PROXY STATEMENT

For Annual Meeting of Stockholders

To be Held on May 6, 2008

GENERAL

The accompanying proxy is solicited by the Board of Directors (the Board or the Board of Directors) of Encore Wire Corporation (the Company or Encore Wire or Encore) for use at the annual meeting of stockholders of the Company to be held at the time and place and for the purposes set forth in the foregoing notice. The approximate date on which this proxy statement and the accompanying proxy are first being sent to stockholders is March 28, 2008.

The cost of soliciting proxies will be borne by the Company. The Company may use certain of its officers and employees (who will receive no special compensation therefor) to solicit proxies in person or by telephone, facsimile, telegraph or similar means.

Proxies

Shares entitled to vote and represented by a proxy in the accompanying form duly signed, dated and returned to the Company and not revoked, will be voted at the meeting in accordance with the directions given. If no direction is given, such shares will be voted for the election of the nominees for directors named in the accompanying form of proxy and in favor of the other proposals set forth in the notice. Any stockholder returning a proxy may revoke it at any time before it has been exercised by giving written notice of such revocation to the Secretary of the Company, by filing with the Company a proxy bearing a subsequent date or by voting in person at the meeting.

Voting Procedures and Tabulation

The Company will appoint one or more inspectors of election to conduct the voting at the meeting. Prior to the meeting, the inspectors will sign an oath to perform their duties in an impartial manner and to the best of their abilities. The inspectors will ascertain the number of shares outstanding and the voting power of each share, determine the shares represented at the meeting and the validity of proxies and ballots, count all votes and ballots and perform certain other duties as required by law. The inspectors will tabulate the number of votes cast for or withheld as to the vote on each nominee for director and the number of votes cast for, against or withheld, as well as the number of abstentions and broker non-votes, as to the proposal to ratify the appointment of the auditors.

Quorum and Voting Requirements

The only voting security of the Company outstanding is its Common Stock, par value \$0.01 per share. Only the holders of record of Common Stock at the close of business on March 7, 2008, the record date for the meeting, are entitled to notice of, and to vote at, the meeting. On the record date, there were 23,140,202 shares of Common Stock outstanding and entitled to be voted at the meeting. A majority of such shares, present in person or by proxy, is necessary to constitute a quorum. Each share of Common Stock is entitled to one vote. Abstentions and broker non-votes are counted as present at the meeting for purposes of determining whether a quorum exists. A broker non-vote occurs when a broker or other nominee returns a proxy but does not vote on a particular proposal because the broker or nominee does not have authority to vote on that particular item and has not received voting instructions from the beneficial owner.

Election of Directors. Directors are elected by a plurality of the votes of the shares of Common Stock present or represented by proxy at the meeting and entitled to vote on the election of directors. This means that the nominees receiving the highest number of votes cast for the number of positions to be filled will be elected. Cumulative voting is not permitted. Therefore, the six nominees who receive the most votes will be elected. Under Delaware law and the Company's Certificate of Incorporation and Bylaws, abstentions and broker non-votes will have no effect on voting on the election of directors, provided a quorum is present.

Ratification of Appointment of Independent Auditors. The proposal to ratify the appointment of auditors will be approved by a vote of a majority of the holders of shares of Common Stock having voting power present in person or represented by proxy. An abstention with respect to such proposal will therefore effectively count as a vote against such proposal. A broker non-vote or other limited proxy as to the proposal to ratify the auditors will be counted

towards a meeting quorum, but such broker non-vote cannot be voted on such proposal and therefore will not be considered a part of the voting power with respect to the proposal. This has the effect of reducing the number of stockholder votes required to approve that proposal.

**PROPOSAL ONE
ELECTION OF DIRECTORS**

The business and affairs of the Company are managed by the Board of Directors, which exercises all corporate powers of the Company and establishes broad corporate policies. Report of the Audit Committee

To the Stockholders of Encore Wire Corporation:

The Audit Committee of the Board of Directors oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial reporting process including the Company's system of internal controls, and the preparation of the Company's consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent auditors are responsible for auditing those financial statements. The Audit Committee's responsibility is to monitor and review these processes. It is not the Audit Committee's duty or responsibility to conduct auditing or accounting reviews or procedures. Members of the Audit Committee are not employees of the Company and may not represent themselves to be or to serve as accountants or auditors by profession or experts in the fields of accounting or auditing. As a result, the Audit Committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and on the representations of the independent auditors included in their report on the Company's financial statements.

In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements in the Company's Annual Report referred to below, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. The Audit Committee has discussed with the independent auditors the matters required to be discussed by the statement on Auditing Standards No. 61, as amended. The Audit Committee has also discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures and letter received from the independent auditors as required by the Independence Standards Board Standard No. 1, and has discussed the independent accountant's independence and considered the compatibility of non-audit services with the auditors' independence.

The Audit Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations.

Furthermore, the considerations and discussions with management and the independent auditors do not assure that the

Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards or that the Company's independent accountants are in fact independent.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audits. The Audit Committee has met with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. In addition, the

Table of Contents

Audit Committee met with management during the year to review the Company's Sarbanes-Oxley Section 404 compliance efforts related to internal controls over financial reporting. The Audit Committee held seven meetings during fiscal year 2007.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2007 for filing with the Securities and Exchange Commission. The Audit Committee and the Board have also recommended the selection of Ernst & Young LLP as the Company's independent auditors.

The above report of the Audit Committee and the information disclosed above related to Audit Committee independence under the heading Board Independence shall not be deemed to be soliciting material or to be filed with the SEC or subject to the SEC's proxy rules or to the liabilities of Section 18 of the Securities Exchange Act of 1934 (the Exchange Act), and such information shall not be deemed to be incorporated by reference into any filing made by the Company under the Exchange Act or under the Securities Act of 1933 (the Securities Act).

Code of Business Conduct and Ethics

In connection with the Company's long-standing commitment to conduct its business in compliance with applicable laws and regulations and in accordance with its ethical principles, the Board of Directors has adopted a Code of Business Conduct and Ethics applicable to all employees, officers, directors, and advisors of the Company. The Code of Business Conduct and Ethics of the Company is available under the Investor Relations Corporate Governance section of the Company's website at www.encorewire.com, and is incorporated herein by reference.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

This Compensation Discussion and Analysis section addresses the following topics: (i) the members and role of the compensation committee (the Compensation Committee); (ii) our compensation-setting process; (iii) our compensation philosophy; (iv) the components of our executive compensation program; and (v) our compensation decisions for fiscal year 2007.

Throughout this proxy statement the individuals whose compensation is reported in the Summary Compensation Table are referred to as the named officers. In this Compensation Discussion and Analysis section, the terms, we, us, and the Committee refer to the Compensation Committee.

The Compensation Committee

Committee Members and Independence

John H. Wilson (Chairman), Scott D. Weaver, Thomas L. Cunningham and William R. Thomas III are the current members of the Compensation Committee. Mr. Wilson, who has served on the Board of Directors from 1989 until May 1993 and since May 1994, is the Committee Chairman. Each member of the Committee qualifies as an independent director under NASDAQ listing standards.

Role of the Committee

The Compensation Committee administers the compensation program for the named officers and certain key employees of the Company and makes all related decisions. The Committee also administers the Company's employee stock option plan. The Committee ensures that the total compensation paid to the named officers is fair, reasonable and competitive. The Compensation Committee did not retain compensation advisors during 2007, nor has it done so in the past. We operate under a written charter adopted by the Board. The charter is available at www.encorewire.com. The fundamental responsibilities of our Committee are:

to review at least annually the goals and objectives and the structure of the Company's plans for executive compensation, incentive compensation, equity-based compensation, and its general compensation plans and employee benefit plans (including retirement and health insurance plans);

Table of Contents

to evaluate annually the performance of the Chief Executive Officer in light of the goals and objectives of the Company's executive compensation plans, and to determine his or her compensation level based on this evaluation;

to review annually and determine the compensation level of all officers and certain key employees of the Company, in light of the goals and objectives of the Company's executive compensation plans;

in consultation with the Chief Executive Officer, to oversee the annual evaluation of management of the Company, including other executive officers and key employees of the Company;

periodically, as the Committee deems necessary or desirable and pursuant to the applicable equity-based compensation plan, to grant, or recommend that the Board grant, equity-based compensation awards to any officer or employee of the Company for such number of shares of Common Stock as the Committee, in its sole discretion, shall deem to be in the best interest of the Company; and

to review and recommend to the Board all equity-based compensation plans.

Committee Meetings

The Compensation Committee meets as often as necessary to perform its duties and responsibilities. We held four meetings during fiscal 2007 and have held three meetings so far during fiscal 2008. We typically meet with the Chief Executive Officer. We also meet in executive session without management.

The Compensation-Setting Process

We meet in executive session each year to evaluate the performance of the named officers and certain key employees, to determine their incentive bonuses for the prior fiscal year, to set their base salaries for the next calendar year, and to consider and approve any grants to them of equity incentive compensation.

Although many compensation decisions are made in the fourth quarter, our compensation planning process continues throughout the year. Compensation decisions are designed to promote our fundamental business objectives and strategy. Business and succession planning, evaluation of management performance and consideration of the business environment are year-round processes.

Management plays a significant role in the compensation-setting process. The most significant aspects of management's role are:

evaluating employee performance; and

recommending salary levels and option awards.

The Chief Executive Officer also participates in Compensation Committee meetings at the Compensation Committee's request to provide:

background information regarding the Company's strategic objectives;

his evaluation of the performance of the named officers and other key employees; and

compensation recommendations as to the named officers (other than himself).

Executive Compensation Philosophy

The Company believes in rewarding executives based on individual performance as well as aligning the executives' interests with those of the stockholders with the ultimate objective of improving stockholder value. To that end, the Committee believes executive compensation packages provided by the Company to its executives should include both cash and stock-based compensation that reward performance.

The Compensation Committee seeks to achieve the following goals with the Company's executive compensation programs: to attract, retain and motivate key executives and to reward executives for value creation. The individual judgments made by the Compensation Committee are subjective and are based largely on the Compensation Committee's perception of each executive's contribution to both past performance and the long-term growth potential

of the Company.

At the core of our compensation philosophy is our guiding belief that pay should be linked to performance, and several factors

Table of Contents

underscore that philosophy. First, a substantial portion of executive officer compensation is determined by each executive officers' contribution to the Company's profitability. Next, we do not have any employment, severance or change-in-control agreements with any of our executive officers. Finally, we do not believe in discounted stock options, reload stock options or re-pricing of stock options.

The Committee believes that total compensation and accountability should increase with position and responsibility. Consistent with this philosophy, total compensation is higher for individuals with greater responsibility and greater ability to influence the Company's targeted results and strategic initiatives. As position and responsibility increases, a greater portion of the named officer's total compensation is performance-based pay.

In addition, our compensation methods focus management on achieving strong annual performance in a manner that supports and encourages the Company's long-term success and profitability. We believe that stock options issued under the Company's stock option plans create long-term incentives that align the interests of management with the interests of long-term stockholders.

Finally, while the Company's overall compensation levels must be sufficiently competitive to attract talented leaders, we believe that compensation should be set at responsible levels. Our executive compensation programs are intended to be consistent with the Company's cost control strategies.

2007 Compensation

This section describes the compensation decisions that were made with respect to the named officers for fiscal 2007.

Executive Summary

In fiscal 2007 and the first quarter of fiscal 2008, we continued to apply the compensation principles described above in determining the compensation of our named officers. In summary, the compensation decisions made for fiscal 2007 for the named officers were as follows:

We increased base salaries for Daniel L. Jones, Chief Executive Officer, and Frank J. Bilban, Chief Financial Officer.

We decreased cash incentive (bonus) payments to all named officers.

We did not grant any stock options to the named officers.

The Committee determined that the Chief Executive Officer and Chief Financial Officer continued to successfully position the Company to take advantage of improved economic conditions in the U.S. construction industry. The Committee increased the salaries of the Chief Executive Officer and Chief Financial Officer to reflect this success and to reflect the Committee's determination, based on the Committee members' opinions and personal experiences, that an increase was warranted to make the salaries of the Chief Executive Officer and the Chief Financial Officer commensurate with executive officers in similar positions with similar companies. The Committee also awarded cash incentive bonus payments to reflect each named officer's contributions, however, due to the decrease in profitability in fiscal 2007, the total amounts awarded in 2007 decreased from those awarded in 2006.

Base Salary

In determining base salaries, we consider the executive's qualifications and experience, scope of responsibilities, the goals and objectives established for the executive, the executive's past performance, internal pay equity, the tax deductibility of base salary and cash incentive payments and the extent to which the company's earnings were affected by the executive's actions. The relative amounts of the base salary and bonus of our Chief Executive Officer and Chief Financial Officer are set at levels so that a significant portion of the total compensation that such executive can earn is performance-based pay.

Base salary is largely determined based on the subjective judgment of the Committee without the use of a formula, taking into account the factors described above. In determining the base salary of the named officers, the Committee periodically determines an applicable peer group and refers to surveys of compensation data for similar positions with similar companies.

The Committee set the Chief Executive Officer's base salary for fiscal 2007 at \$433,333, an 8.3% increase from fiscal 2006, and the Chief Financial Officer's base salary for fiscal 2007 at \$200,000, an 11.1% increase from fiscal 2006. In fiscal 2006, the Chief Executive Officer's base salary was \$400,000, and the Chief Financial Officer's base salary was

\$180,000. Prior to 2006, neither the Chief Executive Officer nor the Chief Financial Officer had received a base salary increase since January 1, 2004. The Committee maintained the other named officers' salaries at the same rate as in fiscal 2006.

Table of Contents

Cash Incentive

Cash incentive bonus payments are discretionary, based primarily on each named officer's contribution to the Company's profitability over the applicable performance measurement periods. The Committee believes that profitability is the most useful measure of management's effectiveness in creating value for the stockholders of the Company. No specific formula is used in making such bonus determinations.

The Chief Executive Officer received a cash incentive payment for fiscal 2007 totaling \$360,000, and the Chief Financial Officer received a cash incentive payment for fiscal 2007 totaling \$120,000. The bonuses of the Chief Executive Officer and Chief Financial Officer, respectively, decreased from \$450,000 and \$150,000 in fiscal 2006. The bonuses paid to the other named officers also decreased from 2006.

Equity Incentive

The Company's named officers are eligible to receive performance-based stock options granted under the Encore Wire Corporation 1999 Stock Option Plan, as amended and restated (as more fully described in Note 6 to the Consolidated Financial Statements of the Company's Annual Report on Form 10-K for the year ended December 31, 2007 and incorporated herein by reference). The Company grants all stock options based on the fair market value as of the date of grant. The exercise price for stock option grants is determined by reference to the closing price per share on the NASDAQ Stock Market at the close of business on the date of grant. Other than the stock option plan described above, the Company does not have any other equity incentive plans currently in place.

Option awards under the option plan discussed above are made at regular or special Compensation Committee meetings. The effective date for such grants is the date of such meeting. The Company may also make grants of equity incentive awards at the discretion of the Compensation Committee or the board of directors in connection with the hiring of new executive officers and other employees.

In determining the number of options to be granted to executives and the frequency of option grants, the Compensation Committee takes into account the individual's position, scope of responsibility, ability to affect profitability, the individual's performance and the value of stock options in relation to other elements of total compensation. In addition, since the Company believes that profitability is the most useful measure of management's effectiveness in creating value for the stockholders, the Company's profitability in its industry and over the applicable performance measurement periods is also taken into account when determining the number of options to be granted to executives.

During the 2007 fiscal year, no named officer received an equity incentive award. On December 31, 2007, unexercised options covering 504,476 shares were outstanding under the 1989 Stock Option Plan and the amended 1999 Stock Option Plan combined, and 298,300 shares remained available for future stock option grants under the Company's 1999 Stock Option Plan. At December 31, 2007, the Chief Executive Officer held vested stock options to purchase 262,500 shares having a market value of \$4,179,000 at a cost of \$1,516,250, for a potential gain of \$2,662,750. On the same date, the Chief Financial Officer held vested stock options to purchase 72,000 shares having a market value of \$1,146,240 at a cost of \$457,750, for a potential gain of \$688,490.

Perquisites and Other Personal Benefits Compensation

The Company provides named officers with perquisites and other personal benefits that the Company and the Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions. The Committee periodically reviews the levels of perquisites and other personal benefits provided to named officers. The amounts shown in the Summary Compensation Table under the heading "Other Compensation" represent the value of Company matching contributions to the named officers' 401(k) accounts, the value of certain life insurance benefits and the cost of vehicle leases and country club memberships to the Company. Named officers did not receive any other perquisites or other personal benefits or property.

Accounting for Stock-Based Compensation

Beginning on January 1, 2006, the Company began accounting for stock-based payments, including its 1999 Stock Option Plan, in accordance with the requirements of FASB Statement 123(R).

Table of Contents

Reasonableness of Compensation

After considering the aggregate compensation paid to the named officers in fiscal 2007, the Committee has determined that the compensation is reasonable and not excessive. In making this determination, we considered many factors, including the following:

Including base salaries, cash incentive bonuses and stock options, the total compensation levels for the named officers are reasonable in relation to executives in similar positions with similar companies.

Despite the current industry environment, our high order fill rates, innovative products and low cost structure continue to set industry standards.

The named officers have no severance or change-in-control agreements with the Company.

The section entitled "Equity Compensation Plan Information" appearing in Item 5 of the Company's Form 10-K for the year ending December 31, 2007, sets forth certain information with respect to the Company's equity compensation plan and is incorporated herein by reference.

2007 Director Compensation

		Stock Awards (\$)	Option Award (\$)	Non-Equity Incentive Plan Compensation (\$)	Nonqualified Deferred Compensation (\$)	All Other Compensation (\$)	
Each non-employee director (1)	20,000						20,000

(1) Director fees paid to each director, except Daniel L. Jones, President and CEO of the Company.

Prior to fiscal 2007, directors had not received fees for serving on the Board of Directors or any committee thereof. In the fourth quarter of 2006, the Board of Directors approved Board fees to be paid to all non-employee Directors at the rate of \$5,000 per quarter beginning March of 2007. In addition, the Company reimburses directors for reasonable travel, lodging and related expenses incurred in attending Board and committee meetings.

In consideration of the past services of Vincent A. Rego to the Company since its inception and as compensation for Mr. Rego's future services as a consultant to, and as Chairman Emeritus of the Company, the Compensation Committee, in a special meeting on January 7, 2008, determined to continue Mr. Rego's compensation for the period commencing January 1, 2008 until further review by the Compensation Committee or the Board of Directors at \$15,000 per month, payable in accordance with the payroll practices of the Company.

Potential Payments upon Termination or Change-in-Control

Upon a Change in Control, all outstanding stock options under the 1999 Stock Option Plan will become fully exercisable. For the purposes of the 1999 Stock Option Plan, a Change in Control occurs in any one of the following circumstances:

any person shall have become the beneficial owner of or shall have acquired, directly or indirectly, securities of the Company representing 50% or more (in addition to such person's current holdings) of the combined voting power of the Company's then outstanding voting securities without prior approval of at least two-thirds of the members of the Board in office immediately prior to such person's attaining such percentage interest;

the Company is a party to a merger, consolidation, sale of assets, or other reorganization, or a proxy contest, as a consequence of which the members of the Board in office immediately prior to such transaction or event constitute less than a majority of the Board thereafter; or

Table of Contents

during any period of two consecutive years, individuals who at the beginning of such period constituted the Board (including for this purpose any new director whose election or nomination for election by the Company's stockholders was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of such period) cease for any reason to constitute at least a majority of the Board.

Kevin M. Kieffer holds 40,000 unvested stock options with an exercise price of \$37.95. No other named officer holds unvested stock options. Assuming a Change in Control occurred on December 31, 2007 and Mr. Kieffer's stock options vested at the closing market price of \$15.92, Mr. Kieffer would have received no payment or benefit at the time of such Change in Control, because the exercise price would have exceeded the market price. The actual payment or benefit that a named officer may receive upon a Change in Control can only be determined at the time of such Change in Control.

Pension Benefits and Nonqualified Deferred Compensation

The company does not offer any post employment compensation that would be required to be disclosed on the Pension Benefits or Non-qualified Deferred Compensation table.

Compensation Committee Interlocks and Insider Participation

STOCKHOLDER PROPOSALS AND OTHER MATTERS

It is contemplated that the 2009 annual meeting of Stockholders of the Company will take place in April or May of 2009. Stockholder proposals for inclusion in the Company's proxy materials for the 2009 annual meeting of Stockholders must be received by the Company at its offices in McKinney, Texas, addressed to the Secretary of the Company, not less than 120 days in advance of the date that is one year after this proxy statement is first distributed to stockholders; provided, that if the 2009 annual meeting of Stockholders is changed by more than 30 days from the presently contemplated date, then proposals must be received a reasonable time in advance of the meeting.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires directors and officers of the Company, and persons who own more than 10 percent of the Common Stock, to file with the SEC initial reports of ownership and reports of changes in ownership of the Common Stock. Directors, officers and more than 10 percent stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

An initial Form 3 filing for William R. Thomas III reporting that Mr. Thomas did not beneficially own any shares of the Common Stock upon his election as a director and a filing for David K. Smith reporting an exercise of options on shares of Common Stock were filed late as a result of an administrative oversight. To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the year ended December 31, 2007, other than the delinquent filings for Mr. Thomas and Mr. Smith, all of its directors, officers and more than 10 percent beneficial owners complied with all applicable Section 16(a) filing requirements.

ANNUAL REPORT

The Company has provided without charge to each person whose proxy is solicited hereby a copy of the 2007 Annual Report of the Company, which includes the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2007 (including the consolidated financial statements) filed with the SEC. Additional copies of the Annual Report may be obtained without charge upon written request to the Company, Encore Wire Corporation, 1329 Millwood Road, McKinney, Texas, 75069, Attention: Corporate Secretary.

OTHER BUSINESS

At the date of this Proxy Statement, the only business that the Board of Directors intends to present or knows that others will present at the meeting is as set forth above. If, however, any other matters are properly brought before the 2008 Annual Meeting, or any adjournment thereof, it is the intention of the persons named in the accompanying form of proxy to vote such proxy on such matters in accordance with their best judgment.

By Order of the Board of Directors
