GENERAL INFORMATION

We are mailing this proxy statement and accompanying proxy card to our stockholders beginning on March 31, 2006. Our Board of Directors is soliciting your proxy to vote your shares at our Annual Meeting to be held on May 3, 2006. We will bear all expenses incurred in connection with this proxy solicitation, which we expect to conduct primarily by mail. We have engaged The Proxy Advisory Group, LLC to assist in the solicitation for a fee that will not exceed \$7,500, plus out-of-pocket expenses. In addition, our officers and regular employees may solicit your proxy by telephone, by facsimile transmission or in person, for which they will not be separately compensated. If your shares are held through a broker or other nominee (*i.e.*, in street name), we have requested that your broker or nominee forward this proxy statement to you and obtain your voting instructions, for which we will reimburse them for reasonable out-of-pocket expenses. If your shares are held through The Thrift Plan for Employees of McDermott Incorporated and Participating Subsidiary and Affiliated Companies (the McDermott Thrift Plan), the trustee of that plan has sent you this proxy statement and a voting instruction form, which you can use to direct the trustee on how to vote your plan shares.

VOTING INFORMATION

Record Date and Who May Vote

Our Board of Directors selected March 24, 2006 as the record date (the Record Date) for determining stockholders entitled to vote at the Annual Meeting. This means that if you were a registered stockholder with our transfer agent and registrar, Computershare Trust Company, N.A., on the Record Date, you may vote your shares on the matters to be considered by our stockholders at the Annual Meeting. If your shares were held in street name on that date, the broker or other nominee that was the record holder of your shares has the authority to vote them at the Annual Meeting. They have forwarded to you this proxy statement seeking your instructions on how you want your shares voted.

On the Record Date, 72,470,927 shares of our common stock were outstanding. Each outstanding share of common stock entitles its holder to one vote on each matter to be acted on at the meeting.

How to Vote

For shares held of record, you can vote your shares in person at the Annual Meeting or vote now by giving us your proxy. You may give us your proxy by completing the enclosed proxy card and returning it in the enclosed U.S. postage prepaid envelope or by calling a toll-free telephone number or using the Internet as further described in the enclosed proxy card. By giving us your proxy, you will be directing us on how to vote your shares at the meeting. Even if you plan on attending the meeting, we urge you to vote now by giving us your proxy. This will ensure that your vote is represented at the meeting. If you do attend the meeting, you can change your vote at that time.

If your shares are held in street name, the broker or nominee that holds your shares has the authority to vote them, absent your approval, only as to matters for which they have discretionary authority under the applicable New York Stock Exchange rules. For all other matters, the broker or nominee that holds your shares will need to obtain your authorization to vote those shares and has enclosed a voting instruction form with this proxy statement. In either case, they will vote your shares as you direct on their voting instruction form. You can vote by completing the enclosed voting instruction form and returning it in the enclosed U.S. postage prepaid envelope. If you want to vote your shares in person at the Annual Meeting, you must obtain a valid proxy from your broker or nominee. You should refer to the instructions provided in the enclosed voting instruction form for further information.

Additionally, the availability of telephone or Internet voting depends on the voting process used by the broker or nominee that holds your shares.

Table of Contents

In either case, telephone and Internet voting procedures have been designed to verify your identity through a personal identification or control number and to confirm that your voting instructions have been properly recorded. If you vote using either of these electronic means, you will save us return mail expense.

You may receive more than one proxy statement and proxy card or voting instruction form if your shares are held through more than one account (*e.g.*, through different brokers or nominees). Each proxy card or voting instruction form only covers those shares of common stock held in the applicable account. If you hold shares in more than one account, you will have to provide voting instructions as to all your accounts to vote all your shares.

How to Change Your Vote

For shares held of record, you may change your vote by written notice to our Corporate Secretary, granting a new proxy or by voting in person at the Annual Meeting. Unless you attend the meeting and vote your shares in person, you should change your vote using the same method (by telephone, Internet or mail) that you first used to vote your shares. That way, the inspectors of election for the meeting will be able to verify your latest vote.

For shares held in street name, you should follow the instructions in the voting instruction form provided by your broker or nominee to change your vote. If you want to change your vote as to shares held in street name by voting in person at the Annual Meeting, you must obtain a valid proxy from the broker or nominee that holds such shares for you.

Quorum

The Annual Meeting will be held only if a quorum exists. The presence at the meeting, in person or by proxy, of holders of a majority of our outstanding shares of common stock as of the Record Date will constitute a quorum. If you attend the meeting or vote your shares using the enclosed proxy card or voting instruction form (including any telephone or Internet voting procedures provided), your shares will be counted toward a quorum, even if you abstain from voting as to a particular matter. Shares held by brokers and other nominees as to which they have not received voting instructions from the beneficial owners and lack the discretionary authority to vote on a particular matter are called broker non-votes and will count for quorum purposes.

Proposals to Be Voted on; Vote Required and How Votes Are Counted

We are asking you to vote on the following:

the election of Robert L. Howard, D. Bradley McWilliams and Thomas C. Schievelbein to Class II of our Board of Directors;

the election of Robert W. Goldman to Class III of our Board of Directors;

the amendment and restatement of the McDermott International, Inc. 2001 Directors and Officers Long-Term Incentive Plan (the 2001 D&O Plan) to, among other things, increase the number of authorized shares we may issue under awards granted pursuant to the 2001 D&O Plan by 2,500,000 and remove aggregate restrictions on shares awarded as restricted stock, deferred stock unit and preferred share awards;

the approval of our Executive Incentive Compensation Plan (the EICP) for tax deductibility reasons; and

the ratification of our Audit Committee's appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2006.

With the exception of the proposal to amend and restate the 2001 D&O Plan, each proposal, including the election of directors, requires the affirmative vote of a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the matter. The proposal to

Table of Contents

increase the number of shares authorized under the 2001 D&O Plan requires the affirmative vote of a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposals, provided that the total number of votes cast on the proposal represent a majority of the shares outstanding on the Record Date. In the election of directors, you may vote FOR all director nominees or withhold your vote for any one or more of the director nominees. For each other proposal, you may vote FOR or AGAINST or abstain from voting. Because abstentions are counted for purposes of determining whether a quorum is present but are not affirmative votes for a proposal, they have the same effect as an AGAINST vote. Broker non-votes will have no effect on the vote on the election of directors, on the approval of our EICP or on the ratification of the independent registered public accounting firm. Broker non-votes will have no effect on the proposal to amend and restate the 2001 D&O Plan as long as the total number of votes cast on the proposal represents a majority of the shares entitled to vote. Otherwise, the effect of a broker non-vote is a vote against the proposal.

If you submit a signed proxy card without specifying your vote, your shares will be voted FOR the election of all director nominees, the proposal to amend and restate the 2001 D&O Plan, the approval of our EICP and the ratification of our Audit Committee's appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2006. If you hold your shares in street name and you do not instruct your broker or nominee how to vote those shares, they may vote your shares as they decide as to matters for which they have discretionary authority under the applicable New York Stock Exchange rules. In general, brokers and other nominees do not have discretionary authority on proposals relating to equity compensation plans. Therefore, absent instructions from you, your broker may not vote your shares on the proposal to amend and restate the 2001 D&O Plan. Your broker will be entitled to vote your shares in its discretion, absent instructions from you, on the election of directors, the approval of our EICP and the ratification of the appointment of the independent registered public accounting firm.

We are not aware of any other matters that may be presented or acted on at the meeting. If you vote by signing and returning the enclosed proxy card or using the telephone or Internet voting procedures, the individuals named as proxies on the card may vote your shares, in their discretion, on any other matter requiring a stockholder vote that comes before the meeting.

Confidential Voting

All voted proxies and ballots will be handled to protect your voting privacy as a stockholder. Your vote will not be disclosed except:

to meet any legal requirements;

in limited circumstances such as a proxy contest in opposition to our Board of Directors;

to permit independent inspectors of election to tabulate and certify your vote; or

to adequately respond to your written comments on your proxy card.

**ELECTION OF DIRECTORS
(ITEM 1)**

Our Articles of Incorporation provide for the classification of our Board of Directors into three classes, and provide that the term of office of one class shall expire each year. Currently, our Board of Directors has ten members. Robert W. Goldman, who became a director in November 2005, was assigned to Class III to more evenly distribute the number of directors among the three classes as prescribed by our Articles of Incorporation.

The term of office of our Class II directors Joe B. Foster, Robert L. Howard, D. Bradley McWilliams and Thomas C. Schievelbein will expire at this year's Annual Meeting. On the nomination of our Board, Messrs. Howard, McWilliams and Schievelbein will stand for re-election as Class II directors at this year's Annual Meeting for a term of three years. Pursuant to the requirements of our By-laws, Joe B. Foster will retire from our Board after seven years of service, effective at this year's Annual Meeting.

Because of his assignment to Class III of the Board, Mr. Goldman's current term of office will expire at next year's Annual Meeting. Our Board of Directors determined to submit the nomination of Mr. Goldman for election at this year's Annual Meeting so that our stockholders would have the opportunity to ratify the selection of Mr. Goldman as a Class III director. Accordingly, on the nomination of our Board, Mr. Goldman will stand for election as a Class III Director at this year's Annual Meeting for a term of one year.

Our amended and restated By-Laws provide that (1) a person shall not be nominated for election or re-election to our Board of Directors if such person shall have attained the age of 70 prior to the date of election or re-election and (2) any director who attains the age of 70 during his or her term shall be deemed to have resigned and retired at the first Annual Meeting following his or her attainment of the age of 70, unless the application of this mandatory retirement provision is waived by the full Board of Directors, provided that any such waiver may only extend for one year. Although Admiral Bruce DeMars has reached the mandatory retirement age of 70 for directors under our By-Laws, our full Board of Directors waived the application of the mandatory retirement provision for the one-year period, allowing Admiral DeMars to continue serving as a director until our Annual Meeting in 2007.

Unless otherwise directed, the persons named as proxies in the enclosed proxy card intend to vote FOR the election of the nominees. If any nominee should become unavailable for election, the shares will be voted for such substitute nominee as may be proposed by our Board of Directors. However, we are not aware of any circumstances that would prevent any of the nominees from serving. Set forth below under Class I Directors and Other Class III Directors are the names of our other directors who will continue to serve as directors after this year's Annual Meeting. All directors have been previously elected by the stockholders or are standing for election as directors at this year's Annual Meeting.

Table of Contents**Board Independence**

The New York Stock Exchange listing standards require our Board of Directors to be comprised of at least a majority of independent directors. For a director to be considered independent, the Board must determine that the director does not have any direct or indirect material relationship with the Company. To assist it in determining director independence, the Board has established categorical standards which conform to, or are more exacting than, the independence requirements in the New York Stock Exchange listing standards. These standards are contained in the Corporate Governance Guidelines found on our website at www.mcdermott.com under Investor Relations Corporate Governance.

Our Board of Directors has determined that all nine nonmanagement members of the Board are independent because they meet these categorical standards for director independence.

Annual Meeting Attendance

As reflected in our Corporate Governance Guidelines, we have adopted a policy that each member of our Board of Directors must make reasonable efforts to attend our Annual Meeting. All nine directors then serving on the Board attended our 2005 Annual Meeting.

Board of Directors and Its Committees

Our Board currently has, and appoints the members of, standing Audit, Compensation and Governance Committees. In November 2005, the Board formed a limited duration Special Finance Committee, which unless extended, will terminate following this year's Annual Meeting. Each of the Board committees, including the Audit, Compensation and Governance Committees, is comprised entirely of independent nonmanagement directors. Each of the Board committees has a written charter approved by the Board. The current charter for each committee is posted on our website at www.mcdermott.com under Investor Relations Corporate Governance. The current members of the committees are identified in the following table.

Audit Committee. During the year ended December 31, 2005, the Audit Committee met six times. The Audit Committee's role is financial oversight. Our management is responsible for preparing financial statements, and our

independent registered public accounting firm is responsible for auditing those financial statements. The Audit Committee is not providing any expert or special assurance as to our financial statements or any professional certification as to the independent registered public accounting firm's work.

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of McDermott's independent registered public accounting firm. The committee, among other things, also

reviews and discusses McDermott's audited financial statements with management and the independent registered public accounting firm.

Our Board has determined that Messrs. McWilliams, Foster, Goldman and Schievelbein and Admiral DeMars each qualify as an audit committee financial expert within the definition established by the Securities and Exchange Commission (SEC). For more information on the background of each of Messrs. McWilliams, Goldman and Schievelbein and Admiral DeMars, see their biographical information under Election of Directors. Mr. Foster will retire from the Board and the Audit Committee effective at this year's Annual Meeting.

A copy of the charter, which was amended and restated in November 2005, is attached as Appendix A to this proxy statement.

Governance Committee. During the year ended December 31, 2005, the Governance Committee met five times. This committee, in addition to other matters, recommends to our Board of Directors (1) for approval and adoption, the qualifications, term limits and nomination and election procedures relating to our directors, and (2) nominees for election to our Board of Directors. This committee will consider individuals recommended by stockholders for nomination as directors in accordance with the procedures described under Stockholders Proposals. Our Governance Committee has primary oversight responsibility for our compliance and ethics program, excluding certain oversight responsibilities assigned to the Audit Committee. In conjunction with the Compensation Committee, the Governance Committee oversees the annual evaluation of our Chief Executive Officer.

Compensation Committee. During the year ended December 31, 2005, the Compensation Committee met five times. The Compensation Committee (1) determines the salaries of all our officers elected to their positions by our Board of Directors, and reviews and makes recommendations regarding the salaries of officers of our subsidiaries, (2) administers and makes awards under our stock, incentive compensation and supplemental compensation plans and programs, and (3) monitors and makes recommendations relating to our and our subsidiaries' various employee benefit plans, such as retirement and pension plans, thrift plans, health and medical plans, and life, accident and disability insurance plans.

Special Finance Committee. Our Board of Directors constituted the Special Finance Committee in November 2005 for the primary purpose of reviewing significant financing plans and strategies of the Company. During the year ended December 31, 2005, the Special Finance Committee met 2 times.

Lead Director

In February 2006, our Board of Directors approved the continued designation of Admiral DeMars as lead director to preside at all executive sessions of nonmanagement directors. Admiral DeMars has served as lead director since January 2004. In his absence, the remaining nonmanagement directors may appoint a presiding director by majority vote. The nonmanagement directors meet in executive session without management on a regular basis. Stockholders or other interested persons may send written communications to Admiral DeMars, addressed to Admiral DeMars, c/o McDermott International, Inc., Corporate Secretary's Office, 777 N. Eldridge Pkwy, Houston, Texas 77079.

Communications With the Board

To foster better communication with our stockholders, we have established a process for stockholders to communicate with our Board of Directors. each candidate should contribute positively to the collaborative culture among Board members; and

each candidate should possess professional and personal experiences and expertise relevant to our businesses and industries.

The Governance Committee solicits ideas for possible candidates from a number of sources including members of the Board, our senior level executives and individuals personally known to the members of the Board.

Any stockholder may nominate one or more persons for election as one of our directors at an annual meeting of stockholders if the stockholder complies with the notice, information and consent provisions contained in our by-laws. See "Stockholders' Proposals" in this proxy statement and our by-laws, which may be found on our website at www.mcdermott.com at "Investor Relations" "Corporate Governance".

The Governance Committee will consider candidates identified through the processes described above, and will evaluate each of them, including incumbents, based on the same criteria. The Governance Committee also takes into account the contributions of incumbent directors as Board members and the benefits to us arising from their experience on the Board. Although the Governance Committee will consider candidates identified by stockholders, the Governance Committee may determine not to recommend those candidates to the Board, and the Board may determine not to nominate those candidates. Mr. Goldman, who was elected to our Board in November 2005, is the only director nominee for the 2006 Annual Meeting who is standing for election for the first time. Mr. Wilkinson suggested Mr. Goldman as a potential director candidate and recommended him to our Governance Committee. There was no prior relationship between Mr. Wilkinson and Mr. Goldman. The Governance Committee recommended Mr. Goldman to our Board of Directors for nomination as a director.

Directors Attendance and Compensation

Directors Attendance and Fees; Insurance. During the year ended December 31, 2005, our Board of Directors held ten meetings. Each incumbent director attended 75% or more of the aggregate number of meetings of the Board and of the committees on which he served. Employee directors are not paid for their services as directors.

Nonemployee directors are compensated as follows:

each nonemployee director receives an annual retainer fee of \$40,000;

each nonemployee director receives a fee of \$2,500 for each Board meeting personally attended and a fee of \$1,000 for each Board meeting in which such director participates by telephone;

each non-chair committee member receives an additional annual fee of \$2,500 per committee;

the chair of the Audit Committee receives an additional annual fee of \$10,000;

the chair of each other committee receives an additional annual fee of \$5,000;

each committee member receives a fee of \$1,750 for each committee meeting personally attended and a fee of \$1,000 for each committee meeting in which such director participates by telephone; and

the lead director receives an additional annual fee of \$10,000.

We also provide travel accident insurance to nonemployee directors under the same terms and conditions applicable to our employees.

Directors Stock Plans. In addition to the fees and benefits provided to our directors described above, we currently have a directors stock plan under which we have granted stock options and issued restricted stock to our nonemployee directors. A maximum of 100,000 shares of our common stock may be issued under the 1997 Director Stock Program, which we adopted and our stockholders approved in 1997. Under this program:

each nonemployee director is granted options to purchase 900 shares of our common stock on the first day of the first year of such director's term and 300 shares on the first day of any subsequent year of such term;

the options have an exercise price equal to the fair market value of our common stock (average of high and low trading price) on the date of grant, become fully exercisable six months after the date of grant, and remain exercisable for ten years after the date of grant;

Table of Contents

each nonemployee director is also granted rights to purchase 450 restricted shares of our common stock on the first day of the first year of such director's term and 150 restricted shares on the first day of any subsequent year of such term at \$1.00 per share;

the shares of restricted stock are subject to transfer restrictions and forfeiture provisions, which generally lapse at the end of a director's term;

if a change in control of our company occurs, all transfer restrictions and forfeiture provisions on the shares of restricted stock will lapse and all outstanding stock options will become immediately exercisable; and

we granted options to purchase 5,300 shares of our common stock and 2,650 shares of restricted stock to nonemployee directors during the year ended December 31, 2005.

In addition, a maximum of 3,000,000 shares of our common stock may be issued to executives, key employees, nonemployee directors and consultants under the 2001 D&O Plan, which we adopted and our stockholders approved in 2002. Shares of our common stock approved for issuance under some of our prior stock plans that were not awarded, or that were subject to awards that have been cancelled, terminated, forfeited, expired, settled in cash, or exchanged for consideration not involving shares, are also available for awards under the 2001 D&O Plan. Under the 2001 D&O Plan:

options, restricted stock, performance units and deferred stock units may be granted, from time to time, to directors in such number, and on such terms, as the Compensation Committee or the Board of Directors may determine;

any options granted must have an exercise price that is not less than the fair market value of our common stock (average of high and low trading prices) on the date of grant;

the Compensation Committee or the Board of Directors determines when the options become exercisable and the duration of the options, provided that no option may be exercisable later than the tenth anniversary of the date of grant;

any shares of restricted stock, performance units and deferred stock units granted are subject to such vesting restrictions, transfer restrictions and forfeiture provisions as the Compensation Committee or the Board of Directors establishes;

the Compensation Committee or the Board of Directors determines the treatment of awards in the event of a change in control of our company on an individual award basis; and

we granted options to purchase 40,000 shares of our common stock and 4,000 shares of restricted stock to nonemployee directors during the year ended December 31, 2005.

We have proposed an amendment and restatement of the 2001 D&O Plan to, among other things, increase the number of authorized shares reserved for issuance under the 2001 D&O Plan, as more fully described in Item 2 to this Proxy Statement.

COMPENSATION COMMITTEE REPORT

To Our Stockholders

The Compensation Committee is currently comprised of four independent directors. The Committee exists to oversee the development and implementation of executive compensation policies that support McDermott's strategic business objectives and values. Our duties include:

Reviewing and approving the design of McDermott's executive compensation programs and salary arrangements for its executive officers;

Assessing the effectiveness of McDermott's executive compensation programs in light of its compensation policies; and

Evaluating executive performance.

Compensation Philosophy

We adhere to an executive compensation philosophy that supports McDermott's business strategies. These strategies are to:

Maximize profits;

Increase shareholder value;

Strengthen cash flow and liquidity;

Reinforce operating discipline and excellence in each of McDermott's business groups; and

Pursue internal and external initiatives for growth.

Our philosophy for executive compensation is to:

Manage compensation opportunities from a total compensation perspective that emphasizes at-risk compensation, while balancing short-term and long-term compensation to support McDermott's business and financial strategic goals;

Structure compensation opportunities that are contingent on performance measures that drive growth and, to the extent possible, are fully competitive;

Reflect positive, as well as negative, company and individual performance in pay;

Emphasize equity-based compensation for McDermott executives to reinforce management's focus on shareholder value;

Structure compensation programs that are flexible and focus, as appropriate, on issues that are unique to individuals and business groups; and

Provide compensation opportunities that are designed to attract and retain executive talent.

McDermott's executives participate in a comprehensive compensation program built around this philosophy. The key components of this program include base salary, annual bonus opportunities, equity-based and other long-term incentives (including stock options, restricted stock, performance units and deferred stock units) and benefits.

Since 2000, the Committee has engaged Apogee, an executive compensation consulting firm, to assist in structuring McDermott's executive compensation program and evaluating the competitiveness and effectiveness of its total compensation approach. A primary component of McDermott's executive compensation program is compensation opportunities that are contingent upon the achievement of operational and financial performance goals. Individual

opportunities are formulated by giving principal consideration to the executive's position within McDermott, individual accountabilities and performance, corporate and business group objectives and compensation practices in the competitive marketplace.

Table of Contents

To ensure that its executive compensation levels are both competitive and reasonable compared to the practices of other comparable companies, the Committee, with the assistance of Apogee, annually collects and reviews compensation information from several external sources. This information covers both specific industries in which McDermott competes and general industry. The industry-specific comparison is collected using a group of companies that have national and international business operations and sales volumes, market capitalizations, employment levels, and one or more lines of business that we believe are comparable to McDermott's. We review and approve the selection of companies used for this purpose. The industry-specific comparison group is the same as the 2005 Peer Group used in the performance graph included in this proxy statement.

Base Salary

Generally, base salaries reflect an individual's level of responsibility, prior experience, breadth of knowledge, personal contributions, position within McDermott's executive structure and market pay practices. Overall, base salaries are targeted at or near the median of market practice, with annual adjustments based on performance. When making annual adjustments, we conduct a qualitative assessment that considers many factors, including individual performance, both past and present. The factors used in making this evaluation may vary by individual and by position.

As part of the review conducted by Apogee, a thorough analysis was performed to compare current executive salaries with competitive industry benchmarks. The analysis determined that, with the exception of Mr. Wilkinson discussed below, our salaries were generally within 10% of the market median considered to be fully competitive and salary adjustments were determined individually as described above.

Mr. Wilkinson serves as McDermott's Chief Executive Officer. In 2005, the Committee reviewed all components of Mr. Wilkinson's compensation, including base salary, bonus, equity and long-term incentive compensation, accumulated realized and unrealized stock option and restricted stock gains, the cost to McDermott of all perquisites and other personal benefits, the earnings and accumulated payout obligations under McDermott's non-qualified deferred compensation plans, McDermott's contributions to the Supplemental Employee Retirement Plan and the actual projected payout obligations under McDermott's qualified and excess retirement plans and in the event of a change-in-control. A tally sheet setting forth all the above components was prepared and reviewed by the Committee to determine the total compensation of Mr. Wilkinson.

In consultation with Apogee, the Committee compared the total compensation of executive officers against McDermott compensation philosophy and market data. Mr. Wilkinson's base annual salary was significantly below the median base salaries of chief executives at companies within the 2005 Peer Group. Giving consideration to McDermott's financial performance and its progress toward achieving its business strategies during fiscal year 2005, the Committee increased Mr. Wilkinson's base salary by 7.7% to \$700,000 per annum.

Annual Bonus

As part of the short-term component of McDermott's overall executive compensation program for the year ended December 31, 2005, we provided bonus opportunities to our executive officers and other employees through McDermott's Executive Incentive Compensation Plan (the "EICP"). The EICP is a cash-based performance incentive program designed to motivate and reward eligible employees for their contributions to those factors and objectives that drive McDermott's earnings and growth. Executive officers at McDermott's corporate headquarters and business groups whose effective performance can have a reasonable impact on McDermott's tactical and strategic initiatives participate in the EICP annually. Bonuses of up to 200% of individual target awards may be earned under the EICP. At the 2006 Annual Meeting, we are asking our stockholders to approve our EICP for tax deductibility reasons. The EICP is more fully described in Item 3 and is attached as Exhibit C to the accompanying Proxy Statement.

Table of Contents

The target awards for 2005, as a percentage of the participating officer's annual base salary on January 1, 2005, were as follows:

Chief Executive Officer, 80%;

Business group presidents, 65%;

Other senior officers of McDermott International, Inc., 55%; and

Other elected officers of McDermott International, Inc. and business groups, 45%.

For the year ended December 31, 2005, participating officers earned bonuses under the EICP greater than their target awards based on performance measures established by the Committee at the beginning of the year including operating income and other measures reflecting individual accountabilities of each executive officer. Because the combined operating income of McDermott's three principal business groups exceeded the maximum award level set by the Committee for the year ended December 31, 2005 and because McDermott's internal control over financial reporting was concluded to be effective as of December 31, 2005, under the performance goals established by the Committee at the beginning of the year, Mr. Wilkinson earned a bonus of \$1,036,000.

Equity-Based and Other Long-Term Incentives

The Committee believes that the interests of its stockholders are best served when a significant percentage of officers' compensation is comprised of equity-based and other long-term incentives that acquire value contingent upon increases in the share price of McDermott's common stock and other indicators that reflect improvements in business fundamentals. In determining the size and frequency of individual long-term incentive awards, the Committee considers:

market practices among comparable and other companies;

level of responsibility;

individual performance; and

the potential of the grant recipient to affect future outcomes.

The Committee does not apply any specific weighting of these factors in its determinations.

In 2005, the Committee awarded executives and key employees with cash-based and equity-based incentives through the 2001 Directors and Officers Long-Term Incentive Plan (the "2001 D&O Plan"). It is the Committee's intention to review compensation opportunities annually and to make awards under McDermott's long-term plans at such times and in such amounts as may be required to accomplish the objectives described above.

Stock Options. Stock options are granted to McDermott's executives to provide an equity-based incentive component to their compensation. During the year ended December 31, 2005, McDermott, in consultation with Apogee, granted Mr. Wilkinson options to acquire 78,220 shares of common stock at an exercise price of \$20.18 per share based primarily on competitive market information. These options vest one-third on each of the first three anniversaries of the date of grant and have a term of 10 years and, as required by the 2001 D&O Plan, have an exercise price equal to the fair market value of the underlying common stock on the date of grant.

Restricted Stock. The Committee did not grant any restricted stock to executive officers in 2005 as a result of limitations on the aggregate restricted stock awards under the 2001 D&O Plan. However, in October 2004, the Committee approved the irrevocable elections of several officers to withhold shares of restricted stock upon vesting to satisfy the statutory minimum tax withholding obligation on restricted stock which vested during 2005. Four executive officers, including Mr. Wilkinson, and several other key employees elected to be subject to the share withholding in satisfaction of applicable statutory tax withholding requirements in connection with the vesting of restricted stock awards previously granted.

Table of Contents

Performance Units. The Committee did not grant any performance units in 2005 under the 2001 D&O Plan. On March 6, 2002, the Committee approved the 2002 Babcock & Wilcox Performance Incentive Plan (the B&W Plan) to provide long-term incentive opportunities to officers and key employees of B&W. As a result of B&W's then-pending Chapter 11 bankruptcy proceedings, the Committee believed that long-term rewards for the executives of B&W would be most effective if they were tied to the performance of B&W, rather than McDermott common stock. In May 2005, the Committee granted performance units under the B&W Plan to executives and key employees of B&W, which vest on the first anniversary of the date of grant and are valued based upon the attainment of predetermined B&W performance measures.

Deferred Stock Units. To add a retention element to the long-term component of executive officers' total compensation, the Committee awarded deferred stock units in 2005 that will vest 20% on each of the first through fifth anniversaries of the date of grant. These deferred stock units will result in a cash payment equal to the average of the highest and lowest sales price of a share of Company common stock on the vesting date. During the year ended December 31, 2005, McDermott, in consultation with Apogee, granted Mr. Wilkinson 35,100 deferred stock units, based primarily on competitive market information.

Benefits

Benefits offered to key executives serve a different purpose than the other elements of McDermott's compensation program. In general, they provide a safety net of protection against financial catastrophes that can result from illness, disability or death. The Committee intends that benefits offered to key executives will generally be the same as those offered to the general employee population, with some variation to promote tax efficiency and replacement of benefit opportunities lost due to regulatory limits.

Policy with Respect to Section 162(m)

Section 162(m) of the Internal Revenue Code limits McDermott's tax deductions relating to the compensation paid to certain executive officers, unless the compensation is performance-based and the material terms of the applicable performance goals are disclosed to and approved by McDermott's stockholders. All of McDermott's past executive equity-based compensation plans have received stockholder approval and, to the extent applicable, were prepared with the intention that McDermott's incentive compensation would qualify as performance-based compensation under Section 162(m).

While we intend to continue to rely on performance-based compensation programs, we are cognizant of the need for flexibility in making executive compensation decisions, based on the relevant facts and circumstances, so that the best interests of McDermott are achieved. To the extent consistent with this goal, we will attempt to satisfy the requirements of Section 162(m) in the future.

Conclusion

We believe McDermott's executive compensation policies and programs serve the interests of McDermott and its stockholders effectively, and that the various pay vehicles offered are appropriately balanced to provide appropriate motivation for executives to contribute to McDermott's overall future success, thereby enhancing the value of McDermott for its stockholders' benefit.

We will continue to monitor the effectiveness of McDermott's total compensation programs to meet the current needs of our company.

- (1) Includes salary and bonus earned in a fiscal year, whether or not deferred. Bonus amounts include bonuses paid in 2006, 2005 and 2004, but earned in fiscal years 2005, 2004 and 2003, respectively.
- (2) The aggregate value of perquisites and other personal benefits received by a Named Executive Officer during a fiscal year is not included if it does not exceed the lesser of \$50,000 or 10 percent of the total amount of such officer's salary and bonus for that period. For purposes of determining whether perquisites exceeded that threshold amount, we did not assign any value to the inclusion of family members on charter flights, because we did not incur any incremental cost for the family member(s) to accompany the executive officer on those flights.
- (3) No shares of restricted stock were granted in 2005. Includes shares of restricted stock granted in 2004 and 2003. The restricted stock awards are valued at the closing market price of our common stock on the date of grant.

Edgar Filing: MCDERMOTT INTERNATIONAL INC - Form DEF 14A

As of December 31, 2005, the total number of shares of restricted stock held by the Named Executive Officers and their market value (based on a closing market price on December 31, 2005 of \$44.61, net of any consideration paid for such shares) are as follows:

Name	Shares of Restricted Stock	Market Value
Mr. Wilkinson	162,100	\$7,231,281
Mr. Deason	36,500	\$1,628,265
Mr. Fees	28,500	\$1,271,385
Mr. Kalman	74,200	\$3,310,062
Mr. Nesser	68,800	\$3,069,168

Dividends, if any, would be paid on restricted stock at the same time and at the same rate as dividends paid to all stockholders. Grants of restricted stock in 2004 vest over a period of three to five years from the grant date, based upon the attainment of predetermined financial goals.

Table of Contents

- (4) The amount shown for Messrs. Fees and Nesser is attributable to stock issued in the year ended December 31, 2005 with respect to deferred stock units granted during the fiscal year ended December 31, 2000 and is valued at the closing market price of common stock on the date the stock was issued.
- (5) Amounts shown for each Named Executive Officer for the fiscal years ended 2005, 2004 and 2003 are attributable to our matching contributions to the officer's contribution under the McDermott Thrift Plan.
- (6) Includes cash retention payments made to Mr. Wilkinson of \$325,000 under our Key Executive Retention Program (KERP).
- (7) Includes cash retention payments made to Mr. Deason of \$185,004 under our KERP.

- (9) Reflects a \$50,000 signing bonus.
- (10) Includes cash retention payments made to Mr. Kalman of \$200,000 under our KERP.
- (11) Includes a discretionary bonus award of \$250,000 as a result of The Babcock & Wilcox Company's settlement and emergence from Chapter 11 bankruptcy.

- (1) Options granted in the year ended December 31, 2005 vest in equal installments of one-third on the first, second and third anniversaries of the date of grant and expire ten years from the date of grant. In general, vesting is contingent on continuing employment with us or one of our subsidiaries. In the event of a change in control of our company, all outstanding options will vest and become immediately exercisable.

- (2) Based on options to acquire 506,130 shares of common stock granted to all employees of McDermott and its subsidiaries during the year ended December 31, 2005.
- (3) Fair market value on the date of grant, based on the average of the high and low sales prices reported on the New York Stock Exchange on that date.
- (4) Potential Realizable Value is based on the assumed annual growth rates for each of the grants shown over their ten-year option term. For example, if the exercise price is \$20.18, a 5% annual growth rate over ten years results in a stock price of \$32.87 per share, and a 10% rate results in a price of \$52.34 per share. Actual gains, if any, on stock option exercises depend on the future performance of our common stock. Zero percent appreciation in the price of our common stock will result in no gain.

Table of Contents**Option Exercises and Year-End Value Table**

The following table provides information concerning the exercise of stock options during the year ended December 31, 2005 by each of the Named Executive Officers and the value at December 31, 2005 of unexercised options held by those persons. The value of unexercised options reflects the increase (if any) in market value of our common stock from the date of grant through December 31, 2005 (when the fair market value of our common stock was \$43.545 per share, based on the average of the high and low sales prices reported on the New York Stock Exchange on that date). The actual value realized on option exercise will depend on the value of our common stock at the time of exercise.

(1) The deferred stock unit awards were granted under the 2001 D&O Plan on May 12, 2005. The deferred stock units represent a right to receive a cash payment for each deferred stock unit equal to the average of the highest

and lowest sales price of a share of common stock on the vesting date (as defined below). These deferred stock units become vested as follows (each, a vesting date):

20% on each anniversary of the date of grant;

100% upon the recipient's termination of employment due to death, disability or normal retirement under a funded or unfunded retirement plan or arrangement of the Company;

100% upon the occurrence of a change in control as defined in the 2001 D&O Plan; and

Table of Contents

at the discretion of the Compensation Committee of our Board of Directors, upon the recipient's termination of employment other than by above-listed reasons.

The value of the cash payment will be equal in value to the product of the number of vested deferred stock units and the average of the highest and lowest sales price of a share of common stock on the vesting date. Prior to vesting, these deferred stock units are subject to forfeiture under specified circumstances.

Employment and Severance Arrangements

We do not currently have any employment or severance agreements with any of our Named Executive Officers, except for the change-in-control agreements described below.

Change in Control Arrangements

We have entered into change-in-control agreements with Messrs. Deason, Fees, Kalman, Nesser, Sannino and Wilkinson. Under these agreements, if we terminate an executive officer's employment, other than for cause or as a result of his death or disability, or if an executive officer terminates his employment for good reason within the one year following a change in control, we will pay that executive officer all of the following pursuant to the change-in-control agreement:

Various accrued benefits, such as earned but unpaid salary, earned but unused vacation and reimbursements.

A cash payment equal to the product of the Executive Incentive Compensation Plan (EICP) multiplier used for the executive officer and the executive officer's annual base salary for the applicable period, in the event an EICP bonus for the year prior to termination is paid to other EICP participants after the date of the executive's termination. For example, for an applicable termination in 2006, the cash payment would equal the executive officer's target award percentage multiplied by the executive officer's 2005 annual base salary.

A prorated cash payment under the EICP based upon the executive officer's target award for the year in which the termination occurs and the number of days in which the executive was employed with McDermott during that year. For example, for an applicable termination in 2006, the cash payment would equal the product of (1) the executive officer's 2006 annual base salary multiplied by the executive officer's 2006 EICP target percentage and (2) the number of days employed in 2006 divided by 365.

A cash payment equal to 200% of the executive's annual base salary immediately prior to termination plus his EICP target bonus applicable to the year in which the termination occurs. For example, for an applicable termination in 2006, the cash payment would equal two times the sum of the executive officer's 2006 annual base salary plus the executive officer's EICP target bonus.

In the event any payment is subject to the excise tax imposed by section 4999 of the Internal Revenue Code of 1986, as amended, an additional cash payment equal to such excise tax, as well as a gross-up payment for any resulting income or excise tax.

Under our long-term incentive compensation plans, upon a change in control of McDermott, all stock options will immediately become exercisable, all restrictions applicable to shares of restricted stock will immediately lapse and all deferred stock units and performance units will immediately become vested.

Under the Supplemental Executive Retirement Plan (discussed further below under Retirement Plans Supplemental Executive Retirement Plan), a participant shall have a vested percentage of 100% upon the date of termination of the participant's employment within 24 months following a change in control.

Table of Contents**Retirement Plans**

Pension Plans. We maintain retirement plans that are funded by trusts and cover substantially all regular full-time employees of McDermott and its subsidiaries, except certain nonresident alien employees who are not citizens of a European Community country or who do not earn income in the United States, Canada or the United Kingdom. Officers who are employees of McDermott or certain of its subsidiaries, including McDermott Incorporated and The Babcock & Wilcox Company (B&W), are covered under the Retirement Plan for Employees of McDermott Incorporated and Participating Subsidiary and Affiliated Companies (the McDermott Retirement Plan). Under the McDermott Retirement Plan, salaried B&W employees and other salaried employees who began their career with B&W (collectively, the B&W tenured employees) accrue benefits under a different formula than other participants in the plan. Officers who are employed by J. Ray McDermott or certain of its subsidiaries or affiliates are covered under The Retirement Plan of Employees of J. Ray McDermott Holdings, Inc. (the J. Ray McDermott Retirement Plan). As of March 31, 2003, benefit accruals under the J. Ray McDermott Retirement Plan ceased. On November 31, 2003, assets and liabilities attributable to current and former employees of our Government and Industrial business unit were spun-off from the McDermott Retirement Plan into a separate plan called the Retirement Plan for Employees of BWX Technologies, Inc. (the BWXT Retirement Plan). On January 31, 2005, assets and liabilities attributable to current and former employees of our Power Generation Systems business segment s current operations were spun-off from the McDermott Retirement Plan into a separate plan called the Retirement Plan for Employees of The Babcock & Wilcox Company and Participating Subsidiary and Affiliated Companies (the B&W Retirement Plan). All plan rights and features, including individual retirement benefits payable under the plans, remained unchanged. As of March 31, 2006, benefit accrual under the McDermott Retirement, the B&W Retirement Plan and the BWXT Retirement Plan ceased for employees first hired on or after April 1, 2001. The March 31, 2006 accrued benefit of affected employees will increase annually in line with increases in the Consumer Price Index, up to a maximum of 8%, for each year the employee remains employed. Employees do not contribute to any of these plans, and company contributions are determined on an actuarial basis. To the extent benefits payable under these qualified plans are limited by Section 415(b) or 401(a)(17) of the Internal Revenue Code, pension benefits will be paid directly by the applicable company or a subsidiary under the terms of unfunded excess benefit plans maintained by them (the Excess Plans). Effective January 1, 2006, the Excess Plans were amended to limit the annual bonus payments taken into account in calculating Excess Plan benefits to the lesser of the actual bonus paid or 25% of base salary. An employee must be employed by the applicable company or a subsidiary for one year prior to participating in the plans and must have five years of continuous service to vest in any accrued benefits under the plans, except that all employees participating in the J. Ray McDermott Retirement Plan on March 31, 2003 became fully vested at that time.

The benefit formula under the McDermott Retirement Plan and the BWXT Retirement Plan applicable to participants who are not B&W tenured employees is the same as those payable to employees covered under the J. Ray McDermott Retirement Plan, prior to the cessation of benefit accruals under the J. Ray McDermott Retirement Plan as described above. The following table shows the annual benefit payable to non-B&W tenured employees under the McDermott Retirement Plan and the BWXT Retirement Plan and to J. Ray McDermott employees under the J. Ray McDermott Retirement Plan, at age 65 (the normal retirement age), who retire in 2006 in accordance with the lifetime-only method of payment and before profit-sharing plan offsets. Benefits are based on the formula of a specified percentage (dependent on years of service) of average annual basic earnings (exclusive of bonus and allowances) during the 60 successive months out of the 120 successive months before retirement in which such earnings were highest (Final Average Earnings), less a specified percentage of anticipated social security benefits. As of December 31, 2005, Messrs. Nesser and Wilkinson had Final Average Earnings of \$329,085 and 7.25 years of credited service, and Final Average Earnings of \$620,000 and 5.75 years of credited service, respectively, under the McDermott Retirement Plan and Messrs. Deason and Kalman had not vested in any accrued benefits under the McDermott Retirement Plan. Unless elected otherwise by the employee, payment will be made in the form of a joint and survivor annuity of equivalent actuarial value to the amount shown below.

As of December 31, 2005, Final Average Earnings and credited service for Mr. Fees under the BWXT Retirement Plan were \$649,549 and 26.58 years. Unless elected otherwise by the employee, payment will be made in the form of a joint and survivor annuity of equivalent actuarial value to the amount shown below.

Supplemental Executive Retirement Plan. Until December 31, 2004, we maintained an unfunded Supplemental Executive Retirement Plan (the Retirement Plan) that covered certain of our officers and officers of some of our subsidiaries, including McDermott Incorporated, J. Ray McDermott, S.A. (J. Ray McDermott), BWX Technologies, Inc. (BWXT) and B&W. Generally, benefits were based on a specified percentage (determined by age, years of service and date of initial participation in the Retirement Plan) of final three-year average cash compensation (salary plus supplemental compensation for the highest three out of the last ten fiscal years of service) or three-year average cash compensation prior to the Retirement Plan scheduled retirement date, whichever is greater. The maximum benefit could not exceed 60% (depending on the date of initial participation in the Retirement Plan) of such three-year average cash compensation. Payments under the Retirement Plan would be reduced by an amount equal to pension benefits payable under any other retirement plan maintained by us or any of our subsidiaries. The Retirement Plan also provided a surviving spouse death benefit.

On December 31, 2004, we terminated the Retirement Plan and adopted, effective January 1, 2005, a replacement unfunded Supplemental Executive Retirement Plan (the SERP). The SERP covers certain of our officers and officers of our subsidiaries, including J. Ray McDermott, BWXT and B&W. Beginning balances in the SERP for those executives who were participants in the Retirement Plan were a fraction of the accrued value of their Retirement Plan benefits. Generally, benefits are based upon a participating officer's vested percentage in a notional account (consisting of contributions made by us and hypothetical accrued

Table of Contents

gains or losses) at the time of retirement or termination. A participating officer's vested percentage is the lesser of (1) 20% multiplied by the participating officer's years of participation and (2) 100%, subject to accelerated vesting for death, disability and termination without cause or within 24 months following a change in control. Other than distribution of a participating officer's vested account balance to the designated beneficiary on the officer's death, the SERP does not provide any surviving spouse death benefit.

We intend to establish a grantor trust designed to assist in the administration and tracking of the SERP contributions and hypothetical gains and losses. However, no special or separate fund will be established nor shall any other segregation of assets be made to assure that distribution of benefits will be made under the SERP. Any benefits or distributions payable under the SERP will be made from our general assets and any participant or beneficiary will be an unsecured general creditor.

SERP Contribution and Vesting Table

The following table shows the annual amounts we have contributed to the notional SERP accounts for each Named Executive Officer in January 2006, the accumulated account values (including gains and losses) as of December 31, 2005 and March 1, 2006 and the officer's vested percentage in that account.

AUDIT COMMITTEE REPORT

Each year, the Board of Directors appoints an Audit Committee to review McDermott International, Inc.'s financial matters. Each member of the Audit Committee meets the independence requirements established by the New York Stock Exchange. The Audit Committee is responsible for the appointment, compensation, retention and oversight of McDermott's independent registered public accounting firm. We are also responsible for recommending to the Board that McDermott's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year.

In making our recommendation that McDermott's financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2005, we have taken the following steps:

We discussed with PricewaterhouseCoopers LLP (PWC), McDermott's independent registered public accounting firm for the year ended December 31, 2005, those matters required to be discussed by Statements on Auditing Standards Nos. 61 and 90, each as amended, issued by the Auditing Standards Board of the American Institute of Certified Public Accountants, including information regarding the scope and results of the audit. These communications and discussions are intended to assist us in overseeing the financial reporting and disclosure process.

We conducted periodic executive sessions with PWC, with no members of McDermott management present during those discussions. PWC did not identify any material audit issues, questions or discrepancies, other than those previously discussed with management, which were resolved to the satisfaction of all parties.

We conducted periodic executive sessions with McDermott's internal audit department and regularly received reports regarding McDermott's internal control procedures.

We monitored management's initiatives to remediate the material weaknesses in their internal control over financial reporting that existed as of December 31, 2004.

We reviewed, and discussed with McDermott's management and PWC, management's report and PWC's report and attestation on internal control over financial reporting, each of which was prepared in accordance with Section 404 of the Sarbanes-Oxley Act.

We received and reviewed the written disclosures and the letter from PWC required by the Independent Board's Standard No. 1, *Independence Discussions with Audit Committees*, as amended, and we discussed with PWC its independence from McDermott. We also considered whether the provision of nonaudit services to McDermott is compatible with PWC's independence.

McDermott substantially completed its migration to an internal audit function staffed primarily with company employees rather than outsourcing internal audit services. Consultants continue to be engaged on an as-needed basis to provide particular areas of expertise.

We determined that there were no former PWC employees, who previously participated in the McDermott audit, engaged in a financial reporting oversight role at McDermott.

We reviewed, and discussed with McDermott's management and PWC, McDermott's audited consolidated balance sheet at December 31, 2005, and consolidated statements of income, comprehensive income, cash flows, and stockholders' equity for the year ended December 31, 2005.

Table of Contents

Based on the reviews and actions described above, we recommended to the Board that McDermott's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the Securities and Exchange Commission.

**APPROVAL OF AMENDMENT AND RESTATEMENT OF THE
McDERMOTT INTERNATIONAL, INC.
2001 DIRECTORS AND OFFICERS LONG-TERM INCENTIVE PLAN
(ITEM 2)**

We are asking our stockholders to approve an amendment and restatement of the 2001 D&O Plan.

On February 28, 2006, our Board of Directors adopted, subject to stockholder approval, an amendment and restatement of the 2001 D&O Plan to increase the number of shares reserved for issuance under the 2001 D&O Plan by 2,500,000. Excluding the proposed increase, a total of 526,358 shares remained available for issuance under the 2001 D&O Plan as of March 1, 2006. The amended and restated 2001 D&O Plan would also (i) permit payment of an option exercise with sale proceeds to be obtained from the common stock to be purchased, (ii) restrict the deferral, timing or modification of awards or award payments, except as consistent with rules and regulations promulgated under Section 409A of the Internal Revenue Code, (iii) remove the aggregate limit on the number of shares that may be awarded as restricted stock, deferred stock unit and performance share awards, and (iv) limit the term of stock options and SARs to seven years.

The proposed increase in the number of shares is necessary to allow us to continue to fully utilize the 2001 D&O Plan. As a result, we believe strongly that the amendment and restatement of the 2001 D&O Plan is important to our ability to recruit and retain executive officers, directors and key employees with outstanding ability and experience essential to our long-term growth and financial success. We also believe that continued utilization of the 2001 D&O Plan will promote the alignment of the interests of 2001 D&O Plan participants with those of our stockholders and provide Plan participants with further incentives for outstanding performance.

A summary of the 2001 D&O Plan is set forth below. This summary is, however, qualified in its entirety to the text of the 2001 D&O Plan, as proposed to be amended, which is attached as Appendix B to this Proxy Statement.

SUMMARY DESCRIPTION OF THE 2001 D&O PLAN (AS PROPOSED TO BE AMENDED)

Administration. The 2001 D&O Plan will be administered by the Compensation Committee of our Board of Directors. The Compensation Committee will select the participants and determine the type or types of awards and the number of shares or units to be optioned or granted to each participant under the 2001 D&O Plan. All or part of the award may be subject to conditions established by the Compensation Committee, which may include continuous service with our company, achievement of specific business objectives, increases in specified indices, attainment of specified growth rates or other comparable measures of performance. The Compensation Committee will have full and final authority to implement the 2001 D&O Plan and may, from time to time, adopt rules and regulations in order to carry out the terms of the 2001 D&O Plan. The Compensation Committee may delegate its duties under the 2001 D&O Plan to our chief executive officer and other senior officers.

Eligibility. Members of the Board of Directors, executive officers and key employees of our company and its subsidiaries, as well as consultants, are eligible to participate in the 2001 D&O Plan. The Compensation Committee will select the participants for the 2001 D&O Plan. Any participant may receive more than one award under the 2001 D&O Plan. Presently, 101 current and former employees and 12 current and former members of the Board of Directors participate in the 2001 D&O Plan. Because the 2001 D&O Plan provides for broad discretion in selecting participants and in making awards, however, the total number of persons who will participate going forward and the respective benefits to be awarded to them cannot be determined at this time.

Shares Available For Issuance through the 2001 D&O Plan. The 2001 D&O Plan provides for a number of forms of stock-based compensation, as further described below. In addition to shares currently available for issuance under the 2001 D&O Plan, up to 2,500,000 shares of our common stock are authorized for issuance through the 2001 D&O Plan. The shares to be issued will consist of authorized but unissued

Table of Contents

shares and shares that have been issued and reacquired as treasury shares. The 2001 D&O Plan also permits the reuse or reissuance by the 2001 D&O Plan of shares of common stock underlying canceled, expired, terminated or forfeited awards of stock-based compensation granted under the 2001 D&O Plan.

The Compensation Committee may make appropriate adjustments in the number and kind of shares that may be issued, the number and kind of shares subject to outstanding awards, the exercise or other applicable price and other value determinations applicable to outstanding awards under the 2001 D&O Plan to reflect any amendment to the 2001 D&O Plan, stock split, stock dividend, recapitalization, merger, consolidation, reorganization, combination or exchange of shares or other similar event.

Types of Awards under the 2001 D&O Plan. The Compensation Committee may award to participants incentive and nonqualified stock options, stock appreciation rights, restricted stock, deferred stock units and performance shares and performance units, subject to satisfaction of specific performance goals. The forms of awards are described in greater detail below.

Stock Options. The Compensation Committee will have discretion to award incentive stock options and nonqualified stock options. A stock option is a right to purchase a specified number of shares of common stock at a specified grant price. An incentive stock option is intended to qualify as such under Section 422 of the Internal Revenue Code (which we refer to as the Code). Under the 2001 D&O Plan, no participant may be granted options during any fiscal year that are exercisable for more than 400,000 shares of our common stock. The exercise price of an option may not be less than the fair market value of the underlying shares of common stock on the date of grant. Subject to the specific terms of the 2001 D&O Plan, the Compensation Committee will have discretion to determine the number of shares, the exercise price, the terms and conditions of exercise, whether an option will qualify as an incentive stock option under the Code and set such additional limitations on and terms of option grants as it deems appropriate.

Options granted to participants under the 2001 D&O Plan will expire at such times as the Compensation Committee determines at the time of the grant, but no option will be exercisable later than seven years from the date of grant. Each option award agreement will set forth the extent to which the participant will have the right to exercise the option following termination of the participant's employment. The termination provisions will be determined within the discretion of the Compensation Committee, may not be uniform among all participants and may reflect distinctions based on the reasons for termination of employment. Dividend equivalents do not attach to stock options.

Upon the exercise of an option granted under the 2001 D&O Plan, the option price is payable in full to us (i) in cash, (ii) if permitted in the award agreement, by tendering shares having a fair market value at the time of exercise equal to the total option price (provided such shares have been held for at least six months prior to their tender), (iii) if permitted in the award agreement, by a combination of (i) and (ii), or (iv) by any other method approved by the Compensation Committee in its sole discretion at the time of the grant and as set forth in the award agreement.

Stock Appreciation Rights. Under the 2001 D&O Plan, the Compensation Committee may grant participants stock appreciation rights (which we refer to as freestanding SARs) independently of any options. The grant price of a freestanding SAR is not less than the fair market value of a share of our common stock on the date of grant, as reported on the New York Stock Exchange. Upon the exercise of a freestanding SAR, the participant will be entitled to receive the excess of the fair market value of a share of common stock on the date of exercise over the grant price multiplied by the number of shares with respect to which the freestanding SAR is exercised, payable in cash, in shares of our common stock or in a combination of both, as determined by the Compensation Committee in its sole discretion.

Freestanding SARs will be granted in such amounts and with such terms, and will become exercisable at such time or times, as the Compensation Committee shall determine. No participant may be granted freestanding SARs during any fiscal year that are exercisable for more than 400,000 shares of our common stock, and no freestanding SAR granted under the 2001 D&O Plan may be exercisable more than seven years after the date of grant. The Compensation Committee will determine the exercisability of any SAR in the event of termination of employment for any reason. Dividend equivalents do not attach to SARs.

Table of Contents

Restricted Stock. The Compensation Committee also will be authorized to award restricted shares of common stock under the 2001 D&O Plan on such terms and conditions as it shall establish. Although recipients will have the right to vote restricted shares from the date of grant, they will not have the right to sell or otherwise transfer the shares during the applicable period of restriction or until earlier satisfaction of other conditions imposed by the Compensation Committee in its sole discretion. The award agreement will specify the periods of restriction, the number of restricted shares of common stock granted, restrictions based on achievement of specific performance objectives and/or restrictions under applicable federal or state securities laws. Participants will receive dividends on their shares of restricted stock, and the Compensation Committee in its discretion will determine how dividends on restricted shares are to be paid.

Each award agreement for restricted stock will set forth the extent to which the participant will have the right to retain unvested restricted stock following termination of the participant's employment. These provisions will be determined in the sole discretion of the Compensation Committee, need not be uniform among all shares of restricted stock issued pursuant to the 2001 D&O Plan and may reflect distinctions based on reasons for termination of employment.

Deferred Stock Units. An award of a deferred stock unit constitutes an agreement by us to deliver shares of our common stock to a participant in the future in consideration of the performance of services. Deferred stock units may be granted by the Compensation Committee on such terms and conditions as it may establish. The deferred stock unit award agreement will specify the vesting period or periods, the number of deferred stock units granted, the specific performance objectives and such other conditions as may apply to the award. During the applicable vesting period, participants will have no voting rights with respect to the shares of common stock underlying a deferred stock unit grant. However, participants may receive dividend equivalents on the shares underlying their deferred stock unit grant in the form of cash or additional deferred stock units if a regular dividend is paid with respect to the underlying shares.

Upon expiration of the applicable vesting period, the holder of deferred stock units will be entitled to receive payment equal to the fair market value of a share of common stock for each deferred stock unit, in cash or in shares of our common stock, as determined by the Compensation Committee in its sole discretion.

Each award agreement for deferred stock units will set forth the extent to which the participant will have the right to retain unvested deferred stock units following termination of service. These provisions will be determined in the sole discretion of the Compensation Committee, need not be uniform among all participants and may reflect distinctions based on reasons for termination of service.

Performance Shares and Performance Units. Performance units and performance shares are forms of performance awards that are subject to the attainment of one or more pre-established performance goals during a designated performance period. Performance units and performance shares may be granted by the Compensation Committee at any time in such amounts and on such terms as the Compensation Committee determines. Each performance unit will have an initial value that is established by the Compensation Committee at the time of grant. Each performance share will have an initial value equal to the fair market value of a share of our common stock on the date of grant, as reported on the New York Stock Exchange. The Compensation Committee in its discretion will determine the applicable performance period and will establish performance goals for any given performance period. When the performance period expires, the holder of performance shares or performance units will be entitled to receive a payout on the units and/or shares earned over the performance period based on the extent to which the performance goals have been achieved. At the discretion of the Compensation Committee, participants holding performance shares and/or performance units may be entitled to receive dividend units for dividends declared with respect to the underlying shares.

Payments may be made in cash or in shares of common stock that have an aggregate fair market value equal to the earned performance units or performance shares on the last day of the applicable performance period, as reported on the New York Stock Exchange. Each award agreement will set forth the extent to which the participant will have the right to receive a payout of these performance shares and/or performance units following termination of the participant's service. The termination provisions will be determined by the Compensation Committee in its sole discretion, may not be uniform among all participants and may reflect distinctions based on the reasons for termination of service.

Table of Contents

No more than 200,000 shares of common stock may be granted in the form of awards of restricted stock, deferred stock units and performance shares to any participant in any fiscal year. No more than \$2,000,000 may be paid in cash to any participant with respect to performance units granted in any fiscal year, as valued on the date of each grant.

Performance Measures. The Compensation Committee may grant awards under the 2001 D&O Plan to eligible employees subject to the attainment of specified performance measures. The number of performance-based awards granted to an executive officer or key employee in any year will be determined by the Compensation Committee in its sole discretion, subject to the limitations set forth in the 2001 D&O Plan. The value of each performance-based award will be determined solely on the achievement of the pre-established, objective performance goals during each performance period. The duration of a performance period is set by the Compensation Committee. A new performance period may begin every year, or at more frequent or less frequent intervals, as determined by the Compensation Committee. The Compensation Committee will establish, in writing, the objective performance goals applicable to the valuation of performance-based awards granted in each performance period, the performance measures that will be used to determine the achievement of those performance goals and any formulas or methods to be used to determine the value of the performance-based awards.

Performance measures will be defined by the Compensation Committee on a consolidated, group or division basis or in comparison to one or more peer groups or indices. Performance measures selected by the Compensation Committee will be one or more of the following: cash flow, cash flow return on capital, cash flow return on assets, cash flow return on equity, net income, return on capital, return on assets, return on equity, share price, earnings per share, earnings before interest and taxes, earnings before interest, taxes, depreciation and amortization, and total return to stockholders. Following the end of a performance period, the Compensation Committee will determine the value of the performance-based awards granted for the period based on its determination of the degree of attainment of the pre-established objective performance goals. The Compensation Committee will also have discretion to reduce (but not to increase) the value of a performance-based award to Covered Employees, as defined in Section 162(m) of the Code. The Compensation Committee will certify, in writing, that the award is based on the degree of attainment of the pre-established objective performance goals. As soon as practicable thereafter, payment of the awards to employees, if any, will be made in the form of shares of our common stock.

Deferrals. The Compensation Committee will have the discretion to provide for the deferral of an award or to permit participants to elect to defer payment of some or all types of awards in a manner consistent with the requirements of code section 409A.

Change in Control. The treatment of outstanding awards upon the occurrence of a change in control (as defined in the 2001 D&O Plan) will be determined in the sole discretion of the Compensation Committee and will be described in the applicable award agreements and need not be uniform among all awards granted under the 2001 D&O Plan.

Adjustment and Amendments. The 2001 D&O Plan provides for appropriate adjustments in the number of shares of our common stock subject to awards and available for future awards in the event of changes in our outstanding common stock by reason of a merger, stock split, or certain other events. The 2001 D&O Plan may be modified, altered, suspended or terminated by the Board of Directors at any time and for any purpose that the Board of Directors deems appropriate, but no amendment to the 2001 D&O Plan shall adversely affect any outstanding awards without the affected participant's consent, and stockholder approval is required if an amendment will materially modify the 2001 D&O Plan or is otherwise required by applicable law.

Transferability. Except as otherwise specified in a participant's award agreement, no derivative security granted pursuant to, and no right to payment under, the 2001 D&O Plan will be assignable or transferable by a 2001 D&O Plan participant except by will or by the laws of descent and distribution or pursuant to a qualified domestic relations order, and any right granted under the 2001 D&O Plan will be exercisable during a participant's lifetime only by the participant or by the participant's guardian or legal representative.

Duration of the 2001 D&O Plan. The 2001 D&O Plan will remain in effect until all options and rights granted thereunder have been satisfied or terminated pursuant to the terms of the 2001 D&O Plan and all performance periods for performance-based awards granted thereunder have been completed. However, in no event will any award be granted under the 2001 D&O Plan on or after August 10, 2011.

United States Federal Income Tax Consequences

Stock Options. Some of the options issuable under the 2001 D&O Plan may constitute incentive stock options within the meaning of Section 422 of the Code, while other options granted under the 2001 D&O Plan may be nonqualified stock options. The Code provides for tax treatment of stock options qualifying as incentive stock options that may be more favorable to employees than the tax treatment accorded nonqualified stock options.

Generally, upon the grant or exercise of an incentive stock option, the optionee will recognize no income for United States federal income tax purposes. The difference between the exercise price of the incentive stock option and the fair market value of the stock at the time of exercise is, however, an item of tax preference that may require payment of an alternative minimum tax. If the participant disposes of shares acquired by exercise of an incentive stock option either before the expiration of two years from the date the options are granted or within one year after the issuance of shares upon exercise of the incentive stock option (the holding periods), the participant will recognize in the year of disposition: (i) ordinary income to the extent that the lesser of either (a) the fair market value of the shares on the date of option exercise or (b) the amount realized upon disposition exceeds the option price and (ii) capital gain to the extent the amount realized upon disposition exceeds the fair market value of the shares on the date of option exercise. If the shares are sold after expiration of the holding periods, the participant generally will recognize capital gain or loss equal to the difference between the amount realized upon disposition and the option price.

An optionee will recognize no income on the grant of a nonqualified stock option. Upon the exercise of a nonqualified stock option, the optionee will recognize ordinary taxable income (subject to withholding) in an amount equal to the difference between the fair market value of the shares on the date of exercise and the exercise price. Upon any sale of such shares by the optionee, any difference between the sale price and the fair market value of the shares on the date of exercise of the nonqualified option will be treated generally as capital gain or loss.

No deduction is available to us upon the grant or exercise of an incentive stock option (although a deduction may be available if the employee sells the shares so purchased before the applicable holding period expires), whereas upon exercise of a nonqualified stock option, we are entitled to a deduction in an amount equal to the income recognized by the optionee. Except with respect to death or disability of an optionee, an optionee has three months after termination of employment in which to exercise an incentive stock option and retain favorable tax treatment at exercise. An option exercised more than three months after an optionee's termination of employment (other than upon death or disability) cannot qualify for the tax treatment accorded incentive stock options; such options would be treated as nonqualified stock options instead.

Stock Appreciation Rights. A participant who is granted a stock appreciation right recognizes no income upon grant of the stock appreciation right. At the time of exercise, however, the participant will recognize compensation income equal to the excess of the fair market value of a share of our common stock on the date of exercise over the grant price multiplied by the number of shares. This income is subject to withholding. We will be entitled to an income tax deduction corresponding to the compensation income recognized by the participant.

Restricted Stock. A participant generally recognizes no taxable income at the time of an award of restricted stock. A participant may, however, make an election under Section 83(b) of the Code to have the grant taxed as compensation income at the date of receipt, with the result that any future appreciation or depreciation in the value of the shares of stock granted may be taxed as capital gain or loss on a subsequent sale of the shares. If the participant does not make a Section 83(b) election, the grant will be taxed as compensation income at the full fair market value on the date the restrictions imposed on the shares expire. Unless a participant makes a Section 83(b) election, any dividends paid to the participant on the stock-

Table of Contents

subject to the restrictions will generally be compensation income to the participant and deductible by us as compensation expense. In general, we will receive an income tax deduction for any compensation income taxed to the participant. To the extent a participant realizes capital gains, as described above, we will not be entitled to any deduction for federal income tax purposes.

Deferred Stock Units. A participant who is granted a deferred stock unit will recognize no income upon grant of the deferred stock unit. At the time the underlying shares of common stock (or cash in lieu thereof) are delivered to a participant, the participant will realize compensation income equal to the full fair market value of the shares received. We will be entitled to an income tax deduction corresponding to the compensation income recognized by the participant.

Performance Share or Performance Unit Awards. A participant who is granted a performance share or a performance unit award will recognize no income upon grant of the performance share or a performance unit award. At the time the common stock is received as payment in respect of a performance share or performance unit award, the participant will realize compensation income equal to the fair market value of the shares received. We will be entitled to an income tax deduction corresponding to the compensation income recognized by the participant.

Section 162(m). Under Section 162(m) of the Internal Revenue Code, compensation we pay in excess of \$1 million for any taxable year to Covered Employees generally is deductible by us or our affiliates for federal income tax purposes if it is based on our performance, is paid pursuant to a plan approved by our stockholders and meets certain other requirements. Generally, Covered Employee under Section 162(m) means the chief executive officer and our four highest paid executive officers on the last day of the taxable year.

Section 409A. Section 409A Of the Internal Revenue Code and the regulations and rulings issued thereunder detail how employees and other service providers can defer compensation without triggering penalty and interest provisions.

We currently anticipate that the Compensation Committee will at all times consist of outside directors as required for purposes of Section 162(m) and Section 409A, and that the Compensation Committee will take the effect of Section 162(m) into consideration in structuring 2001 D&O Plan awards.

Recommendation and Vote Required

Our Board of Directors unanimously recommends a vote **FOR** approval of this proposal. The proxy holders will vote all proxies received for approval of this proposal unless instructed otherwise. Our directors have an interest in and may benefit from the adoption of this proposal because they are eligible to receive awards under the 2001 D&O Plan. Approval of this proposal requires the affirmative vote of a majority of the outstanding shares of common stock present in person or represented by proxy and entitled to vote on this proposal at the Annual Meeting, provided that the total number of votes cast on the proposal represent a majority of the shares outstanding on the Record Date. Because abstentions are counted as present for purposes of the vote on this matter but are not votes **FOR** this proposal, they have the same effect as votes **AGAINST** this proposal. In general, brokers do not have discretionary authority on proposals relating to equity compensation plans. Therefore, absent instructions from you, your broker may not vote your shares on this proposal. Such broker non-votes will have no effect on the vote as long as the total number of votes cast on the proposal represents a majority of the shares entitled to vote.

**APPROVAL OF THE COMPANY'S
EXECUTIVE INCENTIVE COMPENSATION PLAN
(ITEM 3)**

In 1994, we adopted our 1994 Variable Supplemental Compensation Plan (the 1994 Plan) to compensate managerial and other key employees who contribute materially to our success. The 1994 Plan was amended and restated, as the Executive Incentive Compensation Plan, effective February 1, 2001. On February 28, 2006, our Board adopted the amended and restated Executive Incentive Compensation Plan effective February 28, 2006 (the EICP) to take into account the provisions of Internal Revenue Code Section 409A and regulations and rulings promulgated thereunder regarding the deferral and timing of award payments. Shareholder approval of the EICP is necessary for awards paid under the EICP to be considered performance based compensation under Internal Revenue Code Section 162(m).

SUMMARY OF THE EICP

The following summary of the EICP is qualified in its entirety by reference to the full text of the EICP, which is attached as Appendix C to this Proxy Statement.

The EICP is administered by the Compensation Committee of our Board of Directors, composed entirely of nonmanagement, independent directors appointed by our Board of Directors. All of our salaried employees are eligible to participate in the EICP. Our Chief Executive Officer automatically participates in the EICP. Actual participation in the EICP by all other salaried employees is based upon recommendations by our Chief Executive Officer, subject to approval by the Compensation Committee. During fiscal year 2005, 29 employees participated in the EICP.

The Compensation Committee establishes, for each plan year, performance goals and award opportunities, in writing, which correspond to various levels of achievement of the preestablished performance goals based upon any combination of corporate, group, divisional or individual goals. The award opportunity for any Named Executive Officer is based on the following performance criteria: (i) the award to be paid upon meeting preestablished targeted performance results; (ii) the potential final award in relation to the various levels of achievement of the preestablished performance goals; and (iii) company, group, or division performance in relation to the preestablished performance goals. Performance measures that may be used to determine award opportunities for Named Executive Officers are generally limited to Cash Flow, Cash Flow Return on Capital, Cash Flow Return on Equity, Net Income, Return on Capital, Return on Assets, and Return on Equity (as defined in the EICP) and other measures consistent with deductibility under Section 162(m). Once established, performance goals normally can not be changed during the plan year. However, the Compensation Committee may adjust performance goals to account for changes in accounting principles and unusual, nonrecurring events and extraordinary items, to the extent not inconsistent with Section 162(m). The Compensation Committee shall have the authority to reduce or eliminate final awards, based upon any criteria it deems appropriate. In addition, the Compensation Committee may use such other performance measures, including subjective measures, and make adjustments to performance goals during the plan year, if the Compensation Committee determines that compliance with Section 162(m) is not desired.

Following the end of each plan year, awards are computed for each plan participant. Final individual awards may vary above or below the target award, based on the level of achievement of the preestablished performance goal. The EICP places certain limits on payouts to any one plan participant in any given plan year for tax deductibility reasons, but grants authority to the Compensation Committee to exceed those limits in its discretion. The Board of Directors may amend the EICP from time to time.

EICP Benefits

Future benefits that will be received under the EICP by particular individuals or groups can not be determined at this time. For the year ended December 31, 2005, approximately \$7,482,174 in cash bonuses were paid to our employees under the EICP, of which approximately \$3,971,660 was paid to the Company's

Table of Contents

executive officers as a group. The cash bonus paid to Mr. Wilkinson and each other Named Executive Officer for the year ended December 31, 2005 under the EICP is described in Compensation Committee Report Annual Bonus and in the Summary Compensation Table contained in this Proxy Statement.

Recommendation and Vote Required

The Board recommends a vote FOR the approval of this proposal. We believe strongly that the EICP has served as an essential component of compensation, allowing us to provide reasonable incentives to and reward the performance results achieved by executive officers and other key employees in a manner most favorable to our stockholders. The affirmative vote of the holders of a majority of the shares of Common Stock present, in person or by proxy, at this year's Annual Meeting and entitled to vote on the matter is necessary for approval.

**RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR
YEAR ENDING DECEMBER 31, 2006
(ITEM 4)**

In March 2006, our Audit Committee sought proposals from several independent accounting firms in connection with the audit of our financial statements for the year ending December 31, 2006. As a result of that process, on March 27, 2006, our Audit Committee dismissed PricewaterhouseCoopers LLP as our independent registered public accounting firm and approved the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2006.

Our Board of Directors has ratified the decision of the Audit Committee to appoint Deloitte & Touche LLP to serve as independent registered public accounting firm to audit our financial statements for the year ending December 31, 2006. Although we are not required to seek stockholder approval of this appointment, it has been our practice to do so. No determination has been made as to what action the Audit Committee and the Board of Directors would take if our stockholders fail to ratify the appointment. Even if the appointment is ratified, the Audit Committee retains discretion to appoint a new independent registered public accounting firm at any time if the Audit Committee concludes such a change would be in the best interests of McDermott. We expect that representatives of Deloitte & Touche LLP and PricewaterhouseCoopers will be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so and to respond to appropriate questions.

The audit reports of PricewaterhouseCoopers on our consolidated financial statements for each of the two fiscal years ended December 31, 2004 and 2005 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles, except that its report for each year included an explanatory paragraph regarding our wholly owned subsidiary, The Babcock & Wilcox Company.

During the two fiscal years ended December 31, 2005, and the subsequent interim period through March 27, 2006, there were no disagreements between us and PricewaterhouseCoopers on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PricewaterhouseCoopers, would have caused PricewaterhouseCoopers to make reference to the subject matter of the disagreement in connection with its reports on the financial statements for such years.

During the two years ended December 31, 2005, and subsequent interim period through March 27, 2006, there have been no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K, except as described in the following paragraph.

In March 2004, PricewaterhouseCoopers advised us of a material weakness relating to our ability to forecast accurately total costs to complete fixed-price contracts, primarily first-of-a-kind projects. We discussed this material weakness in Item 9A in our Form 10-K for the year ended December 31, 2003. In connection with the audit of the year ended December 31, 2004, PricewaterhouseCoopers reported material weaknesses related to the following: (1) account reconciliations in our Marine Construction Services segment in the Eastern Hemisphere related to cash and equivalents, accounts payable and other accounts were not being properly completed; and (2) control deficiencies at our business units with respect to access to financial application programs and data which included lack of compliance with the Company's internal access security policies and segregation of duties requirements and lack of independent monitoring of the activities of technical information technology staff and some users with financial accounting and reporting responsibilities that also have unrestricted access to financial application programs and data. We discussed this weakness in Item 9A in our Form 10-K for the year ended December 31, 2004.

As disclosed in Item 9A in our Form 10-K for the year ended December 31, 2005, management conducted an assessment of the effectiveness of our internal control over financial reporting as of December 31, 2005. Based on this assessment, management concluded that our internal control over financial reporting was effective as of December 31, 2005. Management's assessment of the effectiveness of our internal control over financial reporting was audited by PricewaterhouseCoopers, whose unqualified report thereon also appears in such 10-K

Table of Contents

During the two fiscal years ended December 31, 2005, and during the subsequent interim period preceding the appointment of Deloitte & Touche LLP, we had not consulted with Deloitte & Touche LLP regarding (1) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our consolidated financial statements or (2) any matter that was either the subject of a disagreement, as defined in Item 304(a)(1)(iv) of Regulation S-K, or a reportable event described in Item 304(a)(1)(v) of Regulation S-K.

We reported the change in independent registered public accounting firms, and the statements above, in a current report on Form 8-K filed with the SEC on March 31, 2006.

During the years ended December 31, 2005 and 2004, McDermott paid PricewaterhouseCoopers fees, including expenses and taxes, totaling \$7,622,736 and \$10,633,653, respectively, which can be categorized as follows:

Total	\$7,622,736	\$10,633,653(1)

(1) Reflects final billings by PWC not available at the time mailing of the 2005 Proxy Statement commenced.

It is the policy of our Audit Committee to preapprove all audit, review or attest engagements and permissible non-audit services to be performed by our independent registered public accounting firm, subject to, and in compliance with, the *de minimis* exception for non-audit services described in Section 10A(i)(1)(B) of the Securities Exchange Act of 1934 and the applicable rules and regulations of the Securities Exchange Commission. Our Audit Committee did not rely on the *de minimis* exception for any of the fees disclosed above.

Recommendation and Vote Required

Our Board of Directors unanimously recommends that stockholders vote **FOR** the ratification of the decision of our Audit Committee to appoint Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2006. The proxy holders will vote all proxies received for approval of this proposal unless instructed otherwise. Approval of this proposal requires the affirmative vote of a majority of the outstanding shares of common stock present in person or represented by proxy and entitled to vote on this proposal at the Annual Meeting. Because abstentions are counted as present for purposes of the vote on this matter but are not votes **FOR** this proposal, they have the same effect as votes **AGAINST** this proposal.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

McDermott is a large business organization with worldwide operations, and it engages in numerous purchase, sale and other transactions annually. We have various types of business arrangements with corporations and other organizations in which a McDermott executive officer, director, or nominee for director may also be a director, executive or investor, or have some other direct or indirect relationship. We enter into these arrangements in the ordinary course of our business, and they typically involve McDermott receiving or providing some good or service on a nonexclusive basis and at arm's-length negotiated rates or in accordance with regulated price schedules.

Each of Messrs. Wilkinson, Kalman, Nesser and Sannino has irrevocably elected to satisfy withholding obligations relating to all or a portion of any applicable federal, state or other taxes that may be due on the vesting in the year ending December 31, 2006 of certain shares of restricted stock awarded under various long-term incentive plans by returning to us the number of such vested shares having a fair market value equal to the amount of such taxes. These elections, which apply to an aggregate of 55,000, 5,000, 28,500 and 18,350 shares vesting in the year ending December 31, 2006 and held by Messrs. Wilkinson, Kalman, Nesser and Sannino, respectively, are subject to approval of the Compensation Committee of our Board of Directors, which approval was granted. In the year ended December 31, 2005, each of Messrs. Wilkinson, Kalman and Sannino made a similar election which applied to an aggregate of 10,000, 5,000 and 1,500 shares, respectively, that vested in the year ended December 31, 2005. Those elections were also approved by the Compensation Committee. We expect any transfers reflecting shares of restricted stock returned to us will be reported in the SEC filings made by those transferring holders who are obligated to report transactions in our securities under Section 16 of the Securities Exchange Act of 1934.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own 10% or more of our voting stock, to file reports of ownership and changes in ownership of our equity securities with the SEC and the New York Stock Exchange. Directors, executive officers and 10% or more holders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on a review of the copies of those forms furnished to us, or written representations that no forms were required, we believe that our directors, executive officers and 10% or more beneficial owners complied with all Section 16(a) filing requirements during the year ended December 31, 2005, except that in 2005, Mr. Keith G. Robinson filed an amended Form 3 to report one transaction involving 500 performance units, mistakenly omitted from a Form 3 timely filed in 2004.

STOCKHOLDERS PROPOSALS

Any stockholder who wishes to have a qualified proposal considered for inclusion in our proxy statement for our 2007 Annual Meeting must send notice of the proposal to our Corporate Secretary at our principal executive office no later than December 1, 2006. If you make such a proposal, you must provide your name, address, the number of shares of common stock you hold of record or beneficially, the date or dates on which such common stock was acquired and documentary support for any claim of beneficial ownership.

Table of Contents

In addition, any stockholder who intends to submit a proposal for consideration at our 2007 Annual Meeting, but not for inclusion in our proxy materials, or who intends to submit nominees for election as directors at the meeting must notify our Corporate Secretary. Under our by-laws, such notice must (1) be received at our executive offices no earlier than November 4, 2006 or later than January 3, 2007 and (2) satisfy specified requirements. A copy of the pertinent by-law provisions can be found on our website at www.mcdermott.com at Investor Relations Corporate Governance.

McDERMOTT INTERNATIONAL, INC.
AUDIT COMMITTEE OF THE BOARD OF DIRECTORS
CHARTER

Preamble

The Audit Committee of the Board of Directors of McDermott International, Inc. (hereinafter sometimes the Company or McDermott) adopts this charter.

I. Purpose

The primary function of the Audit Committee (the Committee) is to assist the Board of Directors (the Board) in fulfilling its oversight responsibilities with respect to financial reports and other financial information provided by the Company to its shareholders and others by carrying out the following duties:

Serve as an independent and objective party to monitor the Company's financial reporting process and internal control system.

Oversee the integrity of the financial statements of the Company.

Monitor the compliance by the Company with legal and regulatory financial requirements.

Evaluate the independence, qualifications and performance of the Company's independent auditors.

Oversee the performance of the Company's internal audit function.

Oversee certain aspects of the Company's Compliance and Ethics Program relating to financial matters, books and records and accounting and as required by applicable statutes, rules and regulations.

Provide an open avenue of communication among the Company's outside auditors, financial and senior management, the internal audit department and the Board.

Comply with the applicable reporting requirements established by the Securities and Exchange Commission (the SEC).

II. Committee Composition

The Committee will be composed of not less than three members of the Board. All members of the Committee shall have a working familiarity with basic finance and accounting practices, and at least one member shall meet the qualifications of an audit committee financial expert, as defined in Item 401(h) of Regulation S-K promulgated by the SEC.

Each member of the Committee shall meet the independence requirements of Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended (the Exchange Act), and the Corporate Governance Rules of the New York Stock Exchange (NYSE), as defined in the NYSE Listed Company Manual. Accordingly, all of the members will be directors independent of management and free from any relationship that, in the opinion of the Board, would interfere with the exercise of independent judgment as a Committee member.

The members of the Committee shall be elected by the Board at each annual organizational meeting and shall serve until the Board's next annual organizational meeting and their successors are duly elected and qualified, or until their earlier resignation or removal. The Board shall have the authority at any time to remove one or more members of the Committee. The Chairman shall be elected by the full Board. If the Board should fail to elect a chairman, or should the chairman be absent or unavailable, the members of the Committee may designate a chair by majority vote of the full Committee membership. No member of the Audit Committee may serve as a member of in excess of two other public company audit committees.

Table of Contents

The Committee shall have the authority to engage independent counsel or other advisors, as it determines necessary to carry out its duties.

The Company shall provide for appropriate funding, as determined by the Committee, for payment of compensation to the Company's outside auditors for the purpose of preparing or issuing an audit report or performing any other services for the Company, compensation to any advisors employed by the Committee, and administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

III. Meetings

The Committee shall meet at least four times annually or more frequently as circumstances dictate. A detailed written agenda shall be prepared by or under supervision of the Chair of the Committee and distributed in advance.

The Committee shall meet periodically with management, those responsible for the internal audit function and the outside auditors, in separate executive sessions, to discuss any matters that the Committee or any of these individuals or groups believe should be discussed privately. The Committee shall maintain a high degree of independence both in establishing its agenda and directly accessing various members of McDermott and subsidiary management.

The Committee will maintain written minutes of all its meetings, which will be available to every member of the Board.

IV. Responsibilities and Duties

The Committee's principal responsibility is one of oversight. The Company's management is responsible for preparing the Company's financial statements and the outside auditors are responsible for auditing and reviewing those financial statements. Additionally, the Committee recognizes that financial management (including the internal audit staff), as well as the outside auditors, have more knowledge and more detailed information about the Company than do the members of the Committee; consequently, in carrying out its oversight responsibilities the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the independent accountants' work.

Pursuant to the Sarbanes-Oxley Act of 2002 and the rules and regulations of the SEC, the Committee shall be directly responsible for the appointment, compensation, retention and oversight of the work of any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company (any such firm is referred to in this charter as the Company's outside auditors). The Committee shall have and may exercise all the powers of the Board, except as may be prohibited by law, with respect to all matters encompassed by this charter, and shall have all the power and authority required under the Sarbanes-Oxley Act of 2002.

The outside auditors of the Company are ultimately accountable to the Committee and the Board, as opposed to management of the Company. The Committee shall have the sole authority to appoint and, where appropriate, replace the Company's outside auditors and to approve all audit engagement fees and terms. The Committee shall be directly responsible for the compensation and oversight of the work of the Company's outside auditors (including resolution of disagreements between management and the outside auditors regarding financial reporting) for the purpose of preparing or issuing an audit report or related work or performing any other services for the Company. The Company's outside auditors shall report directly to the Committee.

The Committee shall preapprove all audit, review or attest engagements and permissible non-audit services to be performed by the Company's outside auditors, subject to, and in compliance with, the *de minimis* exception for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act and the applicable rules and regulations of the SEC.

The Committee may form and delegate authority to subcommittees consisting of one or more members when the Committee deems it appropriate to do so, including the authority to grant preapprovals of audit and

other permissible services. The Committee also may delegate such preapproval authority to any of its members. Any decisions of such subcommittees or members to grant preapprovals shall be reported to the full Committee at the next meeting of the Committee.

The following functions shall be the common recurring activities of the Committee in carrying out its oversight responsibility. These functions are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate given the circumstances.

Such discussion may be done generally (covering, for example, the types of information to be disclosed and the type of presentation to be made).

10. The Committee will review and discuss a report from the Company's outside auditors that contains all critical policies and practices to be used all alternative treatments of financial information within (GAAP) that have been discussed with management ramifications of the use of such alternative disclosures and treatments, and the treatment preferred other material written communications between the firm and management by the firm.

11. Have oversight responsibility for certain aspects of the Company's Compliance and Ethics Program relating to financial matters, books and records, and accounting and as required by applicable statutes, rules and regulations.

12. At least annually, obtain and review a report by the company's outside auditors describing (i) the outside auditors' internal quality-control procedures; (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the outside auditors, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues; and (iii) all relationships between the outside auditors and the Company as contemplated by Independence Standards Board Standard No. 1. Evaluate the Company's outside auditors' qualifications, performance and independence, including considering whether the outside auditors' quality controls are adequate and the provision of permitted non-audit services is compatible with maintaining the outside auditors' independence. In making this evaluation, the Committee shall take into account the opinions of management and internal auditors. The Committee shall present its conclusions with respect to the Company's outside auditors to the full Board.

Outside Auditors

13. Advise the Board each year of the Committee's appointment of a firm of independent certified public accountants to serve as McDermott's principal independent auditors. The Committee will not appoint or otherwise approve a registered public accounting firm to perform an audit if the company's Chief Executive Officer, Chief Financial Officer, Chief Administrative Officer, Controller (or equivalent) was employed by the audit firm and participated in the Company's audit during the one-year period preceding the date of initiation of the current audit. Notwithstanding the power and authority of the Committee with respect to the appointment, compensation, retention and oversight of the Company's principal independent auditors, the Committee, in its discretion, may submit any such matter, along with its recommendation with respect thereto, to the full Board for consideration, approval and ratification.

14. ARTICLE 12

Beneficiary Designation

Each Participant under this Plan may, from time to time, name any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under this Plan is to be paid in case of the Participant's death before he or she receives any or all of such benefit. Each such designation shall revoke all prior designations by the same Participant, shall be in a form prescribed by the Company, and will be effective only when filed by the Participant in writing with the Company during the Participant's lifetime. In the absence of any such designation, benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate.

ARTICLE 13

Deferrals

The Committee may, in its discretion, (a) permit selected Participants to elect to defer payment of some or all types of Awards in accordance with the procedures established by the Committee or (b) provide for the deferral of an Award in an Award Agreement or otherwise, in a manner consistent with the requirements of Code Section 409A(a)(2), (3) and (4). Any deferred payment, whether elected by the Participant or specified in an Award Agreement or by the Committee, may be forfeited if and to the extent that the applicable Award Agreement so provides.

ARTICLE 14

Rights of Employees, Directors and Consultants

14.1 *Employment or Service.* Nothing in this Plan shall interfere with or limit in any way the right of the Company to terminate any Participant's employment or service at any time, nor confer upon any Participant any right to continue in the employ or service of the Company.

14.2 *No Contract of Employment.* Neither the Award nor any benefits arising under this Plan shall constitute part of a Participant's employment contract with the Company or any Subsidiary, and accordingly, subject to the provisions of Article 16 herein, this Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Board without giving rise to liability on the part of the Company or any Subsidiary for severance payments.

14.3 *Transfers Between Participating Entities.* For purposes of this Plan, a transfer of a Participant's employment between the Company and a Subsidiary, or between Subsidiaries, shall not be deemed to be a termination of employment. Upon such a transfer, the Committee may make such adjustments to outstanding Awards as it deems appropriate to reflect the change in reporting relationships.

ARTICLE 15

Change in Control

The treatment of outstanding Awards upon the occurrence of a Change in Control, unless otherwise specifically prohibited under applicable laws, or by the rules and regulations of any governing governmental agencies or national securities exchanges shall be determined in the sole discretion of the Committee and shall be described in the Award Agreements and need not be uniform among all Awards granted pursuant to the Plan.

ARTICLE 16

Amendment, Modification, and Termination

16.1 *Amendment, Modification, and Termination.* The Board may at any time and from time to time, alter, amend, suspend or terminate this Plan in whole or in part, provided however that shareholder approval shall be required for any amendment that materially alters the terms of the Plan or is otherwise required by applicable legal requirements. No amendment or alteration that would adversely affect the rights of any Participant under any Award previously granted to such Participant shall be made without the consent of such Participant.

16.2 *Adjustment of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events.* The Committee may make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in Section 4.3 hereof) affecting the Company or the financial statements of the Company or in recognition of changes in applicable laws, regulations or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent unintended dilution or enlargement of the benefits or potential benefits intended to be made available under this Plan.

ARTICLE 17

Withholding

The Company shall have the right to deduct applicable taxes from any Award payment and withhold, at the time of delivery or vesting of cash or Shares under this Plan, or at the time applicable law otherwise requires, an appropriate amount of cash or number of Shares or a combination thereof for payment of taxes required by law or to take such other action as may be necessary in the opinion of the Company to satisfy all obligations for withholding of such taxes. The Committee may permit withholding to be satisfied by the transfer to the Company of Shares theretofore owned by the holder of the Award with respect to which withholding is required. If Shares are used to satisfy tax withholding, such Shares shall be valued at their Fair Market Value when the tax withholding is required to be made.

ARTICLE 18

Indemnification

Each person who is or shall have been a member of the Committee, or of the Board or an officer of the Company to whom the Committee has delegated authority in Article 3 shall be indemnified and held harmless by the Company against and from (a) any loss, cost, liability, or expense that may be imposed upon or reasonable incurred by him or her in connection with or resulting from any claim, action, suit or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under this Plan, except for any such action or failure to act that constitutes willful misconduct on the part of such person or as to which any applicable statute prohibits the Company from providing indemnification, and (b) against and from any and all amounts paid by him or her in settlement of any claim, action, suit or proceeding as to which indemnification is provided pursuant to clause (a) of this sentence, with the Company's approval, or paid by him or her in satisfaction of any judgment or award in any such action, suit or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf.

The foregoing right of indemnification shall be in addition to any other rights of indemnification to which such persons may be entitled under the Company's Articles of Incorporation or Amended and Restated By laws (each, as amended from time to time), as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

ARTICLE 19

Successors

All obligations of the Company under this Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation or other transaction, of all or substantially all of the business and/or assets of the Company.

ARTICLE 20

General Provisions

20.1 Restrictions and Legends. No Shares or other form of payment shall be issued with respect to any Award unless the Company shall be satisfied, based on the advice of its counsel, that such issuance will be in compliance with applicable U.S. federal and state securities laws. Certificates evidencing Shares delivered under this Plan (to the extent that such Shares are so evidenced) may be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission, any securities exchange or transaction reporting system upon which the Shares are then listed or to which they are admitted for quotation and any applicable U.S. federal or state securities law. The Committee may cause a legend or legends to be placed upon such certificates (if any) to make appropriate reference to such restrictions.

The Committee may require each person receiving Shares pursuant to an Award under this Plan to represent to and agree with the Company in writing that the Participant is acquiring the Shares for investment without a view to distribution thereof. In addition to any other legend required by this Plan, the certificates for such Shares may include any legend that the Committee deems appropriate to reflect any restrictions on transfer of such Shares.

20.2 Gender and Number. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine, the plural shall include the singular and the singular shall include the plural.

20.3 Severability. If any provision of this Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of this Plan, and this Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

20.4 Requirements of Law. The granting of Awards and the issuance of Shares under this Plan shall be subject to all applicable laws, rules and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

20.5 Uncertificated Shares. To the extent that this Plan provides for issuance of certificates to reflect the transfer of Shares, the transfer of such Shares may be effected on a noncertificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange or transaction reporting system on which the Shares are listed or to which the Shares are admitted for quotation.

20.6 Unfunded Plan. Insofar as this Plan provides for Awards of cash, Shares or rights thereto, it will be unfunded. Although the Company may establish bookkeeping accounts with respect to Participants who are entitled to cash, Shares or rights thereto under this Plan, it will use any such accounts merely as a bookkeeping convenience. Participants shall have no right, title or interest whatsoever in or to any investments that the Company may make to aid it in meeting its obligations under this Plan. Nothing contained in this Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any Participant, beneficiary, legal representative or any other person. To the extent that any person acquires a right to receive payments from the Company under this Plan, such right shall be no greater than the right of an unsecured general creditor of the Company. All

payments to be made hereunder shall be paid from the general funds of the Company and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts, except as expressly set forth in this Plan. This Plan is not intended to be subject to ERISA.

20.7 No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to this Plan or any Award. The Committee shall determine whether cash, Awards or other property shall be issued or paid in lieu of fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

20.8 Governing Law. This Plan and all determinations made and actions taken pursuant hereto, to the extent not otherwise governed by mandatory provisions of the Code or the securities laws of the United States, will be governed by and construed in accordance with the laws of the State of Louisiana.

ARTICLE 3

Unfunded Status of the Plan

(a) Each Final Award shall be paid from the general funds of the Company. The entire expense of administering the Plan shall be borne by McDermott International, Inc.

(b) No special or separate funds shall be established, or other segregation of assets made to execute payment of Final Awards. No Employee, or other person, shall have, under any circumstances, any interest whatsoever, vested or contingent, in any particular property or asset of the Company or any Subsidiary or Affiliated Company by virtue of any Final Award.

ARTICLE 4

Administration of the Plan

Full power and authority to construe, interpret, and administer the Plan shall be vested in the Committee. A determination by the Committee in carrying out or administering the Plan shall be final and binding for all purposes and upon all interested persons, their heirs, and personal representative(s).

ARTICLE 5

Eligibility and Participation

(a) All salaried Employees are eligible for participation in the Plan. Actual participation in the Plan shall be based upon recommendations by the Chief Executive Officer, subject to approval by the Committee. The Chief Executive Officer shall automatically participate in the Plan.

(b) An Employee who becomes eligible after the beginning of a plan year may participate in the Plan for that plan year. Such situations may include, but are not limited to (i) new hires, (ii) when an Employee is promoted from a position which did not meet the eligibility criteria, or (iii) when an Employee is transferred from an affiliate which does not participate in the Plan. The Committee, in its sole discretion, retains the right to prohibit or allow participation in the initial plan year of eligibility for any of the aforementioned Employees.

ARTICLE 6

Award Determination

(a) Performance Measures and Performance Goals.

For each plan year, the Committee shall select performance measures and shall establish performance goals for that plan year. Except as provided in Article 8 herein, the performance measures may be based on any combination of Corporate, group, divisional, and/or individual goals.

For each plan year, the Committee shall establish ranges of performance goals which will correspond to various levels of Award Opportunities. Each performance goal range shall include a level of performance at which one hundred percent (100%) of the Target Incentive Award shall be earned. In addition, each range shall include levels of performance above and below the one hundred percent (100%) performance level.

After the performance goals are established, the Committee will align the achievement of the performance goals with the Award Opportunities (as described in Article 6(b) herein), such that the level of achievement of the pre-established performance goals at the end of the plan year will determine the Final Awards. Except as provided in Article 8 herein, the Committee shall have the authority to exercise subjective discretion in the determination of Final Awards, and the authority to delegate the ability to exercise subjective discretion in this respect.

The Committee may establish one or more Company-wide performance measures which must be achieved for any Participant to receive a Final Award payment for that plan year.

Table of Contents

(b) Award Opportunities.

For each plan year, the Committee shall establish, in writing, Award Opportunities which correspond to various levels of achievement of the pre-established performance goals. The established Award Opportunities shall vary in relation to the job classification of each Participant.

(c) Adjustment of Performance Goals and Award Opportunities.

Once established, performance goals normally shall not be changed during the plan year. However, except as provided in Article 8 herein, if the Committee determines that external changes or other unanticipated business conditions have materially affected the fairness of the goals, then the Committee may approve appropriate adjustments to the performance goals (either up or down) during the plan year as such goals apply to the Award Opportunities of specified Participants. In addition, the Committee shall have the authority to reduce or eliminate the Final Award determinations, based upon any objective or subjective criteria it deems appropriate.

Notwithstanding any other provision of this Plan, in the event of any change in Corporate capitalization, such as a stock split, or a Corporate transaction, such as any merger, consolidation, separation, including a spin-off, or other distribution of stock or property of the Company, any reorganization (whether or not such reorganization comes within the definition of such term in Code Section 368), or any partial or complete liquidation of the Company, such adjustment shall be made in the Award Opportunities and/or the performance measures or performance goals related to then-current performance periods, as may be determined to be appropriate and equitable by the Committee, in its sole discretion, to prevent dilution or enlargement of rights; provided, however, that subject to Article 8 herein, any such adjustment shall not be made if it would eliminate the ability of Award Opportunities held by Named Executive Officers to qualify for the performance-based exception under Code Section 162(m).

(d) Final Award Determinations.

At the end of each plan year, Final Awards shall be computed for each Participant as determined by the Committee. Subject to the terms of Article 8 herein, Final Award amounts may vary above or below the Target Incentive Award, based on the level of achievement of the pre-established Corporate, group, divisional, and/or individual performance goals.

(e) Award Limit.

The Committee may establish guidelines governing the maximum Final Awards that may be earned by Participants (either in the aggregate, by Employee class, or among individual Participants) in each plan year. The guidelines may be expressed as a percentage of Company-wide goals or financial measures, or such other measures as the Committee shall from time to time determine; provided, however, that the maximum payout with respect to a Final Award payable to any one Participant in connection with performance in any one plan year shall be nine hundred thousand dollars (\$900,000.00). However, if the Committee makes a determination that payment of a greater amount is consistent with the best interests of the Company and further determines that payment of such greater amount will not result in a material adverse effect on the tax deductibility of compensation under the provisions of Paragraph 8(g), then the Committee may authorize such payment.

(f) Threshold Levels of Performance.

The Committee may establish minimum levels of performance goal achievement, below which no payouts of Final Awards shall be made to any Participant.

Table of Contents

ARTICLE 7

Payment of Awards

Each and every Final Award shall be payable in a lump sum no later than the March 15 following the end of the Plan year during which the award is earned, or as soon as administratively practicable thereafter in the event payment is delayed due to unforeseeable events.

ARTICLE 8

Named Executive Officers

(a) Applicability of Article 8.

The provisions of this Article 8 shall apply only to Named Executive Officers. In the event of any inconsistencies between this Article 8 and the other Plan provisions as they pertain to Named Executive Officers, the provisions of this Article 8 shall control.

(b) Establishment of Award Opportunities.

Except as provided in Article 8(g) herein, Award Opportunities for Named Executive Officers shall be established as a function of each Named Executive Officer's base Salary. For each plan year, the Committee shall establish, in writing, various levels of Final Awards which will be paid with respect to specified levels of attainment of the pre-established performance goals.

(c) Components of Award Opportunities.

Each Named Executive Officer's Award Opportunity shall be based on: (a) the Named Executive Officer's Target Incentive Award; (b) the potential Final Awards corresponding to various levels of achievement of the pre-established performance goals, as established by the Committee; and (c) Company, group, or division performance in relation to the pre-established performance goals. Except as provided in Article 8(g) herein, performance measures which may serve as determinants of Named Executive Officers' Award Opportunities shall be limited to Cash Flow, Cash Flow Return on Capital, Cash Flow Return on Assets, Cash Flow Return on Equity, Net Income, Return on Capital, Return on Assets, and Return on Equity. Definitions for each of these performance measures has been set forth in Article 2. However, the resulting performance, determined by compliance with the applicable definition(s) shall, to the extent not inconsistent with Section 162(m), be adjusted to exclude any negative impact caused by changes in accounting principles and unusual, nonrecurring events and extraordinary items (including, but not limited to write-offs, capital gains and losses, acquisitions or dispositions of businesses). The Compensation Committee of the Board of Directors shall have the right through discretionary downward adjustments to exclude the positive impact of the aforementioned items and occurrences.

(d) No Mid-Year Change in Award Opportunities.

Except as provided in Article 8(c) and (g) herein, each Named Executive Officer's Final Award shall be based exclusively on the Award Opportunity levels established by the Committee.

(e) Non-adjustment of Performance Goals.

Except as provided in Article 8(c) and (g) herein, performance goals shall not be changed following their establishment, and Named Executive Officers shall not receive any payout when the minimum performance goals are not met or exceeded.

(f) Individual Performance and Discretionary Adjustments.

Except as provided in Article 8(g) herein, subjective evaluations of individual performance of Named Executive Officers shall not be reflected in their Final Awards. However, the Committee shall have the discretion to decrease or eliminate the amount of the Final Award otherwise payable to a Named Executive Officer.

Table of Contents

(g) Permissible Modifications.

In the event the Committee determines that compliance with Code Section 162(m) is not desired with respect to any Award available for grant under the Plan, then compliance with this Article 8 will not be required. In addition, in the event that changes are made to Code Section 162(m) to permit greater flexibility with respect to any Award available under the Plan, the Committee, subject to Article 10, may make any adjustments it deems appropriate.

ARTICLE 9

Limitations

(a) No person shall at any time have any right to a payment hereunder for any fiscal year, and no person shall have authority to enter into an agreement for the making of an Award Opportunity or payment of a Final Award or to make any representation or guarantee with respect thereto.

(b) An employee receiving an Award Opportunity shall have no rights in respect of such Award Opportunity, except the right to receive payments, subject to the conditions herein, of such Award Opportunity, which right may not be assigned or transferred except by will or by the laws of descent and distribution.

(c) Neither the action of the Company in establishing the Plan, nor any action taken by the Committee under the Plan, nor any provision of the Plan shall be construed as giving to any person the right to be retained in the employ of the Company or any of its Subsidiary or Affiliated Companies.

ARTICLE 10

Amendment, Suspension, Termination, or Alteration of the Plan

The Board may, at any time or from time to time, amend, suspend, terminate or alter the Plan, in whole or in part, but it may not thereby affect adversely rights of Participants, their spouses, children, and personal representative(s) with respect to Final Awards previously made.

ARTICLE 11

Commencement of Awards

The Company's fiscal year ending March 31, 1995 shall be the first fiscal year with respect to which Awards may be made under the Plan.
