PROXY STATEMENT

Oshkosh Truck Corporation (referred to in this Proxy Statement as "we" or "the Company") is sending out this Proxy Statement in connection with the solicitation by the Board of Directors of proxies to be voted at the 2003 Annual Meeting of Shareholders.

Edgar Filing: OSHKOSH TRUCK CORP - Form DEF 14A

We are mailing this Proxy Statement, proxy card(s) and our 2002 Annual Report to shareholders beginning on or about December 19, 2002. Although the Annual Report is being mailed with the Proxy Statement, it is not a part of the proxy soliciting material.

VOTING PROCEDURES

WHO CAN VOTE

The Company has two classes of voting stock: Class A Common Stock and Common Stock. If you were the record owner of shares of either class of stock on December 9, 2002, the record date for voting at the Annual Meeting, then you are entitled to vote at the Annual Meeting. On the record date, 414,683 shares of Class A Common Stock were entitled to vote and 16,636,126 shares of Common Stock were entitled to vote.

DETERMINING THE NUMBER OF VOTES YOU HAVE

Your proxy card(s) indicates the number of shares of each class of stock that you own. Each share of Class A Common Stock and each share of Common Stock has one vote.

HOW TO VOTE

You can vote your shares in two ways: either by using the enclosed proxy card(s) or by voting in person at the Annual Meeting by written ballot. We explain each of these procedures more fully below. Even if you plan to attend the Annual Meeting, the Board of Directors recommends that you vote by proxy.

VOTING BY PROXY

To vote your shares by proxy, please complete and return the enclosed proxy card(s) to us before the Annual Meeting. We will vote your shares as you direct on your proxy card. You can specify on your card whether your shares should be voted for all, some or none of the nominees for director listed on the card.

If you sign and return the proxy card, but do not specify how to vote, then we will vote your shares in favor of our nominees for directors. If any other matters are properly presented at the Annual Meeting for consideration, then the Company officers named on your proxy card will have discretion to vote for you on those matters. As of the date of this Proxy Statement, we knew of no other matters to be presented at the Annual Meeting.

VOTING AT THE ANNUAL MEETING

Written ballots will be available from the Company's Secretary at the Annual Meeting. If your shares are held in the name of a bank, broker or other holder of record, then you must obtain a proxy, executed in your favor, from the holder of record for you to vote your shares at the Annual Meeting. Voting by proxy will not limit your right to vote at the Annual Meeting if you decide to attend in person. However, if you do send in your proxy card, and also attend the Annual Meeting, then there is no need to vote again unless you wish to change your vote.

REVOCAION OF PROXIES

You can revoke your proxy at any time before it is exercised at the Annual Meeting by doing any of the following: (1) you can deliver a valid proxy with a later date; (2) you can notify the Company's

Edgar Filing: OSHKOSH TRUCK CORP - Form DEF 14A

Secretary in writing at the address on the Notice that you have revoked your proxy; or (3) you can vote in person by written ballot at the Annual Meeting.

QUORUM

To carry on the business of the Annual Meeting, a minimum number of shares of both classes of common stock, constituting a quorum, must be present. The quorum for the Annual Meeting is a majority of the votes represented by the outstanding shares of each class of our common stock. This majority may be present in person or by proxy. Abstentions and "broker non-votes" (when a broker does not have authority to vote on the proposal) are counted as present in determining whether or not there is a quorum.

REQUIRED VOTE

Election of Directors: The three nominees for Common Stock directors who receive the most votes of all votes cast for Common Stock directors will be elected. The seven nominees for Class A Common Stock directors who receive the most votes of all votes cast for Class A Common Stock directors will be elected. This ratio of and classification of director nominees is required by the Company's Restated Articles of Incorporation, which provide that holders of shares of Common Stock have the right to elect as a class 25% of the entire Board of Directors of the Company. If you do not vote for a particular nominee, or if you indicate that you want to withhold authority to vote for a particular nominee on your proxy card, then your vote will not count for or against the nominee. "Broker non-votes" also will not count for or against nominees.

If any director nominee decides that he or she does not want to stand for this election, the persons named as proxies in your Proxy Card will vote for substitute nominees. At the time this Proxy Statement was printed, we knew of no nominee who did not intend to stand for election.

VOTING BY EMPLOYEES PARTICIPATING IN THE OSHKOSH TRUCK EMPLOYEE STOCK PURCHASE PLAN

If you are an employee of the Company or one of its subsidiaries and participate in the Company's Employee Stock Purchase Plan, your proxy card will indicate the aggregate number of shares of Common Stock credited to your account under that Plan as of December 9, 2002, the record date for voting at the Annual Meeting. If you sign and return the card on time, then your shares will be voted as you have directed.

GOVERNANCE OF THE COMPANY

THE BOARD OF DIRECTORS

The Board of Directors oversees the business, assets, affairs and performance of the Company. Currently, the Board has eleven directors. Ten of the directors are not employees of the Company, although J. Peter Mosling, Jr. and Stephen P. Mosling were employees and officers of the Company until their retirement in 1994. Robert G. Bohn, who is the Chairman, President and Chief Executive Officer of the Company, also is a director. Daniel T. Carroll, who is currently a director, will be retiring from the Board of Directors effective at the Annual Meeting and is therefore not standing for re-election, which will result in one vacancy on the Board of Directors. The Board of Directors has not at this time nominated a candidate to fill the vacancy to be created by Mr. Carroll's retirement, but the Governance Committee is in the process of identifying a qualified candidate. Because that process is not complete, there is one fewer Class A Common Stock nominee for election of directors than there are available positions on the Board of Directors. Regardless of this vacancy, your proxies may be voted only for the number of nominees for director named in

Edgar Filing: OSHKOSH TRUCK CORP - Form DEF 14A

this Proxy Statement.

The Board of Directors met four times during fiscal 2002. No director attended less than 80%, and on average, all directors attended 98%, of the meetings of the Board and the Committees held during the periods in which they served as directors in fiscal 2002.

2

The Audit Committee has a charter that specifies its responsibilities and the Committee believes it fulfills its charter. All members of the Audit Committee are independent directors.

The Executive Committee oversees corporate policies, reviews management proposals and makes recommendations about them to the Board of Directors. Mr. Bohn did not receive any compensation or fees for serving on the Board of Directors or any Board Committee.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. The Audit Committee acts under a written charter, the first version of which was adopted and approved by the Board of Directors in 1997.

5

A copy of the Audit Committee Charter in its current form is attached to this Proxy Statement as Appendix A. Each of the members of the Audit Committee is independent as defined by Company policy and the New York Stock Exchange's listing standards.

Deloitte & Touche LLP, independent public accountants, audited the Company's consolidated financial statements for the fiscal year ended September 30, 2002. During that period, the Company paid Deloitte & Touche LLP fees as follows:

Audit Fees: The fees for the audit of the Company's consolidated financial statements for fiscal 2002, including fees for reviews of financial statements included in the Company's Forms 10-Q, were \$215,500.

Financial Information Systems Design and Implementation Fees: None.

All Other Fees: The aggregate fees for other services that Deloitte & Touche LLP rendered in fiscal 2002 were \$54,618, all of which were for audit-related services, including fees for pension and statutory audits and consulting services.

The Audit Committee has considered and determined that the provision of the

Edgar Filing: OSHKOSH TRUCK CORP - Form DEF 14A

non-audit services noted above is compatible with maintaining the independence of Deloitte & Touche LLP.

The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited financial statements contained in the 2002 Annual Report on Form 10-K with the Company's management and independent accountants. Management is responsible for the financial statements and the reporting process, including the system of internal controls. The independent accountants are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States.

The Audit Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees," as amended. In addition, the Company's independent accountants provided to the Audit Committee the written disclosures required by the Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and the Audit Committee discussed with the independent accountants their independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board approved) that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2002, for filing with the SEC.

STOCK OWNERSHIP

STOCK OWNERSHIP OF DIRECTORS, EXECUTIVE OFFICERS AND OTHER LARGE SHAREHOLDERS

The following table shows the "beneficial" ownership of Class A Common Stock and Common Stock of each director, each Named Officer appearing in the Summary Compensation Table on page 10, each other shareholder owning more than 5% of either class of our outstanding common stock and the directors and executive officers (including the Named Officers) as a group.

"Beneficial Ownership" means more than "ownership" as that term commonly is used. For example, a person "beneficially" owns stock if he or she owns it in his or her name or if he or she has (or

6

shares) the power to vote or sell the stock as trustee of a trust. Beneficial ownership also includes shares the directors and executive officers have a right to acquire within 60 days after November 30, 2002 as, for example, through the exercise of a stock option.

Information about Common Stock ownership is as of November 30, 2002. At the close of business on November 30, 2002, there were 414,683 shares of Class A Common Stock and 16,636,126 shares of Common Stock outstanding. Unless stated otherwise in the footnotes to the table, each person named in the table owns his or her shares directly and has sole voting and investment power over such shares.

(1) Amounts shown include 138,516 shares of Common Stock held by Stephen P. Mosling as trustee of a trust for the benefit of a related party.

(2) J. Peter Mosling, Jr. and Stephen P. Mosling are parties to an agreement relating to Class A Common Stock. Under the agreement, Messrs. Mosling each have agreed with the Company that, in the event of their deaths or earlier incapacities, together their shares of Class A Common Stock then will be exchanged for a like number of shares of Common Stock. Were that to occur, a consequence would be the automatic conversion, pursuant to the Company's restated articles of incorporation, of all outstanding shares of Class A Common Stock on a share for share basis for shares of Common Stock.

(3) Amounts shown include 6,000 shares of Common Stock for J. William Andersen, 198,750 shares of Common Stock for Robert G. Bohn, 15,000 shares of Common Stock for Daniel T. (5) Amounts shown do not include 13,081 shares of Common Stock owned by Joyce Bohn, Mr. Bohn's wife, as to which he disclaims beneficial ownership.

(6) Amounts shown do not include 1,687 shares of Common Stock held by Linda D. Dempsey, Mr. Dempsey's wife, as to which he disclaims beneficial ownership.

(7) Amounts shown includes 324 shares of Common Stock as to which ownership is shared with Denise Franks, Mr. Frank's wife.

(8) Amounts shown includes 3,000 shares of Common Stock owned by Cynthia J. Robinson-Sim, Mr. Sim's wife, as to which shares Mr. Sim has investment power but disclaims beneficial ownership.

(9) Amounts shown includes 2,300 shares of Common Stock as to which ownership is shared with Rochelle B. Szews, Mr. Szews' wife.

(10) In determining the aggregate beneficial ownership of shares of Common Stock for all directors and executive officers as a group, shares that are beneficially owned by more than one director have been counted only once to avoid overstatement.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The Securities and Exchange Act of 1934 requires the Company's directors, executive officers, and controller and any persons owning more than 10% of a class of the Company's stock to file reports with the SEC regarding their ownership of the Company's stock and any changes in such ownership. Based upon our review of copies of these reports and certifications given to us by such persons, we believe that the executive officers and directors of the Company have complied with their filing requirements for fiscal 2002, except that (1) Robert G. Bohn, J. Peter Mosling, Jr., and Stephen P. Mosling each inadvertently filed a Form 4 one day late, reporting five, four and four transactions, respectively; and (2) Thomas J. Polnaszek inadvertently did not timely file a Form 3 and a Form 5, reporting one transaction. All such Forms have been filed prior to the date hereof.

STOCK PRICE PERFORMANCE GRAPH

The graph and table that follow compare cumulative total shareholder returns on our Common Stock against the cumulative total return of the stocks of: (1) the S&P SmallCap 600 Market Index and (2) the companies currently in the "Media General Financial Services" Standard Industry Classification Code 371 Index (motor vehicles and equipment) (the "SIC Code 371 Index").

The comparisons assume that \$100 was invested on September 30, 1997 in each of: our Common Stock, the S&P SmallCap 600 Market Index and the SIC Code 371 Index. The total return assumes reinvestment of dividends. The fiscal 2002 return is based on closing prices per share on September 30, 2002. On that date, the closing price for our Common Stock was \$56.40.

Under the Pension Plan, a salaried employee is entitled to receive upon retirement at age 65 a monthly benefit equal to 50% of average monthly compensation less 45% of the primary social security benefit payable at age 65, reduced by 1/30(th) for each benefit accrual year of service less than 30, or certain actuarially equivalent benefits. Average monthly compensation is based on the average of the five highest consecutive years of earnings (excluding bonuses and subject to a maximum amount of compensation as established pursuant to IRS regulations) prior to the participant's normal retirement age or other date of termination. One thousand hours constitute a year of service. As of March 1, 1994, IRS regulations lowered the maximum amount of compensation allowed to be included in benefit calculations from \$235,840 to \$150,000. This amount was increased to \$160,000 as of March 1, 1997, \$170,000 as of January 1, 2000, and \$200,000 as of January 1, 2002. Accrued benefits calculated as of February 28, 1994 at the higher limit have been grandfathered. An employee who has reached the age of 55 with a minimum of 5 years of service may retire and begin to receive the actuarial equivalent of his or her pension benefits. The spouse of an employee who would have been eligible for early retirement at death, and married at least one year, is entitled to a monthly benefit equivalent to 50% of the amount

of the actuarially equivalent joint and survivor annuity which would have been payable to a participant as of the participant's normal retirement age. Compensation covered by the Pension Plan for the Named Officers generally

Edgar Filing: OSHKOSH TRUCK CORP - Form DEF 14A

corresponds with the base salary for each such individual, subject to the annual maximum.

Under the Supplemental Retirement Benefit, Mr. Bohn is entitled to receive upon retirement a monthly benefit equal to 30% of Mr. Bohn's average monthly compensation at age 55 increasing to 50% of average monthly compensation at age 59, reduced by the amount of any pension payable by the Company under the Pension Plan and subject to adjustment to the extent Mr. Bohn has not completed 20 years of employment after April 30, 1992 (the "Supplemental Retirement Benefit Amount"). Average monthly compensation is based on the average of Mr. Bohn's compensation for the three most recent years prior to Mr. Bohn's retirement or other termination. Mr. Bohn's spouse is entitled to receive 50% of the Supplemental Retirement Benefit Amount that would have been payable to Mr. Bohn in the event of Mr. Bohn's death. In addition, under an amendment to his employment agreement in 2000, if there were to occur a "Change in Control" of the Company, as defined in his executive severance agreement, the Company will pay to Mr. Bohn in a single distribution the then present value of his accrued and vested Supplemental Retirement Benefit. Compensation covered by the Supplemental Retirement Benefit for Mr. Bohn generally corresponds with the base salary and earned bonus compensation for Mr. Bohn.

Under the Executive Retirement Plan, certain officers of the Company, including the Named Officers other than Mr. Bohn, are entitled to receive upon retirement a monthly benefit equal to 24% of their average monthly compensation (base pay only) at age 55 increasing to 40% of average monthly compensation (base pay only) at age 62, prorated if the executive has less than 20 years of service at retirement. This amount is reduced by the amount of any pension payable by the Company under the Pension Plan, the annuity value of the executive's 401(k) plan match and 50% of the executive's social security benefit. Average monthly compensation is based on the average of the executive's compensation for the highest three consecutive years prior to retirement or termination. The executive's spouse is entitled to receive 50% of the Executive Retirement Plan benefit that would have been payable in the event of the executive's death. Compensation covered by the Executive Retirement Plan generally corresponds with base salary only.

As of September 30, 2002, years of benefit service under the Pension Plan, the Supplemental Retirement Benefit and the Executive Retirement Plan, as the case may be, were 10.5 years for Mr. Bohn, 6.5 years for Mr. Szews, 27.9 years for Mr. Lanzdorf, 13.5 years for Mr. Hollowell, 10.8 years for Mr. Zolnowski, and 7.0 years for Mr. Dempsey.

EXECUTIVE EMPLOYMENT AND SEVERANCE AGREEMENTS AND OTHER AGREEMENTS

Except as described below, the Company does not have employment agreements with the Named Officers.

The Company entered into an employment agreement with Mr. Bohn on October 15, 1998. Under this agreement, the Company agreed to employ Mr. Bohn as President and Chief Executive Officer of the Company until September 30, 2001, the end of the original term. The term of employment is renewed automatically for successive one-year periods each September 30, unless either party gives notice of non-renewal at least two years prior to the end of the then current term, which is currently September 30, 2005. Mr. Bohn receives an annual base salary of not less than \$500,000. Mr. Bohn also is entitled to participate in the bonus plan for senior management personnel of the Company and in stock-based compensation programs in effect for other senior executives of the Company. In addition, Mr. Bohn is entitled to a supplemental retirement benefit intended to compensate him upon retirement as more fully described above under "Pension Plans." If Mr. Bohn's employment with the Company is terminated during the term of the employment agreement by the Company without cause, or by Mr. Bohn for good reason, then the Company is obligated to continue to pay his salary and

Edgar Filing: OSHKOSH TRUCK CORP - Form DEF 14A

fringe benefits for the remainder of the term as provided in the agreement.

13

McNeilus Companies, Inc. entered into an employment agreement with Mr. Lanzdorf on April 24, 1998. Under this agreement, the Company agreed to employ Mr. Lanzdorf as President of McNeilus Companies, Inc. until September 30, 1998. The term of this agreement has been extended automatically until September 30, 2003. The term of employment is renewed automatically for successive one-year periods after September 30, 2003, unless either party gives notice of non-renewal at least 45 days prior to the end of the then current term. Mr. Lanzdorf receives an annual base salary of not less than \$200,000. Mr. Lanzdorf also is entitled to participate in the bonus plan for senior management personnel of the Company and in stock-based compensation programs in effect for other senior executives of the Company. If Mr. Lanzdorf's employment is terminated during the term of the employment agreement without cause, or by Mr. Lanzdorf for good reason, then McNeilus Companies, Inc. is obligated to continue to pay his salary and fringe benefits for the remainder of the term as provided in the agreement.

The Company has executive severance agreements with Messrs. Bohn, Szews, Lanzdorf, Hollowell and Zolnowski that are designed to provide each of them with reasonable compensation if any of their employment is terminated in certain defined circumstances, primarily following a change of control of the Company. The Human Resources Committee administers the severance agreements and selects the executive officers of the Company for eligibility for these agreements.

Under the executive severance agreements, after a change in control of the Company (as defined in the agreements), if the executive's employment is terminated by the Company other than by reason of death, disability or for cause (as defined in the agreements) or by the executive for good reason (as defined in the agreements), then the executive is entitled to a cash termination payment and other benefits. The termination payment will be equal to the sum of the executive's annual salary in effect at the change of control (or any subsequent higher salary) plus the highest annual bonus award paid during the three years before the change of control, multiplied by the number of years remaining in the employment period (up to three but not less than one). The executive also is entitled to additional pension benefits equal to the difference between the amount he would actually be entitled to receive on retirement and the amount to which he would have been entitled to receive had he continued to work until the earlier of age 65 or the number of years remaining in the employment period (up to three). In addition, the agreements provide for outplacement services and continuation for up to three years of life and disability insurance, hospitalization, medical and dental coverage and other welfare benefits as in effect at the termination. The agreements provide that if the payments under the agreement are an "excess parachute payment" for purposes of the Internal Revenue Code, then the Company will pay the executive the amount necessary to offset the 20% excise tax imposed by the Internal Revenue Code and any additional taxes on this payment.

In connection with their retirement as employees of the Company effective February 11, 1994, the Company entered into special retirement arrangements with Stephen P. Mosling and J. Peter Mosling, Jr., who continue to serve as Directors of the Company. Those arrangements include (i) supplemental retirement payments after age 55 in an amount equal to \$25,000 per calendar year; and (ii) entitlement, at the Company's expense and until age 65, to the standard medical and life insurance coverage that the Company offers to salaried employees.

REPORT OF THE HUMAN RESOURCES COMMITTEE

The Board of Directors and its Human Resources Committee ("HR Committee")

Edgar Filing: OSHKOSH TRUCK CORP - Form DEF 14A

have responsibility for executive officer compensation. The objectives of the Board and the HR Committee are to structure this compensation so as to align the interests of the executives and our shareholders, through the use of stock-based compensation plans, in order to generate profitable growth and increase shareholder value. In further support of these objectives, the HR Committee links compensation to the achievement of goals and objectives for each executive that are established annually by the HR Committee. At the same time, the HR Committee endeavors to provide executive compensation that will continue to enable us to attract, retain and motivate high-quality executives.

14

The HR Committee, which is made up entirely of non-management directors, oversees the compensation practices of the Company. It reviews and recommends the compensation of Mr. Bohn, as Chairman, President and Chief Executive Officer, subject to the approval of the other non-management directors of the Board. The HR Committee reviews and approves the compensation of the other executive officers of the Company. In fiscal 2002, the Board did not modify or reject in any material way the recommendations of the HR Committee.

The practice of the Company with respect to executive officer compensation is to place a significant part of total compensation at risk and related to the financial performance of the Company. For fiscal 2002, the risk component of executive officer compensation was based upon earnings performance and a comparative return on invested capital performance. For the Named Officers other than Messrs. Bohn, Hollowell and Lanzdorf, a target bonus of 45% of base salary was set at achievement of pre-established target levels of earnings per share and relative performance of return on invested capital against a comparator group. Bonuses could have been increased up to a maximum of 90% of base salary upon achievement of material increases over those target levels. Bonuses also could have been reduced to a threshold of 22.5% of base salary in the event that earnings per share and return on invested capital did not meet those target levels, but did meet pre-established minimum levels for the year. For Mr. Bohn, the respective percentages of base salary for target, minimum and maximum bonus potential at those respective levels of Company performance were 75%, 37.5% and 150%. For Messrs. Hollowell and Lanzdorf, the respective percentages were as for the Named Officers other than Mr. Bohn, but there also were pre-established target levels of operating earnings of the Company's Defense business and the Company's U.S. Commercial business, respectively.

The Company measures the competitiveness of its executive officer compensation against industrial companies of a similar revenue size. For assistance in its oversight of executive officer compensation, the HR Committee reviews surveys of executive compensation databases and periodically retains the services of independent consultation services. To gauge competitive practices, the HR Committee has sought the advice of Towers Perrin, an executive compensation consulting firm, in each of the past five years.

The most important components of executive officer compensation at the Company are base salary, performance based annual incentives and long-term incentives, which include stock options.

BASE SALARY

The HR Committee has established executive base salaries within the competitive range of salaries paid to other companies' executives with similar management responsibilities based on the survey data referred to above. To determine individual annual base salary levels, the HR Committee reviews each executive's performance and accomplishments during the prior year as well as experience and service with the Company. The HR Committee also takes into account overall Company performance and profitability and, where applicable, the

Edgar Filing: OSHKOSH TRUCK CORP - Form DEF 14A

performance of that part of the business of the Company for which an executive officer is responsible. In 2002, base salaries for executive officers, as a group, were at or near the median of competitive salaries.

ANNUAL INCENTIVE AWARDS

Executive officers are eligible for annual cash bonuses under the Company's Incentive Compensation Plan. Specific performance objectives are established annually at the time that the budget for the next fiscal year is established. For fiscal 2002, the performance measures that were established for executive officers other than Messrs. Hollowell and Lanzdorf were an earnings per share goal and a return on invested capital goal (each weighted 50%). For Messrs. Hollowell and Lanzdorf, the performance measures were the same earnings per share (weighted 25%) and return on invested capital (weighted 50%) goals as for the other Named Officers, plus a business unit operating income goal (weighted 25%) for the Company's Defense business and U.S. Commercial business, respectively.

15

Each executive officer is assigned threshold, target and maximum bonus award opportunities. The HR Committee believes that these opportunities are competitive with respect to industrial companies of similar revenue size. In fiscal 2002, the Company exceeded its earnings per share and return on invested capital maximums. As such, maximum bonuses were granted and paid.

LONG TERM INCENTIVE COMPENSATION

The Company uses two kinds of long-term performance-based incentives: stock options and, occasionally, restricted stock awards. These are provided under the Company's 1990 Incentive Stock Plan. The objectives of this Plan are to encourage the long-term growth and performance of the Company and to encourage and facilitate ownership of Company stock by those highly compensated employees for whom a personal commitment to long-term shareholders is most important.

The HR Committee grants stock options to executive officers after consideration of levels of grants for similar officers in industrial companies of a comparable revenue size and as reported in studies by independent compensation consultants. Individual grants are based upon the executive's position, level of responsibility, past contributions to the success of the Company, and the potential of each executive to contribute to the future success of the Company.

2002 CHIEF EXECUTIVE OFFICER COMPENSATION

The HR Committee reviews and recommends the compensation of Mr. Bohn, Chairman, President and Chief Executive Officer of the Company, subject to the approval of the directors of the Company other than Mr. Bohn, all of whom are non-management directors. As discussed in the Base Salary section above, the salaries for executive officers are set within competitive ranges paid by other industrial companies. In setting Mr. Bohn's base salary for fiscal 2002, the Committee considered the competitive data available for similarly situated chief executive officers; the minimum base salary under Mr. Bohn's employment agreement with the Company; the Company's success in meeting its 2001 earnings objectives; and Mr. Bohn's specific contributions to the success and increased value of the Company. The base salary level established for Mr. Bohn in fiscal 2002 was positioned within the median of salaries paid to chief executive officers in companies with similar revenues in the executive compensation database used by the Company.

As discussed in the Annual Incentive Awards section above, cash bonuses are

Edgar Filing: OSHKOSH TRUCK CORP - Form DEF 14A

based, and paid, on successful achievement of performance measures established annually by the Committee. During fiscal 2002, these measures were an earnings per share goal and a return on invested capital goal. Each of the two goals is weighed equally. Mr. Bohn exceeded the maximum goal for both earnings per share and return on invested capital. Accordingly, Mr. Bohn was awarded a bonus of \$1,065,000 for fiscal 2002.

Based upon a review of his responsibilities, contributions to the success of the Company, expected contributions to the future success of the Company, as well as an analysis of the total compensation structures for chief executive officers of other industrial companies, on September 16, 2002, the HR Committee awarded Mr. Bohn 100,000 stock options at an exercise price of \$58.76 per share and 50,000 restricted shares of Common Stock of the Company that will vest 100% on September 16, 2008, subject to Mr. Bohn's continued employment with the Company.

CODE SECTION 162(M)

Section 162(m) of the Internal Revenue Code limits the Company's income tax deduction for compensation paid in any taxable year to certain executive officers to \$1,000,000, subject to several exceptions. It is the policy of the HR Committee that the Company should use its best efforts to cause any compensation paid to executives in excess of such dollar limit to qualify for such exceptions and, therefore, to continue to be deductible by the Company. In particular, the 1990 Plan, as amended in 2001, was designed to permit awards made under it to qualify for the Code's exception for "performance-based compensation." The HR Committee determined that it could not structure the restricted

16

stock grants to Messrs. Bohn and Szews to both accomplish the HR Committee's objectives and satisfy the relatively inflexible Section 162(m) requirements. Accordingly, the HR Committee elected to structure the grants to accomplish those objectives though doing so could result in a limit on the amount that the Company may deduct in respect of the grants.

CONCLUSION

The HR Committee believes that these components of the executive compensation program provide compensation for executive officers that is competitive with that offered by corporations with which the Company competes for retention of executive excellence. Further, and particularly with the incentive compensation component, the HR Committee believes executive management incentive is better aligned with interests of the shareholders and these incentives will motivate executives for the longer term challenges with which the Company is faced.

The reports of Arthur Andersen LLP on the Company's financial statements for the fiscal years ended September 30, 2001 and 2000 did not contain an adverse opinion, disclaimer of opinion or qualification or modification as to uncertainty, audit scope or accounting principles. During the fiscal

years ended September 30, 2001 and 2000 and during the subsequent interim period, there were no disagreements with Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures.

The independent auditors for the Company for fiscal 2003 will be formally approved in May, 2003.

Representatives of Deloitte & Touche LLP will be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so and to respond to appropriate questions.

BOARD OF DIRECTORS
AUDIT COMMITTEE CHARTER
EFFECTIVE NOVEMBER 19, 2002

PURPOSE

The Audit Committee shall provide assistance to the Company's Board of Directors in fulfilling those responsibilities to the Company's shareholders which relate to the quality and integrity of the corporate accounting and financial reporting practices of the Company and compliance with legal and regulatory requirements. In so doing, it is the responsibility of the Audit Committee to maintain free and open communication between and among the directors, the independent auditors, the internal auditors, the independent outside counsel and the financial and operating management of the Company. The Audit Committee shall meet at least quarterly and otherwise as the members of the Audit Committee deem appropriate.

MEMBERSHIP

The Audit Committee of the Board of Directors shall consist of not less than three members, including the chair, who meet the independence and experience requirements of the Securities and Exchange Commission (the "SEC") and the New

Edgar Filing: OSHKOSH TRUCK CORP - Form DEF 14A

York Stock Exchange (the "NYSE") as and when necessary.

The members and chair of the Audit Committee will be appointed by the Board of Directors at the Board meeting following each Annual Shareholders' Meeting.

RESPONSIBILITIES

In carrying out its responsibilities, the Audit Committee believes its policies and procedures should be flexible enough to react to changing conditions and to be able to assure the Board of Directors and the shareholders of the Company that the accounting and financial reporting practices of the Company are in accordance with all applicable legal and accounting requirements and that they are consistently maintained at the highest quality standards.

In carrying out its responsibilities, the Audit Committee will:

1. Obtain the Board of Directors' approval of this Charter, reassess this Charter as conditions dictate (at least annually) and seek the Board of Directors' approval of all amendments to this Charter.
2. Evaluate and recommend annually to the Board of Directors the selection, and where appropriate, the replacement, of the independent auditors of the financial statements of the Company.
 - Evaluate the lead audit partner and the audit staff. In making this evaluation, the Audit Committee should also take into account the opinions of management and the Company's internal auditors.
 - Assure the rotation of the lead or coordinating audit partner every five years or as otherwise required by law or regulations.
 - Obtain and review from the independent auditors, on an annual basis, a report describing the independent auditors' internal quality control procedures and any material issues raised by the most recent internal quality control review, or peer review, of the auditing firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, with respect to independent audits carried out by the auditing firm, and any steps taken to deal with any such issues.

A-1

The independent auditors shall have ultimate accountability to the Audit Committee, the Board of Directors and the shareholders of the Company. The Audit Committee shall be directly responsible for resolving any disagreements between the independent auditors and management.

3. Approve in advance the types and the extent of non-audit services that management plans to engage the independent auditors to perform and approve in advance all compensation paid to the independent auditors. All engagements for allowed non-audit services shall be disclosed by the Audit Committee as required by law. The Audit Committee shall not permit or approve the independent auditors to perform prohibited services as defined in SEC regulations.
4. Obtain from the independent auditors, on an annual basis, a written statement delineating all relationships between the independent auditors and the Company, consistent with Independence Standards Board Standard 1 and other applicable rules and regulations. The Audit Committee shall actively engage in a dialogue with the independent auditors with respect to any disclosed relationships or services that may impact the objectivity and

Edgar Filing: OSHKOSH TRUCK CORP - Form DEF 14A

independence of the independent auditors and shall take, or recommend that the Board of Directors take, appropriate action to correct or oversee the independence of the independent auditors.

5. Meet with the independent auditors and financial management to review the scope of the proposed annual audit and the audit procedures to be utilized and the scope of timely quarterly reviews for the current year.
6. Conduct a meeting in person or by conference call with the Company's Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer, together with representative(s) of the Company's independent auditors, in advance of the quarterly earnings conference call with shareholders, analysts, rating agencies and debt investors. Review and discuss the quarterly financial results, material quarterly adjustments and earnings guidance to be announced just prior to the earnings conference call. Make inquiries whether there have been any material changes in the Company's financial condition or results of operations which would require Form 8-K disclosure. The Audit Committee may discuss this information generally, including the types of information to be disclosed and the type of presentation to be made. These discussions need not be carried out in advance of each instance in which the Company provides routine financial information or earnings guidance.
7. Review periodically with the independent auditors, internal auditors and financial and accounting personnel, the adequacy and effectiveness of the disclosure controls and procedures and the accounting, financial and operating controls of the Company. Particular emphasis should be given to the adequacy of such internal controls to expose any payments, transactions or procedures that might be deemed illegal, misleading or otherwise improper.
8. Review with the internal auditors and financial and operating management, the adequacy and effectiveness of internal controls that assure compliance with all laws and regulations of the United States Department of Defense and other federal government authorities with respect to the performance under federal contracts.
9. Review with management, the internal auditors and the independent auditors, the status of litigation, compliance with environmental laws and regulations and other material contingencies of the Company. Particular emphasis should be given to the adequacy of internal controls to prevent material losses to the Company from litigation, non-compliance with environmental laws and regulations or other matters, as well as the adequacy of the accounting for, and disclosure of, such contingencies in the Company's financial statements and regulatory reporting.
10. Discuss the Company's guidelines and policies with respect to risk assessment and risk management, although the Company's management, and not the Audit Committee, shall be responsible for assessing and managing the Company's exposure to risk. The Audit Committee should discuss the Company's major financial risk exposures and the adequacy of the steps that the Company has taken to monitor and control such exposures.

- Review with management and the independent auditors whether there have been any changes in or adoption of accounting principles and discuss any other matter required to be communicated to the Audit Committee by the independent auditors.
 - Obtain from the independent auditors reports regarding all critical accounting policies and practices and all critical judgments and estimates to be used by the Company; reports regarding all alternative treatments of financial information within generally accepted accounting principles that have been discussed with Company's management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditors; other material written communications between the independent auditors and Company's management (e.g. management letter and schedule of unadjusted differences); and all other communications required by law.
 - Review with management and the independent auditors their judgments about the quality and acceptability of critical accounting principles and the clarity of the financial disclosure practices used or proposed to be used, and particularly the degree of aggressiveness or conservatism of the Company's accounting practices and principles and underlying estimates, including the report provided by independent auditors under Section 10A(k) of the Securities Exchange Act.

16. Review with the CEO and CFO the contents of the periodic CEO and CFO certification statements required by the SEC and NYSE in advance of their filing. Make inquiries of the CEO, CFO and other managers to assess the quality of the due diligence performed by management in advance of such certifications.
17. Establish and maintain procedures for handling complaints received by the Company regarding accounting, internal control, auditing and legal issues. Establish and maintain procedures to assure open access to the Audit Committee and to review submissions by employees of the Company regarding questionable accounting, internal control, auditing or legal issues.
18. Oversee the internal audit function of the Company including its independence, responsibilities, competence, the proposed audit plans for the coming year, the coordination of such plans with the independent auditors, the quality and timeliness of internal audit activities and the budget and staffing of the internal audit function.
19. Receive and review prior to each meeting, a summary of findings from completed internal audits and a status report on the annual internal audit plan, with explanations for any deviations from the original plan. At its discretion, the Audit Committee may seek copies of particular internal audits. All deviations from the original internal audit plan shall be approved in advance by the Audit Committee.
20. Review annually the adequacy and competency of the outside professional firm engaged to perform the Company's internal audit function and, as necessary, make appropriate recommendations to the Board of Directors to replace the outside firm. The outside internal audit firm shall have ultimate accountability to the Audit Committee and the Board of Directors.
21. Provide a regular and sufficient opportunity for the internal and independent auditors to meet separately with the Audit Committee without members of management present. Among the items to be discussed in these meetings are the internal and independent auditors' evaluation of the performance and capabilities of the Company's financial, accounting, information systems and legal personnel; the cooperation that the internal and independent auditors received during the course of their audits; any audit problems or difficulties, including any restrictions on the scope of the independent auditors' activities or access to requested information, any significant disagreements with management and management's response to all such difficulties; whether the independent auditors were satisfied with the quality and integrity of the financial statements, whether any officers or directors attempted to take or took action to coerce, manipulate, mislead or fraudulently influence them in the conduct of their audit engagement and such other matters as the Audit Committee may choose.
22. Review with the Chief Financial Officer, at least annually, the capabilities and performance of key members of the corporate finance and accounting organization, as well as at the principal business units of the Company.

27. Include a copy of the then current Audit Committee Charter as an appendix to the Company's annual proxy statement at least once every three years, or more frequently if substantive changes are made to the Charter.
28. Establish clear hiring restrictions and policies for current or former employees of the independent auditors.
29. Conduct annually a self-assessment of its performance during the previous year. In addition, from time to time, the Board of Directors may conduct a similar assessment of the Audit Committee. The purpose of these assessments is to increase the effectiveness of the Audit Committee and its members. Compliance with the responsibilities listed in this Charter shall form the principal criteria for such assessments, as well as such other factors and circumstances as are determined appropriate by the Audit Committee or the Board of Directors.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles.
