APPROVAL OF NAME CHANGE

Pursuant to the requirements of NRS 78.385 and 78.390, on April 10, 2008, the members of the Board of Directors of the Company proposed and recommended to the stockholders the Name Change. The proposal is an amendment to the Articles of Incorporation to change the name of the Company to New Concept Energy, Inc. If the proposal had not been adopted by the Majority Stockholders, it would have been necessary for this action to have been considered by the Company's stockholders at a special or annual stockholders meeting convened for at least the purpose of approving the Name Change.

The elimination of the need for a meeting of the stockholders to approve the Name Change is authorized by NRS 78.320, which provides that the written consent of the holders of outstanding shares of voting capital stock having not less than the minimum number of votes which would be necessary to authorize or take the action at a meeting of which all shares entitled to vote on a matter were present and voted, may be substituted for the special meeting. According to NRS 78.390, a majority of the outstanding shares of voting capital stock entitled to vote on the matter is required in order to amend the Company's Articles of Incorporation. In order to eliminate the costs and management time involved in holding a special meeting, and in order to effectuate the Amendment as early as possible, the Board of Directors of the Company decided to utilize the written consent of the Majority Stockholders of the Company.

The Company is a party to a Recission Agreement dated June 1, 2006 which covered the recission of a prior October 2004 transaction and other matters, pursuant to which, among other items, the Company covenanted, that subject to its compliance with all applicable American Stock Exchange rules and federal securities laws, it would in the future change its name to a name that does not include the word Cable or Cabel. The covenant has not yet been fulfilled, but will be satisfied by the approval and implementation of the Name Change.

The Company recently acquired certain interests in oil and natural gas leases which the Company intends to develop utilizing various financing sources. The Board of Directors believes that it is now appropriate to reflect in the name of the Company the Company's pursuit of

opportunities in the natural resources industry. For that reason, the Board of Directors after review of several names, recommended to the Majority Stockholders that the name of the corporation be changed to New Concept Energy, Inc.

On April 16, 2008, the Majority Stockholders, by written consent in lieu of a meeting, approved and authorized the filing of a Certificate of Amendment to the Company's Articles of Incorporation. No further consents, votes or proxies are or were necessary to effect the approval of the Certificate of Amendment to the Company's Articles of Incorporation.

Under Nevada law, any dissenting stockholder is not entitled to appraisal rights with respect to the Certificate of Amendment covering the Name Change, and the Company will not independently provide stockholders with any such right.
