FORWARD LOOKING AND CAUTIONARY STATEMENTS

This report contains certain "forward looking statements" within the
meaning of the Private Securities Litigation Reform Act of 1995. Generally, the
words "believe," "may," "will," "estimate," "continue," "anticipate," "intend,"
"expect" and similar expressions identify forward looking statements. The
Registrant has based these forward looking statements largely on its current
expectations and projections about future events and financial trends affecting
its business. These forward looking statements include statements relating to

trends in the advertising and marketing services industry, particularly with respect to anticipated advertising expenditures in the world's advertising markets. Actual advertising expenditures may differ materially from the estimates contained therein depending on, among other things, regional, national and international political and economic conditions, technological changes, the availability of media and regulatory regimes in the world's advertising markets. Additionally, this report contains a number of "forward looking statements" relating to the Registrant's performance. The Registrant's actual results could differ materially from those anticipated, depending on, among other things, gains to or losses from its client base, the amount of revenue derived from clients, the Registrant's exposure to changes in the exchange rates of major currencies against the pound sterling (because a substantial portion of its revenues are derived and costs incurred outside of the United Kingdom), the general level of advertising expenditures in the Registrant's markets referred to above and the overall level of economic activity in the Registrant's major markets as discussed above. The Registrant's ability to reduce its fixed cost base in the short term is limited and therefore its trading performance can be significantly affected by variations in the level of its revenues.

INCORPORATION BY REFERENCE

This report shall be deemed to be incorporated by reference into the prospectus forming a part of the Registrant's Registration Statement on Form F-3 (No. 333-46570) and to be a part of such prospectus from the date on which this report is furnished, to the extent not superseded by documents or reports subsequently filed or furnished.
