PROXY STATEMENT

PERCEPTRON, INC.
2005 ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD AT 9:00 A.M. ON DECEMBER 5, 2005

INTRODUCTION

This Proxy Statement and the accompanying Notice of the 2005 Annual Meeting of Shareholders, 2005 Annual Report and proxy card are furnished in connection with the solicitation of proxies by the Board of Directors ("Board") of Perceptron, Inc., a Michigan corporation ("Company"). The proxies are being solicited for use at the 2005 Annual Meeting of Shareholders ("Annual Meeting") of the Company to be held at the corporate offices of the Company on Monday, December 5, 2005, at 9:00 a.m., local time, and at any adjournment of that meeting. The corporate offices of the Company are located at 47827 Halyard Drive, Plymouth, Michigan 48170, and the Company's telephone number is (734) 414-6100. The Company expects that this Proxy Statement and the accompanying materials will be first sent or given to shareholders on or about October 27, 2005.

Only shareholders of record of the Company's Common Stock, \$0.01 par value ("Common Stock") at the close of business on October 14, 2005 ("Record Date") will be entitled to notice of and to vote at the Annual Meeting or any adjournments thereof. Shareholders of record on the Record Date are entitled to one vote per share on any matter that may properly come before the Annual Meeting. As of the Record Date, there were 8,810,047 shares of Common Stock outstanding and entitled to vote. The Company has no other class of stock outstanding. The presence, either in person or by properly executed proxy, of the holders of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum at the Annual Meeting. See "Further Information - Share Ownership of Management and Certain Shareholders" for a description of the beneficial ownership of the Common Stock.

Directors, officers and other employees of the Company may solicit, without additional compensation, proxies by any appropriate means, including personal interview, mail, telephone, courier service and facsimile transmissions. Arrangements will also be made with brokerage houses and other custodians, nominees and fiduciaries which are record holders of the Company's Common Stock to forward proxy soliciting material to the beneficial owners of such shares and the Company will reimburse such record holders for their reasonable expenses incurred in connection therewith. The cost of soliciting proxies, including the preparation, assembling and mailing of the Notice of the 2005 Annual Meeting of Shareholders, the Proxy Statement, the 2005 Annual Report and the accompanying proxy card, as well as the cost of forwarding such material to the beneficial owners of Common Stock, will be borne by the Company. Only one Proxy Statement and Annual Report will be delivered to multiple shareholders sharing an address unless the Company has received contrary instructions from one or more of the shareholders. Upon written or oral request from a shareholder who shares an address with another shareholder, the Company shall deliver a separate copy of the Proxy Statement and Annual Report. In the future, shareholders can call or write the Company for a separate annual report or proxy statement at (734) 414-6100 or 47827 Halyard Drive, Plymouth, MI 48170-2461. Similarly, those shareholders who share an address and wish to receive only one copy of the annual report or proxy statement when they are receiving multiple copies can also call or write the Company at the number and address given above.

Edgar Filing: PERCEPTRON INC/MI - Form DEF 14A

Shares represented by a duly executed proxy, unless previously revoked, will be voted at the Annual Meeting in accordance with the instructions of the shareholder thereon if the proxy is received by the Company before the close of business on December 2, 2005. Shares represented by a proxy received after December 2, 2005 will be voted if the proxy is received by the Company in sufficient time to permit the necessary examination and tabulation of the proxy before the vote of shareholders is taken. IF NO INSTRUCTIONS ARE MADE, SUCH SHARES WILL BE VOTED FOR THE ELECTION OF DIRECTORS NAMED IN THIS PROXY STATEMENT. A proxy also gives Messrs. Pease, Garber and Geiss discretionary authority, to the extent permitted by law, to vote all shares of Common Stock represented by the proxy on any other matter that is properly presented for action at the meeting;

however, the Board does not intend to present any other matters at the Annual Meeting. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing with the Secretary of the Company, at or before the Annual Meeting, a written notice of revocation bearing a later date than the proxy, (ii) duly executing a subsequent proxy relating to the same shares and delivering it to the Secretary of the Company at the Company's corporate offices at or before the Annual Meeting, or (iii) attending the Annual Meeting and voting in person, if the shareholder is a shareholder of record (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy).

Abstentions, and withheld votes with respect to the election of directors, are counted only for purposes of determining whether a quorum is present at the 2005 Annual Meeting. Withheld votes will be excluded entirely from the vote on the election of directors and will therefore have no effect on the election. If a shareholder owns shares through a bank or broker in street name, the shareholder may instruct his or her bank or broker how to vote such shares. "Broker non-votes" occur when a bank, broker or other nominee holder has not received voting instructions with respect to a particular matter and the nominee holder does not have discretionary power to vote on that matter. The election of directors is considered a routine matter, so a bank or broker will have discretionary authority to vote such shares held in street name on that proposal. A broker non-vote may also occur if a broker fails to vote shares for any reason. Directors are elected by a plurality of the votes cast, so that only votes cast "for" directors are counted in determining which directors are elected.

2

MATTERS TO COME BEFORE THE MEETING

PROPOSAL 1 -- ELECTION OF DIRECTORS

At the Annual Meeting, Shareholders will be asked to elect a Board of eight directors to hold office, in accordance with the Bylaws of the Company, until the 2006 annual meeting and until the election and qualification of their successors, or until their resignation or removal. The following table sets forth information regarding the nominees for election to the Company's Board. The Board recommends a vote FOR each of the nominees for election. The shares represented by properly executed proxies will be voted in accordance with the specifications made therein. PROXIES WILL BE VOTED "FOR" THE ELECTION OF SUCH NOMINEES UNLESS THE SPECIFICATION IS MARKED ON THE PROXY INDICATING THAT AUTHORITY TO DO SO IS WITHHELD. If a nominee is unable to serve or, for good cause, will not serve, the proxy confers discretionary authority to vote with respect to the election of any person to the Board. The nominees receiving a plurality of votes cast at the Annual Meeting will be elected to the Board. Shares may not be voted cumulatively for the election of directors.

BOARD OF DIRECTORS AND COMMITTEES

The Board is responsible for direction of the overall affairs of the Company. Directors of the Company are elected to serve until their successors are elected. The Board and each committee thereof meet formally from time to time and also take action by consent resolutions. During the fiscal year ended June 30, 2005, the Board met a total of ten times. All of the current directors who are standing for re-election, except for Mr. Beattie, attended at least 75% of the total meetings of the Board, and of any committee on which they served, held during the period in fiscal 2005 in which they served as directors or members of any such committees. The Company's policy is that each director is strongly encouraged to attend the Annual Meeting of Shareholders if reasonably possible. All of the directors, except one, attended the 2004 Annual Meeting of Shareholders.

The Board has delegated certain authority to an Audit Committee, a Management Development, Compensation and Stock Option Committee and a Nominating and Corporate Governance Committee to assist it in executing its duties. The Board has adopted charters for each of these Committees. The charters are available on the Company's website at www.perceptron.com. The Board determined that all of the directors, other than Mr. Pease, are "independent directors" as defined in Marketplace Rule 4200(a)(15) of The Nasdaq Stock Market, Inc. ("Nasdaq"). The composition and principal functions of each Committee are as follows:

Edgar Filing: PERCEPTRON INC/MI - Form DEF 14A

Audit Committee. The Audit Committee is currently comprised of three outside members of the Board: Messrs. Oswald, Ratigan and Smith. The Board determined that all of the members of the Audit Committee are independent as required by the rules of the Securities and Exchange Commission ("SEC") and Nasdaq listing standards for audit committee members. In addition, the Board determined that Mr. Ratigan qualified as an "audit committee financial expert" as defined by applicable SEC rules and that each of the Audit Committee members satisfies all other qualifications for Audit Committee members set forth in the applicable Nasdaq rules. The Audit Committee held five meetings in fiscal 2005.

The Board approved and adopted the Audit Committee's revised charter on February 9, 2004. The charter in its current form was last provided to shareholders as an appendix to the Company's Proxy Statement dated October 25, 2004 and is also available on the Company's website at www.perceptron.com. The Audit Committee's primary responsibilities include the following: (i) oversee the Company's financial reporting process on behalf of the Board; (ii) review, appoint, compensate, retain and oversee the accounting firm to be appointed as the Company's independent registered public accounting firm; (iii) review in advance the nature and extent of all services provided to the Company by its independent registered public accounting firm; (iv) review of the independence of the Company's independent registered public accounting firm; (v) review the scope, purpose and procedures of the audit; (vi) review the Company's annual earnings press release, the audited financial statements and the proposed footnotes to be included in the Company's Annual Report on Form 10-K with management and the auditors and report annually to the Board whether the Audit Committee recommends to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for filing with the SEC; (vii) review with such auditors its experience, findings and recommendations upon completion of the audit and receive from the auditors their required communications under generally accepted auditing standards; (viii) review of the Company's quarterly earnings releases and financial statements with management and the auditors; (ix) review of the Company's Quarterly Reports on Form 10-Q for filing with the SEC; (x) review of proxy statement when authority is delegated by the Board; (xi) review the adequacy of the Company's internal accounting procedures and financial controls and management's report on internal control over financial reporting required by applicable SEC rules; (xii)

4

oversee compliance by the Company with legal and regulatory requirements; (xiii) establish procedures for receipt, retention and handling of complaints and concerns regarding financial matters; (xiv) act as the Qualified Legal Compliance Committee; (xv) review and approve any related party transactions; (xvi) monitor the Company's risk management activities; (xvii) review performance of finance and account department; and (xviii) review and reassess annually the adequacy of the Audit Committee's charter and performance.

Management Development, Compensation and Stock Option Committee. The Management Development, Compensation and Stock Option Committee ("Management Development Committee") is currently comprised of three outside members of the Board: Messrs. Beattie, DeCocco and Marz. The Management Development Committee's primary responsibilities include the following: (i) review the Company's compensation programs; (ii) establish and administer the compensation programs for the Company's officers; (iii) administer the Company's stock-based compensation plans; (iv) review and recommend compensation for service on the Board; (v) provide a committee report for inclusion in the Company's proxy statement; (vi) monitor the Company's succession planning; and (vii) review and reassess annually the adequacy of the Management Development Committee's charter and performance. The Management Development Committee held nine meetings in fiscal 2005.

Edgar Filing: PERCEPTRON INC/MI - Form DEF 14A

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee ("Nominating Committee") is currently comprised of three outside members of the Board: Messrs. DeCocco, Dabrowski and Marz. The Board determined that all members of the Nominating Committee are independent as required by the Nasdaq listing standards for nominating committee members.

The Nominating Committee's primary responsibilities include the following: (i) establish criteria for the selection of new Board members; (ii) conduct searches and interviews for individuals qualified to become Board members; (iii) make recommendations to the Board regarding director nominees to stand for election as directors at each annual meeting of shareholders or to fill vacancies on the Board; (iv) recommend to the Board the directors to serve on the standing committees of the Board and the structure and functions of such committees; (v) develop policies and procedures for Board consideration of shareholder recommendations of Board nominees and handling of shareholder proposals; (vi) develop a process for shareholders to communicate with the Board; (vii) advise Board on corporate governance matters, including development, review and assessment of corporate governance principles; (viii) oversee the Board and committee self evaluation process; (ix) evaluate independence of each Board member and (x) review and reassess annually the adequacy of the Nominating Committee's charter and performance.

The Nominating Committee may use various methods to identify director candidates, including recommendations from existing Board members, management, shareholders, professionals and other sources outside the Company, which could include third party search firms. The Nominating Committee will evaluate and screen the list of potential nominees and narrow the list to individuals they believe best satisfy the needs of the Company, with a strong preference given to the continuation of the current Board members. The Nominating Committee will conduct interviews and gather additional information concerning the individuals. Based on the foregoing, the Nominating Committee will recommend to the Board the number of members of the Board to be elected at the next annual meeting of shareholders of the Company and the persons to be nominated for election to the Board. Director candidates need not possess any specific minimum qualifications. Rather, a candidate's suitability for nomination and election to the Board will be evaluated in light of the portfolio of skills, experience, perspective and background required for the effective functioning of the Board. Among the desired qualities that the Nominating Committee will consider are: (i) high ethical character; (ii) practical intelligence and judgment, an inquiring mind and a good range of problem solving skills; (iii) independence; (iv) ability to work in a collaborative culture; (v) high-level leadership experience and personal achievement; (vi) prior Board experience or experience advising or reporting to Boards preferably of a publicly traded company; (vii) sufficient personal commitment and time to devote to responsibilities as a director; and (viii) capacity and desire to represent the balanced best interests of the shareholders as a whole.

The Nominating Committee will consider candidates recommended by shareholders using the same procedures and standards utilized for evaluating candidates recommended by other sources except that the Nominating Committee will not consider a director nominee proposed by a shareholder if (i) the shareholder does not submit the required information timely (see "Shareholder Proposals and Nominees for 2006 Annual Meeting - Shareholder Nominees"); (ii) the shareholder or group of shareholders proposing the director nominee do not beneficially own, in

the aggregate, more than 5% of the Company's Common Stock, with the Common Stock used to satisfy this requirement owned for at least one year prior to the date of the recommendation, or (iii) the shareholder proposes as the nominee himself

or herself, or an affiliate or affiliated party. See "Shareholder Proposals and Nominees for 2006 Annual Meeting - Shareholder Nominees" for a description of the procedures to be used by shareholders to submit recommendations of possible director nominees to the Nominating Committee. The Nominating Committee held three meetings in fiscal 2005.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the United States, the Company's directors, its executive (and certain other) officers, and any persons holding more than ten percent of the Common Stock are required to report their ownership of the Common Stock and any changes in that ownership to the SEC. Directors, officers and greater than ten percent shareholders are required by the SEC to furnish the Company with copies of all Section 16(a) reports they file. Specific due dates for these reports have been established and the Company is required to report in this proxy statement any failure to file by these dates during the Company's last fiscal year. To the Company's knowledge, all of these filing requirements were satisfied during the Company's last fiscal year by the Company's officers, directors and ten percent shareholders, except to the extent previously reported in a Company proxy statement. In making this statement, the Company has relied solely on the written representations of its directors, officers and ten percent shareholders and copies of the reports that have been filed with the SEC.

COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

DIRECTORS

All of the members of the Board who are not employed by the Company (the "Eligible Directors") will receive an annual retainer of \$20,000, paid quarterly in the amount of \$5,000. All Eligible Directors receive \$1,250 for each Board meeting attended. In addition, directors are reimbursed for their out-of-pocket expenses incurred in attending Board and committee meetings.

Eligible Directors are also eligible to participate in the Company's 2004 Stock Incentive Plan (the "2004 Plan"), which replaced the Directors Stock Option Plan (the "Directors Plan"). The Management Development Committee or, if there is no such committee or similar committee, the Board, administers the 2004 Plan. Unless otherwise specified in the 2004 Plan, the Management Development Committee has the power to select the recipients of

9

awards under the 2004 Plan, including Eligible Directors, and has broad power to determine the terms of awards and to change such terms in various ways subsequent to grant. The 2004 Plan permits grants to Eligible Directors of nonqualified stock options, indexed options, restricted stock, restricted stock units, stock appreciation rights, performance share awards, including cash, and deferred stock units at any time prior to October 22, 2014. The exercise price for a nonqualified stock option, other than an indexed option, will be not less than 100% of the fair market value of Common Stock on the date of grant. Fair market value means for purposes of determining the value of Common Stock on the grant date the average of the closing sales prices of the Common Stock on Nasdaq (or, if there have been no sales on Nasdaq on any such day, the average of the closing high bid and low asked prices on Nasdaq at the end of such day) for the five (5) consecutive trading days on Nasdaq immediately preceding the grant date. No stock grants were made to Eligible Directors in the fiscal year ended June 30, 2005 under the 2004 Plan.

The 2004 Plan also permits Eligible Directors to purchase shares of Common Stock through the 2004 Plan in exchange for all or a portion of the cash fees payable to them for serving as a director of the Company ("Directors Stock Purchase Rights Option"). By December 31 of each year, a director must make his or her election to purchase shares of Common Stock in exchange for all or a portion of a director's fees payable from December 1 of that year to December 1 of the next year.

Directors fees are payable in cash on March 1, June 1, September 1 and

Edgar Filing: PERCEPTRON INC/MI - Form DEF 14A

December 1 of each year. On each of these dates, the Company will determine the number of shares of Common Stock each Director who has elected to participate in the Directors Stock Purchase Rights Option has earned on that date. This determination will be made by dividing all director's fees payable on each of those dates which the Director has elected to exchange for Common Stock, by the fair market value of the Common Stock on that date. Any portion of the director's fees payable on each of those dates which the Director has not elected to receive in Common Stock will be paid to the Director in cash. The fair market value of the Common Stock will be determined by using the average of the closing sales price of the Common Stock on the Nasdaq for the five consecutive trading days immediately preceding the date of determination. The Company will issue share certificates for all shares of Common Stock purchased in a calendar year by December 15th of such year unless a director requests by written notice to the Company to receive his or her share certificate at any time during the year.

The Directors Plan was cancelled as to future grants beginning on the day following the 2004 Annual Meeting of Shareholders. Prior to such cancellation, all Eligible Directors who were first elected or appointed after February 9, 1995 received an Option to purchase 15,000 shares of Common Stock on the date of his election or appointment ("Initial Option"). In addition, each Eligible Director who was a director for six months before the date of each Annual Meeting of Shareholders held during the term of the Directors Plan automatically was granted, as of the date of such Annual Meeting, including the 2004 Annual Meeting, an option to purchase an additional 3,000 shares of Common Stock (an "Annual Option"). The exercise price of options granted under the Directors Plan was determined by using the average of the closing sales price of the Common Stock on the Nasdaq for the last five (5) consecutive trading days on the Nasdaq immediately preceding the date of grant. Each option granted under the Directors Plan as an Initial Option became exercisable in full on the first anniversary of the date of grant. Options granted as Annual Options became exercisable in three annual increments of 33 1/2% of the shares subject to the option. The exercisability of such options is accelerated in the event of the occurrence of certain changes in control of the Company. All options granted under the Plan are exercisable for a period of ten years from the date of grant, unless earlier terminated due to the termination of the Eligible Director's service as a director of the Company. In addition, prior to the approval of the 2004 Plan, Eligible Directors could purchase shares of Common Stock through the Directors Plan in exchange for all or a portion of the cash fees payable to them for serving as a director of the Company, on terms similar to the Directors Stock Purchase Rights Option.

EMPLOYMENT AGREEMENTS, TERMINATION OF EMPLOYMENT AND CHANGE OF CONTROL ARRANGEMENTS

Mr. Pease serves in his present capacity pursuant to the terms of an employment agreement. Mr. Pease's agreement provides for an annual base salary, subject to increase at the discretion of the Management Development Committee, reimbursement of reasonable monthly club dues, benefits comparable to the Company's other executive officers, including life, disability and health insurance and the use of a Company leased automobile and an annual performance bonus target level of 60% of his base salary.

The Company has also entered into severance agreements with Messrs. Pease, Corriveau, Garber and Rittenour. The severance agreement between the Company and Mr. Pease provides for, among other things, the payment of an amount of cash

Edgar Filing: PERCEPTRON INC/MI - Form DEF 14A

severance equal to one times his current annual base salary, as in effect immediately prior to his termination, a prorated portion of any bonus he would have earned for the year of termination had Mr. Pease been employed by the Company at the end of the applicable bonus period, and continuation of Company-provided health, welfare and car benefits for one year. The severance agreements between the Company and Messrs. Corriveau, Garber and Rittenour provide for, among other things, the payment of an amount of severance equal to six months of their current annual base salary, as in effect immediately prior to their termination, a prorated portion of any bonus

13

they would have earned for the year of termination had they been employed by the Company at the end of the applicable bonus period, and continuation of Company-provided health, welfare and car benefits for six months. Severance is payable to Messrs. Pease, Corriveau, Garber and Rittenour only if they are terminated by the Company for any reason other than death, disability, or cause (as defined in the severance agreements).

If the Company's executive officers are terminated by the Company for any reason other than death, disability or cause, or they resign for "Good Reason", six months prior to or within two years after a "Change in Control" of the Company, in lieu of the severance described in the prior paragraph, Mr. Pease will be entitled to an amount of severance equal to two times his current annual base salary, as in effect immediately prior to his termination, a prorated portion of his target bonus for the year of termination, based on the number of days worked in the year of termination, continuation of Company-provided health benefits until Mr. Pease becomes eligible for Medicare benefits and welfare and car benefits for two years and continued coverage under director and officer liability insurance policies, and Messrs. Corriveau, Garber and Rittenour will be entitled to an amount of severance equal to one times their current annual base salary, as in effect immediately prior to their termination, a prorated portion of their target bonus for the year of termination, based on the number of days worked in the year of termination, continuation of Company-provided health, welfare and car benefits for one year and continued coverage under director and officer liability insurance policies. The special severance expires three years from the date of the severance agreement, except that such expiration date shall be extended for consecutive one year periods, unless, at least 180 days prior to the expiration date, the Company notifies the executive in writing that it is not extending the term of these provisions. "Good Reason" is generally defined as the occurrence of any of the following events without the executive's written consent, if the executive terminates employment within one year following the occurrence of such event: (i) any reassignment of the executive to substantial duties materially inconsistent with the executive's position, duties, responsibilities and status with the Company immediately prior to the Change in Control or a substantial diminution in the executive's position, duties, responsibilities or status with the Company from his position, duties, responsibilities or status with the Company immediately prior to the Change in Control; provided that the fact that the Company is no longer a publicly traded company or the executive no longer has duties and responsibilities associated exclusively with a publicly traded company, such as SEC or stock exchange reporting responsibilities or investor or analyst relations responsibilities, shall not be deemed to be a reassignment of the executive to substantial duties materially inconsistent with the executive's position, duties, responsibilities and status with the Company immediately prior to the Change in Control or a substantial diminution in the executive's position, duties, responsibilities or status with the Company from his position, duties, responsibilities or status with the Company immediately prior to the Change in Control; (ii) any reduction in the executive's base salary or targeted incentive bonus or commissions in effect immediately prior to the Change in Control, or failure by the Company to continue any bonus, stock or other

Edgar Filing: PERCEPTRON INC/MI - Form DEF 14A

incentive plans in effect immediately prior to the Change in Control (without the implementation of comparable successor plans that provide comparable award opportunities/benefits), or any removal of the executive from participation in such aforementioned plans; (iii) the discontinuance or reduction in benefits to the executive under any qualified or nonqualified retirement or welfare plan maintained by the Company immediately prior to the Change in Control (without the implementation of comparable successor plans that provide comparable benefits), or the discontinuance of any fringe benefits or other perquisites that the Executive received immediately prior to the Change in Control (without the implementation of comparable successor plans that provide comparable benefits); (iv) required relocation of the executive's principal place of employment more than 50 miles from the executive's place of employment prior to the Change in Control; or (v) the Company's breach of any provision in the severance agreements, provided that the Company has not cured such breach within 10 days following written notice by the executive to the Company of such breach.

Payments under the severance agreements, when aggregated with any other "golden parachute" amounts (defined under Section 280G of the Internal Revenue Code as compensation that becomes payable or accelerated due to a Change in Control) payable under this Agreement or any other plans, agreements or policies of the Company, shall not exceed the golden parachute cap under Sections 280G and 4999 of the Internal Revenue Code.

Agreements relating to stock options granted under the 1992 Plan to each of the executive officers named in the Summary Compensation Table, as well as certain other officers of the Company, also provide that such options become immediately exercisable in the event that the optionee's employment is terminated without cause, or there is a diminishment of the optionee's responsibilities, following a Change of Control of the Company or, if, in the event of a Change of Control, such options are not assumed by the person surviving the Change of Control or purchasing the assets in the Change of Control ("Option Acceleration Provision").

14

A "Change of Control" for purposes of the severance agreements and the 1992 Plan is generally defined as a merger of the Company in which the Company is not the survivor, certain share exchange transactions, the sale or transfer of all or substantially all of the assets of the Company, or any person or group of persons (as defined by Section 13(d) of the Exchange Act) acquires more than 50% of the Common Stock.

MANAGEMENT DEVELOPMENT, COMPENSATION AND STOCK OPTION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Management Development, Compensation and Stock Option Committee of the Board ("Management Development Committee") currently consists of Messrs. Beattie, DeCocco and Marz. Mr. Ratigan served on the Management Development Committee from December 2003 to October 2004. During fiscal 2005, no member of the Management Development Committee served as an officer or employee of the Company or any of its subsidiaries nor had any member of the Management Development Committee formerly served as an officer of the Company or any of its subsidiaries, other than Mr. Ratigan, who served as an officer of the Company from December 1993 to June 1996. See "Proposal 1 - Election of Directors". During fiscal 2005, none of the executive officers of the Company served on the board of directors or on the compensation committee of any other entity, any of whose executive officers served either on the Board or on the Management Development Committee of the Company.

REPORT OF THE MANAGEMENT DEVELOPMENT,
COMPENSATION AND STOCK OPTION COMMITTEE

Edgar Filing: PERCEPTRON INC/MI - Form DEF 14A

The Management Development Committee is responsible for the planning, review and administration of the Company's executive compensation program and the Company's stock-based executive compensation programs. During the fiscal year ended June 30, 2005, all members of this Committee were non-employee directors of the Company.

The Company's objective is to provide a superior return to its shareholders. To support this objective, the Company believes it must attract, retain and motivate top quality executive talent. The Company's executive compensation program is a critical tool in this process.

The Company's executive compensation program has been designed to link executive compensation to Company performance through at-risk compensation opportunities, providing significant reward to executives who contribute to the Company's success. The Company's executive compensation program consists of base salary, annual cash profit sharing incentive opportunities and long-term incentives represented by stock-based incentives. Further the Company believes that stock-based incentives for team members, in addition to providing an incentive for their continued employment, more closely align their interests with those of the Company and its shareholders.

The base salary, annual cash profit sharing incentive opportunity, stock-based incentives and other compensation terms for new executive officers are established based upon each executive's qualifications, position and level of responsibility as compared with the Company's other executives.

BASE SALARY

The Management Development Committee recognizes the importance of a competitive compensation structure in retaining and attracting valuable senior executives. Executive salary levels are reviewed and established annually. The salaries received by the Company's executives generally reflect their levels of responsibility, the profitability of the Company and other factors, such as assessments of individual performance.

The Management Development Committee increased the base salary of Alfred A. Pease, Chairman of the Board, President and Chief Executive Officer of the Company, by \$14,700, or 4.8% on an annualized basis, in the first quarter of fiscal 2005. The Management Development Committee believed that this increase in base salary was appropriate due to the Company sustaining and slightly improving its financial performance in fiscal 2004, as compared to fiscal 2003. These improvements were particularly noteworthy in light of the difficult economic environment in the global automotive industry, the Company's principal market. In addition, the Board had not expected the Company to achieve levels of profitability in fiscal 2004 similar to those achieved in fiscal 2003 because revenues and profitability in fiscal 2003 had been positively impacted by an unusually large new vehicle

tooling program at a single European customer. The Committee attributed the Company's performance in fiscal 2004 in part to Mr. Pease's continued strong leadership of the Company.

In fiscal 2005, the Management Development Committee approved annualized increases in the base salaries of the Company's other executive officers of between 3.5% and 4.1%. The increases took affect at various times in fiscal 2005. The Management Development Committee approved these increases in recognition of the executive team's contributions in fiscal 2004 that resulted in the Company's performance exceeding the Board's expectations. However, the

Edgar Filing: PERCEPTRON INC/MI - Form DEF 14A

Management Development Committee generally approved smaller increases than in prior years since the Company's performance in fiscal 2004 only slightly improved from fiscal 2003. The size of the percentage increases were determined based on the Committee's evaluation of the contributions made by each of the executive officers to improving the Company's operating performance.

Mr. Chatel was hired by the Company in fiscal 2005 to serve as Senior Vice President New Market Business. His base salary and signing bonus were established based upon his extensive experience and the level of his executive responsibilities in comparison to the other executive officers of the Company.

ANNUAL PROFIT SHARING

The Company's executive officers are eligible for annual cash profit sharing incentive opportunities. Generally, at the beginning of each year, the Management Development Committee develops a profit sharing plan applicable to all executives of the Company, including the Chief Executive Officer of the Company.

For fiscal 2005, the Management Development Committee adopted the Fiscal Year 2005 Profit Sharing Plan, which applied to all team members of the Company, including Mr. Pease and the other executive officers.

The Fiscal Year 2005 Profit Sharing Plan provided that the Company would make a profit sharing payout only if the Company achieved earnings per share ("EPS") in excess of the Fiscal Year 2005 Profit Plan established by the Board. For performance in excess of that level, an increasing portion of each dollar of Company pre-tax earnings above progressive earnings share targets would be added to the profit sharing pool.

The actual profit sharing pool earned under the Fiscal Year 2005 Profit Sharing Plan was divided among team members in relation to their profit sharing potential for the year. Each team member's profit sharing potential for the year was stated as a percentage of their base salary. The level was 60% for Mr. Pease and 55% for the other executive officers.

The executive officers of the Company, including Mr. Pease, were eligible to earn 95% of the profit sharing payout based upon the level of EPS achieved by the Company. The other 5% of their profit sharing payout was earned based upon the growth in the Company's market capitalization during fiscal 2005 (the "Market Cap Growth Component"). The percentage of the Market Cap Growth Component earned was determined by multiplying 5% by the percentage increase in the Company's market capitalization from fiscal 2004 to fiscal 2005, measured on the third day following the public release of the Company's annual earnings for each of fiscal 2004 and fiscal 2005. Market capitalization is equal to the closing price of the Company's Common Stock on the measurement date, multiplied by the weighted average number of outstanding shares of Common Stock outstanding during the fiscal year.

During fiscal 2005, the profit sharing pool earned under the Fiscal Year 2005 Profit Sharing Plan was 13.01% of the team members' aggregate potential payout. The Company's market capitalization did not increase from fiscal 2004 to fiscal 2005 and therefore each of the executive officers' including Mr. Pease' profit sharing potential level was reduced by 5% so that Mr. Pease's level was 57% and the other executive officers' level was 52.3%. Mr. Pease received a profit sharing payment of 7.4% of his base salary level as of June 30, 2004 and the other executive officers received profit sharing payments of 6.8% of their base salary level as of June 30, 2004, except for Mr. Chatel who received a profit sharing payment of 4.1% of his base salary level as of the date he was hired, reflecting his employment by the Company only for a portion of fiscal 2005. The "Annual Compensation - Bonus" column of the Summary Compensation Table contained under "Compensation of Directors and Executive

Officers - Executive Officers - Summary Compensation Table" sets forth the payments to the executive officers under the Company's annual profit sharing plans.

No discretionary bonuses were paid to Mr. Pease or the other executive officers in fiscal 2005.

STOCK-BASED INCENTIVES

Stock option grants have historically been utilized by the Company as part of its compensation program for all levels of team members, including the Company's executives. The Company's stock option program permits team members to buy a specific number of shares of Common Stock in the future, at the fair market value of such shares on the date the option is granted. Since stock options gain value only if the price of the Common Stock increases above the option exercise price, this use of stock option grants reflects the Company's philosophy of linking compensation to performance. In addition, the Committee believes that stock option grants to team members help to provide an incentive for their continued employment and otherwise more closely align their interests with those of the Company and its shareholders. The Company also utilizes stock options as part of its standard compensation package developed to attract highly qualified candidates to the Company. At the 2004 Annual Meeting of Shareholders, shareholders of the Company approved the 2004 Stock Incentive Plan ("2004 Plan") which permits the Management Development Committee to grant indexed options, stock appreciation rights, restricted stock, restricted stock units, performance share awards and deferred stock units, in addition to incentive and non-qualified stock options. The Management Development Committee intends to review the various stock-based incentive alternatives now available to the Company and develop a program which will provide appropriate long-term incentives to the executive team and more closely align their interests with the Company and its shareholders.

In fiscal 2005, Mr. Pease was granted options under the 1992 Stock Option Plan to purchase 50,000 shares of Common Stock. The grant reflected the Management Development Committee's evaluation of Mr. Pease's performance in fiscal 2004. The Management Development Committee noted in particular Mr. Pease's continued strong leadership of the Company and the Company's achieving profitability in fiscal 2004 at levels significantly above those originally anticipated by the Board. The grants to Mr. Pease in fiscal 2005 were lower than in fiscal 2004, principally due to the limited growth in profitability in fiscal 2004 as compared to fiscal 2003. The Committee also believed that an additional option grant to Mr. Pease was appropriate to more closely align the interests of Mr. Pease with those of the Company and its shareholders.

In fiscal 2005, the Management Development Committee also granted options to purchase shares of Common Stock under the 1992 Stock Option Plan to the other executive officers of the Company. The Company's executive officers each received grants of options to purchase between 15,000 and 25,000 shares of Common Stock. These option grants were made in recognition of the Company's sustained financial performance in fiscal 2004, although grant levels were lower than in fiscal 2004 due to the limited increase in profitability in fiscal 2004. The grants were also intended to provide additional incentives for these executives to remain with the Company on a long-term basis. The size of the grants was made based on the Committee's evaluation of the contributions made by each of the executive officers to improving the Company's operating performance. In addition, Mr. Chatel received a grant of options to purchase 50,000 shares of Common Stock under the 1992 Stock Option Plan in fiscal 2005 as part of the compensation package offered to attract him to join the Company.

Edgar Filing: PERCEPTRON INC/MI - Form DEF 14A

The option grants to Messrs. Pease and the other executive officers in fiscal 2005, other than those granted to Mr. Chatel, were originally granted effective October 1, 2004, but because of a technical issue, were cancelled on November 5, 2004 and reissued on identical terms effective November 5, 2004.

Options granted to Mr. Pease and the other executive officers in fiscal 2005 become exercisable in four equal annual installments, beginning one year from their date of initial grant, at an exercise price equal to the fair market value of the Common Stock on the date of their initial grant.

SEVERANCE AGREEMENTS

The Board, upon recommendation of the Management Development Committee, authorized the implementation of formal Severance Agreements for the Company's executive officers. The terms of the Severance

17

Agreements are described under "Compensation of Directors and Executive Officers - Executive Officers - Employment Agreements, Termination of Employment and Change of Control Arrangements". The Board determined it appropriate to formalize the Company's general severance policies and practices for its executive team and at the same time institute enhanced severance arrangements payable in the event of a termination of the executive's employment following a change in control of the Company. The Board and Management Development Committee believe that the enhanced severance arrangements are necessary in order to provide executives with the appropriate incentives to act in the best interests of the Company and its shareholders, without concern for their own personal interests. The Management Development Committee, in developing its recommendations to the Board, consulted with an outside compensation consultant hired by the Committee and the Company's outside legal counsel. Based upon the foregoing, the Management Development Committee believes that the Severance Agreements contain terms and conditions which are comparable to those used by other companies that are similar in size to the Company.

DEDUCTIBILITY OF EXECUTIVE COMPENSATION

The Management Development Committee has reviewed the provisions of the Internal Revenue Code and related regulations of the Internal Revenue Service which restrict deductibility of executive compensation paid to the chief executive officer and any of the four most highly compensated executive officers at the end of the fiscal year to the extent such compensation exceeds \$1,000,000 in any year.

The Board of the Company established certain restrictions on the granting of options under the Company's 1992 Stock Option Plan and the 2004 Plan, which replaces the 1992 Stock Option Plan, so that compensation realized in connection with the stock-based grants under both plans would be exempt from the restrictions on deductibility described above. The 1992 Stock Option Plan restricted to 200,000 the number of shares of Common Stock that could be subject to options granted to any salaried employee in any fiscal year. The 2004 Plan restricts stock grants to any participant any fiscal year as follows; (i) up to 200,000 shares of Common Stock may be subject to stock option grants, (ii) up to 200,000 shares of Common Stock may be subject to stock appreciation right grants, (iii) up to 200,000 shares of Common Stock may be subject to restricted stock awards, and (iv) up to 200,000 shares of Common Stock may be subject to performance share awards. It is important to note that while these restrictions allow the Management Development Committee continuing discretion in establishing executive officer compensation, it does limit such discretion by restricting the size of stock awards which the Management Development Committee may grant to any

Edgar Filing: PERCEPTRON INC/MI - Form DEF 14A

single individual. The permitted size of the stock awards to a single individual was established based on the Committee's determination of the maximum number of shares which would be required to be granted in any fiscal year to retain or attract a chief executive officer of the Company.

The Board does not believe that other components of the Company's compensation program are likely to result in payments to any executive officer in any year which would be subject to the restriction on deductibility, and therefore, concluded that no further action with respect to qualifying such compensation for deductibility was necessary at this time. The Board will continue to evaluate the advisability of qualifying future executive compensation programs for deductibility under the Internal Revenue Code.
