject to applicable federal and state laws and to the approval of any governmental authority required in connection with the authorization, issuance, sale, or delivery of such Shares.

(l) Conditions to Delivery of Shares. Nothing herein or in any Award granted hereunder or any Award agreement shall require the Company to issue any Shares with respect to any Award if that issuance would, in the opinion of counsel for the Company, constitute a violation of the Securities Act or any similar or superseding statute or statutes, any other applicable statute or regulation, or the rules of any applicable securities exchange or securities association, as then in effect. At the time of any exercise of an Option or Stock Appreciation Right, or at the time of any grant of a Restricted Stock Award, Bonus Stock Award or Phantom Stock Award, the Company may, as a condition precedent to the exercise of such Option or Stock Appreciation Right, vesting of any Restricted Stock Award or Phantom Stock Award, or grant of any Bonus Stock Award, require from the Participant (or in the event of his death, his legal representatives, heirs, legatees, or distributees) such written representations, if any, concerning the holder's intentions with regard to the retention or disposition of the Shares being acquired pursuant to the Award and such written covenants and agreements, if any, as to the manner of disposal of such Shares as, in the opinion of counsel to the Company, may be necessary to ensure that any disposition by that holder (or in the event of the holder's death, his legal representatives, heirs, legatees, or distributees) will not involve a violation of the Securities Act or any similar or superseding statute or statutes, any other applicable state or federal statute or regulation, or any rule of any applicable securities exchange or securities association, as then in effect.

(m) Plan Effective Date, Stockholder Approval and Plan Duration. The Plan has been adopted by the Board originally effective as of January 1, 2001 and as amended and restated effective as of December 12, 2002 contingent upon the approval of the stockholders of the Company. If the stockholders of the Company do not approve the Plan as amended and restated, the Plan shall continue in effect as originally adopted effective January 1, 2001. No Award, other than an Incentive Stock Option, shall be granted under the Plan after December 31, 2010 and no Incentive Stock Option shall be granted under the Plan after December 13, 2010.

**FIRST AMENDMENT TO THE
HOLLY CORPORATION
LONG-TERM INCENTIVE COMPENSATION PLAN
As Amended and Restated as of May 24, 2007**

(Formerly designated the Holly Corporation 2000 Stock Option Plan)

THIS FIRST AMENDMENT is effective January 1, 2005 (the *Effective Date*) and is made by Holly Corporation, a Delaware corporation (the *Company*).

WITNESSETH:

WHEREAS, the board of directors of the Company (the *Board*) previously adopted the Holly Corporation Long-Term Incentive Compensation Plan, as amended and restated as of May 24, 2007 (formerly designated the Holly Corporation 2000 Stock Option Plan) (the *Plan*);

WHEREAS, Section 10(f) of the Plan provides that the Plan may be amended by the Board without approval of the stockholders of the Company, except that any amendment to the Plan of which approval of the stockholders is required by any federal or state law or regulation or the rules of any stock exchange on which the shares of the Company are listed or quoted must be approved by the stockholders of the Company; and

WHEREAS, the Board has determined that it is desirable to amend the Plan, in accordance with the final regulations promulgated under section 409A of the Internal Revenue Code of 1986, as amended (the *Code*), to ensure that, to the extent subject to Code section 409A, the payments and other benefits provided under the Plan comply therewith and to avoid the imposition of any adverse tax consequences under section 409A of the Code.

NOW, THEREFORE, the Plan shall be amended as of the Effective Date as set forth below:

1. The following sentence shall be added to the end of Section 2(i) of the Plan:

Notwithstanding anything to the contrary herein or in any Award agreement, any Award that constitutes a deferral of compensation (within the meaning of Section 409A of the Code and the regulations and other authoritative guidance promulgated thereunder (collectively, the Nonqualified Deferred Compensation Rules)), and that is not exempt from Section 409A of the Code pursuant to an applicable exemption (any such Award, a 409A Award) shall not become exercisable, be settled or otherwise trigger a payment or distribution upon a Participant's Disability pursuant to the Plan or the applicable Award agreement controlling such 409A Award unless the Disability incurred by the Participant constitutes a Disability within the meaning of the Nonqualified Deferred Compensation Rules.

2. Section 9(d) of the Plan shall be deleted in its entirety and shall be replaced with the following:

(d) Form and Timing of Payment under Awards; Deferrals. Subject to the terms of the Plan and any applicable Award agreement, payments to be made by the Company or a Subsidiary upon the exercise of an Option or other Award or settlement of an Award may be made in a single payment or transfer, in installments, or on a deferred basis. The settlement of any Award may, subject to any limitations set forth in the Award agreement, be accelerated and cash paid in lieu of Shares in connection with such settlement, in the discretion of the Committee or upon occurrence of one or more specified events. Notwithstanding anything to the contrary herein or in any applicable Award agreement, no 409A Award shall be exercisable, be settled or otherwise trigger a payment or distribution upon the occurrence of any event that does not qualify as a permissible time of distribution in respect of such 409A Award under the Nonqualified Deferred Compensation Rules; except that, to the extent permitted under the Nonqualified Deferred Compensation Rules, the time of exercise, payment or settlement of a 409A Award shall be accelerated, or payment shall be made under the Plan in respect of such Award, as determined by the Committee in its discretion, to the extent necessary to pay income, withholding, employment or other taxes imposed on such 409A Award. In the event any 409A Award is designed to be paid or distributed upon a Participant's termination of employment, such payment or distribution shall not occur in the event the Participant holding such 409A Award continues to provide or, in the 12 month period following such termination of employment, is expected to provide, sufficient services to the Company that, under the Company's applicable policies regarding what constitutes a separation from service for purposes of Section 409A of the Code, such Participant does not incur a separation from service for purposes of Section 409A of the Code on the date of termination of the employment relationship. To the extent any 409A Award does not become exercisable or is not settled or otherwise payable upon a Participant's termination of employment or upon the occurrence of some other event provided in the Plan or the Award agreement as a result of the limitations described in the preceding provisions hereof, such Award shall become exercisable or be settled or payable upon the occurrence of an event that qualifies as a permissible time of distribution in respect of such 409A Award under the Nonqualified Deferred Compensation Rules. In the discretion of the Committee, Awards granted pursuant to Sections 7 or 8 of the Plan may be payable in Shares to the extent permitted by the terms of the applicable Award Agreement. Installment or deferred payments may be required by the Committee (subject to Section 10(f) of the Plan, including the consent provisions thereof in the case of any deferral of an outstanding Award not provided for in the original Award agreement) or permitted at the election of the Participant on terms and conditions established by the Committee. Payments may include, without limitation, provisions for the payment or crediting of amounts in respect of installment or deferred payments denominated in Shares. Any deferral shall only be allowed as is provided in a separate deferred compensation plan adopted by the Company. The Plan shall not constitute an employee benefit plan for purposes of Section 3(3) of the Employee Retirement Income Security Act of 1974, as amended.

Table of Contents

3. Section 10(a) shall be deleted in its entirety and shall be replaced with the following:

(a) Company's Right to Terminate or Modify Awards in Certain Circumstances. Except to the extent that an Award Agreement provides otherwise with specific reference to this Section 10(a), in the event of (i) an acquisition of substantially all of the assets of the Company or of a greater than 80% stock interest in the Company by an entity in which the Company does not have a 50% or greater interest prior to such acquisition, or (ii) a merger, consolidation, or recapitalization involving a fundamental change in the capital structure of the Company, the Company shall have the right to terminate any Award upon the payment of an amount equal to the then value of the Award, without regard to vesting or forfeiture provisions of the Award, as determined by the Committee, taking into account to the extent determined by the Committee to be appropriate the Fair Market Value of Shares at the time of termination and the performance of the Company up to the time of termination; provided that no 409A Award shall be terminated and paid as described above unless the event triggering clause (i) or (ii) of this Section 10(a) also constitutes a change in the ownership or effective control or in the ownership of a substantial portion of the assets of the Company within the meaning of the Nonqualified Deferred Compensation Rules. Upon tender of the payment by the Company to a holder of the amount determined by the Committee pursuant to the foregoing provision, the Award held by such holder shall automatically terminate. Alternatively, in such circumstances, the Company, in the discretion of the Board, may make arrangements for the acquiring or surviving corporation to assume any or all outstanding Awards and substitute on equitable terms Awards relating to the stock or performance of such acquiring or surviving corporation; provided, that in no event will any action so taken result in the creation of deferred compensation within the meaning of the Nonqualified Deferred Compensation Rules. The determinations of the Board and/or the Committee pursuant to this Section 10(a) shall be final, binding and conclusive.

4. The following Section 10(n) shall be added to the Plan to read as follows:

(m) Compliance with Section 409A of the Code. This Plan is intended to comply and shall be administered in a manner that is intended to comply with Section 409A of the Code and shall be construed and interpreted in accordance with such intent. Payment under this Plan shall be made in a manner that will comply with Section 409A of the Code, including regulations or other guidance issued with respect thereto, except as otherwise determined by the Committee. The applicable provisions of Section 409A of the Code are hereby incorporated by reference and shall control over any contrary provisions herein that conflict therewith.

NOW, THEREFORE, be it further provided that, except as set forth above, the Plan shall continue to read in its current state.

IN WITNESS WHEREOF, the Company has caused the execution of this First Amendment by its duly authorized officer, effective as of the Effective Date.
