#### REPUBLIC BANCORP REPORTS FOURTH QUARTER RESULTS AND RECORD EARNINGS IN 2002

2002 Highlights Include:

Record net income of \$56.7 million Earnings per share of \$.96, up 11% Return on equity of 17.52% Loan portfolio growth of 6% Strong core deposit growth of 11%

ANN ARBOR, Michigan January 13, 2003 Republic Bancorp Inc., (Nasdaq: RBNC), today announced record net income for the year ended December 31, 2002 of \$56,677,000, an increase of 8% over the net operating income of \$52,460,000 earned in 2001. Diluted earnings per share were \$.96, up 11% from \$.87 earned in 2001. Net income generated returns of 1.24% on average assets and 17.52% on average shareholders equity for the year ended December 31, 2002. These compare to returns of 1.14% on average assets and 17.25% on average equity for the year ended December 31, 2001.

We are pleased with the Company s results for the year, commented Dana M. Cluckey, President and Chief Executive Officer. We saw significant growth in core deposits during 2002 which funded growth in all of our targeted lending areas of commercial real estate, home equity and residential mortgages. We also had an outstanding year in residential mortgage lending which contributed to very strong mortgage banking income. Our long-term focus on providing distinctive personal service and emphasis on real estate secured lending continues to produce consistent and above peer group financial results , added Mr. Cluckey.

Net income for the fourth quarter was a record \$13,742,000, an increase of 12% over the \$12,300,000 earned for the fourth quarter of 2001. Diluted earnings per share were \$.24 for the fourth quarter of 2002, up 15% from the \$.21 for the same quarter of 2001.

Results for 2002 reflect strong performance for the Company s three business lines:

The commercial loan portfolio grew \$106 million, or 8% over 2001. SBA closings for the year were \$42 million, up 23% from 2001.

The Company had an outstanding year in mortgage banking. During 2002, the Company originated \$3.9 billion in single-family residential mortgages. At December 31, 2002, the Company s mortgage loan pipeline of applications in process was \$545 million.

Retail banking results were also strong during the year. The consumer loan portfolio grew \$60 million, or 12% over 2001. The Company had excellent growth in core deposits, which increased \$129 million, or 11% for the year.

Net interest income increased \$4.1 million, or 3% for the year ended December 31, 2002 compared to 2001 primarily due to a higher net interest margin. For the year ended December 31, 2002, the Company s net interest margin was 3.44%, an increase of 13 basis points over 2001.

The Company recorded an incremental loan loss provision to reflect higher levels of non-performing assets during the quarter. For the quarter ended December 31, 2002, the Company recorded a provision for loan losses of \$5.0 million, an increase of \$2.6 million over the same period in 2001. Net charge-offs to total average loans were 19 basis points for the quarter and remain below the Company s peer group. The Company s allowance for loan losses to loans ratio was .99% at December 31, 2002, an increase of 15 basis points over December 31, 2001.

Total noninterest income increased \$9.4 million for the quarter ended December 31, 2002, compared to the same period in 2001. The increase was primarily due to higher levels of service charges, gain on sales of securities and mortgage loan production revenue. Additionally, the Company had income from its third quarter 2002 purchase of \$85 million of separate account bank owned life insurance, which is used to fund future employee benefit costs.

During the fourth quarter of 2002, the Company repurchased 488,000 shares at an average price of \$11.47 per share under the 2001 Stock Repurchase Program. The 2001 Stock Repurchase Program allows for the repurchase of up to 4,300,000 shares, of which a total of 3,132,000 shares have been repurchased through December 31, 2002. For the year ended December 31, 2002, the Company repurchased 1,467,000 shares at an average price of \$11.73 per share under the 2001 Stock Repurchase Program. At December 31, 2002, 1,168,000 shares are available for repurchase under the 2001 Stock Repurchase Program.

Net operating income in 2001 excludes the gain on sale of Market Street Mortgage Corporation and the restructuring costs to exit the mortgage servicing business. Including these items, the Company reported net income of \$47,910,000, or \$.79 per share, for the year ended December 31, 2001.

As recently announced, in January 2003, Republic Bancorp was named to FORTUNE s 100 Best Places to Work in America for the third year. The Company was rated the 17th Best Place to Work in the country.
