Agreement and Plan of Merger

On May 26, 2011, Skyworks Solutions, Inc., a Delaware corporation (Skyworks), PowerCo Acquisition Corp., a Delaware corporation and wholly owned subsidiary of Skyworks (Merger Sub) and Advanced Analogic Technologies Incorporated (AATI) entered into an Agreement and Plan of Merger (the Merger Agreement), pursuant to which Merger Sub will, subject to the satisfaction or waiver of the conditions therein, merge with and into AATI, and AATI will be the successor or surviving corporation of the merger and will become a wholly owned subsidiary of Skyworks (the Merger). The Board of Directors of Skyworks (the Board) has unanimously approved the Merger and the Merger Agreement.

Pursuant to the terms of the Merger Agreement and subject to the conditions thereof, at the effective time of the Merger (the Effective Time), each share of common stock of AATI issued and outstanding immediately prior to the Effective Time will be converted into the right to receive an aggregate of \$6.13 per share, payable in an initial combination of \$3.68 in cash and 0.08725 of a share of Skyworks common stock. The cash amount is subject to adjustment depending upon whether the last sale price value of a share of Skyworks common stock for the five full trading days ending on the trading day immediately prior to the date on which the Effective Time occurs (the Average Price) is greater than or less than \$2.45. If the Average Price is less than \$21.00, then Skyworks has the right to pay the entire \$6.13 in cash so that there would be no Skyworks common stock. The shares of Skyworks common stock issuable in the transaction will be registered pursuant to a registration statement on Form S-4 and the shares of Skyworks common stock issuable upon exercise of assumed AATI stock options will be registered pursuant to a registration statement on Form S-8.

The completion of the Merger is subject to the satisfaction or waiver of customary conditions, including, among other things, obtaining the approval of AATI s stockholders, receiving any applicable governmental and regulatory approvals, and the absence of any development having (or reasonably likely to have) a material adverse effect on AATI. Skyworks and AATI have made certain customary representations and warranties to each other in the Merger Agreement, including representations and warranties made by AATI related to capitalization, the absence of undisclosed liabilities and other changes, intellectual property, accuracy and completeness of SEC filings and financial statements, absence of litigation, and employee benefits and matters.

The Merger Agreement also gives Skyworks and AATI the right to terminate the Merger Agreement under certain circumstances, including in the event of certain uncured breaches of representations and warranties or covenants by the other party and in the event that the Closing does not occur prior to December 31, 2011. Pursuant to the Merger Agreement, AATI has agreed to certain restrictions on the operation of its business between the date of the Merger Agreement and the Effective Time, and AATI and Skyworks have entered into covenants on customary matters, including obtaining the requisite approval of AATI s stockholders, making required regulatory filings, employee benefits after the Closing, and other matters. A copy of the Merger Agreement has been filed by AATI and will be filed with the registration statement on Form S-4 required to be filed by Skyworks.

Stockholder Agreement

In connection with the Merger Agreement, Skyworks has entered into a stockholder agreement (the Stockholder Agreement), dated as of May 26, 2011, with certain of AATI s officers and directors (each a Stockholder and collectively, the Stockholders) pursuant to which, among other things, each Stockholder has agreed to vote all shares of AATI common stock beneficially owned by such Stockholder (the Covered Shares) in favor of adoption of the Merger Agreement and approval of the Merger and the other transactions contemplated by the Merger Agreement and against any other acquisition proposal or

alternative acquisition agreement made in opposition to the consummation of the Merger and the transactions contemplated by the Merger Agreement.

Non-Competition Agreement

In connection with the Merger Agreement, Skyworks has entered into a non-competition, non-solicitation and confidentiality agreement, dated as of May 26, 2011, with Richard K. Williams, the President, Chief Executive Officer and Chief Technology Officer of AATI (the Non-Competition Agreement), pursuant to which, among other things, Mr. Williams has agreed, for a period of 24 months and subject to certain exceptions, not to engage, without the express prior written consent of Skyworks, in any business or activity that is in competition with AATI's business of developing, designing, manufacturing, licensing, marketing, selling and distributing power management semiconductors and related software.

Safe Harbor Statement

This Current Report on Form 8-K includes forward-looking statements intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. These forward-looking statements include without limitation information relating to future results and expectations of Skyworks (including without limitation certain projections and business trends). Forward-looking statements can often be identified by words such as anticipates, expects, forecasts, intends, believes, plans, may, will, or continue, and similar expressions or variations or negatives of these words. All such statements are subject to certain risks, uncertainties and other important factors that could cause actual results to differ materially and adversely from those projected, and may affect our future operating results, financial position and cash flows.

These risks, uncertainties and other important factors include, but are not limited to: whether we are able to satisfy the closing conditions and close our acquisition of AATI; whether we are able to successfully integrate AATI's operations; uncertainty regarding global economic and financial market conditions; the susceptibility of the wireless semiconductor industry and the markets addressed by our, and our customers', products to economic downturns; the timing, rescheduling or cancellation of significant customer orders and our ability, as well as the ability of our customers, to manage inventory; losses or curtailments of purchases or payments from key customers, or the timing of customer inventory adjustments; the availability and pricing of third party semiconductor foundry, assembly and test capacity, raw materials and supplier components; changes in laws, regulations and/or policies in the United States that could adversely affect financial markets and our ability to raise capital; our ability to develop, manufacture and market innovative products in a highly price competitive and rapidly changing technological environment; economic, social and political conditions in the countries in which we, our customers or our suppliers operate, including security and health risks, possible disruptions in transportation networks and fluctuations in foreign currency exchange rates; fluctuations in our manufacturing yields due to our complex and specialized manufacturing processes; delays or disruptions in production due to equipment maintenance, repairs and/or upgrades; our reliance on several key customers for a large percentage of our sales; fluctuations in the manufacturing yields of our third party semiconductor foundries and other problems or delays in the fabrication, assembly, testing or delivery of our products; our ability to timely and accurately predict market requirements and evolving industry standards, and to identify opportunities in new markets; uncertainties of litigation, including potential disputes over intellectual property infringement and rights, as well as payments related to the licensing and/or sale of such rights; our ability to rapidly develop new products and avoid product obsolescence; our ability to retain, recruit and hire key executives, technical personnel and other employees in the positions and numbers, with the experience and capabilities, and at the compensation levels needed to implement our business and product plans; lengthy product development cycles that impact the timing of new product introductions; unfavorable changes in product mix; the quality of our products and any remediation costs; shorter than expected product life cycles; problems or delays that we may face in shifting our products to smaller geometry process technologies and in achieving higher levels of design integration; and our ability to continue to grow and maintain an intellectual property portfolio and obtain needed licenses from third parties, as well as other risks and uncertainties, including but not limited to those detailed from time to time in our filings with the Securities and Exchange Commission.

These forward-looking statements are made only as of the date hereof, and we undertake no obligation to update or revise the forward-looking statements, whether as a result of new information, future events or otherwise.
