Item 1.01. Entry Into a Material Definitive Agreement

During late November 2007, a wholly owned subsidiary of CabelTel International Corporation (the Company or the Registrant or the Issuer) entered into an arrangement with Eurenergy Arkansas LLC, a Nevada limited liability company (EURARK) to acquire certain leasehold interests in four separate sections of land in the Fayetteville Shale area of Arkansas in exchange for the issuance of a promissory note. Through such arrangement, the subsidiary also acquired two separate options to acquire additional leasehold acreage through August 15, 2008 under a similar arrangement. Assignments of the interests covering 1,712 net acres were made and filed in the county records through January 15, 2008. The Company and its subsidiary intend to, subject to the availability of funds, develop such acreage through drilling of one or more exploratory wells on the property acquired. The acquisition price was \$4,000 per net acre payable on December 31, 2010 with interest at 9.5% per annum. The two separate options to acquire additional acreage cover leasehold interests on 1,815 net acres and 583 net acres in the same county in Arkansas at the same price of \$4,000 per net acre.

There is no material relationship between the Company and EURARK (other than in respect of the arrangement described above); however, the Company receives a monthly fee for providing certain limited bookkeeping services to, and making office space available to personnel of, EURARK's parent entity, Eurenergy Resources Corporation, a Nevada corporation (ERC). The arrangement is provided by the Company on a cost reimbursement basis of \$15,000 per month on a month-to-month basis. Also in July 2006, the Company made a \$1,377,000 unsecured loan to ERC . Such loan bears interest at 8% per annum and is currently payable within 30 days after demand for payment is made. The Company has previously reported such loan in a note to the financial statements for December 31, 2006 which noted that ERC is a company that is 20% owned by an entity that may be deemed to be related to the Company. Such loan was made at an interest rate in excess of the rate the Company could obtain on invested funds from other investments and was approved by the full Board of Directors of the Company at a meeting held in July 2006.
